BIG BLAZE.

Benton is Visited By a Very Destructive Conflagration.—Good Buildings Go Up in Smoke.

Benton, Ky., Oct. 4.—The worst fire in the history of this town started in the Model Store caused by the explosion of a coal oil lamp. Mrs. Edelen, who is Secretary of the Model Store Company went to the store about 4:30 in the morning to get some medicine, and it being too dark to see, she lighted the lamp, which soon exploded. She rushed to the door and called for help, but no one being up so early there was no response, so she ran to the home of J. W. Kinney, who lived near by, who came at once, but there being no water in the store, he rushed back home for a bucket of water, but by the time he got back with the water, the fire had gained such headway that it was impossible to stop it. By the time the people were aroused and got there the flames were bursting out at the rear windows and the whole interior on fire. The fire soon set the barber shop, next the residence occupied by J. W. Kinney, in which he also carried a large stock of coffins, caskets, burial robes, etc. It next crossed the street to J. D. Peterson's warehouse, just in the rear of and adjoining his two-story business house. From there it next reached the frame house of H. W.

Jones, occupied by H. B. Inman as a residence and restaurant. The last building to catch was Vaughn Bros. Livery stable.

The back end of J. D. Peterson's brick store caught and for a time it was thought that it would be impossible to extinguish it, but by heroic work it was finally subdued. The residence occupied by L. E. Wallace caught several times, but was extinguished.

"Dean's Ointment cured me of eczema that had annoyed me a long time. The cure was permanent."—Hon. S. W. Matthews, Commissioner Labor Statistics, Augusta, Me.

J. J. Thompson.

We are today presenting the above named gentleman as a candidate for magistrate in the Murray district.

He lives in the West Murray voting precinct and is one of the most widely and well known citizens of his section of the county. He is well qualified to make the county a splendid official and asks the voters of the district for a consideration before voting.

Lame Back.

This ailment is usually caused by rheumatism of the muscles of the small of the back, and is quickly cured by applying Chamberlain's Liniment two or three times a day and massaging the parts at each application. For sale by Dale & Stubblefield.

WERE ELECTED.

Mr. Ewing Continues as General Manager and Mr. Fort as President.—New Vice-President.

Guthrie, Ky., Oct. 6.—The board of directors of the Planters' Protective association today elected officers for the ensuing year as follows:

Felix G. Ewing, general manager; Charles H. Fort, president; J. W. Usher, of Graves county, vice-president; Jno. D. Scales, auditor; Guy J. Dunning, general inspector; W. C. Warfield, of Adams, Tenn., Ed. Miller, of Paducah, and J. O. Bell, of Cobb, graders. The elections of secretary and treasurer have not been made.

The elections all passed off most harmoniously. The opposition to Mr. Ewing and Mr. Fort, which was currently reported some time ago, failed to materialize.

This session is proving a very busy one and may not be completed before tomorrow.

Who Colds Are Dangerous.

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused

by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgment. It is the same with all infectious diseases. Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by Dale & Stubblefield.

Withdrawal Card.

I desire to thank my many friends throughout the county for their many words of encouragement and expressed loyalty in my race for sheriff. However, owing to facts not here necessary to express, I have decided to withdraw from the race and leave the field to the other aspirants. Again thanking all friends for kindnesses shown me, I am
Yours truly,
GEO. W. ALLEN.

Officials Elected.

The Fiscal court after casting 79 ballots re-elected Mr. Irvan as keeper of the poor farm. Dr. Ben B. Keys was elected county physician.

TEN YEARS.

Walter Hunt and John Gardner are Adjudged Guilty of Murder in Second Degree.

Clarksville, Tenn., Oct. 3.—Walter Hunt and John Gardner, charged with the murder of Vaughn Bennett, an alleged night rider, were this morning found guilty of murder in the second degree and their punishment fixed at ten years in the penitentiary by the trial jury. The verdict is believed to be a compromise.

A motion was immediately afterward made by lawyers of the defense for a new trial and arguments thereon will be heard next week. It is understood that if a new trial is denied an appeal will be taken to the State Supreme Court.

The jury was brought in this morning at 10 o'clock when court had convened and after being polled a query was made by the court as to whether a verdict had been reached. Whit Harper, foreman, stated there had, the jury finding the defendants guilty of murder in the second degree and fixing their punishment at ten years' servitude in the State penitentiary.

The defendants heard the verdict seated calmly within the railing with their wives and attorneys. Judge Tyler commented upon the task just completed

by the jurors and dismissed them.

The defendants will be allowed their liberty with the same bond which they have been under since their surrender at Nashville.

The last day of this celebrated trial was attended with the same interest which marked each day of its lengthy course, the court room being well filled with spectators and the corridors crowded.

Slightly Colder With Snow.

When you see that kind of a weather forecast you know that rheumatism weather is at hand. Get ready for it now by getting a bottle of Ballard's Snow Liniment. Finest thing made for rheumatism, chilblains, frost bite, sore and stiff joints and muscles, all aches and pains. 25c 50c and \$1.00 a bottle. Sold by Dale & Stubblefield and H. D. Thornton & Co.

First Speaking.

A large crowd greeted the county candidates at Hazel Wednesday afternoon and gave all the boys close attention. A little "ginger" was injected into a few of the races and it is generally conceded a "warm time" is in store before the home stretch is reached.

Hattie May Ryan, the ten month's old daughter of Will Ryan and wife, died last Sunday morning after a protracted illness. The burial took place Monday in the City Cemetery.

THE TOPICS OF A WEEK

Additional interest and excitement was added Thursday to the bloody affair of last Sunday at Rose Creek Baptist church, near Anthon, Tenn., by two arrests and two additional deaths. The arrests were made by Claiborne county officers. Additional information from the scene states that during the progress of a funeral service held over the remains of Mrs. Gibson, mother of John Gibson, one of the men accused of starting the trouble which led to four deaths, John Gibson and several companions who were in the church, frequently interrupted the minister. When the service was ended the minister called on Deputy Sheriff Ed Thomas to arrest Gibson. In trying to do so Thomas was killed. Shooting became general and John Bennett and J. W. McKinney fell dead. Rev. John King was badly wounded, dying Sunday night. Thursday Sheriff Chumbley and deputies arrested in the vicinity of the tragedy, James Terry, charged with killing Ed Thomas. At Jellico officers arrested Judge Carroll on the charge that he fired five shots into the deputy sheriff after he had been fatally wounded and while he was begging Carroll not to shoot any more. The officers located John Gibson, who has been at large since Sunday, at his home near the scene of the tragedy, but found him too badly wounded to be removed. They placed a guard at his house and he will be removed as soon as possible. Soon after the tragedy a vigilance committee was formed in the Rose Creek church vicinity, where within one hundred yards of the church, but across the Kentucky line, a blind tiger has been operated by the Gibsons for some time. While this vigilance committee was out searching Thursday members came upon the dead bodies of two Gibsons, cousins of John, lying in the road at a point about two miles east of Rose Creek church. The bodies were facing each other and between them playing cards were scattered and near by was a bottle of whiskey. It is supposed that the men got into a row over a game of cards and killed each other, though it is whispered that the men were put out of the way.

Lazarre Weiller, who announced at Paris that he had ordered the construction of 50 aeroplanes on the Wright model, reiterated the statement Friday evening. He said he had made an arrangement with Wilbur Wright whereby aeroplanes would be constructed from the Wright patents and that an order had actually been placed with a French firm, the name of which, however, he declined to divulge. He declined also to disclose the exact purpose of the building of a fleet of aeroplanes, saying: "That is my secret."

Drs. W. P. Brinckerhoff and J. T. Wayson have notified the Board of Health of Honolulu that they believe they have succeeded in curing a leper patient by using the Naxtin treatment for the disease. The Naxtin treatment was discovered in Constantinople by doctors in the Imperial Medical College. The composition of the remedy used has not been made public.

Telephone messages received at Lexington, Ky., state that Rev. F. M. Hill, formerly of that city, with his wife, to whom he had been married only a few days, was drowned near Chaplain, Nelson county, Ky. Hill was a leader in the Methodist church in Kentucky.

According to reports received from the battleship fleet, there were two or three deaths from tuberculosis and 19 additional cases developed during the progress of the ships from Hampton Roads to San Francisco.

Because of the large numbers of Chinese who have succeeded in eluding the vigilance of immigration inspectors and crossing the borders in the Southwest, there is to be a general shake-up in the department. Notices were posted Thursday at

By the death of Lucius Wooster Fitch of New Haven, Conn., who was one of the oldest Yale graduates, the Tontine Hotel Association, one of the last of the Tontine associations of the country, comes to a close. The property will now be divided between the seven shareholders left. It was the most famous gamble ever tried in Connecticut. In 1823 three hundred New Haven citizens decided that the city needed a hotel and so obtained from the legislature a charter for a Tontine Association. Each subscribed \$100 and named a certain person at whose death the stock should become worthless. When all but seven of these nominees were dead the property was to be divided between the persons who held the remaining seven shares. The death of Mr. Fitch leaves seven. While the shares were transferable, the nominees had to remain the same. Most of the seven nominees are now shareholders and all are nearly 90 years old. The hotel property is now worth \$200,000.

Miss Alice G. Bradley of Edwardsville, Ill., has just received a patent on a needle that can be threaded by a blind person. Miss Bradley found great difficulty in threading sewing machine needles on account of a defect in her eyesight and worked for a long time to devise a needle that could be threaded without loss of time. The needle is split from near the top to the eye, which in a sewing machine needle is near the bottom. There the thread slips into the eye and the slit closes automatically and is clamped making the shank practically solid.

Twelve Ohio counties voted Tuesday under the Rose law and all went "dry" by majorities ranging from a few hundred to more than 2,000. The number of saloons affected is 289. Most of the counties which voted are largely agricultural, but Scioto and Lawrence counties have a large urban population in Portsmouth and Zantown respectively. Altogether 16 of the 88 counties in the state have held local option elections and all have gone "dry." The total number of saloons voted out is 390.

At the annual meeting of the Plymouth Cordage Company at Boston a stockholder asked President Loring if the company sold any of its rope in the South for hanging people. This stockholder received the reply that as a fact the company had received a request from one of the Southern states for a large price discount on a purchase of rope for lynching purposes, it being argued that the publicity which would be given the rope for lynching was worth a concession to the purchaser.

Fire which destroyed property variously estimated in value at between \$150,000 and \$200,000 in the heart of the business district of Dallas, Tex., Tuesday night and resulted in the serious injury to several firemen who were caught beneath the falling floors of the liquor house of L. Craddock & Co., raged from 10 o'clock in the evening until after midnight before it was brought under control.

The fact that the walls of the Jail at Cranston, Wis., which apparently is of concrete blocks, is really tin, painted and furrowed to look like concrete, was discovered soon after Charles Otto, was arrested on a larceny charge. Next morning he was gone. The imposing looking wall of the jail had been cut open from the outside with a can opener.

Miss Katherine Hord, member of a prominent family, was almost instantly killed, Robert Payne, a young society man, was crippled, perhaps permanently, and four other persons were more or less severely bruised Thursday, when an automobile collided with a street car at Twenty-eighth street and Broadway, Louisville, Ky.

The police of Budapest Tuesday arrested two anarchists suspected of plotting an attempt on the life of King Alfonso, who is now at Munich on his way to Vienna.

More than 3,000 Indians of the Kiowa, Comanche, Apache and affiliated tribes are assembled at the foot of Mount Scott, near Lawton, Okla., for a great intertribal council and for the annual payment of lease money to those Indians who have their lands leased for farming. The payment began Tuesday and will continue all the week, the Indians receiving from \$13 to \$100 each, according to the amount of land leased.

The annual convention of the General Association, United Daughters of the Confederacy, will be held at Atlanta, Ga., beginning November 11, at 10 o'clock, and the sessions will continue four days. The Piedmont hotel on Peachtree street has been chosen headquarters, and the convention will be held in Cable Concert Hall, three doors from the hotel. Cornelia Branch Stone of Blue Ridge Springs, Va., president general of the U. D. C., has issued the call. After explaining how credentials must be made out and where they must be filed the call says: "Chapters will bear in mind that the placing of portraits of our great chief, Jefferson Davis, and the peerless commander, Robert Lee, in the schools of the South, should be continued, as this is in line with our purpose, to keep alive the best and most sacred memories of the days of the sixties, and besides, such endeavor is inspiring and educational to the youths of our land. Do not forget our soldiers sleeping at Arlington, and to whom we are now striving to erect a monument, a loving tribute from the Daughters of the Confederacy. To this end let the annual meeting show a good report."

Her mind hopelessly wrecked by the wrecked by the frightful experience through which she had passed, Mrs. Mary Duffy, whose husband, in a fit of epileptic insanity, chopped off the heads of his son and daughter recently, lies in the detention ward at Los Angeles, Cal., a laughing, babbling maniac. At intervals the aged woman seems to be drifting back to sanity, only to sink back again into a pitiful state of imbecility. Los Angeles is still shuddering at the ghastly murders of Fred Duffy and Mrs. Zula La Con, son and daughter of H. J. Duffy, a retired capitalist, 66 years old. During a sudden attack of epileptic insanity, Duffy seized an ax, and, stealthily seeking out his son and daughter, committed two of the most ghastly crimes in the history of the state. Early in the morning while his son Fred was asleep, Duffy stole into his room, and, without awakening his victim, severed his son's head from his body. The murder was done without a sound.

Capt. Peter C. Hains, who killed William E. Annis at the Bayside Yacht Club in New York on August 15, has lapses of memory, which make it impossible to get a coherent statement from him. His father, Gen. Peter C. Hains, and Attorney John F. McIntyre and Joseph A. Shay spent five hours in an endeavor to get a connected statement from him. Mr. McIntyre says the task was hopeless, as the prisoner's memory fails him in the middle of a sentence and he cannot pronounce the words he desires to use. There is little prospect of an early trial of the case.

Atty. Gen. A. M. Garber, of Alabama, is of the opinion that the rate hearing at Atlanta before the interstate commerce commission has developed sufficient evidence to have action taken by United States Atty. Gen. Bonaparte for the purpose of dissolving the Southeastern Freight association, and the Southeastern Mississippi Valley association. Both organizations, in his opinion, are in violation of the Sherman antitrust bill, which says that railroads cannot with concerted action, advance the rates on any commodity.

Yancey Carter, the Independence party's candidate for governor of Georgia, was Tuesday indicted by the Grand Jury of Hart county, Ga., for carrying concealed weapons. It is charged that Carter carried a concealed weapon into a voting precinct during the Democratic primary on June 4.

Teresa Ramersa took her life by drowning at Oage City, Kan., Saturday. She was 20 years old. With her mother she came from Italy two years ago. Her fiancé, a young Italian, left earlier in the day for his native land because of ill health. She cast herself into a well.

Lloyd Baylor, youngest son of Dr. Baylor, of Erin, Tenn., fell from a barn loft. A ring on the second finger of his right hand caught on some obstacle, and the weight of his body caused the finger to tear off at the second joint.

Mrs. Fleet Carver of Lucas, Ky., died of lockjaw from a slight wound on the hand where she had been bitten by a calf while separating the cow from the calf.

Round About the State

What Is Going On in Different Sections of Kentucky.

DEATH RIDES WITH AUTO PARTY

When Machine Hits Street Car—Four Were Injured.

Louisville, Ky.—Miss Katherine Hord, member of a prominent family, was almost instantly killed; Robert Payne, a young society man, was crippled, perhaps permanently, and four other persons were more or less severely bruised when an automobile collided with a street car at 28th street and Broadway.

The automobile was the property of Dr. Raymond Minor, who was out for a spin with a party of friends. Besides the host and Miss Hord and Mr. Payne, the other guests were Miss Edna Harris and Miss Ida Edelman. They and the chauffeur also were severely bruised.

NOT LEGALLY CITIZENS

Are Many in Kentucky Who Have Naturalization Papers.

Louisville, Ky.—Many residents of Kentucky bearing naturalization papers are not legally accredited citizens of the United States, according to a decision of Federal Judge Walter Evans. He was passing on the application for naturalization of J. A. Haddock of Paducah. These papers were not signed by the applicant, but by the lawyer in the case. Judge Evans remarked that since 1904 by an act of congress county judges had no more right to naturalize foreigners than any other citizens. He said that Kentucky judges seemed never to have heard of that act.

Violent Jack Attacks Farmer.

Mt. Sterling, Ky.—J. Ernest Henry, a farmer of the Aarons Run neighborhood, is in a serious condition at his home as a result of an attack on him by a vicious jack which he was handling. Without warning the jack grabbed Mr. Henry's arm in his teeth and tore the flesh from the bone between the elbow and hand, badly lacerating the arm. Henry's condition is serious. He is now in the hospital. The jack had always been considered harmless.

Forest Survey Completed.

Frankfort, Ky.—With the exception of three counties the government experts who have been making a survey of timber and forest lands have completed their work. Commissioner Rankin received their report and they left for Western Kentucky to make a survey of the coal fields in three counties. The report will cover the forest survey of Fleming, Robertson, Rowan, Bath, Menifee, Wolfe, Powell, Estill and Jackson counties.

Jury Sustains Will.

New Castle, Ky.—After a contest of nearly three days in Henry circuit court, a jury brought in a verdict sustaining the will of Frank J. Buttner, who had bequeathed an estate of several thousand dollars to his wife, formerly Miss Kate O'Connell, who survives without children. The contestants were Clarence Demaree and wife, the latter a sister of the testator.

Big Blaze at Paducah.

Paducah, Ky.—Fire which started in the Model store at Benton destroyed \$50,000 worth of property. The heaviest losers were the Model Store Co., \$35,000; S. L. Palmer, buildings, \$10,000; J. W. McKinney, undertaking establishment, \$1,500; Vaughan Bros., livery stable, \$2,000. There was two-thirds insurance. The fire was caused by the explosion of a gasoline lamp.

Willson Appoints Shearer.

Covington, Ky.—Gov. Augustus E. Willson appointed P. H. Shearer, of Erlanger, as a justice of the peace, to succeed T. J. Childress, who died suddenly about six weeks ago. Mr. Shearer was formerly a letter carrier of Covington, and is the father of Capt. Shearer, now in the Philippine Islands.

Famous Spring Goes Dry.

Lexington, Ky.—As a result of the drought the famous Bryan Station spring has gone dry for the first time in history. It was from this spring that the courageous women, headed by Jimmie Suggett Johnson, brought water to their besieged husbands in the Bryan Station fort 126 years ago.

Blind Man's Goods Attached.

London, Ky.—A Baltimore clothing concern attached a quantity of goods of the stock of the People's Store Co., an incorporated concern doing general merchandising business here. The attached concern is operated by a blind man giving his name as M. Tharp Davis.

Tobacco Barn Burns.

Frankfort, Ky.—The large tobacco and hay barn on the farm of Mrs. E. C. Moore, in Woodford county, was burned, and it is strongly suspected that the fire was of incendiary origin. The barn contained about 150 tons of hay and a small amount of tobacco.

Falls Nearly 300 Feet.

Lexington, Ky.—An unknown passenger on the Louisville Southern railway train from Lawrenceburg to Lexington jumped from the train while it was passing over a high bridge. He fell 286 feet to the water.

Dr. G. W. Whitney Succumbs.

Lexington, Ky.—Dr. John W. Whitney, 73, died in St. Joseph's hospital of heart failure. Dr. Whitney was a graduate of Jefferson Medical college, Philadelphia, and had practiced in Lexington 24 years. He was well known.

WORK FOR CANNON'S DEFEAT.

Bitter Attack on Speaker Met With Applause by Temperance Workers.

Owensboro, Ky.—That the speaker of the house of representatives shall no longer rule this nation as a czar was the declaration of Rev. J. W. West, of Louisville, who spoke at the temperance session of the Louisville conference of the Methodist Episcopal church south. When the speaker declared that the power of Christian citizenship will be used to defeat Joe Cannon, there was applause in different parts of the large auditorium.

"A man like Cannon is a disgrace to the American people and unfit to preside over any decent body," declared Mr. West. "But the war is on against him. It is made certain by the determination of honest citizenship that he shall no longer rule as the czar of the house of representatives." Mr. West is superintendent of the Kentucky anti-saloon league.

WARRANTS OF PUBLIC TREASURY

Unpaid in State Because of Expense of Fighting Night Riding.

Frankfort, Ky.—Although Gov. Willson has been in office but 10 months, he has spent more money for troops than former Gov. Beckham did the eight years preceding. The pay rolls of the soldiers during Gov. Willson's term so far have amounted to \$106,000, while Beckham spent in eight years \$91,287. This sum includes the expense the state was put to during the Hargis trials.

The state is borrowing heavily from the school fund to keep up the general expense fund. There will be enough money in the treasury to pay the county teachers, but that call will deplete the treasury. Outstanding warrants amount to \$125,000.

Must Pay Pro Rata.

Louisville, Ky.—An order was entered in the federal court here by Judge Walter Evans that T. A. Pedley, receiver of the Owensboro Savings Bank and Trust Co., collect the amount of liability of the bank pro rata from each stockholder. Suit had been brought asking that the stockholders be held liable personally and a demurrer on their part was overruled by Judge Evans.

Adjudget Solvent.

Louisville, Ky.—Federal Judge Walter Evans declared the Kentucky Coal Mining Co., incorporated in Oklahoma and with offices in Union county, solvent, and he refused to appoint a receiver. Suit for one had been brought by H. J. Muchauser, of Cleveland, on the ground of irregularity and fraud. Judge Evans held that there was nothing to connect the present officers with irregularity.

Veterans Elect State Officers.

Louisville, Ky.—Officers for the ensuing year were elected by the State Veterans of the Confederacy. T. P. Johnson, of Lexington; Col. James Rogers, of Bourbon county, and Capt. W. J. Stone, of Lyon county, were elected brigadier commanders, and Col. Bennett H. Young, of this city, was elected brigadier division commander for the state.

Postmaster Ends His Life.

Covington, Ky.—Charged with embezzlement, Postmaster James H. Ford, 50, blew out his brains with a pistol in the corridor of the post office in Benton, Ky. He leaves a widow and children. The shortage in the office is placed at about \$200.

Prominent Attorney Dies.

Louisville, Ky.—Leander Cobb Woolfolk, 65, former county attorney of Jefferson, died suddenly at the home of his brother-in-law, Rev. John Rife, at Goshen, Ky., 12 miles from Louisville. Woolfolk was one of the most prominent members of the Kentucky bar.

To Meet in November.

Frankfort, Ky.—State Librarian Frank K. Kavanaugh received notice from President William F. Yust, of the Kentucky Library Association, that the association will hold its annual meeting in Frankfort on November 12 and 13 next.

Escaped in His Night Gown.

Paducah, Ky.—Twenty night riders called at the home of Clifton Osburn, a farmer, in Lyon county, in the night, supposedly to whip him, but Osburn escaped in his underclothes through a rear window and went to the camp of the soldiers six miles away.

Minister and Wife Drowned.

Springfield, Ky.—Rev. F. M. Hill, of Perryville, a Methodist minister, and his wife were drowned in Chaplin river. They started to ford the stream, when the horse became unmanageable, overturning the buggy. The couple had been married a week.

Church and Hall Burn.

Winchester, Ky.—The church and hall of the Elkin Masonic lodge, at Elkin, this county, was burned with all their contents. Loss \$12,000, with \$500 insurance. The origin of the blaze is not known.

Bank Takes New Name.

Louisville, Ky.—The Continental National bank, succeeding the Western National bank, opened here with a capital of \$200,000 and a surplus of \$100,000. W. H. Netherland, president, and the old officers remain.

MINISTER A TRIFLE MIXED UP.

Consequently There Was an Awkward Perhaps in Funeral Oration.

It was at the funeral of a man who had left his young and attractive helpmeet a widow for the third time. At the time of his death their clergyman was away on a European trip, and in this emergency the Rev. Dr. Blank was called upon.

A neighbor instructed him hastily as to the admirable qualities of the deceased, his benevolence, piety and kind disposition, and gave him a kind of pointer as to his family relations. During the funeral discourse no outsider would have suspected that the clergyman had not been a lifelong friend of the dead man. When, however, he came to mention the widow in his prayer, it was evident that his data in regard to her had become a trifle confused. He said:

"And now we commend to thy care this widowed handmaid, who has been bereaved again and again and again." Then hesitating an instant, he added: "And perhaps again."

SKIN TROUBLES CURED.

First Had Itching Rash—Threatened Later With Blood Poison in Leg—Relied on Cuticura Remedies.

"About twelve or fifteen years ago I had a breaking-out, and it itched, and stung so badly that I could not have any peace because of it. Three doctors did not help me. Then I used some Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent and began to get better right away. They cured me and I have not been bothered with the itching since, to amount to anything. About two years ago I had a gripe and pneumonia which left me with a pain in my side. Treatment ran it into my leg, which then swelled and began to break out. The doctor was afraid it would turn to blood-poison. I used his medicine, but it did no good, then I used the Cuticura Remedies three times and cured the breaking-out on my leg. J. F. Hennen, Milan, Mo., May 12, 1907."

HE REMEMBERED.

"And did your uncle remember you in his will?"

"Well, he remembered me, all right, but that was why he didn't mention me in it."

A Kind Heart.

Head of Firm (to old bookkeeper)—Henry, you've worked for us for 30 years, and during that time you have been faithful and your work has been satisfactory. But you are now so old that we must replace you with a younger man. We are very grateful to you, Henry, and, of course, will do the right thing. Have you saved?

Henry—I couldn't, sir, with my large family.

"As I thought! Then I want to say to you that we shall be only too glad to keep you on for a month or so at a reduced salary until you can place yourself elsewhere!"—Judge.

Australia's Wild Oysters.

Oysters are sometimes regarded as dangerous but they are not usually considered savage. A Queensland judge, however, has decided that they are wild beasts. Before a royal commission on the pearling industry, which has been sitting at Brisbane, a witness stated that eight years ago he had had 10,000 shells in the neighborhood of Friday island. The Japanese stole the shells, and the district court judge held that as pearl shell oysters were wild animals there was no penalty for stealing them.

NO GUSHER

But Tells Facts About Postum.

"We have used Postum for the past eight years," writes a Wis. lady, "and drink it three times a day. We never tire of it."

"For several years I could scarcely eat anything on account of dyspepsia, bloating after meals, palpitation, sick headache—in fact was in such misery and distress I tried living on hot water and toast for nearly a year."

"I had quit coffee, the cause of my trouble, and was using hot water, but this was not nourishing."

"Hearing of Postum I began drinking it and my ailments disappeared, and now I can eat anything I want without trouble."

"My parents and husband had about the same experience. Mother would often suffer after eating, while yet drinking coffee. My husband was a great coffee drinker and suffered from indigestion and headache."

"After he stopped coffee and began Postum both ailments left him. He will not drink anything else now and he has it three times a day. I could write more but am no gusher—only state plain facts."

BRYAN REPLIES TO GOV. HUGHES

ANSWERS CRITICISM ON HIS EXPERIENCE IN PUBLIC LIFE BY NEW YORKER.

ASKED HIS AUDIENCE "WHY?"

Democratic Candidate Cited Lincoln, Grant, Blaine and McKinley as Having No Particular Public Experience.

Lincoln, Neb., Oct. 4.—Speaking Friday night before the German Bryan club of Lincoln, William J. Bryan answered the criticisms which had been made of him by Gov. Hughes and other republican leaders that his experience in public life was not sufficient to qualify him for the presidency.

Mr. Bryan asked his audience, "why this new born zeal for experience?" he cited Abraham Lincoln, General Grant, James G. Blaine, Benjamin Harrison and Mr. McKinley as having had no particular public experience previously to their nominations and as for Gov. Hughes, whom he said had laid special emphasis upon Mr. Taft's experience and qualifications, he declared he had but two years experience as governor of the state of New York "and yet he thought three months ago that he was as well qualified for the presidency as Mr. Taft."

The Democratic candidate maintained that if he measured up to Gov. Hughes in experience in public life the governor ought not to urge his inexperience as an objection to him. Taking up the charge that he may not make wise appointments if elected to the presidency, Mr. Bryan insisted that the argument should not be made by a Republican because he said for the next two years at least the senate would be Republican and would pass upon all important appointments thus sharing in the responsibility if any objectionable men became officials. "I am satisfied," he said, "that I can find such excellent men that even a Republican senate will not dare to reject them."

Noted Men Are Cited.

In part Mr. Bryan said: "Before speaking on the issues of the campaign I desire to say a word that may be considered personal. The Republicans, not able to meet us on the issues of the record of their party, are now falling back upon the experience of their candidate. Mr. Taft is commended by them as specially qualified by his experience to discharge the duties of the office, because of the fact that he has held for some years office of an executive and judicial character. Why this newborn zeal for experience? Abraham Lincoln had no considerable experience before he was elected president; Grant had no public experience outside of his military experience; Mr. Blaine had no experience in matters of administration; Mr. Harrison was a legislator, not an executive before his election; Mr. McKinley had had no administrative experience except as governor of his state for one term.

"Mr. Hughes has laid special emphasis upon Mr. Taft's experience. He insists that Mr. Taft's long experience makes him preeminently the man for the presidency; and yet Mr. Hughes was, only a few months ago willing to offer himself as a candidate against Mr. Taft, and Mr. Hughes has had but little experience in public life. He has been governor of the state of New York for two years and yet he thought three months ago that he was as well qualified for the presidency as Mr. Taft for if he had not thought so, he could not have conscientiously entered the list against him. Now, if I measure up to Gov. Hughes in experience in public life, he at least, ought not to urge my inexperience as an objection to me."

PRINCE IS RECALLED.

Situation in Bulgaria Is Now Considered Serious.

London, Oct. 4.—A news agency dispatch from Sofia says its officials announced that M. Hainoff, president of the council has telegraphed Prince Ferdinand, who is making a tour of Europe, requesting him to return to Sofia. The message is said to indicate the urgency of the situation.

It is stated that Prince Ferdinand received the telegram and that his immediate return is expected. All the factories capable of supplying war material the dispatch adds are working day and night and preparations for mobilization are being openly pushed forward.

EDITOR SHOT BY HIS BRIDE

WAS FORCED TO MARRY PRETTY LOUISIANA GIRL AT POINT OF PISTOL.

SAYS HE DESERTED HER

Girl Rushes Into Office With Three Young Men, Fires Five Shots and Surrenders to the Authorities.

Franklin, La., Oct. 4.—Mrs. Jessie Demarest Bouterie, 19 years old, daughter of a prominent lumberman at Patterson, La., near here, is in jail at this place, while A. Sidney Bouterie, editor of the New Era of Patterson, her husband of two days, is at the point of death in a sanitarium here with five bullet holes in his body.

Bouterie was shot by his beautiful bride while he was seated at his desk in his editorial rooms at Patterson. The young woman rushed in with three young men and after she had almost emptied the weapon she submitted to arrest.

Cartridge Thrown at Him.

One of the cartridges snapped and she drew this out and cast it on the prostrate body of her alleged faithless husband.

Mrs. Bouterie claims that Bouterie, who is ten years her senior, refused to live with her.

The newspaper editor has made a dying statement that he was forced to marry Miss Demarest at the point of a pistol in the hands of the bride's father, L. J. Demarest. The alleged military wedding was performed here at midnight Wednesday, the party returning to Patterson.

He Did Not Like Her.

Bouterie is alleged to have refused to remain with his bride, saying she was distasteful to him and that he would not associate with her, though he would make financial provision for her maintenance. Mrs. Bouterie says she does not want money. She insists she won her sweetheart's love and she wants to retain it.

Joe Stansbury, John Cicina and Robert Vitter, three young men, members of prominent families of this town, are under arrest, charged with being accessories to the affair.

ROOSEVELT MAY TAKE STUMP.

Hitchcock, It Is Said, Will Urge Him to Participate in Campaign.

New York, Oct. 4.—Leaving Saturday for Chicago, Chairman Hitchcock of the republican national committee, will stop over at Washington to see the president and on excellent authority it is stated will urge him to take the stump.

Men close to the president are quoted Saturday as declaring that little persuasion will be needed to induce Mr. Roosevelt to actively enter the fight in New York. It is known that Madison Square Garden has been rented for October 26 by the republicans. No one has yet been assigned to fill the date, and it is expected that the president may be asked to do so.

REFUSES TO ELOPE, SHOT.

Infatuated With Married Woman, Drew Marshall Kills Self.

Calro, Ill., Oct. 4.—Mrs. Frank Bechtel was shot twice and mortally wounded by Drew Marshall, who then shot himself through the heart. The woman is in the hospital with a small chance of recovery. She has a husband and two small children.

Marshall was in love with the woman, who rejected his advances. He became desperate and went to her home and insisted that she leave her husband and children and elope with him. She refused and ordered him from the house, which enraged him, and he shot her.

Johnson May Tour Country.

St. Paul, Minn., Oct. 4.—The Dispatch Friday says: "At a meeting of the Minnesota Democracy leaders Thursday night the question of Gov. Johnson taking the stump for the national ticket was discussed and a majority of them favored it. If their advice is acted upon Gov. Johnson will within two weeks be stamping the Dakotas, Nebraska, Montana and possibly New York in the interests of Bryan and the national democratic ticket."

Tragedy at Cairo, Ill.

Calro, Ill., Oct. 4.—Drew Marshall Friday shot Mrs. Frank Bechtel twice and then turned the gun on himself. He died instantly and Mrs. Bechtel is now lying in a dangerous condition at the city hospital. Marshall was angered by the refusal of Mrs. Bechtel to leave her husband and two small children and elope with him.

Classify Oklahoma Rates.

Guthrie, Okla., Oct. 4.—Proposed orders signed by the state corporation commission Friday reduce and classify the freight rates now in force in Oklahoma on tropical fruits and dry goods and similar factory products. The orders if promulgated will effect a cut of 15 per cent in rates on these commodities.

ON THE POLITICAL HIGHWAY—

At Last Mr. Voter Runs the Political Machine Himself.

FOUR HURT BY RACING AUTOS

DETECTIVE DYING AFTER BEING STRUCK AT THE BRIGHTON BEACH TRACK.

TWO MACHINES ARE WRECKED

Crowd Kept on Edge Through the Night by Series of Smashes—Two Drivers Badly Burned.

Brighton Beach Race Track, Oct. 4.—One dying, two terribly hurt, another injured and two racing automobiles wrecked, mark the penalty of the record-breaking pace of the first eight hours of the big 24-hour race Saturday.

Eight thousand persons saw T. D. Fiecht, a Pinkerton detective, struck by the Simplex car, driven by George Robertson, as it swept past the grand stand at 60 miles an hour. He was hurled into the paddock and was picked up unconscious. The Simplex car was at once stopped. In another accident two drivers were badly bruised.

The series of accidents that began with the elimination of two cars before the race started, kept the great crowd of men and women on edge during the cold hours before daylight.

Before 3 o'clock a trio of cars met with trouble on the grandstand turn, and only by the greatest good fortune was a fatal accident avoided.

The Cleveland, running in sixth position, cracked two cylinders and halted in front of the club house. A car was sent out to tow the Cleveland to the paddock for needed repairs.

Harry Bloch, in No. 14, Renault, let out an extra link to pass the two machines. The tank of the Renault began to leak, and before Bloch could stop his car was a mass of flames. The machinist sprang from the car and rolled under the inner rail.

Bloch stuck to the burning automobile, shut off the power and steered clear of the Cleveland.

The big Renault overturned and crashed into the inner rail. Bloch, although badly burned, climbed out of the wreckage and set to work with a fire extinguisher.

COLLECTOR IS REMOVED.

Civil Service Committee Finds Employee Politically Active.

Washington, Oct. 4.—As a result of a report made by the civil service commission, President Roosevelt Friday removed Lincoln Avery, collector of the port at Port Huron, Mich., and also directed the removal of Charles H. Daly, special agent of the treasury at that place. The civil service committee, found proof of charges of serious violations of the rules and regulations in regard to campaign assessments and which also involved, on the part of Special Agent Bailey "pernicious activity in politics."

Report on Dowle Estate.

Chicago, Oct. 4.—Gus D. Thomas, receiver for the estate of the late John Alexander Dowle, founder of the religious community at Zion City, Ill., Friday filed a report in the federal court showing the assets of the state to be \$1,799,647. Against this are secured claims of \$526,397, and unsecured claims, including a number still in dispute of \$4,943,725.

Fire Destroys County Seat.

St. Cloud, Minn., Oct. 4.—Poloy, the county seat of Benton county, 3,000, a village of 1000 people was practically destroyed by fire Friday night. The loss is estimated at \$75,000 fairly covered by insurance.

Because he drove his automobile too fast, to enable W. J. Bryan to keep an appointment when the Democratic presidential candidate visited Rhode Island on Sept. 19, J. Walter Mills of South Kensington, R. I., was fined \$15 and costs in the district court Saturday.

The safe in the office of the Frederick feed mills at St. Joseph, Mo., was blown open early Saturday morning. The robbers escaped with \$700 cash and checks. The office was badly damaged.

FOR ROOSEVELT IN 1916

Longworth Springs President's Name On Rock Island Audience.

Rock Island, Ill., Oct. 4.—Theodore Roosevelt for president again eight years from now, was the declaration of the president's son-in-law. Congressman Nicholas Longworth in a speech here Friday on the grounds of the Tri-state exposition to an audience of several thousand people who cheered the sentiment again and again.

Mr. Longworth's statement was made during the course of an eulogy and defense of the president's administration. He proposed that the Republican leader for the next eight years be William Howard Taft, the nominee for president who, if elected, as the speaker declared he was confident he would be, should be returned to that office for a second term.

Following Mr. Taft, as president, seriously declared Mr. Longworth Theodore Roosevelt should be returned to the chair for the next eight years.

Nat Goodwin Granted Divorce.

Reno, Nev., Oct. 4.—Nat C. Goodwin, actor, was granted an absolute divorce from his wife, Jessie Dermott Goodwin, known as Maxine Elliott, by Judge Pike on the ground of desertion Friday. There was no semblance of a contest on the part of the attorneys representing Mrs. Goodwin. The decree and findings of fact had been prepared and were signed by Judge Pike before the parties interested left the court room, the whole proceeding occupying eleven minutes.

Fire in Steamer's Hold.

Mobile, Ala., Oct. 4.—Fire broke out Friday afternoon in the after hold of the Mallory line steamer Rio Grande, loading at her docks and it was necessary to flood the after hold to extinguish the flames. An exploding lamp is believed to have caused the fire. Cotton and domestics, which formed part of the five hundred tons of freight in her hold, were badly damaged. The Rio Grande sank in 22 feet of water. The damage to the vessel will be slight.

Republican Funds Slow.

Chicago, Oct. 4.—Referring to a report from New York that contributions are coming in slowly to the Republican campaign fund, Fred W. Upham, assistant treasurer said Friday night: "The average contribution is \$62. Money is certainly hard to get and we have nothing like the campaign fund of former years. I have not received a cent from any federal employee, and I know the committee as not asked any federal employee."

Raise Yellow Fever Quarantine.

Austin, Tex., Oct. 4.—The state board of health, through Austin State Health Officer J. R. Florence, Friday raised the yellow fever quarantine which has been in effect against Havana and other points in Cuba.

CORPSES HALT RELIEF WORK

GREAT MASSES OF BODIES OF FLOOD VICTIMS IN INDIA IMPEDE BOATS.

BRITISH AID IS TARDY

Government at Last Aroused By the Widespread Devastation Gives Succor—50,000 Dead in One City.

London, Oct. 4.—At last aroused to the properties of the devastation wrought by the flood in the Musi river valley in Decan, India, the British press, charitable societies and the colonial office are Saturday exerting all their efforts to furnish relief for the stricken region.

Reports from native sources make the casualty the worst that ever befell India. A territory the size of several English counties, densely populated, has been turned into an ocean of seemingly bottomless slime in which are buried probably 50,000 natives and many Europeans.

The dead are so thick in places as to impede the progress of boats which rescuers attempt to push through the quagmires.

Fever is rampant throughout the valley, but there is no time to estimate its havoc until the acres of putrefying bodies are cleaned up. The bodies are being buried in huge pyres, built from the debris, the glare of which is visible for miles. The rescuers are forced to cover their mouths and nostrils with sponges soaked in a carbolic acid solution. The stench arising from the decomposing bodies reaches for miles.

At first, the English public refused to comprehend the extent of the disaster sharply because the early reports showed but a few Europeans had perished. The colonial office Saturday received a message from the authorities at Bombay that it was impossible at that time to supply details owing to the overwhelming nature of the catastrophe.

50,000 Dead in One City.

Bombay, Oct. 4.—Reports from Hyderabad, the capital of the flooded district, place the dead in that city at 50,000. Six hundred corpses were taken out of the mud at one spot Friday. The damage is estimated at 200,000,000 rubles.

CALLS BANQUET ORGY.

President Schurman's Charges Disturb Students of Cornell University.

Ithaca, N. Y., Oct. 4.—Cornell students are much perturbed Saturday over the statement made by President Schurman in his annual address that the senior banquet of last year was a disgrace to the university. He also used the word "orgy" in referring to it. Drunkenness, he admitted, existed in a degree in the university, and he made a strong appeal to the students for "purifying the moral atmosphere."

Filipinos Kill Scout.

Manila, Oct. 4.—Pablo Moros attacked the scout outpost at Momagan at an early hour Saturday morning, and in the ensuing fight one of the Philippine scouts was killed and two wounded, while nine Moros were slain and several wounded. The scouts' rifles and three belts of ammunition were recaptured.

The Moros in this vicinity have been threatening trouble for some time.

In Honor of Grover Cleveland.

New York, Oct. 4.—As a consequence of the recent death of Grover Cleveland, his chairman and counsel, the association of life insurance presidents Friday voted to amend its constitution by abolishing the office of chairman, which had been held by Mr. Cleveland since its organization in December, 1906, and also the position of secretary, held by Robert L. Cox. A new office of general counsel and manager was created and Mr. Cox was chosen to fill it.

Threatened Strike Averted.

Scranton, Pa., Oct. 4.—The threatened strike of the Delaware, Lackawanna and Western Railroad Switchmen has been averted. After two days of conferences, it was announced Friday afternoon by General Superintendent Clarke that the discharged committeemen, Flynn and Cannon will be reinstated on conditions imposed by the company and considered fair by the men.

Posse Bent on Lynching.

Burlington, Iowa, Oct. 4.—Enraged by an attack of an unidentified man on Dorothy Hanson, 12 years old, while the girl was on her way home from school Friday, a posse is hunting for the perpetrator of the crime, seven miles from Burlington.

There is not the slightest doubt that he will be lynched if captured.

Raise Yellow Fever Quarantine.

Austin, Tex., Oct. 4.—The state board of health, through Austin State Health Officer J. R. Florence, Friday raised the yellow fever quarantine which has been in effect against Havana and other points in Cuba.

BATTLE SHIPS REACH MANILA

HARBOR VESSELS GO TO MEET UNITED STATES WARSHIPS ENTERING PORT.

GOV. SMITH ISSUES WELCOME

Cholera Is Fast Disappearing from the Philippines and Plague Will Not Mar Reception of Pleasure of Americans.

Manila, Oct. 3.—The Atlantic battleship fleet has entered this harbor, passing Corregidor island at 12:30 o'clock p. m. Friday.

Launches already have gone out to meet the fleet down the coast and accompany it into the harbor.

There will be no formalities in the way of reception attempted outside of the demonstration by the steamers and harbor craft which will sail about the fleet as it lies at anchor, and at night the ships will be illuminated.

Gov. Gen. Smith will pay an official call to Admiral Sperry after the great parade Saturday is over.

Gov. Gen. Smith has issued the following welcome to the fleet:

"We have looked forward for many months to the time when we might bid glad welcome to the officers and men of the American battleships; but this pleasure has been postponed almost in the hour of its realization, and it is a sad disappointment to us all that the flying flags and the wave of distant hands must signal the hearty welcome which our eyes and lips would gladly speak.

"The actual handclasp and words of greeting must be deferred a little, but when the time comes they will be none the less warm for a little waiting. The outward manifestations of our welcome may be less magnificent than that of other lands, but in warmth and sincerity our welcome will yield to none."

Cholera Is Disappearing.

Washington, Oct. 1.—Cholera is fast disappearing in the Philippines. Owing to rigid rules of the health authorities in sanitation and quarantine the disease has been kept confined, and it is thought now to be a matter of only a few weeks until cholera will give no further concern.

Root Back on the Job.

Washington, Oct. 3.—Secretary Root, who has been spending the summer at his home at Clinton, N. Y., resumed his duties at the state department Thursday and called at the White House. He is in excellent health. Minister Wu Tingfang, of China, the first of his callers, bore a dispatch from Peking informing the minister of the designation of two royal Chinese dignitaries to extend an official welcome to the battleship fleet at Amoy, China.

Taft's Train Late.

Omaha, Neb., Oct. 3.—Judge Taft's special train left Omaha at 11:40, twenty-five minutes behind the schedule time. The presidential candidate will be given an opportunity to secure a good sleep before his train reaches North Platte, where the first speech will be made Friday morning. His address at the Omaha Auditorium gave evidence that his voice was again booming him.

TAFT FEELS CONFIDENT.

Bases His Belief on Reception in States He Has Traversed.

Omaha, Neb., Oct. 3.—"I am going to be elected." This statement made Thursday night by W. H. Taft sums up in a word what the candidate thinks of the effect of his speech making tour thus far. The belief is based, Mr. Taft explained, "on the manner of his reception in states thus far traversed in which there was reported to be defections among the Republican ranks. As to the national ticket, Mr. Taft now believes that there is no reason to doubt but that the Republican party will hold its own and should this prove the case, Mr. Taft says there is no doubt that he will get the electoral vote of Wisconsin, Minnesota, the Dakotas, Iowa and Nebraska—the states as to which the dissatisfaction was supposed to exist."

Another Ohio County Dry.

Delaware, Ohio, Oct. 3.—Delaware county Thursday by a majority of 2,148 went "dry." The "drys" carried the city of Delaware by 528. Two years ago the city went wet by 600 majority. The faculty of Ohio Wesleyan university, located here, assisted in the temperance campaign.

Steel Cars on Harriman Lines.

Chicago, Oct. 1.—The Harriman lines it was announced here Thursday have decided to adopt steel constructed passenger cars over their entire systems, and have given to the Pullman company, an order for 220 steel cars of miscellaneous types. The cars are to be steel shells and are to have as little wood in their construction as possible. It is said they will be almost indestructible. The Pullman company is to begin delivering within sixty days.

IT naturally follows that a transaction of these proportions must have a good reason behind it, and right here we wish to say that we are not quitting the field by any means, but we merely want to dispose of our interests in Murray, and then we will go elsewhere, where we will become interested in a business, similar to our business here in Murray. Now in order to accomplish this it calls for the greatest effort of our whole life. It means that we must convert into CASH our entire stock of \$22,000.00 worth of goods in about three months time. This is by no means a small undertaking. We realize that we must "get busy" and keep busy to accomplish it. We know that in order to do this we must SELL goods, and we MUST SELL them CHEAP. We realize that we must offer much greater inducements than others can offer, in order to move this great stock of goods, in the short space of time that it has to be done. We start with the beginning of the Fall season, with our stock full and complete with new goods, and every item in our house will be sold at prices that will be a great saving to the people of Calloway and adjoining counties. We believe that our twenty or more years of honorable dealings with the people of Murray, and Calloway county, entitles us to your fullest confidence in this matter, and we say that if you will come to us for your Fall bill of Dry Goods, you will buy them much cheaper than you can any place else.

It isn't so difficult to strengthen a weak Stomach if one goes at it correctly. And this is true of the Heart and Kidneys. The old fashioned way of dosing the stomach or stimulating the Heart or Kidneys is surely wrong! Dr. Shoop first pointed out this error. "Go to the weak or ailing nerves of these organs," said he. Each inside organ has its controlling or "inside nerve". When these nerves fail then those organs must surely falter. This vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. A few days test will surely tell! Sold by H. D. Thornton.

J. H. Ford Commits Suicide.

Benton, Kentucky, Oct. 4.—J. H. Ford, postmaster, committed suicide Thursday at 12 o'clock by taking strychnine. About a week ago post office inspectors were here and checked up the office, and showed him about \$300 short, which was made good by his bondsmen. But Thursday the deputy marshal was here with a warrant for his arrest, which he had showed to Ford. On pretense of getting his business arranged to go with the marshal, he deliberately went to work to arrange his business finally.

After getting everything arranged to his satisfaction, he went home and locked the doors. In about ten minutes Charley Morgan, who lives within a short distance of the Ford home, heard him groaning. He went immediately and tried the door, and finding it locked called for help. When an entrance was forced he was found in the last agonies of death. He left two or three notes, giving some directions about his business.

A Boon to Elderly People.

Most elderly people have some kidney or bladder disorder that is both painful and dangerous. Foley's Kidney Remedy has proven a boon to many elderly people as it stimulates the urinary organs, corrects irregularities and tones up the whole system. Commence taking Foley's Kidney Remedy at once and by vigorous. Sold by all druggists.

Three Negroes Killed.

Hickman, Ky., Oct. 6.—One of the most horrible affairs that ever happened here was a raid made Saturday night at 12 o'clock by Night Riders on the family of Dave Walker, a negro. Walker had cursed a white woman and drew a gun on a white man. The mob came to give him a whipping, ordering him from the house. Walker refused to come and fired into them. The mob coal-oiled and set fire all around the house, as the negroes came out, shot them down. Dave Walker, his five year old daughter and a small baby were killed outright, the baby being killed in its mother's arms as she came from the burning house. The mother was shot through the stomach, and will die. Three other children were shot down and will possibly die. The oldest son is missing, and it is supposed he was burned.

The band numbered about fifty. They took Joe Williams, a white man, from his house to hold their horses while they did the work.

A Shaking Up

may all be very well so far as the trusts are concerned, but not when it comes to chills and fever and malaria. Quit the quinine and take a real cure—Ballard's Herbine. Contains no harmful drugs and is as certain as taxes. If it doesn't cure, you get your money back. Sold by Dale & Stubblefield and H. D. Thornton & Co.

Change in Banking Firm.

The friends of F. P. Stum are glad to note that he resumed his former duties as cashier of Citizens Bank. He purchased of Mr. A. J. Wilson, the retiring cashier, the stock which he sold him about eighteen months ago.

Mr. Stum has been quite a factor in banking in Calloway county in the last eleven years, having built up a clientele for Citizens Bank which any man should feel a pardonable pride in, and has made hundreds of personal and business friends during his stay among us. His fifteen years of banking experience, together with his natural and acquired qualifications, eminently fits him for a most successful career in banking. The absence of losses to the banks which he has managed has been wonderful, as we understand has been practically nothing in a decade and a half. \$150.00 will cover the entire losses.

ASK YOUR NEIGHBOR.

Hundreds of Murray Citizens Can Tell You All About It.

Home endorsement, the public expression of Murray people, should be evidence beyond dispute for every Murray reader. Surely the experience of friends and neighbor, cheerfully given by them, will carry more weight than the utterances of strangers residing in far-away places. Read the following:

J. A. Ellison, living on Price St., Murray, Ky., says: "I found Doan's Kidney Pills to be exceedingly effective for kidney trouble. I had pains in my back and was hardly able to stop over. This trouble was always more annoying when I arose in the morning and at times I was hardly able to get around. I took a great many remedies in an effort to find relief but did not become any better until I procured Doan's Kidney Pills at Dale & Stubblefield's drug store. The effect of this remedy was remarkable, and before the contents of the second box were used I was feeling like a different man. All my symptoms disappeared, and I was restored to health and vigor which I had not known for years."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

For Chronic Diarrhoea.

"While in the army in 1863 I was taken with chronic diarrhoea," says George M. Felton of South Gibson, Pa. "I have since tried many remedies but without any permanent relief, until Mr. A. W. Miles, of this place, persuaded me to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, one bottle of which stopped it at once." For sale by Dale & Stubblefield.

Charley Wells, of this city, Ed Lassiter, of near Hazel, and W. S. Lowe, of Dublin, left Tuesday morning for a two weeks stay in New Mexico and Texas. They go on a pleasure trip.—Mayfield Messenger.

Political Speaker Interrupted.

Public speakers are frequently interrupted by people coughing. This would not happen if Foley's Honey and Tar were taken, as it cures colds and coughs and prevents pneumonia and consumption. The genuine contains no opiates and is in a yellow package. Refuse substitutes. Sold by all druggists.

Weak Heart Action

There are certain nerves that control the action of the heart. When they become weak, the heart action is impaired. Short breath, pain around heart, choking sensation, palpitation, fluttering, feeble or rapid pulse, and other distressing symptoms follow. Dr. Miles' Heart Cure is a medicine especially adapted to the needs of these nerves and the muscular structure of the heart itself. It is a strengthening tonic that brings speedy relief. Try it.

"For years I suffered with what I thought was stomach trouble. When the doctors told me I had heart trouble, I had tried many remedies, when the Dr. Miles' Heart Cure came into my hands, and I concluded to try it. Miles' Heart Cure. I have taken three bottles, and now I am not suffering at all. I am cured and this medicine did it. I write this in the hope that it will attract the attention of others who suffer as I did."

MRS. J. B. HARRIS, 804 Main St., Covington, Ky. Your druggist sells Dr. Miles' Heart Cure, and will authorize him to return price of first bottle (only) if it fails to benefit you. Miles Medical Co., Elkhart, Ind.

O. J. JENNINGS, Editor and Owner.

Franks' Malicious Slander.

The Owensboro Inquirer, a newspaper that is supporting Judge Taft for the Presidency and which has been supporting Republicans for the past ten years, quotes Mr. Franks as saying when he returned to Owensboro from his visit to Princeton and Cadiz that the situation in the counties visited is very bad and that he was in great danger of being assassinated. He is further quoted as saying that in many cases the officers are badly intimidated or in sympathy with lawlessness. In these statements Franks is a malicious and contemptible slanderer of a people who are second to none in their love for law and the enforcement of law and the rights of the great common masses.

Franks was in no more danger of being killed in Cadiz than he is in Owensboro. This he knows and admitted in his speech here. Then to go away and utter so vile a slander against the people of this territory, is an outrage against common decency and a malicious libel against humanity, and was done only for political effect.

In many other counties of this and other parts of the State more lawlessness has been committed than in these, and that too, where the officers are members of the law and order league and the special pets of Gov. Willson and the tobacco trust. Then why select the officers of Trigg and Caldwell as the attacks for abuse and vile slander?

The troubles in the tobacco district are over. Everybody is peaceful and happy and were it not for the designing politician like Franks going over the country and inflaming the people by encouraging independent buying and seeking some political advantage at the expense of the welfare of the general public, there would be nothing to disturb the people in their daily life.

The people of this territory have been long-suffering and patient. All they want is a reasonable reward for their daily toil and an equal opportunity with the balance of mankind in the struggles of life. They only ask that men like Franks no longer inflame and insult them, and that they be allowed to live in peace and the god of love and peace be permitted to dwell with and bless them.—Cadiz Record.

Words of Praise

For the several ingredients of which Dr. Pierce's medicines are composed, as given by leaders in all the several schools of medicine, should have far more weight than any amount of non-professional testimonials. Dr. Pierce's Favorite Prescription has the honor of appearing on every bottle of wrapper, in a full list of all its ingredients printed in plain English.

If you are an invalid woman and suffer from frequent headache, backache, nervous prostration, in stomach, periodical pains, diarrhoea, catarrhal, pelvic drain, dragging down distress in lower abdomen or pelvis, perhaps dark spots or specks dancing before the eyes, faint spells and kindred symptoms caused by female weakness, let the derangement of the feminine organs. You can do better than take Dr. Pierce's Favorite Prescription. The best of all, surgeon's knife and operating table may be avoided by the timely use of "Favorite Prescription" in such cases. Thereby the obnoxious examination of the interior of the female system can be avoided and a thorough cure of successful treatment carried out in the privacy of the home. "Favorite Prescription" is composed of the very best native medicinal roots known to medical science for the cure of woman's peculiar ailments, contains no alcohol and no harmful or habit-forming drugs. Do not expect too much from "Favorite Prescription." It will not perform miracles; it will not dissolve or cure tumors. No medicine will. It will do as much to establish vigorous health in most weak women as any medicine can. It must be given a fair chance by perseverance in its use for a reasonable length of time. You can't find a second a secret remedy as a substitute for this remedy.

Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is guarded as strictly secret, and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic. Heart Strength

Heart strength, or Heart Weakness, means Nervousness, or Nervous Weakness—nothing more. Positively not one weak heart in a hundred is, in itself, actually diseased. It is simply, always, a hidden tiny little nerve that really is all at fault. This obscure nerve—the **Heart Nerve**—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling duties.
This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, debilitating, distressing heart disease. Dr. Shoop's Restorative—this powerful prescriptive—does what none other can: weak and ailing nerve centers. It builds, it strengthens, it gives real, genuine, heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Are Microbes in Your Scalp?

Many Explanations of Baldness Have Been Advanced. The Most Correct Is That of Microbes.

The term "microbe" refers to a parasitic plant or fungi also called bacteria. A microbe is so small that it can only be detected by the aid of a microscope. Some microbes are harmless, while others produce various diseases, and derive their titles through the form of their growth or because of the diseases they create, which diseases are infectious or contagious.

Prof. Unna of Hamburg, Germany, and Dr. Sabouraud, the leading dermatologist of France, discovered that a microbe caused baldness, and their theory has time and again been amply verified through research experiments carried on through the observation of eminent scientists. This microbe lodges in the sebaceous gland, which is the natural hair oil, and if permitted to flourish, it destroys the hair follicles, and in time the pores entirely close and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the hair growth being revived.

Dandruff is a contagious disease which a microbe causes, and later produces itching scalp, falling hair and baldness. Dandruff is caused by the microbe disease of the sebaceous matter, which dries up and scales off. Sometimes the cuticle surrounding the hair allows the natural oil of the hair to force its way between the flakes of scurf skin direct to the hair, and the microbe being between the flakes force them apart and they scale off as dandruff.

We have a remedy which positively will remove dandruff, exterminate the microbe, promote good circulation in the scalp, tighten and revitalize the hair roots, grow hair and cure baldness. We back up this statement on our own personal guarantee that this remedy, which is called Rexall "93" Hair Tonic, will be supplied free of all cost to the user if it fails to do as we promise. It will also restore gray and faded hair to its original rich, glossy color, if loss of color has been caused by disease, yet it is in no sense a dye. Rexall "93" Hair Tonic accomplishes these results by making every hair root, follicle and pigment gland strong and active, and by stimulating a natural flow of coloring pigment into the hair cells.

Rexall "93" Hair Tonic is entirely free from grease or sediment, is exceedingly pleasant to use, and will not gum the hair or soil the clothing or pillows. We want everyone troubled with hair of scalp ailments, even though they are bald in spots, to try Rexall "93" Hair Tonic on our guarantee. We exact no obligations or promises, and simply ask you to give it a thorough trial, and if not satisfied, tell us, and we will refund the money paid us. Dale & Stubblefield, Murray, Ky.

Thousands Have Kidney Trouble and Never Suspect It.

Prevalence of Kidney Disease.
Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, who content themselves with doctoring the effects, while the original disease undermines the system.
What To Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish, curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest as a wonderful cure of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Bughamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Bughamton, N. Y.

Nothing Equals Pe-ru-na For Serious Kidney Trouble.

MR. W. F. CLOW

Kidney Affection, Asthma.

Mr. W. F. Clow, 428 E. St. Vrain St., Colorado Springs, Col., a retired real estate man, writes:
"I am a man of over seventy years and feel that I owe my present good health entirely to Peru-na. I began using it about a year ago for asthma and kidney trouble, and took several bottles. I have not felt better for years."
"Different members of my family have used it also, and have only words of praise to speak for Peru-na."

Attributes Health to Peru-na.

William Bailey, 381 E. St., Washington, D. C., Past Col. Encampment No. 69, Union Veteran Legion, and prominently identified with many of the great labor protective associations in Chicago and New York, and Secretary of one of the largest associations in the former city, had for nearly thirty years been afflicted with kidney troubles. Within a short period he has been persuaded to try Peru-na, and his present healthy condition is attributed to his judicious use of that great remedy. He considers himself now quite cured and in excellent physical condition.

People Who Object to Liquid Medicines Should Buy Peru-na Tablets

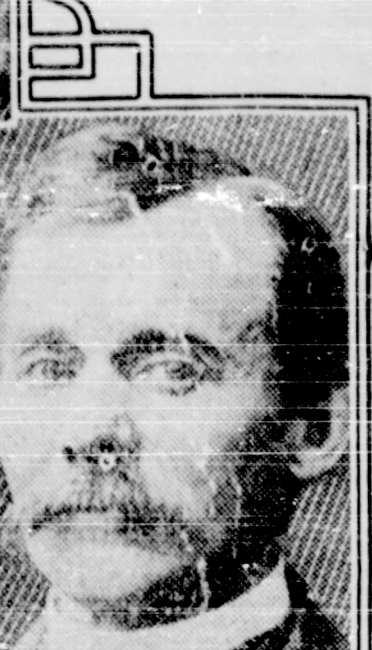

The Trusts.

In the course of human events it becomes necessary for a people to dissolve their connection with the trust, to which they have hitherto been enslaved. A decent respect for the opinions of mankind demands that the causes should be clearly set forth which impell them to the separation. We hold these truths to be self-evident; that all men are created equal; that they are endowed by their creator with certain inalienable rights; that among these are life, and the pursuit of happiness. To secure these rights, governments are instituted among men, dividing their just powers from the consent of the governed; that whenever any form of government becomes destructive of these ends it is the right and duty of the people to alter or to abolish it; that it is the first law of self-preservation that a nation may of right ought to do all these things which are necessary to perpetuate its own existence and to abolish all those practices, and to counteract all those influences which are calculated to ruin the body politic and destroy society. For many years the inhabitants of this country have suffered from the cruel acts and oppressive measures instituted by the trust companies and their hired tools.

They have taken away our property earned by patient, faithful labor and reduced our families to beggary and want.
