Enthusiastic Road Meeting

Fulton Chamber of Commerce

The importance of a good road system is frequently overlooked, but it should be given the attention it deserves. A well-planned and constructed road will pay for itself many times over in increased business and reduced transportation costs. The Fulton Chamber of Commerce is actively working to improve our roads, and we encourage all members to support these efforts.

Senour's FLOOR PAINT

"It Penetrates"

In the past "penetration" has been a secret manufacturing process which characterized the Senour Paint. Now, in the famous Senour Paint, it is made public, and both consumers and painters alike will be pleased to learn that it has been accomplished without any sacrifice in quality.

The secret of penetration lies in an entirely new formula which, when properly applied, makes it possible to penetrate the pores of the wood and form a film that will resist water and the action of weather.

The new Senour Paint is guaranteed to give satisfaction if directions printed on the can are followed or money back upon return of empty can.

STATE REPRESENTATIVE IN Fulton

Mrs. Martin Sisley, a representative from the Bureau of Vital Statistics, of the State Board of Health, spent several days in Fulton county this week visiting the homes of all the doctors, undertakers, ministers, and others visiting the cooperators for cooperation and suggestions. With the cooperation of the United States Census Bureau, the state is enabled to send certificates of births to each birth and death certificate should reach the board by October 14, or the birth and death certificate will not be issued. If mothers do not return these certificates within a reasonable time, they should be in possession of the birth and death certificate to be issued. The state has been informed of the birth of 160 children, 15 of whom have been issued, but will not be issued unless the certificate is returned within a reasonable time. The certificate is to be returned to the county clerk and then to the state. Any person who is not a resident of the county in which the birth took place, shall be required to furnish a permit for the certificate. It is a violation of the law to fail to return a certificate in a reasonable time.

A FRIEND

A friend is a person who is true to you, who sees the good in you, without reproach, without objection. He never views your failures, he never looks to find fault. He never reveals your secrets, he never betrays your trust or confidence. He never takes advantage of you. He never brings reproach upon you. He never refuses to support you. He never fails to give you the benefit of the doubt. He never overlooks your faults.

faith in human nature, that he is the antidote to despair. You give to him without reserve, and he is the one you can confide in. He is the shade of a great tree in a hot day. With him you can utter your soul, just as you are. It is he that keeps alive your interest in life. He is the antithesis to despair. You give to him without reserve, and he is the one you can confide in.

It is the area that is protected. Cumberland Falls is in line with nation-wide industrial and intellectual development that is helping to make the people more conscious of the fact that there has been a great development at Niagara Falls. It has been done in California. You give to him without reserve, and he is the one you can confide in.
