## 20 MORE CALLED.

20 Whites to Leave Saturday. Class One Exhausted

The Fulton County Local Board has orders to call 20 more white men to Camp Taylor. These men are to report at Hickman Friday afternoon and will leave on the early morning train Saturday. The 20 names, plus three alternates of extras, are as follows:

Andrew Ledwitha, Victor, Mont.  
Jack Lee, Hickman  
Herbert Sutton, Fulton  
George W. Hanley, Hickman  
Lynn Wiley, Hickman  
Chordie Jackson, Wingo  
Robert Bruce Fergey, Hickman  
Raymond O. Williams, Fulton  
Win. Carl Bradley, Hickman  
Clarence St. Clair, Nashville  
Melie Bradley, Hickman  
Aneil Toyor, Hickman  
Ed Fitzgerald, Army, Miss.  
Jack Hughes, Hickman  
Joe H. Darnell, Hickman  
Wm. Albert Searce, Cayce  
Jas. A. Williams, Fulton  
Willie J. Shepard, Fulton  
Oscar Clineburn Fortner, Fulton  
John Wm. Evans, Mayfield  
Burnie Dalton, Fulton  
Gilbert B. Ward, Hickman  
John Moran, Hickman

This quota exhausts the list of Class 1 men under the old registration; in fact, the last six named are boys who registered in 1913—the new 21 year old class—and all future quotas must be drawn from their number. The total registration of the 1918 class in the county amounted to 124 and this does not take account of those who are unfit or for various reasons fail to qualify as class 1 men. It is therefore apparent this class of men soon be exhausted and the quota for the next class will have to be taken from the 1918 class.

White men, who had signed up for pending. This left six names for the supply from the 1918 class, Willie Shepard of Fulton, and the last three names on the list are alternate and will not have to leave Saturday, unless three others fail to report.

## 22 REGISTER.

20 Whites and 2 Negroes in County Become 21 Since Jan. 1st.

Pursuant to an order from Gen. Crowder, requiring all men reaching the age of 21 since June 30, 1917, to register Saturday for military service, 22 Fulton county boys registered with the local board at Hickman. Their names and addresses are as follows:

- Walter Chambers, Jones
- Weldon Swayne Benish, Hickman
- Herman Madding, Fulton
- Elmer Bunyon Conner, Hickman
- James Henry Briggs, Hickman
- Lawrence E. Wallace, Jordan
- Galen G. Crawford, Hickman
- Martin Lovell Parikh, Fulton
- Erwin Bard, Fulton
- Henry Frederik Fuba, Hickman
- Virgil Lee Kemp, Hickman
- Herbert Ward, Fulton
- Goldy B. Butterworth, Fulton
- Robert Hargrove, State Line
- John Hugh Moran, Hickman
- George Lewis Anderson, Hickman
- Lee Ford, No. 8 Island
- Marshall Green, Hickman
- Jim Brown, Hickman
- Willie L. Taylor, State Line
- Houston Thomas, Hickman
- Louise Aunt, Hickman

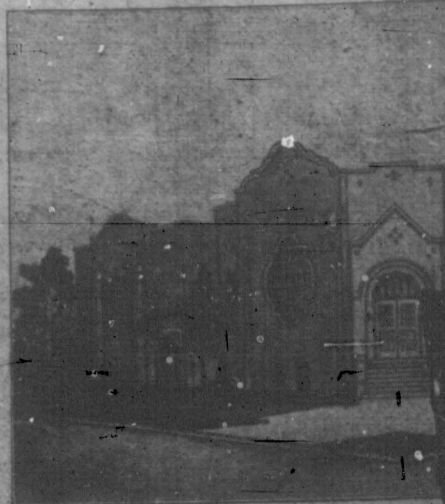

The last two are negroes. Questionnaires have been mailed to the boys this week but serial and order numbers will be assigned later.

Men with legal training, but in the limited service class, are badly needed by the government to act as stenographers. They will be assigned to the Judge Advocate and Provost Marshal General's offices to handle reports, reports, etc. If you fill the bill, here's a chance for you to do your bit.

Walter G. Roberts goes to Augusta, Ark., first of the month to take a position in an oil mill with his brother, Luther Roberts.

W. L. Douglas had in the woods shoes now on display at Hickman.

## WILL LAY CORNERSTONE

Architect's Drawing of New \$18,000 Christian Church.

The cornerstone of the new Christian church will be laid next Sunday evening, with appropriate ceremonies, beginning at 8:30 o'clock. A cordial invitation is extended to everyone to be present. The following program has been arranged:

Hymn  
Prayer—Rev. B. C. Douglas  
Scripture Reading—Rev. H. M. Crain

## ACCIDENTLY SHOT.

One of Campbell Farm, Hickman, Tenn., was shot in the leg between the ankle and knee. The shot was an accident and came from the gun in the hands of Fred Key, little son of Charley Key, of Mayfield. The boys had been sent to a near by house after some eggs and in climbing over a gate a shotgun carried by young Key was accidentally discharged, the contents taking effect in young John's lower limb. The boy was rushed to Mayfield in an automobile. The accident occurred about three or four o'clock Thursday afternoon. He arrived here about 6:30 o'clock and the wound given attention by Drs. Stevens and Hunt. The boy has an ugly wound but is resting well.—Mayfield Messenger.

M. M. Fullos, local insurance agent, has filed his application for active I. M. O. A. work, which, if accepted, may send him overseas.

N. O. Briser left Saturday for Big Sandy, Tenn., to spend a few weeks with home folks.

Miss Lillian Cotten, Commissioner W. R. C. circled a good clerkship with the War Department at Washington, and will leave this week to take up her duties.

Harry Barrett and spent Friday in Chicago.

### NICKNAMES

Singular Names by Which Many Hickmanites are Known.

It is singular how "in the course of human events" men carry through life not only the euphonious names of feminine fancy, selected by themselves from ideal sources and camping them on a part of their lives, but also the nicknames which their friends call them. Father calls us "son," and we call him "Dad," and so it goes. Some friends call them varying degrees of intensity—then you get something entirely new; like the following samples, which apply to well-known Hickman men whom you will doubtless know from the name:

- Big Jug, Colonel, Custard, Huddy, Jack, Sky Pilot, Chalmers, Book, Mc Clint, Zig, Von, Krant, Hardware, Slinger, Trip, Uncle Allen, Lickers, Chief, J. O., Paster, Mule, Baron Bruno, Mollie, Tuck, Major, Old Man, Bottom, Buck, Hands, Dime's Worth, Pig Ankle, Dutch, Chick, Bubba.

### LEMONS MAKE SKIN WHITE, SOFT, CLEAR.

Make this beauty lotion for a few cents and see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, and shake well and you have a whole quart jar of skin and complexion lotion at about the cost one usually pays for a smaller jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons. adv.

### PEERLESS IS WAR

The call of their country's service has been heard by practically all of Great Britain's beautiful and talented actresses. In the front row of these industrial workers in war activities is the princess of White who has been devoting herself to war work since the outbreak of the conflict. She has acted as a nurse, one of the hospital where wounded soldiers are being treated and has been the heart of the workers by her cheer and sympathy. Before the war she was in the very busy career of an actress.

This is said to be sufficient to rid feet of every hard or soft corn callus.

It applies just a few drops on the sore, itching corn or blemished callus and instantly the soreness is relieved, and soon the corn or callus is relieved that it lifts out without pain. It is a sticky substance which when applied and never inflames the skin, irritates the surrounding skin. Its discovery will prevent thousands of deaths annually from lockjaw infection heretofore resulting from the habit of cutting corns.

### OUR PUBLIC SCHOOLS.

It seems that it would be a splendid investment to use a little printer's ink in setting forth the unusual and splendid advantages of our public schools. Whether our boys and girls attend schools of good, bad or indifferent rank, the time and money spent is practically the same; it therefore behooves parents to place their children in schools offering the best opportunities. With modern buildings, fine library, an excellent and practical course of study, a carefully chosen corps of experienced teachers, etc., Hickman schools merit careful consideration on the part of parents looking for a good school. School opens Sept. 9th, with the usual nine months term.

**OTHERS TO BE**

Should Read Mrs. Monahan's Letter Published by Her Permission.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia. I had gained in strength and was able to go around and do all my housework. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. PEARL MONAHAN, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

**DRAFTS AS CLERKS.**

Selective army registrants physically disqualified for immediate military service will be used as clerks in district, local and medical advisory exemption boards, it was announced Thursday.

The Fulton County Board received the official orders from Provost Marshal General Crowder Friday.

The new order was created in view of the large volume of clerical work to be accomplished as the result of the draft age bill now pending in Congress.

Only men physically disqualified and classified in limited service will be selected. They will be made privates and other noncommissioned grades.

**STUDENT-SOLDIERS**

College Students May Enlist and Get Academic and Military Training.

The Students' Army Training Corps is the name given the military organization to be perfected in the college this fall.

All able-bodied students in the college where the corps is organized may enroll or enlist. The enlisted student does not receive pay, because he is on inactive service. He is, however, in the military service of the United States. He may attend camp for six weeks during summer, when he receives pay.

His relation to the draft:

The member of the Students' Army Training Corps is a volunteer in military service. He will, however, register when he reaches the age and upon notice by the President. The draft board will not call him for induction as long as he remains a member of the Students' Army Training Corps.

Not an exemption plan:

This is not a plan for the exemption of college students. The purpose of the plan is to provide for the very important needs of the army for highly trained men as officers, engineers, chemists, doctors, administrators. The plan is an attempt to mobilize and develop the brain power of the young men of the country for those services which demand special training.

The presumption is that, for the next year, the largest proportion of the student body reaching the required age will be used to supply the officers needed for the army. It is understood that at least four or five times as many officers will be required as the total number graduated from all American Colleges and Universities. Enrollment in the S. A. T. C. therefore, while it does not promise an Officer's Commission, is at the present time the plainest road leading in that direction. Enrollment may be cancelled by withdrawal from college.

Opportunity will be given for the enlisted student who so elects, to resign from army in order to be assigned to other service of the various branches of the army.

**MINISTER DAUGHTER**

Had Little Trouble Getting Relief Under Vin Hepatica

Mrs. R. J. ... of Winchester, Tenn., daughter of the well-known evangelist, E. J. Cambron, says this regarding the relief she obtained from her Vin Hepatica:

"I had little trouble almost all my life from stomach trouble. I could eat but few things without suffering agony. I had little hope of ever getting well. My food would not eat for years, and without experiencing any trouble afterwards. Vin Hepatica is a great medicine."

"Right underneath her statement comes the following from her father, E. J. Cambron, the well-known evangelist:

"I think it strange," said he, "that we have not been able to find a medicine that would do the work Vin Hepatica has done. Our daughter's condition was something terrible. My wife and I were blaming ourselves, thinking we had wrecked her life by giving her so much strong medicine while she was a child. We now rejoice over the relief she has gotten from the wonderful Vin Hepatica prescription. She is an entirely different person and we owe our thanks to the doctor who induced her to try this wonderful remedy."

"Come into our store and see Vin Hepatica prescribed by Dr. J. M. ... of ... Ky."

**1,000,000 SHORT.**

Men in Non-Essential Work Will be Put on War Work.

Field agents of the Federal Employment Service in conference announce that there is a shortage in war work of 1,000,000 unskilled laborers and that the reserve of skilled workers is exhausted. The only way in which the needed laborers could be secured was to further curtail the unessentials.

The following has been listed as non-essential and the required number of men of draft age will be taken from these pursuits and placed in the factories:

Automobile industry accessories, drivers of pleasure cars, cleaning, repairing and delivery of same, sight-seeing cars, automobile trucks other than those hauling fuel or doing Government work, teaming other than delivery of products for war work, bath and barber shop attendants, bowling, billiard and pool rooms, bottlers and bottle supplies, candy manufacturers, cigars and tobacco, cleaners and dyers, clothing, confectioners and delicatessen establishments, builders and contractors not engaged in erection of structures for war work, dancing academies, mercantile stores, florists, fruit stands, junk dealers, livery and auto stables, pawn brokers, peanut vendors, shoeing shops, window cleaners, soft drink establishments, soda fountain supplies.

**A FAMILY MEDICINE**

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught, Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acid was washed out. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

"Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit."

"If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result."

"Theodor's Black-Draught has been found a valuable remedy for those troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and clearing the bowels of impurities. Try it. Insist on Theodor's original and genuine. B. B."

The President of the Civil Service Commission recently wired:

"Need for stenographers and typists at Washington grows more acute daily. Increase effort all possible."

The Government and business concerns are short five hundred thousand bookkeepers and stenographers, and are offering beginners salaries never before heard of.

The Government drafted our Civil Service Bookkeeping Set, and about EIGHTY-FIVE per cent of the Government stenographers ...

**A TALK WITH A HICKMAN MAN**

Mr. E. B. Brevard, prop. hardware and Union Sta., Tells Experience.

There is nothing like a fix with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give him an interview with a Hickman man:

"I think my kidneys got out of order from catching cold and my back ached and pained," said Mr. Brevard. "A friend recommended Doan's Kidney Pills and when I had my trouble with my kidneys, I used this medicine. I sure did get good results from Doan's and am glad to say a good word in their praise."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brevard had. Frster-Milburn Co., Mfgs., Buffalo, N. Y.

**SUGAR TO COST MORE.**

Prospects for a slightly higher price for sugar to the consumer in the near future were forecasted by the food administration in announcing that the sugar equalization board, in order to minimize inequalities between prices of the old and new crops, will purchase all sugar at the old price and resell to the holders at the new price. The increase to consumers, it has been said, will not amount to more than a cent a pound.

Neither the exact date on which the new price will become effective, nor what the new price will be has been determined.

**The Quinine That Does Not Affect the Stomach**

Because of its tonic and laxative effect, LAXATIVE BROWN QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE.

Two new greenbacks—the first of the nation's war-time currency—are in circulation. They are the \$1 and \$5 notes, especially to replace the silver certificates withdrawn from circulation as the treasury's silver reserve is melted into bullion for export to the allies.

Dr. L. D. Nichols, of the Clay City section, is spending a few weeks in Memphis, receiving treatment for nervous disorder.

**POISONED DRINKING MILK.**

As a result of drinking buttermilk, believed to have been ptomaine poisoned, Mr. and Mrs. A. U. Horton, and Misses May and Helen Horton, of Fulton, had a narrow escape from death. At the noon meal last Wednesday each drank a glass or more of the milk and about 2 o'clock became deathly sick. Dr. Major was summoned and after several hours of skillful work gave relief to the sick. People cannot be too careful about their milk drinking this hot weather.

**POSTING OF STRAYS.**

J. A. Lattus, who having been duly sworn, states that the following described animals: One black sow with crop of each ear, weight about 200 pounds, and now has one pig, were taken up as strays on his premises about 5 miles from Hickman near the State Line road, and that he has not changed, defaced nor altered the marks or brands of said animals, and W. F. Vaught, being duly sworn by me and a housekeeper in Fulton County, Ky., states that the said hogs are worth about \$25.00.

Witness my hand as Judge of the Fulton County Court this 2nd day of August, 1918.

E. J. STAHR, J. F. C. C.

Mort Walker and family will move to Mississippi the first of the month. Mr. Walker for several years has been passenger conductor on the C. M. & G. Railway.
