SAD SACK, MASCOT OF COURIER, DIES AFTER BEING HIT BY CAR

A true and faithful friend passed away Saturday afternoon at 3 after being struck by an automobile. He was 7 and one-half years of age and had been a life-long resident of Benton.

His name? SAD SACK — loyal mascot of the Marshall Courier.

Sad Sack was probably known by more Marshall Countians than any other dog because he spent the major portion of his life on the court square and at his duties at the Courier office.

Sad Sack had no pedigree but nevertheless he was a prize winner at this year's

county fair, walking away with honors in the "homeliest dog" class, an honor which he had won before.

The burial was held in the garden at the home of Mrs. A. A. Cross, where he had spent a large part of his time recently with his constant companion, Mrs. Gaila Wyatt.

He will be sadly missed by those who had grown so accustomed to having him around.

If there is a "Dog Heaven" we know Sad Sack must be there now because he wasn't bad and such faithful friendship and service surely must be rewarded.

Sharpe Girl Killed by Automobile

Kay Menser, 8, daughter of Mr. and Mrs. Henry E. Menser of Sharpe, was fatally injured Tuesday afternoon when she was struck by an automobile on U. S. Highway 68 near Sharpe High school.

The child died a few minutes after the accident, which happened about 3:15 p. m. as she was returning home from school.

State Trooper C. D. Henry said the girl was hit by a car driven by Mrs. Thomas D. Page, 796 North 36th St., Paducah.

Mrs. Page, a nurse at the Pittsburgh Metallurgical plant at Calvert City, was going home from work when the accident happened. She and an unidentified woman took the child to Riverside Hospital, where doctors pronounced the child dead.

"The child ran in front of me and I didn't have a chance to stop," Mrs. Page said. "She was walking on the right side of the road, watching traffic coming from the other direction, and walked in front of the car."

Funeral services were to be held this afternoon (Thursday) at Empire Holiness Church, 1000 N. 36th St., Paducah. Burial will take place in Macedonia Cemetery near Dawson Springs.

Survivors, besides the parents, are three sisters, Mrs. Doris Dean Renshaw of Crofton, Ky., Mrs. Ladonna Jean Brandon of Evansville, Ind., and Sue Menser of Sharpe.

Big Democratic Rally To Be Held at Dam

Banquet is Held By Junior Women

By LINDA WYATT

Members of the Benton Junior Woman's Club opened their yearly activities with a banquet in the private dining room at Kentucky Dam Village Thursday evening at 7:30.

The banquet tables were beautifully decorated in the colors of green and white. The centerpiece was an arrangement of large white caryanthemums and greenery. Each of the ladies attending was presented a white carnation and a copy of the Club year books. Clever place-card menus marked each guest's plate. Dinner music was presented by A. T. Barnett, accordionist.

The invocation was given by Dr. Joe L. Jones.

The club members and guests were welcomed by the club president, Mrs. Alvin Austin.

Mrs. Weldon Nelson, vice-president, introduced the speaker for the evening, Attorney Marvin C. Prince, who gave an interesting and enlightening talk on "Family Living Today".

Immediately after the dinner a social was held in the auditorium. Music was presented by the Rhythm Ten band. The guests enjoyed group singing and other entertainment.

The hostesses in charge of arrangements for the banquet were Mmes Weldon Nelson, Joe Jones and John Gilliam.

Those attending were Mr. and Mrs. Alvin Austin, Mr. and Mrs. Weldon Nelson, Mr. and Mrs. Richard Cooksey, Mr. and Mrs. Travis Downs, Mr. and Mrs. A. T. Barnett, Mr. and Mrs. Volney Brien, Mr. and Mrs. E. J. Conrad, Mr. and Mrs. Eugene Craynon, Mr. and Mrs. Joe Duke.

SAVE A LIFE

A warning to motorists to drive carefully while in school zones and when following or meeting school buses has been issued by Charles B. Jones, executive secretary of the Governor's Committee for Highway Safety.

"There is always danger when driving where children may run into the path of your car but the danger is particularly great at the beginning of school. Children who have never been away from home before are going to school for the first time and are naturally more confused by traffic than the older children," Jones pointed out.

He reminded motorists that state law requires traffic to stop on both sides of a school bus that is picking up or discharging children. The law applies to highways of more than two lanes as well as to two-lane highways, he said.

There were 65 school bus accidents in rural areas during the first six months of 1952, resulting in injury to 46 persons. Leading violations were failure to yield the right-of-way, following buses too closely and improper passing. The time of highest frequency for accidents was between 3 and 4 p. m.

Marshall County motorists, as well as those all over the state and nation, should exercise the utmost care while driving in school zones and in passing school buses.

SOIL CONSERVATION

By Herbert Anderson

Henry F. Feezor, north of Oak Level, planted ten acres of corn, which was ruined by the dry weather. He plans now

to sow this field in wheat. The wheat will be a cover crop which will protect the land from erosion and produce grain for harvest next spring.

A pond was dug last Thursday on the Bryan and Woodall farm south of Oak Level. The pond site was near the top of a hill on an old roadbed. A dam was built high enough across the lower end so that the upper end

could be used for a spillway.

A diversion terrace was staked by the Soil Conservation Service to bring water to the pond. The bulldozer built it by tilting and angling the blade.

H. W. Peters has used a tractor drawn heavy bush and bog disc to prepare a seedbed for forty acres of pasture seeding on his farm south of Calvert City.

The land was covered with bushes and other wild growth. It had been lying idle for several years. Peters expects it to return a profit after he gets a fence put up and stocks it with cattle.

I helped him locate and decide on a suitable pond site. Water is as much a necessity for stock as pasture.

Renloe Rudolph, chairman, board of supervisors, of the Marshall County Soil Conservation Dist., has used a bulldozer drawn, heavy plowing disc to prepare a seedbed for eight acres of grass seeding. His farm is located north of Sharpe.

Rudolph was so well pleased with the work done by the disc that he made this statement, "That was the cheapest and best bulldozer work I have ever done."

Henry Lecky, a neighbor of Rudolph, also had two acres disced. He liked the work which the disc did.

Roy Boyd, Benton, has this to say about the same disc, "Sometimes, when you have plenty of time, I would like to take you to my farm in Clark's River bottom and show you a sample of clearing which we did with that disc."

A heavy growth of young trees were disced down. They were so thick you would have had trouble walking through them.

Farmers who got their seedbeds prepared and the grass or cover crops sown before the good rains came were really lucky. The seeds will sprout and come up quickly now. And if ample amounts of fertilizer was used, rapid growth will then take place. The ground will be fully covered and protected for the winter.

Brewers School News

School started again at Brewers with 65 enrolled in high school and 175 in elementary school. We have three new high school teachers this year. Mr. Reed Conder, principal, Miss Janie Bloomingburg, home economics; Mrs. Edna Earl Jones, Math and English.

The first week of school class officers were elected.

They are:
Freshman - President, Dwane Harris; Vice president, James Arnett; Secretary, Donnie Mohler; Treasurer, Rachel Mohler; Reporter, Shirrel Mohler.

Sophomore - President, Eltis Prather; Vice president, Frances Creason; Secretary, Carol West; Treasurer, Johnnie Parker.

Juniors - President, Jerry Yarbrough; Vice-president, Phillip Slayden; Secretary, Farrell Wyatt; Treasurer, June Treas; Reporter, Vida Slayden.

Senior - President Terrell Riley; Vice President, Tony Smith; Secretary, Verna Houser; Treasurer, Shirley Mathis; Reporter, Patsy Wilkins.

The second week of school we attended the Marshall County Fair. Everyone enjoyed it.

Last Monday the basketball boys started practicing, and it looks like we are going to have a good basketball season.

We elected our Cheer leaders last week and they are: Captain Janice Cole, Glenda Lyles, Dora Parker and Shirley Mathis.

Henry Sledd of Gilbertsville Route 1 was a business visitor in Benton Saturday.

Mrs. Ruby Bland of Louisville is visiting her sister, Mrs. Arch Nelson.

Mrs. L. E. Gregory of Route 4 was a visitor in Benton Wednesday.

GM to Sponsor Football Telecasts

General Motors will sponsor the television football "Game of the Week," this year on the nationwide-43 television station network of NBC. In co-operation with the National Collegiate Athletic Association, GM will televise 11 selected games on successive Saturdays during the football season, concluding with the traditional Army-Navy game in Philadelphia November 23. The first game to be televised will be the Kansas-Texas Christian game at Lawrence, Kan., September 20. William F. Huftstad, GM vice-president in charge of distribution staff, is shown signing the contract for the games as Asa S. Bushnell, NCAA official (center), and Paul Garrett, vice-president of public relations staff for GM, look on.

**Sharpen Your
Sewing Machine Needle**

If you do a lot of sewing—or have one big project that is going to take you all day—you sometimes find that your sewing machine needle starts dulling. Of course, you can keep a package of new ones at hand and change every so often, but that is a little extravagant to say nothing of being so troublesome.

There's a very simple thing to do that only takes a minute. Just take a scrap of soap—the thin piece right at the end of an old bar. Put it under the needle and turn your machine five or six times through it. You'll find the needle just as sharp and easy to use as when it was new.

When you are sewing, too, remember that a little planning will prevent a lot of headaches. Be sure to match all your patterns, whether florals, stripes or plaids, before you start sewing.

If you are making draperies, do

spread the lengths out and pin in your headings and hems, before you start to sew. You don't want the patterns to start at different levels on each window, do you? So be sure you have a perfect match before you start working.

Another sewing trick you might like to try. When you are working with very sheer materials, silk, synthetics or cotton, try pinning newspaper to the cloth before you cut it. Put your pins far enough in so that the material and the paper will stay pinned together after the garment is cut out. Then do your basting and sewing through both thicknesses. When the garment is all finished and ready for hemming, just tear the paper away. You'll find the whole thing so much easier to manipulate—it will never pull out of shape while you are working on it.

Sewing days are times when you want quick and easy meals. Here's an idea for an oven meal that will be no trouble at all. Make a beef stew the night before and put it in a baking-serving casserole. Make biscuits in the morning and put them in the refrigerator, unbaked. About an hour before dinner, put the casserole in the oven, top with the unbaked biscuits and leave it alone until it is time to eat. A green salad and a pot of hot coffee will keep your family thinking you are the best cook in the world.

RECIPE OF THE WEEK

For this week's favorite recipe, the Courier is indebted to Mrs. Noble Gregory, wife of the first District Congressman from Kentucky.

Mrs. Gregory uses this Devil's Food Recipe a lot in her entertaining at Washington and Mayfield.

Here's the recipe:

DEVIL'S FOOD CAKE

- 2 cups flour
- 1 teaspoon soda
- 1-4 teaspoon salt
- 1 cup sugar
- 1 cup heavy sour cream
- 1 egg
- 3 squares unsweetened chocolate
- 3-4 cup sweet milk
- 1 teaspoon vanilla

Sift flour once and measure. Add soda and salt. Sift together. Beat sugar gradually into sour cream, add egg, which has been well beaten. Melt and cool chocolate, blend well. Add flour alternate with milk, a small amount at a time, beating until smooth after each addition. Add vanilla. Bake in moderate oven 325 degrees for 25 minutes.

Use an 8x13-inch pan, which is 1 1/2-inches deep or two smaller square pans. Use this Chocolate Icing on the top and sides.

CHOCOLATE ICING

- 2 cups sugar
- 1 small egg
- 2-3 cup sweet milk (beaten)
- 2 squares unsweetened chocolate

MRS. GOUGH ON FACULTY OF BENTON HIGH SCHOOL

The Benton school is one of the finest I have ever seen in my observation of various schools throughout the country, says Mrs. Galen Gough.

Mrs. Gough joined the Benton High School faculty this fall as a teacher of science and biology. She is a graduate of Murray State College.

Mrs. Carl Cloud, Mr. and Mrs. Franklin Harrison, of St. Louis, Mr. and Mrs. L. J. Cloud of Rt. 7 were visitors in town Saturday.

A King Prays

Lesson for September 21, 1952

KING SOLOMON is not best known for his prayers; yet they are among the most remarkable features of what we know of him. If we can know what a man prays for, we know the heart of the man.

The higher a man's place in life, the more he stands in need of prayer, the prayers of others as well as his own. King Solomon's reputation for wisdom based on one rather fantastic court decision, or on the splendor of the Temple, which he did not design; still less on those legendary powers such as being able to converse with dragons and demons. He was never more wise than in his prayers.

Dr. Foreman

Dreams Give You Away

THEY SAY that when one is learning a new language, one can be sure one is making progress when one starts dreaming in the new language. Dreams, psychologists believe, show us what our minds are like, beneath the smooth surface. We should not take all our dreams too seriously, because, after all, it is the conscious mind that is at the wheel during our waking lives. But still a dream may show the kinds of wishes and desires and fears which lie deeper than our usual consciousness.

Now when a man dreams about praying to God face to face, you may be sure he is really a God-fearing, praying man. So the young Solomon's dream of his interview with God is a good indication of the depths of his mind and intentions at that time.

It was not a silly dream; it was quite serious. We may well believe that the young king often thought about it afterwards, and that God actually took this way of speaking to Solomon.

Ask for One Thing

IN THAT dream Solomon is invited to pray, and God guarantees to answer the prayer, whatever it is. It is remarkable what Solomon did not ask for.

Considering the fact that his father had been such a warrior, one might expect Solomon to ask for victory in war. But the young king, even in his dreams, did not picture himself as a conquering hero. Then again, he might have been expected to want to be rich. He came of a race that rated property very highly indeed. In the Hebrew language, the expression "a great man" often meant simply a very rich one. But it was not money that Solomon desired most of all. A third blessing too might have been in Solomon's mind; something that every man of his time looked on as a sure sign of the blessing of God; namely, long life. But this too was not what the young man most wished to have.

Instead, he prayed for wisdom. Knowledge is knowing; wisdom is knowing how to use what you know. And he wanted this wisdom, not in order to be rich, powerful or long-lived, but in order to become a good leader of his people.

One cannot help believing that Solomon already had in him the seed of wisdom, or he would not have offered that prayer. Only the wise know what a jewel wisdom is.

Prayer of a Mature Mind

ANOTHER prayer of this famous king is recorded at the dedication of the Temple. Solomon had grown older by that time, and we can see in this prayer that he had grown wiser as well. For good as his dream-prayer was, this later one was deeper, higher, wider.

By this time his idea of God is higher than it was. He is aware now that God does not live even in the most gorgeous of temples; his dwelling place is in heaven, and his care is not for the nation of Israel alone.

Then again, in the earlier prayer Solomon's horizon was bounded by the limits of his native land. His prayer was unselfish, indeed, but it took in the welfare of his own subjects—no others. Now at the Temple he prays for "the stranger . . . all the people of the earth."

Furthermore, if in his earlier prayer young Solomon was aware of his and his people's weakness and ignorance, now he feels something deeper, more serious: the burden of human sin. He prays for many blessings, but above all for this: forgiveness for every heart that turns to God. When we ourselves pray, are our prayers mature? How high is our thought of God? For how wide a circle of persons do we pray? And do we pray first, and most of all, for things, or for power, or to be in harmony with God?

Insanitary Privies are Called Health Menace

Insanitary privies can be a real health menace, according to R. C. Walker, county sanitarian, who has been getting a lot of complaints lately about outside privies, both in town and out in the country.

Besides the nuisance of disagreeable odors, insanitary privies offer breeding and feeding places for flies, mosquitoes, can carry germs or diseases such as typhoid and dysentery. They also can contaminate a private water supply.

The best solution, says Mr. Walker, is to do away with the outside privy altogether, and connect waste disposal pipes to an approved sewer system. However, if that isn't possible, the home owner should install a 500 gallon septic tank with at least 200 feet of drain field, if there is water under pressure available.

Next best is to construct a sanitary pit privy. Correctly located, properly built and maintained, a sanitary pit privy will safeguard family health for a long time to come. Mr. Walker lists five points to remember when building a sanitary pit privy.

1. It should be located at

- least 100 feet from any private water supply.
2. It should have a pit five feet deep, lined with boards.
3. The pit should be covered by a stout concrete slab.
4. There should be a well-built, well-ventilated house atop the slab.
5. A fly-tight lid should be affixed to the toilet seat.

Free plans for a sanitary pit privy as well as information on other public health subjects is available from the Marshall County Health Department.

BREWERS SCHOOL PTA HOLDS FIRST MEETING

The PTA of Brewers School held its first meeting of the new school year Monday night, Sept. 15. New officers were elected for the year.

Mrs. Jessie Hendricks will serve as president, Mrs. Helen Smith as vice president, Miss Janie Bloomington as secretary, and Mrs. Ava Lou Morgan as treasurer.

Plans were made for a Community Supper to be held in the school lunchroom 8:30 p.m., Sept. 27. A program of entertainment for the whole family has been planned. The program starts at 7 p.m.

RECIPE OF THE WEEK

By Mary Lee Taylor

Oatmeal Raisin Bread

1 1/2 cups sifted all-purpose flour
1/2 teaspoon baking powder
1 teaspoon baking soda
1/2 teaspoon salt
1/4 cup unsifted rolled oats
3/4 cup raisins
1 egg
1/2 cup sugar
1/4 cup Pet Milk
1/4 cup water
1 Tablespoon vinegar
1/2 cup dark cooking molasses

Sift together into mixing bowl flour, baking powder, baking soda and salt. Mix in oats and raisins. Beat eggs until light and fluffy. Beat in sugar gradually. Stir in a mixture of milk, water, vinegar and molasses. Add all at once to dry ingredients, mixing quickly but thoroughly. Put into greased loaf pan about 8 x 4 x 3 inches deep. Bake in moderately slow oven (350) 1 hour, or until bread pulls from sides of pan.
