ON THE RUN

Are the Turks Before the Victorious Greeks.

TWO BIG POSTS RETAKEN.

Official Statements of Turk and Greek "at the Close of Business" Yesterday.

RECRUITS SHIPPING FROM AMERICA.

New York, April 24.—It is reported the Greeks are winning unparalleled successes today. They are said to have captured two of the most important posts held by the Turks and to be marching on Larissa. The Turks are surprised and dismayed over the turn affairs have taken by which their dreams of victory have been turned to songs of lamentation.

Greek Official Statement. London, April 23.—The Greek Charge d'Affaires here has received a dispatch dated at Athens today giving the exact situation on the Thracian frontier from the Greek standpoint. It is as follows:

"In Thessaly, in the direction of Nevo and Boughazi, our forces have penetrated into Turkish territory and have advanced toward Lamia. All the attacks of the enemy have been repulsed in the direction of Univas. Our army has occupied a strong position at Mali, where there has been fighting since yesterday. The Turkish attacks have been repulsed.

"The Greeks had to retire from Nesson, falling back on the bank of the Derbi, a strong position which they are now defending. In Epirus our army is advancing and has captured Fort Imaret, Filiplada, and several villages. The Greeks have also occupied Salagra, capturing three cannons, a number of guns and a quantity of ammunition and provisions. The army is now advancing northward.

"Minister for Foreign Affairs."

Turkish Official Statement. Washington, April 23.—A dispatch received by the Turkish minister today from Constantinople says:

"A heavy exchange of shots took place on Wednesday between the division of the Turkish army commanded by Nizam Pasha and the Greek forces without any notable result. From a demonstration made by the Twenty-first infantry, the Sixth battalion of artillery and the First division of cavalry, Nizam Pasha was enabled to take a position in front of the Greek forces, who are now concentrated on the plain face to face with the Ottoman forces in front of Milos and Scamirli pass, having with them light batteries of infantry and heavy artillery.

"A demonstration made by Haki Pasha enabled him to take a position on the side of Miraly plain with twelve battalions of infantry and with artillery and cavalry. He was thus enabled to cut off the retreat of the Greek forces who took position at Cankir. The same demonstration enabled Haki Pasha to take the offensive against the Greek forces.

"Nizam Pasha's division, without any assistance from the Greeks, has occupied the village of Caradjaharan, and Haki Pasha also has occupied all the important and fortified positions at Caradjavren and Gankir."

New Recruits from America.

New York, April 24.—Five hundred and sixty-two Greek recruits will sail tomorrow on the French line steamship La Champagne for Havre. From there they will be transported via Marseilles to the scene of the conflict between their countrymen and the Turks. The recruits come from different cities, as follows: Chicago, 250; Birmingham, Ala., 15; Atlanta, Ga., 8; Minneapolis, 26; Houston, 25; Lowell, 8; Hartford, 6; Trenton, N. J., 6; Baltimore, 6; Indianapolis, 12, and about 200 from this city.

ANXIETY AT NEW ORLEANS.

The People of the Crescent City Gravely Apprehensive.

New Orleans, April 24.—The people of the city are gravely apprehensive over the approaching crisis of the food. Fears are entertained that the increase of pressure may be too heavy for the levees. Every possible energy is being put forth to strengthen the levees and prevent a possible break.

A HOT DOME.

But it Seemingly Had Little or No Effect.

The six-month-old child of Mrs. Ed Hallowe, of Broad street, was given eight drops of carbolic acid through mistake by its mother yesterday afternoon.

The infant is ill of measles and as soon as the liquid was administered the child screamed, which called forth an investigation, resulting in the discovery that its mouth was blistered. Doctors Foster and Troutman were called, but found the child, strange to say, in no imminent danger.

DEMOCRATS BROKE QUORUM.

President Expected to Make Kentucky Appointments Next Week.

CHURCH AT JELICO, TENN., BURNED.

Frankfort, April 24.—Senator Deboe was nominated last night at the Republican caucus and the utmost good feeling existed for the election of the ballot which resulted in the nomination of Deboe. At the same time, the nomination of Lieberth, voted against the proposition to make the nomination unanimous. It was felt that the prospect of electing Senator Deboe today were first-class.

Senator Deboe has been in receipt of telegrams of congratulation from all parts of the state this morning. At least a hundred congratulatory messages have been received.

When the house for the joint assembly arrived it was found there were a number of absentees. The vote resulted in nothing, as the quorum was broken. No election goes over till Monday.

BY FOOTPADS.

Jimmie Moore, of Choister Fame, Bobbed.

FIRST KNOCKED DOWN.

The Highwaymen Secured \$100. and a \$105 Diamond.

THE POLICE HAVE A CLUE.

Mr. James Moore, the popular young traveling salesman for an Evansville cigar firm, was knocked down and robbed at the mouth of the river on Ninth street between Broadway and Jefferson streets, back of Mr. H. W. Rankin's residence, about 11 o'clock last night.

When the young man appeared at police headquarters a short time afterwards his head was badly swollen and bruised from a blow inflicted with a long shot, his pockets were torn open and his trousers torn to the knee. One of his vest pockets was torn entirely out.

He said that at Paley's saloon, at Broadway and the railroad intersection, while he went to collect an account, he inquired the way to Jim Wood's saloon, at Seventh and Trimble, where he also had business. When he reached the alley mentioned above three negroes stepped out and demanded his money, and at the same instant rendered him unconscious by a blow on the head. The robbers secured about \$150 in cash and a \$105 diamond stud. His watch was left untouched.

Mr. Moore said today being congratulated by his many friends for the narrow escape he had.

In a conversation with a Star reporter he gave a more detailed account of the outrage. He had no more than reached the alley than one of the footpads stepped up and struck him over the left eye with a piece of brass knuckles, or something similar. At the same instant two seized him from behind, and in a half-dazed condition he submitted to being robbed. Two held him while the other dexterously went through his pockets, tearing them as they went.

Why they left his watch is only a matter of conjecture, but was probably because it contains his monogram. The robbery occurred off in the darkness, and as soon as he awoke he reported it at headquarters.

Nearly all the police have today been working on the case, and it is thought have a slight clue. The suspects are colored disreputable characters.

All Mr. Moore's money was in paper except four silver dollars and a quarter. The quarter was afterwards picked up by the police.

THAT ARSON CASE.

Still On Trial at Metropolis, Ill.

Is Attracting a Great Deal of Attention.

The trial of S. D. Peter, at Metropolis, charged with setting fire to his own grocery, is in progress. The McElva's case came up a day or two ago.

After hearing part of the evidence for the defense another adjournment was granted until Thursday, when the matter was concluded, resulting in McElva being held. The bond was fixed at \$1,000, and the defendant being unable to give it, a special grand jury was asked for, and the matter will be disposed of at this time of court.

Peter, who was arrested on a warrant charging him with procuring the burning of his store, was placed under a bond for \$1,000, and the preliminary trial set for yesterday, with Thomas Liggett and C. E. Hilliard as sureties. C. L. V. Mulkey conducted the case for the state and B. O. Jones for McElva.

The evidence of Dr. Fisher was substantially as follows: "Remember Peter's grocery store being set on fire, I occupy rooms adjacent. I was warned before to take out insurance. My property consisted of office furniture, medicines, etc. Korte & Hausmann's store was between my office and Peter's. McElva didn't warn me."

The testimony of George Williams, the man who claims Peter hired him to burn the house, was: "S. D. Peter made a proposition to me to burn his store on October 10, 1906, at his own store. From October 10 to January 1 I was in Memphis. I had a conversation with George McElva about this matter. I had three or four conversations with him after I came back. The first conversation I had was on the corner of

Fourth and Perry streets. McElva came along and said to me, 'If he told me something I wouldn't sleep that night.' I called him down the street, and he told me that Peter had told him to try and scare me away; that I was as guilty as any one in the matter. He told me that Mr. Peters had offered him a Winchester rifle to get me over the river; later I met him and he had a life and wanted me to go with him to pawn it; he said that it was Mr. Peter's rifle; he also said that Mr. Peter would give me \$10 to leave; I came back from Memphis about the 1st of January; had the first conversation with McElva about the latter part of January; yes Peter offered me \$50 to burn his house; he told me to scatter coal oil over the things, and saturate an old overcoat and set it alight; I asked McElva if he burned the house, he said he did not.

The case is attracting more attention than any tried in Metropolis for some time.

A DISTINGUISHED VISITOR.

Dr. J. A. Wyath, of New York, May Come, And Attend the Medical Convention in May.

Paducah bids fair to have one of the most distinguished physicians in the United States as a visitor at the approaching Southwest Kentucky Medical Society's convention on May 11th and 12th.

This is none other than Dr. John A. Wyath, of New York, at the head of the polyclinic hospital until it burned down recently. He stands almost without a peer among those of his profession, and has half-dressed himself to attend the convention and address Kentucky doctors on current topics appertaining to the profession.

Dr. Wyath is very busy, however, having all the polyclinic work to do at his private infirmary. He states in his letter, however, that he has a two fold reason for wanting to come to Western Kentucky, one being to secure data to be used in a history he is writing of the life of General Forrest, whose memorable raid has hardly been forgotten. It is understood that some of the Confederate veterans here will write urgent letters asking him to make the trip.

Germany to this is the fact that arrangements have about been completed for the convention, and railroads have agreed to offer a rate of one and a half fare for the round trip. The program will be out Tuesday.

A HUNG JURY

Reported in the Reed Murder Case at Wickliffe.

Jury Stands Ten to Two For Acquittal of Defendant.

There is a hung jury in the case against Henry Reed, at Wickliffe, charged with shooting down Sam Woodson, colored, while he was sitting in his door waiting for his dinner to cook. Reed lives near Hannan, and is a son of Iom Reed. The murder occurred several months since, and it is thought that the evidence against the defendant was insufficient. From reports, the jury stands 10 to 2 in favor of acquittal. Detective Wickliffe returned this morning from Wickliffe.

The jury was dismissed, being unable to agree upon a verdict. Two of the jury, it is understood, were in favor of a life sentence.

Up to Expectations.

The musical quiz given at Mr. O. L. Gregory's last night was fully appreciated by the large crowd in attendance, and the program was one of the best ever rendered.

OVER A SPARKLER.

Mrs. Josephine Spaulding Charged With Theft.

OLIVER ALLARD THE ACCUSER.

The Case Was Continued Until Monday—Thought to be Nothing in It.

DIAMOND HAD BEEN PAWED.

The case against Mrs. Josephine Spaulding, charged with being a fugitive from justice, wanted in Illinois on a charge of stealing Oliver Allard's \$250 diamond pin, was called before Judge Sanders this morning and deferred until Monday at the instance of the defendant's attorney, Mal. Moss.

Mrs. Spaulding, Allard's sister-in-law, was arrested yesterday afternoon and kept under guard during the night. She had been keeping house for Allard at his home near Brooklyn until he came to Paducah a few weeks ago.

The facts seem to be that Allard loaned her the pin and endeavored to reclaim it since he has recovered his sanity, but to no purpose. Probably as a ruse for getting it back, more than any other reason, he swore out the warrant against her.

Marshal Collins today found the pin in possession of a certain young man, to whom Mrs. Spaulding had pawned it for \$11. If the pin had not been found, the courts here would have had no jurisdiction in the case, but in pursuance of a judgment of the court of appeals, when property stolen in one state and found in another, either state has jurisdiction. Judge Sanders made this statement when he convened court this morning. Major Josiah Harris has been employed to assist in the prosecution, and the commonwealth interposed no objection to a continuance.

A conspicuous witness in the case was Mrs. Spaulding's aged father, Thomas Taylor, of Brooklyn, who had his left leg cut off in a railroad accident in Arkansas three years ago. He is 74 years of age, and is still hale and hearty.

Mrs. Spaulding, several months ago brought suit for the purpose of breaking his father's will, through which he came into possession of all his property. She claims the will was not genuine, and that her son, Tom Allard, is entitled to his father's interest in the estate.

Mrs. Spaulding is well known in Paducah, and it is not thought there is anything in the case, and that the warrant will be dismissed Monday.

CIRCUIT COURT.

The Criminal Term Ended This Afternoon.

Circuit court adjourned this afternoon, and little was done at today's session.

All the keepers of bawdy houses were fined, and several unimportant motions in civil suits were made. The case against T. P. Carter, for renting a house to improper characters, is on trial this afternoon.

The reports of the sheriff, clerks, etc., were received and filed. The civil term begins Monday.

John and Lizzie Harris, charged with stealing \$800 from Capt. Jack Lawson, pleaded guilty and were given 1 year and 9 months each.

HIS BLIND BROTHER

May Be Left in a Bad Fix John Ladd Fined.

John Ladd, the Livingston Point fisherman, and Charles Ely were fined \$1 and costs for drunkenness in Judge Sanders' court today. Ladd mumbles exultantly every time he comes to Paducah, and this morning he made the plea that his blind brother was at home alone, and with the river falling there was no telling what would become of him. But it wouldn't work, for Judge Sanders was obdurate, and John went to the lockup.
