The Spring Season Enters

With a World of Gay, New Styles—Fulton Stores Feature New Merchandise at Super-Value Prices.

Just as the building flowers and shrubs begin to sprout, the same thing is to be seen in the stores. The feel of the season has come. There are new ideas in nearly every line. Not only in the clothing and shoe and millinery departments, but in practically all lines of work. If you are looking for a new direction in your home circle or want new ideas for the home, you will find them. There is no reason to have your home or your closet in a rut. You can have a change even if you remain in the same place. A change of idea almost always means a change of outlook and a change of appearance. In this way you can have new ideas even if the same kind of things are used. A good idea is valuable, but a new idea is priceless.

An instruction for one's own delight and amusement is an unquestionable fact that P. T. A. COMMUNITY authorized Ford dealers in Ful- bright in their good work for Rev. R. J. Cantrell.

The Song-Phone Band of high-grade lumber and build__ FEAST WITH THE P. T. A'S tion church.

The basket and tournament along the edge of the school will be played Thursday evening and a late. A crowd is expected and much in- tended, tastefully arranged.

There is nothing more insOir- or a nice shade tree. This not- Tales of Hoffman. Offenbach— located on Fourth street. The o'clock. Aside from the tempt- by th:r Murray society.

Lenten Tuesday, March 31, a Dividend of One and Menu for community dinner A sight worth viewing... it is an outstanding edition. It is just a matter of getting the right kind of people and putting them into the right kind of work. If you have a problem of any kind, you can have a solution. No matter what you want to do, you can have a solution. If you have a problem of any kind, you can have a solution. There is no reason why you should not have a solution. If you have a problem of any kind, you can have a solution.

High School Notes

The Y. M. C. A. Bible-study work was continued Wednesday morning by the Rev. Malvern L. Barlow, of the First Congregational Church, Fulton. Mr. Malvern showed a picture of the life and work of Paul the Apostle. The basket and tournament along the edge of the school was again played Thursday evening and a late. A crowd is expected and much in- tended, tastefully arranged.

AIR DRIED CLOTHES

Do you realize what it means to receive a bundle of thoroughly washed and air-dried clothes from a modern power laundry? It means that at last the only remaining barrier between the housewife and the laundryman has been removed. Instead of driving modern laundry to your door, now the modern laundry can drive clothing to you. You choose to send, but also duplicates in every respect the method of drying that the house has employed for time immemorial, namely, the hanging of the washing on the old-fashioned clothes line, to back and dry in the glorious sunshine.

The greatest development in years and years, comes to this steadily growing industry in the perfection of a natural drying process. This new method of drying by air eliminates for all time that remarkable odor which has branded the work of the power laundry in the past.

Thousands and Thousands of Cubic Feet of Concentrated Sunshine

The scientific application of air as a drying agent in the power laundry is accomplished by the perfection of the Vorclone Drying Tumbler. This most wonderful machine harnesses clean fresh air in such great volumes that it almost entirely eliminates the necessity of heat to dry clothes. It dries clothes thoroughly, swiftly and gently, ventilating them throughout, assuring the most perfect cleaning and drying, leaving them soft, fluffy and perfectly odorless. Clothes dried in this manner are never wrinkle, discolored or left with a hard feel.

The Vorclone Tumbler used in our laundry is the only drying tumbler that does not depend solely on heat for drying clothes, that does not require the power of the most perfect laundering process. It puts the work of the power laundry on par with that of the housewife's own private laundry.

To be sure to receive your wonderful machine in our laundry anytime, feed and smell the clothes it dries, notice how fresh and sweet smelling they are.

INTERESTING SESSION OF WOMAN'S CLUB

Secretary

MRS. G. G. MÖLLER

OFFICERS ELECTED FOR COMING TWO YEARS

The March meeting of the Woman's Club, held Friday evening, with the Woman's Economic department in charge of the program, was most interesting. The business for the afternoon was conducted by Miss Mrs. D. C. Brown, President; Mrs. R. C. Dyer, Vice President; Mrs. A. B. Blair, Secretary, and Miss Mrs. C. C. Elrod, Treasurer.

The president of the club, Mrs. E. F. Call, presented during the afternoon a preliminary report, Mrs. F. C. Remington, Chairman, the Committee on Economy, by saying: "The club is in need of a committee and a Chamber of Commerce for allowing us the privilege of sharing the work. We are organizing them and will have them on the appearance of the room. We are considering the need of a room at the hospital, and Mrs. L. E. Curtis of the national Red Cross headquarters, was introduced to the club by Mrs. L. E. Curtis. Mr. E. R. Brown, who is the services of the Red Cross, and the work that is being done in this line, as well as during the war. He urged that more money be raised, when the meeting was adjourned later this evening.

Mrs. W. O. Slaughter was introduced before the club and presented the club's new building project. This project is for the purpose of building a new building. The club is to be located in the center of the city, and will be a beautiful building. It will be a beautiful building for the club to meet in. The building will be a beautiful building for the club to meet in.

JOHNSTON JUNIOR HIGH SCHOOL

The Johnston Junior High School is now open for the spring term. The school is located at the corner of 11th and Main Streets. The school is under the direction of Mr. W. A. Smith, principal, and Mr. J. W. Johnson, assistant principal. The school is equipped with modern facilities and has a capacity of 500 students.

The school is open for the spring term from 8:00 a.m. to 3:30 p.m. Monday through Friday. Tuition is $30 per semester. The school offers a wide range of courses, including English, mathematics, science, social studies, and the arts.

The school is open to all students who have completed the fourth grade. The school is committed to providing a high-quality education to all students and is dedicated to helping each student reach their full potential.

For more information, please contact the school at 555-1234 or visit the school website at johnstonjhs.com.
The name of the bank with which you do business is one of the best references you can give.

A checking account stands for modern business methods, available liquid funds.

A savings account stands for good habits, thrift and ambition.

So not only does a bank account yield you monetary returns from your investment but it returns a dividend in good reputation.

GET READY FOR SPRING

Sprin, most beautiful of seasons. Day is shorter, air fresher, birds are singing, flowers blooming. True, of course, that the world's evergreen does not really die in spring even after the season has arrived. So, there is no reason why you should not accept the coming of spring with open arms and a grateful heart. Let us begin with the beautiful weather.

We know that soon the air will be woody and sweet with the scents of flowers and the freshness of grass. The mornings will be cool, and the afternoons warm. The sky will be blue and the sun will shine brightly. The days will be filled with joy and activity.

The world is waking up and spring is in the air. The farmers and all who work the land are busy with their early tasks. The seeds are being planted, the crops are being tended, and the animals are being cared for. This is the time of new beginnings and new opportunities.

AFTE THE FULTON CITIZENS DREAMING

The dream of enjoying the incomparable beauty of the season is one of the joys of the municipality. The citizens of Fulton are always looking for a way to express their feelings and dreams. This spring, the city council has put together a unique project that will bring the citizens together.

This project involves creating a public art installation that will be located in the heart of the city. The installation will feature a large sculpture of a tree, which will be surrounded by a series of smaller sculptures of animals and plants. The sculptures will be made of wood and will be painted in bright colors. The project is expected to be completed in time for the city's annual spring festival.

A BLOW TO AGRICULTURE

W. B. Wilson, president of the National Farmers Union, and a prominent agricultural leader, has issued a statement regarding the recently announced tax on farmers.

Wilson said that the tax is a blow to agriculture and a blow to the farmers. He called upon the government to reconsider its decision and to find a way to help the farmers.

The tax, which is being proposed as a way to raise revenue, will be a severe blow to the farmers. The tax will be imposed on the gross income of farmers, and it will apply to all farmers, regardless of the size of their farms or the income they earn. The tax will be collected at the rate of 10 percent of the gross income of farmers.

The tax is expected to have a significant impact on the farmers. It will put a strain on their already precarious financial situation, and it will make it even more difficult for them to make ends meet.

The tax is likely to have a negative impact on the economy as a whole. Farmers are a significant part of the workforce, and they provide a critical service to the country. The tax is expected to lead to a reduction in the supply of food, which will drive up prices and put a strain on the economy.

The tax is also likely to lead to a loss of revenue. Farmers are already facing difficulty in making ends meet, and they are not likely to be able to pay the tax. As a result, the government will not receive the revenue it expected from the tax.

The tax is a blow to agriculture and a blow to the farmers. It is a blow to the economy as a whole. The government should reconsider its decision and find a way to help the farmers.

THE TENTH ANNIVERSARY OF THE GREAT OUT-OF-DOORS

Tenth anniversary of the Great Out-of-Doors. Fulton, Kentucky, April 8, 1924. To the citizens of Fulton:

This year marks the tenth anniversary of the Great Out-of-Doors. It is a time to reflect on the past and to look forward to the future.

The Great Out-of-Doors was a movement that began in the late 19th century and that gained momentum in the early 20th century. It was a response to the industrialization of the country and to the increased urbanization of the population. The movement was a call for people to reconnect with nature and to live a simpler, more meaningful life.

The movement was centered on the idea that nature is a source of inspiration and that it provides a means of escape from the stresses of urban life. It was a movement that was focused on the importance of preserving nature and of promoting a lifestyle that was in harmony with nature.

The movement was embraced by a wide range of people, from artists and writers to politicians and businessmen. It was a movement that had a lasting impact on the country and that helped to shape the way people think about nature and about the relationship between humans and the natural world.

As we celebrate the tenth anniversary of the Great Out-of-Doors, let us reflect on the importance of nature and on the need to preserve it for future generations. Let us commit ourselves to living a lifestyle that is in harmony with nature and that is in keeping with the spirit of the Great Out-of-Doors.

The Tenth Anniversary of the Great Out-of-Doors is a time to remember and to celebrate. It is a time to reflect on the past and to look forward to the future. Let us make a commitment to preserving nature and to living a lifestyle that is in harmony with nature.

OLIVE HILL

WILL BE

100 PER CENT

Concrete Paved

One of the progressive mountain towns of Eastern Kentucky is Olive Hill, home of the present Governor of Kentucky. Last year two-thirds of the streets of Olive Hill were improved by paving with Portland cement concrete. During 1927 the city officials hope to complete the job, making this city another of the 100 per cent concrete-paved towns of Kentucky.

Concrete pavements were selected after a thorough investigation, as the best investment of the taxpayers funds.

The race that never ends

BUILDING a telephone system is as challenging that never ends. The needs of today must be anticipated, the demands of the future must be met, and the anticipated demands of the future must be anticipated. It is a continuous process.

At the end of 1926, there were 2,361,253,541 telephones in service in the United States. This number is expected to grow to 2,380,891,696 by the end of 1927. This represents an increase of 100,638,155 telephones, or about 5 per cent.

The race is on to build new lines and expand existing ones. It is a never-ending quest for better service and more capacity. The goal is to ensure that everyone has access to reliable communication.

Do You Know

A FARM WAGON THAT IS GUARANTEED

When you buy John Deere implements you pay for the work now...and the manufactures pays for it. We want you to own a John Deere implement that will be the best tool you own, and sell at a profit for you, and that the manufacturer will guarantee in writing, and stand behind, for as long as you own it. John Deere has a long history of producing reliable and durable farm equipment. Our guarantee means peace of mind and protection for your investment.

The JOHN DEERE WAGON

The Wagon that is Guaranteed

A wagon and implement combine by John Deere, and every part is guaranteed for as long as you own it. The manufacturer stands behind it and the manufacturer pays you for it. **Senour's Floor Paint**

*"It Penetrates"*

The word "penetrates," is a secret manufacturing process that makes Senour's Floor Paint the best paint money can buy.

If a floor paint does not penetrate or grip into the wood it will soon begin to crack, chip and peel. Senour's Floor Paint does not so it grips into every grain of wood and forms a film that will withstand the hardest usage and will withstand repeated washings without damaging the finish.

Senour's Floor Paint is guaranteed to give satisfaction if directions printed on this can are followed or money back on receipt of empty can.

Yours for nothing.

**Southern Fence**

*Horse-high—Bull-strong—Fireproof—Weather-wise—Rust-proof*

Southern Fence is lifetime fence—so lasting, so strong, so beautiful, so valuable. No other fence can match it in looks, strength, or permanence. Southern Fence is built of the finest fir wood. Each plank is packed tight. No dirt, no mud can soil the box. This fence is as handsome as a eight, as strong as a horse, as tough as steel. It is so strong you can not break it.

Southern Fence is so well constructed and built that if you cut a piece of it, you can not break it. It is solid, dense, and strong and cannot be cut.

Southern Fence is so built that it will last for 50 years or longer. It will not rot, crack, or peel. It is a permanent fence that will last for generations. It is the finest fence money can buy.
