**DUTY OF INDIVIDUALS**

Attention is called to the responsibility of the individual for community development. Without acceptance of this idea, no community development would ever be possible because the individual is entirely responsible for his own failure written there is failure written there. He must be convinced that every effort of progressive citizen is an old but ever new theme.

**Another Big Reduction In Prices.**

All remaining Fall and Winter Suits and Overcoats for men and boys enter into this sale. The merchandise is the same fine, dispensable sort that we have made our reputation on, and just the kind the men and boys of Fulton and vicinity want to buy.

We might enlarge on the fact that the prices we have placed on our men's and boys' clothes are especially low, for even a store of extraordinary value. We might say that never in our existence have our values merited the term "Extraordinary" so much as they do in this sale. We might affirm and reafirm this, but proof would still be necessary to convince the average buyer. A visit here will give you that proof — positive, irrefutable proof — that sensible, well-worn apparel may be bought here at great savings.

It is an opportunity that many men have been waiting for and will be quick to take advantage of.
