Says Home-made Mixture is Easily Prepared, and Cures Weak Kidney and Bladder.

Here is a simple home-made mixture as given by an eminent authority on Kidney diseases, who makes the statement that it will relieve almost any case of Kidney trouble if taken before the stage of Bright's disease. He states that such symptoms as lame back, pain in the side, frequent desire to urinate, especially at night, painful and discolored urination, are readily overcome. Here is the recipe. Try it:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Take a teaspoonful after each meal and at bedtime.

A well-known druggist here in town is authority that these ingredients are all harmless and easily mixed at home by shaking well in a bottle. This mixture has a peculiar healing and soothing effect upon the entire Kidney and Urinary structure, and often overcomes the worst forms of Rheumatism in just a little while. This mixture is said to remove all blood disorders and cure the Rheumatism by forcing the Kidneys to filter and strain from the blood and system all uric acid and foul, decomposed waste matter, which cause these afflictions. Try it if you aren't well. Save the prescription.

A Surprise Party.

On Nov. 25th Mr. S. R. Turner was surprised with an excellent dinner given by his wife and friends. To his great surprise on returning home to dinner he saw many horses and buggies and as he entered the house he saw a large congregation of friends and relatives, and thinking something serious had happened he looked very strangely in to see what it was. There were many presents presented to him as birthday greeting. His clear blue eyes sparkled like stars in the sky. Mr. Turner seemed to appreciate this day very much. Mr. Robert Turner has been living here for some three years and has many warm friends in this locality. Mr. Turner gives his many warm thanks to his friends and kindred for their many presents and highly appreciated dinner which was given him.

MUCH INTEREST

Full Particulars and Rules Governing are Published in This Paper.

The Murray Ledger's piano contest is now on. The polls opened Monday and nominations are coming in daily. This is the first contest of the kind ever given in the county and is awakening much interest. The instruments to be given away are two fine \$425 Smith & Barnes pianos, one of the best makes on the market, and will be given free to some young ladies for securing new subscriptions to the Ledger or collecting subscriptions due or in advance. It is a prize worthy of a little effort and will make some young lady happy for life.

Besides the pianos, there will be other nice and valuable prizes offered which will be awarded probably every two weeks. Every young lady entered in this contest will have an equal chance to win the pianos or one of the special prizes—no more than one special prize will be awarded any one contestant.

The voting will be entirely fair to all contestants and will be under the supervision of three judges whose honesty, integrity and fairness will not be questioned by any.

The following gentlemen have kindly consented to act as judges of this contest:

JUDGES:

S. H. Dees, Cashier Bank of Murray.
C. B. Fulton, Cashier Farmers & Merchants Bank.
F. P. Stum, Cashier Citizens Bank.

THE BALLOT.

We have secured a regular ballot box which has been inspected by the judges after which it was locked and they are to retain the keys till the close of the contest. The ballot box will be left in this office so the votes can be deposited as received. At the close of the contest the box will be opened by judges who will count the votes and award the prizes. The district prizes will be awarded by the editor of the paper and will be based on the cash received solely.

Each contestant will be supplied with receipts, etc., necessary to go to work and each week the standing of each contestant will be given approximately based on the amount of money she has collected. Coupons will also be printed in each issue of the Ledger good for a certain number of votes which may be gathered up by the contestants from subscribers of the Ledger and deposited in the ballot box but will not be counted weekly, but will be counted at the close of the contest. Thus, this office will never know which candidate is really ahead till the contest closes.

You will find more about this contest in another column.

Nominations are coming in daily from both town and county. We will publish a complete list of all names received next week. If you have a friend you would like to see receive one of the handsome pianos clip out the nominating blank and send to us before next week's paper is printed. Any young lady, married or single, is eligible to enter. Below is a list of the young ladies of Murray who have been named as the most popular in the city:

Her Heart Was Broken

because her complexion was bad and she could find nothing to clear it up. Ladies: a bad complexion is caused by an inactive liver. An inactive liver will be put in perfect condition by taking Ballard's Herbs. The unequalled liver regulator. Sold by Dale & Stubblefield and H. D. Thornton & Co.

Folks We Know.

The Ledger is in receipt of a copy of the Mineral Bluff, Ga., Herald and notice the following very complimentary notice of two of Murray's splendid teachers:

"We are having a fine school under the efficient management of Mrs. Curd, Misses Miller and McNeelley. Visit the school and you will find our teachers progressive, thorough, kind and gentle, with perfect order. You will decide this is the best school we have had."

Mrs. Curd was a teacher in our schools here for several years and was acknowledged to be one of the most competent instructors ever employed at this place. The Ledger is glad to learn of her continued success. Miss Wadie Miller is a daughter of H. B. Miller, of this place, and is a talented and popular young lady.

Medicine That is Medicine.

"I have suffered a good deal with malaria and stomach complaints, but I have now found a remedy that keeps me well, and that remedy is Electric Bitters; a medicine that is medicine for stomach and liver troubles, and for run down conditions," says W. C. Kiestler, of Halliday, Ark. Electric Bitters purify and enrich the blood, tone-up the nerves, and impart vigor and energy to the weak. Your money will be refunded if it fails to help you. 50c at H. D. Thornton & Co., drug store.

Dr. Beard's Successor.

The Paducah Sun says: "Either Mike Griffin, the well known tobacco man, or Dr. O. R. Kidd, of this city, has a good chance of succeeding Dr. Milton Board on the state board of control. Both are Democrats and applicants. The place will go to western Kentucky."

A Frankfort dispatch says: "Governor Willson has a big job on his hands selecting a Democrat to fill the vacancy on the board of control that will take place January 1, of next year when Dr. Board's term expires."

In a list of forty-seven other applicants and those mentioned is the name of A. J. G. Wells, of Murray.

Guilty Of Counterfeiting.

Passing counterfeit money is no worse than substituting some unknown worthless remedy for Foley's Honey and Tar, the great cough and cold remedy that cures the most obstinate coughs and heals the lungs. Sold by all druggists.

NAME WAS USED WITHOUT AUTHORITY

McCracken County Farmer Orders Name Withdrawn From Association Suit.

As further evidence that the suit filed last week in the circuit court of McCracken county, asking that a receiver be appointed for the Planters' Protective Association, is a dirty trick of the trust and its aiders and abettors to disrupt and disorganize the farmers' association we publish the following from the Courier-Journal of the 9th inst:

"Paducah, Ky., Dec. 8.—Ed Willett, one of the nominal petitioners in the suit for a receiver for the Planters' Protective Association, in the letter to a local paper to-morrow, will say:

"My name was used without my authority, knowledge or consent, and I have this day instructed Mike Oliver, the attorney who filed the suit, to strike my name from the action. Being a farmer, myself, I am the last person on earth to do anything that would be inimical to their interests or a stumbling block in the way of their lawful progress."

Mr. Willett denies that he belongs to any law and order league or that he and others have been discussing for some time the best method of proceeding with such an action."

Pledging for Three Years.

Encouraging prospects in Trigg county for the Planter's Protective Association were reported Monday at the regular monthly meeting of the county branch of

the organization held in Cadiz. Many of the district chairmen reported that their districts had been pledged solid for the next three years and their work of securing renewals to the pool was at an end. The details of the meeting are given by Judge G. B. Bingham of Cadiz, secretary of the Trigg county organization, in the following letter:

"A full meeting of the Trigg county branch of the Planter's Protective Association was held here Monday. Reports from every district showed that the work of securing pledges for the crops of 1909-10-11 is progressing satisfactorily. Several reported every crop in their district pledged and turned in their work as finished. Others had not been so active, but were given until the next meeting to secure the pledges.

"In no part of the county was there any friction and by the next meeting every crop in the county practically will be in. At least seventy-five per cent of the crop in the county has been pledged to the Association."

It Is A Wonder,

Chamberlain's Liniment is one of the most remarkable preparations yet produced for the relief of rheumatic pains, and for lame back, sprains and bruises. The quick relief from pain which it affords in cases of rheumatism is alone worth many times its cost. Price 25 cents; large size 50 cents. For sale by Dale & Stubblefield.

Hoarse coughs and stuffy colds that may develop into pneumonia over night are quickly cured by Foley's Honey and Tar, as it soothes inflamed membranes, heats the lungs, and expels the cold from the system. Sold by all druggists.

PUBLISHED WEEKLY.
MURRAY : KENTUCKY.

THE TOPICS OF A WEEK

Judge T. E. Matthews at Nashville, Tenn., Thursday delivered his opinion in the eight writs of habeas corpus by which the eight alleged night riders now confined in the Davidson county, (Tenn.) jail sought to obtain their release from custody, granting the relief asked, and fixing the amount of bail according to the suggestion of counsel for the petitioners Wednesday. Four of the prisoners were granted bail in the sum of \$10,000 and four for half that amount each. The sheriff of Davidson county was ordered to turn over the prisoners to the sheriff of Obion county and that official is directed to release the prisoners when a good and sufficient bond is made. Judge Matthews did not decide the question of the legality of the Obion County Court, saying that that was not necessary, but intimated that if called upon to do so, he would decide it illegal. He said that the caption of the minutes of the court was claimed by the petitioners to be fraudulent and if the court has passed upon this question he would so hold. He stated that the arrest of the prisoners was illegal and likewise their detention. That no legal forms or usages has at all been followed. He said further that the prisoners are entitled to their release outright, but that they had voluntarily agreed to accept bail, and he would permit it.

Governor Haskell Thursday night issued a proclamation declaring that the state dispensary system had been abolished by the vote at the recent election, which leaves the citizens of Oklahoma without any lawful means to purchase inside the state liquor for medical purposes. Governor Haskell will leave to the courts the question whether or not the law permitting the sale of alcohol for scientific purposes and denatured alcohol for industrial purposes and establishing a depository for confiscated liquors was repealed. If not, the office of state dispensary superintendent, held by R. E. Loefer, will be continued for the purpose named. The majority against the dispensary was 16,000.

Unless Congress enacts legislation to meet conditions growing out of the present railroad rate law, officials at Washington are fearful that the military display in the inaugural parade will not be as large as it was four years ago. The Trunk Line Association, it is declared, adheres to the policy that under the present rate law, no distinction in rates can be made between uniformed troops and civilians.

Secretary Wright of the War Department Thursday stated that he knows no reason to change the plan for the complete evacuation of Cuba by American troops. This statement was made after a conference with Governor Magoon, who arrived at Washington Thursday.

Poison conveyed in a letter mailed in San Francisco Wednesday is believed to have caused the death of Henry Boas, who was discovered in a dying condition in his apartments early Thursday morning and who expired a few minutes later without regaining consciousness.

Emil F. Peterson, a 19-year-old student at the Lincoln Business College, Lincoln, Neb., took a fatal dose of cyanide of potassium because of despair over a physical infirmity which caused him to limp.

Judge D. B. Redwine of Jackson, Ky., chief attorney for Beach Hargis, says Hargis' health is growing steadily worse, and he may be physically unable to stand trial at Irvine Dec. 9 for the murder of his father.

Climbing up the sides of a steep bluff near Whiteville, Tenn., carrying a loaded shotgun, Ralph Rautcher, 14 years old, stumbled and fell, discharging the gun, which tore a great wound in his side, killing him.

Dr. C. E. Damrell, County Health Officer, who is considerably under five feet in height, is having trouble in convincing the hotel keepers of Enid, Okla., that it is necessary to put nine-foot sheets on their beds.

This is the week during which the farmers are meeting throughout the country in thousands of school houses and discussing economic questions as suggested by President Roosevelt and arranged through the Commission on Country Life. The president's request to the commission was to ask the farmers to come together in the several school districts of the country so that they may meet and consider the general economic, social, sanitary or educational conditions of country life in their respective neighborhood. The president suggests the following topics: The efficiency of the rural schools; farmers' organizations; the question of farm labor; the need of good roads; improved postal facilities; sanitary conditions on the farm. The commission has issued a series of questions on which information is desired. Copies of these questions (which are in the nature of suggestions) may be secured by addressing the Commission on Country Life, at Washington, D. C. The commission desires to have the judgments of competent men and women on any of these great public questions, and to receive suggestions as to whether the government can aid in improving any of the conditions of country life. The commission desires that a brief statement of the general conclusions arrived at in these discussions be sent to the office in Washington.

The end to one of Tennessee's most noted criminal trials occurred at Somerville, Tenn., when a jury found Rev. Dr. R. C. Hammers guilty of violating the age of consent law, fixing the punishment at three years in the penitentiary. A motion for a new trial will be argued Wednesday and the case is certain to go to the Supreme Court in the event of a denial. Dr. Hammers who was once a Methodist clergyman in Baltimore, Washington and Memphis, was indicted over a year ago. The young woman, Miss Elina Vaughn, and her mother testified against him.

No trial in this community has ever occurred that caused such a sentiment, owing to spicy testimony brought out by the defense tending to show that the attentions of mother and daughter had been forced upon him.

An injunction was issued at Pashuska, Okla., restraining the Indian Territory Illuminating Oil Company from piping oil and gas out of the state and from constructing lines along the highways of the state. The injunction asks that the company be ousted from the state for violation of the statutes and constitutional provisions of Oklahoma. The state alleges that the company is violating the law against the restraint of trade, in addition to disregarding the statute which denies the right of eminent domain to a foreign corporation.

The De Soto Business Men's and Property Owners' Association, and organization comprising practically every business man in De Soto, Mo., unanimously adopted a resolution Tuesday asking the state legislature to repeal the two-cent fare law, on the ground that its enforcement works a hardship, not only to the roads, but also to railroad employees.

The body of Douglas Steele, a moulder, with the head entirely severed, was found Sunday morning on the Southern Railway track near Dalton, Ga. The coroner's physician gave as his opinion that the man had been murdered.

The horse barn at the State Industrial School west of Kearney, Neb., burned. Twenty-four horses perished.

W. P. Turner, a hardware merchant of Charleston, Miss., was shot and killed by J. S. Hoskins, a patent specialty agent. Turner had threatened in the presence of several to run Hoskins out of town or kill him, and when they met on the streets the shot was fired.

While making soap at her home near Camargo, Ky., Mrs. Frank Horton, wife of a prominent farmer, was badly burned by hot grease.

In a fight at Milt Smith's distillery, near Kettle, Ky., between Cyrus and Carl Stailer, brothers, on one side, and Milt Smith and James Holden on the other, both Smith and Holden were dangerously stabbed by the Stailers.

The thumb-print as a signature has received the official endorsement of Secretary Garfield and the Interior Department concerning the transaction of the Osage Indians.

Thirty-four members of the junior class in the Grand Rapids (Mich.) Veterinary College walked out of a classroom when two negro students entered to resume their studies. Because of the objections of other students, the colored men had been excluded when they returned to college this year and the negroes appealed to the courts. Judge Perkins mandamus the college management to admit the two colored students on the ground that the college being a quasi-public institution, has no right to discriminate against citizens because of their color. After the strike the school authorities suspended the entire junior class, including the two colored students.

In a suit for \$10,000 filed at Magnolia, Miss., by James Statham against Louis Heidreich and Arthur Wheelock, it is alleged that Heidreich and Wheelock prevailed on a 12-year-old son of the plaintiff to accompany him on a hunting trip. During the hunt a gun in the hands of one of the men was accidentally discharged, the full load entering the back of the boy's head and producing wounds from which he subsequently died.

Albert Nicholas, 16 years old, accidentally shot himself in the hand and died in agony from lockjaw, at Newport, Ky. Nicholas' pet dog was indirectly responsible for the accident. It tugged at the bed clothing at 2 o'clock in the morning, awakening the boy from his sleep, and fearing it was a burglar he made a quick grab for the pistol under a pillow.

While a passenger on a Southern Railway train near Greenville, Tenn., John Parker of Washington county became violently insane. Pulling a pistol he began firing promiscuously, a young man named Lowery being wounded in the left arm. When Parker was overpowered two pistols were found on him. He was jailed at Greenville and relatives notified.

Mrs. Armanda Boatman of Lee County, Iowa, has filed suit against her son, Henry Smith, living near Granite, Okla., for breach of contract, charging that 20 years ago she furnished the money with which he bought land in Missouri, the agreement being that he was to look after the support of his mother during the remainder of her life.

William Smith brought suit against William Lorang, one of Hartington's (Neb.) saloon keepers, for \$3000 damage, claiming that Smith bought liquor at the Lorang saloon, became intoxicated and was thrown out on the street and suffered a broken arm and was otherwise badly bruised. The jury awarded Smith \$100.

Orville Wright who has been confined to his home at Dayton, Ohio, since his arrival from the hospital at Fort Meyers, has so far recovered that he announced Monday his intention to visit France at once. The trip will be undertaken within the next 30 days at most and possibly next week if he gains sufficiently in strength.

The voters of Hutchinson, Kas., appear to take little interest in the coming special election to be held for the purpose of voting \$100,000 bonds for the erection of a new high-school building. The books were open two days before one woman entered her name.

By using a cotton stalk to discharge the weapon, L. P. Prock, an aged cotton grower residing near Hollis, Okla., committed suicide in his cotton field. He placed the butt of the gun upon the ground and his forehead over the muzzle.

An explosion and fire, resulting from pouring oil on kndling in a cook stove, destroyed the home of W. H. Gregory, at Paducah, Ky., and Mrs. Gregory, who was standing over the stove starting the fire, was painfully burned on the face, arms and body.

Earnest Ferrall, a farmer who lived near Sherman, Ky., shot himself in a corncrib, his head being almost blown from his body.

The Mayor of Jackson, Tenn., imposed a fine of \$50 each in four charges against Will McCarty, proprietor of a soft drink stand on South Market street, on the charge of bootlegging.

Work is progressing rapidly on the new \$75,000 courthouse at Okmulgee, Okla., for Rockham County. It is expected to be completed for occupancy by March 1.

ROUND ABOUT THE STATE

What Is Going on in Different Sections of Kentucky.

DEAL ON FOR COAL LANDS

Covering Two Hundred Square Miles and Worth \$25,000,000.

Frankfort, Ky.—Within the next thirty days it is probable that the largest land deal ever put through in Kentucky will be consummated, and a vast tract of land, containing 131,000 acres, in Pike county, between the waters of the Tag river and Louisa fork of the Big Sandy river, will pass from Smith Corley & Co. to Harry A. Leche & Co., bankers and brokers, of Philadelphia. This tract is the home of the noted feudists, the Hatfields, and contains several small cities. It is one of the richest spots on the face of the earth in timber and coal. The news of the pending deal became known by an order that was received by the land office here to make a map and copy of the survey. The survey contains about 2,500 calls, which indicates the size of the tract. The plat has been made by T. S. Orr and Pant Johnson, who have charge of the land office. The patent was made to Smith Corley in September, 1871. It is estimated that the land is worth \$25,000,000.

OHIO SYSTEM

Of State Auditing May Be Copied By Kentucky Officials.

Frankfort, Ky.—State Inspector M. H. Thatcher is studying the systems of accounting in Ohio, New York, Illinois, Arizona, Wyoming and Oklahoma with a view of recommending to Gov. Wilson a new system of accounting for Kentucky. In the meantime, he has suggested to the governor that Treasurer Farley send out state checks.

The system to be recommended will be as far as is practicable in Kentucky one that will not only cover the state accounts, but also those of every county and municipality in the state. Examiner Thatcher is continuing the examination of vouchers of the auditor's office during the term of Auditor Hager and the time that Judge Booe was a clerk in the office.

Will Request Lower Assessment.

Frankfort, Ky.—Efforts are being made by the distillers of this state to get the State Board of Valuation and Assessment to reduce their assessment of \$10 a barrel on whiskey to the old assessment of \$8 a barrel. Arguments will be heard by the board on the whiskey men during the week. Secretary of State Bruner said that it may be several weeks before the matter is acted on finally.

\$1200 Paid For Dog Taxes.

Frankfort, Ky.—Sheriff W. B. Campbell of Bullitt county, paid to Auditor James \$1200 for dogs assessed in Bullitt county, establishing a record for collecting dog tax. Bullitt county is the home of the dog tax law. The first sheriff to pay in full was J. A. Duncan, of Robertson county, who received his quittance for \$4,995. A. M. Durbin, sheriff of Estill county, received his quittance for \$6,854.

Judge Humphreys Argues Case.

Frankfort, Ky.—The full court, with the exception of Judge Settle, who retired from the case because of being an interested party, heard Judge Humphreys argue for the Northern Presbyterian church in the case involving the union between that church and the Cumberland Presbyterian church.

Will Hear the Contests.

Louisville, Ky.—A. S. Bennett, chairman, has called the republican state central committee to meet next Friday at 10 a. m. at the Galt House for the purpose of hearing the protests concerning the personnel of Campbell and Kenton county committees.

Sentence Commuted.

Frankfort, Ky.—Gov. Wilson commuted to life imprisonment the death sentence of Robert Hocker, a negro convicted at Lexington, for the murder of Newton D. Vial, a farmer. The history of the killing was reviewed before extending clemency.

Robbed By Footpads.

Frankfort, Ky.—James Flynn, 55, a farmer, was assaulted and robbed by masked bandits at Fitzgerald's farm on the Lawrenceburg pike. The highwaymen took \$15 belonging to Flynn, after they had beaten him with crabs almost into insensibility.

Big Price For Racer.

Lexington, Ky.—Announcement was made of the sale of Robert C. the speedy two-year-old son of Peter the Great and Coosoon, by the Pachen Wilkes stock farm to G. C. Moore, of St. Clair, Mich., for \$12,000.

County Judge Appointed.

Frankfort, Ky.—Gov. Wilson appointed A. Q. Shone as county judge in Clinton county. He also appointed Hugh D. Jones, of Central City, assistant mine inspector. Many applications were in for the latter position.

State Militia Removed.

Hickman, Ky.—The soldiers who have been stationed here for the past two months under Lieut. Bailey were called in and have returned to Hopkinston, Ky., where they were formerly stationed.

GRAIN MEN

Up in Arms Against the "Milling in Transit" Ruling.

Louisville, Ky.—Discussion of means of procedure against enforcement of the recent ruling of the Interstate Commerce commission providing against the substitution of tonnage of grain under the "milling in transit" clause was made when grain men gathered from all the principal cities of the Ohio and Mississippi valleys in a conference that lasted several hours.

Declaring that gross injury had been done the grain shipping interest through enforcement of the ruling, grain men are up in arms and have summoned railroad officials to share in the fight that will be made.

While nothing definite will be stated by the officers concerning their plans it was stated that the work so far accomplished was a mapping of a vigorous campaign against the ruling.

COMPANIES

Will Have to Pay For Watchman's Negligence.

Frankfort, Ky.—Because the watchman at the railroad gates on Twelfth street, Covington, chatted with a colored woman instead of attending to his business of lowering the gates when a train approached, the L. & N. Railroad Co. will have to pay Philip Roth \$1,000, and the Covington & Cincinnati Elevated Railroad and Transfer and Bridge Co. will have to pay Mr. Roth \$2,000 damages for injuring him and \$2,000 exemplary damages. Altogether the negligence of the watchman will cost the companies \$5,000, for the court of appeals affirmed the judgment of the Kenton circuit court in the case of the L. & N. Railroad Co. against Roth, sustaining the verdict giving him this amount of damages.

Man Hunters Scour Hills.

Lexington, Ky.—A sheriff's posse is searching the mountains of Laurel county for William Tyree and Robert Barnes, charged with killing William Barnes and Mrs. Emma Taylor, as a result of a family feud. The feud has been under way 40 years, and many people have been slain on both sides. In the past 10 years, however, the Barnes and Taylor families have left off killing each other until this latest outbreak.

No Change in Tax Rate.

Louisville, Ky.—The city administration estimates that in 1909 it will receive approximately from the licensing of saloons \$350,000, which will keep the tax rate at the existing rate, \$1.10 on the \$100 valuation. The number of applicants will likely exceed 700. R. Hughes, a local representative of foreign breweries, was arrested on the charge of having sold malt liquors without first paying the government tax.

Child's Heroic Deed.

Frankfort, Ky.—During the absence of Patrick Murphy and his wife from their home in Thorn Hill, in which their two children, aged 4 and 2, were left playing, the house caught fire. Katie, the oldest, saved the life of her little sister by rushing back into the house and dragging the child out of the fiery furnace.

Shelby Medallion Returned.

Frankfort, Ky.—Gov. Wilson received a letter from Edward O. Leigh, private secretary to former Gov. Beckham, in which Leigh says that the photographer who took the lost Shelby medallion for the purpose of making a photograph of it returned it to the department. It is now learned that the medallion was bronze and not gold.

Governors' Conference.

Frankfort, Ky.—Although there is a spirited contest between St. Louis and Memphis for the next meeting of the governors' conference, it is more than probable that the conference will be held in Washington. Gov. Wilson is the chairman of the committee appointed to select the place of meeting.

Woman To Defend Hargis.

Lexington, Ky.—It was announced here that both sides will announce ready when the trial of Beach Hargis for murdering his father, Judge James Hargis, of Breathitt county, is called at Irvine, Estill county, December 9. A woman will defend the murderer.

Has Quit Business.

Frankfort, Ky.—A telegram received here by State Insurance Commissioner Bell from Jos. McCloskey, president of the Metropolitan Surety Co., of New York, stated that the company had quit business in this state.

Twenty Dismissals Forecasted.

Covington, Ky.—Nearly a score of the members of the Covington police and fire departments will lose their places. Rumors have been current for the past two weeks that about 20 would be dropped.

Magistrate a Lunatic.

Brattsville, Ky.—John N. Smith, magistrate of Proctor precinct, this county, was adjudged a lunatic and sent to the asylum at Lexington, Geo. Williams, Lee county's oldest man, died, aged 94 years.

LAME BACK PRESCRIPTION

The increased use of "Torta" for lame back and rheumatism is causing considerable discussion among the medical fraternity. It is an almost infallible cure when mixed with certain other ingredients and taken properly. The following formula is effective: "To one-half pint of good whiskey add one ounce of Torta Compound and one ounce Syrup Sarsaparilla Compound. Take in tablespoonful doses before each meal and before retiring."

Torta compound is a product of the laboratories of the Globe Pharmaceutical Co., Chicago, but it is as well as the other ingredients can be had from any good druggist.

An old lady was accosted in a London street by a well-dressed and respectable-looking stranger, who effusively claimed her as a friend. "I really don't believe you remember me!" she exclaimed, reproachfully, and the old lady, never doubting that her memory was at fault, confessed that she could not quite recall the name. "Ah, but I have charged it since you knew me," said her interlocutor, gayly, and after a few more lively speeches she passed on, having possessed herself meanwhile of the old lady's purse.

Dr. Penza Is Often Cited by Caters of the Stomach—Penza Relieves Catarrh of the Stomach and Is Therefore a Remedy for Dyspepsia.

Hon. M. C. Butler, U. S. Senator from South Carolina for two terms, in a letter from Washington, D. C., writes to the Penza Medicine Co., as follows:

"I can recommend Penza for dyspepsia and stomach trouble. I have been using your medicine for a short period and I feel very much relieved. It is indeed a wonderful medicine, besides a good tonic."

CATARRH of the stomach is the correct name for most cases of dyspepsia. Only an internal cathartic remedy, such as Penza, is available.

Penza Tablets can now be procured. Ask your Druggist for a Free Penza Almanac for 1909.

THE LEDGER'S POPULAR GIRL CONTEST

...IS...
ON WITH A RUSH.

Besides the two HIGH-GRADE PIANOS a
Handsome Jewel Box

Will go to the young lady who secures the largest number of Subscriptions, Renewals and Back Collections for The Ledger by Saturday, Dec. 19.

All votes county in the windup for the Grand Prizes. No votes counted for these special prizes except for subscriptions, renewals and collections secured by above date. There will also be a prize to each Township winner.

\$5 Cash awarded the ones nominating the winners in Piano contest.

IMPORTANT INFORMATION

Two Girls are going to get a Fine Piano each—Get at Early Start.

The Ledger has made arrangements to give absolutely free to two popular ladies in this county two magnificent pianos. These prizes are worth striving for. The Ledger could not afford for a minute to make a proposition which it would not back up, and the conditions of the contest are fully set out in the advertisements to follow.

The two young ladies who secure the greatest number of votes during the next two or three months will get the pianos. How many votes they get depends on the number of friends they have and whether or not they stand by them.

Besides the two pianos we are giving as first prizes we are offering several extra prizes before the contest closes.

Every lady in this county has an opportunity to win some of the prizes. All that is necessary is that their names be sent to the editor who will promptly send out the necessary subscription receipt blanks and orders with instructions how to proceed.

Votes will be issued as stated in the rules of the contest for all subscriptions, and they may be voted as the subscriber wishes. One thing, however, we must insist that our advice is not asked in the matter as the contest must be fair for all and we will not favor any one more than another.

Other prizes will be announced later during the contest. The lady who gets busy right away will be the one who stands the best chance of winning. If you have a friend who is not taking The Ledger see him at once and get his subscription before someone else does. If you know someone who has not yet renewed his subscription, get him to pay up and get his votes. If you know someone who is back four or five (we can tell you these), get him to pay up and get those votes.

Ballot box will be in our office and voting will begin shortly. Get busy—get votes and watch announcements in the paper.

RULES OF THE CONTEST.

Announcement—This piano and popular lady contest will be conducted on strictly business principles, with perfect justice and fairness to all concerned.

Prizes—The prizes shall be two fine first-class pianos. One piano will be awarded to winner in Murray city limits and one piano to winner outside of Murray. Many other valuable and useful presents will be given and announced later. There will be given to each township, beautiful presents which will be announced later. Piano winners will not

be eligible to township prizes. Winners of special prizes offered from time to time are not barred from any other awards.

Candidate—Any young lady in this county is eligible to enter this contest. The two most popular young ladies are the ones who shall receive the most votes; to them shall be awarded the two beautiful upright pianos.

Tie in Votes—In case of a tie in votes for any prize, there will be two prizes of the same value awarded.

Classes of vote—The votes are issued in coupons of the following denominations:

New subscriptions, 500 votes for \$1.00.

Renewal subscriptions, 400 votes for \$1.00.

Back subscriptions, 400 votes for \$1.00.

Publisher reserves right to add additional business.

General instruction—Standing of the contestants will be published in the paper more or less regularly, same to be compiled from editor's records, as ballot box is locked.

No employee of the paper shall be a candidate or work in favor of any contestant.

The publisher is not to tell for whom anyone votes except in case of alleged error or irregularity.

Make up your mind whom you are going to vote for before coming to the office; we positively will not decide the matter.

An awarding committee of four of the best business men have been appointed to make final count and distribution of prizes.

One thousand votes be given free to each young lady nominated during the first 30 days. A free ballot good for 100 votes will be run in the paper regularly during the greater part of the contest.

Contest to run not less than sixty days. The day of closing will be announced about 30 days in advance.

The contest shall close at a certain date announced later. The right to postpone the date of closing for a sufficient cause is reserved.

If secrecy is desired in voting, place your cash subscriptions, together with other votes and coupons, in sealed envelope with name of contestant on same and deposit in ballot box. Envelopes and subscription blanks will be furnished for the purpose. This guarantees a fair and square deal to all concerned.

FOR S.S.S. BAD BLOOD

The most important part of the human system is the blood. Every muscle, nerve, tissue, bone and sinew is dependent on this vital fluid for nourishment and strength necessary to maintain them in health and enable each to perform the different duties nature requires. Even the heart, the very "engine" of life, receives its vigor and motive power from the blood. Since so much is dependent on this vital fluid it can very readily be seen how necessary it is to have it pure and uncontaminated if we would enjoy the blessing of good health. Bad blood is responsible for most of the ailments of mankind; when from any cause it becomes infected with impurities, humors or poisons, disease in some form is sure to follow. Muddy, sallow complexion, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have charged it from a pure, fresh stream to a sour, acid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores or ulcers, which break out on the flesh, often from a very insignificant bruise or even scratch or abrasion. If the blood was pure and healthy the place would heal at once, but being loaded with impurities, which are discharged into the wound, irritation and inflammation are set up and the sore continues. Bad blood is also responsible for Anemia, Boils, Malaria, etc., the weak, polluted circulation cannot furnish the nourishment and strength required to sustain the body, and a general run-down condition of health results. S. S. S. is nature's blood purifier and tonic; made entirely of healing, cleansing roots and herbs. It goes down into the circulation and removes every particle of impurity, humor or poison that may be there, restores lost vitality, and steadily tones up the entire system. It adds to the blood the healthful properties it is in need of, and in every way assists in the cure of disease. S. S. S. neutralizes any excess of acid in the blood, making it fresh and pure, and permanently cures Eczema, Acne, Tetter, and all other skin diseases and eruptions. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Malaria, and all other diseases or disorders arising from bad blood. Book on the blood and any medical advice desired free to all who write.

Your S. S. S., in my opinion, is as good a medicine as can be had; it simply cannot be improved upon as a remedy to purify and enrich the blood and to invigorate and tone up the system. This spring my blood was bad and I was run down in health, and having seen your medicine highly advertised I commenced its use. Today my blood is in fine condition and my general health is of the best. Am filling position as fireman for a large concern here, and if I was not in good physical condition it would be impossible for me to fill the place. Your S. S. S. has been of great service to me and I do not hesitate to give it the credit it deserves.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

STATE TROOPS LEAVE.

Capt. Henderson and Lieut. Franks and the troops under their command left here Sunday for their homes in Marion and Bowling Green.

Thus ends the military service that has been in force here since April 2, when company H., of Middlesboro, in command of Capt. Givens, arrived in our city.

What has been accomplished by their coming is a question for each citizen to decide. The Ledger is yet of the opinion that it entertained upon their arrival.

The department of the young men of the various companies located here during the time has been good, and the boys made fast friends during their stay, and at least one wooed and wed a Murray girl.

Capt. Henderson is the county attorney of Crittenden county, is a splendid gentleman and a good officer. It would be real interesting to have his frank, open, sincere expression of men and measures and conditions as he learned them before leaving Calloway.

It is to be conceded that Augustus I and his lesser satellites feel fully vindicated. Augustus I was wont to refer often to "my soldiers; my troops, my army," in the beginning of his great war, and it was predicted "my soldiers" would catch and kill night riders by the gross, and serve them to an anxious public fried, stewed, raw or on the half shell.

But the war of 1908 is now ancient history and the only fear the tax-payers of the Commonwealth now entertain is a possible necessity of pensioning all the widows and orphans of the killed, crippled and horribly mutilated combatants.

Adieu, fair and brave and good soldiers, and good-bye; farewell. As you lay aside your fowling pieces let us remind you not to forget to notch your gun stocks.

that in the future when grandchildren prattle and beg for a story from grand-pa that you can prove your prowess and show evidence of the horrors of your story.

Benton F. F. D. No. 3.

Winter has set in at last. Everybody is fixing for Christmas now this way.

We have got so, down this way, we can tell a Hill Billie as far as we can see him, by his walk, and by the way he votes. Mr. Hill Billie we have got so we don't care what you call us down this way. You can call us night riders if you want to, we don't care. Since we elected a good democratic county committee we think we can have one more fair election one more time. We don't think they will vote twice their strength any more. Now, Mr. Hill Billie we noticed a piece in the Times last week. There was some talk that the boys were going to shoot some big guns at Kirksey after the election but something happened, and I guess it was like he said it was the dust. But thank the Lord the dust was laid on the fourth Monday when John Keys took his seat as county chairman. We don't think the dust will be in the way any more for a fair election. We think it was the truth about the dust being settled when the oldest men of Jackson district went to the polls and voted for F. M. Youngblood for district committeeman. Hurrah for Youngblood for district committeeman, also for John Keys for county chairman.

So I will close for this time hoping to hear from some more of the good people of Calloway county. WHAT I AM.

A Dangerous Operation is the removal of the appendix by a surgeon. No one who takes Dr. King's New Life Pills is ever subjected to this frightful ordeal. They work so quietly you don't feel them. They cure constipation, headache, biliousness and malaria. 25c at H. D. Thornton & Co., drug store.

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to look for it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body, whose organs are weary with overwork. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, changes the system from poisonous accumulations, and so relieves the liver of the burden imposed upon it by the deflection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipation or irregular bowels, feel weak, easily tired, dependent, frequent headaches, pain or distress, "small of back," gnawing or distressing feeling in stomach, perhaps nausea, "water brash," "rings" in throat after eating, and other symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or surely than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to it until you are vigorous and strong.

The "Discovery" is a non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle wrapper and attested under oath. Its ingredients are endorsed and attested by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

Good Cough Medicine For Children.

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Sturtevant, of Ripley, W. V., says: "I have never used anything other than Chamberlain's Cough Remedy for my children and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by Dale & Stubblefield.

Was there ever such a show of dolls seen before? They seem to be everywhere, displaying their finery. The undress doll is away on the fashion in the way of dress. The adult doll, with hair done in the latest style, is one of the features of the place. Baby dolls are apt to be tiresome, but the grown-ups are always on their best behavior.

Of course, the universal ambition to soar in the air is represented in Toyland, otherwise the place would be incomplete; tops which fly up to the ceiling, tops which sing in the air, plums, apples, pears, and other fruit dance about most knavishly. Swimming men, dancing Scotchmen, knowledge afforded with small toys, and dancing circuses come in view as you wander along; while games galore call aloud for inspection. Toyland certainly never was so full of splendid things for those who can spend dollars and cents.

Take another turn, however, and we come to Tiny Town, where the purchasing power of the dollar is best represented. Sets of kitchen utensils, traction engines, gunboats, cruise motor omnibuses, railway engines, blacksmiths, sawyers, county council trains, light-houses, dancing ballet stars, dolls' furniture, sewing sets, gold fishes in gold tanks, and other things, but all made in the more expensive toy, and all made to fancy. Conical figures, magnetic divers, shooting galleries, skin animals, and hundreds of musical contrivances are priced at a few cents.

In the course of a short ramble through Toyland it is impossible for us to see all that it has to offer, but it is such a busy place that Santa Claus has never had such a busy time in making arrangements for his Christmas eve visit.

The season—according to the great toy emporiums whose wonderful stocks are reviewed above—will probably make a record from the business standpoint. Each succeeding year shows a growth in the demand for better class toys; and it is a happy circumstance that the English maker is awakening to the possibility of big business in this direction.

The German snatched the soldier trade from the French, and for a long time he snatched a part of the doll trade. But in turn the German has been completely ousted by the Englishman.

In some of the largest toy places in London this Christmas not a single foreign-made soldier will be sold. The same success is apparently awaiting English enterprise in regard to dolls houses.

With both the field as regards dolls

but in the course of time even this phase of Toyland may undergo a change. Games Mid fail to become extremely popular. Diabolo, or "the devil on two sticks" has already captured Paris, and the demand in London suggests the likelihood of its becoming a craze there.

At a moment when the toy industry in France is on the wane, the famous caricaturist Caran d'Ache comes to the rescue. Being medically forbidden to follow his art, he turned, as it were, to a hobby, to making wooden animals, and he succeeded in repressing the humor which was his soul, he felt after which has already a ninth-provoking character; and to judge from the Burlington Arcade they will ere long become quite a craze in London.

From the cheap mechanical toy which impedes our progress through the streets, as displayed on the pavement by the enterprising camelot, to the wonderful creations which the Nain Bleu, that paradise of French children for nearly a century, has provided for the pampered darlings of the wealthy, the interesting element in the history of the toy of to-day is none other than ingenuity. Never has this been more noticeable than in the novelties which the manufacturers are preparing for the coming holidays.

The average French maker of toys seems to offer the little ones such commonplace things as our childhood knew—wooden Joll and wooden lamb—are to be found only in the poorer districts. Dolls made of wood there are, but the wood is only a casing for wonderful works, and the lamb must be life-size, and aimed at least to frisk.

Among the more expensive toys, and one which we might call boy with a gun an opportunity to prove himself a crack shot, is the pigeon shooting device, which is an attractive novelty. Upon a pole about eight feet in height a cross-bar is affixed, much after the fashion of a parrot's perch, except that the cross-bar is circular instead of being straight. In a circular direction by means of a simple arrangement of weights like those of a cuckoo clock. At each end of the cross-bar is a colored cardboard pigeon, with outward wings. The machinery is set in motion, and the bird is shot from a toy gun knocks the bird down.

Miniature automobiles there are in plenty, but the latest thing in the toy motor-car line is run by electricity, and has, if you please, a powerful electric headlight and movable hood. It is doubtful, however, if even so magnificent a plaything as this can be met with at traction for the young of the nation, though it was created by the little tin "automobile catastrophe" which was the great novelty of last Christmas, and promises to be popular

again this car. This diminutive car held two cell passengers, the chauffeur and his lady.

You would it up, and it sped along the floor right merrily for a few yards, when suddenly there was a terrible shock—the catastrophe! The car came to pieces, and the unfortunate occupants were hurled into the air and fell in pitiful heaps beside the machine. Sometimes the crash was so intense that the luckless motorists fell under the shattered machine, and then their fate was too horrible to dwell upon.

You picked up the pieces, and put them together, and revived the doll corpse, and set the car going again, and so on. You could have the most exciting accidents all day long.

But automobiles are vogue just now, and even steering balloons of various and sundry type are being sold and sold with the toy manufacturers. This Christmas, the Petit Noel—who is the French child's Santa Claus—will scatter toy aeroplanes along his path. To be sure, they have to be suspended by a string from the chandelier, but if the string is of a black thread that is hardly visible, and the illusion quite successful.

Apocryph of flying things, the top of that denomination which figures among the novelties is a most fascinating affair, though why "top" is not clear. A light metal disc made to represent a bird or a butterfly, with wing-tips upon a ring, is placed on a spindle, and the spindle is pressed against the center of the disc and briskly withdrawn. The disc whirls rapidly and rises in the air, flying off in various directions.

Since the French caricaturists' institution this spring, when Caron d'Ache's wooden toys came to the market, and all the world of fashion flocked to see the show and admire his "régiment of General Boum," the celebrated artist's toys have become a craze with grown folk and children alike.

The playthings which Caron d'Ache has fashioned in wood for the season of gifts are the most complete and varied of the kind, and among these which European rulers are the principal figures. These we see his majesty, King Edward, arrayed in kilts, accompanied by a brawny Highlander shooting over the moors. Wandering pheasants, like barabaz fowl, are grapsed at by the king's elixir in a flaming lance, and the alert dogs, which point in most thorough fashion. The czar in pursuit of native game, at the president of France at Rambouillet, has also inspired Monsieur d'Ache. While children of all nations like still cling fondly to Teddy, and their elders in a fondling manner indulge youthful fancies in the purchase of Caron d'Ache's dogs; and many are the Frenchmen exclaim which this Jour de l'An will see adorned with one of these delightful pups.

No Fear of Any Further Trouble.

David Price, Corvdon, Ia., says: "I was in the last stage of kidney trouble—lame, weak, run down to a mere skeleton. My back was so bad I could hardly walk and the kidney secretions much distressed. A week after I began using Doan's Kidney Pills I could walk without a cane, and as I continued my health gradually returned. I was so grateful I made a public statement of my case, and now I am perfectly well."

Youngster Evidently Had His Own
Idea as to the Choice.

My next neighbor, writes a correspondent, has four young sons, whom he and his wife duly lead to church every Sunday. Just as the sermon was about to begin last Sunday one of the boys was observed to look very uncomfortable, and, having explained the nature of his sufferings, was sent home. The pastor, however, in an urgent voice, demanded of his mother: "Where's Tom gone?"

"He's gone home."

"What for?"

"The mother whispered, low: 'He's got toothache.'"

And that was it, as he sat up to listen to the preacher, muttered, in a stage whisper: "Lucky dog!"

By Terrible Itching Eczema—Baby's
Suffering Was Terrible—Soon
Entirely Cured by Cuticura.

"Eczema appeared on my son's face. We went to a doctor who treated him for three months. Then he was so bad that his face and head were swollen and one sore and his ears looked as if they were going to fall off, so we tried another doctor for four months. My baby never got any better. His head and face had big sores on them and the poor little fellow suffered as terribly that he could not sleep. After he had suffered six months we tried a set of the Cuticura Remedies and the first treatment let his sleep and rest well; in one week the sores were gone and in two weeks the skin was clear. After two years and he has never had eczema again. Mrs. Louisa Leck, R. F. D. 3, San Antonio, Tex. Apr. 15, 1907."

"Get up, Jack. You mustn't cry like a baby! You're quite a man now. You know if I fell down I shouldn't cry, I should merely say—"

"Yes, I know, pa; but then—I go to Sunday school—and you don't."

terrid afternoon in June, was attempting to arouse the interest of her last paid class by giving, as she supposed, an interesting talk on the obelisk. After speaking for half an hour she found that her efforts were wasted. Feeling utterly provoked, she cried: "Every word that I have said you have let in at one ear and out of the other. You"—pointing to a girl whom she noticed had been particularly inattentive throughout the entire lesson—"tell me what is an obelisk?"

The pupil, grasping the teacher's last words, rose and promptly

Good Digestion Follows Right Food

Indigestion, and the attendant discomforts of mind and body are certain to follow continued use of improper food.

Those who are still young, and who are like to overlook the fact that, as dropping water wears the stone away at last, so will the use of heavy, greasy, rich food, finally cause loss of appetite and indigestion.

Fortunately many are thoughtful enough to study themselves and their food. For example, E. E. East, of their daily food. A N. Y. young man writes her experience thus:

"Sometime ago I had a lot of trouble from indigestion, caused by too rich food. I got so I was unable to rest securely at night, and medical men advised me to try Grape-Nuts food, praising it highly, and a last resort I tried it. I am thankful to say that Grape-Nuts not only relieved me of my trouble, but built up and strengthened my digestive system. I can now eat anything I desire. But I stick to Grape-Nuts."

Mrs. McRaney's Experience.

Mrs. M. McRaney, Prentiss, Miss., writes: "I was confined to my bed for three months with kidney and bladder trouble, and was treated by two physicians but failed to get relief. No human tongue can tell how I suffered, and I had given up hope of ever getting well until I began taking Foley's Kidney Remedy. After taking two bottles I felt like a new person, and feel it my duty to tell a suffering woman what Foley's Kidney Remedy did for me." Sold by all druggists.

Beware of Frequent Colds.

A succession of colds or a protracted cold is almost certain to end in chronic catarrh, from which few persons ever wholly recover. Give every cold the attention it deserves and you may avoid this disagreeable disease. How can you cure a cold? Why not try Chamberlain's Cough Remedy? It is highly recommended. Mrs. M. White, of Butler, Tenn., says: "Several years ago I was bothered with my throat and lungs. Someone told me of Chamberlain's Cough Remedy. I began using it and it relieved me at once. I used it for some and it cured me. Now my throat and lungs are sound and well." For sale by D. L. & S. D. L. field.

MRS. FLORENCE AITKENS
TOLEDO, OHIO.

One of Thousands of Homes.

MRS. FLORENCE AITKENS, 4903 St. Toledo, Ohio, writes: "Peruna cured me of internal catarrh. I took about four bottles when I noticed the improvement and the fifth bottle cured me."

"I do not know what I would have been like today had I not got Peruna, for I was in a terrible state. I had pain all over and was cross and irritable. I was losing hope of ever being well again, and was downhearted. I am today a cured woman, after suffering for nine months."

But you will know, I never heard of such medicine; it is the best medicine on earth. My husband is now taking it. I will always keep Peruna in my house. Peruna is the best friend I ever had. It must be praised; it cured me."

Peruna Tablets.

For two years Dr. Hartman and his assistants have labored incessantly to create Peruna in tablet form, and their strenuous efforts have just been crowned with success. People who object to liquid medicines can now secure Peruna tablets.

Another Home

Where Peruna is Used.

MRS. MARIA GOERTZ, Orienta, Oklahoma, writes: "My husband, children and myself have used your medicine, and we always keep them in the house in case of necessity. I was restored to health by this medicine. People ask about me from different places, and are surprised that I can do all of my housework alone, and that I was cured by the doctor of chronic catarrh."

"My husband was cured of asthma, my daughter of scarache and catarrh of the stomach, and my son of catarrh of the throat. When I was sick I weighed one hundred pounds; now I weigh one hundred and forty. Peruna quieted the nerves, and is a great specific for all forms of chronic catarrh."
