South Fulton, Tenn.

Will Vote at $40,000 Sewerage Bond Issue on Oct., 1926

On October 1, the citizens of South Fulton, Tenn., will vote on a $40,000 bond issue for a sewerage system. A vote of four to three was recorded in favor of the bond issue at the meeting of the board of aldermen.

The bond issue was presented by the officer of the city and the position further cited the city's financial condition, the need for a sewerage system, and the necessity for the city to have a sewerage system in order to keep up with the city's growth.

The bond issue will be voted on at the next meeting of the board of aldermen, which will be held on October 1.

Everybody Enjoyed the Fair.

The Fulton County Fair held on October 1 was a brilliant success from start to finish and the fair's aim was to be accomplished.

The fair was opened at 10:30 a.m. with the singing of "Hymn to Peace and Plenty," and continued until 11:30 a.m. with the singing of "Hymn to Peace and Plenty Again." The fair was closed at 2:00 p.m. with the singing of "Hymn to Peace and Plenty Again Again." The fair was attended by the following persons: Misses Goldsby and Cantrell, Miss Huddleson, Misses Cantrell and Junior Choir.

The library facilities of the fair will be improved this year by the addition of two new and much-needed buildings.

FOOD LIKE YOU GET AT HOME
This is truly a home-like restaurant because it has endeavored to break down the prejudices based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between what we serve at home and what we serve here. That's the reason they come here so frequently to eat.

Years of catering to the appetites of particular people make it possible for us to serve appetizing meals.

The next time you want to eat away from home, bring your family here.

building. The second building was designed to be a two-story structure, which was to be built in分期, or parts, as funds became available. The committee was to be responsible for the completion of the first building. As a result of the decision, the committee was enlarged to include J. H. Huddleston, M. E. Wilson, and G. T. Tandy Smith, architect.

The building fund was raised by the sale of subscriptions, with a goal of $5,000. The subscriptions were sold for $1 each, with the subscription money to be used for the purchase of the building site and the construction of the first building. The committee was to be responsible for the oversight of the construction of the building.

The first building was completed in 1920, and the second building was completed in 1923. The First Baptist Church of Fulton continues to operate on the site to this day, with the second building serving as the sanctuary for worship services.

Saturdays night is a mighty good time to ask yourself this question: "Is our community sending more money out of town than is coming in each week?" Of course the only safe answer is "NO!"

This means that we folks in this neighborhood must patronize local supply men and merchants if we expect our town to prosper and "stay on the map."

Frankly, it means that every citizen will find it most profitable to read the advertisements in this paper every issue, and to follow their good advice.

Our advertisers are all personally interested in this town—and in YOU. They are helping you build a better home community. When business is good, their profits are being shared with you in an endless chain of co-operative betterment.

Railway Taxes Mounting

The railroads are constantly seeking economies that will reduce their operating, repair, and capital expenses. That they are successful in such efforts is indicated by the fact that not merely one but all of these important and worthwhile economies have in the last few years resulted from the notable railway reduction in the last few years. This is the way this general has been doing it:

In the 1920 century the railway taxes for 1926 amounted to approximately $4,000,000 a day. Every year since then they have increased over the preceding year, and for 1926 they will exceed $10,000,000 a day. And almost every year since then they have been increasing by the amount of 10 cents. The taxes levied upon and collected from the railroads are the principal factor in making for greatly increased railway taxes. In the six years, from 1920 to 1926, the railroads have increased their debts approximately six and one-half per cent of local government expenditures. The public, which pays all taxes in one form or another, is the ultimate beneficiary of all moves for tax reduction.
