NUMBER TWELVE

## Scouting Reached New Heights Here At Court of Honor

Awards and Badges Given To Scouts From Fulton, South Fulton Clinton and Fulham Troops

James Warten, local attorney, spoke before the Boy Scouts at their annual Court of Honor, which was held for Scouts of the Dry Lake District, last Friday night at the First Methodist church. Mr. Warten's subject, was "Honor."

Troops represented were: Clinton 37, South Fulton 40; Fulton 43, Fulton 44 and Fulham 99. Billy Blackstone, district commissioner, assisted by members of the district committee, awarded the badges as follows:

Tenderfoot—Moss Green, Billy Claxton, Bob Hamilton, Junior Moultrie, Billy Joe Witherspoon, Keith Elkins, Russell Swearington, G. W. Clark, Johnny Eudy, Hubert Eudy, Robbie Lee Babb, Billy Bennett, Clyde Batts, Clifford Humphreys.

Second Class—Keith Elkins, Junior Moultrie, Russell Swearington, Robert Parrott, G. W. Clark, Johnny and Hubert Eudy, Robert Roper, Joe Kimberling, Jimmy Hale, Eddie Keiser, Billy Browning, James Butts, Joe Pigue, Tommy Strange, Charles Batts, Elwin Farmer, James Monty Vaden, George Bunch, Billy Bone, James R. Shupe.

First Class—Donald Richardson, Albert Jackson, Bobby Joe Goodwin, Alton Barnes, Manus Williams, John R. Lawson, LeRoy Brown, Jack Thorpe, Norman Elliott, Pat Kough. Star—Donald Richardson, Bobby Joe Goodwin, Manus Williams, Mark Campbell, Joe Dixon.

Phil Porter of Troop 37, received the Bronze Palm on his Eagle badge, the highest award of the evening.

The following individual merit badges were awarded:

Kenneth Caldwell, public health, dog care, pathfinding, home repairs, personal health, wood carving, first aid.

Phil Porter, automobilizing.

Donald Richardson, carpentry, cattle raising.

Elbert Jackson, animal industry, art, map reading.

John R. Lawson personal health, map reading.

Mark Campbell, home repairs.

Jack Browder, carpentry, wood turning and wood working.

Billy Murphy, carpentry, wood turning and wood working.

Billy Wilson, leathercraft, forestry.

Otha Linton, the farm home and its planning, business, aeronautics, airplane structure, music.

James Butts, firemanship, reading.

Jimmy Sisson, firemanship.

Pat Kough, animal industry, art, horsemanship.

Billy Bone, animal industry, farm home and its planning, farm layout and building arrangement.

James R. Shupe, farm home and its planning, farm layout, art, animal industry, hog and pork production.

James Monty Vaden, farm layout.

## Fulton Sees Its First Picket Line

Employees of Southern Bell Telephone Company Parade Side-walks In Front of Local Exchange.

Maybe there's nothing new under the sun, but so far as Fulton is concerned, another precedent was set here Monday morning as the first picket line went into operation in front of the local exchange of the Southern Bell Telephone Company, as employees parade the sidewalk in protest as the result of a nation-wide telephone strike.

Meanwhile, this community, like thousands of others, throughout the nation, felt the effects of the telephone strike. Only emergency calls were accepted and put through by a skeleton crew.

Still unaffected were dial telephone, which serve about 60 percent of the nation's telephone users, and leased wire service to press and radio.

An estimated 340,000 workers, demanding \$12 a week pay increases and other contract changes, made the walkout nationwide Monday at 8 a. m. (CST).

Local telephone customers took the strike calmly the first day, but protests were growing more numerous and louder, according to press and radio reports, as government and union officials attempted to attain and understanding between the union and telephone officials.

At the root of the telephone dispute are ten union demands which the industry says would cost \$700,000,000 a year. The cost figure compares with \$250,000,000 industry earnings in 1946. Workers now average weekly salaries of \$43.19.

## Citizens On Needles As Spring Rains Come

Early this week, the annual spring rains came, and local citizens, especially merchants in the flood area, were on needles and pins, as they expected another periodic overflow of Harris Fork Creek.

Negotiations are just about complete by city officials who have been obtaining right-of-way for the new creek project, that would deepen and widen the channel in an effort to control local flood conditions. It is understood that only three or four property owners have failed to respond to efforts of the committee to secure right-of-way so that a dragline may come in and get to work. The city has proper legal grounds to condemn and take land necessary for improving flood control measures, but every effort has been made to obtain right-of-way without court action.

Perennial floods here have caused thousands of dollars in damage to business property and stocks, and the creek project is a major problem in the civic betterment program. Most property owners have responded willingly to the project, and granted right-of-way without protest or cost to the city. A few have vigorously oppose the taking of any land from their property. But the creek project seems to be reaching a head now, according to the city attorney, and work will start on the creek in about 60 days, it is reported.

## ADAMS BODY SHOP MOVES TO NEW BLDG.

Adams Body Shop has moved to a new location on the Martin Highway near the railroad crossing in South Fulton. This shop was formerly located in the building back of Joes Auto Parts Co., on State Line-st.

Leland Adams has remodeled the old building on the Martin Highway for the new body shop and service which will hold its formal opening soon. Repairs on fenders and car bodies are now being made in the shop.

One enemy is too much.—George Herbert.

If any two men desire the same thing, which nevertheless they cannot both enjoy, they become enemies.—Thomas Hobbes.

## REA Co-Op And K. U. Hit At By NLRB

Both Utilities Groups Accused of Restraining Union Activities; Rural Co-Op Serves Fulton and Adjoining Counties

Washington, D. C.—National Labor Relations Board has released a report of a trial examiner recommending that the Hickman-Fulton Counties Rural Electric Cooperative Corporation of Hickman, cease from "interfering with restraining, or coercing its employees in collective bargaining efforts."

A similar report was issued by the trial examiner directing that the Kentucky Utilities Company "cease and desist" from refusing to bargain collectively with the AFL-International Brotherhood of Electrical Workers as the exclusive representative of the company's employees and western divisions.

The REA co-op serves Hickman, Fulton, Carlisle and Graves counties in Kentucky, and a portion of Obion County, Tenn.

The dispute between the union and the Kentucky Utilities Company, the NLRB said, dates back to Dec. 13, 1938, when the union lost a Labor Board election.

## Fulton Druggists Attend District Pharmacy Association

C. H. McDaniel of the City Drug Company, and W. E. Jackson of Owl Drug Company, attended a dinner and business meeting of the West Kentucky Pharmaceutical Association, Monday night, held at the Irvin Cobb Hotel in Paducah.

Cities represented at the meeting included Fulton, Paducah, Mayfield, Murray, Barlow, Murray, Hopkinsville, Marion, Benton, and Princeton.

Ray Wirth, Louisville druggist and president of the Kentucky Pharmaceutical Association, stressed the need for cooperation of all pharmacists in the state for more stringent regulations and problems, and insisted upon local cooperation.

## Fulton Teachers Have Problems, Too

Miss Mary Martin, Fulton High School Teacher, Talked Before Lions Club Friday

Citizens of Fulton were warned of the dangers faced in this community by the board of education unless the salaries of local teachers are increased enough to attract and hold capable men and women, as Miss Mary Martin, Fulton High School teacher, talked before the Fulton Lions Club last Friday. Miss Martin was introduced by Frank Beadles, program chairman.

Miss Martin's speech was pointed and concise, showing the problems, locally and nationally, among teachers. She used figures from Readers Digest to show that many teachers were leaving the profession, while schools are operating with emergency teachers on sub-standard certificates.

More up in post world economy ment for increased teachers' pay, was comparative salaries among teachers and other wages of other skilled and unskilled groups. "Teachers want to be good citizens," Miss Martin said. "They endeavor to participate in community activities, contribute to worthy cause, but there is a limit to stretching a small income."

Several club members went on record as favoring the increasing of teachers salaries in Fulton. This would have to be accomplished through an increased local assessment, or a new state law increasing the tax rate from the present \$1.50 per \$100 celling.

## PFC. WILLIAM O'NAN ARRIVES IN STATES

Pfc. William O'Nan, son of Mrs. Francis O'Nan of Fulton has arrived back in the States after nine months in the Philippines, and expects to return home soon.

## City Council In Busy Session Here

Water Meters and Uniforms For City Patrolmen Were Topics of Discussion at Meeting.

Faced with the problem of meeting operating expenses, with costs rising, and revenue at a low ebb comparatively, members of the city council held a pertinent and pithy discussion upon many civic problems Monday night. The recent proposal to install parking meters for better traffic control, and additional revenue having been revoked, the council is faced with the necessity of raising assessments, innovation of occupational taxes, and possibly the installation of water meters.

Brooks Henderson, owner of the Country Club Court, a subdivision, appeared before the council, and asked the city to supply water for about 15 homes planned. The council instructed the city attorney to draw up a contract between the city and Mr. Henderson, whereby Mr. Henderson is to install a four-inch main to the subdivision and make connection at the end of Vine-st. He is required to see that each property owner furnish a water meter at each house. Steel pipe is already on the ground, and the project will cost Mr. Henderson in the neighborhood of \$3,000. The four-inch main will be large enough to provide fire protection to property owners.

Some land adjacent to Harris Fork Creek was recently deeded to the city by L. E. Finch by mistake, so the council voted to reconvey the land to Mr. Finch.

P. C. Ford, T. F. Hainline and T. J. Burke were granted city beer licenses.

K. P. Dalton, chief of police, made the monthly report on fines and costs collected in the city court, which were \$451 in cash, \$31 laid out and worked out.

Clarence Pickering and Charles Gregory, councilmen, were named as committee to investigate purchase of uniforms for city patrolmen.

J. H. Christian Jr., representative of Pittsburgh Equitable Meter Company, explained the installation and operation of water meters. He estimated the cost of installing 1200 water meters would be about \$18,000, and pointed out that the city has a "wasteful overhead" in its water system on the flat rate charge. The city can pump less water and obtain more revenue by the installation of water meters, he concluded.

No action in the matter was taken by the council. But the possibility of installing meters and an overhead city water tank will be discussed at later council meetings.

## METHODIST CHURCH IN EASTER CANTATA

"The Easter Victory," a cantata, was presented in the First Methodist church last Sunday night, April 6. A fine program of music was carried out under the direction of Mrs. M. W. Haws, and the organist Mrs. C. L. Maddox.

Choir members, Mesdames Strong, Whitel, Cavender, Stella Yates, Ruth Strayhorn, Birgham and Hugh Pigue; Misses Katherine Williams, Candender, Shelby, Houston, Davis, Roper, Bard, and Marilyn Lynch; Messrs. Brigham, Sugg, C. L. Gardner, Joe Davis, Jr. and Charles Andrews.

## FULTON SHRINERS ATTEND MAYFIELD SHRINE BANQUET

The Purchase Shrine Club held a banquet and floor show at Hall-Hotel in Mayfield last Friday night, with about 125 Shriners and their ladies present.

Among those from Fulton were Mr. and Mrs. Rube McKnight, Mr. and Mrs. T. J. Smith, Mr. and Mrs. H. D. Stanfield, Mr. and Mrs. G. L. DeMyer, Mr. and Mrs. W. M. Cowell, C. H. Stephens and H. B. Reeves.

Dr. and Mrs. J. B. Samuels and Mr. and Mrs. Ellis Dobson of Hickman attended.

A man has no enemy worse than himself.—Cicero.

## South Fulton Board Approves Street Bonds

Southside Would Spend \$80,000 For Improvements; Mayor Tells of Protest Petition.

A third and final reading of an ordinance for issuance of \$80,000 in city bonds for building and improving streets, storm sewers and walks in South Fulton has been passed by the mayor and city council on the Southside.

During a recent meeting of the council, the mayor pointed out that he had been reliably informed that a petition was being circulated by a certain group of stop street improvements. The names of 75 registered voters in South Fulton must appear on a petition before a general election may be forced, and any such protest must be filed ten days from the first publication of the city ordinance in an Obion county paper. In this case the street bond ordinance was published Monday in the Union City Messenger.

In the recent session of the Tennessee legislature an enabling act was passed, providing that the city council of South Fulton could issue an ordinance of this kind. A levy of 75 cents per \$100 on real and personal property in the city to raise the money to pay the bonds and interest is provided for in the ordinance.

The bonds will be dated June 1, 1947, maturing in installments until June 1, 1977, with approval that the city may call them in at any time after June 1, 1955. Revenue from the street tax will be placed in a separate fund, for the retirement of the street bonds.

## New Streamlined Train To Be On Exhibition Here

City of New Orleans Getting Ready To Roll on Illinois Central System; In Fulton April 17 from 3 to 4 p. m.

The City of New Orleans, the Illinois Central's long-promised streamliner, is ready to roll. The new all-coach luxury day speedliner will make a preview exhibition tour of thirty-three stations along and near its Chicago-New Orleans route beginning on Tuesday, April 15. The train, a worthy companion of the all-pullman light train the Panama Limited, will appear in Fulton, Tuesday, April 17, from 3 to 4 p. m.

Christening ceremonies and public exhibitions will be held April 24 in Chicago and April 25 in New Orleans.

Regular operation between Chicago and New Orleans will begin Sunday, April 27. The 921 miles will be covered in fifteen hours and fifty-five minutes, with departure and arrival on the same day and with nineteen stops en route. Through cars will furnish service to and from St. Louis and Louisville.

The operation of the new train will require two complete sets of equipment, one set leaving each terminal daily. These trains will each consist of six brand new luxurious coaches, a diner, a diner lounge, a baggage-dormitory car, a mail and express car and an observation-bar-lounge.

Interiors of the cars follow modern design, with background colors predominantly blue.

## APRIL TERM OF CIRCUIT COURT TO OPEN NEXT MONDAY

The April term of the Fulton Circuit Court will open in Hickman on Monday, April 14. Justin Attebery, circuit clerk, announced this week. The docket is very light, as only equity cases will be heard.

Judge M. E. Anderson of Wickliffe will preside as special judge while cases are being tried in which the regular Circuit Court Judge E. J. Stahr is interested.

The regular May term of court opens on Monday, May 4th.

He is no man's enemy but his own.—John Clarke.

## Chamber of Commerce Discusses Creek; Elects New Officers

R. V. Putnam Chosen President; Secretary YMBC Reports On New Industry Program

Despite the fact that only twelve business firms were represented at the meeting Tuesday night, an interesting and worthwhile meeting of the Fulton Chamber of Commerce was held at the Rainbow Room. Frank Beadles, retiring president, presided and a report upon the Harris Fork Creek project, and efforts being made to obtain new industry here, were heard.

Maxwell McDade, creek committeeman, and James Warren, city attorney, told of progress being made on plans for improving the channel of the creek through Fulton and South Fulton. An outline of work already accomplished toward dredging out the creek was given. Only three or four property owners are holding out against giving right-of-way through their property and unless an agreement is reached, a settlement will be obtained in court, the city attorney said. Proper papers have been filed with the Kentucky Highway Department, which will aid the project. The Highway department of Kentucky and Tennessee must now get together, with the Tennessee department providing a sum of approximately \$7,000 for the work. The Illinois Central System has agreed to provide \$5,000 for the job, in addition to the work it must do just below Fulton in Tennessee along its right-of-way where it crosses the creek. The city of Fulton must provide the right-of-way, and put up the balance of the cost. This cost will be assessed against property owners in the flood area.

After all right-of-way has been secured and approved by the state and bonding company, bonds will be sold by the city.

A delegation of South Fulton officials, and Fulton citizens, will go to Nashville this week to contact the Tennessee Highway Department and hasten action between the highway departments of the two states. It was estimated at the meeting Tuesday night, that work will get underway on the creek in 60 days, but some were inclined to the opinion that it would be 90 days.

Clifford Shields, secretary of the Young Men's Business Club, was introduced by the president, and he brought an interesting message to the group upon the efforts of that organization to obtain new industry in Fulton. An industrial survey is now in progress, and it is hoped that a local organization can be formed to push forward a program that will bring new industry to Fulton.

An election of officers was held with the following named on the board of directors: Louis Kasnow, Warren Graham, Bob White, Ernest Fall, Jr., Joe Davis, Leon Browder, Ward Johnson, Smith Atkins, Dr. R. V. Putnam and Frank Beadles, the retiring president. The board then met in executive session and named R. V. Putnam as president of the organization.

## FULTON YOUTHS ENLIST IN ARMY

Aaron Ray Wild, 17, Fulton Route 3, and Bobby Gene Collier, 17, 103 Third-st, Fulton, have enlisted for three years with ordnance service in the Pacific.

## HELLO WORLD

Mr. and Mrs. Guy Vincent of Fulton, Route 3, announce the birth of a daughter Saturday morning at the Haws Memorial hospital.

Mr. and Mrs. J. P. Rose of Clinton announce the birth of a son Saturday night at the Fulton Hospital.

Mr. and Mrs. R. B. Holden of this city, announce the birth of a daughter Sunday night at the Fulton Hospital.

Mr. and Mrs. Eugene Reed of Fulton announce the birth of a son Saturday night at the Fulton Hospital.

# "CITY OF NEW ORLEANS" WILL STOP IN FULTON

Fulton has been selected as one of the stopping places of America's longest-run day train, the Illinois Central's City of New Orleans, which will go into service Sunday, April 27.

This announcement, made today by H. B. Reaves of the Illinois Central offices here, assures Fulton and surrounding territory of fast day-time train service between either Chicago and New Orleans and intermediate points.

"Not only will the service be fast, but it will be the ultimate in comfort," Reaves said. "The new cars, which are nearing completion in the Chicago plant of the Pullman-Standard Car Manufacturing Com-

pany will be completely air conditioned. They will have ultra luxurious seats including Pullman-Standard's new Day-Nite type with a folding leg rest and full length reclining chair giving chaise longue-comfort, electrically controlled brakes for smooth, easy stops and tight-lock couplers for safety and riding comfort."

Reaves explained that the new train which will be the first day train to link the Great Lakes and Gulf of Mexico would really be two trains, running in opposite directions daily. The northbound train will depart from New Orleans daily at 8:00 a. m., with arrival at Fulton at 4:58 p. m. and at Chicago at 11:55 p. m. The southbound train which will leave Chicago at 8:00 a. m. will stop at Fulton at 2:50 p. m.

## FARMERS AND BANKERS

A diversified and well-balanced farm program is the foremost need of agriculture.

Another important consideration for farmers now is the payment of land-mortgage debts, setting up cash reserves, prevention of farmland price boom conservation of the soil, and the education of the farmers of the future.

Farmers and bankers should cooperate to make the structure of agriculture so secure that it can travel through any period of reconversion, transition or economic change and come out unscathed and ready to carry on.

A great deal of security will be felt in observing the ownership of farm lands that are homes, that are not for sale and that will not contribute to an unhealthy and unwise spiralling of real estate prices. Equally satisfying will be the knowledge that lands are owned and occupied free of debt and supported by adequate reserves that have been set aside out of profitable years to provide for any contingencies that may arise.

Although the farm-land mortgage debt is down to \$5,000,000,000, the lowest since 1916, it would be a splendid idea to get the debt paid in full, or have the amortization payments made so far ahead that future maturities would not be embarrassing. Then if there are lean years ahead there would not be any mortgage debt worries.

Half the truth is often more dangerous than none.

Free advice, regardless of its origin, is almost worthless.

arriving in New Orleans at 11:55 p. m.

## SIMPLE JUSTICE

The transportation problem in this country bears honest analysis. Some carriers now receive preferred treatment, while others are, by comparison, penalized. All forms of transportation should be placed under one regulatory body.

Furthermore, taxation should not be put on any one form of transportation at a disadvantage relative to others, as is now the case with railroads. Finally, on the question of subsidies, sound public policy would be the imposition of reasonable user charges on trucks, buses, vessels, and aircraft which would fairly compensate the government for its expenditures in providing transportation facilities-used by these carriers for private gain.

The problem is not a simple one. Exhaustive studies will have to be made to determine what proportion of public facilities is used by private carriers for profit-making purposes and what proportion is properly chargeable to the taxpayers for ordinary public use. But, at the present time, it is evident that of all major forms of transportation, the railroads alone pay their own way. All other carriers rely more or less on public subsidies.

## FULTON NEEDS HOMES

We notice a news dispatch from another state, reporting that an industrial plant will begin construction on two hundred houses for workers, at a cost of \$1,546,000.

The point that the news article makes is that people who must work must have houses in which to live. The same observation applies to Fulton, where there is a serious shortage of dwelling units. In fact, the construction of living quarters

is probably of first importance in connection with efforts to attract industry or workers into this section.

While the same situation probably exists, in a greater or lesser degree in other areas, of the state, the first community to offer homes will probably be the first in adding population and industries.

History may be explained as the prevailing view of what might have happened.

# THE WORLD, THE FLESH, AND THE DEVIL

Adequate food, clothes, houses and useful work would solve many of the world's worst problems.

The truth of this statement is so self-evident that it would be ridiculous to make it except for the fact that the world's one form of government under which adequate supplies can be produced is being attacked both at home and abroad. So much for the world.

Outside of America, the government of the world seem to be rushing hell bent into totalitarianism with its twin evils of planned economy and controlled activity of human beings. The inevitable offspring of these twin evils in scarcity.

Wherever scarcity exists in any other country in the world its peoples and officials immediately call upon America for a loan of money, a gift of food or for other goods. That is the flesh.

Whether or not our way of life should be flattered by this world dependency on our people is of minor importance. What is of major importance is that some totalitarian and planned economy zealots at home are doing their level worst to destroy the one type of government on which the existence of the suffering world population depends. That is where the devil comes in.

A perfect illustration of the harmful effect of such zealots can be found in some of the rulings concerning the natural gas industry

## RECIPE OF THE WEEK

Many of the less expensive cuts of meat have the advantage of being rich in flavor when properly prepared. Such is the case with short ribs of beef. Browned to a turn, then cooked at a low temperature until tender and juicy, they make a popular dish. Food specialists at the UK College of Agriculture and Home Economics offer this recipe:

### Braised Short Ribs of Beef

4 pounds short ribs.  
3 teaspoons salt.  
Pepper  
6 potatoes.  
6 carrots.  
6 onions.  
1-2 cup hot water.  
Cut the short ribs in serving size pieces, then brown in hot fat. Season with 2 teaspoons salt and dash of pepper. Add hot water and cover tightly. Bake in slow oven, 300 degrees, for about 1-1/2 hours, or until the meat is tender. Add the potatoes, carrots, onions and the remainder of the salt 45 minutes before removing from the oven.

Menu: Braised beef with potatoes, carrots and onions, apple-raisin salad, biscuits, butter and steamed cherry pudding.

Cleaning out fire hazards is another form of life insurance, since some 3,500 farm residents are killed by fire each year.

By the Federal Power Commission. The immediate result is strangulation instead of regulation of the industry. The ultimate result is a restrictive economy which displaces the expanding economy which enables America to provide for the world's needs in this tragic hour.

The bold attempts of subordinate public officials to change the American way of life by advancing their own ideologies instead of carrying out the will of Congress should be checked pronto.

## HUMAN SMASH-UPS INCREASE

Women, particularly those who drink to excess, "smash-up" sooner than men.

This is the opinion of physicians, psychologists and professors who treat the neuroses and psychoses attendant to overindulgence in alcohol. It is also the opinion and experience of Alcoholics Anonymous. In this organization there are 8,000 members—one-half of them women.

According to a spokesman for Alcoholics Anonymous, women often "smash up" at 30, while the average man lasts until he is 40.

The mortality rate for women drinkers in 1945 was 12.2, according to Dr. Frederick I. Hoffman, famous mortality statistician for insurance companies. Yale University's School for Alcohol Studies recently found two things—that three million people in the United States "drink too much," and that at least one out of every seven of these three million are women who drink steadily.

Dr. Paul Studenski, professor at New York University, found in a recent survey that young women

are drinking more than ever and Mildred McAfee Horton, president of Wellesley College said just last month that "college girls are drinking more than they used to."

The Chicago Woman's Christian Temperance Union says 90 percent of the inmates of institutions for alcoholic cures are women and that 97 percent of them are housewives.

The alarming increase in women becoming exposed to physiological damage and becoming "smash-ups," as doctors term such cases, should prompt groups concerned with the matter to undertake a rigorous public campaign to curb the increase.

## CHOOSING

The strongest principle of growth lies in human choice.—George Eliot.

The measure of choosing well, is, whether a man likes and finds good in what he has chosen.—Lamb.

Choose always the way that seems the best, however rough it may be; custom will soon render it easy and agreeable.—Pythagoras.

The objects we pursue and the spirit we manifest reveal our standpoint, and show what we are winning.—Mary Baker Eddy.

Men must be decided on what they will not do, and then they are able to act with vigor in what they ought to do.—Mencius.

A determinate purpose in life and a steady adhesion to it through all disadvantages, are indispensable conditions of success.—W. M. Punshon.

*You are cordially invited to an exhibition of a new kind of transportation featuring America's first Dayliner - "CITY OF NEW ORLEANS"*

Fulton  
Illinois Central Station  
Thursday, April 17th  
3:00 p. m. to 4:00 p. m.

Coach seats made for perfect relaxation. Scientifically designed leg rests that bring you to your destination feeling fresh as a daisy.

In the dining car, the lounges and observation cars you'll find the finest of everything—priced to please your purse!

It's coming! A new kind of train! And a new kind of travel! Super de luxe, yet economical. Swift, yet so pleasant you'll regret the speed of passing hours. A history making train—the first to make a start-to-finish, morning-to-night run of 921 miles between Chicago and New Orleans—the first ever to offer daytime service between the Great Lakes and the Gulf. Mark your calendar! Don't miss inspecting this magnificent new Illinois Central all-coach streamliner. In daily service April 27th.

## ILLINOIS CENTRAL RAILROAD

MAIN LINE OF MID-AMERICA

**The Fulton County News**J. PAUL BUSHART  
Editor and Publisher

PUBLISHED EVERY FRIDAY

Entered as second class matter June 28, 1933, at the post office at Fulton, Ky., under the act of March 3, 1879.

OBITUARIES. Card of Thanks, Business Notices and Political Cards charged at the rates specified by advertising department.

Subscription rates radius of 20 miles of Fulton \$1.50 a year. Elsewhere \$2.00 a year.

**FARMER ROBS HIS COWS**

A farmer who puts out a block of salt for his cattle and says, "Come and get it," is certainly robbing his cows, declares J. A. Hayes, agricultural agent of the Illinois Central Railroad, of Paducah, Ky.

This is like the farmer's wife who invites neighbors in for Sunday dinner and gives them a salt shaker filled with wet salt which will not pour.

Cattle need about one ounce of salt per day, and this amount they cannot get from a block of salt, without making their tongues sore. Much better than this method is to use loose salt and mix it in right proportions in feed, or by itself in a mineral box, conveniently placed so as to be readily accessible to the cattle throughout the day.

By using this method, dairymen find their cattle will keep in healthy condition and give them more milk daily, while beef producers will find their cattle put on gains faster and more economically.

The optimist says his glass is half full; the pessimist says his is half empty.

**FARM IMPLEMENT SERVICE**

Be wise! Save money by letting us repair machinery and equipment before minor troubles become major ailments. Our experienced farm implement mechanics will do reasonably priced repairs now that will save you money later on. Call us today.

**FULTON BASEBALL OFFICIALS VISIT  
TRAINING CAMP AT BAY ST. LOUIS, MISS.**

Fulton may be Class D in the Minors—but local baseball officials are ace high when it comes to enthusiasm and getting the ball "rolling" early. Preparatory to the opening of Spring practice sessions at Fairfield Park here, local officials visited the training camp of the Memphis Chicks at Bay St. Louis recently to look the boys over. In the group above are: (1) Doc Prothro, Manager of the Memphis Chicks; (2) J. R. Happy Hogan; (3) F. A. Homra; (4) Johnny Gill, manager of Fulton club; (5) K. P. Dalton, president of Fulton club; and (6) H. H. Bugg.

**ILLINOIS CENTRAL  
STARTS PSYCHOLOGY  
CLASS OF 27 MEN**

With the twin aims of developing the basic qualities of leadership and improving job relations, the Illinois Central Railroad opened a psychology class in Fulton last Friday, with 27 employees enrolled. Fulton is one of 19 points along the railroad where these classes are being conducted. Dr. James Calvin, University of Kentucky, is in charge

of the classes here and at Paducah. Officers and supervisors enrolled in the industrial psychology class here.

E. R. McMahon and H. A. Rust, trainmasters; T. C. Nelms, traveling engineer; C. S. Selon, fuel engineer; A. H. Brown, supervising agent, Chicago; J. H. Cavender and R. M. Lynch, general yardmasters; S. H. Steel and H. P. Workman, yardmasters; H. N. Strong, crew inspector; F. A. Kilpatrick, assistant trainmaster; V. J. Voepell, round house foreman; M. E. Daws,

car foreman; L. S. Beadersley, assistant car foreman; W. C. Jacob, assistant division elec., foreman; W. T. Sullivan, agent, Mayfield; J. E. Milner, agent, Dyersburg; C. B. Johnson, special agent; G. M. Jones, lieutenant; J. A. Bowers, storekeeper; L. R. Willingham, dist. foreman; R. F. Kelley, commissary storekeeper; J. A. Paris, gen. foreman; Ben Schwerdt, supervisor water works; J. S. Mills, D. T. Crocker and I. D. Holmes, track supervisors.

The class will receive 32-hours of instructions at the Young Men's Business Club on Lake-st.

**SUNDAY, APRIL 13  
CHRISTIAN SCIENCE**

"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon which will be read in all Christian Science churches throughout the world on Sunday, April 13, 1947.

The Golden Text is "Art thou not from everlasting, O Lord my God, mine Holy One? we shall not die. . . Thou of purer eyes than to behold evil, and canst and look on iniquity." (Hab. 1:12, 13).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And God saw everything that he had made, and, behold, it was very good. And the evening and the morning were the sixth day." (Gen. 1:31).

**LITTLE**

In great matters men show themselves as they wish to be seen; in small matters, as they are.—Gama-liel Bradford.

It's just the little homely things, The unobtrusive "friendly" things, The "won't-you-let-me-help-you" things that make our pathway light. Grace Haines.

**Removal Notice!**

I wish to announce to the motoring public, and to my friends in this vicinity, that I have moved my body repair shop from its former location in the building just back of Jones Auto Parts Co., on State Line Street to—

**THE MARTIN HIGHWAY AT THE  
RAILROAD CROSSING IN SOUTH FULTON**

We solicit and appreciate your patronage. We do any kind of automobile body and fender work. You'll like our workmanship and service.

## DEATHS

MRS. H. G. BOAZ

Mrs. Hattie Gholson Boaz, 67, died Monday morning at the Jones Clinic. Funeral services were held Tuesday afternoon in the chapel at Hornbeak Funeral Home with the Rev. B. J. Russell officiating. Interment was in Boaz Chapel cemetery in charge of Hornbeak Funeral Home.

Mrs. Boaz was born in Obion County, Tenn., on December 9, 1879, and held membership in the Boaz Chapel church for many years. She moved to Fulton eight years ago, moving her membership to the Fulton Methodist church.

She leaves one son, Paul Boaz of Fulton; one brother, Ben Gholson of Fulton; one grandson, Robert Boaz of this city. Her husband preceded her in death in 1938.

## JAMES W. WALLACE

James W. Wallace, son of the late Mr. and Mrs. Stephen Wallace, died at his home near Limbs Store, after a short attack of pneumonia, Friday. Funeral services were held at Alamo Baptist church Saturday afternoon by Revs. Green Cooper and W. A. Boston. Interment in a nearby cemetery in charge of W. W. Jones & Sons.

Mr. Wallace was 93 years old, and had lived most of his life in his community. He married Mary Ann Morgan and one daughter was born. She with his companion preceded him in death. He later married Mollie Baley and four children were born. His companion and four children preceded him in death, and he later married Miss Alice Ramsey and eight children were born.

He leaves his companion; three sons, Jim and Eugene Wallace of Sharon, Tenn.; Hann Wallace of Chicago; four daughters, Mrs. Robert Burkett, Mrs. John Garrett and Mrs. Burnice Anderson, all of Union City; Mrs. Effie Roberts of Troy, Tenn.; twenty grandchildren, three great grandchildren and one great great grandchild.

## MRS. CLERCY BRUNDIGE

Mrs. Clercy Fowler Brundige, 52, daughter of the late Mr. and Mrs. Coleman Fowler, died suddenly of heart attack in her home at Gleason, Tenn., on April 3. She had been in poor health for some time. Funeral services were held at Gleason Baptist church by Revs. J. R. Cooper and H. A. West on Thursday afternoon of last week. Interment in Hopewell cemetery.

Mrs. Brundige was born north of Dresden, April 31, 1894. She married John Bell Brundige, Dec. 23, 1908, and one son and one daughter were born. She was an active member of the Gleason Baptist church, and had many friends.

She leaves her companion; one son, Paul of Gleason, and one daughter, Mrs. Horace Blackburn of Trenton, Tenn.; five grandchildren.

## MRS. LORA M. OWEN

Mrs. Lora M. Owen, 71, died Sunday at 11:30 o'clock at the home of her daughter, Mrs. Frank Midyett, 112 Taylor-st., in South Fulton. Funeral services were conducted Tuesday at the Hornbeak Funeral Chapel by the Rev. J. A. Kelly of Mayfield. Interment was in Camp Beauregard cemetery near Water Valley with Hornbeak Funeral Home in charge.

She leaves three daughters, Mrs. John Howell and Mrs. Novella Mears of Detroit, and Mrs. Midyett of this city; one son, Thomas Owen, Milwaukee, Wis.; two sisters, Mrs. Ancy Yates of Fulton and Mrs. Lela Casey of Pilot Oak; one brother, Fenner Waller, Milan, Tenn.; a niece, Lorene Boyd, Detroit; five grandchildren, several nieces and nephews.

Mrs. Owen was born in Milan, Tenn., and was a member of the Hickory Flat, Tenn., Methodist church. She had made her home with her daughter here since 1939. Her husband died in 1923.

## MISS MINNIE SWIFT

Miss Minnie Swift died Tuesday morning at the home of her great-niece, Mrs. James Cheatham, 505 Arch-st., Fulton. Funeral services were held Wednesday afternoon at Hornbeak funeral chapel with the Rev. Sam Ed Bradley officiating. Interment was in Fairview cemetery in charge of Hornbeak Funeral Home.

She leaves two nieces, Mrs. Ruby Harper of Fulton and Mrs. R. H. Shreve of Chicago; one nephew, Freeman Swift of Fulton; one sister-in-law, Mrs. H. E. Swift of Fulton; several great nieces and great nephews.

## Your Family Will Like It Here

Families like our style. They like the food—the pleasing, surrounding—the congenial atmosphere—yes, and our moderate prices, too. Give mother a chance to enjoy herself where there's no cooking—and no dishwashing to be done. Just bring the whole family here for dinner.

## RUSHTON'S CAFE

Hugh Rushton, Prop.

## Announces Details of \$20,000,000 Price Reductions

Details of the recently announced International Harvester policy of making price reductions to save users of our products approximately \$20,000,000 a year have now been worked out.

We have reduced prices on 163 models. These cover 12 basic models of farm tractors, 123 basic models of farm machines, 16 basic models of industrial tractors and engines, and 12 models of motor trucks, as well as certain motor truck attachments. The new lower prices are effective as of March 10, 1947.

These reductions were made not because of any decline in demand, but because we believe nothing is more important to this country than to lower the prices of the goods people buy.

While prices have not been changed on all products, we have made reductions wherever possible, in the amounts possible. Prices of many of our most popular products have been substantially lowered.

Altogether, more than half of the company's customers will be benefited by the reductions, which range from 1% to 23.8% and from \$2.50 to \$300 per item, based on list prices, F.O.B. Chicago.

Since the people have demanded that the government withdraw from price control in peacetime, the responsibility to keep prices in check is back where it should be—in the hands of business and industry. The business outlook makes it possible for us to move toward the goal of lower prices, and we have felt a duty to act as promptly as possible.

Our ability to maintain these lower prices will depend on the supply and price of materials we buy from others and on uninterrupted production at reasonable wage levels.

The prices listed here carry out our announced policy that "Any price is too high if it can be reduced."

## 25 More Types of Products

Plows—52 models reduced from \$9.00 to \$20.00 (3% to 10.7%).  
Cultivators—13 basic models reduced \$5.00 to \$10.00 (4.5% to 7.4%).  
Listers and Middlebushers—7 models reduced \$5.00 in each case (2.8% to 4%).  
Corn Planters—4 basic models reduced \$5.00 in each case (3% to 4.8%).

Mrs. Georgia Moore spent Monday with Mrs. Nora Copelen.

Martha Kay Copelen visited Pressie Moore and family Monday. Kenneth McClanahan is ill with mumps.

Mr. and Mrs. Elmoore Copelen and daughter, Mrs. Pulley and Mrs. Nora Copelen visited awhile Thursday night with Mr. and Mrs. Herman Elliott.

Mrs. Nina Moore, Misses Ina Bellew Narie, Marie and Gladys Moore spent Tuesday with Mrs. Thelma Dillon.

Several from this community attended the program at Crutchfield Wednesday night, given by Less Morgan and his Ozark Play Boys.

Mrs. Jennie Pully is spending a few days with friends in Fulton.

Mr. and Mrs. Bernia Patrick spent Saturday night and Sunday with Marshal and Johnie Moore.

Bro. Wilson and Mrs. Maud Elliott spent awhile Saturday night with Pressie Moore and family.

Mr. and Mrs. Edd Cardwell visited Mr. and Mrs. Pat Snow Sunday afternoon.

Sandra Hale spent the week end with Martha Kay Copelen.

**CAYCE F. H. A. NEWS**

The Cayce F. H. A. Chapter held its regular meeting on April 4. Minutes of the previous meeting were read and approved.

F. H. A. girls plan a trip to Mammoth Cave on the week end of May 9th if a bus can be obtained for transportation.

A District F. H. A. meeting was held April 6 at the Murray Train School. The president, Mary Jane Bondurant; vice-president, Elaine Rice; secretary, Manon Scott; treasurer, Bobbie Sue Buchanan; two delegates, Ruth Jean Bondurant and Wanda Stallins; Miss Pauline Waggoner, advisor, attended the meeting.

Our club entered scrap books in an exhibit, gave a demonstration of an opening ritual, and told of successful recreational activities, and suggested "Kentucky F. H. A. Flashes" for the name of the state F. H. A. newspaper.

The F. H. A. play is in progress and will be presented on Friday, April 25.

Shrubs around the school grounds have been pruned by the club.

The next meeting of the club will be held on April 18.

Several sprays have been developed to kill weeds, but the best garden weed killer is still the hoe. Don't let a late start discourage gardening; Nature may postpone spring, but she hasn't put off our appetites.

**UNCLE HANK SEZ**

THERE'S TOO MANY GOOD FOLKS IN THIS HERE WORLD FER A FELLER TO ASSOCIATE WITH THEM THAT'S NOT.

PLAY SAFE . . . bring your clothes to the **QUALITY CLEANERS**. Regular cleaning not only keeps you looking tip-top . . . it makes clothes last longer. Embedded dirt wears delicate fibers . . . makes fabric weak. **DON'T TAKE CHANCES.** Let us clean your clothes and hats, regularly.

## Regains 12 Lbs. Taking Retonga; Back At Work

When He Got Back From Europe He Felt Like A Wreck, States Well Known Veteran. Can Eat Plenty Now, Sleeps Fine And Feels Lots Stronger.

"Retonga is the only medicine I found that gave me the relief I needed and I wish I could tell everyone suffering as I did about it," gratefully states Mr. Woodrow Cook, well known farmer of Route 2, Westmoreland, Tenn., and a veteran of nearly two years service in the army in Europe.

"When I got back from army service I felt like a wreck," continued Mr. Cook. "My weight was down nearly twenty pounds, I had no appetite, and what I ate seemed to

give me no strength. Everything seemed to sour and cause so much gas in my stomach it was often hard for me to get a deep breath. Sometimes I felt so shaky I had to lie down for a hour or more. I had to take harsh purgatives regularly, I felt too high strung and jittery to sleep much, and I felt so weakened I sometimes thought I would never get back on my feet.

"Retonga soon gave me wonderful relief. I eat with a splendid appetite. I have regained twelve pounds, and I have discarded harsh laxatives. I sleep fine, and feel so much stronger I can now work hard every day. Retonga beats any medicine I ever saw."

Retonga is a purely herbal gastric tonic combined with Vitamin B-1. Accept no substitute. Retonga may be obtained at City Drug Co.

Adv.

## SALE FOR TAXES

I. A. G. Wynne, Sheriff and Tax Collector of Fulton County, Kentucky, will on Monday, April 14th 1947, beginning at the hour of 1:30 p. m. Standard Time, at the north door of the Court House in the city of Hickman, County of Fulton, State of Kentucky, sell the following Tax Claims, listed each Taxpayer as follows. The number of each tax receipt, amount of taxes for the year 1946, together with penalty, advertising and sheriff's fee. These delinquent tax claims when sold become a lien upon the property described on the face of each tax bill and are subject to 12 per cent per annum and cost.

Weakley Ranks Second  
In Farm Bureau Members

Weakley County Farm Bureau now ranks second in membership in the 90 counties of Tennessee. A big program is ahead in Weakley county, with two-acre cotton project, one acre tobacco project, and the registered gilt pig chain for the 4-H club boys and girls in the county, more members and more thorough coverage of the county is needed. There are boys and girls in each district of the county that possess a talent for leadership. The Farm Bureau will at an early date assist the boys and girls of Farm Bureau families in setting up their own organization, electing from their own group their officers, selecting their meeting dates, and arranging their own programs.

The Farm Bureau's educational program is built around leadership training. This is a self-help educational device. It instills confidence into its participants, develops latent talents, cultivates the power of express, sharpens their ability to analyze, and enable the individual to expand his or her resourcefulness.

The biggest coward in the world is a man who is afraid of a new idea.

You may not be too wise, but if you keep your mouth shut you can fool a lot of people.

## URGING FAMILY BUDGETS

The Institute of Life Insurance recently inaugurated a series of advertisements to proclaim the central theme that family budgets and family happiness go hand in hand.

The advertising campaign was intended as a public service and to help families meet the cost factors of the present day. It recognized that financial problems often cause trouble and urged family financial planning, whatever the income of the family might be.

We call attention to the advertising campaign because the idea has merit and it behooves families in Fulton County to carefully consider their financial status in connection with the family existence. Someone has said that happiness comes to any family which spends less than one hundred per cent of its income and unhappiness is apt to dog any family which spends more than one hundred per cent of its income. The amount of the income makes no difference. The rule is the same.
