Adolf Hitler Talks With His War Lords

Nazi Chief in Conference With Army Leaders

Adolf Hitler, Germany's Fuehrer, in conference with his army leaders. Hitler is at the table on the left in gray suit. Front row, from left to right, are: Field Marshal Erich von Manstein, Chancellor of Germany; General Erich von Brauchitsch, Chief of the General Staff; General Walther von Brauchitsch, Chief of the General Staff. Behind them are Carl von Ossietzky, chief aide of the Fuehrer; and Field Marshal Erwin von Blomberg, Reichsstatthalter of Prussia.

Griffith Takes a Young Bride

Brewster A. Griffith, 32-year-old newspaper publisher, with his new bride, the former Miss Dorothy Marcus. Griffith is publisher of the New York News, which has the largest Sunday circulation of any newspaper in the United States. The wedding ceremony took place at the Hotel Astor in New York City.

Yale Scientists Weigh Atom Nucleus

Dr. Robert A. Millikan, director of the California Institute of Technology, has just completed a series of experiments which marked the discovery of the nucleus of an atom. The nucleus is the central core of an atom, and contains the positive charge of the atom.

Senate Lobbying Investigators in Session

Efforts of Lobbyists Are Probed

Here are the men who are conducting the Senate investigation of lobbying in the Washington office of the National Labor Union. Left to right, are: Senator Harry P. Farnsworth, Ohio; Senator Robert A. Taft, Ohio; Senator James A. McMillan, Kentucky; Senator John J. Rankin, Mississippi; and Senator John H. Tolan, Kansas.

Miners of Mexico March on the Capital

In a long period of study, the design of the 200-inch telescope and tube of the California Institute of Technology's Palomar Observatory has been completed. The tube of the new instrument is 200 inches long and has a weight of 10 tons. The total cost of the instrument is $1,000,000, and it is expected that the telescope will be completed in the next year or two.

An Investment In Happiness
Own Your Own Home
Face The Future With Confidence

Home building is starting on the biggest boom in the history of our country. Building materials and labor costs are due to rise steadily. It's the wise investor who reads the signs of the times and plans now to build while costs are reasonable. Never before has there been such an opportunity to build a home of such value for your money. And never before has the homebuilder been so sure of a steady increase in the value of his investment.

When the Thermometer Hits the High Spots

You'll be glad you have an Electric Refrigerator

- For no matter how hot the weather, you can rely on your electric refrigerator to keep food and beverages at sirial temperatures. Your milk will stay cool and fresh. You can rely on it for the quality of the food and beverages served to guest.
- More convenient, more convenient, colder than ever to keep clean. The new 250 cubic foot refrigerator offers better service for less money - year after year - than any other type of commercially refrigeration. Ask them at our showroom and at local dealers today.

The Human Touch
The CORNERSTONE IS the foundation of the Home, the building, that the home owner has to select and bring to life. And around the home the family grows, and the comfort of the home increases. The corner stone is the foundation that the family grows in. Then he finds that the family that he was only in the way.
Russia and Poland's Diplomatic Departures

The Keene, especialmente upon the relation of the negotiations among the Western Powers, especially the Soviet, which have been in progress for some time, has been the subject of much discussion in the press and on the radio. The Polish government has been particularly active in these negotiations, and has made several proposals for the settlement of the European situation. The Polish government has been particularly active in these negotiations, and has made several proposals for the settlement of the European situation.
