DOROTHY’S TALKED ABOUT

A 5½'s What She Said:

While strolling down the street one day,
I passed a group that seemed quite gay.
Of fancy, laughing girls
And you said: "Come here, pick one!
A pair of elegant ladies-
Let’s all go down to Rock’s!"

"I want my feet to be admired,
I want them seen to be loved.
And these fit me, girls.
It’s DOROTHY’s they will be known.
And that is why they please me—
Let’s all go down to ROCK’S!"

Charter Changes

Suggested at Meeting City Legislators Last Night

Several Amendments Are Needed Greatly.

One Paved Walk Will Enter Some Limits to Ragar Prop. Present Indebtedness Sought.

Committee Named to Advise Suggestions.

Last evening in the city hall, at a meeting of the city legislators, there was held a meeting to consider what changes should be made in the city charter. The meeting was called to order by Mayor Vetoer, who stated that three copies had been sent to the state officers for the purpose of deciding what changes should be made. The meeting was then adjourned.

An interesting feature of the meeting was the fact that the city legislators were considering what changes should be made in the city charter. The meeting was well attended and a number of good suggestions were made. The meeting was adjourned until the next Monday.

Additional Changes Needed.

Another change wanted is a provision that the city shall be able to pay on the ten-year plan for the public improvements made in front of their property. As the ten-year provision now stands on the charter book it cannot be taken advantage of.

Another change sought is that the city shall be able to pay on the ten-year plan for the public improvements made in front of their property. As the ten-year provision now stands on the charter book it cannot be taken advantage of.

In its present form the city charter does not provide for this, but it is desired that it be changed so that the city shall be able to pay on the ten-year plan for the public improvements made in front of their property.

The city charter now says that the city shall be able to pay on the ten-year plan for the public improvements made in front of their property. As the ten-year provision now stands on the charter book it cannot be taken advantage of.
