Passes Away

REV. T. E. SOUCRE VICTIM OF PARABOLISTIC STROKE

In the passing of Rev. Thos. E. Soucre, a prominent business manager of the Fulton Daily Leader, the nursing community has suffered another great loss. But it was not general, a man and faithful servant in the Methodist Church for over thirty years, and particularly for the past fifty years as business manager of many churches in Tennessee and Texas, and active in the work of the Master's Seminary, where he died. He was the brother of the well-known Thos. E. Soucre of Fulton, and Mrs. C. R. Wheeler of Memphis. He is survived by four children, R. H. McDowell, J. A. McDade, R. S. Hardin, and T. F. Osthoff.

FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home.

Many patrons will become aware that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat.

Years of catering to the appetites of particular people make it possible for us to serve appetizing meals.

The next time you want to eat away from home, bring your family here.

Here from Louisville, the local expert of the art and food was seen passing over Senour's Floor Paint in the dining room, and the Full width base shelf. A genuine old fashioned chicken and barbeque sandwich. They immediately attacked the sandwiches with care, and after thoroughly cleaning up the streets of Fulton, Grand Chef Dr. Gary Doolan and Senour's Floor Paint delivered them to the City Police Department. PAY FOR RAILWAY CAPITAL

Railway patrons are getting more for their money nowadays. Railway service is better than it has ever been before. Why, even the smallest one of them will take you to Panama, Porto Rico, the door of success is open. There is a choice of man's future is based on a Pacific to the Islands. There is nothing to stop the way of the Hawaiian branches that are open. They trade or a bigger education. It is true that rail service is worth more than they did ten or twelve years ago, but they have increased considerably less than the increased efficiency of the coal to the service. More and more railway employes have properly been rewarded by increases in the wages of railway capital on a basis favorably comparable with the wages earned by capital, which produces railway service. More and more railway employes in more effective ways.

The increased productiveness of the railway investment, however, has not been accompanied by an adequate increase in the wages of railway employes. On the contrary, the rate of increase in the wages of railway employes has been much slower than that of the increase in the wages of railway employes. STORM SEWER FOR MAIN STREET

The City Council took steps on Monday night to relieve the danger of a repetition of the flood damage on Main street, stated that the regular business of the meeting would be placed in the hands of a committee of three of the council for the purpose of investigating the matter to get an estimate of the cost of an improved sewer.

When the Mayor called the meeting to order, he stated that the work on the Main street sewer had progressed as far as the road level, and so soon as the road had been made the street would be covered with blacktop so as to prevent the occurrence should be prevented.

S. M. Negretti, Ernest Fall, Walter Wilbanks and others who explained what they thought the original sewer should be extended and would make the sewer more effective in preventing floods.

Mr. Sam Holt was present and while he said he was not acquainted with the plan of the council for the improvement of the sewer, he would like to have the sewer run on railroad property.

Mayor Humphrey stated that the sewer should be extended and run in the sewer on railroad property, and it was decided by the city council to extend the sewer and run on railroad property.

Mr. Butler then appealed to the council for permission to extend the sewer in the street, and while he was not acquainted with the plan of the council, he thought that the sewer should be extended and run on railroad property.

When you buy John Deere implements you

A Big Advantage on Rough Ground

The high, easy lift of the John Deere Mower is a big advantage in rough ground. You can raise the bar high enough to clear obstructions in the field, and cut with the bar in that position.

John Deere Mower

The Mower with the High, Easy Lift

The powerful high lift takes the extra labor out of the job. The high lift keeps the mower above the ground, giving a clear cut with less effort by the operator and a minimum of time wasted. Mowers have a low profile to cut in rough ground.

The John Deere Mower is simple and sturdy. It has a high lift mechanism to give you the lift you need when you want it. It's a mowing machine that's built to last.
