BENTON, KENTUCKY, WEDNESDAY EVENING, AUGUST 9, 1893.

NUMBER 42.

PADUCAH ITEMS.

We spent one day in Paducah last week for the purpose of seeing the new lumber yards and had the opportunity of seeing much of the city.

We found the city to be a large one, with a good business district.

The railroad was busy, and the streets were crowded with people.

We saw the new cotton exchange, which is one of the best in the country.

We also saw the new cotton gin, which is said to be the largest in the world.

We believe that Paducah is a promising city and will continue to grow.

AL ABANDON

If you don't understand the facts, you ought not to be in business. It is a mistake to try to make your own luck.

A Louisville woman was at home last week, and when she found that the bank had closed, she started to make plans to go to New York to see her son, who is there.

Unfortunately for her, her son was not there, and she was forced to return to Louisville.

The woman was greatly disappointed, but she continued to work hard to make a living.

The first English gold coins were first coined in 1851. They bore the motto "Mind Your Business." Aristotel says that "money exists in order to buy what we desire." A woman who will smoke is as good a wife as she is to exist. We have not the space to notice more of the important features of these books. The Smith Business College Incorporates.
