his Yacht.

NOW IN THE GULF ON HIS WAY TO WASHINGTON.

New Orleans, Oct. 26—After a near
escape from being run into by the
President's yacht near New Or-
leans, on which the President had
sailed, the President had a close call
in the same vicinity on his other
yacht, the Magnolia, his steamer,
which was also the object of a near
collision by running aground on a
sandbar in the Mississippi River.

It was feared that the col-
cision would have been fatal to
the vessel, but a careful search
of the wreck showed that there was
no damage to the vessel, and the
President was saved. A few days
ago, the Magnolia, his steamer,
which was sinking in shallow wa-
ters, was saved by a pilot boat.

The President had been sail-
ing in the Magnolia when the col-
cision occurred, and was rescued
by a pilot boat. The President
was unharmed, but the steamer
was damaged by the collision.

Do you worry about nothing? Startle at trifles? Feel irritable, peevish, sad and blue? Suffer from neuralgia, sick headache, dizziness, backache, beating-down pains? If so, your nerves are stretched to the snapping point, like the string on a fiddle twisted up out of tune, which scratches at the least touch. You are in a dangerous condition of health and need a medicine to take the strain off your nerves. If you are a woman, what has overrun you is probably disordered menstruality, which, in women, makes more trouble, pain and nervousness than any other single cause. The thing to do is to follow the example, being set daily by thousands of women, and take the good, old, reliable remedy for female disease, with a record of 70 years of success, in the cure of female diseases, viz:
