## THE LISTENING POST

It's a long, long time before the umpires will dust off the plates of the Kitty League and summon the hired hands to play a game of ball, but work is now going on that may bring some big changes in the Kitty League setup for next season. While a long and perhaps a cold winter intervenes between us and another Kitty League season, plans are already under way for making these changes. The local stockholders will meet tonight to elect directors and officers and perhaps talk some about money, and after all club directors have been named a meeting is set for Fulton next Sunday at which time the past season will be fought over and plans made for another season.

Locally some changes will have to be made. Smith Atkins, who guided the Eagles the past summer as president, has stated with the well known short word "No" that he will not fill this post next year. He figures that he learned enough about baseball the past summer to keep him for the rest of the time. "Next year I am going to be an interested fan," he says. "I'll help all I can, but I won't head the club." Which means that the local club will lose a mighty good president and must find another one. Several directors also say they will not serve on the board next year, and practically every fan in town says that Fulton should have a new sponsor next year. The hook-up with Nashville the past two years, particularly the last year, did not prove valuable, and it is likely that other plans will be made if possible.

Over at Owensboro, where Hugh Wise is backed by a plutocratic bankroll, there is plenty of agitation for dividing the Kitty into two groups—one the northern division and the other the southern division. Owensboro seems to think that Paducah would naturally fall into its group, but others are likely to think otherwise. Paducah will insist, I have no doubt, on being in the same loop with Mayfield, and naturally Mayfield will insist on being in the same group with Fulton and Union City. Personally I would like to see Owensboro line up with another league with such towns as Henderson and Bowling Green, and I would not mind letting Hugh have Hopkinsville if he desired. I would like to see Paris and Dyersburg in the loop, and it is likely that Paris will have delegates here for the Sunday meeting.

Lexington is not much of a member from the Fulton angle, but doubtless is valuable to Jackson, and if Corinth, Miss., should enter the league it would make a very good arrangement for Jackson also. But I do know that we need Paris and Dyersburg. They are good towns, intense rivalry could be developed and the gate would be greatly improved if those two towns were in the circuit. Also the traveling would be cut to the minimum.

Any way you look at the situation, Paducah logically belongs to the southern group, and if a division is made I am certain the Paducah folks will be found in this group. There is too much rivalry between Paducah and Mayfield, and even Fulton, for any other arrangement.

J. E. Hannephill, who headed the league the past year, says he does not want the job again, but I am hoping that he will reconsider this, for he did a good job during the past year and his services are still needed.

### NOTICE

A meeting of the Fulton Baseball Association stock holders and fans will be held at Lowe's Rainbow Room Wednesday November 2, at 7:30 p. m., for the purpose of electing officers for the coming year and transacting any business that might come before the meeting.

W. S. ATKINS, President.

## Vallandingham Resigns State Hospital Post

Action Climaxes His Discharge, Reinstatement By Governor

Frankfort, Ky., —Dr. J. L. Vallandingham resigned as superintendent of Eastern State hospital today. His action climaxed a three-months disagreement in which he refused to vacate the superintendent's residence after being discharged and then had been reinstated at the hospital last week.

Gov. A. B. Chandler in announcing the resignation late today, said he expected to fill permanently the position at Eastern hospital at Lexington and also that at Central State hospital, Lakeland, where Dr. E. L. Busby resigned after he had protested an order for his dismissal made last summer.

The Governor added Dr. Vallandingham had been asked to remain in charge at Eastern until a successor is named. Dr. W. R. Sommers is in charge at Central, since Dr. Busby already has given up that post, though still on vacation with pay until December 1. When Dr. Vallandingham was reinstated October 25 by Chandler it was rumored he would soon resign.

The Governor said Dr. F. K. Foley of the staff and Dr. Isham Kimball, clinical director of the U. S. Veterans hospital, Lexington, were being considered for the two posts, but that he had not decided which post either would take in case the appointments were offered them.

## Paul Nailling Buys McCormick-Deering

A deal was recently completed by which Paul Nailling, of Union City, Tennessee, became the owner of the local McCormick-Deering Store, which has been owned by International-Harvester Company since its establishment here in 1932.

Herbert Goulder, who has been manager of that store for the past several years, will travel for the International Harvester Company with headquarters in Fulton. His territory will be western Kentucky and Tennessee.

O. L. Winstead will be manager of the local store and Charles Bushart will continue as repair man.

## Baseball Officials To Have Meeting

All baseball fans of Fulton are urged to attend the meeting of the Fulton Baseball Association stock holders, members of the board, and fans, which will be held tonight at 7:30 o'clock at the Rainbow Room.

At this meeting, W. A. Atkins will officially resign as president of the board of directors, and his successor will be elected. Other officers will be elected and any business that might come before the meeting will be transacted.

## Child Bride's Guardian Sues To Annul Week-Old Marriage

Prestonsburg, Ky., —Suit to annul the week-old marriage of Rosie Columbus Tackett, child bride, was filed here today as deputy sheriffs continued to search for her 34-year-old coal miner husband.

The annulment suit was filed by County Attorney Forrest D. Short in the name of Green Allen, Prestonsburg insurance man, who earlier was appointed Rosie's guardian by County Judge Edward P. Hill. Records at the State Board of Health show Rosie to be ten years old.

Short expressed hope Rosie could be admitted to the State Children's Home at Lyndon, Ky.

Fleming Tackett, husband of the child bride, who disappeared yesterday when officers went to arrest

## N. Y. Banks Have Record Supply Of Idle Funds

NEW YORK — The big gold flow from Europe has left New York City banks—the heart of the Nation's money market—with the largest supply of idle funds in their history, the Federal Reserve Bank of New York reported today in its monthly credit survey.

Surplus reserves of New York banks—the excess of liquid funds over legal reserve requirements—toward the end of October set a new record at \$1,700,000,000, topping the previous peak of \$1,500,000,000 made in 1935.

The New York banks, it was pointed out, have been the first to feel expansion in money supply resulting from the heavy movement of gold here since July.

Huge excess reserves, "again draw attention to the size of the credit base in this country upon which an expansion of bank loans and investments, and therefore of deposits, could take place," the reserve bank commented.

## Graves To Get 15 Miles Of Road By January 1st.

Mayfield, Ky., —Aided by a W. P. A. grant of \$157,767, Graves County's road building program is expected to gain momentum this month, County Judge W. H. Crowder, Jr., said today. The Federal allotment is for construction of C-type highways and bridges in the county and Judge Crowder said fifteen miles of highways will be completed by January 1. Six W. P. A. road projects are under construction, H. R. Ditto, project engineer, said.

John Kendall, Bardwell, district commander of the American Legion, will speak at the meeting of Mayfield Post 26 of Legionnaires Thursday night, Post Commander Sam Easley announced today.

Consolidation of Cedar Hill school district with the Water Valley district was approved today by the county school board, County Supt. W. H. Baldree said. The board voted not to rebuild Cedar Hill School that was destroyed by fire last Thursday, Baldree announced.

## Gov. Davey Replies To Old Age Board Pension Charges

GOV. DAVEY REPLIES  
Columbus, Ohio — Gov. Martin L. Davey today ordered a reply to the Federal Social Security Board's charges against the Ohio old-age pensions system, and said that if Federal grants were not resumed within a week, the 112,000 pensioners would be paid fully for October from State funds.

The board has withheld its last-quarter allotment for half the Ohio pensions, contending that changes are necessary to eliminate politics from the Ohio system.

## Child Bride's Guardian Sues To Annul Week-Old Marriage

him on a warrant signed by Judge Hill charging rape, still was a fugitive tonight.

Rosie and her 200-pound mother, Mrs. Grace Columbus, are in the Floyd county jail as a result of the mountain wedding Monday a week ago.

Judge Hill yesterday signed warrants against Rosie, her mother and Tackett. The warrant against Rosie charged her with being a delinquent child while Mrs. Columbus was charged with "conspiring" with Tackett "in the crime of rape."

Kentucky law prohibits marriage of girls under 14.

Rosie, quiet, pigeon-toed mountain girl, is scheduled to appear tomorrow before County Judge Edward P. Hill.

## Large Crowd Attends Mass Meeting Here Last Night

Several hundred voters attended a mass meeting held last night in the City Hall which was called for the purpose of arousing interest in the coming bond election on municipal ownership of the electric light and power company here.

Waters will express their opinion on whether the city should pass a bond issue of \$110,000 for the purpose of buying the present distribution system or building a new one, with a view of ultimately hooking up with TVA lines. This question will be voted on next Tuesday and considerable interest is being manifested in the question. The meeting last night was for the purpose of explaining some of the disputed details and also to create more interest on the part of the voters.

Hon. Steve Wiley, city attorney, served as chairman of the meeting and explained that the City Council was trying to meet the wishes of the public. "We have made careful investigation," he said, "and have reached the decision that the only way in which to meet the wishes of the taxpayers and voters is to give them a chance to vote on the question. The council has no other idea than to allow the public to say what is desired. If a majority of Fulton's citizens want municipal ownership of the power facilities the council will be glad to proceed. If they do not want it next Tuesday is the time to say so."

Mr. Wiley introduced James L. Goodrich, an engineer of the Thomas H. Allen Engineering Company of Memphis, which firm made the preliminary survey here some weeks ago, and Mr. Goodrich spoke at some length on technical aspects of the question. Mr. Goodrich stated that it was certain, as an engineer, that TVA power would be available for this section, before a great while, and stated that

he knew Fulton could secure lower electric rates by proceeding with plans that have already been started.

Mr. Wiley then introduced Mayor C. P. Mabry of Hickman, who is conducting a campaign in his town similar to the one being carried on here. Mayor Mabry spoke briefly, expressing his hope that the two towns would go along hand in hand in this work, and stated that he felt certain the bond election would carry in Hickman by an overwhelming majority.

"We want to be perfectly fair with the utility company," Mayor Mabry said. "They have been good citizens of our communities, and we are making no personal fight on them. We simply feel that we can secure lower electric rates through this plan and we are determined to go through with it."

Mayor Mabry paid a glowing tribute to the work that has been done by the Young Men's Business Club here in getting this campaign started. "I wish that we might have these young men in my town," he said, "provided you people could get others as good—which I doubt."

Following this the meeting was turned into an open forum for questions and answers, and several citizens asked various questions. One question in particular was what effect on taxation the new setup would have and the answer was made that revenues from the plant would be set aside for what-ever taxes have been paid by utility interests. It was stated in the case of the school tax that more would be paid in under the proposed setup than at present. Mr. Goodrich answered some questions, while Mr. Wiley answered those of a legal nature.

## Maurine Ketcham Will Be Crowned At Last Football Game

Thursday afternoon at 2:30 Maurine Ketcham, football queen elect as the choice of the Bulldogs, will be crowned preliminary to the annual struggle between Fulton and Gleason. There's an old saying to the effect that "When Greek meets Bulldog. It will be a fight to the finish. The Gleason boys have a much better passing attack than Fulton has. They have the lateral pass developed to perfection. In addition, the use they short bullit pass directly over the line and a long pass far down the field. Fulton has not played a team this year that handles passes as well as Gleason did in their game with Greenfield which they won by 46-0. If their passing attack should break down, they have two sweet running backs that can show their heels if they get by the line of scrimmage.

The local team, however, knows just how good Gleason is. They know that Union City barely beat them 6-0; they know that they have a line that averages 170 lbs. and a pair of towering tackles that tip the beam at 190; and they know that it will be necessary for them to play heads up ball to win. The Carter men are much better adepts at blocking on down field plays. They have proven that they can break up passes and that they can hold powerful lines at bay. In fact, it has been their lot to play against a much heavier line in every game this year. Then too, they have developed a good running attack aided by sure blocking, as well as a passably good passing attack. Except for the greater weight in the Gleason line, Coach Carter's boys are able to trump every trick.

Captains Williams and Thomas say that they are ready and these two worthy backs know that they will have to be ready to meet a versatile attack to win. This game should pack as many thrills as the one at Gleason last year which the locals won 13-12, due largely to the

## K. P. Dalton Is Vice Chairman Of Campaign Com.

Chief of Police K. P. Dalton has just been notified from Barkley headquarters, Louisville, of his appointment as vice chairman for Fulton County in the Democratic campaign committee, and has accepted the post. Judge E. J. Stahr is county chairman and Mr. Dalton will have charge of the work in this end of the county. Efforts are being made to perfect an organization to get the full vote out next Tuesday.

No more popular choice for a local chairman could have been made, for Mr. Dalton throws his entire strength into campaigns, and there is no doubt he will perfect a good organization for the coming election.

## Fulton High Honor Roll

Following is a complete list of Fulton High School students whose names appear on the honor roll for the first term:

SENIORS—Jane Allen, Myrtle Binkley, Rebecca Davis, Betty Goldsmith, Mary Neil Bowden, Lucille Edwards, Martha Sue Massie, Mary Lee Roberts, Dorothy Webb, Treva Wayne, and Glenn McAllister.

JUNIORS—Mary Ethel Allen, Eva Anderson, Rachel Baldrige, Mary Mozelle Crafton, Virginia Hawkins, Maurine Ketcham, Gloria Nelms, Ellen Jane Purcell, Mary Norma Weatherpoon, James Burton, O. D. Elam, Felix Gossom, Jimmie Lewis, Thomas Peerey, Ralph Stephenson, and Glenn Weatherpoon.

SOPHOMORES—Katherine Brittain, Virginia Ann Hill, Milton Crawford, William Hassell, and Tommie James.

FRESHMEN—Betty Jean Bowles, Phillippe Butler, Martha Ellen Duley, Virginia Howard, Hugh Mac McClellan, Gale Raymond, Billy Read, and Earl Wiley.

Individual brilliance of Pee Wee Nanney. The Bulldogs merit your support in their last home game. It will be a humdinger.

## Early Settlement Of Paducah Strike Seen

PADUCAH, KY. —Early settlement of the five-day-old strike of the Paducah Coopers Company's eighty employees was expected as J. J. Doyle, Little Rock, president of the International Coopers' Union, today opened negotiations with Hollis Johnson, owner of the factory. A representative of the State Department of Industrial Relations also arrived here to act as arbitrator.

Workers called the strike Friday, charging that the company reduced a 30-cent-an-hour minimum wage scale to the 25-cent minimum under the new Federal wage and hour law. The company's action came after expiration of a contract with the local union, A. F. of L., affiliate, guaranteeing a 30-cent minimum.

A picket line established shortly after the strike was called remained while negotiations were in progress.

## J. Ray Graham Dies At Home This Morning

James Ray Graham, 67 years of age, passed away this morning at eight o'clock at his home on Third Street after a continued illness. The body will remain at the Winstead and Jones funeral home until tomorrow, and funeral services will be held at two o'clock tomorrow afternoon. Burial will take place in Clinton.

A more complete article will appear in the next issue of this newspaper.

## First Home Games At S. F. Tomorrow

The South Fulton boys and girls basketball teams will play their first home game of the season tomorrow night in the South Fulton gymnasium when they clash in a doubleheader with the boys and girls from Kenton, Tennessee.

The locals teams went to Rives last Friday night for their season's opening games, which resulted in a loss for the girls and a victory for the boys. Coach Leon Smith is expecting the girls to break into the win column in tomorrow night's game and is sure that the boys' quintet will win over the Kenton boys.

Basketball fans are invited to the South Fulton gym tomorrow night to see these two teams in their first home games.

Now is a good time to renew your subscription.

## 2,600,000 Automobiles Are Scheduled For Production

Detroit — A production program that probably will bring the motorcar industry's assemblies for the calendar year 1938 up to 2,600,000 passenger cars and trucks was under way today as virtually every car manufacturer began revising assembly line schedules upward, with new model output.

Earlier estimates of the year's probable production had ranged from 2,000,000 to 2,200,000 units. Reports from field representatives of most volume producers, however, tell of increasing consumers demand while dealer orders continue to accumulate at the factories.

The Buck division of General Motors in announcing the "biggest manufacturing program" in its history said it would produce close to 56,000 vehicles in November and December. In the same period last year its assemblies totaled 42,800 units.

Chevrolet, slow getting under way with its new models, expects to run well above the 219,000 units it assembled a year ago, and Plymouth, among the first to get into 1939 model output, is in full production with indications that its November-December aggregate will be well in

## Must Choose Between Rule Of Force, Law

Declares Economy Of Self-Sufficiency Will Fail To The Long Run

New York, —Cordell Hull, secretary of state, declared tonight the world "its at a cross roads," but has not lost its "power of choice" between rule by armed force and rule by law.

He warned the nations that, if they place "increased reliance upon armed force as an instrument of national policy they will be marching toward the final catastrophe of a new world war, the horror and destructiveness of which pass human imagination."

Speaking at the world trade dinner of the 25th National Foreign Trade convention, the secretary said nothing had happened in recent weeks—meaning the "peace of Munich"—to cause him to abandon his trade-agreements program. On the contrary, he added, he would "put redoubled vigor into our efforts to enlarge its scope and effectiveness."

He denied the contentions of some commentators that "became the totalitarian states, with their drastic trade controls and attempts to become economically self-sufficient, have extended their geographical sway, other nations will have to fall back on a system of increasing economic isolation. This, Hull said, is a "counsel of despair."

Hull blamed economic autarky on the construction of armaments to be used "as an instrument of national policy." This imposes, he said, "an ever more complete regimentation of national life an impairment of personal liberty, a lowering of every standard of material, cultural and spiritual existence."

## Thomas Jones Dies In Ohio

Thomas Jones, former resident of the Kingston store community, died Monday morning at his home in Dayton, Ohio, and his body will arrive here tonight. The remains will be carried to the home of Lee Jones, a brother, and funeral services will be held tomorrow morning at eleven o'clock, at the Oak Grove Church.

Mr. Jones, who was a carpenter, left here many years ago, and had not been in the community in several years. He is survived by two sons and two daughters and two sisters and two brothers. Many people in the community will regret to learn of his death.

## THE FULTON DAILY LEADER

DAILY SINCE 1898

HOYT MOORE, EDITOR AND PUBLISHER  
MARTHA MOORE, ASSOCIATE EDITOR  
NOLA MAE WEAVER, ASSISTANT EDITOR

Published every afternoon except Sundays and holidays, at 400 Main Street, Fulton, Kentucky.  
Entered at the Fulton, Kentucky Post Office as mail matter of the second class, June 1938, under the Act of Congress of March 3, 1979.

**SUBSCRIPTION RATES**  
One Year by Carrier in City \$4.00  
Six Months by Carrier \$2.25  
One Year by Mail, First Zone \$3.00  
Six Months by Mail, First Zone \$1.75  
One Month \$1.00  
Mail rates beyond first zone same as city carrier rates.

**OBITUARIES—RESOLUTIONS—CARDS OF THANKS, ETC.**  
A charge of one cent per word or five cents per line is made for all such matter, with a minimum fee of 25c. This is payable in advance except for those who have an account with the office.

**CORRECTIONS**  
The Leader will gladly correct any error in facts which may have gotten into its news stories when attention is called to them.

## America's Loss From Japan's Victory

Whatever the losses of the Government that the Open Door in China will remain open, American exporters take a gloomy view of the future. In their opinion, or that of the majority, Japan will monopolize the Chinese markets as it monopolized the markets of Manchuria and the \$30,000,000 to \$35,000,000 annual business which Americans enjoyed before the present undeclared war is as good as gone. By tariffs, quotas and commercial and financial controls the Japanese Empire, it is believed, will shut out the Western Powers and either annihilate their concessions or reduce them to little or no value.

A minority of the traders take a more hopeful outlook. The work of reconstruction, in its opinion, will require large quantities of industrial equipment which Japan cannot supply and that country will turn to the United States. After hostilities are terminated and after the herculean task of transforming the occupied areas along the industrial lines is begun, the victors will need products from the outside. If not outside aid in any event, however, some of the loss sustained by American business will be made up by increased demand for American goods from the Dutch East Indies, Malaya, Siam and adjacent markets where anti-Japanese feeling has been intensified by its conquest of China.

Adversities that are certain to evaluate will fall on American cotton. Japan, one of the largest purchasers of that commodity, has made it known that it will develop cotton-growing in the Chinese territory it dominates. Self-sufficiency in this line has been one of the objectives of the present undeclared war and the United States can look forward to an intensified cotton problem.

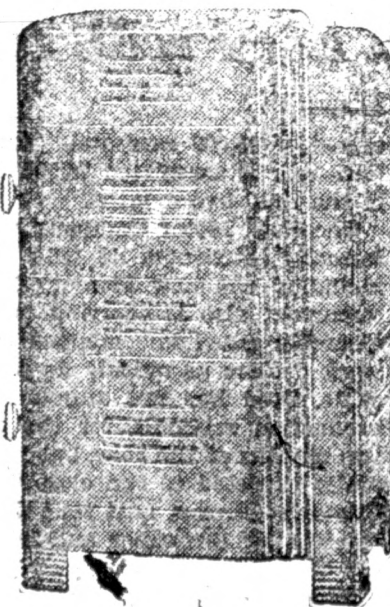

In its sharp note to Tokyo last week the United States intimates that commercial retaliation might follow a shutting of the Open Door. Japan might be placed on the National blacklist along with Germany for its discriminatory action. Experts, however, are of the opinion that the United States will not resort to such a policy. Development of artificial silk indicate that industry rather than Government may put an end to the benefits of Japan's export in the American market—a natural reprisal against a probable shut-out of American cotton.

One thing there is no doubt, however, under Japanese management and efficiency China will be a powerful China. The day when the Powers could "divide up the markets of that vast country among themselves and guarantee its independence by agreement are gone forever. —Courier-Journal.

## PERSONALS

WE ARE BOOKING private parties for Sunday School Classes, Office Employees, etc., at the C. & E. Roller Bank. Adv. 258-11.  
Mrs. Ed Bonduant and daughter, Sarah Frances, Mrs. Hillman Collier and Miss Marie Bowers, spent yesterday in Paducah, and were the dinner guests of Mrs. J. W. Stockdale.

WE ARE BOOKING private parties for Sunday School Classes, Office Employees, etc., at the C. & E. Roller Bank. Adv. 258-11.  
Mr. and Mrs. M. M. Reberford of Rock Island, Kansas are spending this week in Fulton on business. They were accompanied by Mr. and Mrs. H. C. Smith, on a fishing trip to Reelfoot last week-end.

Executed Slayer, Outwardly Calm,  
Was Afraid, Machine Shows

Salt Lake City. —Killer John W. Deering faced five armed riflemen willingly and without apparent emotion at the state prison today, yet he literally was "scared to death."

The 40-year-old, bushy-haired convict, behind prison bars most of his adult life, was executed by a firing squad for the confessed killing of Oliver R. Meredith, Jr., Salt Lake City businessman, during a robbery.

Deering smiled and spoke calmly as he emerged from "death row." He walked unaided to the executioner's wooden chair against the rock wall and sat rigid, awaiting without a word four death-dealing bullets.

Yet his heart pounded like a trip-hammer.

Deering, his life deemed a failure, cooperated with scientists to record for the first time the ac-

tions of a human heart, pierced by bullets.

"He put on a good front," said Dr. Stephen H. Besley, prison physician. "The electro-cardiograph film shows his cold demeanor hid the actual emotions pounding within him. He was scared to death."

Deering's heart beat, normally 72 per minute, rose to 180—nearly three times normal—the few minutes he was in the chair.

"Each time we spoke, to his heart fluttered. The rhythm was very irregular," said Doctor Besley.

When Deering was asked for a final statement, his heart raced. It calmed after he spoke, and beat fast but even the remaining 30 seconds before the shots rang out.

When the bullets shattered the heart, the beat fluctuated wildly, then gradually ebbed to a stop 15.6 seconds after Deering was shot.

A statement  
From Mayor  
Of Fulton:—

As Mayor of Fulton I have always tried to do things I thought were for the people's interest. If you want cheap current it depends on how you vote November 8th.

I'm sorry that the bond issue has been misinterpreted by our voters. Neither I or the City Council have any intention of building a generating plant which means making electric current in Fulton. We have never had this in mind.

This bond issue is to buy or build a distribution system which means poles, wire, meters, transformers, and not a power plant.

This bond issue is the next step we will have to take to get cheap electricity, as other towns have done. We are following the same steps that other cities have followed to the goal which is cheap current.

Also remember any City, town or county has to own all electric lines, poles, meters (the distribution system) before they can get T. V. A.

The city then will sell the current to the people. The people will own the poles and wiring by the City of Fulton. We will not build a power plant.

The bonds will be revenue bonds and will not raise your taxes 1 cent.

Paul DeMyer,  
Mayor

Woolsey, who teamed with Bert Wheeler in vaudeville comedies, had been suffering from a kidney ailment for the past 18 months, said Dr. Ralph Tindowsky, his physician. He finished one picture after being stricken, but then was forced to retire.

Woolsey was born in Oakland, Calif., Aug. 14, 1889, the son of a professional. The future comic star was reared and educated in Murphysboro, Ill.

Union City Youth Held For Extortion  
Union City, Tenn. —Woolrow Arnold, Union City youth, was held in jail here tonight on a charge of attempted extortion after he was caught last night in the act of receiving what he thought was \$300 from Dr. W. A. Nailling, prominent physician of this city.

Dr. Nailling received a letter yesterday morning telling him to leave an envelope containing \$100 in bills at the rear of the Grill restaurant owned by him. This was demanded on threat of bombing the doctor's hospital.

Memphis FBI agents who were called into the case advised placing of a dummy envelope. A short time later Arnold was seen walking near the back of the restaurant with a small colored boy and was arrested after he sent the boy for the envelope.

Farmand Admits He Aided Woman Poison 2nd Spouse  
Madison, Wis. —Elmer Johnson, 24, an itinerant farmand, pleaded guilty in Superior Court today to a charge of helping Mrs. Florence Peters poison her second husband.

Mrs. Peters was sentenced to life in the State Prison for Women yesterday for the poison murder of her first husband, Henry Kesenich.

The second husband, John Peters is convalescing in a Madison residence where his wife was arrested a month ago with Johnson, who also went under the name of Harvey.

Johnson had been held on a morals charge Sheriff Lawrence Larson said today. Johnson called him and told him he wanted to confess that he assisted Mrs. Peters in supplying the poison.

Robert Woolsey Of The Films Succumbs  
Melissa Beach, Calif. —Robert Woolsey, 48, motion picture comedian, died today at his home here after a long illness. At his bedside were his wife, the former Mignone Reed, and his mother, Mrs. Mary Reed.

Why Kill the Goose That Laid the Golden Egg?  
The Kentucky Utilities Company payroll in Fulton last year amounted to \$13,125.54. Its city taxes were \$1,111.33 for schools and \$568.28 for the general fund, a total of \$1,679.61. In addition the company spent approximately \$12,000 here for supplies, etc.

Add the payroll, the taxes and the expenditures for supplies, which our city, our schools and our merchants get every year from the Kentucky Utilities Company and its employees, and the sum is \$26,805.15. (This does not include the company's county taxes averaging \$2,148.18 a year.)

LARGE SUM FROM COMPANY  
In twenty years the citizens of Fulton will benefit to the amount (figuring on the present basis) of \$536,103. What the company will put into our school fund in that period is going to pay off nearly half of our \$50,000 school bond issue soon to be floated.

If Fulton citizens approve the proposed \$110,000 bond issue, at the November 8th election, "for purchasing, constructing and operating a light, heat and power plant," the Kentucky Utilities Company will be forced out of business here.

The loss of taxes, payroll and local purchases is going to hurt our city, our schools and our merchants. It is going to put an added tax burden on every Fulton family. Those who do not own property will pay the extra tax load indirectly in the cost of food, clothing, rent, fuel, etc.

The city of Fulton is already in a seriously depressed financial condition. It cannot afford to lose any tax revenue from either the general fund or school fund. Nor can our merchants afford to lose the business of the Kentucky Utilities Company and its employees.

WHY LOSE ONE-HALF MILLION DOLLARS?  
If the bond issue is approved and the municipal electric plant built, electric rates here will not be any lower than they are now. The rates will not be reduced until the bonds are all paid off by the electricity users. It will be twenty years. By that time the plant will be worn out. In that same period the citizens of Fulton would receive from the Kentucky Utilities Company—as explained above—more than one-half million dollars.

Local citizens who think that a vote for this bond issue is a vote for T. V. A. electric service have been misinformed. As it appears on the ballot, the bond issue question states that the money is to be used "for purchasing, constructing and operating a light, heat and power plant."

There isn't a word about the T. V. A. on the ballot. It is to the best interest of the city and people of Fulton not to go into the highly complicated electric light and power business. Therefore we urge every citizen to vote NO on the bond issue.

Why Kill the Goose That Laid the Golden Egg?  
The Kentucky Utilities Company payroll in Fulton last year amounted to \$13,125.54. Its city taxes were \$1,111.33 for schools and \$568.28 for the general fund, a total of \$1,679.61. In addition the company spent approximately \$12,000 here for supplies, etc.

Add the payroll, the taxes and the expenditures for supplies, which our city, our schools and our merchants get every year from the Kentucky Utilities Company and its employees, and the sum is \$26,805.15. (This does not include the company's county taxes averaging \$2,148.18 a year.)

## Executed Slayer, Outwardly Calm, Was Afraid, Machine Shows

Salt Lake City.—Killer John W. Deering, who was executed by hanging at the Utah State Penitentiary, was outwardly calm, but a machine showed that he was very nervous, according to a report from the prison physician. The electro-cardiograph machine shows his heart was beating at a normal rate, but the machine also showed that he was very nervous, and that he was afraid. The machine also showed that he was very nervous, and that he was afraid. The machine also showed that he was very nervous, and that he was afraid.

Deering's heart beat, normally 72 per minute, rose to 180—nearly three times normal—the few minutes he was in the chair. "Each time he was spoken to, his heart fluttered. The rhythm was very irregular," said Doctor Besley. When Deering was asked for a final statement, his heart raced. It calmed after he spoke, and beat fast but even the remaining 30 seconds before the drop's ring out. Deering's heart beat, normally 72 per minute, rose to 180—nearly three times normal—the few minutes he was in the chair.

Woolsey, who teamed with Bert Wheeler in numerous comedies, had been suffering from a kidney ailment for the past 18 months, said Dr. Philip Tindowsky, his physician. He finished one picture after being taken, but then was forced to retire.

Woolsey was born in Oakland, Calif., Aug. 14, 1899, the son of a non-professional. The future comic star was reared and educated in Murphysboro, Ill.

Union City Youth Held For Extortion. Union City, Tenn.—Woodrow Arnold, Union City youth, was held in jail here tonight on a charge of attempted extortion after he was caught last night in the act of receiving what he thought was \$100 from Dr. W. A. Nailling, prominent physician of this city.

Dr. Nailling received a letter yesterday morning telling him to bring an envelope containing \$100 in bills to the rear of the Grill restaurant owned by him. This was demanded on threat of bombing the doctor's hospital.

Memphis FBI agents, who were called into the case advised placing of a dummy envelope. A short time later Arnold was seen walking near the back of the restaurant with a small colored boy and was arrested after he sent the boy for the envelope.

Will McCall, who was injured at the home of her daughter, Mrs. J. R. Frichard, and her granddaughter, Mrs. Raymond Bailey, on Arch Street.

Farmland Admits He Aided Woman Poison 2nd Spouse. Madison, Wis.—Elmer Johnson, 24, an itinerant farmland, pleaded guilty in Superior court today to a charge of helping Mrs. Florence Peters poison her second husband, Mrs. Peters was sentenced to life in the State Prison for Women yesterday for the poison murder of her first husband, Henry Peters.

The second husband, John Peters, is convalescing in a Madison residence where his wife was arrested a month ago with Johnson, who also went under the name of Harvey.

Johnson has been held on a morals charge. Sheriff Lawrence Larson said today, Johnson called him and told him he wanted to confess that he assisted Mrs. Peters in supplying the poison.

Robert Woolsey Of The Films Succumbs. Motion Picture, Calif.—Robert Woolsey, 49, motion picture comedian, died today at his home here after a long illness. At his bedside were his wife, the former Mignonette Reed, and his mother, Mrs. Mary Reed.

The loss of taxes, payroll and local purchases is going to hurt our city, our schools and our merchants. It is going to put an added tax burden on every Fulton family. Those who do not own property will pay the extra tax load indirectly in the cost of food, clothing, rent, fuel, etc.

The city of Fulton is already in a seriously depressed financial condition. It cannot afford to lose any tax revenue from either the general fund or school fund. Nor can our merchants afford to lose the business of the Kentucky Utilities Company and its employees.

WHY LOSE ONE-HALF MILLION DOLLARS? If the bond issue is approved and the municipal electric plant built, electric rates here will not be any lower than they are now. The rates will not be reduced until the bonds are all paid off by the electricity users. It will be twenty years. By that time the plant will be worn out. In that same period the citizens of Fulton would receive from the Kentucky Utilities Company—as explained above—more than one-half million dollars.

Local citizens who think that a vote for this bond issue is a vote for T. V. A. electric service have been misinformed. As it appears on the ballot, the bond issue question states that the money is to be used "for purchasing, constructing and operating a light, heat and power plant."

There isn't a word about the T. V. A. on the ballot. It is to the best interest of the city and people of Fulton not to go into the highly complicated electric light and power business. Therefore we urge every citizen to vote NO on the bond issue.

RESOLUTION  
WHEREAS, the Mayor and Board of Council of the City of Fulton, Ky., has acted for and on behalf of the people of Fulton, Kentucky, and have published notices declaring the desirability of acquiring a municipal electric heat, light and power plant as required by Statute.

WHEREAS, the City of Fulton, Kentucky, has determined to acquire its electric distribution system by purchase of existing facilities, or by construction of new facilities.

WHEREAS, the Kentucky Utilities Company has operated the existing electric distribution system properties in Fulton, Kentucky, under a franchise granted by the City of Fulton, Kentucky, and said franchise having expired prior to this date and no new franchise or renewal of said franchise having been granted, the City of Fulton desires to purchase the existing electric distribution system, properties and has expressed this desire to the Kentucky Utilities Company.

BE IT RESOLVED by the Mayor and Board of Council of the City of Fulton, Kentucky, that a certified copy of this resolution be forwarded by the Clerk to the Kentucky Utilities Company, Lexington, Kentucky, and that the contents of same be published twice in a local newspaper.

Approved this 22 day of October, 1938.  
PAUL DEMYER, Mayor.  
Mary Chapman, Clerk.

## CLUB AT RAINBOW ROOM YESTERDAY

Mrs. Frank Wiggins was hostess to her afternoon bridge club yesterday at the Lowe's Rainbow Room, entertaining the two tables of club members.

At the conclusion of the games high score for the afternoon was held by Mrs. James Warren who was presented hose as prize.

A salad course was served.

## MRS. ROBERT A. BINFORD ENTERTAINS BRIDGE CLUB

Mrs. Robert A. Binford delightfully entertained her weekly bridge

club last night at her home on Third Street. The usual two tables of players were present which included three visitors, Mesdames Uel Killebrew, Jack Edwards, and Wilburn Holloway.

After the games high score for the club members was held by Miss Mary Swann Bushart and Mrs. Killebrew held high for the visitors. Both received beautiful prizes.

Mrs. Binford served delicious chili and cold drinks.

This club will meet next week with Mrs. Grace Wiseman at her home on Second Street.

## CHIROPRACTORS MEET IN MURRAY

The West Kentucky Chiropractic Society met with Dr. W. C. Oakley in Murray last night. Those attending from Fulton were Dr. and Mrs. A. C. Wade and children and Miss Elizabeth Sinclair. Dr. Oakley was the principal speaker, having as his subject "Abnormalities of the Atlas and Axis and the Effects Upon the Body." The address was very interesting and enjoyed by all who heard it.

## EXECUTIVE BOARD OF WOMAN'S CLUB TO MEET

The Executive Board of the Fulton Woman's Club will hold a meeting tomorrow morning, Thursday, at 9:30 o'clock at the club rooms. All members of the board are urged to be present.

## PELLEY INVITATIONS RECEIVED IN FULTON

Friends of Mr. and Mrs. John J. Pelley of Washington, D. C., have received the following announcement:

"Mr. and Mrs. John Jeremiah Pelley request the pleasure of your company at the marriage of their daughter, Mary Jane, to Mr. William Dirkse-van-Schalkwyk on Saturday, the nineteenth of November at eight o'clock, The Shoreham, Washington, D. C."

Mr. and Mrs. Pelley lived in Fulton a number of years ago, their only daughter, Mary Jane, being born here. Possibly a more popular couple never lived here as they

were very prominent socially and Mr. Pelley was the most popular Illinois Central official, being Superintendent at that time.

He is now one of the greatest railroad officials in America, holding the position of President of the Association of American Railroads.

## WEDDING HERE SATURDAY

Announcement is made of the marriage of Miss Georgia Nell McDaniel, by her parents, Mr. and Mrs. W. G. McDaniel, of Mayfield, to Cook Clardy, of LaFayette, Ky.

The ceremony was said Saturday, October 15, at Fulton, Squire S. A. McDade reading the single ring

ceremony.

Mr. and Mrs. Clardy are residing in Nashville, Tennessee and vicinity.

## MISS BONDURANT HONORED AT PARTY

Miss Sarah Frances Bondurant, who will leave for Washington, D. C., to resume her duties after a vacation here, was complimented with a party last night given by Mrs. Tillman Adams at her home on the Martin Highway.

Games of Chinese Checkers were enjoyed throughout the evening.

Delightful refreshments were served to the following:

Mrs. James Warren, Mrs. Atilla Hemphill, Mrs. Tom Beadles, Miss Ann Lee Cochran, Miss Mary Moss Hales, Miss Tommie Nell Gates, the honoree, and the hostess.

## THIS IS NOT A VOTE FOR T. V. A.

You citizens of Fulton are being urged by some to vote for a \$110,000 bond issue at the election on November 8. You are told this bond issue will be "Fulton's chance to get T. V. A." electric service. And you are promised that "you will get your electricity from 25% to 50% cheaper" even after paying the bonded debt with interest.

Now the truth is that this proposed bond issue has nothing whatever to do with bringing T. V. A. electric service to Fulton. It is simply a scheme to spend a large sum of money for an unnecessary municipal electric plant.

## STUDY THIS QUESTION

According to the ordinance passed by the City Council, the question will appear on the election ballots as follows:

"Are you in favor of purchasing, constructing and operating a municipal light, heat and power plant in accordance with the plans and specifications adopted by the City of Fulton, and the incurring of an indebtedness by the issuance of revenue bonds in the amount of \$110,000?"

Notice that the question says nothing about lower electric rates or T. V. A. service. It just asks you Fulton citizens if you want to assume a debt of \$110,000.00.

There is no guarantee or promise of lower electric rates and a plant itself does not necessarily insure lower rates.

Mr. Steve Wiley said at the mass meeting last night, No one knows what the rates will be if the City builds and electric plant, because they must be high enough to pay all expenses and interest and retirement of the bonds.

If T. V. A. service should become available to Fulton later on, the money spent on the generating plant would be entirely wasted. Why?

Because the plant would be closed down and electricity purchased from T. V. A. But interest and sinking fund payments would go on and on.
