THE LISTENING POST

● In accordance with the usual custom, there will be no issue of the Daily Leader tomorrow. The next issue will come to you on Friday, November 25. I trust that everybody will have a most enjoyable Thanksgiving.

● Slingshot Charlie Taylor, who is a well known Reelfoot Lake character, and whose feats with a slingshot frequently leave an observer with a slightly dizzy feeling, is going into vaudeville. Whether he will make a success of it or not remains to be seen, but he has a contract, and a manager, and a lot of new clothes and will be appearing on vaudeville stages throughout the country before many days.

● I was told Sunday that Charlie had a contract calling for a salary of two hundred and fifty dollars a week. Of course, this is as not as large as it sounds, for the manager cuts into it for exactly one half. But one hundred and twenty-five smackers is not a small salary—although, if vaudeville fans can appreciate the show that Charlie puts on it will be money well earned. There are many vaudeville acts that do not show as much skill and training as Charlie puts into his act, but, thinking over the matter, I do not know whether vaudeville fans in the cities will be able to realize just how much skill and practice Charlie can show them with his little slingshot. I have seen him do things with that little flipper that I did not believe possible, and even after seeing them done, I could hardly believe it.

● Only a few months ago I saw him hit pennies that were tossed into the air and saw sparks fly as the rocks hit the pennies. Even after seeing this done I hardly believed it. Charlie does it so casually, so easily, so much without effort, that one can hardly believe it. I do not know how the act will go over on a big stage, under lights, but I am hoping that Slingshot really does go over in a big way. He has a lot of fancy clothing that has been donated by various firms, and will present a picturesque appearance on the stage. I did not see the clothing, but from the description, I got the idea that Charlie would present an appearance much on the order of Buffalo Bill, streamlined to present day standards. I really hope that he will go over in a big way, although if he really does leave the Lake region it will be like losing a real landmark. He has been there a long time, and he fits into that territory as a real drawing card.

● A small traffic problem that was mentioned at a recent Chamber of Commerce meeting should

RICE CITY METHODIST

As Pastor of the newly established Station at Rice City, I want to announce that we will have our Sunday School Session at 10:00, Preaching at 11:00, and Evening Services at 7:00, and Prayer meeting Thursday evenings at 7:00.

We want all our services directed toward the Spiritual and Social values of true acceptance of the common-place and practical teachings of Jesus as our Savior and King. We want to understand in a simple way that faith in and acceptance of the Master can and will throw off the shackles of common sins, it will dispel the desire to forget in the coma of drunkenness, will control the morbid desires of the flesh, and will change the value we place on the Holy Day of Our Risen Lord, and produce a useful, practical and satisfying human existence.

We invite all our friends to visit us, and all to join with us who have a desire to see such principles worked out to their own logical conclusion.

Rev. PAUL E. CATES, Pastor.

Roosevelt To Confer With Berlin Envoy

Will Hear Report On Situation In Germany From U. S. Ambassador

Warm Springs, Ga., —President Roosevelt announced today he would confer here Sunday or Monday with Hugh R. Wilson, ambassador to Berlin, who has been called home for consultation on anti-Jewish persecutions in Germany.

Talking with reporters in his cottage on Pine Mountain, the Chief Executive also said he may see Speaker Bankhead of Alabama and Rep. Rayburn of Texas, House Democratic leaders, during his two-week stay here. He emphasized he was here to play and had made no appointments for callers except that for Ambassador Wilson.

His negative replies to a series of questions regarding national and international affairs came as a preface to an unexpected criticism of the state of Georgia, his "other home," for failure to cooperate with the federal government on public works.

He said Georgia was the only state in the union which had done nothing thus far to enable it to borrow from the WPA and other New Deal agencies, and the federal government had become sothearted on two occasions and permitted the state to obtain projects through indirect borrowings.

He added this would never happen again, for he was tired of having one state among 48 refusing to go along. Georgia would not get one cent more for PWA projects, he emphasized.

Church Street Is Being Widened

Workman started this morning widening Church Street, and when this is completed signs will be placed for the guidance of tourists who are seeking Highway 45-south. The sidewalks is being cut to give an extra width of the street by five and a half feet, and this stretch will be graveled for the present. Later it is hoped to have the extra width paved. This work will still leave a sidewalk about six feet wide.

"Artist" Gets 5 Years On Charge Of Changing \$1 Bill To \$5

Paducah, Ky. — An attempt to raise a \$1 bill to \$5 by changing the likeness of George Washington to Abraham Lincoln and converting a \$1 into a \$5, was revealed here today when Estill Howard, 29, Owensboro, was arraigned before Judge Mac Swinford in United States District Court.

Pleading guilty to a charge of altering United States currency, Howard was given a five-year term in Atlanta penitentiary. At present Howard is an inmate of Eddyville Penitentiary, serving a term for storehouse breaking.

Because of the "seriousness of the offense," U. S. District Attorney Eli H. Brown, III, recommended a ten-year sentence for Howard. The court, however, cut the term in half.

A secret service agent of the Louisville Department of Treasury office, explaining the manipulation of the money to Judge Swinford,

Relief Council Plans To Protest Barkley Seating

Frankfort, Ky. —The Kentucky Emergency Relief Council of Saltsville today obtained approval of a charter amendment authorizing it to send a delegation to Washington to protest against the seating of Senator-elect Alben W. Barkley when Congress convenes January 4.

The corporation's amendment also gave authorization for the delegation to "demand that a full and complete Congressional investigation be conducted regarding all phases of the administration of the Works Progress Administration."

The concern was organized as a non-profit corporation in July. R. L. Gardner is president, and John L. Moore, M. H. Moore and Boyd Bailey listed as the incorporators in papers filed with Secretary of State Charles D. Arnett, who approved the charter and amendment.

Fire Spreads Over Clement Farm Mon.

Monday afternoon about four o'clock J. J. Clements started burning dry grass in one of his fields at his home about 3 1/2 miles east of town and the fire gained such a headway that it spread quickly and completely destroyed his stock barn and other out houses.

About one hundred men came to his aid and the raging blaze was stopped just one foot from the property of Oswald Croft which would have caused a great property damage. The blaze was beat back with wet sacks and was finally stopped when two teams of mules were used to plow around the burning fields.

Attorneys Want Embargo Lifted

Washington, —A conference of 200 attorneys and jurists decided today to ask President Roosevelt and Secretary Hull to lift the arms embargo against the Spanish Government, without consulting Congress.

The Lawyers' Committee on American Relations with Spain declared only by prevention of a Franco victory in the Spanish civil war can the United States be assured that Nazi and Fascist infiltration into South America will be stopped.

Meantime seven peace organizations protested the President's mutual defense program for the Western Hemisphere. They are the National Council for Prevention of War, the Women's International League for Peace and Freedom, the Keep America Out of War Committee, World Peace-way's the Fellowship of Reconciliation, the Youth Committee Against War and the Labor Anti-War Council.

described Howard as "a talented artist."

With a pen and India ink, Howard darkened George Washington's hair, gave him Lincoln's whiskers and sideburns and placed around his neck Lincoln's black bow tie.

Big Pensions For Younger Persons Held Unlikely

Washington — When it comes to the question of bigger pensions for younger persons, President Roosevelt and conservatives are likely to speak the same language in the next Congress—at least far enough to say a common "No."

Nevertheless, numerous changes in the present Social Security Act will be presented to the new Congress on behalf of the administration. They will not be broad enough to still the rising clamor for larger pensions, but supporters of the President believe they are much more likely to be enacted than any of the higher powered pension schemes.

Evidence is accumulating, on the other hand, that the California "30-Every-Thursdays" group and the Colorado supporting the pension bill drafted by the General Welfare Federation, it is milder in several respects than the \$200-a-month idea of the Townsendites.

The new thoughts that appear likely to find their way into any administration bill are simply added benefits which might be figured into an ordinary insurance policy.

In the minds of administration thinkers, the workers who pay a tax on their earnings merely are paying premiums on an insurance policy that matures when they are 65. After that date it assures them a specified income for the rest of their life, the size of the income dependent on the amount of the premiums they have paid.

Looking at it from that angle, the next things to be added would be a proposition to take care of those who become permanently and totally disabled and to provide for their widows and orphans if the insured worker dies before reaching 65.

Section Of City Utility Buying Act Held Illegal

Frankfort, Ky. —The Court of Appeals today held unconstitutional that part of an act of the 1936 General Assembly which provided that before any city is authorized to purchase, establish or operate an electric light, heat and power plant the plan must be approved by a majority of the voters of the city.

The decision was in the case of W. B. Booth, against Owensboro. It affirmed the Daviess Circuit Court's ruling.

The case involved issuance of \$1,300,000 bonds by the city to rehabilitate its municipally-owned electric light and power plant and waterworks, the proceeds of the bond issue to be supplemented by a grant of \$1,041,000 from the Federal Government. Issuance of the bonds was held valid by the court.

Strike Ties Up Chicago Stockyards

Chicago, —A strike of C. I. O. unionists halted livestock trading in the huge Chicago Stockyards today.

Some 40,000 head of cattle, sheep and hogs were corralled in pens pending a break in the stalemate. Farmers were advised to curtail fresh shipments until normal operations could be resumed, but neither side made a definite move to arrange a peace party.

C. Of C. Group Urges Merger Of Railroads

Washington — The transportation conference of the United States Chamber of Commerce proposed today that Congress act to make it easy for railroads to consolidate for reasons of economy.

Delegates to the conference — business men representing the railroads, shippers and other forms of transportation — rejected the theory of compulsory consolidation.

The resolution they adopted asked Congress to remove present consolidation requirements for maintenance of balanced rail systems, preservation of all possible competition and similar restrictions.

Look For "Economies"

The important thing for the Interstate Commerce Commission to keep in mind when judging a consolidation proposal, the conference said, was whether it would "result in economies, assure adequate service and preserve reasonable competition."

Thanksgiving Weather Seems Now In Prospect

From indications today, it seems that Thanksgiving may have a touch of real winter. Reports this morning told of heavy snow in St. Louis, and several trains from the North were snow covered.

Union Thanksgiving services will be held in the First Baptist church at seven o'clock tomorrow morning, and practically all lines of business will be closed here all day tomorrow. Many football fans will attend the Mayfield and Paducah game in Mayfield tomorrow afternoon.

John Conner, 91, Dies Here This Morning

This morning at 7:30 o'clock Mr. John C. Conner, 91 years of age, passed away at the home of his sister, Mrs. Cora Swiggart, 110 Central Avenue, after a very short illness. Mr. Conner suffered a stroke of paralysis only Monday.

He was born and reared in Weakley County, a very prominent native of that section and his very historic background includes his serving in the Confederate Army. His wife preceded him in death a great number of years and he has been living in Fulton for the past several years with Mrs. Swiggart who is his half-sister. He was a very staunch member of the Walnut Grove Methodist Church for a great number of years.

Besides Mrs. Swiggart, he leaves one son, George Will Conner of Hot Springs, Arkansas; one daughter, Mrs. Grace Johns, of Knoxville, Tennessee; and a step sister, Mrs. Alice Fry, of Oklahoma City, Oklahoma.

Funeral services will be held tomorrow afternoon at two o'clock at the Walnut Grove church and burial will follow in the Walnut Grove cemetery. Winstead-Jones Funeral Home is in charge.

Baby In Stolen Motor Sleeps Through Crash

Yonkers, N. Y. —A youth stole a car here without realizing that 18-month-old Marguerite Oliver, daughter of the owner, was dozing in a basket in the rear of the vehicle.

In his flight, the thief crashed into a truck, wrecking the car so badly he left it and fled on foot.

When the worried parents arrived at the scene, a policeman led them silently to the smashed car.

"h-h-h," he warned, pointing at the basket.

The baby was still asleep.

Mrs. Cal Hogg of Cairo, Illinois is visiting at the home of her aunt, Mrs. Cora Swiggart, on Central Avenue.

Louisville Debutante Awarded \$1,500,000 Fortune Dad Left

Peoria, Ill. — A slender blonde today convinced Circuit Judge Joseph E. Daily she was Miss Jessie Barker and was awarded a \$1,500,000 fortune.

It was the legal hurdle Miss Barker, 22-year-old Louisville, Ky., debutante, had to pass before she could assume control of the distillery fortune left in trust by her father 21 years ago.

Miss Barker said she was happy after it was all over, but not excited.

"You see," she replied, "I've always known that I would have father's money when I was 22. Besides I have had a monthly allowance, which started at \$500 and now is \$1,500, so I have everything I need."

The girl's father, Jesse Barker, was found dead here October 7,

Rockefeller Net Estate Consists Of \$26,400,000

Late Philanthropist Held But One Share Of Standard Oil Stock

New York, —John D. Rockefeller, Sr., who died in Florida on May 23, 1937, left a net estate of \$26,410,837, consisting principally of securities.

A transfer tax appraisal filed today listed the gross estate at \$26,905,182, of which more than \$17,000,000 was in United States Treasury notes.

Virtually the entire estate was left in trust for a granddaughter, Mrs. Margaret Strong De Cuevas; her two children; and the Rockefeller Institute for Medical Research.

It was estimated that the state would collect \$4,616,467 in taxes.

The only other beneficiary was John D. Rockefeller, Jr., who received personal and household effects valued at \$33,678.

The senior Rockefeller explained in a codicil to his will that he already had made ample provision for his other heirs. In addition, he donated a total of \$530,830,000 during his lifetime to philanthropic agencies throughout the world.

Mrs. De Cuevas, wife of a Spanish marquis, maintains a home at Lakewood, N. J., but the family spends much time abroad.

Real Estate Uniform Tax Rates Urged

Frankfort, Ky. —Classification of property for tax purposes, and uniform tax rates for real estate and personal property were recommended today by the State Revenue Department in its annual report.

The report, covering the fiscal year 1937-38, termed the present tax program "adequate and equitable," and with the exception of classification, declared that "no fundamental changes are at present desirable."

Citing \$2,200,000 drop in general fund tax receipts for 1937-38 as compared to the preceding year and predicting a decline in revenue during the current year, the report emphasized "undesirability of a further tax repeal."

The report blamed the decline in part on repeal of the levy on soft drinks, cosmetics, candies, etc.

"Inactivity" in business and reduction in beer and liquor consumption were other factors in the revenue decrease, the report said.

State tax receipts for 1937-38 totaled approximately \$43,800,000 as compared with \$44,500,000 in 1936-37, the department said.

Mrs. Maggie Irvin who is a patient in the Mayfield Hospital, is reported slightly improved.

The Leader will gladly correct any error in facts which may have gotten into its news stories when attention is called to them.

An Unfortunate Protest

The protest of seven peace organizations against President Roosevelt's proposal of a military and naval establishment to defend the Western Hemisphere and of a multilateral Monroe Doctrine under which the nations of the two Americas could unite for common defense is strikingly similar to recent German propaganda. Not that there is any connection between the peace societies, all of which are highly patriotic, and the Hitler Reich, but their arguments are the same. They are the same because no other arguments can be raised against the efforts for American solidarity.

The peace societies declare that the huge defense program is aimed at a "Martial invasion." The Government-controlled press in Germany has made virtually the same statement. "Camouflage of imperialism behind hysterical cries of 'threats to democracy and common defense' may fool the people of the United States, but they will not fool Latin Americans," says the protest, and that has been the tenor of German broadcasts to Latin America for weeks. "History has proved," assert the pacifists, "that bombing planes cannot stop economic or cultural penetration," and the sentence might have been taken from a diatribe from the pen of Dr. Goebbels. They go on to say that "our supposed partners have not been consulted" and that the President's moves threaten the good relations between the two Americas.

The arguments are weak. Rearmament has been forced on us by an arming world. Latin-America

offers a rich opportunity for exploitation by land-hungry nations. American imperialism is a thing of the past and is resurrected as a bugbear to frighten the nations to the South and revive their suspicions of the United States. There has been wide consultation over the question of common defense and it will be the principal topic of discussion at the Pan-American Conference at Lima, Peru, next month.

But the peace societies would scuttle the Monroe Doctrine. They would sabotage the efforts for inter-American co-operation. By raising the bogey of imperialism they may frighten Latin-American countries, unfamiliar with the true facts, and thus perform a distinct service to Nazi Germany, which would arouse the old antagonisms between the two continents to further its own ends.

The protest, which will have no weight in this country, is nevertheless unfortunate.—Courier-Journal.

be carried out if at all possible. Reference is made to a better system of marking Highway 45 south through Martin. In past years I have seen many strangers come up Main Street and have had many stop and ask directions as to how to get to Martin or Jackson. They had made the turn across the railroad at Church Street and then failed to see any markers and turned up Main, thinking that the way out of town. Of course, there are markers at the end of Lake Street, but these are confusing and some strangers would ever solve the problem, and in fact would refuse to believe that the markers were right. Naturally, such traffic should cross the railroad and go on out that way, but on account of that street being narrow and congested the highway department has refused to put markers there. A plan is now being worked out by which the street will be widened by almost six feet, and efforts then will be made to have the highway department put the markers on that

Envoy To U. S. Called Home By Germany

Berlin. —Hans Dieckhoff, German Ambassador to the United States, has been summoned home for a report to Foreign Minister Joachim von Ribbentrop, the official German news agency said today.

The announcement said, "The Ambassador will inform the Foreign Minister in detail concerning the queer attitude toward events in Germany of a domestic nature which is apparent from declarations by President Roosevelt and other authoritative personalities in the United States of America."

In a press conference Tuesday

Roosevelt said public opinion in the United States had been profoundly shocked by news from Germany of anti-Jewish violence.

Pastor Defies Federal Law

Gadsden, Ala. — An Alabama pastor who asserted "it is none of Congress' business how much it pays its pastor," recommended today churches disobey a Federal statute requiring information on membership and finances.

A resolution submitted by Dr. L. E. Barton, Jasper, Ala., was adopted by the Alabama Baptist State convention during final session of its 117th annual meeting.

In his resolution Dr. Barton said: "The law is one that we should

disobey and defy because it invades the sphere of conscience and violates the first amendment of the Federal Constitution."

"It is meddling of Government in the affairs of religion," he added.

The Jasper minister said the Government's request, in the form of a letter to pastors and church clerks, sought statistics on congregations, pastors' salaries, commissions and other information.

FDR Names Fiscal Board

Washington. —President Roosevelt appointed today a temporary advisory board of four to canvass and report periodically on fiscal and monetary problems in their re-

Turkey Tasters Get Jump On Thanksgiving Feasting

Washington. —A quartet of professional tasters, armed with a dull appetite and sharp cutlery, attacked today what has grown to be an annual task—the Government turkey.

The stuffing's different, but the whole business is getting to be old stuff to them. However, it's all in the job and part of a program to bring better birds to the American holiday table.

Imagine getting tired of turkey! The experts of the festive fowl sit around a table at the Agriculture Department to light into the bird. It is their business to determine by taste the success of the Government's experiments with model turkeys.

Two women tasters and two men tasters usually compose the board. They have to start from scratch unaided by salt and pepper.

The big dish of today is the streamlined turkey of 1938—the produce of government experimentation at Beltsville, Md. Distinguished from the old-type turked, it has:

1. Shorter legs.
2. A broader back.
3. A plumper body.

The streamlined turkey is a big jump from the bird that adorned the groaning board spread by our grandmothers.

"That old-time bird," explained Robert R. Slocum, marketing specialist, "weighed from 24 to 26 pounds. The streamliner will weigh from 12 to 15 pounds."

Why? The answer is several-fold. Apartment houses have smaller kitchens than the houses of our elders, and smaller kitchens have smaller ovens and the makers of cooking dishes are going in for smaller utensils.

But the Nation isn't losing its appetite. It puts away about 17,500,000 turkeys a year. That's eating!

What will the turkey tasters have for their own Thanksgiving dinner?

Three of them will have turkey. One doesn't care for it particularly.

lution to national production and income.

Those named were Secretary of Treasury Morgenthau; Chairman Marriner S. Eccles of the Federal Reserve Board; Director Daniel W. Bell of the Budget, and Frederic A. Delano, head of the National Resources Committee.

The President, announcing at his press conference formation of the board, said the group would study a broad range of fiscal and monetary problems with respect to sound and orderly recovery and conditions essential to flattening out the economic peaks and valleys.

He described it as just another step in tying in many Government agencies to tackle one big problem instead of studies of component parts of that problem by separate agencies.

France To Place Foreign Crooks In Special Camps

Paris. —The newspaper Le Matin said today the French Government had decided to establish concentration camps for undesirable foreigners convicted of crime in France.

"This Government anticipates the establishment of special centers where there will be grouped all individuals who must be put under permanent surveillance in the interests of order and public

security," the newspaper said.

In addition, Le Matin said all foreigners who have been convicted of three crimes within ten years would be sent to French Guiana, the penal colony which includes the dread "Devil's Island." The measures to be taken, it was added, concerned only those foreigners who have violated French laws either by entering the country illegally or by committing crimes after they have arrived.

CROFT-REED

CEREMONY YESTERDAY

A more complete account of the Croft-Reed wedding follows: "Mr. and Mrs. H. F. Croft, of

near Water Valley, east of Fulton announce the marriage of their daughter, Helen Hunt, to Seldon J. Reed, of McCamey Texas, formerly of Fulton.

The ceremony was read at the home of the bride's parents yesterday morning at 10 o'clock, the Rev. M. S. McCaslin, pastor of the Water Valley Methodist Church, reading the single ring ceremony in the presence of the immediate families and a few friends.

The bride was attractively gowned in teal blue, with which she wore black accessories. Her flowers were Tullipman roses.

For the past two years Mrs. Reed has been employed in the office of the Merit Clothing Company of Mayfield.

The groom holds a position with the Shell Pipe Line Company. He is the son of Mr. and Mrs. Sam Reed, east of Fulton.

After December 1 Mr. and Mrs. Reed will be at home in McCamey, Texas.

BAUCOM-DOLAN

WEDDING HERE

Kenton—Of interest to their wide circle of friends was the wedding of Miss Ruth Marie Dolan to Boyd Baucum which took place Sunday in Fulton.

The quiet ceremony was witnessed by only Miss Helen Baucum, sister of the groom.

Mrs. Baucum is the daughter of Mr. and Mrs. Turner Dolan of near Kenton, Tennessee, and Mr. Baucum is the son of Mr. and Mrs. A. A. Baucum of Macedonia community.

Why Make a Sunset of the Sunrise?

For some people the day is over just as soon as it begins—a tiresome twin of an empty yesterday.

There are others who meet the challenge of each new day with the hearty confidence of our pioneer forefathers, who believed—and proved—that success was never final and failure never fatal. Despite yesterday's success—or failure—they greet every new dawn as a dare. They have seen people in America rewarded more generously with comforts and conveniences than the peoples of other lands. They know that each sunrise in America ushers in new opportunities... to those who keep their chins up... who never lose that lusty courage and willingness that made ours the most envied nation on Earth.
