## FIRST SUNDAY IN SEPTEMBER

**Baptists Will Hold Services In  
Main Auditorium of New  
Church Building**

Members of the First Baptist Church were made happy Sunday morning when it was finally decided upon by Pastor C. H. Warren and membership to hold their first service in the main auditorium of the handsome new church building the first Sunday in September.

A suitable program will be arranged and a committee of five was appointed to issue a paper with a picture of the building and general invitation on the front page, with the following pages containing the week's program and historical sketch of the church.

Since the completion of the basement of the building, church services have been held in the Sunday School auditorium, but the membership has long since outgrown this place of worship. No wonder the announcement that they would begin holding services in the main auditorium the first Sunday in September was hailed with delight.

Some delay was caused by installing the pipe organ, but the builder gives every assurance of having the work completed within the next ten days or two weeks. Several hundred new song books have been ordered so all who attend services may take some part in the worship.

## REMODELING GRAHAM BLDG. ON WALNUT ST.

Work of remodeling and beautifying the building owned by the Graham Furniture Co. on Walnut street is in progress, preparatory to this big furniture establishment occupying the building about September 1.

This is one of the most substantially built structures in the city, and when the work now under way is completed, will be a handsome store building of two stories and basement, steam heated with all modern conveniences for an up-to-date furniture establishment.

The building is a large structure and has been used for a furniture store for many years. After Brown sold to Joe Wade & Co., the property changed hands several times. The Graham Furniture Co. purchased the property shortly after Ed Webb's death. But the occupants held a lease on the store rooms which is just now expiring.

## SAFETY FIRST

Next week during the Fair if autoists go under the viaduct instead of cross the railroad tracks at Browder's crossing their lives will not be endangered. Take this tip from us and go the viaduct route to and from the fair.

## WELCOME HOME

Friends of Ensign McFall Boaz welcome him home with clasped hands. Mr. Boaz arrived in the city Friday morning to spend his vacation with homelinks. He graduated and received his commission June 3, with the 1926 class of the U. S. Naval Academy.

## NEW TRANSFER TRUCK

B. J. Williams has added another truck to his large fleet of transfer machines. It is a large Graham car equipped with balloon tires and specially constructed body. With this truck Mr. Williams is splendidly prepared to move the entire household at one load without a scratch, and it matters not how far the distance.

## Fashions That Mirror the Autumn Mode

T. M. Franklin, who has recently returned from the New York market reports a delightful trip. While in the great metropolis his thoughts were centered on the folks back home and he lavishly purchased the choicest stocks he could find for the "Big Busy Store."

Mr. Franklin says, "The new in fashion begins to loom upon the horizon, and it is even now interesting to note the tendencies for the coming winter. Gone is the boyish silhouette; gone is the unadorned simplicity of the past two years. New frocks and coats introduce the new subtlety of autumn, 1926."

"Colors—the jungle green and channel red shades—lead all others, and rich, warm reds are dominant. Green is important. Beige holds its place in the sun when it is blended with gold and deep brown."

"Fabrics—Moire shows a distinct inclination to return to favor and its richness is enhanced in the new draped lines. Velvet, particularly as a trimming, is worth consideration."

"Belts—they go everywhere on frocks and coats. Sometimes they are wide enough to encompass the hips, sometimes half an inch. Quaint buckles or tiny bows clasp them smartly in front."

"We haven't time to give a complete forecast just now of the modes for autumn, rest assured, however, fashions that mirror the autumn mode will be reflected in every department throughout the store."

## Baseball Game This Afternoon

**American Legion vs. Fulton  
Railroaders.**

Baseball fans will have the pleasure of seeing the best game of the season at Fair Grounds Park when the American Legion team cross bats with the Railroaders. Both teams are in good trim to battle for supremacy. You will enjoy the game to-day. Game called at 4 o'clock.

## A WELL MERITED PROMOTION

Roy E. Pickering, who has been working at the Tennessee Division office of the Illinois Central in Fulton left Sunday night for Chicago, preparatory for taking over his work at Birmingham, Ala., as joint accountant of the I. C. and Central of Georgia railways. Working under the Chicago auditor of disbursements.

Mr. Pickering has served the I. C. loyally for the past ten years and his promotion is only in keeping with the appreciation of services rendered this road.

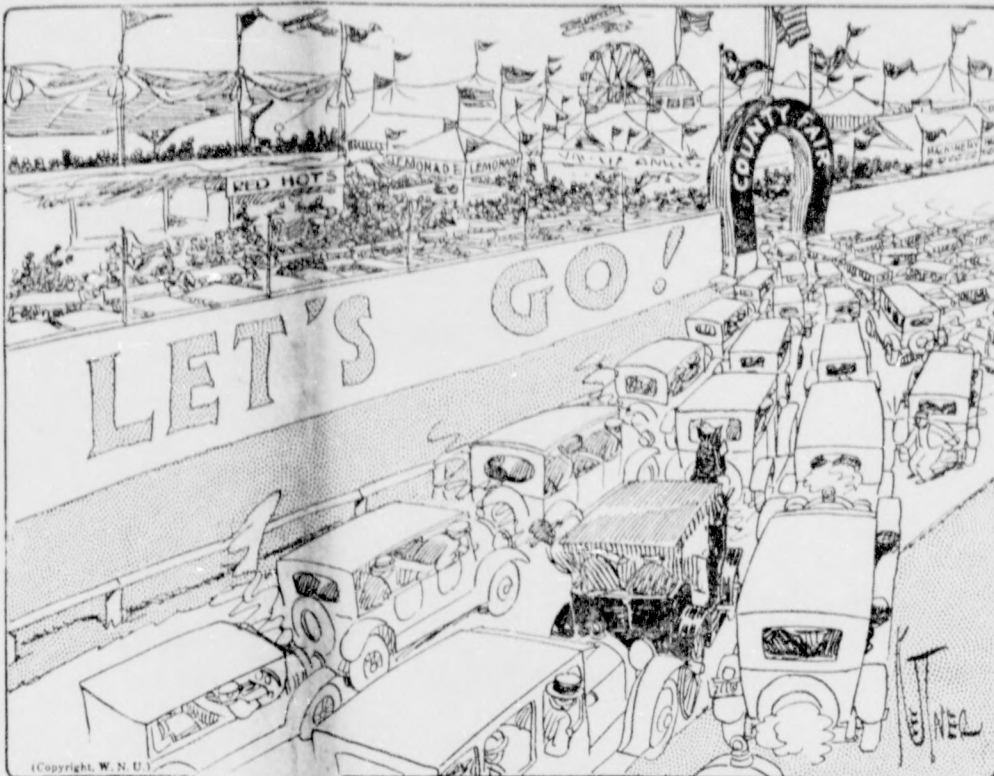

Mr. Pickering is Exalted Ruler of the local lodge of Elks and his removal from the city will be keenly felt in lodge circles as well as by a large circle of friends throughout the city who wish for him and his family happiness and prosperity in their new field of labor.

## Funeral Services for Mrs. G. W. Daws

Funeral services for Mrs. G. W. Daws, who died Tuesday night at her home on Fairview Avenue, were held from the residence Thursday, conducted by the Rev. C. H. Warren, interment following in Fairview cemetery.

Mrs. Daws was a member of the First Baptist Church and lived a consecrated Christian life. She resided in Fulton for years and was highly esteemed by a large acquaintance, who deeply sympathize with the bereaved in their hour of sorrow.

### PRETTY PARTY GIVEN FOR YOUNGER SET

Happy youthful faces rivalled a wealth of flowers in beauty at the home of Mr. and Mrs. H. T. Smith on Third street, when their charming daughters, Misses Sara Catron and Martha, entertained Thursday evening with a bridge party.

Nine tables were arranged for the game of bridge and one of rock.

Mrs. Chas. Price won box of french powder for high score, and Richard Brann, handkerchiefs for high in the bridge game. Miss Hattie Mae Godfrey won high score in the rock game. Delicious punch was served throughout the evening.

At the conclusion of the games dancing was enjoyed until a late hour when a lovely salad course was served.

The out-of-town guests were Miss Louise Nicholls, of Birmingham, Ala.; Miss Carolyn Cobb, Will D. Fry and King Davis, of Union City.

### MRS. SHEPHERD BRIDGE HOSTESS

A happy meeting of the Thursday bridge club was held Thursday afternoon with Mrs. Winfree Shepherd at her home on Eddings street.

Flowers in quantity gave rich color notes that emphasized the beauty of the rooms when four tables were in play at bridge.

Mints and Coca-Cola were served during the game.

In the final count, Mrs. R. I. Taylor received the guest prize for highest score, and Mrs. Lewis Weeks, club prize.

A beautiful salad course luncheon followed the game.

### MRS. BENNETT ENTERTAINS

It is to honor Misses Mayme Bennett, Nell Owen and Louise Binford who are soon leaving for college, that Mrs. Boyd Bennett is entertaining with a delightful party this afternoon.

Contests will be the diversion and lovely prizes will be given.

The rooms for the occasion will be a bower of summer flowers and in the late afternoon a delicious ice course will be served.

Mr. and Mrs. J. M. Bramham of Union City were the house guests of Mr. and Mrs. J. L. Crockett last week end.

### GEORGE HUDDLESTON IN RECITAL AT TRINITY CHURCH

Despite the inclement weather, a crowded house had the pleasure of hearing an exquisite recital of pipe organ numbers ranging from dainty sprightly bits to heavy numbers given Sunday evening by George Huddleston of New York City, who is the guest of his parents, Mr. and Mrs. Jake Huddleston.

The delicate shading of tones, the masterful expression and wide range of types of numbers proved that Mr. Huddleston will be one of the great.

Each composer was treated sympathetically and understandingly, their numbers being interpreted with an abundance of feeling and expression. Mr. Huddleston is organist and choir director of Trinity church, Cranford, N. J.

Fulton is justly proud of this young musician and always look forward with pleasure to his visits back home.

Mr. Huddleston will give an organ recital at the First Methodist church in Union City, Friday evening for the benefit of the building fund of the New Baptist church now in course of erection in that city.

### MISS HUDDLESTON RE- TURNS FROM CHAU- TAUQUA

Miss Dorris Huddleston has returned to Fulton after spending the summer in Chautauqua, N. Y., studying with the noted pipe organ teacher, Hugh Porter.

Miss Huddleston is recognized as one of the successful piano teachers in the city and is the efficient organist of the First Baptist church.

Miss LaVerne Browder, who has been with Miss Huddleston in Chautauqua, taking special course in art, stopped over in Chicago to visit friends before returning home.

### AFTERNOON BRIDGE

Among the beautiful social affairs of the week was the bridge given Tuesday afternoon by Mrs. R. M. Alford, at her home on Fourth street, to especially show courtesy to her daughter, Mrs. R. I. Taylor, of Hayti, Mo., and Mrs. P. T. Houser, of Dyersburg, Tenn., who are her house guests.

Flowers from the Alford garden were everywhere in abundance and in wonderful fragrance and beauty to do homage to the occasion.

The game was in play at six tables. Mrs. Robt. White won first high score prize; Mrs. Ed

Crockett received second high score while Mrs. Gideon Willingham made the fortunate cut for consolation.

The charming honorees were given pretty gifts for mementos.

At the conclusion of the game a beautiful as well as delicious salad course was served.

### ROTARY CLUB LUNCHEON

The editor was a guest of the Rotary Club at their noon luncheon at the Usona Hotel, Friday. We not only enjoyed the luncheon but the splendid program which was in charge of A. M. Nugent. Those who took part in the musical program were Miss Hattie May Godfrey, piano solo; Miss Mayme Bennett, flute solos; James Wallace Gordon and Goodwin Morris, saxophone and violin; Miss Gladys Bell, accompanist.

Mr. Nugent had a real message to deliver and prefaced his remarks with a beautiful poem, "The Bridge Builder," which was an inspiration to every Rotarian and visitor present for the higher ideals of serving his fellowman.

Bruce Cole, well known entertainer, read two poems to the delight of those who heard him.

R. S. Williams, in his talk, briefly mentioned that Fulton needed more lights and suggested an electric lighted "Welcome" sign across the street leading from the passenger station.

J. D. Davis, acting secretary, urged the members to use their influence on the magistrates of Hickman county in obtaining the right-of-way over about three miles of the route located in their county of the Fulton-Mayfield highway which the State has made appropriations for. If said right-of-way is not procured soon, the appropriations may be withdrawn and the road building delayed for years.

Mr. Davis is a good roads enthusiast and has probably done more effective work along this line for this vicinity than any other one man. We will add too, that the influence asked of the Rotarians can well be extended to every citizen of Fulton as we should all be vitally interested in said road. Now is the time to exert your influence and act quickly.

The Rotary club is a live working organization and is accomplishing much for Fulton. Its membership is composed of the leading business and professional men of the city who are alive to every good movement for the town's betterment.

## Nelson Invests In Fulton Real Estate

H. W. Nelson Construction Company closed a deal with Pickle & Browder last week for 18 acres of land near the coal chute. We understand a building will be erected and that the property will be used for a general repair shop and storage for their equipment.

The Nelson Company are large contractors and have much repair work. 116 dump cars, 3 monster shovels, 3 Western Wheeled Scraper Spreaders, 13 gasoline locomotives and other machinery were used on their recent contract with the I. C. Cut-Off out of Fulton.

In erecting their shops here, they fully realize that this is an ideal location. They contemplate a number of contracts in the South and want to be in a position to keep their equipment in good repair at all times and easy of access.

In fact, this move on the part of one of the largest contractors in the country may mean more to Fulton than we can say at this time.

H. W. Nelson believes there is a bright future for Fulton, and Fulton believes that there is nothing too big in the construction line for his company to handle with ease and satisfaction. This was fully demonstrated in the rapidly in which he completed the I. C. Cut-Off contract.

Another commendable feature of this company—they have associated with them, men of the highest class who are strictly business and pleasant to deal with. They have an established office on Walnut street.

### THREE FULTON NEGROES IN JAIL DELIVERY

When Seven Prisoners Escape from County Jail at Hickman.

Early Saturday morning, Jailor Tobe Jackson was disturbed from peaceful slumbers to find that seven prisoners in his care at the county jail had effected a delivery and left for parts unknown without his permission. Four prisoners who refused to leave the jail, gave the alarm.

E. L. King, with many aliases, charged with robbery, was the master mind and leader of the delivery, it is alleged. From what information can be gained of the said King, he had a criminal record that would make a Chicago gunman sit up and take notice.

In Hickman it is believed that he is the same artist that robbed R. H. Morgan, W. H. Morgan and J. C. Hooe, of Mayfield and Hopkinsville, who were guests at the La Clede hotel where King was registered. This same crook is also said to have administered "knock out drops" in water to Will L. Busby, editor of the Hickman Courier at the Price House and relieved him of what valuables he had in his possession.

But down in Hickman town they are not all asleep on the job, as was proven when King, the crook, looked into the barrel of Clarence Dick's gun at his garage.

King had left a new Dodge sedan in Dick's garage for repairs, which proved to have been stolen at Clinton, and the property of Read & Little, of Fulton. When the car was stolen at Clinton Read & Little offered a reward for its recovery and notices were sent out broadcast, giving a description of the car and numbers to identify it. So when the supposed owner called for the car, Mr. Dick covered his man with a gun and held him for the officers, who landed him in jail.

In making his escape, it is believed he had an accomplice on the outside to assist him.

Those who escaped with King were: Jimmie Miller, white, of Hickman, charged with malicious shooting; Jessie Williams, white, of lower end of Fulton county, held on charge of bootlegging and having a still; Milton Clark, house-breaking charge; Tom Bright, petit larceny; Jim Ligon, house-breaking, all negroes of Fulton; Harry Sharp, negro, of lower bottoms of Fulton county, housebreaking charge.

### A POOR POLICY

The citizen who regards himself too important or too big to take an interest in local affairs, is never missed when he leaves. He may imagine he is traveling along with the other people, but no one envies him or seeks the position which he holds.

It is poor policy to run contrary to the community spirit. This is something for the mutual benefit and protection of every resident, so all effort should be directed toward building it up, not tearing it down or ignoring it.

By setting himself up as better or above the community booster, the knocker imperils his own fortune and opportunities. So long as he lives here, he must go along with the community in its advancement. If he does not come down a bit and be sensible, he is apt to regret it.

In addition to all this, the booster will testify that he can enjoy life much better by taking the right attitude toward the place where he lives and all enterprises for community betterment.

### THE KEY TO PROGRESS

Said a business man recently, "I won't stand in the way of anything that is for the betterment of the community."

By such a statement of position, he demonstrated that he belonged to a large class that is inactive in every community that neither pulls back nor forward, but is willing to stand still and let the future take care of itself.

This is the worst enemy of cooperation. Nothing is ever accomplished by idleness—idle hands or idle brains. Even activity in the wrong direction is to be preferred to inactivity because it may be directed into the right channels.

The true test of cooperation is compromise—being able to work with others on every project that has the welfare of the community as its aim.

There may be projects which some business men do not heartily endorse, but they can not expect cooperation in the things in which they are interested if they do not lend a hand in all enterprises.

To take part only in those things in which you have an interest and stand aloof from those that do not appeal to you, is selfish, and practically makes cooperation impossible.

The success of a man depends upon his ability to cooperate. If he refuses, he throws every community effort out of joint. Heartly cooperation is the key to progress.

### MORE "PEP" WANTED

A radio broadcasting station sent out questionnaires to a large number of radio owners asking for suggestions regarding programs put on the air. The general tenor of the replies was a desire for more "pep" in

the programs. The listeners, with few exceptions, wanted no "long-winded speeches; in fact, expressed a liking for any at all, and a majority wanted semi-classical music, whatever that is.

The replies are typical of the age. We are slowly but surely being "pepped" to death. The many diversions and the complexity of life leave no time for reflection or sober thought. Even the radio fan, when he retires to the sacred precincts of the radio room at home, still wants "pep"—not something that will make him use his mind.

Practically every man, whatever his job may be, is constantly being urged to "step on it." The employer, as a rule, is seeking more work out of his employees. He feels compelled to run his business at high speed to keep alongside or ahead of his competition.

More "pep" is the spirit of the age. Only a very limited number want to hear an address, regardless of how worth while it may be. They prefer burning gasoline and oil. They are usually in search of thrills. So we have no young people also are restless and easily bored by things which people now of mature years enjoyed in their youth.

### FILL IN YOUR ENTRY BLANKS

The officials of the Fulton Poultry Association are especially pleased at the interest being taken in the poultry show to be held in connection with the county fair, and from advance indications there will be little room left for late comers.

Requests for additional entry blanks have been quite numerous and many who did not enter last year have made requests for blanks and information as to requirements for showing their birds. There is one thing that exhibitors may depend on and that is that all birds sent to the fair will be properly housed and cared for.

It is specially requested that all entry blanks be in the hands of the secretary by the 20th, so that there will be no confusion and delay at the last moment getting exhibits properly placed.

A special feature will be the display of a pair of featherless ducks, which Superintendent Watkins has induced a friend to loan him for exhibition during the fair. These ducks are not for sale, nor can any eggs be purchased. Mr. Watkins will be glad to give any information regarding them, however.

It is also expected that there will be on exhibition at least one pair of the much-talked-about Ki Wis, the new breed of chickens wearing hair instead of feathers, or rather, with feathers that resemble hair. These are not the Australian Ki Wi, but a recently developed breed to which has been given the same name.

These birds are unable to fly their wings being very small, and they can be kept within a very low fence on this account.

If you want two good papers for a year, send R. S. Williams, Fulton, Ky., \$1.25 for this paper and the Memphis Weekly Commercial Appeal. This special offer is only good for a short time. Send in your subscription at once.

### YOUNG MAN SO PLEASED WITH ARMY, WANTS HIS BROTHER TO ENLIST

In a recent news item of the Fall River Herald, Fall River, Massachusetts, Herbert L. Leonhardt, who enlisted in the army on November 16, 1925, is so pleased and likes the service so well that he hopes to induce his brother to enlist.

Leonhardt is serving with the Quartermaster Corps at the Army Base, Boston, Mass., and has been detailed as chauffeur for Brigadier General John D. Barrette.

The young men who are entering the army of today are finding that they can learn good trades that will in after years pay them a very remunerative salary, on leaving the service. Not only this, but the army is offering them these trades without one bit of cost to the soldier, and pays them while learning and promote them to higher salaries and higher grades in rank as they progress. We have right here at home in the states of Kentucky and Indiana, openings in branches of the service where you may learn the motor mechanics, cooks and bakers, electrical, radio telephony, and numerous other trades. Graded and preparatory schools are open to you. Enlist for Fort Harrison, Camp Knox, Ky., or Fort Thomas, Ky., and stay right at home. Liberal furloughs are given to all enlisted men. All kinds of athletic games are sponsored at these posts.

Call on Sgt. Dearing, Army Recruiting Office, Fulton, Ky. He will show you where you can do better than you are doing at the present time.

### FULTON PEOPLE IN AUTO CRASH

A party of Fulton people en route to Detroit suffered injuries last week in a car wreck in Indianapolis, according to news received by friends here. The party, including Mr. and Mrs. Albert Brann, Clarence Terrell, Miss Shelley Brann and Mrs. Frank P. Hall, left Fulton Tuesday morning for Detroit. At Indianapolis, the car, driven by Mr. Brann, collided with an ice truck. The car was turned over and their escape from serious injury was attributed to two heavy suit cases which held the car up and prevented it from crushing them. All were cut some by broken glass.

### WELL KNOWN CITIZEN PASSES AWAY

Sunday morning at 6:30 o'clock, W. M. Roberts, well known business man, passed away.

Mr. Roberts was born and reared in Henry County, Ky., and for several years he had lived in Fulton and run a restaurant on Central State street. He was 62 years of age and leaves to miss him, his devoted wife and five children, Mrs. Roscoe Freed, of Louisville, Ky.; Mrs. W. N. Lampton, of Liberty, Ky.; Charlie Roberts, of Louisville, Ky.; Mrs. Willie Dalton and Bailey Roberts of Fulton.

## Car Constructed Like a Steel Building

Essex Announces Coach Built In World's Largest Single Body Plant.

Above—The new Essex all-steel coach, described as "strong as a steel building." At the left, lower, is shown a 400 ton press which stamps out entire doors with a single operation. At the right two men are proving sturdiness of car by riding on outstretched doors.

Detroit—Any story of the new Essex all-steel coach is fundamentally the story of the \$10,000,000 body factory which produces the car. What the Hudson Motor Car Co. has done in the manufacture of Essex bodies is to make craftsmen of machines; machines do in a fraction of a minute work that the most highly skilled artisan, craftsman or artist could never hope to equal, from the standpoint of beauty and accuracy. The plant devoted to making the bodies expresses the industry's top mark in design and execution.

"Hand work" has long been a symbol of excellence of manufacture. Painstaking labor, directed by trained craft, has resulted in closest fit and smoothest finish. But "machine work" supplants it when the machine is designed and executed so as to perform quickly and surely operations that far excel the best of the hand craft.

Essentially, the Essex body plant is an aggregation of press-

ing and stamping machines. Upon them are formed the component parts of the body, which are so accurately made that they fit without question. Their union into a rigid whole is accomplished with a speed and uniformity almost beyond belief. A cowl, a door, or the corner of a body is fashioned on a giant press. The whole cowl is brought into being with one apparently effortless motion of a press that is exerting a force of 400 tons every time its plunger descends. The machine and the dies may represent \$100,000 worth of ability to manufacture with speed and exactness—an investment made with the certainty that the completed plant would function with greatest precision and the highest attainable speed.

The Hudson officials say that the plant is unique in being the largest bodybuilding unit in the industry, without a single body builder employed in it. Strictly speaking, and using the word in the sense in which it is usually accepted, perhaps there are no

human body-builders. But the machines certainly are body-builders in every sense of the word.

For the first time in the history of American industry, body-building has been made primarily a series of steel-stamping processes; for the first time, too, the bodies are being made on a 100 per cent progressive assembly system, already employed to such advantage in the manufacture of engines and chassis.

Everything in connection with the plant and the other means of making bodies complete was laid out a year ago. On top of the \$10,000,000 in the plant proper, an investment of \$5,000,000 was made in bringing other departments to a capacity that would measure up to that of the new unit. The plant and the expansions were completed on schedule time, and on the precise day originally determined, a schedule of the new all-steel bodies, to the number of 150, was put through.

THE TEN COMMANDMENTS—  
DUTIES TO GOD

LESSON TEXT—Exodus 20:1-17.  
GOLDEN TEXT—Thou shalt love the  
Lord thy God with all thine heart,  
with all thy soul and with all thy  
strength.

PRIMARY TOPIC—The Command-  
ments About God.

JUNIOR TOPIC—How to Serve God.

INTERMEDIATE AND SENIOR TOPIC—  
Loving and Honoring God.YOUNG PEOPLE AND ADULT TOPIC—  
God's Claims to Loving Service.

The Ten Commandments furnish us  
with the greatest moral code that the  
world has ever seen.

I. The Preface to the Decalogue  
(vv. 1, 2).

The Ten Commandments are based  
upon the truth set forth in the preface.  
Two great thoughts underlie this.  
What the Lord is and what He did.  
What He is is embodied in the name  
Jehovah-Elohim. The name Jehovah  
sets forth three great truths, viz.:

1. His all-sufficiency. All that He

is and does centers in Himself.

2. His sovereignty. There is no be-  
ing equal to Him, nor above Him. He  
is outside of and above every being in  
the universe. He is immanent and  
transcendent.3. His unchangeableness. The "I  
am that I am" (Ex. 3:14) may be ex-  
panded into "I am what I was." "I will  
be what I am." "Jesus Christ is the  
same yesterday, today and forever."  
(Heb. 13:8). The name Elohim signi-  
fies the strong and mighty one. What  
He did is asserted to be their deliver-  
ance from Egyptian bondage.II. The First Commandment (v. 3).  
"Thou shalt have no other gods be-  
fore Me" means literally, "Thou shalt  
have no other gods before My face."  
This commandment requires single-  
hearted worship and service. Every  
man has his god. It is either the true  
God or a false god. Life itself with all  
its activity is worship. The center  
around which our activities revolve is  
our God. This commandment may be  
broken:

1. By living for one's self. If one's

activities gather around himself he  
worships himself and is therefore an  
idolater.2. By making pleasure the goal of  
our lives and spending our time and  
money for sensual enjoyment.3. By being covetous (Col. 3:5).  
Every man who is greedy for more  
breaks this commandment.III. The Second Commandment  
(vv. 4-6).

The first commandment is directed  
against false gods. The second is di-  
rected against the worship of the true  
God with false forms. This command-  
ment may be broken:

1. By resorting to the use of crosses

and images in our worship.

2. By putting into the place of  
Christ the pope and following after  
priestcraft. It should be observed that  
this commandment is accompanied  
with a warning and a promise. The  
warning is that iniquity will be visited  
upon the children, even to the third  
and fourth generation. The promise is  
that He will show mercy to thousands.  
This means that the workings of the  
same divine law will pass on God's  
mercy to thousands of generations.IV. The Third Commandment (v. 7).  
The Hebrew word translated "vain"  
in this prohibition against taking the  
name of God in vain means lying, de-  
ceptive, unreal. Therefore, to take the  
name of God in vain means to use it  
in a lying, deceptive and unreal way.  
The word "guiltless" is from the Hebrew  
word, the meaning of which is to be  
clean, to go unpunished. The mean-  
ing, therefore, is that God will not hold  
such a man to be clean and will not  
allow him to go unpunished who takes  
the divine name in a lying and hypo-  
critical way.The third commandment may be  
broken:

1. By profanity.

2. By perjury.

3. By levity and frivolity.

4. By hypocrisy, which is profess-  
ing to live for God when living for self.V. The Fourth Commandment (v.  
8-11).

The essential principle embodied in  
this commandment is work and rest.  
It enjoins work on six days and for-  
bids work on the seventh. The com-  
mand to work six days is just as bind-  
ing as the rest on the seventh. Only  
those who have worked can really  
rest. This commandment may be  
broken:

1. By living in idleness.

2. By working on the day set apart  
for the worship of God.

3. By making it a day of feasting.

4. By devoting it to pleasure and  
games.

## FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat. Years of catering to the appetites of particular people make it possible for us to serve appetizing meals. The next time you want to eat away from home, bring your family here.

## Senour's FLOOR PAINT

### "It Penetrates"

IN the word "penetration," is a secret manufacturing process that has made Senour's Floor Paint a popular favorite for over 40 years.

If a floor paint does not penetrate or grip into the wood it will soon begin to crack, chip and peel.

Senour's Floor Paint dries over night with a high gloss enamel-like finish, but at the same time it sinks into the pores of the wood and forms a film that will withstand the hardest usage and will withstand repeated washings without dimming the lustre.

Every can of Senour's Floor Paint is guaranteed to give satisfaction if directions printed on the can are followed or money back upon receipt of empty can.

A color card is yours for the asking.

service at either hour, Sunday,  
the pastor being on a vacation.

The Yo-Pe-Mi-So met Mon-  
day with Misses Gladys Bell  
and Louella Wood at the home  
of the latter. The meeting was  
called to order by president  
and opened with song. Miss  
Dorothy Granberry, president,  
read the Bible lesson and Miss  
Louella Wood gave the com-  
ments. During the business  
session was voted that they at-  
tend the rally in Union City,  
August 25.

Mrs. Vodie Hardin was pres-  
ent and gave an interesting  
talk. Miss Gladys Bell was  
leader and gave the mission  
study.

Miss Mayme Bennett read a

7:30 p. m. Evening prayer  
and address.

Every one cordially invited  
to attend these services.

### Church News

After the evening services  
last Sunday, Mr. George Hud-  
dlestone gave a splendid organ  
recital that was attended by a  
large gathering, the church be-  
ing comfortably filled by the  
lovers of good music.

The various numbers of the  
program were received with  
apparent delight by the congre-  
gations, and the many congratu-  
lations and expressions of ap-  
preciation after the services,  
were proof of the pleasure ex-  
perienced by the listeners.

There will be no morning  
service at Trinity next Sunday  
as Dr. Boyd will be at Columbus  
where he will hold the usual  
morning service. He will re-  
turn to Fulton for the regular  
evening prayer and address.

Mrs. John Miles returned  
the last of the week from Pa-  
ducah, where she went the  
previous Sunday to accompany  
Mr. Miles to the I. C. hospital.  
The expected operation on Mr.  
Miles was not necessary and  
he returned to his post with the  
I. C. at Memphis.

Mrs. Geneva Phillips, of Pa-  
ducah, spent the week end with  
her sister, Mrs. John Miles.  
She returned to Paducah, Mon-  
day.

Mr. and Mrs. Don Taylor re-  
turned home Sunday afternoon,  
after a visit of over a week  
with the Charles Karmires at  
Shelbyville, Ind. They report  
a most pleasant visit.

Dr. Boyd has received a let-  
ter from Bishop Woodcock,  
dated at Paris, Aug. 2, in which  
he reports a delightful visit  
among the lakes and moun-  
tains of Switzerland, and oth-  
er points in England, sailing  
for home on September 8.

As reported last week, the  
storm of the night of the 6th  
blew a tree over on the roof of  
the Parish House. When Dr.  
Boyd and Mr. W. S. Boulton  
started to remove it, was found  
that another tree was in a dan-  
gerous condition, being badly  
decayed at the roots, and it  
was decided to remove that one  
also, as well as the only other  
tree growing close to the build-  
ing. The removal of these  
trees has greatly improved the  
appearance of the building.

On Thursday of last week  
Dr. Boyd performed the mar-  
riage ceremony for Mr. Wayne  
Cross and Miss Barbara Scott,  
of Sedalia, Ky. Owing to their  
marriage license having been  
issued at Mayfield, Dr. Boyd  
accompanied them some four  
or five miles east on the State  
Line Road and performed the  
ceremony on the highway, in  
Graves county.

Mrs. J. J. Shepherd return-  
ed to Fulton last week after an  
extended visit with her daugh-  
ter, Mrs. Clifton, in Louisville.

Mr. George Huddlestone will  
give an organ recital at the  
First Methodist Church in Un-  
ion City tonight, at 7:30. If  
the weather is not bad, there  
probably will be a considerable  
number of Fulton people in the  
audience.

The Mohawk club held a  
chicken supper in the home of  
Dr. Boyd last Wednesday night.  
The ladies of the members were  
present and assisted in both  
the disposal of the good things  
to eat and in the pleasure of  
the evening.

Joe R. Johnson and family, of  
Clinton, drove over Sunday and  
spent the day with Mr. Johnson's  
mother, Mrs. Mary E. Johnson,  
at the home of W. C. Porter, in  
Forestdale.

Mr. Mansfield and family, of  
South Fulton, returned home  
Monday from a week's visit to  
relatives at McKenzie, Tenn.

Mrs. J. R. Graves, of York-  
ville, Tenn., continues very sick  
at the home of her mother, Mrs.  
M. F. Gray, 105 Third street.  
Miss Lou C. Grayum, of St. Louis,  
is nursing her.

### SCOUTS RETURN HOME

The summer camp of the Boy  
Scouts at Camp Buwath on the  
Duck River was closed Wed-  
nesday of last week and was  
one of the most successful  
camps ever held by the Scouts  
of Fulton.

The camp site is ideally lo-  
cated near Paint Rock, on the  
Duck River, not far from Wav-  
erly, Tenn., and comprises all  
the essentials, wood, water and  
grass, as the old campers say,  
there being an abundance of  
shade trees, a fine spring and  
the nearby river for swimming.

Thanks to the generosity of  
the business men of Fulton, the  
committee has ample funds for  
properly equipping the camp,  
and the boys always turn out  
in sufficient numbers to 200.

There were 27 boys at the  
camp this year, divided into  
two squads, and there were at  
least two leaders on hand at all  
times to instruct and care for  
the boys.

A competent cook was em-  
ployed and the boys furnished  
two K. P. each day to wash up  
and help "Cooky." Each boy  
made his own bed and helped  
police tents and camp, so that  
there was no hardship for any  
individual.

Scoutmaster Hughes reports  
that only four boys were "tend-  
ed" and these only for a few  
hours, showing that discipline  
was easily maintained and that  
the boys appreciated the need  
therefor.

Scout Executive, Roy C. Man-  
chester, of Paducah, spent a  
day at camp and on his return  
to headquarters, wrote "Doc"  
Hughes a fine letter, compli-  
menting him on the set-up, san-  
itation, and discipline of the  
camp. He was particularly  
well pleased with the mess and  
food.

There was an exceptionally  
large number of visitors this  
year, some coming all the way  
from Paducah to inspect the  
camp, and many from Fulton  
and some from Union City. Not  
many, however, spent the night  
in camp.

On Tuesday, before return-  
ing to Fulton, the entire outfit  
went to Turners Grove, on  
Richland Creek, where the Un-  
ion City Scouts have their camp  
and spent a short time there.

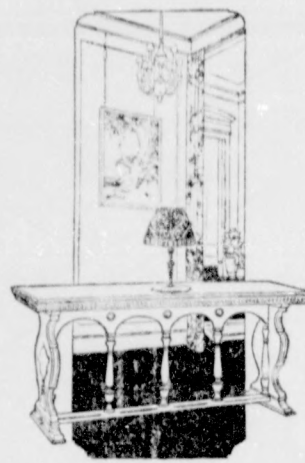

Dr. Hughes and other offi-  
cials of the Fulton organization  
are very well pleased with the  
camp this year and will prob-  
ably have a larger number of  
boys in the next year's encamp-  
ment.

### AN EXHILARATING EFFECT

A bottle of Herbine on the shelf at  
home is like having a doctor in the house  
all the time. It gives instant relief when  
the digestion gets out of order or the  
bowels fail to act. One or two doses is  
all that is necessary to start things mov-  
ing and restore that fine feeling of ex-  
hilaration and buoyancy of spirits which be-  
long only to perfect health. Price 60c.  
Sold by

## A Big Advantage on Rough Ground

The high, easy lift of the John Deere Mower  
is a big advantage in rough ground. You can  
raise the bar high enough to clear obstructions  
in the field, and cut with the bar in that  
position.

### John Deere Mower

The Mower with the High, Easy Lift

The powerful foot lift raises the outer  
shoe from 25 to 35 inches and the inner  
shoe from 8 to 11 inches. The hand lift  
raises the outer shoe 44 inches and the  
inner shoe high enough to clear any ob-  
struction passed by the doubletrees.

The John Deere is simple and sturdy  
its parts are strong and long-lived and its  
construction is so simple that a boy can  
operate it safely and do good work.

If you intend to buy a mower be  
sure to see the John Deere. We  
will be pleased to show you  
its many fine points any time.
