VINCENTED.

Dr. W. T. Davis, a former Officer of this County, Now Dies.

Our readers will remember that about three or four years ago, a physician of Wingo's, was placed under a $500 bond by the grand jury, after hearing the evidence, of which a copy we will insert in our next issue. The grand jury then released the bonds of the chartered medical man because they were unable to find sufficient evidence to prosecute the chartered medical man for a crime against the people. We will publish a copy of the bill next week.

As the grand jury pronounced their majority, we were surprised to hear the questions asked by the members of the grand jury to Dr. Patterson, and that he was instructed to withdraw his name from the bill of indictment. We believe the grand jury pronounced their majority, but contrary to the law, because they were unable to find sufficient evidence to prosecute the chartered medical man for a crime against the people.

The grand jury pronounced their majority, we were surprised to hear the questions asked by the members of the grand jury to Dr. Patterson, and that he was instructed to withdraw his name from the bill of indictment. We believe the grand jury pronounced their majority, but contrary to the law, because they were unable to find sufficient evidence to prosecute the chartered medical man for a crime against the people.
