VOLUME 1.

The earthquake of Tuesday night which shook up so many cities and created such a panic was no great shake in Hopkinsville. It was hardly a faint intermittent chill.

The wicked newspaper men in Cincinnati fed panic-stricken into the streets Tuesday night, during the earthquake. The upright editors of the New Era didn't rattle a feather.

Southern Trade.

The following quotation from the Nashville American of Sept. 1st, is a fair sketch of the general state of Southern trade: "With the near approach to active demand for goods by customers, it is anticipated that September will be an unprecedented month in sales. Good crops, a feeling of confidence, and a general-weeding out of the unreliable and unsafe trade, nothing but brisk, healthy and satisfactory business is expected, and if all other departments of trade should keep pace with dry goods, the present season will prove to be the most favorable that Nashville has enjoyed for many years. It can be safely anticipated that some of the goods will be marked up in a few days, as some leading manufacturers have sold ahead of production and are withdrawing their men from the road." Hopkinsville dealers anticipate a good trade and are making preparations accordingly. Country customers will be offered unrivalled bargains.

Fees and Wages.

The New York News makes a statement concerning the earnings of professional men which is worth the attention of all workmen who earn \$1.50 and \$2.00 per day. The News says that a physician of that city, where professional fees are supposed to be larger than in most other American cities says careful estimate of the combined income of all the physicians in the city gives an average of only \$600. He says that there is a large number who have been compelled to seek other employment to make a living. This I know to be true, as I have met a number in the newspaper office. There are comparatively few who make large incomes, and a good many who make moderate livings. The News says that the same remark is applicable to lawyers, as well as to teachers and clergymen. Yet one never hears of an organized strike for higher wages on the part of these \$500 or \$600 professional men, many of whom are of fine natural ability and good education and training. Here is food for thought for smiths, carpenters, masons and other mechanics, who are often instigated to strike, by designing self-seeking intrigues in trade-unions, and interrupt an entire country. It is right that all persons should receive as much for good work as the condition or business around them will justify. But "strikes" and "boycotts" are essentially wicked and unjust and promote all kinds of disorder, knavery and anarchy. And anarchy means general ruin.

PON, Ky., Aug. 29th, 1886.  
The Lord "in His infinite wisdom and goodness" has sent us rain in due season to make bread for the eater, and seed for the sower. The tobacco is spreading on the hill as fast as the smile on the farmer's face.

Mr. Edgar Robinson, of Wildcat Hollow, was in our town last week looking for a situation for a peanut stand.

Mr. A. J. King says he is under obligations to Elbert Barnes for bringing his little son, Charley, back from Pleasant Hill last Sunday.

We are glad to hear that Mr. Loft-house is going to locate in our town. Success to you "Jack." The farm he has bought is known as the Tillman Russell place. As to its adaptability to small fruits we are not prepared to say, but we do know that the farm has good soil, a fine stream, four moonlight picnics, and as many slight-of-hand shows in one season.

Married: In Clarksville, Tenn., 24th inst. Mr. Joe. Cast to Miss. Hettie Deason. They eloped the 23rd and went by land at night. They were accompanied by J. J. Allen Esq.

Mr. J. G. Hord and family, Miss. Alice Hord and Charley Oliver are in town to-day.

Mrs. S. H. Myers was taken very ill yesterday, supposed to have had a convulsive chill.

Miss. Willie Feland went to Hopkinsville Saturday to make preparations to teach in the graded school. She is an accomplished young lady, and will no doubt give general satisfaction.

Joe. Carter and some others arrested a negro man near here to-day supposed to have been the murderer of a woman and child, the particulars of which we do not learn.

D. L. Barnes says that G. W. Davis had better work his tobacco.

Crofton Items.

CROFTON, Ky., Aug. 31, 1886.  
Editor New Era:  
James Lanier killed a half grown wild cat down on McFarland last Monday.

Constable Tom Allen, yesterday arrested a colored man for the detention of a murderer and rapist for whom a reward is offered in Illinois. He left here yesterday with the prisoner and as soon as a regulation can be obtained will take him to Illinois for identification.

Young men who frequently get the little ought not to get discouraged, as being lads often get on the principle of "small shakes before taking."

George Barnett is happy. The weight he gained is not known to the under-stand.

It is strange with what remarkable instinct that a pig can find a hole leading to the field, but it does not matter

Tell Your Wife.

Washington Post.  
Would Gray be now a corpse, or Eno a fugitive, or Ward a convict, if they had confided in their wives? We believe not. Had Gray gone to his wife and said: "I have taken money from my corporation to speculate with, but I will repay it when the market turns," we think his wife would have said: "Put it back; make restitutions; tell the Directors, and we will be just as happy without our carriage or our summer cottage." A woman instinctively shrinks from the thought of wrongdoing. The man, a self-deluded fool, easily persuades himself that the money is only loan; he has a sure thing and no harm can be done by the "borrowing" what he needs. No such Jesuitical sophistry beguiles his wife. She knows it is a theft, and cannot be made to see its balance in any other light. Woman is society's balance wheel, and the man who does not confide in his wife, who has a life which cannot admit of the light of day being turned on it.

Very Old Inhabitants dying.  
Pall Mall Gazette.  
There is a terrible mortality just now among probably the oldest inhabitants of Europe. The crop of Fontainebleau are dying by dozens. Many of them are certainly 100 years old; some of them have been 120. A Frenchman even Thackeray conjectured that those he saw at Sans Souci were the identical faces that Frederick the Great used to grow more of bread to and watch fighting for them. They had great humps of blue mold on their old backs and were mostly monstrously ugly and unwholesome-looking. The authenticity of the Fontainebleau crop is, however, beyond conjecture, as the keepers of the palace have means of knowing the dates by marks on the nose and mouth of each fish. But even in the case of the veterans the deaths are not attributable to simple old age. It seems there is an epidemic in the fish ponds of Fontainebleau. Young and old are falling victims to it, and it is a problem how to arrest the course of it. The epidemic is now known to be a case of typhoid fever, from which—at all events in popular belief—all the lower creatures were considered to have immunity. It took gallons of medicine from the best physicians in Cuthbert, Ga., where I then resided.

ATLANTA, Ga., June 5, 1886.  
In 1878 there came on my hand what was thought to be a cancer, which ran its course several months, broke and finally healed. The next spring knots, or knuckles, came on my arms, which were thought to be rheumatic, and I took gallons of medicine from the best physicians in Cuthbert, Ga., where I then resided.

About this time the left limb below the knee commenced swelling at a fearful rate, and finally came to a head and broke. Both arms were sore, and I could hardly get my weight standing, and hardly could I manage to live through it all. About this time we moved from Cuthbert to Atlanta. I began to despair of ever getting well; the sore on my limb was a regular eating ulcer, now about three inches in length, two inches in width, seeming to be down to the bone, and discharging about a cupful of pus (matter) per day, my arms still running, my sleep disturbed, and I sometimes thought I would lose my reason.

A friend recommended B. B. B. I commenced its use, and I saw an improvement from the very first. I have now taken 5 or 6 bottles, and my arms are entirely well, and the large ulcer on my limb has healed. I now feel like a new person, thanks to such a noble remedy, B. B. B.

"CHUMPS"

Who Gather in the Ducats at the Expense of Suffering Humanity.

The Glaring Gull Exhibited by Non-Professional Fraud.

The country is flooded with bogus medicine men, and in a few cases a heavy capital is all they have to sustain pretensions. Numerous cleverly concocted medicines are forced upon the unsuspecting, purporting to have "snatched from the grave" some poor victim of blood poison or other disease, when to our knowledge the identical person lay groaning in agony while the public were reading of their remarkable recovery.

Another serious offense is the publication of erroneous statements concerning various drugs, such as are daily prescribed by the best physicians, declaring them to be deadly iodine of potash, which seems to receive their greatest condemnation, when prescribed by the physicians and in the proper combination with certain compounds, is not only harmless, but forms one of the most powerful antagonists to blood poison known to the medical world. B. B. B. (Bottled Blood Balm) contains iodine of potash. This company hold hundreds of genuine certificates from persons who have been cured of various diseases arising from an impure state of the blood by the use of B. B. B. The question now is, if iodine of potash is such a deadly poison, why is it that the Blood Balm Co. have made within the three years the most gigantic sales and cures ever before made on American soil.

A Generous Proposition.

We are credibly informed that the Blood Balm Co., Atlanta, Ga., proposes to cure all the following complaints for one third the money and in one-half the time required by any known remedy on earth. The diseases embrace all of Scrofula and Scrofulous Ulcers and Tumors, all stages of Blood Poisons, Rheumatism, Catarrh, Skin Diseases and Humors, Kidney Affections, Chronic Gonorrhea, Eczema, etc. Send to them for a book filled with the most wonderful cases on record, mailed free to any address.

**Personal.**  
Joe Frankel has returned from Louisville.  
Lee Mason returned from Australia Tuesday.  
Mr. Chiles Barker was in the city Wednesday.  
Mrs. Sarah Haynes is visiting Mrs. J. W. West.  
Miss Lee Fields is visiting Mrs. Rebecca Latham.  
T. P. Kink is returned to Fort Worth, Texas.  
Miss Rybicki has returned from Kar-  
linsburg.  
H. Richardson and family are visiting in Bowling Green.  
Max Mendel left for the east Wednesday to lay a stock of goods.  
Mrs. J. W. McQuibben, of Newstead, was in the city Wednesday.  
Smith Grable, of Paris, Tenn., is visiting Christopher Biggerstaff.  
Miss Connie White, of Hammond, Miss., is visiting Mrs. C. M. Latham.  
Miss Wannie Stanton, of Natchez, Miss., is visiting Mrs. T. B. Blakemore.  
John L. Wynn and his son, Jerry, of Brownsville, Tenn., were in the city Tuesday.  
Mrs. S. M. Brown and Miss Lizzie Brown, of Fairview, were in the city Wednesday.  
J. D. Russell left Wednesday for New York to purchase a fall and winter stock of goods.  
Miss Ida Mallory, of North Carolina, who has been visiting Miss Clayton Dagg, has returned home.  
Miss Genevieve Anderson, who has been visiting Miss Buchanan Wall for several weeks of Wallonia, has returned home.  
Charles Lacey, of Fritchett & Lacey, has returned from a protracted mission among the hills and forests of Pond River, much improved in health.  
Prof. A. F. Williams and family have moved to Russellville. Prof. Williams will teach in Bethel College. We are sorry to lose such excellent people.  
Miss Annie Clark, of Lexington, Miss. Jennie Wright, of Murfreesboro, Tenn., and Miss Manning Harney, of Allegany, Pa. have returned to school at K. C. College.

**A Luxury and Necessity.**  
For rich and poor who wish to enjoy good health, and who do not wish to resort to bitter nauseous, liver medicines and cathartics, is the concentrated California liquid fruit remedy, Syrup of Figs. Sample bottle free, 50c, and \$1 bottles for sale by H. B. Garner.

**Joe's Darts.**  
The lightning last Saturday was unusually active. Mr. Gum Adams had two cows struck and killed by a thunderbolt in his pasture. Mr. Ed. Coombs, near Locust Grove, lost one horse and a hog, net two horses as published Tuesday. The horse was in a barn and had his head out of the window looking at the storm. The lightning took fair aim and made a center shot. The barn was full of hay and contained 5,000 bushels of wheat, but luckily was not set on fire.

**School Books.**  
Mr. G. E. Galtner has this season added a full line of stationery and school supplies to his large stock of drugs and druggist's sundries. He has ordered an unlimited supply of school text books with special reference to the courses of study laid down in the different schools and colleges in the city. He can furnish any and all kinds of school books on demand at the lowest possible prices. He wishes to call attention to his school supplies. The finest stationery, writing paper, blank books and copying pads ever brought to the city. These goods will be sold at remarkably cheap prices, as he is going to make a special drive in this line this season. In purchasing a school outfit for your children you should not fail to call at the Prescription Drug Store.

**G. E. GALTNER.**

**A Parson in Trouble.**  
Constable Thos. Allen, of the Fruit Hill precinct, and K. D. Rogers, of Madisonville, arrived in the city Tuesday afternoon with one Sumner Love, colored, whom they had arrested in answer to a description from a detective's agency. Rogers has been hunting for Jesse Cooley, the name used in the detective's circular, for over a year. Allen was taken into the scheme and Monday he arrested Love, alias Cooley, near his home and carried him to Rogers at Madisonville. Tuesday they brought him to this city where the telegraphic facilities were better.  
Cooley is charged with killing his wife and child at Bumpall, Ill., last June a year ago, and \$1,000 reward is offered for his arrest and deliverance at Falmouth, Ky. Allen says that Love answers accurately the description in the detective's circular and he feels confident that he has the right man. Our reporter had a conversation with Love. He claims to be a Methodist preacher and promptly produced his license to spread the Gospel. He says he came to this county last November and has been evangelizing here every since. On one occasion he preached in the Methodist church in this city. He denied any knowledge of the crime charged against him and appeared downcast that he should be mortified by an unnecessary arrest.  
A clever effort was made by the officers to extort a confession from Love while at Madisonville. They told him that if a man should eat beef tongue he would tell the truth, whether he be innocent or guilty. They then proposed to prepare a plate of tongue and take a bite about with him, they would answer all questions he should ask and vice versa, and that if he maintained his innocence they would release him, otherwise they would hold him. Love positively refused to subject himself to the beef tongue investigation. The gentlemen had Love under guard at the Lewis House yesterday. About noon some of his colored brethren procured an attorney and proceeded to secure the release of Love on the grounds of a false arrest. The officers failing to hear from the detectives and not wishing to be further troubled with the matter released Love, who is now a free man, fully exonerated from the charge and suspicion cast upon him.

**Syrup of Figs.**  
Manufactured only by the California Fig Syrup Co., San Francisco, Cal., is "Figs' Own True Laxative." This pleasant California liquid fruit remedy may be had of Mr. H. B. Garner. Sample bottles free and large bottles at fifty cents and one dollar. It is the most pleasant, prompt, and effective remedy known to cleanse the system; to act on the Liver, Kidney and Bowels gently, yet thoroughly; to dispel Headaches, Colic, and Fevers; to cure Constipation, Indigestion and kindred ills.

**Around Town.**  
Circuit Court convenes next Monday. Buy your school books of Hopper & Son.  
Cottage for rent. Apply at the County Clerk's office.  
Three tuition certificates of the Evansville Commercial College, for sale at this office.  
There have been but few peaches on this market this season. The crop was a total failure.  
Heavy dews and a temperature of 84 degrees are making glorious nights for sound sleep and rich tobacco.  
The young men of Hopkinsville—or "Hop-towns"—will give some delightful hops during the Fall. For particulars ask Bryan Hopper.  
The attorneys who are taking depositions in the Winfree-Anderson contested election case went to Fuller's Store yesterday to take evidence.  
The weather and soil are in perfect condition for the farmers' ploughing and seeding. The farm work is booming, and the crops give fine promise of heavy yield.  
Miss Alice Hayes' patrons will be glad to learn that she will again open her dress-making establishment in connection with millinery on the 1st of next month.  
A stable on the Mason farm near Locust Grove, now occupied by Ed. Coombs, was struck by lightning Saturday. Two horses that were in the stable were killed outright but no other damage of consequence was done.  
The Clarksville Tobacco Leaf factually abbreviates Hopkinsville to Hop-town, which is a suggestion of dancing, frolics and good fun. We thank the Tobacco Leaf for teaching us a word so redolent of mirth and good living.  
The finest lot of stylish Fall and Winter goods, which I am selling lower than any other house in the city. Call in before buying elsewhere.  
**M. LIPSTEIN.**  
We are pleased to learn that Prof. E. J. Wright, formerly Principal of the Evansville Commercial College is connected with the well known Bryant & Stratton Business College, of Louisville, Ky. Our young men will do well to correspond with this College.  
Squire George N. Johnson, of Haley's Mill, took us to task yesterday for publishing that he was elected Magistrate as a Republican. We apologize most humbly for the mistake, but anyone who knows the accomplished "Squire" would never accuse him of being a Republican.  
The Hopkinsville mills are grinding from 500 to 600 barrels of choice family flour daily through their hoppers, on steel rollers, and shipping it through the South. Their product is equal to that of the best mills on the continent. Hopkinsville is a very good hopper-town, if the Tobacco Leaf insists on so calling it.  
Mr. Aquila, B. Long, who for two terms has been our Jailer, moved his family to Crofton yesterday. Mr. Long has been a most valuable citizen of Hopkinsville and a host of friends here will miss his kindly face around the Court-house. His successor, Mr. Geo. Long, moved into the residence at the jail yesterday.  
The Clarksville Tobacco Leaf proudly informs us that the "I. A. & T." infant which "died" a-borning, recently, owing to the clumsiness of the cooperator, Dr. Gordon, has been born again, and that "Ellen N." is its mother. This regeneration of the wicked little cuss of St. Bethlehem will deeply gladden the souls of sundry pious people.  
Never before has Hopkinsville's City of the Dead looked so clean, well ordered and well arranged, in all its lots, walks and drives, from Northern entrance to Southern gate, as it does at present, under the management of the committee on improvements. It appeals to the eye and the heart with a beauty and eloquence which partake not of the ardor and unrest of this world. The suggestions which they present belong to a better life and higher existence.  
I have the largest and best selected stock of men's, boys' and youths' clothing, latest style, cheaper than any other house in this city. Call on  
**M. LIPSTEIN.**  
The Tobacco Leaf's Mr. Wegg rotates metrically, as follows, on the I. A. & T's funeral ticket.  
Perhaps you've heard of one Rumfeldt, neither Dutch nor French nor Celt—A witty Stewart county "wagger."  
(Always very quick on trigger, When a buzzard tried to swallow When he found him in a yellow? Rumfeldt's words are "wagger."  
"You're a little too darn pert," you know The I. A. & T. is not dead yet! So pray don't let your giant feet, She's born again; poor sister brother, And Ellen N. R. B. her mother, Clarksville never makes a top, But she's sure to out-top you.  
The Telephone sums up the crop situation in Trigg county as follows: There has been over an average wheat and oat crop harvested, and an average hay crop. In portions of the county there will be a large yield of corn and an average of tobacco, while in other parts of the county there have been indifferent seasons, and the corn crop will be light. The drought has afflicted the tobacco crop some; yet if it is seasonable from this time on, there will be an average crop made. The pastures have also suffered from the drought, but stock looks well throughout the county.  
The Nashville American's Clarksville dispatch of Aug. 20th says: "Several surveys for the change of routes of the Indiana, Alabama & Texas Road will be submitted to President M. H. Smith, of the Louisville & Nashville Thursday, for a decision on routes. The object seems to be to avoid building a bridge over the Red River, and grave apprehensions are felt that the road will come in by St. Bethlehem. If it does, some one will be likely to hear again from 'that howling mob.' Our citizens are considerably exercised over the situation, and injunctions may be expected if needed." St. Bethlehem is a point five miles out from Clarksville, and the abandonment of the latter place for St. Bethlehem by the new owners of the I. A. & T. Railroad, would naturally excite deep indignation in Clarksville, while it would add to her determination to have another railroad outlet, either by the aid of the Huntington system or the Ohio Valley Railroad. The complication grows highly interesting.

**Coal dropped to six cents yesterday.**  
South Kentucky College opened yesterday.  
James Lanier killed a full grown wild cat at Plank Hill, near Crofton.  
Mrs. Griffith's residence was again entered by sneak thieves Tuesday afternoon and five dollars in cash was stolen.  
A negro brass band is being organized in this city. All we now need is a street car and the electric light and we will be a metropolitan center.  
Mr. N. B. Shyer has purchased of Mr. E. E. Knight a one-third interest in the block of buildings corner of Main and Ninth streets. Price paid, \$3,100 in cash.  
Johnny, the nine year old son of Esquire I. F. Rogers, died Monday night. He was buried Tuesday. The New Era extends the hand of condolence to the bereaved parents.  
Mr. Merritt Cox has moved into the residence lately occupied by Prof. A. F. Williams on Clay street, and Mr. Livy Buckner has rented the house formerly occupied by Mr. Cox on 16th street.  
During the month of August the Sunday night services at the Methodist church were discontinued, and we have been requested by the pastor to announce that the services will be resumed next Sunday night.  
Mrs. Wash Duguid, the youngest daughter of County Superintendent F. H. Renshaw, of the Sinking Rock neighborhood, died Tuesday night of diphtheria. We understand that a malignant type of this disease is prevailing in some portions of the county.  
In another column will be seen a call upon the ministers of the city and vicinity to meet in the Y. M. C. A. rooms next Monday afternoon on "important business." This important business is to organize the prohibition campaign. The question is to be voted on in November.  
Assistant Secretary of State McCarty has informed our County Clerk that the election certificates have never been received by him. Maj. Breathitt has the Express Company's receipt for the same, however. Squire Anderson's commission as County Judge has in consequence not been received and the Court-house is considerably stirred up over the matter.  
The certificates have been forwarded some time since.  
A number of influential gentlemen are soliciting a guarantee for the purpose of holding a meeting at the fair grounds late in October. Citizens who subscribe to this fund we understand that the money will not be used unless the proceeds of the meeting fail to pay the expenses, and then only so much of it as is necessary to liquidate the deficit, the balance to be prorated back to the donors. In case the proceeds pay the expenses, the money will be refunded in full to the donors. We understand that our citizens are giving liberally and it is quite certain we will enjoy a season of good racing in October.  
In the chancery division of the high court of Justice, London, Vice-Chancellor Bacon has given his decision in the case of the Charles A. Vogeler Company, of Baltimore, Maryland, in the action brought by that house against H. Churchill & Co., of Brisbane, Queensland. The case which has been in progress here since September, 1884, grew out of an attempt of Churchill & Co. to register a trade-mark containing the words St. Patrick's Oil in connection with a medicinal preparation. This was promptly opposed by the Vogeler Company, who, while admitting that the term and device which were sought to be registered by the Australian firm were in no respect identical to the well-known St. Jacobs Oil trade-marks, contended however, that sufficient similarity existed between the term St. Patrick's applied by Churchill & Co. and St. Jacobs as used by the Vogeler Co. to cause confusion in the minds of the public and lead to purchasers being deceived. In support of this position they submitted an overwhelming amount of evidence from English, American and Australian sources with the result stated. Under the decision of the Court, Churchill & Co. cannot register their mark and must pay costs of the case. This is the second trade-mark suit won by the Vogeler Co. in England within three years.  
These extraordinary efforts to impose upon the reputation of the Vogeler Co., but substantiate the high character of the firm, and so distinguished an effort to infringe upon the merits of St. Jacobs Oil but proves the efficiency of that medicine. The Vogeler Company claims only what is just for St. Jacobs Oil. It is a most popular medicine, and without it the people would be relieved of one of their household gods.  
**Kidnaping.**  
Several leading newspapers term the recent abduction of Prince Alexander, of Bulgaria, "kidnaping," which word they spell "kidnaping." The correct spelling, according to analogy and the best authority, is "kidnaping." Webster's dictionary gives only one p in the compound word, but in the original word "knab" or "nab," to seize, spells the present participle with two p's. As long as prices are the subjects of kidnaping it is best not to out short the supply of p's from the abducted royal kids.  
**Notice to Old Soldiers.**  
The preliminary meeting held at the office of C. F. Jarrett, in Hopkinsville, Ky., for the purpose of erecting a monument to the memory of the Confederate soldiers buried in the City Cemetery, was adjourned to meet at the same place on next Saturday evening, Sept. 4th, at 2 o'clock. All soldiers of the late war are cordially invited to attend.  
**Capt. Carr Counted In.**  
FRANKFORT, Aug. 31.—The Examiner-Board, consisting of the Governor, Auditor and Attorney General, heard further argument in the Leslie-Carr case this morning. Judge Alvin Duval appearing for Captain Carr, and Mr. McQueen for Judge Leslie. The board threw out all amended certificates and on the face of the original certificates issued a certificate to Captain Carr, he having a majority of four votes. The board declined to issue a certificate to Col. Toney.

**A Lively Shake.**  
Tuesday night about 9 o'clock a severe earthquake was felt throughout this country. In Nashville it houses a variety of shocks, which were rattled and the inhabitants alarmed. The shock was not felt in this city, but reports from all parts of the country indicate that the vibrations were general. The last earthquake felt here was on the morning of Jan. 11, 1883, between 1:15 and 1:25 o'clock. The shock was only slight but was verified by many persons who were awakened by it. During the quake the wind blew about twenty-eight miles per hour. It was felt in various parts of Tennessee and Southwestern Kentucky, cooking utensils and toilet articles were displaced. A report that in Reelfoot Lake, in Illinois country, several miles of water sunk, and on the land thrown up and flung open from four to fourteen feet in width, but on investigation it was found no such thing occurred.  
**CHARLESTON IN RUINS.**  
The following dispatch was received in this city at noon yesterday at 2 p. m.:  
CHARLESTON, S. C., Sept. 1st, '86.  
Ten distinct shocks of earthquake have been felt since last night. Buildings near town is in ruins, and the city on fire, but is now under control. Over 60 lives lost and many injured.  
**Casky Circle.**  
The Mission Circle Meeting held at Calvary last Saturday night, was well attended and quite interesting. In the absence of Dr. J. D. Clarke, Rev. J. F. Dagg was called to the chair and presided over the meeting.  
The various questions coming before the body received attention. Cuban slavery, presented by J. T. Barnard, Dr. Hart read an essay on "Characteristics of Childhood," J. G. Kendall presented "The Gospel as a remedy for social evils."  
"The duties of women in church work."—Subject opened by J. F. Dagg. Rev. W. B. Walker addressed the meeting, presenting his subject, "The perpetuity and influence of the Bible," to the interest and edification of the audience.  
An excellent and bountiful dinner on the ground was spread on Saturday and every body invited, and all partook with great satisfaction.  
Brothers R. B. Donaldson and Winston Henry contributed to the interest of the occasion.  
On Sunday morning J. C. McCaffrey, of Olivet Church, read a good essay on "The Importance of an Educated Ministry."  
Subject, "Paul's Missionary Work," after which the meeting adjourned. All felt that it was a profitable meeting.  
**J. T. B.**

**A Sensational Elopement.**  
PADUCAH, Aug. 31.—Considerable excitement was created in Mayfield, Graves county, yesterday over the elopement of a mulatto, Charlie Day, with a young white girl, Mattie Moore, the sixteen year old daughter of Nathan Moore, a man in moderate circumstances, but of a good character. Day, for some time, has been a domestic in Moore's family, and well thought of. Nothing was known of any intimacy between him and the girl until Saturday night last, when both disappeared at the same time.  
It was believed that they were together, and a search was immediately instituted, but nothing was learned of their whereabouts until late last evening, when they were found walking hand-in-hand on the railroad near Florence Station, to the eastward of here. They were arrested and it is supposed, carried to Mayfield or hung to a near-by limb. The talk at last accounts rather favored this last supposition. Day is described as a bright mulatto, rather prepossessing in appearance. The girl is good-looking, but weak minded.  
**Tobacco Sales.**  
HOPKINSVILLE, Aug. 30.  
Sales by Buckner & Woodruff since last report.  
133 bbls as follows:  
45 " Medium to good leaf. 7.75 to 10.75  
34 bbls Common leaf. 5.75 to 6.75.  
21 " Good large leaf. 7.25 to 8.25  
31 " Common large. 2.75 to 3.75.  
Market continues to rule strong, and prices full for all grades of tobacco. Potatoes in making bread, and it is as difficult to buy at liberal prices. Your truly,  
BUCKNER & WOODRUFF.

**Items of Interest.**  
Many children become sickly because fed wholly on soft and moist food, which compacts in their crops. A. English, American and Australian sources with the result stated. Under the decision of the Court, Churchill & Co. cannot register their mark and must pay costs of the case. This is the second trade-mark suit won by the Vogeler Co. in England within three years.

**Important to Ministers.**  
All ministers of Hopkinsville and vicinity, white and colored, are invited to meet at the rooms of the Y. M. C. A. on next Monday afternoon at 3 o'clock. A full attendance is earnestly desired on important business.  
**Slain by His Sister-in-Law.**  
PARIS, Aug. 31.—Last night, about 8 o'clock, Rick Thomas, a young farmer who lives near here, drove in for his wife, who had been spending a day or two with her mother at the Thurston House. He alighted from his buggy and went into Bedford's room near the hotel office and returned to the buggy, and was stooping to let the top down as he to help his wife in, when Mrs. Pat Hunt, his sister-in-law, stepped up behind him and shot him. The ball entered between the ninth and tenth ribs on the left side, from the effects of which he died at 9 o'clock this morning. Mrs. Hunt says that Rick made insulting propositions to her recently, and she told him that if he repeated them, she would kill him, and as he repeated them and tried to force her to go away before he desired, she shot him. She gave herself up, and is in the county jail at this place.

**PREFERRED LOCALS.**  
**Here They Are!**  
N. Tobin, of the firm of N. Tobin & Co., recently purchased in the Eastern markets one of the most elaborate and stylish stocks of fall and winter piece goods ever brought to the city. These goods have been received, and gentlemen are requested to call and leave their measures for perfect fitting suits. Perfect satisfaction is guaranteed in the goods, the fit, the making, etc. It is a well known fact that N. Tobin & Co. turn out the most fashionable and most serviceable suits in Southern Kentucky, and their reputation and trade is fast extending.

**AYER'S**  
**Ague Cure**  
Never fails to cure every form of disorder peculiar to Malaria-infected districts. It is **Warranted**, in every case, when used in accordance with directions. It contains no quinine, but not only neutralizes Malaria's poison, but stimulates the Liver to healthy action, gives tone to the Stomach, and promotes the appetite.  
Pottersville, Texas, Jan. 15, 1884.  
"Dr. J. C. Ayer & Co.:  
Gentlemen: For more than 40 years I have lived in localities abounding in Malarial disorders; have been the subject of their attacks in many forms, and found no remedy so reliable and safe as Ayer's Ague Cure. Taken according to directions, it will never fail to cure."
