THE LISTENING POST

● The Second Generation moves on. Another local business man passes from the scene and the sons carry on. True, the sons have been carrying on for a long time, but as long as the father was among us the change did not seem so radical. Now that he is gone we really see this Second Generation taking over. In many other Fulton business places we see the sons engaged in work, and we know that those changes are certain to come. It must be a comfort to those older men to live long enough to see the sons take their places in business and know that when they are gone the sons will carry right along. Yes, that must be a blessing for any man when he sees that take place.

● I am betwixt and between. In a sense, I am second generation myself, for this business was once a father and son affair. But I did not, so to speak, grow up in this particular business, for I was almost at voting age before the family embarked on the business which now occupies me. Being betwixt and between I have seen this change take place in Fulton, and I know that those older men who went out with their sons taking their place must have felt a blessing and been comforted by this knowledge.

● I have known all the Gramhams for a great many years. I should know the boys better than I did the father, but for some reason I always felt that I knew him better. For a great many years, whenever there was a political campaign on, we were thrown together a great deal, and our sympathies usually were similar. I have made many trips with him on these political missions, and one gets to know and understand men when they travel in the companionable atmosphere of automobiles. This was the way I knew Mr. Graham, although there were many times when I did drop in at the store and talk with him at odd times.

● I well remember the last trip I made with him. Senator Barkley, one of Mr. Graham's dearest and closest friends, had asked his friends from the First District to come and confer with him in Paducah. For some reason which I have never understood, the report was that Mr. Graham would not support Barkley at this time. I did not believe it, but we did not mention the matter on the trip. I stood close by when the two men shook hands. Mr. Graham stepped forward, but Senator Barkley almost ran to meet and greet his old friend. As they clasped hands I was close enough to see tears in Mr. Graham's eyes, and there was a huskiness in the Senator's voice. For a long moment they stood there with gripped hands without speaking, and their arms were about each other's shoulders in a moment. "I got your letter, Jim," Barkley said, and I plainly heard the huskiness of his voice. "It was just such a letter as I was expecting."

● In all of Mr. Graham's contacts with me, whether business, social or political, I never had him misrepresent a single thing. He never hesitated to express his opinion, and he never wavered from a position once he had decided he was right.

● He has been a good citizen. He has been a magnificent father. He has been a sturdy friend. He has been a man worth while in every respect, and now as the Second Generation takes over the boys are going to wonder how they are going to get along in future years. I know, for I have passed that way myself. Peace to them. The memory of the father will finally hover over them like a benediction, but the road is going to be a bitter one for a long time.

Dies And Ickes Engage In Name Calling Contest

Interior Head Terms Activities Of Texan's Committee 'Witch-Hunt'

Washington. — Chairman Martin Dies (D-Tex.), of the House committee investigating un-American activities was engaged today in a name calling contest with Secretary of the Interior Harold L. Ickes. The argument between Dies, whose investigation of Communist and Fascist influences has brought a Presidential rebuke, and Ickes, veteran of many word battles, started with charges by Dies that two Public Works Administration projects had been cancelled in his district. This developed into an exchange over the feasibility of an inquiry into the "monster Martians' invasion" of New Jersey Sunday night.

Dies precipitated the dispute by charging that the PWA had revoked a \$335,000 grant for the Port Arthur, Tex., bridge commission and cancelled a \$12,000,000 dam project in an alleged attempt to "pressure" him and the work of his committee.

Ickes accused Dies of seeking to rival the author of "Alice in Wonderland" and urged him to investigate the radio dramatization of H. G. Wells, "War of the Worlds," that caused a panic among some listeners. He described Dies' investigation of subversive activities as a "witch-hunt."

Immediately Dies replied that as a "wit Mr. Ickes could not earn a living in a third-rate medicine show."

Zone Meeting Of Lions Clubs Tomorrow Night

The Fulton Lions Club will be host to a zone meeting tomorrow night at the Rainbow Room, with about 20 visiting Lions from Hickman, Clinton, Mayfield and Paducah. An interesting program has been prepared which will feature the dancing class of Miss Dorothy Ann Pearce.

The meeting has been called for the purpose of discussing the problems of Lionism in the First District and to make plans for work during the coming year. It had been hoped that District Governor Porter Gray of Ashland would be present, but due to pressure of his legal work he will be unable to visit the clubs of the state before February. He will be represented at this zone meeting by Hoyt Moore, who has been named deputy district governor.

About 65 Lions are expected to attend the meeting.

9-Member State Wage Board Is Appointed By Chandler

Frankfort, Ky. — Machinery to fix wages and hours for women and children under the 1938 act was in motion today with the appointment of a nine-member State Minimum Wage Board by Gov. A. B. Chandler.

The State Department of Industrial Relations, which has been investigating conditions among women and children in Kentucky industries, will co-operate with the board and will make data it has obtained from its inquiries available to the new board.

Under the new law, the board will fix wages and hours and, if its report is accepted by the State Department, hearings must be held within thirty days.

Although no penalties are provided for employers violating the standards set by the board, regulations say that "if an employer is found not observing this order, after a hearing, his name may be published throughout the State."

Man Who Claims Mouse Ran Up Leg In Theatre Sues

Cleveland. — I. V. Rosenman, an attorney, today filed suit for \$250 damages against a Cleveland theatre, asserting a mouse ran up his pants leg while he was watching a movie.

Rosenman said he was filled with a feeling of "loathing and disgust," was unable to sleep that night and was forced to discard his clothes, valued at \$25.

K. P. Dalton Is Elected President Of Fulton Board

The meeting of the Board of Directors of the Fulton Baseball Association held its scheduled meeting last night at the Rainbow Room, at which time the resignation of Smith Atkins, as president, was regrettably accepted. Twenty-five, including the board and fans, attended the meeting.

In resigning, Mr. Atkins said, "It is decidedly good for the ball club and good for the people of the town that somebody else have a chance at directing the Fulton baseball team. I appreciate the hearty cooperation I have received from the people of the town." A motion was made that Mr. Atkins be held as a member of the board, being very experienced, and that the board needs him as he has gained valuable information concerning baseball organizations.

Mr. Atkins then read two letters from major league clubs to whom the local board has written for the purpose of securing a new working agreement. J. E. Hanneppin, president of the league, read a letter from W. C. Bramble, containing helpful information concerning major league teams and their working agreements. Hanneppin talked of the advantages of a locally owned ball club and the amount of pride and enthusiasm of the people themselves when a locally owned ball club is possible. He stressed the fact that often managers commit slow suicide by their ambition to win the pennant every year, thus resulting in a violation of the salary limit.

A discussion was held regarding the possibilities and advantages of getting towns such as Paris and Dyersburg in the league instead of towns across the river.

K. P. Dalton, who served as vice-president of last year's board, was chosen president, and Smith Atkins, vice-president, after the following board had been elected by those who attended the meeting. Walter Evans, H. H. Bugg, Clarence Reed, Abe Jolley, Dr. M. W. Haws, Kelly Lowe, R. E. Sanford, Bailey Hudson, K. P. Dalton, and Smith Atkins. The secretary and treasurer will be named at the next meeting, after much consideration.

Answer To Handbill In Your Monthly Electric Light Bill

Q. What effect will the City's operation of an electric light and power system have upon the schools in Fulton?

A. The City of Fulton does not intend to operate an electric light and power system but intends to get T. V. A. K. U. pays \$1,111.33 school tax every year. T. V. A. does pay taxes and will pay the schools of Fulton \$1,405.33 or \$294.00 more than K. U. pays, besides saving them one half of their light bill which is from \$50.00 to \$60.00 monthly for one school.

Q. If the Kentucky Utilities Company is forced out of Fulton, what effect would it have on the amount of taxes required by the city for general operating purposes?

A. T. V. A. will pay taxes to the City of Fulton in the amount of \$568.28 or exactly what K. U. pays, besides saving them from one half to two thirds of their street lighting bill.

Q. Will the loss of Kentucky Utilities Company have any effect on business in Fulton?

A. Yes. Decidedly. It will give the Fulton people \$100,000.00 more yearly to spend with the business concerns of Fulton instead of sending it out of town, never to return.

Q. If there was someone, or a Company wanting to locate here that would pay out the money shown above, would you want it to come, or would you keep it away?

A. T. V. A. makes money for Fulton—K. U. takes money from Fulton.

Y. M. B. C.

Chattanooga Gets Added Power Grant

New York. — Wendell L. Willkie, president of Commonwealth & Southern Corporation, said today he had received a telegram from L. J. Wilhoite, chairman of the electric power board of Chattanooga, announcing the Federal Government had given final approval Monday to an additional grant of \$279,000 to the city of Chattanooga for the construction of a municipal power distribution system.

Willkie said Wilhoite proposed a conference to discuss the purchase of the Chattanooga and surrounding facilities of Tennessee Electric Power Company, subsidiary of Commonwealth & Southern.

In the past, Willkie has urged officials of the Tennessee Valley Authority and municipalities in the area to buy Tennessee Electric Power in its entirety to avoid piecemeal sale of it.

Highway Patrolmen Aid In Safety Act

The Kentucky State Highway patrolmen are in Fulton today co-operating in the school safety program which was recently worked out and started by Superintendent J. O. Lewis and Fulton officers, for the purpose of putting a stop to reckless driving and speeding in the school zones.

The highway patrolmen are today placing "slow" signs on the West State Line, in the school zone, and are also placing red danger flags at other street intersections, one of which is the corner at the Coca-Cola Bottling Company. They are also remarking the highway signs at the corner of Eddings and Fourth Streets, highway 51.

Genius Rating Of Child Bad News For Kin

New York, Nov. — A woman psychologist today warned parents not to be too pleased if their children show signs of precocious genius.

Prof. Leta S. Hollingworth, Columbia University's Teachers College, said children with an intelligence quotient above 150—the norm is about 100—are menaced by loneliness, an inferiority complex and a cynical attitude.

"Happily," she added, "gifted children are typically endowed with a keen sense of humor and apparently able to mature beyond cynicism in a majority of cases."

Children with intelligence quotients between 130 and 150, indicating mental superiority but not genius, are assured of health, personal happiness and leadership, she said.

Court May Decide If Child Labor Law To Be Asked

Frankfort, Ky. — A life sentence imposed upon Green, Clay County, on conviction of murdering Simon Blanton on the Court House square at Barbourville, Nov. 3, 1937, was upheld by the Court of Appeals today.

Golden pleaded self-defense and temporary insanity caused by "indignities" suffered at the hands of Blanton and others of his family. He contended Blanton was advancing on him with a knife when the fatal shot was fired.

The opinion, written by Judge Perry, said Blanton's brother, Garrard, had seduced Golden's 15-year-old daughter, Sally Mae, and that Simon Blanton had taken the illegitimate child to Golden's home the day before the killing.

Morgan Says S. E. C. Unjust

Washington. — J. P. Morgan & Company has termed "unjust and unwarranted" the criticism of two of its partners by the Securities Commission for failing to report Richard Whitney's criminal conduct.

The commission, making public the third part of its inquiry into the closing of Whitney's brokerage firm last March, took Thomas W. Lamont of the Morgan company sharply to task.

It also said that George Whitney, another Morgan partner, failed to call his brother's misconduct to the attention of the stock exchange, although both he and Lamont knew of it in November, 1937. Richard Whitney former exchange president, is serving a prison term for misappropriation of customers' securities.

Lamont Defended

The Morgan reply, issued in New York, said "George Whitney did what any brother would do" in trying to help Richard Whitney restore misappropriated assets to the exchange's pension fund for members.

"Mr. Lamont did what a friend and partner should have done—lent George Whitney temporarily the cash to make restitution possible," the statement added.

Testimony during the S. E. C. hearing disclosed that Lamont advanced \$1,052,000 to George Whitney to help his brother restore cash and securities.

Mexico Sets Alien's Limit

Mexico City. — The Mexican Government today established immigration quotas under a decree published in the official gazette.

Australia Buys 50 American Bombing Planes

Canberra. — Premier Joseph A. Lyons announced in the House of Representatives today that Australia immediately was ordering fifty bombers similar to 200 planes ordered by Great Britain from the United States.

Britain announced orders for 400 American planes June 9. Two hundred of those were reconnaissance planes.

Funeral Service This Afternoon For J. R. Graham

The passing of James Ray Graham, age 67, at his home here yesterday morning at seven-fifty o'clock, brought sorrow to the entire community where he is held in high esteem. While it was known that his condition had been serious since he suffered a heart attack four months ago, his passing came as a shock to all.

Mr. Graham was born in Hickman County, December 29, 1870, the eldest son of nine children of the late James Richard and Ruth Hays Graham. The following brothers and sisters survive: Mrs. J. M. Jackson, Artesia, New Mexico; Mrs. E. A. Brady, Long Beach, California; H. H. Graham, and D. B. Graham, Clinton, Kentucky; C. C. Graham, Louisville, Kentucky; and K. J. Graham, Carraway, Arkansas. Mrs. Mattie Bugg of Fulton and M. C. Graham of Paragould, Arkansas preceded him in death. He is also survived by the following step sisters and step brothers: Mr. John Latta, Water Valley; Mrs. Ralphe Pearce, Clinton; and Clarence Johnson, Detroit, Michigan.

He was married to Annie Johnson, Clinton, October 28, 1892 who preceded him in death. To this union were born seven children, six of whom survive, one having died in infancy. They are: Mrs. W. L. Roper, Miss Mildred and Miss Ruth Graham, Ray, Warren, and Robert Graham, all of Fulton. Two grandchildren also survive. They are Anna Frances Graham and Elizabeth Ann Roper.

Mr. Graham had business interests in Clinton, Moscow, Kentucky, and Humboldt, Tennessee until he came to Fulton in 1902, since which time he has been engaged in the furniture business. He served as postmaster here from 1914 to 1922 and earlier in his life had also served as postmaster in Clinton. He was active in civic and political affairs and had been a member of the Methodist Church since early childhood. He had served on the Board of Stewards for many years.

He was married to Mrs. Addie Fairbanks, Cairo, Illinois in June 1937, who survives.

Mr. Graham is also survived by a large number of nieces and nephews and a host of other relatives and friends, many of whom from out-of-town, attended the funeral services at the First Methodist Church, with Rev. J. N. Wilford in charge, this afternoon at two o'clock. Interment followed in Clinton cemetery.

Active pallbearers are: Joe Davis, Arch Huddleston, Tom Hanes, Claude Holland, Leon Browder, and Ira Little.

Honorary pallbearers are the entire Board of Stewards of the First Methodist Church.

Kidnap Ring Is Rounded Up By Hoover's G-Men & Face Charges

New York. — The mystery of Arthur Fried, young business man who vanished eleven months ago, was cleared today with the disclosure by J. Edgar Hoover that Fried was kidnaped, held prisoner four days; then shot, bath and cremated.

Hoover, in a dramatic statement last night, laid the death of Fried, 32, head of a Bronx sand and stone company, at the hands of a four-man "kidnap syndicate" which tried

Small Boy And Girl Trapped Near Kuttawa

Two Other Children Escape From Blaze; Charred Body Found

Kuttawa, Ky. — Two small children burned to death at 4:30 p. m. today in a fire which destroyed a large barn on the Hershall Glenn farm east of the Kuttawa cemetery. The dead were John Dwain King, 2-year-old son of Mr. and Mrs. John King, and Gloria Dean Yates, 2-year-old daughter of Mr. and Mrs. Bryant Yates. Both families reside in a house on the farm. Members of the family said the children were playing in the barn with Phillip Yates, 3, and Jackie Yates, 5, when it caught fire. The latter two children escaped from the flames and told Mrs. King of the fire. Mrs. Yates was in Fredonia at the time.

Efforts to extinguish the blaze and rescue the children were halted by intense heat. The barn was filled with hay. The farm is beyond the Kuttawa water line and water facilities were limited. No livestock was in the barn.

Making Plans For Community Chest Drive

A meeting has been called for tomorrow at one o'clock to discuss plans for raising funds for the Community Chest, according to Chairman E. R. Ladd. The meeting will be held at the City Hall, and representatives of all local civic organizations are expected to attend. It is hoped that the campaign can be carried out next week. The Community Chest proved its worth during the past two years and it must be reorganized for the coming year.

Auto Sales Co. Will Show New Ford Cars Fri.

The Auto Sales Company, local Ford dealers, will show the new Ford line of cars tomorrow at the show room on Lake Street. This year the Ford line includes cars in practically every price division, and there is a car for every pocket-book. And in every car, no matter what the price, the prospective owner will find Ford quality and dependability which has long stood for low cost of operation and the best in transportation facilities.

The Farmer building on Lake Street, formerly occupied by the U-Tote-Em Grocery, has been secured for this showing of new cars.

The new Ford cars this year embrace many changes that make the car a more economical and comfortable automobile, and prices have been reduced on practically all models.

The local sales agency now invites everybody to visit the show room tomorrow and see the new line. No matter whatever you are interested in buying now or not, they will be glad to see you and show you the new cars.

Immediately following the supper and program at the First Christian Church, this evening, there will be an important meeting of the Official Board of the Church.

CORRECTIONS
 The Leader will gladly correct any error in facts which may have gotten into its news stories when attention is called to them.

Germany's Prospect Dazzling

If Adolf Hitler, by persisting not to whip France within ten, or twenty-five years, can get the sort of settlement that is under discussion in the news today he can whip France when he likes within the twenty-five years, taking such time as he likes to prepare himself fully for the project.

France may be sufficiently frightened to accept, as the best thing she can get, even an untrustworthy promise not to be mauled.

If Great Britain and France hope for peace, and retention of even those territories they had before the World War, through appeasement of Germany, their hopes probably will be disappointed if Hitler lives, or if Germany can find a similar leader, as doubtless she will.

France may be sufficiently frightened to accept, as the best thing she can get, even an untrustworthy promise not to be mauled.

NEW HOPE NEWS

Mr. Alvin Jones of Paducah spent the week-end with his sister, Mrs. John Ashley, and Mr. Ashley. Mr. John Wess Howell had a stock barn to burn Friday night. A cow and two calves burned besides a lot of hay, corn, and farming implements. It was a total loss.

Miss Maddie Phillips, James and Wilma Phillips, and John Wright spent Saturday night and Sunday with Mr. and Mrs. Jess Harrison of near Paducah.

Mrs. Jennie Gage is confined to her bed with bronchitis. Harry Walker of St. Louis visited his parents, Mr. and Mrs. John Walker, last week.

Miss Hattie Haynes is spending a few days in Clinton visiting her brother William Haynes, and family.

Mrs. Irvine is visiting her daughter Mrs. Dean Lee, near Harrodsburg.

Mrs. John Howell is suffering with a severe cold and neuritis.

Mr. and Mrs. William Pittman are the proud parents of a baby girl born October 22. She has been named Mark Annette.

The postmasters of this community and their parents enjoyed a Halloween party at the home of Mrs. Maddie Phillips Monday night.

Deficiency of Vitamin B May Result in Body Ills

By LOGAN CLENDENING, M. D.
 YESTERDAY we referred to Vitamin B as the adult vitamin—the vitamin which advanced medical thought is pointing to as being particularly likely to be deficient in the adult diet.

Particular researches which suggest this conclusion are as follows:

Nervous system—changes in the peripheral nerves leading to multiple neuritis may be produced, according to Wobach, by means of a diet adequate in all respects except in Vitamin B, and this is accompanied by enlargement of the heart, dropsy and atrophy of muscles. These nervous degenerations are the same whether they are actually called human beri-beri, such as is observed in oriental countries from eating polished rice, or in human alcoholic neuritis, or in human

Dr. Clendening will answer questions of general interest only, and then only, through his column.

Heart symptoms—Animals on a Vitamin B deficient diet develop a slow heart according to the work of Carter and Drury. The signs of heart failure which accompany neuritis were mentioned above.

Digestive system—Sherman has noted that lack of Vitamin B immediately affects the appetite, and when the vitamin is added the appetite returns with a rush. Cowgill and Gilman found lack of

stomach secretions in animals deprived of the vitamin and found that the riboflavin from the pancreas secretion in man diminished. McCarrison reports a reduction of about 50 per cent of the normal secretion of the colon in man.

Siddall has used Vitamin B1 in the treatment of the expectant mother and believes that it operates by stimulating the pituitary gland. In fact, his experiments indicate that Vitamin B1 is essential for the normal function of the pituitary gland.

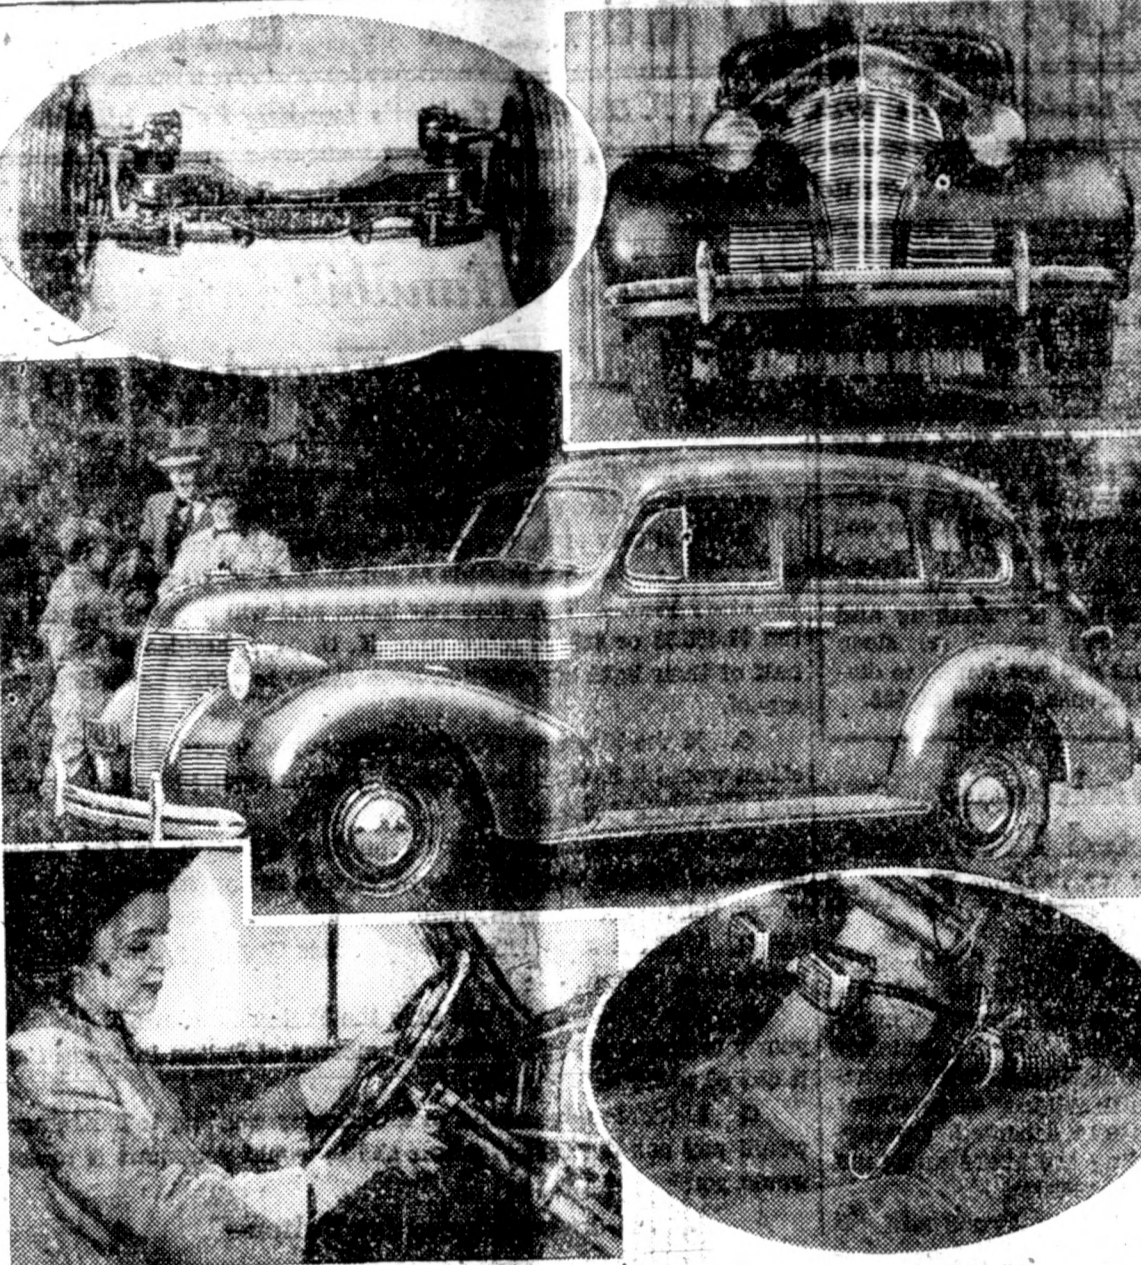

On the skin and hair, Lepkovsky has found that in animals Vitamin B will cure a dietary deficiency. It was also found that using crystalline Vitamin B would prevent the natural graying of the hair in rats. It also has the action of restoring the normal pigmentation to gray hair. Requiring eight weeks for the change in rate, the process would require five years in man, according to estimate.

In anemia due to liver deficiency, it is now so regularly used as not to require any particular reference to the literature.

It can be obtained in yeast and cereals but is not available in concentrated form, as well as in crystalline form.

EDITOR'S NOTE: Seven pamphlets by Dr. Clendening on the B vitamin are being sold in this community for a small donation. A list of these pamphlets is being sent to the community. The pamphlets are: "Vitamin B and the Human Body," "Vitamin B and the Human Body," "Vitamin B and the Human Body," "Vitamin B and the Human Body," "Vitamin B and the Human Body," "Vitamin B and the Human Body," "Vitamin B and the Human Body."

Chevrolet Takes Big Strides Ahead for 1939.

New Aero-stream styled bodies combine with major mechanical improvements to provide new beauty, safety, comfort and operating ease, in the 1939 Chevrolet. Presented October 22, and featured at the big auto show this week, the new models are offered on two chassis, the Master De Luxe and the Master 85, both of which are powered with Chevrolet's famous six-cylinder valve-in-head engine.

A new vacuum gear shift mechanism with steering column control, optional on all models at small extra cost, does 80 per cent of the work of shifting gears. The Master De Luxe series features a new riding system, in which a brand new Chevrolet Knee-Action mechanism is scientifically co-ordinated with new ride stabilizer and double-acting hydraulic shock absorbers to furnish a smooth, soft ride.

Upper right: front end view of the 1939 car; Upper left: Master De Luxe front suspension unit, complete, lower left: steering column control; Lower right: As the handbrake on all models is located under the floor, front compartment floor is cleared in cars with vacuum gear shift.

with a broken hip at her home. Mr. and Mrs. Marvin Inman have moved to the Shuck farm and we are very glad to welcome them to this community.

Stubbled and little son, Harry, Mac, visited Mrs. Houston Stubblefield Monday.

Miss Rosetta Burrow entertained the Bowers 4th Club with a party at her home Friday evening. Several club members were present. Games were played and refreshments were served by the mother and daughter.

Several from this community attended the Old Car Derby in Fulton Sunday afternoon.

Mr. and Mrs. Ed Powell and family spent the week-end with Mr. and Mrs. Jim Powell of near Duke.

Miss Charles Oliver spent Monday night with Miss Helen Nelson.

There was a Halloween party at Ridgely Sunday Monday night.

Miss Evelyn Powell, Carmel and Miss Evelyn, spent Monday night with Mr. and Mrs. G. C. Williams.

Mr. James Lewis of McConnell spent Monday night with Mr. Charles Wells.

Colored Democrats Hold Meeting
 The directors of the local colored Democratic Club had an interesting meeting last night and discussed plans on getting the voters out for the election next Tuesday.

Two white representatives were present and discussed in detail some of the issues to be voted on. The club pledged its support to the wise choice of the ballot and promised to turn out in large numbers at the polls Tuesday.

"The religious" gatherings sometimes include 300 persons. Members yell and gesture and then the snake handlers take the reptiles from boxes and drape them around the necks and heads of the congregation.

"One of them told me the other day," Judge Baker said, "that they get their religion from St. Mark and Jeremiah, 'which says 'They shall take up serpents.' I asked one of them the other day 'Who was Jeremiah—a man or a woman' and he said 'I don't know.'"

Several persons were on trial at nearby Harlan recently on charges of breach of peace by handling snakes in a church.

Utility Retreat Causes Problem
 Nashville, —How to replace taxes being lost as municipalities and rural electrification corporations take over private utilities is one of the most pressing problems facing taxing authorities today, Walter Stokes Jr., finance and taxation commissioner, said today.

Mr. Stokes returned yesterday from the annual conference of tax administrators in Detroit.

"Tax officials from the states where the public power ownership has gained its greatest headway were genuinely worried over the threat to the state's income as well as that of the cities and counties," he said.

"The general opinion seemed to be that some agreement should be arrived at whereby a percentage of the earnings of the public utilities equal to the taxes paid by the private corporations, should be set aside annually for the taxing districts."

Under the Tennessee setup the publicly owned utilities and rural electrification corporations can be taxed only through a special act of the Legislature.

Colored Democrats Hold Meeting
 The directors of the local colored Democratic Club had an interesting meeting last night and discussed plans on getting the voters out for the election next Tuesday.

Two white representatives were present and discussed in detail some of the issues to be voted on. The club pledged its support to the wise choice of the ballot and promised to turn out in large numbers at the polls Tuesday.

"The religious" gatherings sometimes include 300 persons. Members yell and gesture and then the snake handlers take the reptiles from boxes and drape them around the necks and heads of the congregation.

"One of them told me the other day," Judge Baker said, "that they get their religion from St. Mark and Jeremiah, 'which says 'They shall take up serpents.' I asked one of them the other day 'Who was Jeremiah—a man or a woman' and he said 'I don't know.'"

Several persons were on trial at nearby Harlan recently on charges of breach of peace by handling snakes in a church.

Utility Retreat Causes Problem
 Nashville, —How to replace taxes being lost as municipalities and rural electrification corporations take over private utilities is one of the most pressing problems facing taxing authorities today, Walter Stokes Jr., finance and taxation commissioner, said today.

Mr. Stokes returned yesterday from the annual conference of tax administrators in Detroit.

"Tax officials from the states where the public power ownership has gained its greatest headway were genuinely worried over the threat to the state's income as well as that of the cities and counties," he said.

"The general opinion seemed to be that some agreement should be arrived at whereby a percentage of the earnings of the public utilities equal to the taxes paid by the private corporations, should be set aside annually for the taxing districts."

Chevrolet Takes Big Strides Ahead for 1939.

New Air-stream styled bodies combine with mechanical improvements to provide new beauty, safety, comfort and operating ease, in the 1939 Chevrolet, introduced October 22, and featured at the big auto shows this month. The new models are offered on two chassis, the Master De Luxe and the Master 85, both of which are powered with Chevrolet's famous six-cylinder valve-in-head engine.

A new vacuum gear shift mechanism with steering column control optional on all models at small extra cost, does 80 per cent of the work of shifting gears. The Master De Luxe series features a new riding system, in which a brand new Chevrolet Knee-Action mechanism is scientifically coordinated with new ride stabilizer and double-acting hydraulic shock absorbers to furnish a smooth, soft ride.

Master De Luxe front suspension unit, complete, lower left accessibility and finger-tip ease of operation are two major features of Chevrolet's vacuum gear shift. The steering column control, lower right: As the handbrake on all models is located under the cowl, front compartment floor is cleared in cars with vacuum gear shift.

Judge Bans Religious Meetings After Finding Snakes At Bench

Hazard, Ky., — When Perry "seven or eight copperheads and rattlesnakes" near the bench, County Judge Billy Baker walked into his courtroom today and found declared the "rattlesnake religion."

The Kentucky mountains had gone mad enough.

Judge Baker himself placed the snakes—two rattlers and three copperheads, he said—into the courtroom furnace and declared an end to the peculiar religious meetings, at which hill country people dance, yell and wave snakes about them.

A meeting at the courthouse last night was one of several that have been conducted in the region.

"But they're back there tonight," the judge said, "and I understand they've got about a dozen snakes with them. But I'll stop 'em from now on—I'm going to lock the courthouse tomorrow night."

The "religious" gatherings sometimes include 300 persons. Members yell and gesture and then the snake handlers take the reptiles from boxes and drape them around the necks and heads of the congregation.

"One of them told me the other day," Judge Baker said, "that they get their religion from St. Mark and Jeremiah, which says 'They shall take up serpents.' I asked one of them the other day 'Who was Jeremiah—a man or a woman' and he said 'I don't know.'"

Several persons were on trial at nearby Harlan recently on charges of breach of peace by handling snakes in a church.

Announcing the
NEW FORD V-8 CARS
for 1939.

GREATER VALUE for every motorist has been built into the new Ford V-8 cars for 1939. They further express the forward-looking policy of the Ford Motor Company—traditional Ford dependability and economy plus progressive engineering.

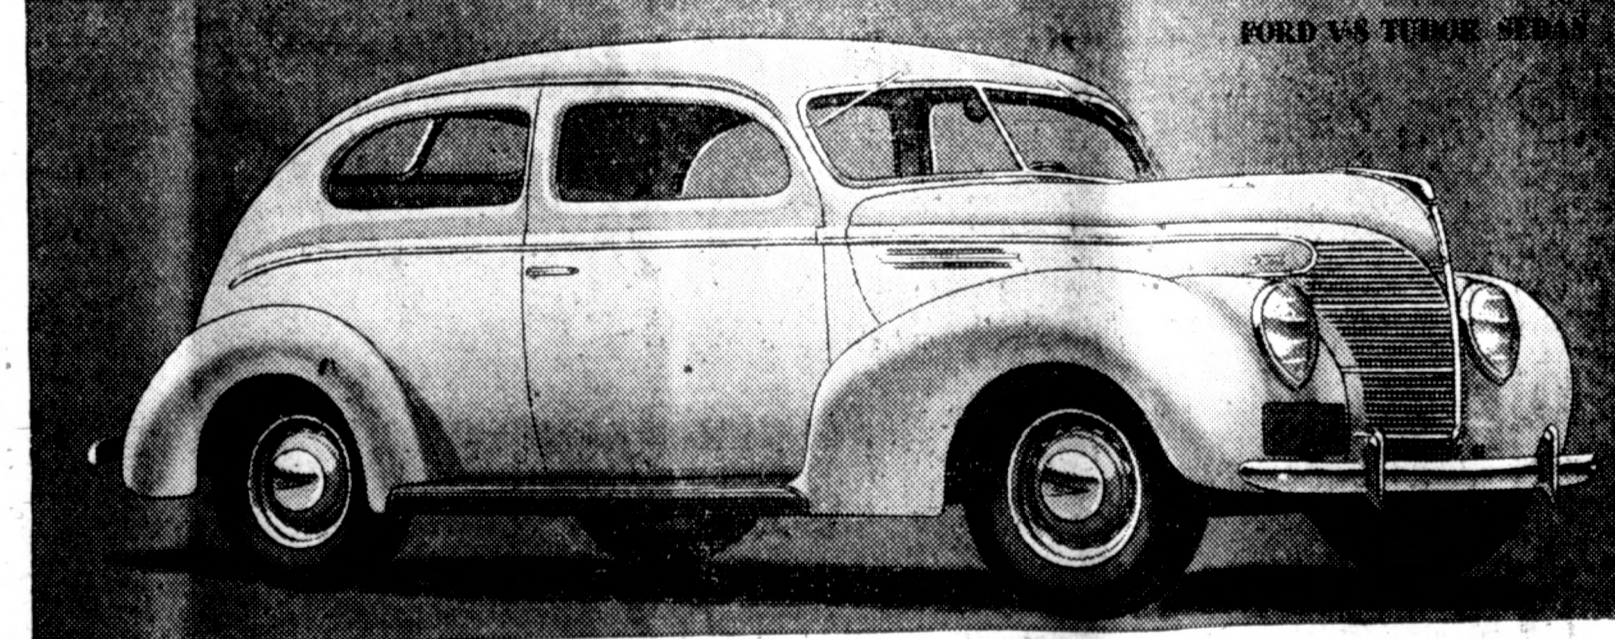

Each car is distinctive in design, yet each has something of the fine streamlining of the Lincoln-Zephyr—recognized style leader for the industry. Interior appointments are in keeping with outward beauty. Every detail is styled for good taste and good service.

Both are big, roomy cars, equipped with hydraulic brakes and powered with the V-8 engine that gives you so much extra smoothness and efficiency. This year, the quiet performance of

The 1939 Fords bring you greater riding ease on every road. New seat construction, flexible transverse springs, and big, hydraulic shock absorbers provide trip-cushioned comfort.

Both 1939 Ford cars are Ford-priced for greater dollar value. Both bring new meaning to the Ford phrase, "The Quality Car in the Low-price Field."

FORD FEATURES FOR 1939:
Advanced Streamlining • Newly Styled Interiors • V-type 8-cylinder Engines • Hydraulic Brakes • Scientific Sound-proofing • Triple-cushioned Comfort • All-steel Bodies • Lower Prices • \$40 or \$55 for Ford, \$55 for De Luxe Ford

Mickey Rooney and Wallace Beery as they are seen in "Stablemates," which opens at the Fulton Theatre tomorrow for a two day showing. The new picture, played against the dramatic background of a race track, tells the story of a stirring friendship between a once famous veterinary and a stable boy.

"Lousy Lovers" Author Gets Cool Cuban Reception

New York. —The lady who wrote "Latin Lovers" found it cool—very cool—down in Cuba, she said today.

Returning from a trip to Havana,

and literary effort aroused a storm of criticism two years ago, said the Cubans gave her a "chilly" reception, until she explained she "never meant to be serious and was only joking."

She said she apologized and promised not to write anything like that again, casting reflection on the traditional ardor of Latin lotharios, and that they took it.

Man, 82, Gets Life In Third Killing Two In Kentucky

Huntington, W. Va. —John Winbush, 82-year-old Negro, was sentenced today to life imprisonment. It was the third time he had been sentenced in slayings.

Winbush, whose most recent home was near Meadville, Va., appeared before Common Pleas Judge H. Clay Warth and pleaded guilty to the shotgun killing of Alex Clowe, Negro, in Huntington four years ago.

Winbush's first conviction was on a manslaughter charge at Frankfort, Ky., in 1906. Warth said. For that the Negro was sentenced to twenty years in Kentucky State Penitentiary, but was paroled in 1915.

Seven years later, in 1922, he was convicted of murder at Frankfort, Ky., and sentenced to fifteen years upon the jury's recommendation for mercy.

Middle Road News

Several of this community attended Mrs. M. H. Shuck's funeral at Mt. Zion Wednesday.

Mrs. W. C. Sowell and Miss Alice attended the Homemakers Club at Fulton Friday.

Mr. and Mrs. C. G. McMurry returned Wednesday from Jackson, Tenn., where they visited their daughter, Mrs. Clifton Gleaves.

Mr. and Mrs. Forrest McMurry

went to Fulton Sunday and on Monday had Mrs. Jones McMurry and daughter as their guests.

Mr. and Mrs. T. H. McMurry have had a number of visitors, picking up pecans, the past few days.

The fifth quarterly meeting was held at Mt. Zion Tuesday. Also the preachers' and layman's meeting.

ROUTE SIX NEWS

Mrs. Dean Collier returned home Sunday from Los Angeles, California where she spent four weeks.

Mr. and Mrs. John Dawes visited relatives in Calloway Sunday.

Mrs. W. S. Bard is visiting Mr. and Mrs. Roy Bard this week.

Sunday guests of Mrs. Vada Bard and Mr. and Mrs. Laymon Sullivan were Mr. and Mrs. W. L. Hampton and Miss Hattie Hampton of Water Valley.

Mr. and Mrs. Charles Bowers spent Sunday with Mr. and Mrs. Silas Bruce.

Miss Cliva Bard was in Paducah last Thursday.

Floyd Officers Hunt Husband Of 10 Year Old

Prestonsburg, Ky. —Child bride Rosie Columbus Tackett and her mother were jailed here today on warrants growing out of the girl's week-old marriage to a 34-year-old mountain country coal miner.

But the husband, Fleming Tackett, was still being hunted by Floyd county sheriff's deputies.

Deputy Sheriff Tom James said the girl—shown by medical records to be ten-years old—was taken into custody with her mother at their former home on Barnett's creek in adjacent Johnson county.

The warrants were issued here by County Judge Edwin F. Hill. One charged the girl's husband with rape. Another charged the mother, Mrs. Grace Columbus, with conspiring with Tackett "in the crime of rape upon the person of Rosie Columbus." The third warrant charged Rosie with being a delinquent child growing up in idleness and crime.

Mrs. Columbus told officers she didn't know where Fleming was. Rosie shook her head at questioners.

Flem brought us here last night, then put on a coat and his cap and left," Mrs. Columbus said.

Roosevelt Holds Wage-Hour Act Fund Parley

Washington. —President Roosevelt today summoned wage-hour officials to the White House for a conference which included review of requests for additional funds to administer the new law.

Secretary of Labor Perkins and Wage-Hour Administrator Elmer F. Andrews and their aids participated in the discussion.

The conference was called as Andrews, after the first payday following effective date of the law, sought to appraise its full nationwide effects.

"Administration of the act is being hampered by lack of funds," Andrews said. "Congress appropriated \$400,000 for the administration of the law until next July 30, but about \$100,000 of that has been diverted to the Children's Bureau and other Labor Department uses."

New Industry Body Talked

New York — Creation by industry and government of a body similar to the World War Industries Board to "meet economic threats from abroad" is recommended by Eugene P. Thomas, president of the National Foreign Trade Council.

Addressing 3,000 business and financial leaders at the twenty-fifth national foreign trade convention, Thomas said:

"If we are to profit from the present handwriting on the wall, we cannot sit by impotently watching the progress of economic consolidation in Europe."

Thomas warned that totalitarian states in the future will employ

threats of aggression to attain economic objectives. It may fall to the lot of America, he added, to assume leadership of those opposed to threats of economic force as, in the recent crisis, "leadership of those opposed to threat of military force fell to Great Britain."

"We shall be blind to the manifest challenge if we fail to place our economic house in order, reinforced by all the resources of the Nation," he said.

"As a measure of preparedness," Thomas said, "it may become necessary to give the Government board powers to meet particular situations which may arise. Our economic defenses will not be secure without the authorization required to control foreign exchange when and to the extent necessary."

ASK FOR PROOF FULTON WILL GO T. V. A. POWER

Mayor DeMyer and others are saying that approval of a \$110,000 bond issue at the November 8 election will enable the city to cure T. V. A. power.

Have they received any promise or commitment that the city will serve this city? Ask him this question.

Pay no attention to hearsay.

Ask Mayor DeMyer if he was advised quite something that T. V. A. power was not available for Fulton. This is a vital matter for every taxpayer and voter.

The fact is that if the \$110,000 bond issue is approved, the administration will have authority "for purchasing, installing and operating a municipal light, heat and power plant, and the ballot."

This power plant would be paid for by electricity over a period of more than 20 years -- a heavy burden to carry. It would not give Fulton citizens lower electric rates until paid for. It would not pay any taxes, or reduce the present high tax rate. It would drive from the city a concern from which Fulton now receives more than \$26,800 in taxes, payrolls and purchases.

Vote NO on the Bond Issue and Save Money.

A RESOLUTION
FULTON, KY., OCT. 29, 1938.
At a special called meeting of the Board of Council of the City of Fulton, Kentucky, held on the 29th day of October 1938, at the Fulton City Hall in Fulton, Kentucky, at 11:00 a. m. said Board of Council did by the following vote and upon motion of Councilman Lowe, duly seconded by Councilman Boaz, adopt the following resolution and upon said motion and second the vote was as follows: Councilmen Boaz, Bugg, Lowe, McNeilly, Newhouse voting aye, none voting nay. Councilman Pickering being absent. Said resolution is as follows:
RESOLUTION
WHEREAS, the Mayor and Board of Council of the City of Fulton, Ky., has acted for and on behalf of the people of Fulton, Kentucky, and have published notices declaring the desirability of acquiring a municipal electric heat, light and power plant as required by Statute. WHEREAS, the City of Fulton, Kentucky, has determined to acquire its electric distribution system by purchase of existing facilities, or by construction of new facilities.
WHEREAS, the Kentucky Utilities Company has operated the existing electric distribution system properties in Fulton, Kentucky, under a franchise granted by the City of Fulton, Kentucky, and said franchise having expired prior to this date, and no new franchise or renewal of said franchise having been granted, the City of Fulton desires to purchase the existing electric distribution system, properties and has expressed this desire to the Kentucky Utilities Company.
BE IT RESOLVED by the Mayor and Board of Council of the City of

Fulton, Kentucky, that the City of Fulton, Kentucky, on this day of October 1938 makes a firm offer in the amount of sixty thousand dollars (\$60,000.00) for the properties described as follows:
The electric distribution system properties in the City of Fulton, Kentucky, used and useful for furnishing electric service to the consumers of electricity in Fulton, Ky., and immediate vicinity shall be constructed to mean on the suburban residential sections or subdivisions and the railroad and industrial customers in the immediate vicinity of Fulton, Kentucky, in Kentucky, and shall not include any facilities in South Fulton, Tennessee, nor properties in Tennessee. This offer does not contemplate the purchase of old power generating plant in Fulton, Kentucky, or electric transmission properties in Fulton, Kentucky.
BE IT RESOLVED, further, that this offer in the amount of Sixty Thousand Dollars (\$60,000.00) shall be accepted or rejected within twenty (20) days by the Kentucky Utilities Company, and that non-acceptance shall constitute rejection of this offer.
BE IT RESOLVED, further, that a certified copy of this resolution be forwarded by the Clerk to the Kentucky Utilities Company, Lexington, Kentucky, and that the contents of same be published twice in a local newspaper.
Approved this 29th day of October, 1938.
PAUL DEMYER, Mayor,
Mary Chapman, Clerk.

A RESOLUTION
FULTON, KY., OCT. 29, 1938.
At a special called meeting of the Board of Council of the City of Fulton, Kentucky, held on the 29th day of October 1938, at the Fulton City Hall in Fulton, Kentucky, at 11:00 a. m. said Board of Council did by the following vote and upon motion of Councilman Lowe, duly seconded by Councilman Boaz, adopt the following resolution and upon said motion and second the vote was as follows: Councilman Boaz, Bugg, Lowe, McNeilly, Newhouse voting aye, none voting nay Councilman Pickering being absent. Said resolution is as follows:

RESOLUTION
WHEREAS, the Mayor and Board of Council of the City of Fulton, Ky., has acted for and on behalf of the people of Fulton, Kentucky, and have published notices declaring the desirability of acquiring a municipal electric heat, light and power plant as required by Statute, and

WHEREAS, the City of Fulton, Kentucky, has determined to acquire its electric distribution system by purchase of existing facilities, or by construction of new facilities.

WHEREAS, the Kentucky Utilities Company has operated the existing electric distribution system properties in Fulton, Kentucky, under a franchise granted by the City of Fulton, Kentucky, and said franchise having expired prior to this date and no new franchise or renewal of said franchise having been granted, the City of Fulton desires to purchase the existing electric distribution system, properties and has expressed this desire to the Kentucky Utilities Company.

BE IT RESOLVED by the Mayor and Board of Council of the City of

Fulton, Kentucky, that the City of Fulton, Kentucky, on this day of October 1938 makes a firm offer in the amount of sixty thousand dollars (\$60,000.00) for the properties described as follows:

The electric distribution system properties in the City of Fulton, Kentucky, used and useful for furnishing electric service to the consumers of electricity in Fulton, Ky., and immediate vicinity the "immediate vicinity" shall be construed to mean only the suburban residential sections or subdivisions and the railroad and industrial customers in the immediate proximity of Fulton, Kentucky, in Kentucky and shall not include any facilities in South Fulton, Tennessee, nor properties in Tennessee. This offer does not contemplate the purchase of old power generating plant in Fulton, Kentucky, or electric transmission properties in Fulton, Kentucky.

BE IT RESOLVED, further, that this offer in the amount of Sixty Thousand Dollars (\$60,000.00) shall be accepted or rejected within twenty (20) days by the Kentucky Utilities Company, and that non-acceptance shall constitute rejection of this offer.

BE IT RESOLVED, further, that a certified copy of this resolution be forwarded by the Clerk to the Kentucky Utilities Company, Lexington, Kentucky, and that the contents of same be published twice in a local newspaper.

Approved this the 29 day of October, 1938.

PAUL DEMYER, Mayor,
Mary Chapman, Clerk.

JAMES LEATH IS MAJOR CORPORAL

James Leath, son of Mr. and Mrs. J. W. Leath of this city, who is in the United States Marine Corps at Norfolk, Virginia, has just been made a corporal in his company. James was one of twelve who took the test and the other eleven had from eight to eleven years service, while James had only two and one half years service. He made a grade of 80 points better than the nearest competitor, and many local friends will be glad to hear of his promotion.

RETURN FROM CENTRALIA

Mr. and Mrs. B. G. Huff returned to their home here last night from Centralia, Illinois where they spent several days and attended the Halloween parade there Monday night.

SULLIVAN-GREEN WEDDING HERE

Mayfield—The wedding of Miss Mary Allis Sullivan of Hickory and Lloyd Green, Jr., of Hickory, was solemnized in Fulton Sunday night, October 30, with Squire S. A. McDade reading the single ring ceremony. Mr. and Mrs. Elton Hughes attended the couple.

Mrs. Green was becomingly costumed in a teal blue frock, with which she wore black accessories. Mrs. Hughes wore wine erpe with black accessories.

The daughter of Mr. and Mrs. Fred Sullivan of Hickory, Mrs. Green formerly attended Mayfield High School.

Mr. Green, son of Mr. and Mrs. Lloyd Green, of Hickory, was graduated from Mayfield High School in 1937. He is in the grocery business in Hickory.

WYATT-RILEY WEDDING HERE

Mayfield—Denver Wyatt, Mayfield, Route 3, announces the wedding of his daughter, Kaye, to Mr. Earl Riley.

The single ring ceremony was read by Squire S. A. McDade Saturday night, October 29, at Fulton. Miss Joe Wyatt, Pete Jordan, and Mr. and Mrs. George Banta, of Paducah, were their attendants.

Mr. Riley, son of Albert Riley, of Folsomdale, is employed in Mayfield at the Pet Milk Company.

Mr. and Mrs. Riley are at home at 118 North Fifteenth Street.

SIXTEEN CLUB WITH MRS. ROGERS

Mrs. Buren Rogers was hostess to the Sixteen Club yesterday afternoon and entertained them with a well planned party.

Eleven members attended and enjoyed "Listen, Darling" at the Malco Fulton Theatre.

They were then taken to Evans Drug Store where toasted sandwiches and coca-colas were served.

Mrs. Fred Sawyer will entertain this club next week at her home.

ATTEND DANCE IN JACKSON

Frank Clark, James Collum, Ronald E. Grogan, Jack DaVania, and Eldred Dixon motored to Jackson, Tennessee last night where they attended the Belew Baron dance which was given at the Jackson Armory.

MISS BONDURANT IS HONORED AT LUNCHEON

Miss Sarah Frances Bondurant, who is leaving this afternoon for Washington, D. C., was complimented with a lovely luncheon yesterday, given by Mrs. Horace Luten at her home on Third Street.

The following were present and were served a well planned lunch-

con at one o'clock:

Mrs. Bondurant and her mother, Mrs. L. J. Bondurant, Mrs. Bud Browder, Mrs. Robert Bard, and Miss Nell Luten Bard.

WEBSTER-FURSTENHEIM

Mrs. Opra Otten Webster daughter of Mr. and Mrs. John Otten, of Chicago, and Frank Furstenheim, son of Mr. and Mrs. H. Furstenheim, also of Chicago, were married here yesterday afternoon, the ceremony being performed by Homer Roberts, Justice of the Peace.

They were accompanied by Anna Lou Caldwell and Katherine Cooke.

MOTHERS' CLUB IN MEETING

The mothers' Club of Fulton met yesterday afternoon for its monthly meeting, at the home of Mrs. Ernest Cardwell on West State Line. The program for the afternoon was in charge of Mrs. Gene Moon.

After the very interesting program the regular routine of business was transacted. Plans were made definitely for the special meeting which will be held next Thursday night at the home of Mrs. Charles Andrews on Central Avenue.

The hostess served a salad to the members and one visitor, Mrs. Bud Edwards.

JUNIOR MUSIC CLUB IN MEETING

The Junior Music Club of Fulton, of which Miss Mary Swann Bushart is leader, met yesterday afternoon at the Women's Club Building for its regular monthly meeting. Hostesses for the afternoon were Misses Betty Lou McClellan, Mary Blanche Wiggins, and Carolyn Atkins.

After brief business was attended, a well prepared program was presented, in charge of Miss Carolyn Duley. Miss Mildred Mount gave a very interesting article on Indian music.

The following musical numbers were given:

Violin Solo—"Intermezzo," Mascagni—Miss Marjorie Daws, accompanied at the piano by Miss Virginia Ann Hardy.

Piano—"Little Indian Chief," Stricklin—Jere Lowe.

Piano—"Indian Sunset,"—Miss Peggy Scott.

Piano—"Dance of the Young Maiden," Stricklin—Miss Mildred Mount.

Piano—"From An Indian Lodge," McDowell—Miss Ellen Jane Purcell.

At the close of the program the hostesses served refreshments to the regular members, three new members Jere Lowe, Sue Allen, and Julia Rose Evans. One visitor, Miss Joan Bullock, was also present.

Rural Home Conference Told Big Families Handicap Farmer

Lexington, Ky.,—A reduction in the birth rate was advocated before the fourth National Rural Home conference tonight as a means of improving condition of disadvantaged rural classes.

President Dwight Sanderson of American Country Life Association, meeting in connection with the conference, said big families handicap the modern farmer.

"In pioneer days a large family was an economic asset," the Cornell University professor said, "but today, when education is more important, and overlarge family is a liability."

"The children cannot be given opportunities for improvement and are forced to remain on the same level for some unknown reason, better education results in a decreased birth rate."

Sanderson's speech featured the closing program of the first session of the three-day conference. An exhibition of country dances of southern highlands, given by young people from Home Place community center, Perry county, completed the program.

Group discussions of questions affecting rural life were held during the day by conference attendants and members of its youth section. Thirty-one states were represented.

Sanderson said the three regions which have "the most disadvantaged farms" are the lake states cut-over region, the Appalachian-Ozark highlands, and the cotton belt.

"There areas were not reduced."

Crite. Mrs. Charlie Fields, who is very seriously ill at the home of her son, Roy Fields, on Central Avenue is reported improved today.

to poverty solely by the recent depression," he said, "although it was here that the greatest percentage of the people succumbed to the conditions of the depression and felt the impact of these conditions first and most severely."

Scouting theories that inherent biological or mental inferiority explain these "disadvantaged conditions," Sanderson declared several factors "indicate most of the supposed inferiority is primarily due to lack of opportunity and an inferior cultural environment."

Other contributing factors, he said, were ignorance, over population, sickness, and poverty. Absentee ownership of land, the one-crop system and mechanization of farming were described by the professor as poverty-producing factors.

Sanderson said remedial measures included federal support for public education, new plans for "plantation management," co-operative purchasing systems, governmental aid for rural health, and a "more realistic" outlook to the religious leaders of the disadvantaged classes.

Paducah, Ky.,—Pierce E. Lackey, president of the Paducah Broadcasting Company and a candidate for city school board membership, today offered the facilities of his station, WPAD, to his two opponents, Lynn Boyd Phipps, incumbent, and Dr. Harry Abell.

"Since it is my intention to use the facilities of Radio Station WPAD in the interest of my candidacy for the vacancy in the Board of Education, I feel that it is only fair that you have these same facilities placed at your disposal without charge," Lackey wrote the two men.

WHAT CITY-OWNED ELECTRIC PLANTS IN KENTUCKY CHARGE FOR SERVICE

It is regrettable that Mayor DeMyer finds it necessary to go to Tennessee to get examples of supposedly successful city-owned electric plants. Why not tell about Kentucky's municipally owned systems? Tennessee and Kentucky laws covering operation of electric plants are different. An electric system in Fulton must operate under Kentucky laws.

Sponsors of the proposed Fulton municipal electric plant claim it would provide very cheap service here. So that you may know the facts, we submit below a comparison of Fulton's present rates - - measured in kilowatt-hours (KWH)—in the nine Kentucky cities which have operated municipal plants for years.

They are Bardstown, Corbin, Falmouth, Henderson, Madisonville, Nicholasville, Owensboro, Paris and Providence. Their average population is 7,455, while Fulton's is about 3600. All figures are from the latest Federal Power Commission report:

	15	25	40	100	250	500
Nine Cities	KWH	KWH	KWH	KWH	KWH	KWH
Average Cost	\$1.14	\$1.87	\$2.90	\$5.05	\$9.19	\$15.55
Fulton						
KU Cost	\$1.07	\$1.77	\$2.62	\$4.62	\$8.90	\$11.40

Have you ever been told what the electric rates will be under municipal ownership of Fulton's electric system?

None of the municipal plants pay any city or county taxes and their operation has not wiped out city taxes. Fulton gets yearly from the Kentucky Utilities Company an average of \$26,800 in taxes, payrolls and purchases, and the county gets around \$2,148 in taxes from the company.

Mayor DeMyer says the proposed \$110,000 electric plant bond issue would bring T. V. A. power to Fulton. Ask Mayor DeMyer and members of Council if they haven't been told by T. V. A. officials that T. V. A. power was not available for Fulton.

As a taxpayer (direct or indirect) and electricity user, you will save money in the future by voting NO on the bond issue.

THE LISTENING POST

● Lynn Taylor is starting on his regular run as a postal clerk in the Railway Mail Service tomorrow morning. At least, I think this is the proper date. If not, the remarks that follow will apply to any other date as well. Lynn will start to Louisville, arrive there about five o'clock that evening, spend the night there, and then return to Fulton on Sunday, arriving here at seven o'clock. For thirty odd years Lynn has been doing this on an average of every other week, and he has grown accustomed to it. Ordinarily this coming trip would be routine stuff, and Lynn and his host of friends would not think anything of it.

● But this time it will be a different trip. For on the return trip Lynn will have completed almost two million miles of such traveling and will have completed his term of service with the Railway Mail Service. Officially he will not go on the retired list until the first of December, but owing to vacation time and such he will finish his actual work with this trip over this week end.

● That's a lot of traveling, any way you look at it, never to get anywhere save Louisville and Fulton. I guess Lynn has traveled more miles than almost anybody in town, but he has never gone very far on his traveling. Slamming up and down the Illinois Central in a mail car, handling mail for all points of the compass, he has indeed traveled a lot, and has enjoyed every bit of it. He is not old enough to retire, really, but Uncle Sam has some definite ideas on the subject and when a man reaches a certain age the Postmaster General tells him to take things easy and let the younger men have a shot at the jobs. That is what Lynn is going to do now. Although he is still physically able to keep up with the work, and no doubt better equipped than some of the younger ones, the retirement law has caught him, and so he winds up his traveling days with this final journey up and down the road between here and Louisville.

● Speaking of his coming retirement, some time ago, Lynn remarked that he thought he would write a letter to Jim Farley, Postmaster General, reminding him that he had traveled almost two million miles for the department without ever getting anywhere and suggest to Jim that he send him a pass, either on the airlines or the railroads, for a real trip to Washington and New York.

● I don't know what Jim will say, of course, not being in his confidence, but I know what I would do and say. I would move heaven and earth to get this pass and I would send it right on. But in my case, Jim could save his airline tickets. I don't want to see New York quite that much.

● Lynn has developed a hobby for his spare time recently, and he is doing some real work on this. He puts bottoms and backs in chairs, and being naturally deft with his hands, and quite a workman in many lines, he does some really beautiful work. I saw some chairs the other day which he had done—chairs that were really antiques, and he had put the bottoms in those chairs in such a way that they were really beautiful and durable.

● I wish at times that I might look forward to retirement as so many government workers can look forward, but I guess that, after all, it has certain disadvantages. In any event, the only retirement I can look forward to is the enforced one and if I don't save some money some of these days I'm going to be yelling my head off for unemployment insurance, old age benefits any thing else along that line.

● As for Lynn, a lot of folks in Fulton wish him well as he comes back to stay at home all the time, and in this the Listening Post joins most sincerely.

Police Probe Explosion On German Craft

West Coast Paper Is Told Of Blast Prior To Its Occurrence

Oakland, Calif. —A mystery explosion, which injured at least four crew members, ripped open the German steamship Vancouver today and caused her beaching in the Oakland estuary, where authorities sought the cause of the blast. Police and District Attorney Earl Warren boarded the vessel late today to aid Capt. E. W. Moessinger in investigating the blast, which tore a hole in the hull in the No. 4 hold.

Aboard the ship were seven passengers and the crew of 54. Another 30 passengers were waiting to board at San Francisco.

Captain Moessinger said the four crewmen listed as injured were not hurt seriously. Captain Moessinger said the explosion looked "damned suspicious, and claimed a column of water shot up outside the vessel, on the starboard side, followed by the sound of the blast.

A telephone call to the Oakland Tribune lent credence to a possible theory of sabotage.

"Do you want some good news?" an unidentified person told the Tribune city editor. "A bomb just went up on a German ship."

He hung up immediately, and a few minutes later the blast occurred.

Harry A. Hutson, boatswain's mate on a Coast Guard boat, witnessed the explosion.

"I was proceeding up the estuary, towing a small piece of wreckage when I approached the Vancouver, which was outward bound," he declared.

"I heard the explosion, looked up and saw a great clump of steam and smoke come out of the stack and all of the ventilators.

Graves County Pupil Killed In Bus Fall

Mayfield, Ky. —Harry Turner, 6-year-old son of Mr. and Mrs. Will Turner, near Melber, was almost instantly killed late Tuesday afternoon a few seconds after he had alighted from a school bus in front of his home. His father in a nearby cornfield saw the youngster alight from the bus, run alongside a few steps, stumble and fall under a rear wheel, which passed over his body.

The bus, driven by Onyx Ray, who is also principal of the Melber School, had stopped before the Turner home to discharge the accident victim and several of his brothers and sisters. The Turner home is near the McCracken county line.

Coroner Brown McClain empaneled a jury which absolved the bus driver of blame.

Funeral services for the boy were held today at the residence.

Now is a good time to renew your subscription.

Second Child Bride, 12, And Husband Face Legal Action

Ashland, Ky. —Another Kentucky child-bride—Ruth "Peachy" Whitte Howard, school records show to be 12-years-old—and her 69-year-old husband since April, today faced legal proceedings.

Ruth, face smeared with rouge and mouth with lipstick sat in the jail at nearby Catlettsburg and chewed tobacco. Her hair had been cut to about a half inch in length and stood straight up.

Wilburn Howard, the husband, who can neither read nor write, was at liberty on \$1,000 bond. A preliminary hearing is scheduled for Howard next Wednesday.

Saturday Ruth is scheduled to go before County Judge George G. Bell at Catlettsburg and answer charges on juvenile delinquency.

Waving Transfer For Ride In Patrol Causes Arrest

CHICAGO, ILL. — Frank Harmon used his bus transfer on the wrong bus last night.

Harmon sat on a street corner curb waiting for a bus. A large vehicle drove up and stopped and a man was assisted to the rear entrance. Frank jumped up waving his transfer.

"Hey, wait a minute," he shouted. "Can't you see I'm going your way?"

At the Jefferson Park police station it dawned on Harmon he had used his transfer for a ride in a patrol wagon.

He was lodged up on a drunkenness charge.

Brown Moss, 72, Dies After Brief Illness At Home

Sterling Brown Moss, aged 72, for many years a beloved citizen of Fulton, died this morning at 2:30 after an illness of two weeks at his home on State Street.

Funeral services will be held from the State Street home Saturday afternoon at 2:30, with Rev. J. N. Wilford in charge. The Hornbeak Funeral Home is in charge of the arrangements, and burial will be in Fairview Cemetery. Pall bearers are M. F. McDowell, Frank Beadles, Henry Bethel, Vodie Hardin, Tom Boaz and Bud Browder.

Mr. Moss, who had spent his entire life in Fulton, was born August 26, 1866, and was married to Miss Lula Payne, who survives him, on July 6, 1904. Four sisters also survive, three being Alice Moss, Frances Moss and Mrs. J. E. Bacon, of Winchester, Kentucky, and Miss Irene Moss of this city.

Mr. Moss spent the greater part of his life in the grocery business, being manager of the Stubbledfield Grocery here for many years. He was a faithful member of the First Methodist Church, and his church and his community will miss him greatly. A kindly, gentle man, he lived a quiet life, but during his long years in the community he drew hundreds of people to him by his genial, gentle manner, and these hundreds of friends grieve with the sorrowing ones over his passing.

Section Foreman House Burns In McConnell, Tenn.

This morning about 2:30 o'clock an Illinois Central section foreman house, occupied by Mr. and Mrs. J. S. Mills, was completely destroyed by fire, the origin of which is not known.

Mr. and Mrs. Mills were sleeping on the sleeping porch and when awakened the entire front end of the house was in flames. They barely escaped the blaze with no belongings whatsoever.

Mr. and Mrs. Mills are well known in Fulton and their many friends here sympathize with them in their loss.

Who Feeds That Goose That Lays The Golden Egg For The Kentucky Utilities Company?

Answer—Every Family, Firm, And Corporation That Uses Their Lights

TO THE EMPLOYEES OF THE KENTUCKY UTILITIES:—We have nothing but the kindest of feelings for you. It is indeed regrettable that you are working for a corporation that have tried to force the issue between you and the people and not between the Utilities Co., and the people and have forced you with the threat of losing your job to go out and make "chimney corner" speeches and tell things that you knew were not true. We believe that if we were going to continue to work on a salary that we had rather have the people behind us than the Utilities Co. Your chance for permanent employment would be much greater.

LARGE SUM FROM COMPANY:—You stated that large sums of money would be paid back in Fulton and placed your estimate at \$24,805.00 per year. You did not tell the people that during that 20 years that you were going to extract from the pockets of the citizens of Fulton THREE MILLION TWO HUNDRED THOUSAND DOLLARS, a vast difference from what you put back and what you take out.

PROMOTING AND FINANCING:—The K. U. should be past masters in promoting and financing for the plant that was purchased in Hickman for example 20 years ago at \$20,000 and in less than 2 years \$200,000 in stocks and bonds had been sold against this plant. If that is not "high financing" and promoting we never saw any.

SAVINGS:—From a very reliable source K. U. collects (\$154,000) ONE HUNDRED AND FIFTY FOUR THOUSAND DOLLARS every year from Fulton, with T. V. A. only \$3,800.00, goes to T. V. A. leaving (\$150,200) One Hundred and Sixteen Thousand Dollars in Fulton every year, or \$6,000 more every year than the total amount of Bond you are to vote on.

Graves County Road Engineer Plan Unheeded

Mayfield, Ky. —The suggestion of Nat J. Sewell, Frankfort, State director of post audits, that Graves County employ a county engineer to replace the present method of Fiscal Court members acting as road commissioners went unheeded at today's meeting of the court. The magistrates did not discuss the proposal.

County Attorney W. H. Wyman expressed the opinion between sessions of the court at noon that he did not believe the magistrates would employ a road engineer unless State legislation makes it mandatory. He said the county operates under the turnpike system and the method of road building has been given approval of the Court of Appeals.

West Ky. Bar Elects Martin As President

Paducah, Ky. —Flavius B. Martin, Mayfield, Commonwealth's Attorney of the First Judicial District, was elected president of the Western Kentucky Bar Association by acclamation at the annual meeting this afternoon at Lakeside Country Club. He succeeds W. F. McMurry, Paducah.

Roy Sheibourne, Paducah attorney, was named vice president and L. B. Alexander, Paducah attorney, was elected secretary-treasurer for the thirteenth consecutive year.

Following a dinner the attorneys engaged in a round table discussion of plans for revising Kentucky's statutes.

Stop Signs Must Be Observed Here

The Fulton police have been making plans so that the safety law, regarding the fast, reckless driving in the school zones of Fulton, might be enforced.

Chief of Police K. P. Dalton said this morning that people are not observing the "stop" signs which have been placed at the corner of College and Second Streets and at the corner of Pearl and Second Streets. He said that beginning Monday morning, those who do not come to a dead stop at these signs will be brought into the city court, with the fine ranging from \$1.00 to \$15.00.

He also emphasized that this law is in force any time during the day, whether school is recessed or in working hours.

Governor, Aids Confer On State Hospital Mixup

Frankfort, Ky. —Governor Chandler and Welfare Commissioner Frederick A. Wallis conferred today and then called in Attorney General Hubert Meredith, but all three said there was no announcement to be made regarding the Eastern State Hospital situation.

Wallis said nothing had been done about a successor to Dr. J. D. Vallandigham, hospital superintendent who was reinstated after his discharge and then resigned. Vallandigham remains in the post pending appointment of a successor.

Cop Hales Self Into Traffic Court After Accident

BALTIMORE, MD. — Traffic Court Magistrate John Rutherford handed a charge slip by a policeman, called out the name: "Ernest O. Dunnigan."

"That's me," said the officer. "You?" asked the Magistrate. "Where's the complaining witness?"

"That's me, too," said Dunnigan, explaining he smacked into the rear of an automobile when it stopped suddenly in front of him.

"Well," said the Magistrate, "I think the accident was unavoidable and I'll dismiss the reckless driving charge."

S. F. Wins Doubleheader Last Night

The South Fulton girls and boys basketball teams won a double header from the two teams of Kenton, Tennessee last night at the South Fulton gymnasium, the girls winning by a score of 21-8, and the boys were victorious, 33-18.

In the girls game the South Fulton sextet started off with a bang and took an early lead which was never equalled by the Kenton lasses. There was no opposition whatsoever for the local girls and they sailed over in an easy victory.

The Fulton line-up was as follows: Terrell (12) F. Hastings (8), F. Harwood C. Redman C. Bodin (1) G. F. Ray, G. Substitutions were A. Allen, L. Allen, Reed, Burrow, and Williams.

In the boys game, the Kenton five took an early lead of several points in the first five minutes of the game but the Red Devils came through with quick passing and accurate goal shooting, to end the first quarter in the lead. The South Fulton boys led during the remainder of the game.

Their line-up included: Omar (9) F. Frankum (12) F. Allen (5) C. Frazier (4) G. and Faulkner (3). Substitutions were Edwards and Euchanan.

Referee—Boone of Palmersville, Tennessee.

The next game for the South Fulton teams is scheduled for the night of November 11 at which time they will meet the two teams from Woodland Mills, Tennessee in a doubleheader on the local court.

CARD OF THANKS

We take this method to express our sincere thanks and appreciation for each kind expression of sympathy in our recent sorrow.

FIRE DEPARTMENT CALLED TO OLD OVERHEAD BRIDGE

The Fulton fire department was called to the old overhead bridge early this morning to fight a grass fire under the bridge. The blaze had spread to parts of the bridge but little damage was done.

Girl, 13, Goes To Witness Her Sister's Wedding, Gets Married

Souderton, Pa. —Thirteen-year-old Frances Eib went back to school a bride today, while an older sister with whom she participated in a double elopement began married life in a hen house.

The sisters motored to Elktion, Md., yesterday in a car owned by Martin Nace, 23, a pants factory worker. Nace, 17, married Nace, while his high school freshman sister was wed to Robert Souder, 21, a WPA worker. Rev. C. M. Cope performed the ceremonies.

The pants maker took his bride to a converted hen house that had been his home for three years. They had to clamber up a rickety, run-down ladder, the only entrance.

While Mrs. Nace continued at her job as a domestic, her bridegroom planned to fix his rented quarters up "a bit." His front yard is a junk heap of old automobiles and tin cans.

Meanwhile, Nace's 13-year-old sister-in-law told of the elopement between classes at Souderton high school. School officials threatened dismissal.

She said she and Souder went to Elktion to be witnesses at her sister's wedding; but we got to saying how nice it would be if we could get married, too.

"I had hoped we could keep it a secret until I was 16 anyway," she shyly told newsmen.

Souder took the day off from a paving project and immediately predicted his marriage would be annulled.

Reports Vary Over Return Of Lindbergh

London Paper Claims He Will Become British Citizen

New York. —Col Charles A. Lindbergh was described by close friends today as carefully considering a termination of his voluntary European exile.

They said that the flier was resolved to retain his United States citizenship and that at no time since he decided to leave the United States three years ago, had he abandoned hope his stay abroad would be other than temporary.

London. —The West End and Soho Weekly will say tomorrow that Col. Charles A. Lindbergh is about to take out British citizenship for himself and family and accept a high civil aviation post in England.

The weekly, edited by John Carverth Wells, son of the well known explorer. In its edition tomorrow it will say:

"From sources of the highest authority, the West End Weekly is able to reveal that Col. Lindbergh, internationally famous aviator who has been a resident of England for several years, will shortly be given a high position in or connected with the British government.

"Our correspondent also informs us it is predicted that Col. Lindbergh and his family will also become British subjects by naturalization in the near future.

"The position which will be offered is one similar to director of civil aviation. There may also be an unofficial connection with the re-organization of the Royal Air Force.

I. C. NEWS

J. W. Kern, Superintendent, Paducah, returned to his home yesterday afternoon after spending several days in Fulton.

J. G. Willingham, Trainmaster, is in Buford, Illinois today.

Trade Chief

Warns U. S.

New York. —The United States held a commanding position in Latin-American trade in 1937 and the first half of 1938, Mr. Alexander V. Dye, director of the Bureau of Foreign and Domestic Commerce, told the annual convention of the National Foreign Trade Council today.

The Washington trade official, however, warned American business men and industrialists that the easing of the crisis in Europe will allow European countries to give more attention to Latin-American trade.

"An over-all calculation," Dr. Dye said, "shows that the Latin-American republics purchased more from the United States in 1937 than from Great Britain, Italy, Germany and Japan combined. The share of the United States amounted to 34.4 per cent as compared with 14.1 per cent for Germany, 12.6 per cent for Great Britain, 2.7 per cent for Japan and 2.6 per cent for Italy.

Best Customer, Too.

"The United States was also the best customer of Latin-America, taking 31.1 per cent of the aggregate exports of the twenty Southern republics. For fully three-quarters of a century the United States has regularly provided the largest and most dependable outlet for the products of most of the Hispanic American countries.

"The trade returns for the first half of 1938 indicate that the

United States continued to hold its position, and even to gain ground, in most of the larger Latin-American markets, but lost slightly in four or five of the smaller countries. It is likely, however, that the statistics of the latter months of this year will be somewhat less favorable, as the easing of the European crisis will enable manufacturers who have heretofore devoted most of their energies to rearmament programs to turn their output into international trade channels.

Death Comes On Coin Toss To Get Sleep

Albany, N. Y., —A flip of a coin cost Kenneth Dickinson, 26, his life today.

Halted by heavy fog, Dickinson, who lived in Hornell, N. Y., and Gerald Lee, Canisteo, N. Y., halted their truck in a vacant lot to await daylight. There was room for only one to sleep in the cab and they tossed a coin for the seat. Dickinson lost and retired to the empty trailer.

When the fog lifted Lee found Dickinson dead. Coroner Ernest A. Hein said exhaust fumes entered the trailer, but not the cab, when Lee started the motor during the night to provide heat.

Small Investor May Finance Housing Plans

Washington — President Roosevelt said today the Administration was trying to find a way to put the surplus funds of small investors to work providing homes for a special low-income group not yet covered by the Federal housing program.

Many families which could rent houses at more than \$10 per room per month had been provided for, he said at a press conference, and so also had many which could afford to rent at no more than \$5.00 per room.

There remained, the President continued, a grave national need for houses for those who could pay the landlord at some figure be-

tween \$5 and \$10. He described the immediate problem as one of finding cheaper financing than that which is available at present, so that such houses can be built for about \$3,000.

Now is a good time to renew your subscription.

3700 Would Take State Merit Tests

Frankfort, Ky., —More than 3,700 applicants from persons desiring to take the merit examinations for positions with the Kentucky Unemployment Commission were

received by the commission prior to the deadline, October 25, C. T. Edlensen, supervisor of examinations, announced today.

Cities in which the examinations will be given are Paducah, Owensboro, Bowling Green, Louisville, Covington, Ashland, Corbin, Pikeville and Frankfort.

A statement From Mayor Of Fulton:

"As Mayor of Fulton I have always tried to do things I thought were for the people's interest. If you want cheap current it depends on how you vote November 8th.

I'm sorry that the bond issue has been misinterpreted by our voters. Neither I or the City Council have any intention of building a generating plant which means making electric current in Fulton. We have never had this in mind.

This bond issue is to buy or build a distribution system which means poles, wire, meters, transformers, and not a power plant.

This bond issue is the next step we will have to take to get cheap electricity, as other towns have done. We are following the same steps that other cities have followed to the goal which is cheap current.

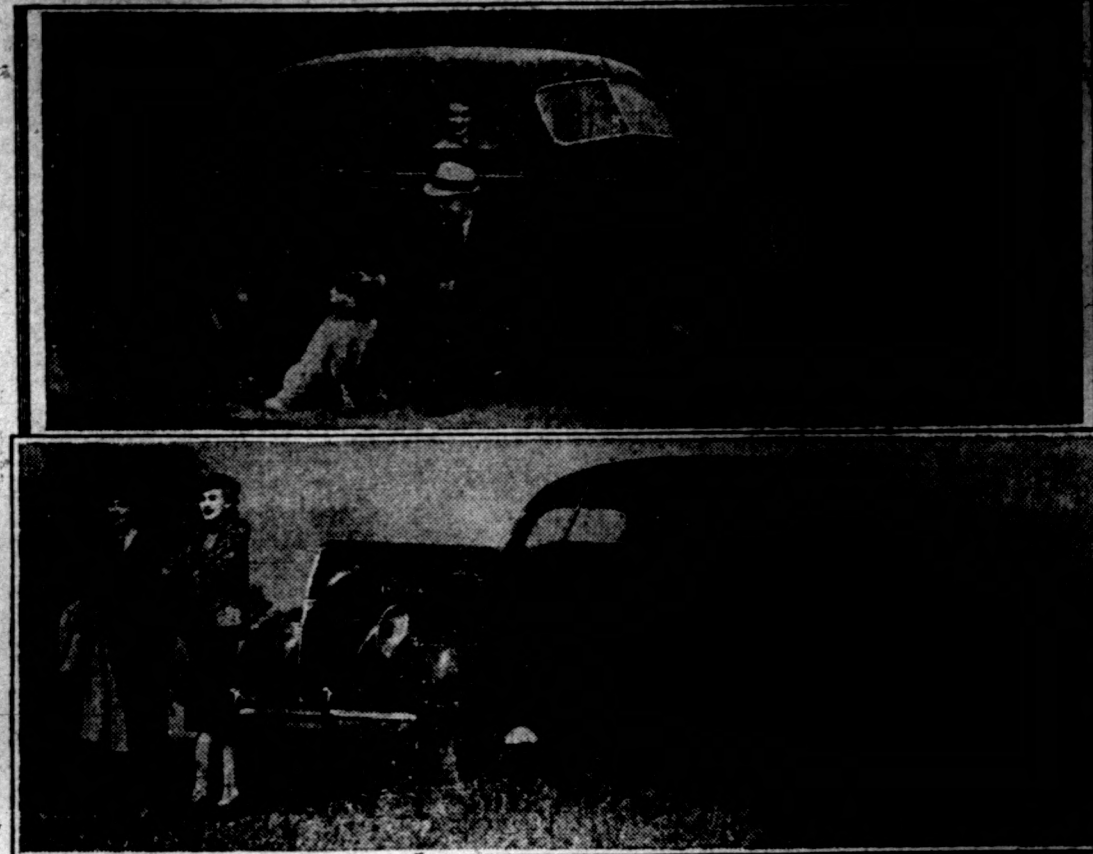

Also remember any City, town or county has to own an electric line, poles, meters (the distribution system) before they can get T. V. A.

The city then will sell the current to the people. The people will own the poles and wiring by the City of Fulton. We will not build a power plant.

The bonds will be revenue bonds and will not raise your taxes 1 cent.

Paul DeMyer,
Mayor

HERE ARE THE 1939 FORD V-8 CARS

HERE are the new 1939 Ford V-8 cars. Above, the deluxe Fordor sedan, below the Ford V-8 Tudor sedan. The two cars are individually styled. The deluxe car has wholly new streamlines, a deep hood un-

broken by louvers, a low radiator grille in bright metal and wide spaced headlamps. The Ford V-8 has a full grille and unobtrusive louvers at the rear of the hood.

deluxe cars are powered with the 85 horsepower engine, the Ford V-8 with the 55 or 60 horsepower engine. Both cars have hydraulic brakes. Bodies are all-steel. The deluxe cars are available in five body types, the Ford V-8 in three, with color option.

WHO'D PAY TAXES

Mayor DeMyer and the Young Men's Business Club are asking you to vote for a \$110,000 bond issue so they can put the city of Fulton in the electric light, heat and power business.

It would be just as fair and sensible for the city to go into the grocery business, laundry business, drugstore business, undertaking business, clothing business, garage business, hotel business—and to own and operate the local newspapers. THEN WHO WOULD PAY THE TAXES?

The Young Men's Business Club says that T. V. A. will pay the taxes that the Kentucky Utilities Company is now paying.

Why would there be any reason for the T. V. A. to pay any taxes in Fulton when they will not own any property within the city limits? With the cities they serve, it is the policy and practice of the T. V. A. to deliver their power at wholesale rates to the city limits where the municipality becomes the retailer to its customers.

Ask the Young Men's Business Club to name one town where T. V. A. has replaced the taxes lost.

No Municipal electric plant in the state of Kentucky has ever paid one penny of taxes either to the city or the schools.

For The Best Interest Of The Citizens Of Fulton
Vote "NO" On The Bond Issue.

Bulldogs Win Second Game Of Season, Beating Gleason 18-7

(By Mel) The Bulldogs made it two in a row yesterday when they defeated the strong Gleason High School team 18 to 7 at Fairfield Park before a small crowd. Fulton downed the Murray team 7 to 0 last week on the same field for their first win of the season. Charlie Thomas was a big factor in their second victory as he ran, passed and punted. He was a thorn in the Tennessee boys' side all afternoon. It was a beautiful game and those that missed it missed the Bulldogs at their best this season.

Gleason kicked to Fulton to open the game. White received the ball on the 15 yard line and returned it to the 35 before he was downed. White then fumbled and it was Gleason's ball on Fulton's 22 yard line. They tried 3 plays thru the line with no gain then Margraves took the ball around right end for 15 yards and a first down on the 19 yard line. A try at the line lost 4 yards. Then the Gleason boys completed two passes for a total of 6 yards and on the fourth down they shot a long pass into the end zone which fell incomplete and it was Fulton's ball on the 20 yard line. White gained 7 yards off right tackle. Fulton then fumbled with Gleason recovering on Fulton's 21 yard line. Gleason lost 2 trying at the line. An end play gave them a

first down on Fulton's 11 yard line. They tried 2 passes and 2 line plays and the last pass went into the end zone and it was Fulton's ball again on their own 20 yard line. Thomas entered the game and gained 3 yards on the first play. White picked up 2 more thru the line. Bad pass from center lost 7 yards. Thomas punted to Gleason's 49 yard line where the ball was downed. White intercepted Margraves' pass which was intended for Brooks and returned it to Gleason's 47 as the quarter ended with Fulton having the ball in Gleason territory for the first time.

Thomas made 4 around right end. Thomas shot a pass to Underwood which netted 6 yards and a first down. Thomas shot another 40 White for 10 yards and another first down. Thomas then picked his hole and sidestepped for 17 yards and a first down on Gleason's 13 yard line. Thomas picked up 2, then 8. He made one trying a center. Charlie then picked his way thru right guard for the touchdown. Williams failed to make the two yards on a fake kick and the score read Fulton 6 Gleason 0. Fulton kicked to the 14 and Gleason returned the ball to the 30 when a host of blue jerseys stopped him. Gleason kicked on the third down after no gains and the ball was down on Gleason's 48.

Thomas made 3, Williams found his way thru the center of the line for 10 yards and a first down. Williams picked up 1. Thomas then showed the boys his hips as he was downed after making 30 yards and another first down. Williams failed to gain. Ball on the 18 yard line Thomas then threw to White who was down on the 5 yard line with a first down. White then lost 3 yards on an attempted line buck. Thomas then scooted thru right tackle for the 8 yards and a touchdown. The kick failed and the score read Fulton 12 Gleason 0. Fulton kicked to the 15 yard line where Wray took the ball back to the 26 where he was stopped. Gleason kicked to their own 45 where McClellan fumbled and Gleason recovered. Wray picked up 8 yards over the left side of the line. Brawner then sent a long pass intended for Brooks, but McClellan intercepted on Fulton's 15 and returned it to Gleason's 45 where the last man between him and the goal line stopped him. The half ended as Williams attempted to pass, but never got the ball away.

Fulton kicked to Gleason's 5 yard line where the ball was downed. Gleason fumbled on the 11 yard line and Fulton recovered. Thomas picked himself 5 yards and fumbled and Gleason recovered on their own 5. Margraves got away a nice punt and the ball was down at midfield. Thomas quick kicked out of bounds on the 11 yard line. Gleason kicked out of bounds on their own 41 yard line. Three plays no gain, but on the next play Thomas shook off 13 yards and a first down. A nice pass, Thomas to

White, picked up another 13 yards and another first down on the Gleason 44 yard line. Williams was hurt on the plays and McClellan came back into the game. Mac couldn't gain around right end. Mac then passed to Thomas 7 yards. Pass incomplete and ball gone over. Gleason's punt was short going out of bounds on the 14 yard line. Mac got caught for 3 yards. Thomas picked up 6 yards. Thomas then drew back and put one right in White's hands for a touchdown. The kick failed. Fulton kicked to the 34 was returned to the 43 where he was stopped. Gleason gained 5 yards then punted out of bounds on Fulton's 5 yard line. Thomas got back into punt formation and faked the kicking of the ball and ran 14 yards. The third quarter ended.

White kicked to the 30 yard strip. A four way pass behind the line of scrimmage gained 8 yards, then 5 yards more to the 18 yard line. Wray put up one yard then he went thru center for 12 yards to the 4 yard line where he plunged over for the score. Wray sent the ball thru the rights. Score Fulton 18 Gleason 7. Gleason kicked to Fulton. White returned the ball up to the 42 yard line. A bad pass from center lost 8 yards. Gossum punted to 32 yard line. Wray and Margraves pulled passes and lateral by the three at the time and remained in Bulldog territory. Once when Wray got away for 20 yards but McClellan stopped him on the 12 yard strip. They turned loose pass right and left but Thomas saved the day as he broke up a goner. Then things see-sawed up and down the field until the gun sounded, ending the game.

Brady was shifted from tackle to end and he broke up several nice plays as they were starting. Willingham looked good to start with but couldn't keep pace with the boys.

Court Upholds Life Sentence In State Slaying

Washington. — The Supreme Court may decide whether the Roosevelt administration will ask Congress to submit to the states a new child labor amendment.

The court has before it an appeal from a Kentucky court decision that the constitutional amendment pending since 1924 is dead because more than one-fourth of the states have rejected it.

The case arose from the fact that the Kentucky legislature rejected the amendment in 1928, but reconsidered and ratified it in January, 1937. The Kentucky Court of Appeals called the reconsideration illegal.

Twenty-eight states have ratified the amendment, which would give Congress the right to regulate labor of persons under 18. If the Supreme Court holds that the amendment is not dead, eight more states must give their approval in order to make it effective.

Should the Supreme Court agree that the amendment no longer is pending, the administration would have a choice of standing on the provisions of the present Wage-Hour Act, of seeking to strengthen these standards by additional legislation, or of asking Congress to submit to the states a new amendment.

The wage-hour law provides that goods manufactured or handled by oppressive child labor shall not move in interstate commerce. "Oppressive child labor" is defined as the labor of a child under 16, or of

a child between 16 and 18 in occupations declared by the children's bureau to be hazardous or detrimental to health.

Elmer F. Andrews, wage-hour administrator, commented recently: "Our law goes a long way toward regulating child labor, but I think a constitutional amendment still is necessary."

F. D. R. Lifts Utility Gloom

Washington. — Clarence E. Groesbeck, chairman of the Electric Bond & Share Corporation, said after a White House conference today the "rapprochement between the Government and the utilities is most heartening and its implications are of far reaching national significance."

Groesbeck, talking with reporters after his half hour conference with President Roosevelt, added: "We need only recall the negotiations between the National Defense Power Committee and the utilities, culminated at the meeting here last Friday, to realize that mutual understanding and co-operation has advanced beyond the theoretical stage."

"The successful outcome of those negotiations should point the way to working out a satisfactory understanding with Government of the other problems of the industry."

DON'T SLEEP WHEN GAS PRESSES HEART

If you can't eat or sleep because gas bloats you up try Adlerika. One dose usually relieves stomach gas pressing on heart. Adlerika cleans out BOTH upper and lower bowels.

THURSDAY CLUB WITH
MRS. SEGUI AND MISS JONES

Mrs. Felix Segui and Miss Margaret Jones were joint hostesses to a well planned bridge party last night at the home of Mrs. Segui on Norman Street, entertaining members of a Thursday night bridge club and one table of visitors.

Those present besides the club members were: Mrs. Frank Wiggins, Miss Lucille Noffel, Mrs. Gerald Shepherd, and Miss Monette Jones.

At the end of the games of contract high score for the evening was held by Miss Adolphus Mae Latta who received a double deck of cards. Mrs. I. M. Jones was presented powder as second high score prize and Mrs. Ardelle Sams received a handkerchief as consolation prize.

The hostesses served a salad plate.

The club will be entertained by Miss Eula Rogers at its next meeting.

LEAVE FOR WEEK-END
IN WATER VALLEY, MISS.

Mrs. Sarah Meacham, Mrs. Joe Davis, and Mrs. Hazel Scruggs, accompanied by Mrs. Fannie Ezell of Paducah, formerly of Fulton, left this morning for Water Valley, Mississippi where they will spend the week-end, the guests of Mrs. Ben Evans and Mrs. Thomas Pitt-

man.

ARRIVE FROM AKRON

Mr. and Mrs. Carl Russell, Mrs. Ernest Adams and baby, and Mrs. Dudley Holmes, all of Akron, Ohio, have arrived here to attend the bedside of their grandmother, Mrs. P. D. Holmes, who remains seriously ill at the home of her daughter, Mrs. W. J. Pritchard, on Arch St.

MARRIED HERE

LAST NIGHT

Mr. James C. Durdin and Miss Grace Wesson, a popular young couple of Camden, Tenn., were married at the Methodist Pasonage here last night, Rev. J. Noble Wilford saying the ceremony. The groom is the district W. P. A. supervisor of West Tennessee, and the couple will make their home in Camden.

Jury Finds Sally Rand Guilty
Of Attack On Camera Fans

Los Angeles. —Sally Rand, fan and bubble dancer, was convicted on two counts of assault and battery by a Municipal Court jury today in connection with an attack upon a candid camera photographer and his young woman companion.

The dancer was charged with biting and scratching Ray Stanford and Hazel Drain after they had taken close-up pictures of her while she performed on a theater stage.

Municipal Judge C. A. Ballreich had instructed the jury of nine women and three men that "The right of privacy does not exist where a person has become so prominent that by his very prominence he has dedicated his life to the public."

Now is a good time to renew your subscription.

"There can be no privacy in that which is already public," the court continued. "Nevertheless, one may protest if his or her picture is taken, but in doing so, no force or violence may be used."

Father Slain
By Daughter

Jamestown, Tenn. —Hope Johnson, 20, was in custody today in the slaying of her father, A. F. Johnson, 58, contractor. Deputy Sheriff Chester Williams said the girl told him she fired two shots from a pistol after her father chased her and abused her. The girl was quoted as saying he was intoxicated.

Concrete Proof of
K U's Inconsistency

K. U. published the rate chart of Fulton compared with other towns. We have checked dozens of light bills. We find no bills that check with chart shown in Fulton Daily Leader.

KENTUCKY UTILITIES CHART						
Fulton	15	25	40	100	250	500
K. U. Cost	KWH	KWH	KWH	KWH	KWH	KWH
	\$1.07	\$1.72	\$2.62	\$4.62	\$8.90	\$11.40

For \$11.40 K. U. chart said 500 K W H?

For \$11.98 Maxwell McDade only got
404 K W H

For \$11.80 S. R. Mauldin only got 378
K W H

For \$21.00 H. V. Griffin only got 550
K W H

For \$17.00 H. V. Griffin only got 373
K W H

You see that you are not getting 500
K W H for \$11.40

FOR \$6.90
T. V. A.
Gives You 500 K W H

Y. M. B. C. and City are having Photostatic
Plates made for tomorrow's paper proving
that Fulton Can Get T. V. A.

VOTE YES
Y M B C

DON'T BE DECEIVED---
HERE ARE THE FACTS

Some people are asking you to vote YES to the following question, at the November 8 election:

"Are you in favor of purchasing, constructing and operating a municipal light, heat and power plant in accordance with the plans and specifications adopted by the city of Fulton, and the incurring of an indebtedness by the issuance of revenue bonds in the amount of \$110,000?"

These people are telling you it is the way to get T. V. A. power in Fulton. It is not possible that the construction of a PLANT, under the ordinance passed, will get T. V. A. power for Fulton.

What Power Plant Means

The words "power plant" necessarily means an electric generating station plus a distribution system. It is not possible to have a power plant without purchasing and installing large and expensive machinery for the generation of electric energy.

The ordinance passed by the Council and the question submitted to the voters both ask you to authorize the construction of a power plant.

It necessarily follows that if you by your vote authorize the construction of a power plant, the City Council, if it takes any action based on your vote, will be required to build an electric generating plant.

Without a single exception, every citizen of Fulton that we have talked to, has declared he is opposed to building a municipal electric generating plant.
