Progress of Better Homes Campaign

There is every indication that the 1927 Better Homes campaign under the direction of the Better Homes and Gardens Bureau is a national educational movement and presents an opportunity to improve the housing conditions of the local soil. The campaign has been under way in Fulton for several weeks and is being conducted by Mrs. J. H. Sharp, superintendent, and Miss R. B. King, assistant superintendent, both of whom are well qualified to carry on the work.

Vacant grounds are improved and converted into playgrounds and gardens which provide for the recreational needs of the community.

Public buildings are renovated. Landscaping is removed. Trees are planted and braced. Buildings are painted inside and out. Grounds are improved and cared for. Buildings are cleaned up. Garbage is collected and burned.

The campaign covers building codes, street planning and beautification, and general sanitation. The program is designed to improve the health and safety of the community.

The campaign is sponsored by the Better Homes and Gardens Bureau and is open to all cities in the United States.

FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants cannot serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat. Years of catering to the appetites of particular people made it possible for us to serve appetizing meals.

The next time you want to eat away from home, bring your family here.

FULTON DRUGS

ITS IN THE AIR

Warm days and a bright sun make it seem that spring is here. The winter accumulation of dust and dirt is gone, and everyone is keeping with the odor that springtime brings.

Many years ago, everybody had responsibility in the matter and with the coming of spring, all roads taken to provide for and eradicate the responsibility. The responsibility still remains, but not so much as a few years ago, for recently organized groups are doing their part in the movement to keep roads clean and pleasant.

Roads throughout the world are under constant scrutiny. Today's action will play a part in the future of our roads. The money we spend today, is the foundation for tomorrow's roads.

The customary proclamation is made at this time, and it is hoped that the people of Fulton will do their part in keeping the roads clean and pleasant.

For work April 30 to May 1.

4-H CLUB WORK

Government agencies that believe education by doing is a means ofteaching the importance of work and how it benefits our community.

The 4-H club work is that it gets hold of young people while their minds are plastic and are very receptive to new ideas. By this means, they are teaching them some of the simple things in life and agriculture, and give them visions of their possibilities as a life job. It provides opportunities for personal achievement by developing the home and community responsibility in keeping proper home and community. It is the purpose of the 4-H club work to create a better qualified citizenry.
