A Recipe for Thanksgiving

Brimming is better. The improvement may be seen by watching the trains go by on the main line.

There is more building and consequently an increased movement of building materials. F urządments are using more coal and raw materials and turning out more finished products for the railroad to haul. There has been a peaceful harvest, and the crops are moving to market. Every carload of freight is an advertisement of abundance.

There are also more passengers on the trains and the winter resorts are getting ready for more, visitors than last season.

All this is good news. When the railroad is busy it buys and pays and helps all business.

Constructive criticism and suggestions are invited.

MILLIONS OF DOLLARS

WILL BE LOST

IN TAXES PAYROLLS AND PURCHASE OF FARM PRODUCTS

IF KENTUCKY FAILS TO REPEAL THE STATE PROHIBITION AMENDMENT AT THE POLLS ON TUESDAY, NOVEMBER 5, 1935.

FULTON AND FULTON COUNTY WILL LOSE A MONTHLY PAYROLL OF $3,737 AND TAX REVENUE TOTALING MANY THOUSAND DOLLARS UNLESS YOU VOTE "YES".

WHY IT IS NECESSARY TO VOTE "YES" ON NOVEMBER 5, 1935.

In 1922, Kentucky was one of the first States to adopt Prohibition through a Constitution Amendment. In 1931, the legislature adopted a constitutional amendment similar to the Federal Prohibition law, which required the prohibition of all alcoholic beverages.

The Liquor Control Act, which is strictly an emergency measure, required the payment of large sums of money to the State for the enforcement of the law. This has resulted in a large increase in the tax rate on all alcoholic beverages.

### I-SHOT-LEPEESE PADDY THE BEAVER

**E. W. TRIBINGTON W. WELKES**

The story of Paddy the Beaver is a classic example of how the small can have a big impact. Paddy, a young and curious beaver, lived in a quiet little stream where the water was clear and the air was fresh.

One day, while swimming in his home stream, Paddy noticed that the water was getting warmer. He knew something was wrong and decided to investigate. Paddy swam downstream, following the heat until he reached a point where the water was scalding hot. He realized that a nearby factory had dumped its waste into the stream, causing the water to become dangerously warm.

Paddy knew he had to act fast. He warned the animals living in the stream of the danger and worked with them to create a system of nurseries where baby beavers could safely grow without the risk of drowning in the hot water. Paddy's efforts helped protect the stream and its inhabitants, showing that even the smallest can make a big difference.

**THE DAY OF LEFTOVERS**

A day well-regulated brings in a beautiful life, said the ancient Chinese proverb. But what is a day without leftovers? A day without leftovers is like a day without breakfast, lunch, and dinner. And what is a day without breakfast, lunch, and dinner? A day without leftovers is like a day without bread, soup, and cake. And what is a day without bread, soup, and cake? A day without leftovers is like a day without a reason to celebrate.

The politico, in the article in the New York Times, was a little known, but he is known for his work in the field of politics. He has been known to say, "It's not politics, it's the people." This is a true statement, for a politician's job is not just to represent his constituents, but to represent the people.

It's every day on the minute hand of the clock on the Ellicott City train station. The minute hand is stolen, and the train is late. The police are called, and they set out to find the thief. They search high and low, but the thief is nowhere to be found. The minute hand is replaced, and the train is back on time. The police are proud of their work, and they go home satisfied.

**If you feel tired, run-down, nervous and out of sorts**

—there is usually a definite reason for this

Now let's reason calmly. Don't try to get well in a day — this is asking too much of Nature. Remember, she has certain natural processes that just cannot be hurried. But there is a certain scientific way you can work to change those processes in the direction you want. And the best place to start is at the same time you go to bed each night — a natural way to conserve the body's needs.

VOTE "YES" FOR REPEAL AND LOCAL OPTION

HERE at last is a question on which both "wets" and "drys" can all vote "Yes". • If you are a "wet" you will want to vote "Yes" for Repeal because otherwise the State will lose its only opportunity for intelligent control of the liquor question ... will lose the prosperity which has arisen from several of its largest industries ... will lose employment for more than 30,000 people. • If you are a "dry", you will want to vote "Yes" for Repeal because Repeal will automatically restore to each county and community the right to prohibit or regulate the sale of liquor within its own boundaries. Local Option is dead unless the State votes "Yes" to Repeal the Seventh Amendment as November 5.

Why a Vote for Repeal is Also a Vote for Local Option

The present Seventh Amendment to the State Constitution prohibits the manufacture and sale of liquor in Kentucky. In a decision adverse to October 2, the Court of Appeals ruled that the vote Seventh Amendment also prevents any county, city or town from holding Local Option elections, and that Local Option elections are not possible as long as the Seventh Amendment stands in our State Constitution.

The proposed Repeal Amendment, on which you are asked to vote "Yes" on November 5, provides that each precinct in the State, or any part of a precinct, shall be entitled to make and refer such laws of prohibition, regulations or consent as it sees fit. When you vote "Yes" on November 5, you will therefore be voting for Repeal, for Regulation and for Local Option.

Therefore, if you conscientiously believe in local home rule and if you believe in Repeal and Regulation —

The Democratic and Republican platforms are so nearly similar on a number of major points that Lieutenant Governor Chandler has charged that Judge Swepse "cheated" his platform. Mr. Chandler enumerated his platform in the primary. Promises, however, are valuable only if they are fulfilled. There will certainly be a democratic majority in both Houses of the General Assembly in Frankfort. Mr. Chandler will have a complete Democratic Administration and is not tied up with any promises to return to bipartitism. He, therefore, can accomplish his program while Judge Swepse would not be able to accomplish anything in Frankfort.

END UNCERTAINTY

The defeat of Mr. Chandler for Governor would introduce an area of uncertainty which would disturb industrial and agricultural production in the Commonwealth. Rightfully restored is the era of homogeneity or bipartitism resulted in job hunting in the legislature. Mr. Chandler is able, private owner, many safe to the Governor's arts and authority and a general federalism preventing covarious action.

A POPULAR TICKET

Mr. Chandler and his associates on the Democratic ticket were nominated by the people in a Democratic primary. They are known throughout the state. Mr. Chandler is the man for Lieutenant Governor. Nationally reared in the banner bearer's running mate, are already known as "Happy and Keen." All this is possible and indicates Republican and their election will result from a popular supporting of public measures which will make them and protect them to make better public service.

PRIMARY ELECTIONS

The Democratic primary contest with the candidates, any primary race received by the Grand Assembly of Kentucky. The Democratic Party in the state a result of national forces trying to seduce President Roosevelt called a convention and made "Communism." This nullified the primary election law.

CHAMPION OF LARGE

The Kentucky State Federation of Labor endorsed Mr. Chandler in its State convention in Frankfort. The railroad brothers have endorsed his candidacy. The National Woman's Rights in America are supported by John L. Lewis, outstanding labor leader will visit Kentucky in his behalf.

SUPPORT THE PRESIDENT

President Franklin D. Roosevelt is looking to Kentucky to endorse his program. The men of the Nation are turned toward this State and the leader of Mr. Chandler will be expected naturally as a regulation of Roosevelt just when recovery is well under way.

SAVE THE ECONOMY

Mr. Chandler has explained that millions can be saved by economy and through reorganization of the State Government along the lines suggested by auditors who studied the State's administrative structure. Property owners, taxpayers and all interested in business of any description will be assisted for such economic government in all given.

SUPPORT FOR SCHOOLS

Mr. Chandler in front of a $2 per capita for the schools of Kentucky. He is pledged to free textbooks for public school children. We advocate reasonable volume for teachers and a complete system of free textbooks for the schools. He is the one to make it happen.

FRIEND OF FARMER

Farmers are supporting the Democratic ticket because of their interest in seeing the Roosevelt program for keeping up prices of farm products continued. They see that in Senator George Piggott, who has done so much to make the State Fair a grand institution, they have a true friend in the candidate for Commissioner of Agriculture.

PEEL THE SALES TAX

Mr. Chandler has fought the sales tax from the time it first was proposed in the Legislature. He stands now opposed its enactment or continuation.
