Jailer,
GEORGE W. LONG,
Coroner,
DR. DARWIN BELL.

Local option has carried 501 counties in the Southern States.

Mohammedans spend \$4,000,000 annually for pilgrimages to Mecca, which is more than any religious denomination spends for missions.

As to the Butterfield bill it is a wise Congressman who knows which side of his head is buttered on—we would say, what sort of butter to spread on his head in view of the next election.

In old times when a fellow became tired of his wife he had picked himself up and walked off and neither grieved about it. The mode is changed now. When a man tries his companion he shoots her.

The supporters of the Morrison bill are not to be outdone by one unfavorable vote. They think they are right and are going ahead. Numerous caucuses are being held and the cheering tariff may be sliced off considerably.

The Chicago Anarchist who were connected with the late troubles, are being tried for their perfidy. The court which sits on the case will now have a good opportunity to show what law and American freedom thinks of these cut-throats and vagabonds.

Monday afternoon, at Boston, a terrible fire accompanied by loss of life, destroyed the New England Institute Fair Building. The building was built by the New England Manufacturers and Mechanics' Institute for exhibition purposes at a cost of nearly \$500,000.

The Louisville pulp and the Louisville press are fighting each other because they both work on Sunday. It would appear that there is some slight difference between the Sabbath duties of each, however. If epitomes of all the dog fights, slugging matches, scandals, murders, strikes and horrors of the Saturday before and then flavor the thing with a little scriptural morality, he ought to be suppressed.

An astronomer has a striking way of telling of meteoric showers. He says that on these astonishing occasions the earth is being bombarded. The celestial shells moving twenty or thirty miles a second would knock a hole in the old sphere and maybe smash up the ruler, were it not so well armored on the sky side. As soon as the meteoroids strike the atmosphere the heat consumes them, and the old planet goes flying on with its cargo of humanity unharmed.

Business is business, and when a colored man puts on his studying cap he can scare up as ingenious a plan to prosper by management and industry as well as the finest-skinned Caucasian. The Raleigh, N. C., Register tells of a negro who borrowed money enough of a Raleigh merchant to get a marriage license, explained his action by saying that he had a pretty good sized cotton crop, and had heard that the farm hands talked of demanding more wages. He had therefore looked about and having found a healthy widow with three abled children, would marry her next Sunday and put the children at work on the farm on Monday. "Strictly business," as the play says. That "tarheel" scoundrel will roll in wealth yet if he lives, besides training his boys in the way they should go.

And now comes the report that Minister McLean is to step into Secretary Manning's shoes.

There has been an epidemic of atrocious wife murders and suicides of wife murderers for the past fortnight.

The French Chamber of Deputies passed a bill to expel the Princes, but the Senate proposes to set down on the thing.

The slugs have failed to whip John S. Sullivan, but some of his more skillful adversaries have induced him to enter upon the task of writing a book.

Mr. Morrison is credited with saying that he will not permit any legislation to pass through the House during the remainder of the session except the appropriation bills.

Ignatius Donnelly will shortly issue a book to prove that Bacon wrote Shakespeare's works. He claims to have discovered a cipher running through the plays that point unmistakably to the true author.

Dr. Talnage will take his congregation of over a thousand persons on an excursion to the Thousand Islands. This, at least, a novelty, and ministers will find such a procedure agreeable to their flocks.

Col. S. I. M. Major, for many years public printer of the State, and one of the veterans of the Yeoman, died at Frankfort Monday morning.

The House Committee on Penalties reported a bill providing for a graduated income tax for the payment of pensions. The measure puts the tax on incomes from \$3,000 to \$10,000 at 2 1/2 per cent, \$10,000 to \$20,000 at 5 per cent. The bill puts \$12 for soldiers totally incapacitated and without means of support in amendment to the twenty-fourth section of the Senate bill.

Blackberry Cordial.

One quart of blackberry juice, one pound white sugar, one tablespoonful each cloves, allspice, cinnamon and nutmeg. Boil together fifteen minutes. Add a wineglass of fine whisky, brandy or rum. Bottle while hot, cork tightly and seal. For a dose a wine glass for a grown person and half a wine glass for a child. Repeat every three or four hours if necessary.

It appears from a recent message of the President to Congress that the Government rents a building for the use of the post-office at St. Louis, City, at the rate of \$2,000 per annum, and another building for the same purpose at Zanesville, Ohio, for \$800 per annum. Why should not the same policy be followed for the present, for the benefit of the post-office in this place, instead of laying the burden upon the post-master?

J. Harris Rogers, the inventor of the Pan-Electric Telephone, has brought suit against Attorney General Garland, Senator Harris, Indian Commissioner Atkins and Col. C. E. Young, to recover money, stocks, or certificates of stock which Rogers alleges they have drawn for the corporation, and for \$100,000 besides to recompense him for what he has lost through breach of contract on their part, that has brought ruin on their patent. If there is ever as much talk through Rogers' telephone as there is about it, he will recover his fortune.

There is an ugly look about the recent fire in Boston in the works of the Metropolitan Street Railroad Company by which some \$400,000 or \$500,000 worth of property was destroyed, eight persons lost their lives as well as their tools and other effects. The fire was plainly the work of an incendiary. The company had trouble with some of its employees and there is reason to believe that revenge was at the bottom of it. Capitalists are not the only enemies of society and of workingmen. The possession of capital does not of itself make its possessor a villain, nor the want of it make him honest man.

Georgia reports a fearful parrot this week. A colored man named Mitchell had by industry and saving amassed several thousand dollars. Mitchell as he grew richer, withdrew more and more from associations with his race. He forbade his family associating with their neighbors, and thus made life unpleasant for them. On the day of his visit to Arlington, he learned that his 14-year-old son had visited the house of a forbidden neighbor. For this he inflicted upon the boy severe chastisement. This culminated in a long series of persecutions, and aroused the family to the horrible exponent of getting rid of the hard-hearted parent. As Mitchell slept soundly his oldest boy, as in his hand, steadily approached his bed, and leading him a murderous blow. In the shock followed by other blows, until the head was a mass of pulp.

The murderer is safely confined in jail here, committed for trial before the Superior Court.

There is a kick in some quarters because a "political tendency" is noticed in educational matters in Kentucky that is likely to result in harm to the common school system. As far as the common schools are an object of legislative care and public interest, they are of a political nature, and it is most natural and wise that the friends of popular education should so regard them. If the politician, who is to do the details of our school work, is not to take an interest in their general management, who on the face of the earth is qualified to do so? There is no necessity of the friends of education descending into a sort of demagoguery, and if any of them have a selfish motive hidden under his patriotic cloak, disappointment should come to him. But to refuse men who are laboring earnestly for the cause of education the right to express their opinions and to advocate their views of the great political issue inseparably connected with it, is a shame.

Avoid the use of cornmeal for bilious complaints. Ayer's Cathartic Pills, entirely vegetable, have been tested forty years, and are acknowledged to be the remedy for torpidity of the liver, costiveness, and indigestion.

Ayer's Sarsaparilla operates radically upon the blood, thoroughly cleansing and invigorating it. As a safe and absolute cure for the various disorders caused by constitutional taint or infection, this remedy has no equal. Take it this month.

The President's Wife.

If, like many of the wives of our public men, she (Mrs. Cleveland) proves an ambitious woman, it would not be surprising to find her signing the party of the President of reaching out toward a nomination for a second term, which so far he has wisely given no indication.

From childhood, and until with a few months, I have been afflicted with Sore Eyes. I have used for these complaints, with beneficial results, Ayer's Sarsaparilla, and consider it a great blood purifier. — Mrs. C. Phillips, Glover, Vt.

I suffered for a year with inflammation in my left eye. Three ulcers formed on the ball, depriving me of sight, and causing great pain. After trying many other remedies, to no purpose, I was finally induced to use Ayer's Sarsaparilla.

By Taking three bottles of this medicine I have been entirely cured. My sight has been restored, and there is no sign of inflammation. — Mrs. J. W. R. Smith, Kenton, T. Bowen, Sugar Tree Ridge, Ohio.

My daughter, ten years old, was afflicted with Sore Eyes. During the last two years she never saw light of any kind. Physicists declared the highest remedy would be to cut out the eye. — Mrs. J. W. R. Smith, Kenton, T. Bowen, Sugar Tree Ridge, Ohio.

Ayer's Sarsaparilla, Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price 50¢, six bottles, \$2.50.

SOLUBLE PACIFIC GIANT FERTILIZER

The leading Tobacco, Corn, Cotton and Wheat

One of the best known characters in Lynchburg, Va., is "Jube Early's nigger Joe." Joe is an old negro with all the dignity of a body-servant of the slavery days, and his affection for the General amounts to worship. Sometimes Early gets rather the worse for whisky, and then a comical sight is seen. Joe follows him like a dog, and when the General gets very drunk Joe will say:

"Mass Jube, you nuss' crunk Joe?" "Why, you black rascal, what do you mean?" "I'm your master."

Yes, Mass Jube, when you're sober, when you're drunk, I'm massa."

Well, I reckon you are right, old man. I'll go with you."

Over one million boxes of Ayer's Dyspepsia Tablets, sold in the past twelve months purely upon their merits. Why so successful? Chronic Constipation, Dyspepsia, Sour Stomach, Sick Headache, Heartburn, and Female Troubles, when first R. B. Garner offers you Relief and a cure in his own words, he says:

"The Pall Mall Gazette says that Helen Armstrong, an illegitimate daughter of poor Burns, and the beautiful Nellie Hynd, died recently in Moffatt, Scotland, at the age of thirty years. She had been married to a man of Scotch descent, but who was not her own 'place' and identify their employees in interest with their own. She was thirty years in one situation at the Buchanan Arms Ltd. Helen is said to have borne a strong resemblance to Burns in her earlier days, and indeed the likeness to the portrait of Burns was traceable to the last in the contour of the face and in the dark, bright eyes, dimmed as they were by age and sickness. Nor was the likeness confined to physical points; in her mental powers Helen showed a resemblance to the poet. She was a good housewife, and her domestic powers and her quickness of repartee were most amusing and attractive."

SHILOH'S VITALIZER is what you need for Constipation, Loss of Appetite, Dizziness, and all symptoms of Dyspepsia. Price 10¢ and 25¢ a bottle. Sold by J. R. Arnold.

"When Does She Go Up?"

New York Star.

The barroom of the Hoffman House has long been one of the sights in the city. The pictures, the statues, and the bric-a-brac are marvellous. While sitting at a table, a waiter came in with a tray of one of the tables three men with long beards and a manner of speech that suggested the wild west. Their place was in front of the Hoffman House. Each took a drink, watching the tapestry earnestly. Finally, the eldest said to Peter, the youngest:

"When does she go up?" Peter, thinking this was the way they put it in the wild west, mixed three more drinks. These also followed the rest. The oldest man said again: "Now, young man, you just give us six or nine drinks more, and then make up your mind to tell us when that there certain old fellow is going to the tapestry, and we'll be obliged."

A Reliable Article.

For enterprise, push, and a desire to get rich, as will give the trade satisfaction, the Hoffman House is the only one in the city. For this reason he has secured Dr. Bosanko's Cough and Lung Syrup, because it is the best medicine on the market for Cough, Croup, and Primary Consumption. Price 50¢ and \$1.00. Samples free.

The President's Salary.

Baltimore American: A great deal of talk has been occasioned by the mention of the fact that the President always used new money. Some people laughed at the idea that he handled a crisp new \$100 bill to Dr. Sutherland for his marriage fee, and again that he put a crisp new \$5 bill in the pocket of the plate at Oakland Church. People said: "Why, the President must have money made especially for him." The truth is, the President always receives new notes direct from the Treasury. He never gets old notes, except in change, when he pays a bill or makes a purchase. The United States Treasury, on the last day of each month, sends the President his salary—\$1,100.00—the old change being taken in exchange for new. The notes are all new and of the latest issue. Mr. Cleveland, like his predecessors, keeps a private bank account with Riggs & Co., and the day after he gets his salary he makes a deposit, reserving enough to pay current expenses. It is said that his account has shown a large balance of \$25,000, and he has an income besides his official salary. Before he entered public life he made from \$10,000 to \$15,000 a year by his practice, and his expenses were not more than \$2,500. He has saved much of his first year's salary, but now that he married his expenses will increase.

CATHARTIC CURE, health and sweet breath secured by Shilo's Cathartic Remedy. Price 50¢. Sample Injector free. Sold by J. R. Arnold.

Sore Eyes

The eyes are always in sympathy with the body, and afford an excellent index of its condition. When the eyes become weak, and the lids inflamed and sore, it is an evidence that the system has become disordered by Scurfiness, for which Ayer's Sarsaparilla is the best known remedy.

Scurfiness, which produced a painful inflammation in my eyes, caused me much suffering for a number of years. By the advice of a physician I commenced taking Ayer's Sarsaparilla, and after using this medicine a short time I was completely cured.

My eyes are now in a splendid condition, and I am as well and strong as ever. — Mrs. William Gage, Concord, N. H.

For a number of years I was troubled with Scurfiness in my eyes, and was unable to obtain any relief until I commenced using Ayer's Sarsaparilla. This medicine has effected a complete cure, and I believe it to be the best of blood purifiers. — C. E. Upson, Nashua, N. H.

From childhood, and until with a few months, I have been afflicted with Sore Eyes. I have used for these complaints, with beneficial results, Ayer's Sarsaparilla, and consider it a great blood purifier. — Mrs. C. Phillips, Glover, Vt.

I suffered for a year with inflammation in my left eye. Three ulcers formed on the ball, depriving me of sight, and causing great pain. After trying many other remedies, to no purpose, I was finally induced to use Ayer's Sarsaparilla.

By Taking three bottles of this medicine I have been entirely cured. My sight has been restored, and there is no sign of inflammation. — Mrs. J. W. R. Smith, Kenton, T. Bowen, Sugar Tree Ridge, Ohio.

My daughter, ten years old, was afflicted with Sore Eyes. During the last two years she never saw light of any kind. Physicists declared the highest remedy would be to cut out the eye. — Mrs. J. W. R. Smith, Kenton, T. Bowen, Sugar Tree Ridge, Ohio.
