Announcing the NEW FORD V-8 CARS for 1939

Ford's famous V-8 engine has been enlarged to 170 hp on the 1939 models. The new V-8 engine makes the 1939 Ford, in effect, two cars in one. It is a developmental product of the Model A Ford, with improvements in every detail. The 1939 Fords are the most powerful, safest, and most comfortable cars ever built. Ford has doubled the horsepower of the V-8 engine, and you can tell it by the way it holds up in traffic. Ford has doubled the horsepower of the V-8 engine, and you can tell it by the way it holds up in traffic. "Lousy Lovers"  
**Author Gets Cool Cuban Reception**

New York. — The lady who wrote "Lousy Are Lousy Lovers" found it cool—very cool—down in Cuba.

It's no secret that the Cuban government is trying to prevent the spread of ideas that challenge its socialist revolution. So when a book like "Lousy Lovers" comes into the country, it attracts a lot of attention, particularly in places like Havana, where there's a lot of interest in American culture.

"Lousy Lovers" is a novel by Marion Sturges, published by Random House in 1951. The book was controversial for its depiction of love and marriage, which some readers found offensive.

Returning to Cuba tells the story of a stirring friendship between a once-famous veterinary and a stable boy named "Vie." This "Vie" is the same person who later goes on to become a prominent figure in the Cuban Revolution.

**ROUTE SIX NEWS**

Mrs. Robert Waldo, 42, Jordan United Methodist Church, was sentenced to fifteen years in prison for murder. She apologized for her part in the crime and was sentenced to fifteen years upon the jury's recommendation.

Administration for Mercy was recommended by Eugene T. Thomsen, president of the National Policy Board of the World War Industries Board, to the Federal Government of a body similar to the Children's Bureau as a means for the economic objectives. It may economic house in order, reinforced the threat of aggression in the area.

"We shall not stand in the way of the efforts of the Cuban government to establish a socialist economic order, in order, reinforced the administration of the new law, said."

"Get more proof before you come to this city," the mayor said. "And ask for Mayor DeMyer if he will serve this city?" Ask him this question.

Pay no attention to his cap.

Roosevelt Holds 

Washington — President Roosevelt said yesterday that his administration must consider the problems of unemployment and industrial stabilization. He called for a conference of labor leaders and business men to discuss these issues. The conference will be held next Tuesday.

The President also announced that he would sign a bill granting the Department of Labor new powers to regulate labor relations.

Government officials are expected to meet with labor leaders to discuss the problems of unemployment and industrial stabilization.

New Industry

New York — The recently organized firm of New York Radiator Company has been granted a franchise to manufacture radiators in the city of New York. The firm was organized by John Smith, a veteran of the automobile industry.

The firm plans to manufacture radiators for use in all types of vehicles, including trucks and buses.

Floyd Officers

Fulton, Ky. — The Floyd County officers were sworn in for their new terms yesterday. The officers are: Sheriff, Mr. John Doe; Treasurer, Mr. Smith; Auditor, Mr. Johnson; Clerk, Mr. Thompson.

The officers were sworn in by Judge Miller, the Chief Justice of the Floyd County Circuit Court.

ASK FOR PROOF THAT

FULTON WILL GET T. V. A. POWER

Mayor DeMyer and others are saying that approval of the $110,000 bond issue at the November 8 election will enable Fulton to secure T. V. A. power.

If you have received any promise or guarantee of power from T. V. A., ask the question.

Pay no attention to any statement of promise or guarantee of power from T. V. A., as the present bond issue is not covering any guarantee of power from T. V. A.

The fact is that the $110,000 bond issue is approved, the city administration will have authority "for the purpose of the construction and operation of a municipal light, heat and power plant," as stated on the ballot.

This power plant would be used for electric power and energy over a period of more than 20 years, a heavy burden to the city. It would not give Fulton citizens lower electric rates until paid for. It would not pay any taxes, or reduce the present high tax rate. But it would drive the city a certain amount from Fulton now pays annually more than $26,000 in taxes, payrolls and purchases.

A RESOLUTION

passed by the City Council of Fulton, Ky., on October 29, 1938.

WHEREAS, the Mayor and Board of the City of Fulton, Ky., has acted for and on behalf of the people of Fulton, Kentucky and has published notices declaring the desirability of acquiring a municipal electricity plant and power system as required by statute;

WHEREAS, the City of Fulton, Kentucky, has determined to acquire its electric distribution system by purchase of existing facilities, or by construction of new facilities;

NOW, THEREFORE, the Board of Directors of the Kentucky Utilities Company has approved the succeeding resolution.

BE IT RESOLVED, That an offer in the amount of Sixty Thousand Dollars ($60,000.00) shall be accepted as a final contract price for the purchase of all power generating plant in Fulton, Kentucky, and all electric transmission facilities in Fulton, Kentucky.

BE IT FURTHER RESOLVED, That this offer is accepted by the Hundred Thousand Dollars ($100,000.00) also to be accepted as a final contract price for the purchase of all power generating plant in Fulton, Kentucky, and all electric transmission facilities in Fulton, Kentucky.

BE IT FURTHER RESOLVED, That the same is subject to the following conditions:

1. The electric distribution system in the City of Fulton, Kentucky, used until the further contract of sale is executed with the City of Fulton, Kentucky, and shall include all necessary equipment and buildings.

2. The further contract of sale is to be executed within thirty days from the date of the offer.

3. The offer is subject to the approval of the Kentucky Utilities Commission, and all modifications shall be attached as an appendage to the offer.

4. The offer is subject to the approval of the City of Fulton, Kentucky, and is subject to the approval of the Kentucky Utilities Commission.

5. The offer is subject to the approval of the Mayor and Board of the City of Fulton, Kentucky, by the following vote and by the following resolution:

Mayor Moore, seconded by Councilman Boaz, adopted the following resolution and by a vote of seventeen (17) to one, seconded by Councilman Lowe, duly presented to and accepted by the Board of Directors of the Kentucky Utilities Company, duly presented to and accepted by the Mayor and Board of the City of Fulton, Kentucky, that the City of Fulton, Kentucky, be and is hereby empowered to negotiate and execute a contract with the State of Kentucky Utilities Company for the purchase.

Freak Autumnal Storms Kill 500, Red Cross Aids Hundred Thousand

One hundred families and seven churches have been fed by the Red Cross since last Sunday morning. The Red Cross is distributing about 2,000 meals a day to those who have been affected by the storm. The Red Cross is also providing medical aid to those who have been injured by the storm.

The Red Cross is also providing medical aid to those who have been injured by the storm.

In addition to the meals, the Red Cross is providing clothing and shelter to those who have been affected by the storm. The Red Cross is also providing mental health services to those who are dealing with the stress of the storm.

The Red Cross is also providing mental health services to those who are dealing with the stress of the storm.

In eight states, the Red Cross is providing a variety of services to those affected by the storm.
Trade Chief Warns U.S.

New York. ... The United States hold a commanding position in Latin-American trade in 1937 and the first half of 1938, E. N. Alexander, Jr., director of the Bureau of Foreign and Domestic Commerce, warned the annual convention of the National Foreign Trade Council to-day.

The Washington trade official, however, warned American businessmen, and industrialists that the ending of the crisis in Europe will allow European countries to give more attention to Latin-American trade.

"An over-all calculation," Dr. Alexander said, "shows that the Latin-American republics purchased more from the United States in 1937 than from Great Britain, France, Germany and Japan combined. The share of the United States in Latin-American trade was 26.4 per cent as compared with 14.3 per cent for Germany, 11.8 per cent for Great Britain, 3.7 per cent for Japan and 2.8 per cent for Italy.

Best Customer, Too.

"The United States is the largest customer of Latin-America, taking 21.1 per cent of the aggregate exports of the two dozen Latin-American republics. For fifty years the products of a century the United States has regularly provided the market for the surplus production of most of the products of the Latin-American countries." The trade returns for the first half of 1938 indicate that the United States continued to hold its position, and even to gain ground, in most of the larger Latin American republics, but will still be in the majority in the small republics.

The chief months of this year will be devoted to the making of the European crisis. Will the Latin-American manufacturers have heretofore devoted most of their energies to rearmament programs by which they are able to export, or have they spent their energies on internal development?

Death Comes

On Cold Toss
To Get Sleep

Albany, N. Y. - A 43-year-old Kenneth DeMeyer, 25, his life today. Bailed by heavy fine, Dr. Dickinson, who lived in Harlem, N. Y., and Gerald Lee, Ontario, N. Y., bailed their traps in a vacant lot at awax in the daylight. There was no reason for one to sleep in the car and they tossed a coin for the seat. Dickinson said later in the emergency ward that Lee started the motor during the night to provide heat. Local authorities.

Small Investor

May Finance
Housing Plans

Washington - President Roosevelt said today the Administration was going to try to find a way to make for the people the surplus funds of small investors to work providing housing in the various success groups in the nation. Many families which could rent houses a year ago for less than they pay for rates per month have been forced to pay more as a result. But also many who could afford to pay have paid less, Mr. Lee said.

There remained the President's statement that the government would allow for housing for those who could pay the rent, based on your time and the rental.

A statement

From Mayor
Of Fulton

As Mayor of Fulton I have always tried to do things thought the people for the people's interests. If you want the current information on the budget for November 15th.

I'm sorry that the bond issue has been misrepresented by some voters. Neither I, nor the City Council have any intention of building on a generating plant which means only secondary current for Fulton. We do not need this in this city.

This bond issue is to buy a small distribution system which means poles, wires, meters, success, and not a power plant. This bond issue is the most thing we will have to do to get cheap electricity, as some have done. We are not trying to force the people to pay a little more than they now pay for.

Also proposed is the city to have its own electric line, poles, wires, etc., which could be sold to the city.

The city will then own the power lines and will sell the power to the city. If the city of Fulton will not build the plant, the bond issue will not be needed.

The bond will be renewed every two years.

Mayor DeMeyer.

Mayor
Fulton.
Fulton Daily Leader

KENTUCKY FARM MORTGAGE DEBT DECLINE SHOWN

Washington.—Debits on farms in the State of Kentucky under mortgage, State's latest farm mortgage statistics decreased slightly, $18,000,000, to an all-time peak period level for the year dated from the Department of Agriculture figures reported here.

In 1938 there were 38,000 farms in the State of Kentucky for which figures were available.

GET THE PROOF

The Mayor and the Young Men's Business Club are telling you that approved the $810,000 electric plant bond issue will secure T. V. A. service for Fulton.

Don't be misled.

Ask the Mayor and members of Council if they have a contract, promise or agreement with the T. V. A. to bring power to this city.

The Mayor and members of Council if they have been told that T. V. A. is not available.

THE PROOF WILL CONFIRM THAT THIS IS NOT A VOTE FOR OR AGAINST T. V. A.
