## Up-to-date Show House for Fulton

W. Levi Chisholm, Pioneer Showman, Will Remodel and Beautify Orpheum

The Orpheum Theatre building owned by W. Levi Chisholm on Fourth street, will be remodeled and beautified in keeping with progressive Fulton, says W. Levi Chisholm.

The Strand Amusement Co., who had the Orpheum leased the past two years, has been notified by Mr. Chisholm that the lease was cancelled. The Orpheum suffered a fire recently, which destroyed the interior furnishings and badly damaged the show house, and now that Mr. Chisholm has taken over the property, he tells us that he will remodel the show house and give the city an up-to-date place of entertainment.

Mr. and Mrs. Chisholm came to Fulton some 20 years ago, when the photoplay business was in its infancy and opened a show house on Lake street. They being of pleasing personality, courteous and refined in the conduct of their business, no wonder their phenomenal success.

The show house occupied on Lake street was inadequate to accommodate the crowds and Mr. Chisholm purchased property on Fourth street, remodeled the building and beautified the premises, giving Fulton a classy show house, naming it the Orpheum. Mr. and Mrs. Chisholm conducted the business with phenomenal success up until two years ago when the show house was leased to the Strand Amusement Company, and they left the city on a sight-seeing as well as educational trip. For months they reveled in the sunny south and golden west and enjoyed scenes of the Alamo and old missions at San Antonio, Texas, and along the route to California, but not until they reached Hollywood was the height of their ambition and desires satisfied, because here they could feast to their heart's content on their life's work and obtain first hand information they could never get otherwise.

After returning home, Mr. Chisholm diverted his attention to buying farm lands and trading in general with phenomenal success. But when the opportunity time presented itself we find him returning to his first love and inspiration and he now tells us that when the new Orpheum is opened to the public it will be in keeping with progressive Fulton, "Hub of the Highways."

## Council Meeting

The city council met in adjourned session Monday night, with all councilmen present and Mayor Shankle presiding. In the matter of tax rate the council decided, after some discussion, to let the rate stand as it was last year, 75c with 20c additional for sewer bonds.

An ordinance was passed requiring property owners to connect with the recently completed sewer system within 90 days. The ordinance is published in this issue of The Advertiser.

Three plumbers posted bonds of \$1,000 each and work of connecting with the sewer can be started at once.

Lee Roberts was appointed temporary sewer inspector, pending the selection of a permanent inspector.

Secretary Motley, of the Chamber of Commerce brought up the matter of street oiling, but as his committee was not present the matter was deferred until the regular April 4th meeting of the council.

No further business, the council adjourned.

### SMITH-WILLIS STOCK CO. ALL NEXT WEEK

Good news to lovers of clean stock company plays is the announcement that the Smith-Willis Stock company is coming back to Fulton for a week's engagement under the auspices of the Fulton Fire Department.

The Smith-Willis Stock company is well known in Fulton, having played here before and made a very favorable impression. Both Mr. Smith and Mr. Willis were members of the Curtis & Shanklin show and have many friends here.

The company is composed of 21 people and present plays of the better class, containing lots of clean, wholesome comedy, with high class vaudeville between the acts.

The Smith-Willis Stock company is one of the largest and finest tent theatres in the country and the Fulton Fire Department feels that it is very fortunate in procuring an attraction with the reputation of the Smith-Willis Company.

The company carries a band and orchestra and will give a free concert every afternoon and evening.

The opening play Monday night will be "The Red Shadow." A lady will be admitted free with each paid admission on Monday night. Reserved seats will be on sale Monday, April 4, at Culver Bakery Co.

The big tent will be pitched on the lot next to Cigar factory.

### FUNERAL SERVICES FOR J. P. TOMLINSON

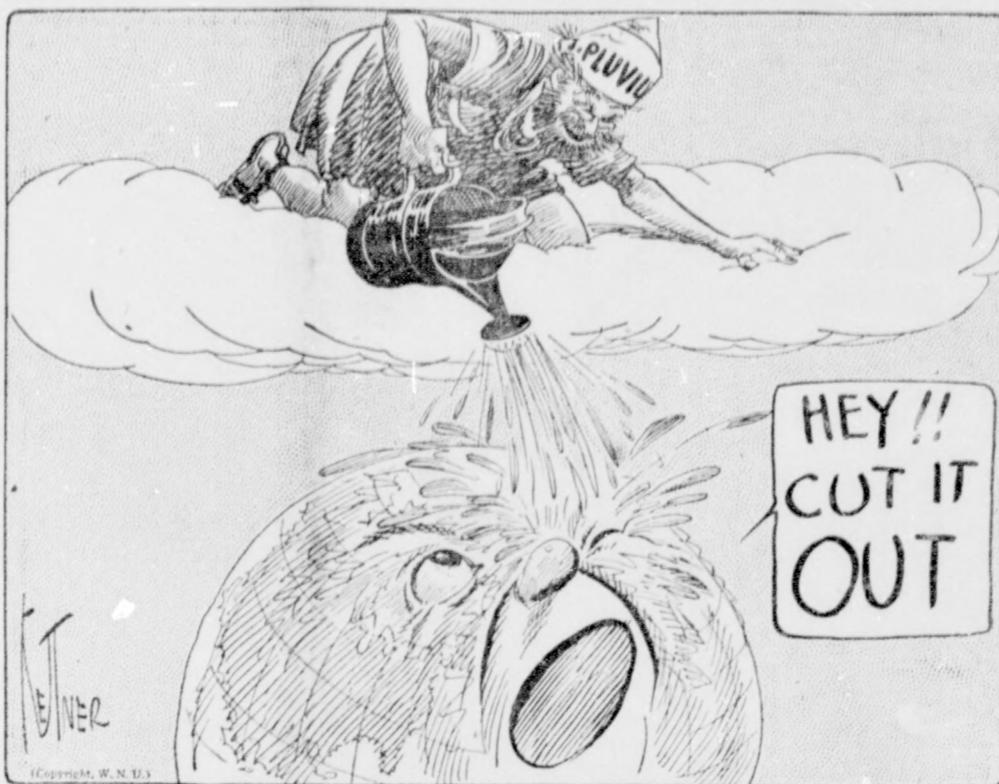

Funeral services for J. P. Tomlinson were held Tuesday afternoon at Palestine church, conducted by the Rev. J. G. Malphurs, interment following in the church cemetery.

Mr. Tomlinson died Monday night at his home in Riceville, at the advanced age of 81 years. He was well known and highly esteemed by a large circle of friends who deeply sympathize with the bereaved widow and daughter who survive.

### Austin-Valentine

Miss Blanche Austin, the pretty and accomplished daughter of Mr. and Mrs. B. L. Austin, was united in marriage to Mr. Doris Valentine, Sunday, March 27th. The wedding was performed in Union City, the Rev. Jenkins officiating.

## Dairy Business Now In Limelight

That the dairy business is now gaining a permanent place in the vicinity of Fulton was in evidence Tuesday morning when a delegation of farmers and business men of our community was headed by Secretary Motley of the Fulton Chamber of Commerce, left the city on train No. 102 for Hopkinsville, where they hope to purchase 20 or more registered Jersey cows.

Mr. Motley stated that all necessary precautions would be taken to insure intelligent selections of the dairy type, having with him Mr. H. V. Cure, who is at the head of the Sugar Creek creamery of our City. Mr. Cure, before coming with the Sugar Creek creamery was a certified stock judge and official tester in the live stock extension department, with the Iowa State College of Iowa, and the plans are to judge and test the merits of each cow right on the ground.

The party was made up of the following men: Mr. Enoch Browder, Dr. Seldon Cohn, J. J. Owens, and C. C. Hancock. Owing to the many favorable conditions of Fulton and her vicinity, everything points to the favorable end of the dairy business here, and we believe that this movement is one of the best and most progressive movements that has been made in Fulton for many a day.

### EASTERN STAR ACTIVITIES

On Monday evening, March 28, Fulton City Chapter, order of the Eastern Star, met at a stated meeting, and after attending to the usual business, proceeded to confer the degrees on two neophytes.

The work was done in a very impressive and splendid manner, each officer performing their part with much credit to themselves, and a pleasure to those who witnessed the same. After some pleasant remarks from several members of the order, the Chapter closed and retired to the dining hall where they partook of a delicious feast, of a variety of choice viands, too numerous to enumerate.

There was a large crowd in attendance, and the evening was pleasantly spent, and enjoyed by all present.

### ENTHUSIASTIC MEETING

The second of the series of Public Relations Department of the Kentucky Utilities Company was held at the Fulton office Tuesday afternoon, at which time an interesting program was given by the employees of the company.

These meetings are held every two months for the purpose of instructing employees of the company in the workings of the organization and familiarize them with the best methods of meeting and serving the public, as well as the methods of business and operation of the various departments.

Mr. E. C. Hardesty, as District Manager, presided, and made appropriate explanations during the meeting. The following employees were present from Hickman and Clinton:

Hickman—W. A. Moore, local manager; Mrs. Orine Jordan, C. C. Cunningham, and G. W. Browder.

The Fulton force was represented by the following: Manager, E. C. Hardesty, Mrs. H. A. Wood, H. S. Stansbury, F. J. Hardesty, Chip Roberts, D. C. Williams, T. E. Alstin, and John Ferguson.

The following program was followed by those present with great interest:

Subject under discussion—"The Vast Need for Better Lighting."

A Residential and Industrial Field—Mrs. H. A. Wood.

Benefits of Better Lighting to Customers—B. E. Cunningham.

Job Discussion—S. Leech.

Later Developments of the Ice Business—G. W. Browder.

Demonstration of the Royal Vacuum Cleaner, by Mr. F. D. Walker, of the P. A. Geier Co., of Cleveland, Ohio.

A skit called "Industrial Lighting," was omitted owing to the Hickman contingent having to leave for home, as the hour was late.

The paper of Mr. Browder was a continuation of one read by him in January, on the ice manufacturing industry, and that of Mr. Cunningham's was also a continuation of the same theme developed at that meeting.

### MRS. FLATT TO RETAIN OFFICE

Court of Appeals Affirms Verdict in Favor of Hickman County Clerk

Frankfort, Ky.—Mrs. R. B. Flatt, of Hickman county may hold office as county clerk, the Court of Appeals ruled Saturday, March 5, in affirming the decision of the Hickman Circuit court.

The state was attempting to oust Mrs. Flatt from office because she failed to file her bond in the specified time.

Mrs. Flatt was elected county clerk in November, 1921. She was then re-elected in 1925 and on the first Monday in January she and the county judge took oath. She then told the county judge she would make bond January 7, and she says he said this was all right.

When she attempted to make bond on January 7, the county judge refused to sign the order approving her bond, but signed an order appointing James A. Porter as county clerk. Mrs. Flatt refused to vacate the office and the commonwealth attorney brought suit to have her ousted. The lower court sided with Mrs. Flatt, and the Court of Appeals said the "commonwealth is not affected by the laches of its officers" and the intention of the county judge "to mislead another to his prejudice will no more be imputed here than in other cases."

The state contended she could not hold office as she failed to make bond by January 1, 1926. Chief Justice Clay and Judges Dietzman and McCandless filed dissenting opinions.

Leech was a straight talk on his job of construction and maintenance of the lines of the company. He gave some good points on "How not to do it" as a means of avoiding unpleasantness and friction with the public, as well as a thoroughly clear description of the proper way to do it.

These meetings are a regular part of the year's work of the company, in its effort to develop better service to the public, and at the same time make the employees not only better acquainted with their several jobs, but to make them see the advisability of understanding the other fellow's job as well so that each one's work will better supplement the work of the others, thus making for better service to the public and easier and more pleasant work for themselves and their fellow workers.

The next meeting will be held in May, at which time another program supplemental to the last will be given. The exact date and place will be announced later.

### LISTEN, HOMESEEKERS!

Are you not making a mistake in not moving to Western Kentucky?

Why spend your days where the winters are so long and severe?

Why live where winter consumes all that summer produce?

Why live in the crowded, unsympathetic cities?

Why not get closer to the soil and to nature?

Why not sell your high-priced land and come to this genial climate where fertile lands are yet cheap?

If you make this move your children will be much more prosperous and far happier by and bye.

The lands around Fulton are fine for small farmers, truckers and dairymen.

Five years hence they will be worth vastly more than now.

They are the best investment in the United States today.

They will make your children rich.

They are capable of producing a much greater variety of crops than land farther up the country.

They will grow all kinds of crops very cheaply and rapidly.

You can grow rich here on less than half the effort you expend in fighting the battle of life in northern latitudes.

## WHERE THE MONEY GOES

Where on earth does all the money go?

That household question makes the whole world kin. It is one that demands an accounting, whether pennies or millions of dollars are involved.

Here is one answer to it. This is what became of every \$100 received by the Illinois Central System in 1926:

The operation of trains, stations and other transportation services cost, including \$5.85 for fuel, \$31.72. That left \$68.28.

The upkeep of locomotives, freight and passenger cars and other equipment cost \$15.93. That left \$52.35.

The upkeep of tracks, roadbed, bridges, buildings and other structures cost \$14.15. That left \$38.20.

The solicitation of traffic and the compilation and issuance of tariffs cost \$1.81. Payments for lost and damaged freight and for casualties took \$1.24. The salaries of clerks and other general office employees took \$1.22. Serving meals in dining and buffet cars and in restaurants used up 65 cents of every \$100 the railroad received from all sources. Pensions to retired employees required 30 cents. Legal expense amounted to 27 cents. The expense of valuation work was 11 cents. Miscellaneous general expenses amounted to 39 cents. These items totaled \$5.99. That left \$32.21.

The salaries of general officers took 19 cents. That left \$32.02.

There was put aside \$5.36 in depreciation and retirement charges to pay for the wearing out of equipment. That left \$26.66.

Rentals of equipment, leased lines and joint facilities took \$3.78. That left \$22.88.

Interest payments on borrowed money took \$7.76. That left \$15.12.

Dividends to the owners of the railroad for the use of their property accounted for \$5.41. Compared with this, taxes took \$6.33. After dividends and taxes were paid, \$3.38 was left out of the original \$100. The \$3.38 left over was available for enlarging and improving the property.

The Illinois Central System welcomes public knowledge of the facts about its business. It wants the public to know that the money collected for transportation is wisely and economically expended in the production and improvement of service.

Constructive criticism and suggestions are invited.

President, Illinois Central System.

## Advised by the Principal

By JANE OSBORN

(Copyright.)

MARY DAWSON went timidly into the principal's room to sign the time chart that first day of her career as teacher in Public School No. 78. As she approached the table a young man drew back to let her precede him.

"Thank you," said Mary, and as she looked at him all she noticed was that he had red hair.

"I didn't know there were any men teachers here," she observed at recess to one of the younger teachers whom she met in the playground. "I saw one when I was signing in this morning—young—with red hair—what grade does he teach?"

"That's Dick Mendham—teaches eighth-grade boys. There are three of 'em—if you call 'em men—never seen like real men to me. But they have to have 'em to teach the big boys."

Later Mary Dawson realized that this young woman's attitude toward the men teachers at No. 78 was characteristic of the attitude of the other women teachers there.

After Mary had been teaching for a month or more Miss Graham, the principal, asked her to stop in her office after school to see about report cards. It was a small matter soon arranged and then Miss Graham asked Mary to sit down and have a little chat. Miss Graham asked Mary how she liked her work. Mary said she liked to teach, though she was doing it to make a living.

"I'll give you a piece of advice," said Miss Graham, who was fifty. "Snap out of it as soon as you can. Once the system gets you it will be hard to get out. You'll put off the idea of marriage because every year you'll look forward to a little more money the next. Then you'll begin to count the years to your retirement with a new anxiety the rest of your life. Now my advice to you is to marry your best young man soon—before you get obsessed with this idea of yearly increase and eventually retirement."

"But suppose I haven't a young man," said Mary smiling.

"Marry the first man that asks you—providing he's decent. Don't wait for a man who can guarantee a yearly increase and an annuity in your old age."

"I'll remember what you have said," said Mary with a little blush, and would have said more but Miss Graham interrupted.

"Don't go away," the principal was calling good naturedly—then in an aside to Mary. "There's poor Mr. Mendham—scared off because you're here. Somehow men teachers never seem like real men." Then, raising her voice: "Come right in, Mr. Mendham, I want to show you the new report cards."

Mary hurried out of the principal's room, tingling with a sort of deep resentment. It wasn't because of what Miss Graham had said about marriage. Undoubtedly she had given good advice. It was because of what she had said about Mr. Mendham. Mary herself liked Mr. Mendham and respected him.

After that Mary took pains to speak cordially to Mr. Mendham when she passed him in the corridors. It was absurd to snub him. If he wanted to teach in a public school that was his own affair.

One day she was leaving the school at the same time that Mr. Mendham passed out the teacher's entrance, and because Miss Graham was standing by, Mary waited for him and asked him if he would walk with her—since they both went in the same direction. A few days later when he had walked home with her she asked him to come into tea at her boarding house. It was four o'clock and her boarding-house keeper, who was an English woman, always had tea in the little parlor.

A month later Mary found herself one evening after dinner eagerly waiting for Dick Mendham, who had invited her to go to the theater with him. Mary wondered why she was so feverishly eager for the time of his arrival to come. Then as she walked beside him and later sat beside him in the subway going to the theater she reflected to herself that he looked much more attractive away from school. And coming back after the theater that night Richard Mendham asked Mary to be his wife. Mary accepted him at once.

"I never dreamed that you would have me—at least not right away," Dick told her, and Mary was wondering how much Miss Graham's advice had had to do with her quick decision. He was the first man who asked her, and she had accepted him. They planned to be married in the summer after school was over and Dick told Mary that he would never consent to her teaching after they were married. He himself was giving up teaching when the summer came. He had a position waiting for him in a school-book publishing company and had been teaching for two years to fit himself for this work. His uncle was the president of the concern and wanted someone who knew the public-school system.

In June Mary told Miss Graham of her engagement.

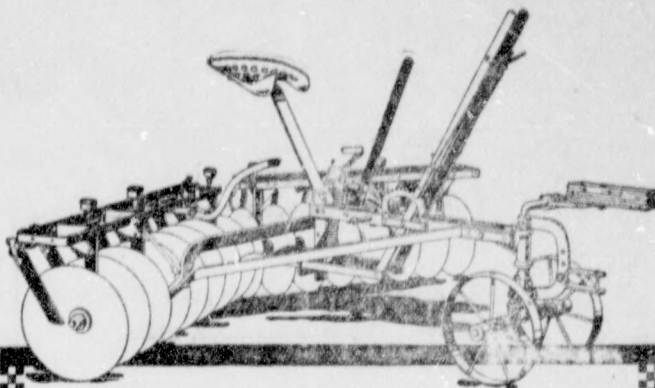

"Not Dick Mendham," said she, amazed. "What made you accept him?"

"You did," said Mary, her eyes glowing. "You told me to accept the first man that proposed. And I want to thank you for your very good advice."

## JOHN DEERE Model "B" Disc Harrow

By means of the third lever, spring and John Deere pivoted yoke, this harrow can be given the required pressure to penetrate at even depth its full width under all the above conditions.

It is a really flexible harrow—penetrates, pulverizes and packs in conditions where rigid harrows fail to work all the soil. Each gang works independently, like separate harrows, and both can be

given the proper angle to pulverize under varying conditions.

It is strong—will last years longer than ordinary harrows because of its all-steel main frame and double-bar, riveted gang frames. It has oscillating scrapers with lock-down and lock-off features, and the most convenient grease cups—easy to fill and out of the dust and dirt.

We can furnish the John Deere Model "B" with rear gang and hitch to convert it into a double-action, horse- or tractor-drawn harrow—a good way to save money and yet get good results.

### YOUR SPRING SUIT NEEDS THE WRINKLES TAKEN OUT

You know what a beauty shop can do for faces—how it can remove wrinkles from cheeks and crow's feet from eyes. But did you ever visit a "beauty shop for suits"—a modern dry cleaning and sanitary pressing establishment? Here, again, is a "fountain of youth"—this time for clothes.

For example, take one of your own suits to the O. K. Steam Laundry—one you've worn often. If it's a light suit, the grime is plainly visible at collar and cuffs; perhaps there is a bit of grease on it from your car. If the suit is dark, the dirt may not show—but it's there. One cannot ride in automobiles and taxis, and not gather dirt.

But see what your dry cleaner, the O. K. Laundry, can do for this suit.

First, it is tumbled in warm, drying air; the moisture is removed, the dust shaken out, obstinate spots loosened. An expert "spotter" then goes over the garment by hand—stains and spots vanish before his skill. Next, the suit is soured gently, thoroughly, back and forth, in the purest of cleaning fluids. Soil embedded in the fabric is filtered out; grime and grease are dissolved away. After most of the moisture has been whirled out, the suit is carefully dried in a breeze of fresh, warm, sterile air, then with the warm air sifting thru it, it is fluffed softly. The nap comes to life, the cloth becomes fresh and smart again.

Nor is this dry cleaning "magic" limited to men's suits and overcoats. Hats and gloves, women's coats, suits, dresses and blouses, children's clothes—almost every article of wearing apparel can be given this same renewing, refreshing treatment. And how much longer clothes wear when they receive it. Truly dry cleaning pays its own bills.

Of course, we make a specialty of dry cleaning draperies, rugs, etc. Don't overlook this when you begin your Spring housecleaning—just phone 130 and we will do the rest.

## AIR DRIED CLOTHES

*Do you realize what it means to receive a bundle of thoroughly washed and air dried clothes from a modern power laundry?*

It means that at last the only remaining barrier between the housewife and the laundryman has been broken down. Because, now the modern laundry not only washes clean whatever you choose to send, but also duplicates in every respect the method of drying that the housewife has employed for time immortal, namely, the hanging of the washing on the old-fashioned clothes line, to bask and dry in the glorious sunshine.

The greatest development in years and years, comes to this steadily growing industry in the perfection of a natural drying process. This new method of drying by air eliminates for all time that unmistakable odor which has branded the work of the power laundry in the past.

### Thousands and Thousands of Cubic Feet of Concentrated Sunshine

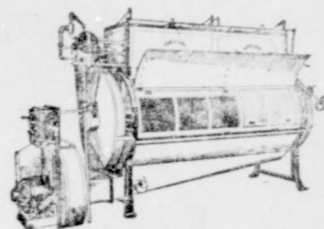

The scientific application of air as a drying agent in the power laundry is accomplished by the perfection of the Vorclone Drying Tumbler. This most wonderful machine harnesses clean fresh air in such great volumes that it almost entirely eliminates the necessity of heat to dry clothes with. It dries clothes by air, evenly and gently, ventilating them thoroughly, freeing them entirely of all lint, leaving them soft, fluffy and perfectly odorless. Clothes dried in this manner are never shrunk, discolored or left with a harsh feel.

The Vorclone Tumbler used in our laundry is the only drying tumbler that does not depend solely on heat to dry clothes; it is the missing link in an otherwise perfect laundering process. It puts the work of the power laundry on par with that of the housewife's own private laundry.

*Be sure to see this wonder machine in our laundry anytime, feel and smell the clothes it dries, notice how fresh and sweet smelling they are.*

## Phone 130

When you see the pleasing results, the economy and the convenience of this complete service, you are going to put a ban on "home wash days" throughout the year.

### Lesson for April 3

#### PETER BECOMES A DISCIPLE OF JESUS

LESSON TEXT--Mark 1:14-18; 29-31.  
GOLDEN TEXT--Come ye after Me and I will make you to become fishers of men.  
PRIMARY TOPIC--Peter Follows Jesus.

JUNIOR TOPIC--The Great Decision.  
INTERMEDIATE AND SENIOR TOPIC--Making the Great Decision.  
YOUNG PEOPLE AND ADULT TOPIC--Answering Christ's Call.

I. Jesus Preaching in Galilee (vv. 14, 15).

The reason for Christ changing from Judea to Galilee was the growing opposition to Him. He accepted the fate of John, the Baptist, as foreshadowing His own death. The rejection of the forerunner meant the rejection of Him whose advent he heralded.

1. What He preached (v. 14).

The gospel of the kingdom of God which meant the good news of the near approach of the kingdom of God when the rule of God as predicted by the prophets would be realized.

2. How He preached it (v. 15).

(1) "The time is fulfilled and the kingdom of God is at hand."

This meant that the time had now come for the appearance of the Messiah and the establishment of His kingdom.

(2) "Repent."

This meant that the people should turn around, change their minds and attitude toward Christ and accept Him as their King. The message of repentance is one which needs to be sounded out today.

(3) "Believe the gospel." Then, as now, men needed to believe the gospel of Christ.

II. Jesus Called Peter and Andrew to Become Fishers of Men. Jesus called this pair of brothers for service in His kingdom. It is usually best to perform the Lord's service in pairs. This has a threefold value. It makes testimony effective; it provides fellowship on the part of workers and protection of the witnesses. It is to be noted that these men had previously been called to be disciples of Christ (John 1:35-42). They are now called to service. Observe:

1. From what they were called (v. 16).

They were called from positions of definite service. They were fishers. God always chooses His servants from the ranks of the employed.

2. To what they were called (v. 17).

To be "fishers of men." They no doubt had been successful fishers. The qualities which made them good fishermen, namely, patience, bravery to face the storm and darkness of the night, and perseverance, which led them to toil all night though no fish were caught, would make them good fishers of men.

3. Their obedience (v. 18).

"Straightway they forsook their nets and followed Him."

To obey meant sacrifice, painful separation, the giving up of all business interests and leaving father behind. Regardless of the cost, they yielded prompt obedience.

III. Jesus Entering Simon Peter's House (vv. 29-31).

Soon after the call of Peter and Andrew, Jesus called James and John, after which they entered the synagogue at Capernaum, where He cast out an evil spirit. This miracle caused His fame to be spread abroad.

1. A loved one ill (v. 30).

When Jesus entered this home He found Peter's mother-in-law with a burning fever. We know that among the closest followers of Jesus there are suffering ones and anxious and burdened hearts. To all such Jesus comes with loving sympathy and power to help.

2. "They tell Him of her" (v. 31).

This was the proper thing to do. We should bring to the attention of Jesus those of our families who have need of bodily or spiritual healing.

3. He healed her (v. 31).

"He came and took her by the hand and lifted her up." This act showed the nearness, sympathetic tenderness and power of Jesus. At His touch the fever departed and strength was imparted to her body.

4. "She ministered unto them" (v. 31).

This act shows:

(1) That the cure was instantaneous and complete. When Jesus heals there is no halfway business.

(2) Gratitude on the part of the one healed. She thus expressed her appreciation of what Jesus had done. All those who have experienced the healing power of Jesus will express their gratitude in loving service to the Lord and His disciples.

#### God's Indulgence

God is not over-indulgent. He is too loving for that. Because He loves us, and plans for our growth, He cannot let our faults go without correction. His justice stands side by side with His mercy, and cannot be evaded or left out of account.—Southern Methodist.

#### Finding Strength

Where shall we find strength for practical separation to God, except in God Himself—Eckes.

Permanent streets are a good investment—not an expense

### Don't Let Your Community Make the Same Mistake

Within recent years many communities have made the mistake of paving their highways at what they considered a "bargain price." The taxpayers thought they would save thousands of dollars.

In many instances the maintenance has not only wiped out the hoped for saving, but has exceeded original cost. And in many cases also it has been necessary to build entirely new streets—81 permanent construction.

There are communities, however, which know the cheapest is not always the best. Many of these also built streets several years ago. And they built for permanence with concrete.

Those concrete streets, built in accordance with approved standards of highway construction, are in as good condition today as when they were built.

Which of these communities will yours be?

## A FARM WAGON THAT IS GUARANTEED

The amount of satisfactory service that a wagon will give depends entirely upon the material and skill the manufacturer puts into it. We want to show you a wagon that is built of the best materials by men who know how—

### THE JOHN DEERE WAGON

The Wagon That is Guaranteed

A special machine automatically measures the inside of the skin of the John Deere farm wagon and shapes the axle to fit accurately. The skin is set in red lead under high pressure. It has exactly the right pitch, and the axle has the right gather to make the John Deere wagon run lighter than other wagons. With the John Deere sand- and dust-proof skids there is no wearing of bearing surfaces—the oil stays in—the wagon is always smooth-running and light-pulling.

Only carefully-selected oak and hickory are used in the frame.

Come in and see this wagon—read the guarantee on the tool box. Let us explain the many fine points embodied in it.

Epworth Leagues, 6:45 p. m.  
Prayer meeting 7:30 p. m.,  
Wednesdays.

Preaching at 11 a. m. and  
7:30 p. m., led by the pastor.  
Special music by the choir. Mrs.  
I. D. Seay, director. The pub-  
lic is cordially invited to attend  
all the services of the church.

The public is cordially in-  
vited to attend all services.  
All the services of last Sun-  
day were well attended. The  
pastor preached two good help-  
ful sermons. Mrs. Ira D. Seay  
sang at the morning hour.

The Woman's Missionary So-  
ciety met in regular monthly  
business session at the church,  
Monday, with a good atten-  
dance. The president, Mrs. Butt,  
presiding. Good reports were  
given by all the officers, and  
group captains. Mrs. W. R.  
Butt gave a splendid report of  
the Memphis Conference which  
met at Brownsville last week.  
There were more than two  
hundred delegates from all ov-  
er the conference attended.

The Warner Blackard Soci-  
ety met at the home of Mrs.  
Vodie Hardin, Monday after-  
noon, with Mesdames Hardin,  
Wayne and Wilkins as host-  
esses. The meeting was called  
to order by the president, Mrs.  
Wayne, and after a short bus-  
iness session, Mrs. Wayne,  
delegate to the conference held  
in Brownsville gave a splendid  
report of the conference meet-  
ing, which composed the entire  
program. During the social

Miss Lena McKeen has re-  
turned home from a visit to  
relatives in Dresden, Tenn.

Mrs. Bomar has returned to  
her home in Paris, Tenn., after  
a visit with her sister, Mrs. I.  
D. Seay. She was accompanied  
by little Miss Ann Douglas  
Seay.

Friends of Mr. and Mrs. I. D.  
Seay regret very much that  
they are leaving Fulton to make  
their home elsewhere. The  
good wishes of the church go  
with them.

and sermon.

Wednesday, 4:00 p. m. Eve-  
ning prayer and address.  
Friday, 7:00 p. m. Evening  
prayer and Litany.

Every one cordially invited  
to attend these meetings.

#### Church News

Undoubtedly there are many  
persons in Fulton who would  
avail themselves of the oppor-  
tunity to attend Lenten services  
if they felt that there was some  
church open to them. Trinity  
church is open on Wednesday  
afternoons at 4:00 o'clock and  
on Friday evenings at 7:00. At  
these hours there are held spe-  
cial Lenten services and the  
public is cordially invited to at-  
tend.

Rozat Hamam was in charge  
of her class at Church school  
last Sunday, in the absence of  
the regular teacher. Rozat  
showed great earnestness in  
her work and seemingly held  
the attention of the class mem-  
bers during the entire lesson.

Clara Elizabeth Boyd is again  
suffering from an inflamed and  
ulcerated jaw, and although  
suffering considerably from it,  
was in attendance at Church  
school last Sunday.

Miss Virginia Cole presided  
at the piano at Church School,  
Sunday, in a very acceptable  
manner. It is to be hoped that  
she will permanently fill this  
very essential station.

Sarah Fields Binford gave an  
outline of the Sermon on the  
Mount at Church school last  
Sunday that was most interest-  
ing to the class. The paper  
showed careful preparation  
and would have been a credit  
to a Senior class member.

Dr. Boyd is slowly recover-  
ing his health, but is still un-  
able to undertake his full du-  
ties.

Gradually the return of good  
weather is having its effects on  
the attendance of the Church  
school. The number present  
last Sunday was in excess of the  
week before, and the children  
showed renewed interest in  
their work.
