Persistent Efforts Bring Results

Good Work Accomplished Through Chamber of Commerce. Savings to Fulton Shippers Will Amount to Approximately $30,000.00 Annually.

FULTON TO RECEIVE A CHARGE REDUCTION RATE

The Chamber of Commerce in its January meeting in the National Hotel has in effect revised the rates recently established by the Interstate Commerce Commission. It is anticipated that through this revision the savings to Fulton shippers will amount to approximately $30,000.00 annually.

An extension course given under the auspices of the Fulton High School will be organized for Fulton this week. Miss Iva White, science teacher of the Fulton High School, will be the instructor. A History of Education in the United States will be taught.

ALL ROADS IN BAD CONDITION

Reports from all over the country tell of the horrible conditions of roads and high water which has effect on commerce. The continuous rains have done much damage to the roads and has made some sections of the railroad hazardous to travel. Ohio River shires that are near the Ohio line have reported many washouts and the roads are in bad condition. Shelby, Putnam, and Henry counties have some washouts and some sections of the road are in bad condition.

The railroads have also suffered from the high water and have had much damage to their lines. Some of the schedules between Mayfield and Fulton have been delayed and some of the schedules between Mayfield and Paducah have been cancelled.

Road Expected to Be Surfaced

The Illinois Central railroad project the road to be surfaced between Illinois and Fulton. The work was started on this project the past year and most of the grading has been done. This will give a surfaced road from this county into Illinois county. A new road through the county will be finished this year.

Service Is The Keynote of Success

Twenty-nine years of continuous service in a community is a remarkable record, especially when directly to the health and comfort of every man, woman and child. This is the record of J. G. Clay, postmaster of the Fultons post office, who has been a valuable member of the community. He has been the postmaster for twenty-nine years.

The plant is equipped with modern machinery and apparatus in keeping with a first-class facility which it is the desire of every employee to maintain.

The most delicate fabrics are handled with care and cleanliness, the order being cleaned and finally put in a cloth bag, either in a boxed or cellophane bag and sealed, confined in but one of such a bag. It is this method which has given the people of Fulton a business that is deservedly a success.

AIR DRIED CLOTHES

Do you realize what it means to receive a bundle of thoroughly washed and air-dried clothes from a modern power laundry?

It means that at last the only remaining barrier between the housewife and the laundromen has been broken down. Because, now the modern laundry not only washes clean whatever it is sent, but also dries clothes to order. This new method of drying clothes eliminates for all time that unmistakable odor which has branded the work of the power laundry in the past.

Thousands and Thousands of Cubic Feet of Concentrated Sunshine

The scientific application of air as a drying agent in the power laundry is accomplished by the perfection of the Vornado Drying Tumbler. This marvelous machine harnesses clean fresh air in such masses that it almost entirely eliminates the necessity of heat to dry clothes with. It dries clothes by air, evenly and gently, ventilating them throughout, keeping them entirely of all lint, leaving them soft, fluffy and perfectly odorless. Clothes dried in this manner are never shrunk, discolored or left with a harsh feel.

The Vornado Tumbler used in our laundry is the only drying tumbler that does not depend solely on heat to dry clothes; it is the missing link in an otherwise perfect laundering process. It puts the work of the power laundry on par with that of the housewife's own private laundry.

Be sure to see this wonder machine in our laundry anytime, and smell the clothes it dries, notice how fresh and sweet smelling they are.

CITIZENS BANK OF WATER VALLEY, KY.

At a recent meeting of the Board of Directors of the Citizens Bank of Water Valley, the following officers were elected for the ensuing year:

Rev. J. C. Bennett, president; E. J. Baker, vice-president; D. H. Hurley, cashier; and T. R. Barnes, assistant cashier.

The report of the condition of the Citizens Bank at the close of the year shows that the banking institution is in a prosperous condition. They have capital surplus and undivided profits of $8,751. They have deposits of $1,019,260.79, in all worth more than that amount.

In addition to the investment in resources, the Citizens Bank proposes to increase the proportionate investments in the financial and business circles, and who enjoy the utmost confidence of the people.

What is the Chamber of Commerce?

The chambers of commerce are the voices of the business community. They express the aspirations of the community; they give direction to the aims of the business community; they combine the efforts of those who think in terms of the future. They are the magnets that draw the outside world to your midst. They are the voices of the community.

RENEWING OUR PLEDGE OF SERVICE

At the beginning of the New Year, we feel the success of our policy in serving the people of this community is appropriate. In our efforts to make this store the leading shopping center for all we had but one purpose in mind, and that is to be of real public service, to supply you with your needs at the minimum of cost, consistent with quality, and to cap the climax, every sale is made with the distinct understanding that the purchase must prove entirely satisfactory.

The success of this store is due to close adherence to this definite policy—a policy well known to our patrons. We feel reasonably certain that once you patronize this store, you, too, will be favorably impressed, not only with our merchandise and service, but with the courteous and friendly treatment you receive.
