WHAT amount of taxes does the outside printing salesman or his firm pay in Ful-

town? How much does he or his firm contribute to the development and the up-

building of the community?

What interest do they manifest in our worthy community affairs?

What amount of money do these outside printing salesmen, or their firms

spend with Fulton merchants? Do they go far and wide telling hundreds of

people of the worthwhile movements and individual enterprises in Fulton?

Do they ever give a second thought to Fulton in regard to what they can do to

help it? rather than what they can sell her to get money?

THE DIVORCE COURT MURDER

By Milton Propper

The divorce court murder has created a great sensation in the city. The police have made a number of arrests in connection with the crime, one of which was made when a man, identified as William O. Brown, was seen disposing of a package in the vicinity of the scene of the crime. The police say that the package contained a large amount of money and other evidence. It is believed that the men arrested were acting as agents for a woman, who is suspected of killing her husband in a fit of rage. She is said to have been seen with the man who disposed of the package, and it is believed that she may have been involved in the murder.
SOCIAL EVENTS of the WEEK

Mrs. Louis Dever, descendant of early pioneers, was hostess at the annual Memorial Day celebration at the Fairview Cemetery in Fulton, Kentucky. The program included a parade, a Memorial Day service, and a picnic in the cemetery. The event was attended by many residents of the community, who came together to honor the memory of those who had served their country.
