MR. AND MRS. JEFF KETCHAM DIE IN SUPPOSED SUICIDE AGREEMENT HERE LAST NIGHT

ONE SHOT WAS HEARD.

One of the bodies was that of Mr. Ketcham, a farmer of the Presbyterian church, said to be 50 years old, who had been found to be dead at 5:30 o'clock this morning.

The bodies were found in the farm house, which is located on the southwest corner of the town.

In his left hand Mr. Ketcham was found with the gun, and it is supposed that he shot himself in the head.

A father and stepmother were in attendance.

The bodies are now at the funeral parlor of the town.

England to Use Tariff

Two news articles in yesterday's Sun headlined "England to Use Tariff" set forth the fact that England is preparing to impose a tariff. The first article states that "England has been suffering from the present American tariff law. While the news article did not mention England specifically, it indicated that the tariff imposition by England is to be used principally against this country, because our tariff has had a hard time being understood. England has been making it clear to the world that their action is more than a tariff."

The second article states that "England has long been a leader in the development of the tariff. Their move is seen as a strong indication of the world trade. They have been making it clear that they are coming to the conclusion that they should have it understood."

Purity counts in cigarettes, too

Making cigarettes as pure as they can be made is our business. And it’s your business, too—because you smoke them.

All the materials that go into the making of Chesterfield cigarettes are tested again and again by expert research chemists to see that they are absolutely clean and pure. Just like the things you eat or drink.

The tobacco is pure. The right kind—mild, sweet and ripe—Handed throughout by the most modern machinery.

The paper is pure. Clean. White. The best cigarette paper that money can buy.

There is cleanliness in every step of Chesterfield's manufacture. Old-fashioned methods have been discarded, and Chesterfields are made and packed in modern sanitary factories where every hand is washed, and changed every four-and-one-half minutes.

Every day men and women are changing to Chesterfields. And changing for good! Four big reasons clinch the choice: Milder—Taste Better—Pure—Rich.

 coffeesm shows Value in Aviation

A-VIATION seems to have been a foster paren
to aviators, who, in their youth,
have often wondered what it is like to
fly, and have often dreamed of
flying themselves. This is especially
true of the many who have been
in the service of the United States
Air Force and the Civil Aeronautics
Authority. A few of them have been
lucky enough to have the opportunity
to fly, and many of them have been
enough to have the opportunity
to fly, and many of them have been

BROWDER'S SPECIAL HIGHEST GRADE SELF-RISING FLOUR

It has always been our policy to manufac
ture high grade products. As an in
titution we take pride in maintaining a
quality that is always uniform.

This is a day of advancement. We
can't stand still. We must go forward or
else go backward. And one of the forward
steps we have taken is the manufactur-
ing of "BROWDER'S SPECIAL" Self-
Rising Flour.

If you want a flour that is superior
in color, uniformity and quality call for
Browder's Special. Every sack guaran-
teed. Your favorite grocer has it.
