Answer The Call Promptly

During the week, columns were published regarding the flood situation along the Mississippi, the Arkansas, and other rivers. And while it is true that the flood has been a disaster for many, it has also been a lesson in the value of preparation and planning. The narrowness of the river banks has made it necessary for the people to be constantly on the lookout for signs of danger. And it is just such care and attention that will determine the extent of the damage.

Fulton Ice Company Equal to Emergency

The Fulton Ice Company has been working overtime to meet the demand for ice. With temperatures rising and the threat of overheating in the houses, the demand for ice has been very high. The company has been operating at full capacity, and their workers have been working long hours to keep up with the demand.

Fulton Continues Buiting Program

From present indications the summer and fall season will be very busy for the Fulton building owners. The work of repairing and building has been proceeding steadily. New buildings are being erected and old ones are being repaired. The need for new buildings in the city is great, and the work of building will continue throughout the year.

Next Week Is Clean Up Week

Again we remind you that next week is Clean Up Week. The idea of the campaign is to encourage the people to clean up their homes, yards, and streets. The campaign is not only about cleaning, but also about safety. The idea is to make the community a better place.

Brielfets

The April 27, 1927, issue of the newspaper contained several articles of interest. One of the articles was about the sale of a large building in the city. The building was purchased by a local businessman for use as a warehouse. Another article was about the construction of a new school. The school was being built on the edge of the city and was expected to be completed within the year.

Fulton Doing Its Part

F. F. Jones, the local representative of the National Red Cross, has been working hard to help the flood victims. He has been collecting donations and distributing them to those in need.

Liberal Cash Donations are Made by Fulton Firms

The Brierly Manufacturing Company donated a large sum of money to help the flood victims. The company has a long history of supporting the community, and they are proud to be able to help in this time of need.

The mighty Mississippi.tested its might in the valley of life. It has flowed down the heart's desire to make the world a better place. It has helped to make a better future for all.

The Show You All Know

Fulton's favorite, the Shamrock, will be here again this week. April 27, 30, and May 1. And don't miss the big night spectacular of Pecos Bill and the Apache. Two weeks only, Monday night with "Tide Avenue." The show is at 8:30 each week. June 10th.

Six Thousand of Dollars on account of the flood The flood has caused a great deal of damage in the area. The city of Clarendon has lost a large amount of money due to the flood. The city is now working hard to recover from the disaster.

Protecting Your Family

Keeping the wolf from your door is often taken too figuratively. But it is not an idle job, to be refrained or ignored.

To keep the wolf from your door require weapons more powerful than implements of war. It requires a defense that cannot be bought or borrowed—it is gained through practice of thrift. To save is to insure yourself and your family protection.

Every man owns himself and his family the protection of a savings account in a good substantial bank such as this one. There are other ways in which we can help you protect your family. Investigate.
