In the Sun are the most important improvements have been added to several of our plows. The Prout John Steel C.O. B. O. steed are made with open handles at bottom to prevent

the carrying of dirt, besides some other valuable improvements. These plows are made at Louisville, Ky. and should any part go broke it can soon be replaced when needed. They can be obtained before you buy a plow. I have been again for a BENTON TRIBUNE paper and have never been called for any part of his plows that I could not form at once, there by saving my customers time and trouble. I handle them for
