MURRAY, KENTUCKY, THURSDAY, OCTOBER 16, 1908.

\$1.00 PER YEAR.

UNION SOCIETY.

New Tobacco Organization With Headquarters in Louisville.—Mr. Lebus May be President.

(Louisville Courier-Journal.)
Louisville is to be made the headquarters of the Union Tobacco Society, a \$75,000,000 combination of all the tobacco raising societies in Kentucky, Indiana, Tennessee, Virginia, West Virginia, Wisconsin, Ohio, Illinois and Missouri. All plans for the final organization were to have been completed yesterday at a meeting held at the Louisville Hotel, but some of the societies were not represented, so the last steps were not taken. Clarence Lebus, president of the Burley Growers' Society, presided over the meeting and a constitution and by-laws were drawn up to be submitted to a meeting called for October 29 when the officers will be elected.

It is more than likely that Mr. Lebus will be elected president of the big organization. Mr. Lebus has been president of the Burley Growers' Society since its organization and has piloted it successfully for the growers. That society is perhaps the richest in point of production in the entire list of tobacco societies.

Offices will be secured in Louisville for the big company and the operators of the subsidiary organizations will be governed from this point.

The meeting yesterday lasted

practically all day and was behind closed doors. All those present were very reticent, declaring that nothing could be given out until after the meeting on October 29.

Served as coffee, the new coffee substitute known to grocers everywhere as Dr. Shoop's Health Coffee, will trick even a coffee expert. Not a grain of real coffee is in it. Pure healthful-tasting grains, malt, nuts, etc., have been so cleverly blended as to give a wonderfully satisfying coffee taste and flavor. And it is made in a minute. No tedious 20 or 30 minutes boiling. Test it and see. Dr. Shoop created Health Coffee that the people might have a genuine coffee substitute, and one that would be thoroughly satisfying in every possible respect. Sold by W. W. McElrath.

Naomi Irene, the three year old daughter of S. K. S. Bazzell, of the north side of the county, died the 7th inst. after a short illness of diphtheria. The burial took place at Goshen, after services by Rev. Maddox. The death of little Naomi was a very sad blow to her devoted parents. The Ledger joins in extending sympathy to the bereaved parents.

To quickly check a cold, drug stores are dispensing everywhere a clever Candy Cold Cure Tablet called Preventics. Preventics are also fine for feverish children. Take Preventics at the first stage, to head off all colds. Box of 48—25c.—H. D. Thornton.

SUCCESSOR

To Capt. Albritton, Deceased, to Be Named for Association at Mayfield.

Mayfield, Ky., Oct. 10.—The death of Capt. R. T. Albritton, warehouseman of the Dark Tobacco Association of Mayfield has brought about a very nice point of law in the winding up of his business with the tobacco association. It will be remembered that either on the day of his death or the next day, the county court appointed administrators of his estate, in the persons of L. W. Key and Charley Carney. The manager of the Dark Tobacco Association claim that these gentlemen can only wind up the personal effects of Capt. R. T. Albritton, and that the business of the association will have to be wound up by his successor in the warehouse business, who will be selected by the manager of the association at Guthrie, assisted by Capt. J. T. Daugherty, chairman of Graves county.

To this end, Friday morning, F. G. Ewing, general manager of the association, John B. Scales, of Guthrie, auditor and S. W. Forgy of Elkton, Ky., an attorney for the management for the association, arrived in the city for the purpose of naming the successor of Capt. Albritton in the warehouse business.

The wholesome, harmless green leaves and tender stems of a lung healing mountainous shrub, give to Dr. Shoop's Cough Remedy its curative properties. Tickling or dry bronchial coughs quickly and safely yield to this highly effective Cough medicine. Dr. Shoop assures mothers that they can with safety give it to even very young babes. No opium, no chloroform—absolutely nothing harsh or harmful. It calms the distressing cough, and heals the sensitive membranes. Accept no other. Demand Dr. Shoop's. Sold by H. D. Thornton.

Public Sale.

On Saturday, Oct. 24th, I will have a sale at my place just north of the city limits and will offer to highest bidders a number of good mares and mules, also a lot of farm implements of every description. Terms made known on day of sale. Everybody come.—NOAH GILBERT. 3t

Lame Back.

This ailment is usually caused by rheumatism of the muscles of the small of the back, and is quickly cured by applying Chamberlain's Liniment two or three times a day and massaging the parts at each application. For sale by Dale & Stubblefield.

The Ladies of the Christian church will serve dinner in the basement of the church the 4th Monday in October. Come around and get all you want for 25 cents.

A REPORT

Planters Protective Association Sales and Some New Regulations.

Guthrie, Ky., Oct. 8.—Following is the report of Association sales to Oct. 8.

MARKET.	HHDS.	TOTAL.
Springfield	49	8133
Clarksville	77	7776
Paducah	104	4895
Guthrie	67	3550
Hopkinsville	46	3468
Murray	131	2429
Princeton		1294
Russellville	51	924
Mayfield	31	1928
Cadiz	—	863

Total 548 35133

Jno. D. Scales, Auditor.
The executive committee of the Planters Protective Association concluded its business at Guthrie Wednesday afternoon and adjourned.

The committee established three grading places instead of one as heretofore. These are Guthrie, Princeton and Paducah, representing the eastern, middle and western section of the district.

The acreage committee reported as follows: Believing that the farmers should pay more attention to the quality than the quantity of tobacco produced, we recommend the following acreage scale: Five acres of tobacco for the first fifty acres of

land owned and two and a half acres for each additional fifty acres or fraction thereof. This report was adopted.

A resolution was adopted prohibiting any association prize from receiving any tobacco on the stalk. The object of this resolution is to induce farmers to strip their tobacco before hauling to the prize.

Salesmen were elected for all the sales places in the district except Hopkinsville, Cadiz, Princeton and Russellville.

Robert Glover, of Robertson county, was elected grader to fill the vacancy caused by the death of W. C. Warfield, who died the next day after being elected.

The committee decided that the new pledges shall be for a period of three years, and that blanks should be distributed in the very near future.

The place of assistant manager, filled by W. E. Fraser, was left open to be filled later.

Had a Close Call

Mrs. Ada L. Croom, the well known proprietor of the Croom Hotel, Vaughn, Miss., writes: "For several months I suffered with a severe cough, and consumption seemed to be gripping on me, when a friend recommended Dr. King's New Discovery. I began taking it, and three bottles affected a complete cure." The fame of this life saving cough and cold remedy, and lung and throat healer is world wide. Sold at H. D. Thornton's drug store 50c and \$1.00. Trial bottle free.

..FIRE SALE..

About \$4,000 worth of Mens Suits without vests at Prices to make them move, and they are going to move at these prices. Have put in a line of **New Suits and Overcoats and Childrens Suits** that are complete and strictly up-to-date at prices as low as anyone can sell high class clothes. Our Shoes, Hats and Furnishings we had to buy practically all NEW, and as shoes have eased off some, I am in line to treat you well and I shall do as I have in the past—handle all leather and strictly good values. You will note that I have added to my line the justly celebrated line of

REGAL SHOES

For Men and Women.

If you want to pay \$3.50, \$4.00 or \$5.00 for a shoe, in my judgement you will get in the "Regal" the best value there is. These people have over 200 stores of their own in various parts of the world. I have tried for two years to get this line and just landed it for this Falls business.

Four Doors East Bank of Murray, Opposite New Murray Hotel.

REGAL SHOES
FOR MEN AND WOMEN

Newest Fall Styles

Right now—today—we can show you in Regal Shoes all the newest custom styles decreed by fashion as correct for this season. There are 243 of these new Regal models—in shapes and leathers suitable for men and women in every walk of life, and proper for every occasion.

The Regal standard of fashion, materials and workmanship is your assurance, before you buy, of style-perfection, of perfect fit, and of long wear. Regal quality set its mark long ago, and today it is famous throughout the United States and 24 foreign countries. Let us show you your Regals.

One of 243 New Regal Styles Correct for this Season

MURRAY : : KENTUCKY.

THE TOPICS OF A WEEK

War between Austria-Hungary and Serbia is a recognized possibility, although it is believed at Vienna that it will be averted. King Peter is in a difficult position on account of the clamor of the Serbians for war, particularly since his tenure on the throne never has been very safe. The Austrians, on their part, have a new feeling on national enterprise on account of the forward movement in the annexation of the Bosnia and Herzegovina provinces and would be more ready for further adventure now than they were a week ago. That the government recognizes the possibility, the military precautions in Hungary show. All the bridges over the Save and the Danube near the Serbian frontier are strongly guarded by patrols, and four Danube river monitors were concentrated at Budapest Thursday. The government explains that this maneuver was planned some time ago, but the Austrians would have Pelegrad at the mercy of their guns if that were necessary. The newspapers contain warnings to Serbia.

Reports from west Tennessee are that night riders have been very active in Obion county this week. One party of 40 or 50 masked men visited Mrs. Cain, widow of Jasper Cain, and undertook to dictate as to disposition of her cotton. Considerable parleying took place, the riders demanding that she sell or haul the cotton to those whom they should name and under no circumstances was she to take it to that county. Mrs. Cain coolly informed them that she intended hauling the cotton where it would command the best price and finally, getting tired of the discussion, she stepped inside the door and took down a Winchester repeater, remarking that "you rascals had better clear out or I'll fill some of you full of shot." The woman's threat ended the controversy.

Strenuous objection to the payment of any tax on land, as long as it remains in the hands of the Indian allottee, is made by the Choctaw Legislature, now in session at Tusahoma, Okla. The Indians declare that taxation is in violation of their treaty with the government, and they will probably retain attorneys to fight the matter in the paleface courts.

John W. Richardson, a young farmer living in Lambert's Point section, Norfolk, Va., Thursday shot and killed his sister-in-law, Miss Josephine Cromwell; his father-in-law, Beverly Cromwell, and committed suicide after he had killed his father-in-law's horse. A shotgun was the weapon used. The tragedy was caused by domestic troubles.

For the first time in many years a man who has thrown a bomb has been convicted in general sessions court at New York City. He was at once sentenced to imprisonment for not less than nine years, nor more than 10, the latter being the maximum penalty. He is Salvatore Sallina, 22 years of age, a barber.

News reached New Orleans Thursday of the arrest at Myersville, Miss., of six negroes charged with posting night riding warnings against cotton ginning. Poses are searching for two others wanted on the same charge.

The British cruiser Inflexible, on its official trials Wednesday, attained a speed of 27 1/4 knots, breaking all records. It was stated after the trial that her speed would have been greater had not the fog hindered.

Gen. Lewis Fitzgerald, for more than half a century a prominent figure in New York, died Tuesday. He was 71 years old. Gen. Fitzgerald was active in important railroad organization and financial operations.

The Rt. Rev. Michael Tierney, Catholic bishop of the diocese of Connecticut was stricken with apoplexy Saturday night, and is in a critical condition. His physicians fear that he will not recover.

Wilbur Wright, who, on Saturday last, established a world's record for an aeroplane flight carrying one passenger, made a new record Tuesday afternoon at Le Mans, France, when under similar conditions he remained in the air for one hour, 4 minutes and 26 seconds. His best previous record with a passenger was 55 minutes 37 seconds. Mr. Wright thus fulfills the conditions of the contract signed by him and Lazare Weiller, representing a syndicate, whereby Mr. Wright was required to make two flights within a week with a passenger or equivalent in weight, of 50 kilometers each. The contract calls for the payment to Mr. Wright of \$100,000 by the syndicate, in return for which the syndicate secures the patent rights of the machine in France and the colonies. M. Weiller has already given an order to a French manufacturer for 50 aeroplanes on the Wright model.

A score of armed men and youths hunted Tuesday in the creek bottoms north of Highland, Ill., for the tramp who attacked Marguerite Faircomier, 15 years old, on her way home from the Kyle School Monday afternoon. Marguerite was saved from the man, after he had dragged her from the road and almost to the bank of a creek, by her 13-year-old sister, Rose. She followed him, screamed for help, pelted him with stones and scratched and bit him in an effort to make him let Marguerite go. A still smaller sister, Marie, ran toward their home, a mile north of Highland, for help. He disappeared in the wooded land along the creek, while Rose, sharing her own garments with her older sister, helped Marguerite to get home.

"And it is further agreed by and between both parties that, shall the lessee cook or permit to be cooked in the said premises any onions, cabbage or other odoriferous vegetables or anything which shall penetrate the common halls of the premises, either in odor or smoke, this lease shall be void." This is one of the provisions of a new form of lease drawn up by owners of West End apartments at St. Louis. It has been passed upon by counsel the same as was the original "no-children" clause which so stirred up President Roosevelt and Mayor Baile of Alton. In the Page and Vernon avenue district all tenants must agree to its terms and comply with them or vacate.

The town of Agosta, Ohio, claims a hen which has changed its color from black to white. The local paper accounts for the transformation by claiming that the hen went into mourning for the loss of her owner, who died suddenly. He had made a great pet of the fowl and had trained it to come to him when he whistled. The hen showed great grief over his loss and it is evident that his disappearance worried her. At the time of her master's death the hen was coal black, within a few weeks white feathers in her plumage developed and now she is almost white.

Three Chinese officials, Yu Lang, Liang Tun Yen and Tong Kaison, left Pekin Thursday for Amoy to prepare for the reception of the American battleship fleet, which is due there the latter part of October. The guard at the American legation and a detachment of Chinese troops escorted them to the railroad station where a number of their brother officials had assembled to bid them farewell.

The wife of John Flick, a farmer near Direct, Texas, sent him out in the yard to kill a chicken for dinner. He shot at a chicken standing on a pile of posts near the barn. The load went through a crack in the barn and took effect in the breast of a mule standing in a stall and killed it.

The anti-German movement in the province of Shantung, China, growing out of a mining concession to a German-controlled railroad, continues and native merchants have boycotted German steamers. Japanese agitators are apparently active in the province.

In a duel with knives Tuesday, Hammond Jamison was killed by his brother, Edwin Jamison, at Wakefield, Miss., and Edwin Jamison was dangerously wounded. Edwin was wrestling with Will Kuntz and a fight was about to result when Hammond interfered as peacemaker. This angered his brother, who drew a knife. Hammond also whipped out his knife. Both slashed until they fell to the ground.

Max Fabish, P. B. Isaac and Murry Cohn, managers of the Orpheum, Casino and Palace theaters at Memphis, were arrested Sunday on charges of giving Sunday theatrical performances in violation of city ordinances. The managers of the Orpheum and the Casino were arrested last week Sunday and fined \$50 for the same offense. The managers of the houses interested have perfected appeals from the fines imposed last week and will make a test in the courts. Their contention is made that the ordinance is defective and that no law is on the statute books to cover the alleged offense. Public sentiment at Memphis favors Sunday baseball and clean theatrical performances, and this fact is alluded to by the managers in support of their attempt to give Sunday performances.

The jury Saturday morning returned a verdict in the Gardner-Hunt murder case, finding the defendants guilty of murder in the second degree and fixing their punishment at 10 years in the penitentiary. The case has been in progress for 27 days at Clarksville, Tenn., and created the greatest interest, it being charged that the defendants laid in wait and shot Vaughn Bennett, who was a member of the alleged night rider gang. The case went to the jury Friday afternoon at 5:30 o'clock and the jury, which was almost worn out by the long trial, had the case under consideration nearly all night, reporting the verdict promptly when court convened again Saturday.

The progress of the fight for prohibition is making a marked impression on the receipts of the internal revenue of the government said a treasury official. Receipts from both liquors and tobacco sales, he said, are less this year than last year. The receipts from spirits in July and August amounted to \$19,704,692, which is a decrease of \$1,135,646, as compared with the same period of last year. Receipts from taxes on fermented liquors, beer, ale, porter and other malt beverages, amounted to \$12,317,171, a decrease of \$1,822,840. Tobacco receipts for the two months amounted to \$8,776,276, a decrease of \$203,287, as compared with the same period of 1907.

President Roosevelt has pardoned James Ryan, now serving one year in the District of Columbia jail for housebreaking, because he prevented the assassination of two guards and the escape of a convict named Green. Ryan, whose cell was next to Green's, learned that the latter had obtained tools to break out of his cell and attack the guards. Though sorely tempted to join Green in the adventure Ryan informed Warden McKee instead. Green, of whose sanity there is some question, was removed to an asylum and Ryan's act was brought to the attention of the president. Ryan had served his term.

No more can the negro live in Henrietta, Texas. He has been warned to shake the dust of the town from his feet. Only six negroes remain and these have promised to disappear as soon as they can get their effects together. The streets are placarded, declaring that death awaits every negro who attempts to stay. The crusade is due to the action of Harrison Lofton, a negro, who entered the room of two daughters of R. McGilliam.

The cholera in St. Petersburg continues to decrease. For the 24 hours ended at noon Tuesday there were 111 cases and 58 deaths in the municipal hospital. There have been 10 cases and two deaths in the hospital of the palace at Gatchina, the residence of the empress dowager. The empress dowager is now in Denmark.

C. C. Patillo, aged 50 years, was scalded to death Tuesday by a bursting pump in the yellow pine penitentiary at Orange, Tex. He was drawing off pulp from the cooling vat when a valve burst. He lived an hour after the accident, though his flesh was scalded off many parts of his body.

A hot-water bag, which was evidently all that its name implied, may cost the army one of its officers. In an application for retirement Capt. Edwin G. Davis, commanding the Sixty-first coast artillery, San Francisco, asserts he was disabled by the application of hot-water bags to an ankle that was severely bruised in the Philippines. The scalding heat, it is said, injured the tissues of his foot.

DEEP WATER DEMANDS

WORK OF CONNECTING LAKES AND GULF MUST BEGIN.

Theodore Shonts Attacks Operation of Railroads by Commissions as Inimical to Country.

Chicago, Ill.—Adoption of resolutions declaring the opening of a deep channel-way connecting the Great Lakes with the Gulf of Mexico to be an imperative duty of the general government, that this work should be immediately begun and completed as soon as possible, selection of New Orleans for the next convention, and the reelection of old officers, were the features of the closing session today of the Lakes-to-the-Gulf Deep Waterways Association. While the attendance was not so large as that of the previous meetings, the interest was not lessened.

Two interesting addresses held the attention of the delegates present. They were by Theodore P. Shonts of New York, and John A. Ockerson of St. Louis. Mr. Shonts attacked violently the system of operation of railroads by commissions.

His resolutions as adopted follow: Commence on Sound Basis. The general welfare of the people of the United States can best be promoted by establishing the commerce of the country on a sound basis and by so enlarging it that agricultural and mineral resources may be developed, to the end that production and manufacturing may be encouraged.

Efficient and adequate transportation is the first essential for the development of the commerce of the United States, and the responsibility for this development rests on the general government. It has been demonstrated during the last ten years that when business conditions are normal the transportation facilities afforded by the railways are utterly inadequate. The leading railway authorities declare that water transportation must be developed in order that the freight of the country may be handled properly and promptly.

Under the constitution the regulation of commerce between the States devolves on the general government, and neither States nor private corporations are permitted under the constitution to assume these duties.

Duty of Government. The duty, therefore, devolves on the general government to give the country adequate transportation facilities by developing the navigable waterways. This duty should be recognized by Congress at once, and the waterways should be made efficient freight carriers, otherwise the United States cannot maintain commercial equality with other nations which have given adequate attention to their waterways.

The all-important question of transportation is a paramount issue. If it is not solved, the current revenues of the government are insufficient for vigorously carrying out on a broad plan the development of our waterways. Congress should secure funds for that purpose by providing a sufficient bond issue.

This convention declares that the opening of a deep channel-way connecting the Great Lakes with the Gulf of Mexico to be an imperative duty of the general government, and that his work should be immediately begun and completed as speedily as possible. Any plan for inland waterways development should comprise a main trunk line in the form of a canal connecting Lake Michigan with the Gulf of Mexico by the Illinois and Mississippi rivers.

The branches of this main line, such as the upper Mississippi, with its tributaries in the Ohio, with its tributaries including the Tennessee, the Cumberland, the Missouri, the Arkansas, the Red, the White, should proceed simultaneously with the development of the main line. The deep waterway is practically complete from Chicago to Joliet, and the continuation from Joliet to St. Louis will cost only \$1,000,000. The State of Illinois, assuming that the Federal government will take the responsibility of completing the waterway to the Gulf, is about to cooperate to the extent of \$20,000,000.

This convention is in hearty accord with the recent movement for the conservation of the natural resources of the country and heartily approves the efforts of the National Rivers and Harbors Congress in seeking to develop the waterways of the nation.

We do hereby demand that a definite and vigorous policy of waterways improvement, beginning with the Lakes-to-the-Gulf deep waterway, be promptly adopted by the general government.

CARNegie GIVES \$200,000.

Steel Trust King Contributes to Republican Campaign Fund.

New York.—The fact that Andrew Carnegie has contributed \$200,000 to the campaign fund of the Republican national committee was announced today by State Chairman Timothy L. Woodruff. Mr. Woodruff also announced that Mrs. Russell Sage had contributed \$100,000 to the same fund. There have been no other large contributions from individuals, Mr. Woodruff said, but small sums are coming in from various sources. Geo. B. Shelton, treasurer of the national Republican committee, when asked about the contributions, declined to discuss the matter, saying that he would publish a list of all the contributions made to the Republican committee after election.

Insurance Men Alarmed.

Little Rock, Ark.—Several prominent fire insurance agents went in Little Rock today conferring with reference to the "night rider" situation in Arkansas. It was the opinion of those in attendance that if the situation does not improve the insurance companies will be compelled to take action, as they have more than \$1,000,000 in risks on cotton gins and buildings. Little Rock merchants are a unit in declaring that something must be done to prevent the spread of this spirit of terrorism.

Round About the State

What Is Going On in Different Sections of Kentucky.

LEXINGTON CLIPPED

Four Thousand Dollars in State's Allowance For Schools.

Frankfort, Ky.—As a result of the alleged padding of the school census returns in Lexington the city schools there will have to get along on \$4,155 less during the ensuing year than they have had for some time. This was the amount cut off from the per capita allowance by Superintendent of Public Instruction Crabbe.

It is said by the state superintendent that Lexington is not the only place that irregularities have been found in the making up of school census lists.

Treasurer Farley has paid out \$250,000 for county schools of the state. He will send out the money for the cities later. "The treasury will soon be on its feet," said Farley. "As soon as the school teachers have got their pay we will begin to honor warrants outstanding."

THREE PRISONERS

Break Jail While Guards Were Watching For a Mob.

Frankfort, Ky.—By prying down the tops of the sills of the windows in the county jail here at an early hour Thos. Brandenburg, Thos. King (federal prisoners) and Eliza O'Nan, an alleged horse thief, escaped from jail. They tied their bed clothes together, making a rope with which to slip to the ground. It was reported that a mob would assault the jail to take Charles Kelly, the murderer of Ira Phillips, from it and lynch him, but those watching for the lynchmen failed to see the prisoners when they escaped.

Soldiers Ready To Suppress Outbreak.

Frankfort, Ky.—Rumors that an outbreak on the part of the negroes in Fulton county was imminent and feeling unable to handle the situation the county officials requested Col. Willson to order out the troops. He did, and the company of infantry on service at Columbus went on active duty. A probable race war between the negroes and the night riders causes fear of riot and additional bloodshed.

Convicts Leased To Chicago Parties.

Frankfort, Ky.—The prison commission appointed S. M. Lykins, of Morgan county, deputy warden of the state prison, to succeed W. S. Hawkins resigned to accept the clerkship. A contract for services of 100 convicts was made with R. C. Carson, of Chicago, at 35 cents per day for use in a furniture factory.

Didn't Take Any Chances.

Frankfort, Ky.—Ira Phillips was shot and probably fatally wounded in a saloon here by Charles Kelly. Kelly asserts that Phillips and a party of his friends came at him with knives, saying that they were "Night Riders." He says he didn't want to take any chances, so began firing, laying Phillips out at the first volley.

Tobacco Burned.

Augusta, Ky.—Fire destroyed the large pricing warehouse of J. J. Fagan, near Germantown. The warehouse contained 45,000 pounds of tobacco, on which there was \$5,000 insurance. Mr. Fagan lost 15,000 pounds of tobacco, the warehouse, farming tools, etc., his total loss being about \$1,000. No insurance.

Fifty Families Leave For Texas.

Paducah, Ky.—That night riders are driving farmers from the black patch was evidenced when 50 families, representing the best farming class in Western Kentucky, left for the Panhandle section of Texas to locate. The party was in charge of Warner Moore Jr., a former newspaper man of this city.

To Divide Their Votes.

Louisville, Ky.—Bishop Alexander Walters, of New York, one of the strongest ecclesiastical leaders of the negro race, will come to Kentucky October 23, and speak at Louisville, Lebanon, Bardonia and Springfield. He will advise negroes to divide their votes.

Box Factory Threatened.

Hickman, Ky.—C. L. Walker, manager of the Menzel box factory here, has received notice threatening the destruction of the plant unless the wages of the employees are raised. Hickman is in a state of high excitement, and trouble is feared.

Anthrax in Kentucky.

Louisville, Ky.—Anthrax, a deadly disease for cattle and humans, has been discovered on the farm of a Shelby county cattle man by State Veterinarian F. T. Eisenman, of this city. The bureau of animal industry at Washington was notified.

Mastodon Bones Dug Up.

Lexington, Ky.—At Upper Blue Lick Springs, at Davidson, Ky., the bones of a large mastodon deer and buffalo have been unearthed at a depth of 18 feet. The bones are of enormous size and will be preserved.

Work For the Governor.

Owensville, Ky.—Holt Woodard, who was shot in the mouth by his brother-in-law, John Phelps, a few days ago, died. Following the shooting, Phelps turned the pistol on himself, sending a bullet through his brain.

HIDDEN UNDER ANOTHER NAME.

Louisville Priest Thought Found For Holland May Be at Home.

Louisville, Ky.—Prominent Catholics of this city believe that in the person of Father A. Lindfield, formerly a priest from the east, the city has Father Lawrence Bax, who is supposed to be on a Cunnard bound for Holland, his old home.

Father Bax is one of the few priests of the world who ever celebrated a golden jubilee, and the occasion of the function here two years ago, in his little church of St. John, attracted some of the dignitaries of the Catholic world.

Some days ago he was given a farewell, and, according to his intimates here, he left New York for Holland. Lindfield is unknown to Catholics here and answers the description of Father Bax perfectly. He lives with two female servants in a remote portion of the city and he refused to open the door or to show himself more clearly than through a window.

The motive ascribed by those who believe that Lindfield is Father Bax is that the old man is seeking to hide from the world, and believed that here he would be least looked for. Father Bax is 90 years old.

RAIN CHECKED FLAMES

That Threatened Destruction of Ruddle's Mills, Bourbon County.

Lexington, Ky.—Fire at Ruddle's Mills, a village in Bourbon county, destroyed two stores and a residence, causing \$10,000 loss, with no insurance.

Brought had exhausted the supply of water and Paris was asked for help. Before that arrived a heavy rain fell, checking the flames and saving the town from complete destruction.

It is believed the fire was caused by incendiaries and an investigation will be made. Only one store is left in the place and it was ignited several times. Two of the volunteer fire fighters were severely hurt.

Willson Receives Thatcher's Report.

Frankfort, Ky.—Gov. Willson received the report of State Inspector and Examiner Thatcher in regard to the alleged use of vegetables, ice and laundry of Stanley Milward, a member of the board of control of the asylum at Lexington. He says that Mr. Milward has paid \$21.75 to the steward of the asylum for the vegetables, ice and use of the laundry, which were regarded as "courtesies" of the asylum. Thatcher says that Milward has wholly discontinued getting his ice, vegetables and the use of the asylum laundry.

Aged Forger Begins Sentence.

Frankfort, Ky.—Totterton, from old age and his hair snowy white, E. Burns, 81, sentenced in Boyle county to the penitentiary for four years for forgery, was brought here to begin his term. He worked a green goods game on a Boyle county farmer, securing \$2,000 he had in bank. He is the oldest man ever admitted to the prison.

Cases Dismissed.

Lexington, Ky.—In circuit court the cases against Elbert Hargis, Ed Callahan, Alex. Hargis and Jesse Spicer, all charged with the assassination of Jas. Cockrell, were dismissed on motion of the commonwealth. State's Attorney Allen announced the cases had all been tried before and no conviction secured.

Landlord Stung For \$78.60.

Frankfort, Ky.—Pat O'Brien, proprietor of the Frankfort hotel, received a telegram that a check for \$78.60, given him by A. M. Lane, on the Second National bank of Wilkes-Barre, Pa., is bogus. Lane represented himself to be an agent for the Wilkes-Barre Heat, Light and Motor Co.

Mason H. P. Williams Dies.

Frankfort, Ky.—Mason H. P. Williams, 88, head of one of the most prominent families of this section, died. He fought in the confederate army. He witnessed the first running of the Kentucky Derby at Louisville, when Aristides won.

To Apprehend Fulton Mob.

Frankfort, Ky.—Gov. Willson arrived home from Western Kentucky. He declared his purpose to use every means at hand to apprehend the members of the mob in Fulton county who murdered the negro, Dave Walker, and members of his family.

To Settle Up Fair Business.

Frankfort, Ky.—Commissioner of Agriculture M. C. Rankin called a meeting of the state board of forestry and immigration and agriculture to meet in Louisville Monday to settle up the business of the recent state fair.

Rain Brings Joy.

Owensville, Ky.—With almost all streams dry, pastures burned to a crisp, people here are rejoicing at a downpour of rain which fell here, the first in three months in sufficient quantities to lay dust.

Fond of Match Heads.

Louisville, Ky.—For the second time in two weeks, Enoch Kraft Edgerton, a jail prisoner here, drank a solution of match heads and water in an effort to die. He is under charge of seduction and robbery.

SERBIAN MOBS STORM PALACE

INSURRECTION THREATENED UNLESS PARLIAMENT TAKES ACTION AGAINST FOE.

BELGRADE EXPECTS SHELLING

Austrian Government Officials Order Newspapers to Keep Out of Their Papers Stories of Plans for Mobilization of Troops.

London, Oct. 11.—Dispatches from the near east Saturday indicate that the war fever is growing rapidly. A mass meeting called upon the Serbian Cabinet to declare war at once or resign. M. Pankov, Serbian Minister of War, said at noon Saturday: "The situation is most critical. It is hardly possible to avoid hostilities now."

Lid On Newspapers Ordered

Vienna, Oct. 11.—The newspapers of Austria have been warned by government officials not to publish reports concerning mobilization of Austrian troops. Prince Nicholas of Montenegro has decided to declare his principality an independent kingdom, according to a dispatch received here. He has already proclaimed that Austria's violation of the Berlin treaty has released Montenegro from all provisions of the treaty.

The Montenegrins are clamoring for war almost as loudly as the Serbians, and Prince Nicholas says he will lead a regiment into Herzegovina the moment Serbia acts.

Servia Faces War Either Way

Belgrade, Oct. 11.—Servia has the sole alternative of a war against Austria or a civil war. Great thousands of infuriated people, thousands of whom flocked into the city from the rural sections, are now surrounding the Parliament Building, the King's palace and the public buildings, threatening to tear the city to pieces unless war is declared against Austria. Repeated attacks have been made against the Austrian Legation, and were it not for the guard that has been thrown about the building there is no doubt that the maddened Serbians would wreck the place and slay the Austrian Minister and the attaches.

STEAMERS STRIKE IN FOG

Passengers and Crew of Damaged Vessel are Picked Up.

San Francisco, Oct. 11.—The steamer Norwood bound from Gray's Harbor, Washington, to San Pedro, Cal., was towed into this port Friday in a waterlogged condition by the Standard Oil company's steamer Asuncion, which left this port three days ago with a cargo of oil for Portland, Oregon. Captain Martin of the Norwood reports that during a dense fog at 3 o'clock Thursday morning when about 4 miles west of Point Gorda, on the coast of Humboldt county, Cal., the Norwood began to fill rapidly and became waterlogged in about twenty minutes. Her four boats were immediately lowered and two women, two children, thirteen male passengers and part of the crew put aboard them. The members of the Norwood were picked up by the Asuncion and the passengers and crew of the disabled vessel, which was taken in tow, were brought to this city. The tow of the Asuncion sustained considerable damage, but otherwise the steamer was not badly damaged.

GOLD BRAID FOR CONVICTS

Kentucky Prisoners May Work Their Way Out of Stripes.

Frankfort, Ky., Oct. 11.—If the convicts in the penitentiary here remain on their good behavior there will not be a man in the prison wearing stripes within thirty days. The board of prison commissioners Friday gave orders that the new rules go into effect, requiring only the vicious and mean prisoners to wear stripes.

Violated Bucket-Shop Law

Des Moines, Oct. 11.—The Polk county grand jury Friday returned indictments against O. M. Olsen, manager of the Olsen Commission company, corresponding of the Merchants Stock and Grand Exchange, St. Louis, and W. J. Winston, of the Winston Commission company, general brokers. They are charged with conducting bucket-shops in violation of the Iowa law.

Victims of Auto Accident

Auburn, Me., Oct. 11.—Dr. Charles E. Williams, a physician of this city and Mrs. Williams were the victims of an automobile accident at Leeds Friday night. Their machine was overturned, pinning them beneath. Mrs. Williams died a short time after she had been removed from the wreck and the condition of Dr. Williams is serious.

BOY DIES IN FIRE

PERISHES IN BURNING SHED NEAR HIS HOME.

MOTHER WATCHES THE BLAZE

Cries for Help Heard, but Pierce Blaze Makes Rescue of Child Impossible.

St. Louis, Oct. 11.—While her only son, Joseph B. Miller, Jr., 5 years old, was burning to death in a fire which destroyed a vacant shed next to her home at 3731 Lucky street, Saturday, Mrs. Joseph B. Miller, from a rear window, watched the flames extinguish the flames, not knowing the whereabouts of her son. When the charred body of the child was carried from the smoldering debris, Mrs. Miller fell prostrate upon the kitchen floor.

It was impossible to identify the boy's body save by the shoes which the child wore and which were not burned.

Cause of Fire Not Known

When revived, Mrs. Miller became hysterical. Her husband, who is employed in a foundry on the east side, was notified immediately while neighbors came to comfort the grief-stricken mother. How the child came to be in the vacant shed she was unable to state. The gates were usually locked, and she thought it perfectly safe to allow him to play in the back yard after breakfast.

Some one forgot to lock the rear gate and the child made his way to the next yard. The shed was filled with papers and rubbish. The firemen believe the child lit a match and was enveloped in the flames before he could escape.

VAST TRACT IS A FURNACE

300 Cattle Plunge to Death in Ohio Peat Fire Flames.

Norwalk, O., Oct. 11.—More than 1,500 acres of marsh and pasture land are burning here, and the flames have set fire to peat beds, which have undermined pasture lands, precipitating more than 200 head of cattle into the burning peat.

Several homes along the edge of the tract have been abandoned, and the ground is so undermined as to make approach almost impossible. Farmers and aid sent from the city have lost control of the flames, and only a heavy rain can give relief.

The greatest loss is to the Farmers' Farm company, an institution collecting cattle from stock raisers, as well as providing pasture for fattening. In this corral 200 cattle had just been placed. Frenzied by the reign of fire, the horses and their herds rushed into the heart of the burning district, and all efforts to rescue them have proved futile.

STATE IN RIOT CASES

Illinois Lend Assistant Prosecutor to Aid of Springfield.

Springfield, Ill., Oct. 11.—The state of Illinois has taken a hand in the Springfield riot cases. Failure to secure conviction in the cases against the Raynolds charges with murder and later tried for destruction of property resulted in plans being made for the co-operation between the office of state's attorney and attorney general of the state for a more vigorous prosecution.

Attorney General Stead instructed Assistant Attorney General Hamilton, to aid state's attorney Frank Hatch and immediate efforts were made to add vigor to the prosecution of Ernest Humphrey, another alleged mob leader, who was placed on trial Friday for malicious destruction of property.

MAIL POUCH STOLEN

Bag Containing Eight Registered Packages Disappears.

Salt Lake City, Oct. 11.—A mail pouch containing eight registered packages destined for the east disappeared from here Friday night and is believed to have been stolen while reposing on a truck at the Denver and Rio Grand station. The pouch was made up at the local postoffice and was delivered to the mail wagon driver, who declares that he unloaded it at the station. It was first missed when the railway postal clerk counted the sacks delivered to him. No estimate of the value of the registered packages can be made at this time.

Carries Girl From a Fire

Carrollville, Ill., Oct. 11.—Ben Kelly entered a burning building Friday and rescued Miss Zella Cash, who was blinded by the smoke and heat. Kelly was badly burned. A gale fanned the fire, which broke out in the lumber yard of North & Arnold, causing a loss of \$20,000, partly covered by insurance.

At one time ten buildings, including two churches, were ablaze.

Author and Banker Dead

Melrose, Mass., Oct. 11.—Eldridge Henry, whose author and banker died of pneumonia. Mr. Goss was the author of numerous historical works, the best known of which is a life of Paul Revere. He was 78 years old.

National Industrial Traffic League

adheres to its position opposing the new uniform bill of lading, effective November 1.

KEEP STILL A MINUTE.

FOUND DEAD IN BAY

FORMER OFFICE BOY FASTS IN ORDER TO ROB.

FEW MARKS TO IDENTIFY THEM

Envelopes Rifled of \$700 and Escape Made as Vault Door Opens.

Chicago, Oct. 11.—Edward Wieren, 19 years old, formerly an office boy at the W. A. D. Allen Manufacturing company, 1097 Western avenue, confessed Friday night that he lay four days on a shelf in the concern's vault awaiting an opportunity to rob the firm of its payroll funds, which he knew would be deposited there. He was arrested Friday as he made an attempt to draw \$600 of his loot from a bank, where he had deposited it.

Wieren, according to his confession lay in the vault from Sept. 25 until Sept. 29, the day of the robbery. When arrested he at first refused to talk of the robbery, but later, in the presence of Assistant Chief of Police Schuetzler and his father, he broke down and told the story of the theft.

Hides on Shelf in Vault. He said he knew that \$700 would be placed in the safe Sept. 25. Sept. 25 he watched his chance, and when there was no one in the office he slipped into the vault and hid himself on a shelf. He had neither food nor water and at the expiration of the four days he was near exhaustion.

When the money was placed in the vault by Cashier Harry Gibbs and the door closed he left his hiding place, and after taking out the money replaced the empty envelopes. He had found an overcoat and pair of overalls in the vault and used the former to cover his body when the vault was opened. He tore the overalls and with part of the cloth made a mask, then waited for the door to be opened again.

When Gibbs entered, Wieren struck him several blows with the butt end of a revolver, which he had stolen previously from the office, and escaped. Wieren said that after leaving the yard he waited until morning and put \$600 of the money in the bank.

CANAL TO BE READY IN 1915

Chief Engineer of Panama Project Says Cost Will Be \$256,000,000.

New York, Oct. 11.—The prediction made by Congressman James A. Tamm, before the Fire Underwriters Association of the Northwest at Chicago, that the Panama canal would be completed in six years at a total cost of \$256,000,000, was shown to Col. Goethals, chief engineer of the work, who is attending a hearing in the army building here.

"That's true," he said, "I expect the canal to be open to navigation by Jan. 1, 1915, unless some unforeseen contingency arises, the cost to be what the Congressman has named."

VICTIM OF PALLAGRA

Thirteen-year-old Girl Dies of Rare Disease at Charlotte, N. C.

Charlotte, N. C., Oct. 11.—Pallagra, the rare disease which is baffling the physicians of this country claimed its third victim here Friday when Miss Sue Woods, thirteen years old, of Meriden, Miss., a daughter of Justice Woods, of the supreme court of Mississippi, died at the Presbyterian hospital. Dr. A. W. Babcock, of Columbia, S. C., who recently returned from Italy where he investigated the malady as it exists among the peasantry of that country states there are probably two hundred cases in the southern states. The disease is directly traceable to diseased corn and found to be non-communicable.

Two Men Crushed in Ditch

Red Bud, Ill., Oct. 11.—While Ernest Busche and August Winkelman, road commissioners, were digging a trench for a bridge near here they were crushed to death by the ground caving in on them. Both leave large families.

Chicago and Detroit begin battling for world's championship at Detroit.

WONDER DRAMA OF CENTURIES

CULMINATION OF PHILADELPHIA'S NOTABLE CELEBRATION OF FOUNDERS WEEK.

PAGEANT OF LIVING SCENES

Was Like Reading Pages of History From Two Hundred and Twenty-Five Years Ago to the Present Time.

Philadelphia, Pa., Oct. 11.—Like pages out of the past torn from the great book of history and heavy laden with the memories of 225 years ago, living scenes of the first great historical pageant ever planned in this country were unfolded Friday before a concourse of perhaps three quarters of a million people.

In this wonder drama of the centuries, the culminating feature of Philadelphia's notable celebration of "founder's week", there were 5,000 men and women in costume. There were seventy-two floats representing months of careful study and faithful to the last detail in their portrayal of the scenes selected from the long span of years that have marked the passing milestones of the city.

Following the scenes of early settlement, there came the period of William Penn, and the Quakers. From this time on events moved rapidly and Benjamin Franklin soon followed Penn upon the scene. It was not long until the spectators found themselves gazing upon Washington, Jefferson, Lafayette, John Paul Jones, Rochambeau and others in the various scenes of their patriotic activities.

Making the First Flag

They looked upon Betsy Ross, as she toiled upon the flag; they saw depicted the scene of the voting upon the Declaration of Independence in the old state house; they saw the Virginians coming to congress with Washington, Jefferson and Patrick Henry at their head. They saw the New Englanders arrive with John Adams, John Hancock, Samuel Adams and Robert Treat Paine riding in the lead and then out of all this pageantry of make believe, there came a touch of real history. It was the old liberty bell. On a carefully guarded truck and partly buried in straw the old relic itself was shown as it was being hurried away to Allentown in a hay wagon for safe keeping in 1777. On the heels of the departing bell came the march of the British troops into Philadelphia under Sir William Howe, and Lord Cornwallis, both of whom were pictured in Friday's parade.

Thousands Redcoats in Line

The advent of the red coated troops was an imposing feature of the spectacle. There were about 1,000 well drilled men in the lines and all were costumed in the period of the revolution. The Marching given in honor of the king's troops by the Tories and the bolles of the day offered opportunity for some of the most resplendent of the season. Another opportunity for gaiety and pomp is striking contrast to some of the grimmer periods depicted, was the representation of Franklin at the court of Louis XVI.

Following this came the march of the Americans to Yorktown. Another thousand men made up the Continental troops. Rochambeau and the French allies, in resplendent uniform added further color and interest to the revolutionary period.

Period of Civil War

The period of the civil war gave another opportunity for military display. The sons of veterans pictured the departure of the troops and in uniform and equipment they complied with historic accuracy. The selling of war loans by Jay Cooke, was followed by a visit of Lincoln to Philadelphia and lastly by the return of the soldiers.

ANNIVERSARY OF CHICAGO FIRE

Illinois Society in New York Meet in Commemoration.

New York, Oct. 11.—Embers of the fire which devastated Chicago thirty-seven years ago, were figuratively fanned to life by members of the Illinois society which met at the Waldorf hotel Friday night to observe the anniversary of the conflagration. A series of dissolving electrical views thrown upon a curtain portrayed the great fire as it is supposed to have looked.

Then, having seen the city burn, the party figuratively built it up again with stories of the big things Chicago and Illinois had since accomplished.

Standard's Secret Code Lost

Muskogee, Okla., Oct. 11.—A copy of the secret code of the Standard Oil company is lost, according to local police who Friday recovered a valise stolen here from W. A. Ledbetter, general attorney for the Waters-Pierce Oil company in Oklahoma, several weeks ago. The code was in the valise when taken but was removed by the thief. There are said to be only thirteen copies in existence.

Alfonso's Auto in a Ditch

Placencia, Spain, Oct. 11.—The Spanish royal automobile was ditched here Friday as a result of a tire bursting. King Alfonso was uninjured, but two of his aids were badly bruised.

After suffering for seven years, this woman was restored to health by Lydia E. Pinkham's Vegetable Compound. Read her letter.

Mrs. Sallie French, of Painesville, Ind. Ter., writes to Mrs. Pinkham: "I had female troubles for seven years—was all run-down, and so nervous I could not do anything. The doctor treated me for different troubles but did me no good. While in this condition I wrote to Mrs. Pinkham for advice and took Lydia E. Pinkham's Vegetable Compound, and I am now strong and well."

FACTS FOR SICK WOMEN

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat your letters in confidence and advise you free. No woman ever regretted writing her, and because of her vast experience she has helped thousands. Address, Lynn, Mass.

ALL HIS OWN

"My! What a big figure you are getting!" "Well, what does that matter? I haven't taken yours, have I?"

India's Precious Metals

It is estimated that \$1,500,000,000 in gold, and perhaps as much in silver, is hidden away in the Hindu stocking. Vast quantities of the precious metals are known to be kept in the form of personal ornaments. From time immemorial India has been a reservoir into which the precious metals have flowed from all quarters of the globe, only to disappear from statistics. Could the idle wealth be drawn upon, the effect on the industrial and commercial life of the country would be very great. It is, therefore, a matter of concern to try to turn India's dormant capital to active use. It may be impossible to do it. The Oriental mind views everything in a way incompatible with the westerners. But if only a tithe of the concealed hoards of India were vitalized a new aspect might be given to the conditions of life in England's great eastern empire.

Rival Dignities

An Englishman, fond of boasting of his ancestry, took a coin from his pocket and, pointing to the head engraved on it, said: "My great-grandfather was made a lord by the king whose picture you see on this shilling."

"What a coincidence!" said his Yankee companion, who at once produced another coin. "My great-grandfather was made a lord by the Indian whose picture you see on this cent."—Ladies' Home Journal.

WANTED TO KNOW

The Truth About Grape-Nuts Food.

It doesn't matter so much what you hear about a thing, it's what you know that counts. And correct knowledge is most likely to come from personal experience.

"About a year ago," writes a N. Y. man, "I was bothered by indigestion, especially during the forenoon. I tried several remedies without any permanent improvement."

"My breakfast usually consisted of oatmeal, steak or chops, bread, coffee and some fruit."

"Hearing so much about Grape-Nuts, I concluded to give it a trial and find out if all I had heard of it was true."

"So I began with Grape-Nuts and cream, 2 soft-boiled eggs, toast, a cup of Postum and some fruit. Before the end of the first week I was rid of the acidity of the stomach and felt much relieved."

"By the end of the second week all traces of indigestion had disappeared and I was in first rate health, once more. Before beginning this course of diet, I never had any appetite for lunch, but now I can enjoy a hearty meal at noon time."—There's a Reason.

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville" in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

ABOUT THE FIRST OF THE YEAR 1909 THE FIRM OF
O. T. HALE & COMPANY
 Will Retire Permanently From Business in Murray.

ABOUT THE FIRST OF THE YEAR 1909 THE FIRM OF

O. T. HALE & COMPANY

Will Retire Permanently From Business in Murray.

We Begin This Sale SATURDAY, OCTOBER 3, and Will Continue Until Stock is All Sold, or 'Til DECEMBER 31.

This Sale comes at a very opportune time. If you feel the need of buying goods cheap, this Fall, we certainly furnish you the opportunity.

Begins Saturday Oct. 3rd.

O. T. Hale & Co., Murray, Ky.

LOCAL & PERSONAL.

Elmus Beale has purchased a Ford motor car.

Miss Sallie Brown is attending school at Martin, Tenn.

Mrs. C. W. Martin, of Birmingham, Ky., is visiting the family of F. P. Stum.

WANTED.—Tie makers, timber cutters, mill hands, spoke makers and teamsters. Apply to R. B. Holland, Blood, Ky.

Miss Harriet Cook spent several days last week the guest of Paris friends.

Ewing Beale and wife are occupying rooms in Mrs. Laura Brown's house.

Baby won't suffer five minutes with croup if you apply Dr. Thomas' Electric Oil at once. It acts like magic.

Mrs. J. D. Baldrige, of Louisville, is the guest of her uncle, Nat. Ryan, and family.

Miss Rowena Williams left Monday for Louisville to attend a Baptist Training School.

HOUSE SINGING.—Good work and all guaranteed work for 80 cts.—S. C. MILLER, Dexter, Ky.

LOST.—On streets of Murray, gold signet ring, made of gold dollar. Finder please return to this office.

STRAYED.—One milky cow, yellow and white spotted, unmarked, had on bell. Left about six weeks ago. Notify Mrs. MIARRAH, HAMLIN, Hamlin, Ky.

A pain prescription is printed upon each 25c. box of Dr. Shoop's Pink Pain Tablets. Ask your Doctor or Druggist if this formula is not complete. Head pains, women's pains, pains anywhere get instant relief from a Pink Pain Tablet.—H. D. Thornton.

All persons wishing to contribute to the Wm. Gardner monument fund are requested to hand in their contributions to the committee not later than Nov. 15th.

ESTRAY NOTICE.—Taken up last May, one brindle male calf. Any one having claim on same will please notify me in the next three weeks.—J. W. FOUTCH, Murray, Ky.

A Boon to Elderly People.

Most elderly people have some kidney or bladder disorder that is both painful and dangerous. Foley's Kidney Remedy has proven a boon to many elderly people as it stimulates the urinary organs, corrects irregularities and tones up the whole system. Commence taking Foley's Kidney Remedy at once and by vigorous. Sold by all druggists.

FOR SALE.—A good farm of 111 acres about 4 miles from town well improved.—(See) J. H. HURT.

Impure blood runs you down—makes you an easy victim for organic diseases. Burdock Blood Bitters purifies the blood—cures the cause—builds you up.

SAWS SHARPENED.—If you have a saw you want sharpened see me, have had six years experience. Prices reasonable.—MARVIN FARMER, Murray, Ky.

Stomach troubles would more quickly disappear if the ideas of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these "inside nerves" fail, then the organs must suffer. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the Restorative treatment patients say they realize a gain. Sold by H. D. Thornton.

Cottage Grove, Tenn.

Good rains would be enjoyed by every body.

Henry Ross living near Elm Tree killed his brother. The trouble came up over some cows. Both men are men of large families.

Hardy Belle and Tom Coleman are rejoicing over the arrival of boys.

Bob Williams and Mrs. Lizzie Blake were married last week. Both parties are well known and have many friends to wish them happiness through life.

Cottage Grove will soon have another new back it will be ready for business about January.

Every body reports a good time at the fair at Paris.

Boys the election is near at hand and when you go to the polls don't forget O. J. Jennings, he has done good work for the farmers and he should be remembered at the polls. It matters not what others say we know what O. J. has done and he still is in favor of the farmer so don't forget him.

LIMBER JIM.

Political Speaker Interrupted.

Public speakers are frequently interrupted by people coughing. This would not happen if Foley's Honey and Tar were taken, as it cures coughs and colds and prevents pneumonia and consumption. The genuine contains no opiates and is in a yellow package. Refuse substitutes. Sold by all druggists.

The Ledger only \$1.

COMING

Great Free Show

St. Louis and World's Fair Views. Many Comic Moving Pictures.

This show will take place on the street in front of our store and everybody, men, women and children in Murray and the entire country are invited to be present.

W. T. SLEDD & CO.
Murray, Ky.

A FAMOUS BEAUTY SPECIALIST

Quits the Race.

Gives Advice to Women Lacking in Energy and Vitality.

Thousands of women are using toilet preparations unsuccessfully. Cosmetics fail to improve their thick, muddy complexions or to banish the pimples, blackheads and crows' feet.

No wonder. Their trouble lies far deeper than the skin. They have bad blood, and bad blood in 90 per cent. of the cases arises from inflammation of the mucous membrane. Their blood is filled with poison which is certain to break out in unsightly humors and blotches—while pale, drawn faces; deep circled eyes, stooping shoulders and weak backs complete the story of suffering and despair.

Inflammation of the mucous membrane is catarrh. Banish catarrh and complexions will clear as if by magic, pain vanish, eyes will brighten, faces become plump and shoulders erect. Perfect beauty goes with perfect health, and perfect health for women can only be obtained through Rexall Mucu-Tone, the one positive and permanent cure for catarrh.

Mme. Swift, 44 W. 26th St., New York City, the most famous beauty specialist in the world and an accepted authority on all relating thereto, has this to say of Mucu-Tone:

"I can strongly endorse the claims made for Rexall Mucu-Tone as a cure for systemic catarrh. Its tonic effects are remarkable. It builds up the strength and restores vitality. If women who are tired and run down, lacking in energy and vitality, will use Mucu-Tone, they will praise it as I do for its strengthening and healing qualities."

Rexall Mucu-Tone works through the blood, and acting directly upon the mucous cells—the congestion and inflammation of which are the sole cause of catarrh—causes them to expel the poison and to resume their natural function. Thus the membranes are cleansed—the blood purified and revitalized.

We know that Rexall Mucu-Tone will cure every form of catarrh, no matter where located, of how long standing, or by what other name it is known. We guarantee to refund your money if you are not satisfied with the vigorous health and clear complexion it brings you.

Sold at our store. Price, 75 cents and \$1.50 per bottle. Mail order filled. Dale & Stubblefield, Murray, Ky.

Quite a number of our people "took in" the fair and races in Paris last week.

Robt. L. Hart announces his withdrawal from the race for Representative. This will be a great disappointment to his many friends in this county who wished to honor him and show their appreciation of his freely given time and labor in the past to the cause of the farmer, by voting for him in the coming election. However, Mr. Hart felt that the sacrifice of his health which his physician assured him he was making was too great a price to pay for any office. He deeply appreciates the many spoken words of esteem and promises of support which were given him by his friends, and regrets the necessity which causes him to be obliged to withdraw from the race.

Where Ballets Flew

David Parker, of Fayette, N. Y., a veteran of the civil war, who lost a foot at Gettysburg, says: "The good Electric Bitters have done is worth more than five hundred dollars to me. I spent much money doctoring for a bad case of stomach trouble, to little purpose. I then tried Electric Bitters, and they cured me. I now take them as a tonic, and they keep me strong and well." 50c. at H. D. Thornton & Co's drug store.

Whenever you have a cough or cold, just remember that Foley's Honey and Tar will cure it. Do not risk your health by taking any but the genuine. It is in a yellow package. Sold by all druggists.

Are You Sick?

Much sickness is due to a weak nervous system. Yours may be. If it is, you cannot get well until you restore nerve strength. Your nervous system is nature's power house; the organs of your body get their power from it. If the power is not there, the action of the organs is weak, and disease (sickness) follows. Dr. Miles' Nervine cures the sick because it soothes the irritated and tired nerves and gives the system a chance to recuperate. Try it, and see if you do not quickly feel its beneficial effect.

"I was given up to die by a leading doctor. Got one of Dr. Miles' Nervine and found that Dr. Miles' Nervine fit my case. From the very first dose I took I got better. I am better now than I have been for years, and do all my own work."—The farm. That's what Dr. Miles' Nervine has done for me, and I am glad to recommend it to others.

JOHN JAMES, Inverton, Nch. Your druggist sells Dr. Miles' Nervine, and we authorize him to return price of first bottle (only) if it fails to benefit you.

Miles Medical Co., Elkhart, Ind.

He Didn't Know Anything.

Hopkinsville, Ky., Oct. 6.—A ripple of excitement was caused here this morning when it was learned that a subpoena to appear before the grand jury had been served on Gov. A. E. Willson to tell what he knew of Night Rider outrages in Christian county. The summons was served on the governor just after he had taken his seat at breakfast at Hotel Latham and soon as he finished the meal he went to the grand jury room. He was accompanied from the hotel to the jury room by Major Bassett and W. E. Bidwell, these two remaining on the outside. The paper was served by Sheriff John M. Renshaw in person and the governor stated that he was not at all averse to appearing before the investigating board, but characterized the action as "small Politics."

It was at the instance of County Attorney Duffy that the governor was summoned. "I heard," said Mr. Duffy today, "that he said in his speech, that he knew who the Night Riders were. That is what we want to know, and when I reported his statement to the grand jury, they issued a subpoena for him."

He entered the grand jury room at 10:05 o'clock and remained there just ten minutes. When he came out he was met by a number of local Republicans and in discussing the affair he said that the information he possessed was purely from reports made to him, and he had no personal knowledge of night riders. He declared, though, that he had the evidence on file in his office and that at the proper time he would present it before any grand jury that wanted it. He said he was treated most courteously by the grand jury.

Gov. Willson's friends here claim that he learned last night that he was to be summoned before the grand jury and that as a result of this information he decided to remain here until 11:20 today, (his original plan having been to leave this morning at 6:40) that he might appear before the grand jury.

Gov. Willson and a large number of Republicans left at 11:20 for Princeton where he will speak this afternoon.

For Chronic Diarrhoea.

"While in the army in 1863 I was taken with chronic diarrhoea," says George M. Felton of South Gibson, Pa. "I have since tried many remedies but without any permanent relief, until Mr. A. W. Miles, of this place, persuaded me to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, one bottle of which stopped it at once." For sale by Dale & Stubblefield.

New Providence.

Dry and dusty. Sowing wheat and sorghum making is the order of the day. Quite a large crowd in and around this city attended the W. O. W. exercises at Cherry Saturday night, all report a nice time and some of the best music ever listen to.

Well you may not believe it but it is the truth we had another wedding Sunday. Clarence Stubblefield and Miss Lena Grogan eloped some where Sunday and was married. This makes two in a month.

Wall Miller and Bruce Hunt went to Paris Sunday, don't ask what they went for.

KASEY JONES.

A Shaking Up

may all be very well so far as the trusts are concerned, but not when it comes to evils and fever and malaria. Quit the quinine and take a real cure—Ballard's Herbine. Contains no harmful drugs and is as certain as taxes. If it doesn't cure, you get your money back. Sold by Dale & Stubblefield and H. D. Thornton & Co.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless. True, to the most delicate woman a single drop of a potent cathartic into their system would be a disaster. But Dr. Pierce's Golden Medical Discovery is a safe and powerful laxative. It is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if it is used perseveringly. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchitis, throat and lung affections, expectoration in its advanced stages the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate cases caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is a most powerful and safe cathartic, from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption. It is the best lung medicine in the market.
