## NINE REASONS

Why John D. McLeod Won  
The Postmastership at Haz-  
el, Kentucky.

The real reason why John D. McLeod, the present postmaster at Hazel, won his appointment is now going the rounds of the First district press. The story follows:

The last remembrance of former President Roosevelt among First district politicians will be his "race suicide" mania and the appointment of a radical anti-Taft man to a fourth-class post-office because he had nine children. When several of the leading Republican politicians went to Washington to attend the inauguration they inquired at the Post-office Department why their recommendation of a Taft man had been ignored, and John D. McLeod, one of the Fairbanks delegates to the district convention last March, had been selected for postmaster at Hazel, Calloway county. For answer a clerk produced a picture of Mr. McLeod and his children, on the back of which was written "Nine reasons why I should be appointed postmaster at Hazel, Ky.," and a preemptory note from President Roosevelt directing the department to appoint Mr. McLeod.

This was, perhaps, the first instance in which an appointment below the presidential class, and great was the consternation among the Taft men when the recommendations of their district and county leaders and of the referee of Federal patronage were ignored at Washington and a Fairbanks man got the place.

The announcement of Mr. Morris' marriage will come as quite a surprise to his wide circle of friends and acquaintances. He is one of Calloway's wealthiest and most influential citizens and is widely known throughout the county.

Miss Allen is one of sunny Tennessee's cultured and refined ladies and comes from one of the leading families of Henry county.

Mr. and Mrs. Morris will return to Murray after a short bridal tour and will be at home to their friends at the family residence on East Main street.

The Ledger joins in happiest congratulations and sincere wishes for a long and happy life.

### Object to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the diseases are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. You are certain to be pleased with the quick relief which it affords. Price, 25 cents; large size, 50 cents. For sale by Dale & Stubblefield.

### Commissioners First Report.

Commissioner of Agriculture M. C. Rankin has issued the following crop report:

"I herewith hand you the first crop report of 1909. The percentage given for corn and tobacco acreage are prospective. The prospect is for the largest tobacco crop in many years for both burley and dark, and an average corn crop will be planted. Wheat is not in as good condition as it was at this time last year, but with favorable weather it will make a fair yield. Live stock has been wintered well and the price of all is fairly good, horses and mules being high.

"The percentage of fruit is based on the present outlook and the present prospect is for a good peach crop."

Among the county contestants Miss Rogers still holds the lead by a few thousand votes. Miss Eulala Boatright claims third place in the race while other contestants seem to have let the interest drag in their behalf. There is yet a possibility that there will be radical changes in the standing of the contestants and next week may show a decided change.

Mrs. Noble Harris retains first place in the town list with Miss Minnie Hood a close second.

We will omit after this week publishing the names of contestants whose vote has not passed the 100,000 mark. This action is taken because of the request made to do so upon the part of a number of the contestants who desire to see the leaders finish the race with all assistance possible.

We expect to announce the closing date of the contest next week. Now is the time for the leaders to exert every effort possible to win. A few weeks more and it will all be over. ## COOLEY DIES

Mayfield Shooting of Last Saturday Night Results Fatally Sunday Night.

Mayfield, April 5.—Jesse Cooley, who was shot by Richard Moore Saturday night, died Sunday night. Moore is in the county jail, charged with murder.

Moore and Cooley were apparently on the best of terms when they entered the lunch room at the I. C. station, Saturday night. Several joking remarks were returned, when Cooley slapped Moore over the head with his hat. This angered Moore and he invited Cooley out on the platform, where the shooting occurred.

It is thought by some, however, that an old grudge existed between the two. Both were said to have been drinking. Cooley was shot through the liver and the wound was thought to be fatal from the beginning.

Cooley is 35 years of age and is a son of the late S. W. Cooley. A wife and three small children survive him. Mrs. Cooley was formerly Miss Willie May Eley, of Paducah. Cooley is also a former Paducahan. Mrs. Mamie Cooley McMannon, of Paducah, is a half sister.

Cyspepsia is America's curse. Burdock's Blood Bitters conquers dyspepsia every time. It drives out impurities, tones the stomach, restores perfect digestion, normal weight, and good health.

Mrs. Carr Turner, of Paducah, has been the guest of her parents, A. J. Davis and wife, the past several days.

## Damage By Tuesday's Storm.

The rain and wind storm that visited Calloway county Tuesday afternoon, following four days of hard wind, resulted in one death and the destruction of several thousands of dollars worth of property.

The section of the county between Hazel and Cherry suffered the greatest losses. The home of Buddie Hutchens, on the Rufe Lassiter farm, was completely demolished. The occupants escaped without injury. John Fair lost a big barn and the roof was blown off another. Jim Hicks, Luther Farmer and many other citizens also sustained losses. Locust Grove and New Hope churches were both damaged. The damage in Hazel is reported quite large. Fences, outbuildings, stables, cribs, barns and trees were blown down throughout that section.

The home of uncle Ide Ballance, who was killed, was blown from its foundation.

Other sections of the county also sustained losses and reports are coming in every hour of the destruction wrought.

### Frank Pool Elected.

At a called meeting of Murray Camp No. 50, W. O. W., held last Friday night in the Odd Fellows hall over the Ledger office, R. T. Wells tendered his resignation as consul commander of the camp and Frank Pool was elected to succeed him for the unexpired term. Mr. Wells has served the Murray camp as its head officer for several years and has been a potent factor in the advancement of Woodcraft in Calloway county. Mr. Pool, who succeeds him, is an enthusiastic and well posted worker. The camp under his direction will continue to grow and prosper.

Friday night is regular meeting night and the new hall over the Ledger office has been well and nicely furnished, and a full attendance is desired. There will be work.

### Felix Grasty is Dead.

Felix K. Grasty, former circuit court clerk of Trigg county, died at five o'clock Tuesday morning of last week, at the Western Asylum, Hopkinsville, where he was undergoing treatment. He had been in a very weak and failing condition of health for some time. Until his health failed a few years ago, Mr. Grasty was one of the leaders of the Democratic party in his county and influential in business matters. He had also filled the position of master commissioner.

Fire that started in a new ground near Jim Housden's last Sunday about 11:30 burned over about 1000 acres of land, destroying much fence and a house on the W. R. Hart place. Mr. Hart sustained the heaviest damages.

## IN STORM

Uncle Ide Ballance Meets Death  
Beneath Corn Crib Tuesday  
Afternoon.

Uncle Ide Ballance, aged 84 years, a pioneer citizen of Calloway county, residing near Old Salem church, was blown from a porch at his home into the horse lot and in seeking shelter in a crib which was blown down by the storm was crushed to death.

Mr. Ballance lived with his sister who is about 95 years of age and when the storm came up Tuesday afternoon went out into the open hall way between the houses to close a shutter when he was blown into the lot. It is supposed that he sought shelter in the crib when it was destroyed resulting in his death. His head was crushed in by the logs and his body terribly bruised and crushed.

Uncle Ide Ballance was one of the county's oldest and best men. He was known to nearly every citizen of the county and numbered his friends by the score.

During the civil war he was a sharp-shooter in the Confederate army and often related his experiences in the bitter struggle between the states. The Old Salem grave yard, one of the oldest cemeteries in Western Kentucky, has been under his supervision since the first grave was dug, and it is said Uncle Ide helped to dig every grave and attended every funeral at the historic old grounds with the exception of the few occurring during his absence in the army.

He was indeed a venerable citizen and his shocking death, while it came in the long shadows of the afternoon of life, brings genuine sorrow and regret to all who knew him.

The body was laid to rest Wednesday afternoon 'neath the sod and in the shadow of Old Salem church in the family grave yard. Requiescat in pace!

Strongest in the World.

To whom it may concern: I wish to say that I have been in the Fire Insurance business for some three or four years, and find that the agent whose business is written in the HOME policy for protection, feels entirely comfortable during any fiery period that may visit this country. Ample capital, full legal reserves for all liabilities, a substantial "Conflagration Fund" and a large net surplus over all debts and contingencies, are behind every HOME contract.

These points are always worth considering. JUST NOW THEY ARE VITAL.

## MINISTER HOLDS CROWD AT BAY

ARMED WITH REVOLVER, PASTOR BARRICADES HIMSELF IN CHURCH.

## WILL PREACH ON SUNDAY

Notifies Congregation He Has Food and Will Hold the Fort—Situation in Congregation.

Denver, Colo., April 4.—Armed with a revolver, Rev. Adam Traudt, pastor of the First German Congregational church, was barricaded in his church Saturday morning, and had stored in his church a crowd of angry parishioners who threatened to shoot any member of his congregation who attempted to dislodge him. A cordon of police was thrown about the church to prevent bloodshed.

This situation is the result of a split in the congregation of the church, one faction seeking to oust the minister. Late Friday night Rev. Traudt was advised that a crowd representing the faction opposed to him intended to seize the church by force and prevent him entering it.

The minister got a revolver and barricaded himself in the church. Early Saturday a crowd of angry parishioners appeared at the church, but the pastor stood them off with his revolver until the police arrived. He shouted his defiance to the crowd and said he intended to preach in the church on Sunday and had stored in it enough provisions to sustain him. The feelings between the factions is extremely bitter, and further trouble is feared.

## DOGS USED AS SLEUTHS

CHOCTAWS ARRESTED ON TRYING TO WRECK TRAIN.

Four Efforts to Derail Midland Valley by Spiking the Rail Come to Naught.

Port Smith, Ark., April 4.—Edmund Burnett and Wilson Thompson, Choctaw Indians, are held at Stigler, charged with an attempt to wreck a Midland Valley passenger train at San Joels, Okla., Friday night. The men attempted to derail the train by driving spikes between the rail joints. This was the fourth attempt to wreck the train, and when the train ran into the obstruction the passengers were thrown into a panic.

Seventeen spikes were driven between the rails at a point seven miles from Stigler, and although the engine did not stop, the obstruction soon passed over without derailing the train. When the train arrived at Muskogee bloodhounds were rushed to the scene of the attempted wreck and put on the trail of the wreckers.

Friday night the dogs led the officers to the house of Burnett and Thompson, and the arrest followed. The killing of a cow by the Midland Valley train several months ago is believed to be the motive for the crime.

## FRENCH MAYOR NABS AVIATOR

Count De La Vaulx Has Trouble Proving He's Not a German Spy in St. Hillaire.

Paris, April 4.—Count Henry de La Vaulx, the aviator, had a disagreeable experience with the mayor of the little village of St. Hillaire, department of the Nord, where the count had landed after his latest flight.

The active mayor, looking out for spies, took De La Vaulx for a German agent. He refused to let him depart peacefully, despite the protestations of the count. Finally, however, the count produced a shooting permit, which established his identity.

Because of the frequency of German balloons landing on French territory near the border, the prefect had issued orders for a strict watch for spies to be kept, and this accounts for the zeal of the mayor.

LEO RAIDS CLAD AS MEN

Mrs. Myra Waite, Missouri Blonde, Confesses She and Sister Were Brains of Gang of Young Desperadoes.

Memphis, April 4.—Four boys, members of a gang of juvenile robbers, Saturday told the police how their plans were formulated by Mrs. Myra Waite, a pretty blonde of Rolla, Mo., who, as leader, wore boys' clothes when the robberies were executed. She has known as "Sister" and "Red Wings," the boys say.

Mrs. Waite, wife of Jacob E. Waite, an elevator inspector, who recently removed to Memphis from Rolla, was arrested Friday. She was released on \$250 bond given by her husband.

She and her sister confessed to having planned the robbery of the Gillespie drug store two weeks ago and to having taken part in robberies in South Memphis. They wanted excitement, they said. Four of the boys were arrested last Tuesday.

His wife is the daughter of the late Napoleon Pryor, who was a farmer of Phelps county, Missouri. Shortly after his death his widow married Walter Burton, a farmer 21 years her junior. In addition to the daughters named Mrs. Burton has two daughters and two sons at Rolla.

Waite, 54 years old, married Myro Pryor seven years ago. In his divorce suit she alleged she was too friendly with a Filipino student at the State School of Mines, Rolla.

He asked the custody of their two sons, Jesse, 5, and Delos, 3 years old. His divorce trial at Rolla was interrupted by a message from Memphis announcing his wife had attempted suicide. Mrs. Waite's mother was present at the trial to testify against her daughter.

## UNDER BLACK HAND 13 YEARS

Chicago Physician Causes Arrest of Italian Who Demands \$3,000 From Him.

Chicago, April 4.—Captain of Detectives O'Brien Saturday ordered a general search of the Italian quarter for members of the Black Hand society following the arrest of Vincenzo Geraci on a charge of attempting to extort \$3,000 from Dr. Peter Cutura by threats to take the physician's life. Dr. Cutura says he has been shadowed by the Black Hand for 13 years, when he met Geraci in Sicily. Two months ago Geraci appeared in Chicago and Cutura met him on the street. Geraci professed friendship and asked Cutura where he was living.

Last Thursday Geraci appeared in the physician's office and demanded \$3,000, the doctor said. Cutura put him off, and Friday he appeared again. Cutura, who had notified the police, tried to put him off again, and Geraci said: "As a member of the White Hand society, you are our sworn enemy. I have been sent here to slay you."

Geraci was arrested after a desperate fight when he and Cutura left the physician's office, ostensibly to go to the bank.

## 1000 AGENTS TO LOSE OUT

New York Life May Cut Force to Meet Requirements of Restriction Laws.

New York, April 4.—At the direct result of Justice O'Gorman's decision, affirming the constitutionality of the law limiting the amount of life insurance any company can write in a year, it will probably be necessary for the New York Life insurance company to discontinue with 1,000 agents who compose the "extra field force" of the company.

This force has been gathered during the last 20 years and consisted mostly of star men who wrote nothing but policies for large amounts. The contracts of these men expire on May 31 and they will probably not be renewed.

## OCEAN FAREWELL GIVEN ROOSEVELT

FORMER PRESIDENT ATTENDS A DINNER ON BOARD HAMBURG AS IT NEARS NAPLES.

## MENU CARD WAS UNIQUE

Program Contains Designs Symbols of Africa and American Hufter—Teddy Bear Decorations.

On board Steamer Hamburg, April 4.—Col. Theodore Roosevelt attended a farewell dinner given Saturday in his honor on board the Hamburg prior to his departure from the liner Sunday at Naples. The feast was the regular captain's dinner, which in this case was elaborated and augmented into a farewell reception for the former president of the United States. The choicest viands and delicacies were stowed away before the departure of the Hamburg from New York, and the chief steward and chef were instructed with the preparation of an excellent menu and program.

The menu card, which also is a souvenir of the occasion, was specially designed, and will be treasured, not only as a souvenir but as an example of artistic printing. The cover of the menu, which is 12 inches long and 7 inches wide, and arranged in folder shape, is of buff-colored, deckle-edge Bristol board. The inside pages are of double folded, hand-made Japanese paper and the whole is bound together with a ribbon showing the German colors.

The Menu and Program. On the front cover is a portrait of Theodore Roosevelt with his signature in facsimile. The third cover contains two designs symbolic of Africa, one showing a crouching lion, the other a native with drawn bow. The first inside page contains as a frontispiece, a reproduction of the steamer Hamburg leaving port, printed in duotone ink. The title page, printed in gold, with the following inscription:

MENU Farewell Dinner on board the Steamer Hamburg en route to Italy April 4, 1909.

shows the head of a hippopotamus just above the water, with open jaws—very significant appaling. The next page contains the menu, printed in German and in English. Across the bottom of both pages is a row of prancing T-birds.

The last pages are devoted to the musical program of the occasion, which will be rendered by the Hamburg's orchestra of 10 pieces. On one page an extremely interesting and humorous cartoon, also printed in gold, shows a pianist composed of a hippopotamus, giraffe, lion, monkey and elephant, with a background of the map of Africa, smiling "Waiting for You."

On the page opposite is the following appropriate program:

The President's "Merry Wives of Windsor." "Dollar Princess." "Popples." "I'm Afraid to Come Home in the Dark." "American National Airs." "Cocoanut Dance." "Down in Jungle Town."

Tulsa, Okla., April 4.—After a hearing of two days, Judge H. J. Huber of the county court Saturday broke the will of J. S. The family, consisting of a wife and six children, reside in Clarksville, Tex. The family, in their petition to have the will broken, alleged it was made under undue influence.

## Settlement Notice.

All my notes and accounts not satisfactorily settled or arranged for settlement by the 1st day of June, 1909, will be placed in the hands of an active collector. I am not going out of business, but business changes, partnership with my son P. A. Hart, furnish a convenient opportunity for a general settlement of business transactions extending over 30 years. I have been lenient beyond that which any reasonable person could expect. I shall be grieved if in any case it should be necessary to go further than a presentation of account for settlement, but this means business. Many thanks to friends and patrons and more when you call. I am as ever yours—J. G. HART, 6t

Attempt at Suicide.

Mayfield, Ky., April 3.—Charles Wilson attempted suicide in Norman's store in this city this afternoon at 4:30 o'clock. It is believed he will die.

The next instant he was horrified to see Wilson draw a pistol and shoot himself through the stomach. Physicians were immediately summoned and pronounced the wound a dangerous one if not a fatal one.

Mr. Wilson was moved to the home of his sister, Mrs. Charles Wyatt, where he is in a precarious condition.

The attempted suicide is the result of domestic troubles since Mr. Wilson's wife is suing him for divorce. He is about 45 years of age and is a prominent farmer of Graves county.

**bad symptoms.**  
The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has a nervous distress or heavy full feeling of stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weakness and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.  
Needless or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.  
No medicine extant has such a long history as Dr. Pierce's Favorite Prescription. No medicine has such a simple, wholesome, and unobtrusive character as this. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients. Printed on a bottle-wrapping and attested under oath. In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged, in fact, the entire system is deranged, and the organs of digestion become deranged, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; it will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.  
Women suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address, Dr. R. V. Pierce, Buffalo, N. Y.  
Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

**A STARTLING STATEMENT**  
**New York Medical Authorities**  
**Claim Dyspepsia Causes Consumption.**  
The post mortem statistics of the big New York hospitals show that some cases of consumption are due to unchecked dyspepsia, especially when the victim was predisposed to tuberculosis.  
Dyspepsia wears out the body and brain, the weakened, irritable stomach is unable to receive food, the body does not receive the required nourishment, constipation ensues and the victim becomes thin, weak and haggard. As a result, the body becomes a fertile field for the germs of disease to lodge and flourish.  
Therefore, the person who permits dyspepsia to progress unhindered is guilty of contributing toward the development of one of the most insidious and fatal diseases known to mankind.  
Dyspepsia is curable if properly treated. Dale & Stubblefield sell a remedy which they positively guarantee will cure indigestion or dyspepsia or they will pay for all the medicine used during the trial. This remedy is an absolutely new medical discovery and has been named Rexall Dyspepsia Tablets. Certainly no other could be more fair, and the offer of Dale & Stubblefield is proof positive that Rexall Dyspepsia Tablets are a dependable and infallible remedy. Inasmuch as the medicine will cost you nothing if it does not benefit you, we urge you who are suffering with indigestion or dyspepsia to try this remedy. A twenty-five cent box of Rexall Dyspepsia Tablets contains enough medicine for fifteen days' treatment. Remember Rexall Dyspepsia Tablets are only sold in Murray by Dale & Stubblefield.  
"One Way to Insult a Man."

He was a fine type of the old Southern colonel, the fiery scion of a race of cavaliers. Also, he was exceedingly wrathful. He had just received a letter from a man, "a low sort of pulson, sur, I assure you," which displeased him immensely, and he was debating, inwardly, how best to convey to this vulgar correspondent an adequate expression of his (the colonel's) opinion of him.  
But his stenographer was a lady.  
The colonel snorted, made two or three false starts, and finally dictated:  
"Sir:—My stenographer, being a lady, cannot transcribe what I think of you. I, being a gentleman, cannot think it. But you, being neither, will readily understand what I mean." The Circle for April.  
"One Touch of Nature Make the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share in it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly afflicted may also use it and obtain relief. Behind every one of these letters is a warm-hearted wish of the writer to be of use to someone else. This remedy is for sale by Dale & Stubblefield.  
Dr. E. T. Dunaway, of Artesia, N. M., came in last Saturday to spend a few days visiting relatives. Mrs. Dunaway has been the guest of relatives near Bethel for some time. They returned to their home in Artesia accompanied by Mrs. Billie Adams.

**CATARRH DESTROYED MY APPETITE.**

PERUNA rarely fails to restore the appetite. Immediately upon beginning the use of Peruna patients begin to eat and digest. This is the universal testimony, coming from all parts of the civilized world.  
Catarrh is a very frequent cause of loss of appetite and disturbed digestion. The beneficial influence of Peruna on catarrh completely restores the appetite in such cases.  
To prod the digestive organs with medicines that are merely stimulants is a poor way to remedy such cases.

"An aunt wrote me that she was taking Peruna with such good results that she advised me to try it, and I finally bought a bottle, although I disliked to take patent medicines."  
"However, I found Peruna very agreeable to take, and effective, as I felt better in a week. I took only five bottles in all and I found that was all I needed."  
"I am most grateful to you for what your medicine has done for me."

Judge Cook opened the campaign in a speech of about an hour which he, in a clear, eloquent and logical way, laid before people his reasons why he thought he ought to be elected, the people he had defeated.
