VOLUME 1. Colonel Folsom Dead. A WONDERFUL AFFAIR.

BUFALO, N. Y., May 20.—Col. John B. Folsom, grandfather of Miss Frances Folsom, President of the Folsom family, died yesterday at Buffalo, N. Y. He was 82 years of age, and had been in poor health for several years.

Gen. Stevenson Ill. Bloomington, Ill., May 20.—First Assistant Postmaster General Stevenson arrived here yesterday to remain until Friday, when he leaves for Washington. He was seized with vertigo yesterday evening and is temporarily ill.

A HOLY TERROR. Bill Pigeon, the Slayer of a Round Dozen Men, Adds a Marshal and Posse to His List.

CHICAGO, May 18.—A special from Kansas, Indian Territory, says: Reports have reached here that Deputy United States Marshal Andrews and his posse of three men were shot and killed by Bill Pigeon while attempting his capture Saturday. Pigeon has killed 12 men, and there has been a large reward offered for his capture dead or alive. Andrews and his posse were after Pigeon, who had been shot and wounded by a posse of men from the same territory. A posse of armed citizens are scouring the country for Pigeon.

SHILOH'S COUGH and Consumption Cured. Sold by J. R. Arnould.

KENTUCKY NEWS.

The Mercer county fair begins July 27. Fatigue seems to be the particular mark for the incendiary. The Emancipation Constitutionalist issues a creditable double number. The Mayfield Monitor comes out for Lieut. Gov. J. R. Hindman for Governor.

The editor of the Winchester Democrat has offered a premium for a specimen of the regular two-legged chicken.

The convicts are to be removed from Kenesha mines and put to work on a new railroad from Newport to Mayville.

Emma Winkey, a Henderson dandy of color, at the age of twenty-one, is now married her fourth husband.

Hon. Walter Cleary, of Covington, has been appointed by the Interior Department to investigate fraudulent land entries.

The Governor has appointed Dr. Alvin Duval, of Frankfort, as the Physician of the Eastern Asylum for the Insane, at Lexington.

Private dispatches to the officers of the packet company to which the steamer Kentucky State belongs state that she sank in six feet of water at Hickman, and that she would soon be afloat with but little damage to freight.

Campbellville Times-Journal: There is a gentleman living in Columbia who received a check from an unknown party, last Saturday, signed by the president of a Louisville bank for \$200. The letter accompanying the check contained these words: "Please find check for \$200 and forgive an erring friend."

Jerry S. Deane, one of the most popular citizens of Gallatin county, was shot and killed while hunting on his farm near Napoleon, last Friday. He started in the morning, intending to return at noon. Not doing so, he was found where he was shot, in getting over a fence, he had accidentally discharged his gun, the bullet of shot lodging in his head and shattering his brain. He was fifty-three years of age, and leaves a wife and two grown daughters.

A fatal affray occurred between Thos. Williams and Benjamin Aton, prominent merchants of Uniontown, Ky., Wednesday. The men quarreled over the ownership of a white-swinging brush and knives were drawn. Williams shot Aton in the back, and Aton shot Williams in the chest, and both were killed.

Last Thursday week, Mrs. James Wilkinson, living in Fulton county, was brutally murdered by her step-daughter, Sarah Wilkinson. The instrument used was a wooden board. She was bending over a tub washing when her step-daughter slipped up from behind and dealt her several blows on the head until she had split the skull. It took an hour. The murderer crossed the Kentucky and Tennessee line that night and reached Fulton City about 4 o'clock next morning. Thence she went South. It was afterwards learned she had reached relatives in Alabama, and the latest, May 12, that she had been arrested and was on her way back to Kentucky. It is thought for men to kill one another, but when women get at it, it's a shame and a disgrace. The cases which led to the perpetration have not been made known.

For lame back, side or chest, use Shiloh's Torment Plaster. Price 25 cents. J. R. Arnould sells them.

Items of Interest. Good wine can be had in Solan, Cal., for 30 cents a gallon.

The yearly exports of umbrellas from England are valued at £381,000.

Over twelve thousand emigrants have entered California within the past two weeks.

A group owned by Nelson Hoyt, of Craftsbury, Vt., is said to be over sixty years old.

Theodore Tilton was caught in a Colorado snow-slide last week, and considered himself lucky in getting out with his life.

Men who can lift themselves over a stone wall by the straps of their boots are the only ones independent of divine providence.

C. K. Lord, the general passenger agent, is said to be the best paid officer of the Baltimore and Ohio Railroad Company. His salary is \$10,000.

There are scores of persons who are suffering from some form of blood disease, such as Scrofula, Boils, etc., etc. After a practical test, H. B. Garner asserts that Acker's Blood Purifier will certainly cure all such diseases, including Syphilis and Rheumatism. It is not a patent nostrum, but a scientific preparation. He guarantees it.

IN FORD'S THEATRE. ATLANTA, GA., DOTS. Everybody Read This!

Something About the Ups and Downs of Her Inhabitants.

Miss Dunaway Alive.

Atlanta papers are giving the public some curious and wonderful cases that are quite interesting. It seems a young lady of Atlanta had been reported as dead, but it came to the ears of a Constitution reporter that she was still alive, and being on the alert for news called at her residence to hear all the facts. Miss Dunaway, who had been pronounced dead, said:

"For four years, rheumatism and neuralgia have resisted physicians and all other treatment. My muscles seemed to dry up, my flesh shrunk away, my joints were swollen, painful and stiff, and my appetite was reduced to 50 pounds in weight, and for months was expected to die. I commenced the use of B. B. B., and the action of one-half bottle convinced my friends that it would cure me. Its effect was like magic. It gave me an appetite, gave me strength, relieved all my pains, and added flesh to my bones. When five bottles had been used, I had gained 50 pounds of flesh, and am today sound and well."

Mr. J. P. Davis, of West End, said: "I have only a few words to say, which are to state that I have been confined to my bed for two months with a severe case of Rheumatism and Neuralgia. I was only enabled to hobble about occasionally by the use of crutches and attend to business. I had previously used all well recommended medicines without relief. It has been over one year since I used B. B. B., and I consider myself a permanently cured man."

Mr. R. P. Dodge, Yardmaster G. R. R. makes a statement: "My wife has been a great sufferer from catarrh. Several physicians and various patent medicines were resorted to, yet the disease continued unabated, nothing appearing to make any impression upon it. Her constitution was so much impaired, the poison being in her blood. I secured a bottle of B. B. B., and placed her upon it, and through the use of the medicine, her recovery was rapid and complete. No other preparation ever produced such a beneficial result. I cheerfully recommend B. B. B. as a superior Blood Purifier."

Mr. James L. Bosworth, Buttonholer, says: "I am Mr. J. L. Bosworth, an old Atlanta, who was twelve years ago when I contracted a terrible case of poisoning. I had no appetite, did not sleep, my weight was reduced, and my blood was so much impaired, that I was a total wreck. I had been under the treatment of several of the leading physicians of Atlanta, tried nearly every blood remedy advertised; went to Hot Springs, where I remained several months, receiving no benefit, whatever. A truly wonderful blood remedy was recommended, known as B. B. B. I used it, and, sir, 5 bottles cured me. I am now in the best of health, and quick and bold remedy ever found."

Send to Blood Balm Co., Atlanta, Ga., for their Book of Wonders, free.

The Ohio Legislature has adjourned.

Senator Blackburn, it is reported, is arranging to knife Senator Beck and vice versa.

A West Virginian widow crazy from religious fanaticism cut the throats of her three little daughters as a sacrifice to the Lord and then stabbed herself to the heart.

The Philadelphia Press recently offered a handsome prize for the best essay on domestic service. It was awarded to Mrs. Maude C. Murray, of Bardonia, Ky.

Plymouth White, alias Frank Parker, is dead at Reading, Vt. He was the prince of confidence men, and succeeded in swindling suckers out of about \$1,000,000.

The Senate so amended the Mexican Pension Bill as to exclude wounded and disabled Confederate soldiers from its benefits. And still these fellows preach sectional unity and brotherly love.

Louis Halfacre, of Windsor, Ill., beat his little son to death, mutilated the corpse, buried it in the garden and died. He is probably owner of the ill-famed localities known in certain cities as "Hell's Half Acre."

Last week a newly married couple were serenaded by a party of youngsters with horns and tin cans. The groom invited the festive musicians into the house and doled them with whiskey mixed with croton oil. As soon as the boys recovered they made another call and this time took the n. m. out and thrashed him in the old-fashioned Georgia way.

Speaker Carlisle has a little war on his hands in Covington. It seems that the Commonwealth does not like the new postmaster, Mr. Nodler, and forthwith pitches into the Speaker for neglecting his nomination. As Nodler is a good Democrat the whole trouble resolves itself into question of personal preference, in which respect Mr. Carlisle has as much right to his opinion as the Commonwealth or anybody else.

The Evansville Journal says that there is much alarm felt by the owners of nearly 600 acres of rich alluvial land along the Henderson peninsula or Horse Shoe Bend, opposite Evansville, in consequence of the large landslides made by the river, which threaten to make a complete "cut-off" island of the farms in question which belong to some twenty wealthy citizens of Henderson. If the river should cut through Henderson would become an island town.

One of the most important criminal cases now being tried in this country is the Maxwell-Preller murder case in St. Louis. The facts are well known. Preller's dead body was found in a trunk in a room at the Southern Hotel at St. Louis. Maxwell, his companion, fled to a foreign country, was captured, brought back and charged with the crime. He now makes a statement exonerating himself. He says he was operating on Preller for a private disease. In the process of his treatment it became necessary to administer chloroform from which Preller died. It was no murder, but the accidental death of a friend at the hands of one who was trying to benefit him.

New Laws.

The Legislature adjourned Tuesday evening after the longest session on record—140 days. The 138 members of the General Assembly received about \$96,000 of the people's money for passing 1,420 bills with only 50 of these of a general nature. The most important of these general laws are as follows: An act making gambling a felony; and act providing for the calling of a constitutional convention; an act to allow the United States to acquire certain lands bordering on navigable streams in the state; an act relating to the pay of Commonwealth's witnesses; an act to authorize juries of the counties to appoint deputies. Approved January 28; an act to repeal all the acts relating to the election of judges; the judges to be elected by and to provide for an election by the Commissioners of the Sinking Fund. Approved February 28; an act for the benefit of the branch penitentiary at Edinburg; to levy a tax of three and a half cents on the hundred dollars to complete it. Approved April 1; an act for the benefit of public schools in the Commonwealth in cities of over 20,000 inhabitants; to allow pupils between the ages of 20 and 40 to attend the night schools. Approved February 28; an act giving further time to sheriffs, ex-sheriffs, Constables and Tax Collectors to collect taxes. Approved March 8; an act to amend an act to establish and regulate the Superior Court. Approved March 10; an act to provide for the monthly payment of teachers; allowing the school trustees to borrow money for the purpose. Approved April 7; an act to authorize the county courts to appoint a special administrator for the collection and distribution of French spoliation claims and Spanish spoliation claims. Approved April 9; an act to regulate the holding of examining courts in this State, and fixing fees of County Judges, Justices of Peace, and Police Judges, and other officers when sitting in examining courts. Approved April 20; an act to permit defendants in all penal and criminal prosecutions to testify; an act to amend the revenue laws of this Commonwealth; an act to amend an act to establish the State Board of Health. It establishes county boards. Approved April 19; an act for the continuance of the Geological Survey, and fixing the salary of the Geologist; an act regulating the admission of disputed handwriting by comparison. It provides that in civil or criminal cases, when there is a dispute as to the genuineness of handwriting, the handwriting of the person accused may be introduced by way of comparison; an act to amend the General Statutes, in relation to record books. It requires counties to pay for their own books; an act to establish a State Normal school for colored persons. It appropriates \$7,000 for a building and \$3,000 annually; an act to stamp out the disease known as pleuro-pneumonia. This was the first bill over which there was such a fight; an act to prevent the spread of contagious and infectious diseases. This was the second bill and attaches penalties to those who carelessly spread the disease.

Virginia Tragedy.

At Martinsville, Va., a desperate street fight occurred on Tuesday, a bloody circular of which Col. P. B. Spencer, a tobacco manufacturer, was said to be the author. After the tobacco factories had closed for the day and the streets were filled with operatives returning from their work, the Terry brothers started in the direction of Spencer's factory. They were met by Spencer, with his brother and several friends. W. K. Terry addressed a few words to Spencer, who told him not to shoot. Just then one fired a pistol. The scene that followed beggars description. Forty shots were fired. W. K. Terry was shot from the rear, the ball entering his spine, and lodging in his right breast. Jacob Terry was shot through the neck and in the body. Spencer was shot in the hip and his business partner, Tarlton Brown, received two balls in the groin and is thought to be fatally wounded. R. L. Jones, R. L. Gregory and Sandy Martin are all seriously hurt. The last two were hit by stray balls. The Terry brothers began to occupy a high social position. Wm. Terry and Tarlton Brown are mortally wounded. Spencer and the other parties will probably recover. All the business houses in Martinsville are closed to-day.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. B. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty pounds. Trial bottles of the great Discovery for Consumption free at Harry B. Garner.

Excitement in Texas.

More failures in transplanting come from having soil loosely packed in and among the roots than from any other cause. No root can take hold of air space. Nearly tramping the soil on the surface after the tree is set is not enough. If fine soil is worked among the roots and these are made to make a hole, the tree is almost certain to live.

Excitement in Texas.

If B. Garner wishes to make an assertion, which he can back with a positive guarantee, let's all about Acker's Blood Purifier. He claims for it superior merits over all other remedies of its kind, and guarantees a positive cure, and a positive cure for Rheumatism, Syphilis, and all blood disorders. It cures the skin from spots and disease, and leaves the complexion clear. Ask him about it.

Excitement in Texas.

Farmers owe a duty to their families in the class of help they employ, indoors and out. Don't hire some reckless, drunken, profane or vulgar man simply because he will work cheap.

Excitement in Texas.

The surplus of wheat in India and Russia is lower than usual, and the export demand for American wheat during the next three months promises an increase.

CURE FOR PILES.

Piles are frequently produced by a sense of weight in the back, joints and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, uneasiness of the stomach, and a moisture like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, bleeding and itching Piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, allaying the intense itching, and affording a permanent cure. Price 50 cents. Address, The Dr. Bosanko Medicine Co., Figures, O. For sale by G. E. Galtier.

James G. Blain belongs to the Knights of Labor.

Sam Jones and Sam Small are using the word again.

The twenty-one book-makers at the Louisville races lost \$88,000.

Senator Blackburn threatens to carry the Thompson-Beck-Willie war into Kentucky.

Senator Keena, of West Virginia, declines the Chairmanship of the Democratic Congressional Campaign Committee.

Minister Winston has arrived safely at the Postoffice, and has left an audience with the Consul, who presented him with an Arabian charger.

Commodore Wm. K. Maco, having failed to pass his examination for promotion to Rear Admiral, has been retired from the Navy at his own request, under the forty years' service provision, and with the full rank of Commodore.

The convicts are to be removed from Kansas mines and put to work on a new railroad from Newport to Mayville.

Will be done with those at Greenville, but they may be retained there to prevent the accumulation of a surplus in the State Treasury.

The Louisville Post says: James Laue Allen, of Lexington, and Will McLean, of Frankfort, will shortly make a tour through the southern end of the State in search of some magazine material.

Mr. Allen will do the literary work and Mr. McLean will furnish the illustrations. If these gentlemen will come to Christian county they will find many natural curiosities to interest them.

Pilot Rock and our natural bridge are both unequalled in this State.

Washington barenders think that they can locate a statesman by his drinks. Southern legislators drink whiskey straight to abundance; Western men rather incline to beer; those from the Pacific Coast drink wine, and though they insist that their country can't be beat in producing wine, they usually buy foreign wine, and costly.

New York men are divided between wine and beer, and fight shy of whiskey. After all, it's the manner in which the statesman drinks rather than what he drinks that tells the story.

Ayer's Sarsaparilla.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Price 50¢ per bottle, \$1.00 per six bottles.

The First Sign

Of failing health, whether in the form of Night Sweats and Nervousness, or in a sense of General Weariness and Loss of Appetite, should suggest the use of Ayer's Sarsaparilla. This preparation is most effective for giving tone and strength to the enfeebled system, promoting the digestion and assimilation of food, restoring the nervous system to their normal condition, and for purifying, enriching, and vitalizing the blood.

Failing Health.

Ten years ago my health began to fail. I was troubled with a distressing Cough, Night Sweats, Weakness, and Nervousness. I tried various remedies prescribed by different physicians, but became so weak that I could not get up. My friends recommended me to try Ayer's Sarsaparilla, which I did, and I am now as healthy and strong as ever.—Mrs. E. L. Williams, Alexandria, Minn.

Dyspepsia Cured.

It would be impossible for me to describe how I suffered from Indigestion and Headache up to the time I began taking Ayer's Sarsaparilla. I was under the care of various physicians, and tried a great many kinds of medicines, but never obtained more than temporary relief. After taking Ayer's Sarsaparilla for a short time, my headache disappeared. It is the best blood purifier I ever used, and perfectly cured my dyspepsia. My health is completely restored.—Mary E. Springfield, Mass.

Ayer's Sarsaparilla.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Price 50¢ per bottle, \$1.00 per six bottles.

SOLUBLE PACIFIC GUANO FERTILIZER.

The leading Tobacco, Corn, Cotton and Wheat.

Of North Carolina, Virginia, Tennessee and Kentucky. 21 years on the market and unsurpassed in results. Has been analyzed by the U. S. Dept. of Agriculture, and found to contain 12,000,000 pounds of pure guano in its manufacture.

Backen's Arnica Salve.

THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all Skin Eruptions, and positively cures them, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Harry B. Garner.

The surplus of wheat in India and Russia is lower than usual, and the export demand for American wheat during the next three months promises an increase.

CURE FOR PILES.

Piles are frequently produced by a sense of weight in the back, joints and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, uneasiness of the stomach, and a moisture like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, bleeding and itching Piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, allaying the intense itching, and affording a permanent cure. Price 50 cents. Address, The Dr. Bosanko Medicine Co., Figures, O. For sale by G. E. Galtier.

Excelsior Planing Mills

Special Locals.

Minneapolis Binders! Excelsior Wagons.

"MINNIE" TO THE FRONT! The leading farmers are placing their orders for the NEW MINNEAPOLIS BINDERS. It is a model of beauty, simplicity and durability; the greatest work of the greatest inventor of the 19th century, J. F. APFLEBY.

The inventor of the only successful Twine Binder in the world. He is the owner and superintendent of the Minneapolis Harvester Works, the only Binder on this market that has the "PACKER TRIP". The Packer Trip prevents clogging or clogging up. Plenty of the leading farmers in this country who are using it can testify to the fact. We guarantee satisfaction and invite you to call and see for yourself.
