Pencil Focusings.

Cassler's stock sale next Saturday.

Go to A. G. Bush for boots and shoes

every one in the jewelry line.

State and county taxes are now due

and it is well to bear in mind the six

percent penalty after September 1st.

About twenty car loads of stock have

passed through the city within the last

few days, bound to different portions of

the south.

The seventh, eighth and ninth grades

of the public school went to the country

Friday for a picnic. The point se-

lected was the poor house spring, four

miles north of the city.

The Knights of Pythias banquet in

honor of H. H. Abernathy has been

postponed for some time—in fact no ac-

tion at all has ever yet been taken by

the lodge on the matter.

The State Board of Equalization has

added six per cent. to the assessed value

of property, both real and personal in

this county adding about \$300,000 to the

assessors' valuation, and making the rate

about 50c.

Little Annie Todd Kelly, Mr. Walter

Kelly's little daughter, who was tossed

by a cow and bruised a little a few days

ago, has recovered from her slight inju-

ries and gotten over her scare. The little

girl had a narrow escape.

Sam Shackelford, of Madison, has

withdrawn from the race as a candidate

for delegate to the national convention

at St. Louis. Robert Vance, of Henderson,

and Peter Berry, of Madisonville, are

the only ones left in the field.

J. J. Conway, of Louisville, introducing

new planters supplies in summer

goods, says trade is not so good

now as a year ago. This was borne out

by Bro. Ducker, of Thompson & Mc-

Reynolds, who said that the doctors

were running his trade, as they were not

giving much medicine now.

Mr. Chas. E. Lacey, in coming down

state Wednesday, fell and dislocated

his left shoulder, also fracturing the

bone. Mr. Lacey has but recently re-

turned from Hot Springs, his health

having been entirely restored. Dr.

Yungus attended to his shoulder and he

is doing well under treatment.

Sue Young was arrested Monday

morning charged with obtaining money

under false pretenses from Tip Irvin.

Young went to Irvin and told him he

needed \$2.00 to finish paying for a

cow, and to him he lent him the

money he wanted. He was up and

went to work until the money was

paid back. Irvin agreed but Young and

his cow failed to materialize, hence the

arrest. The trial will be had today at

10 o'clock.

Judge Winfree concluded that it was

impossible to keep Braxton here and after

the conclusion of the trial Thursday

night the officers spirited him away. He

was taken to Kelly Station and remained

there until Friday morning when he

was carried to Henderson. When the

officers started to jail him he broke

down, cried like a child and trembled

as if with an ague. He begged them

not to put him in jail, saying "they will

kill me; I know they will; take me away,

please; I don't want to be hung."

Ellis Whitlock, colored, the man who

arrested and brought Geo. Nance, the

rapist, to this city last week, states that

he does not think a knife was used by

the brute to accomplish his purpose.

He says the man was caught on two oc-

casions with the child and that this

caused a rupture in the family. (He was

living with the child's mother) and

resulted in Nance leaving and going

over to Tennessee for a week or so.

Thinking that he would not be trouble-

d and returned and then it was that the

child's older sister swore out a warrant

for him. He thinks there is no doubt of

his guilt.

The Baptist church at Pembroke has

called as pastor Rev. T. E. Tiller, of

Louisville, who for some time has been

editorially connected with the Western

Recorder. Mr. Tiller is a graduate of

Bates College at Russellville and also

has taken a full theological course. It

is understood that he will accept the call

to Pembroke.

The election for trustees of the public

school, held in the city court room Sat-

urday, resulted in the choice of Judge J. I.

Lambert, Rev. W. L. Nance and J. F.

Bradford, for the ensuing three years.

These gentlemen are all thoroughly

qualified for the responsible position and

will discharge the duties incumbent

with credit and ability.

Walking along the street on crutches

Friday afternoon, Mr. J. W. W. W.

stumbled and fell against the corner of

the Gant & Gaither Co.'s warehouse,

and got some ugly bruises on his face

and forehead. Mr. Cooper, a druggist,

a lane foot from a recent buggy accident,

and seems to be playing in hard luck

along that line lately.

Ellis Whitlock, colored, who has been

announced to make the race for constable

in this district, has decided that he

will withdraw from the field, owing to

the fact that there is a question of his

eligibility, he not having resided in the

district a sufficient length of time. He

says there is a division of opinion among

the lawyers on the question, and as he

does not wish to damage his party he

will withdraw.

The residence of Peyton and James

Haddock, three miles northeast of

the city, near the Antioch road, was burned

at 10 o'clock Saturday night. The origin

of the fire is a mystery. Nothing was

saved except two feather beds, one of

which Mrs. Jas. Haddock was carried from

the house, she having been confined to

bed for some time from illness. Loss,

about \$1,000.

Geo. Paxton of Clarksville has gone to

Washington to accept the desk in the

comptroller of currency's office recently

tendered his brother, John W. Paxton.

George Paxton resigned the superintend-

ency of the Memphis Dummy Hospital,

which he secured for George Glascock

of Clarksville. Paxton's place will be

in charge of all the national bank ex-

amines and while only pays \$2,000, it

is in a direct line of promotion.

F. B. Brown lost his residence and

other houses in the northern portion of

the county Sunday night, by fire. Mr.

Brown was compelled to move out of

this neighborhood several years ago

owing to the pestiferous effort of some

malignant scourge to burn his prop-

erty. He now lives near Casey. The

house was occupied by a tenant named

Hampstead. This is the second time

that property on this place has been

destroyed by fire. The first time was

by fire in 1890, when the place was

burned by a fire which started in the

kitchen. The place was then owned by

H. Hopper, Jas. Phelps, Joe Fleming,

Joe F. Garrett, John W. Jones and F.

W. Jones. The judge then ordered that

summons issue against these, returnable

on the first day of the next term of the

court to show cause why they did not

appear to serve as jurors. The charge

is conspiracy to defraud. The judge pro-

cesses that they shall, in his court at

least, pay attention to a summons.

The fruit crop in the northern por-

tion of the county is not damaged.

There will be an all-day meeting at

Shiloh church, Sunday. Dinner will be

served on the ground.

has taken a position with the new gro-

cery house of Jno. Richards.

Mr. Barr, of Bowling Green, is in the

county buying cattle for shipping pur-

poses. He will attend the Grange sale.

The refreshing showers of the last

few days came as an answer to the

prayers which have ascended from the

farmers.

A great many of the counties in West-

ern Kentucky have instructed for Jas.

A. McKenzie and Jno. K. Hendrick for

delegates-at-large.

Jno. McKarnand, of Louisville, a

prominent officer of the L. & N. Rail-

road Co., was in the city this week in

his official capacity.

The first issue of the "Criterion," of

Pembroke, is out, though it has not yet

made its appearance on our exchange

table. May good luck attend it.

Henderson Journal: We are glad to

learn that Hon. E. G. Schreier and family,

of Hopkinsville, will remove to this

place in the summer or early fall to re-

Some badly informed tramp burst open the door of George Myers' undertaker's shop last Friday night. He cut his hand badly on the broken glass as he was evading a great loss of blood.

Mr. P. R. Cook, of Cold Creek, went to Springfield, yesterday.

Mr. Veach arrived here with his family yesterday. He is of the age of a young man of railroad laborer.

South Christian Notes.

Howell, May 6.—Wednesday night the young people of this neighborhood assembled at the hospitable bachelors' hall of Mr. W. W. Radford, and passed the night in the most enjoyable manner.

The occasion and his genial, social conversation contributed no little to the pleasure of the guests. Several gentlemen from Clarksville were in attendance.

Miss Beale Burnett, of Hopkinsville, who has for the past several weeks been the guest of Mr. and Mrs. F. M. Quarles, of this city, was in attendance.

What is looking quite well.

Tobacco plants are abundant and the prospects are that a very large acreage will be planted. Already farmers are making extensive preparations for it.

I think I never saw a more beautiful country than that which surrounds Newmarket and Clarksville. The scenery is so beautiful that it is a pleasure to look upon it.

Mr. J. C. McKnight will erect a large tobacco factory at Howell in a short time.

Mrs. V. J. Metcalf, an estimable lady of the Howell neighborhood, is very sick. Her sister, Mrs. Vaughn, of Louisville, is visiting her.

John Cooper, of Lafayette, who has been confined for several months from the effect of injuries received from a runaway horse, is recovering rapidly.

"Christian county would have been far better off without a representative in the present legislature" is what an influential farmer ranted to me several days ago. I find a great many who hold this view.

Mrs. Dr. Bacon and daughter, Miss Suttie, of Calhoun, the guests of Mrs. E. A. Wilson, of Howell.

Miss Nannie Mason, of Nashville, and Miss Nannie Allen, of Glen-Ellen, are visiting Mr. and Mrs. Jesse Evans, of Howell.

Two hundred hogheads of tobacco have been shipped from this point to Clarksville since December last.

John Evans has planted five acres of tobacco.

Cut worms are devastating the corn and clover fields.

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Cough and Croup. Be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived. Insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest Affections. For sale at H. B. Garner's City Pharmacy.

Brookville, Ind., the birthplace of Courtland C. Mason, who was nominated for governor last week by the Democrats of the Hoosier state, has already furnished Indiana with seven governors. If the Democrats of Indiana take all it is probable that all the other male inhabitants of Brookville will stop work and pose as war winners.

The two great parties of the Hoosier state would heretofore jump at the chance of choosing candidates from Brookville.

If the Democrats of Indiana take all it is probable that all the other male inhabitants of Brookville will stop work and pose as war winners.

The two great parties of the Hoosier state would heretofore jump at the chance of choosing candidates from Brookville.

Brookville, Ind., the birthplace of Courtland C. Mason, who was nominated for governor last week by the Democrats of the Hoosier state, has already furnished Indiana with seven governors. If the Democrats of Indiana take all it is probable that all the other male inhabitants of Brookville will stop work and pose as war winners.

What is this Disease that is Coming Upon Us?

Like a thief at night it steals in upon us unawares. The patients have pains about the chest and sides, and sometimes in the back. They feel dull and sleepy; the mouth has a bad taste, especially in the morning. A sort of sticky slime collects about the teeth. There is a feeling like a heavy load on the stomach, sometimes faint, all gone sensation at the pit of the stomach which food does not satisfy. The eyes are sunken, the hands and feet become cold and clammy. After a while a cough sets in, at first dry, but after a few months it is attended with a greenish-colored expectoration. The patient feels tired all the while, and sleep does not seem to afford any relief. After a time the patient becomes nervous, irritable and gloomy, and has evil forebodings. There is a giddiness, a sort of whirling sensation in the head when rising up suddenly. The bowels become constipated; the skin is dry and hot at times; the blood becomes thick and stagnant; the whites of the eyes become yellow and watery, and the urine is scanty and light. Depositing sediment after standing. There is frequently a spitting up of the food, sometimes with a sour taste and sometimes with a sweetish taste; this is frequently attended with palpitation of the heart; the vision becomes impaired, with spots before the eyes; there is a feeling of great weariness and weakness. All of these symptoms arise in turn. It is thought that physicians have mistaken the cause of this disease. Some have treated it for a liver complaint, others for kidney disease, etc., but none of these kinds of treatment have been attended with success; for it is really constipation and dyspepsia. It is also found that Shaker's Extract of Roots, or Mother Seigel's Curative Syrup, when properly prepared will remove this disease in all its stages. Care must be taken, however, to secure the genuine article. IT WILL BE BETTER THAN COTTON.

Mr. John C. Hemphill, of Chulafinn, Chulafinn, Ala., writes: "My wife has been so much troubled by Shaker's Extract of Roots or Seigel's Curative Syrup that she says she would rather be without her food than without the medicine. It has done her more good than the doctors and all other medicines put together. I would ride twenty miles to get it into the hands of any sufferer if he can get it in a short time. I believe it will soon sell in this State better than cotton."

TESTIMONY FROM TEXAS.

Mrs. S. E. Barton, of Varner, Ripley Co., Mo., writes that she had been long afflicted with dyspepsia and disease of the urinary organs and was cured by Shaker's Extract of Roots. Rev. J. J. "Clear, Good People."

News comes to us this morning of a serious and perhaps fatal shooting at Smith with the father and had him arrested. Smith did not deny the charge, but said that the child being the wanted; that the Avery was shamefully abused and neglected by his mother and that he desired to take it to his home and rear it properly. Smith is a married man and has a family.

It appears that Smith and several friends armed themselves and went to Avery's house Sunday night to take the child by force. Avery resisted and opened fire on the party from the house. Frank Smith received a load of buckshot in the breast and shoulder, and is reported to be in a dying condition. The other Smith is dangerously wounded and is in the hospital.

The affair is much to be regretted, as the parties are all clever, good people.—Clarksville Democrat.

Pe-ru has undoubtedly cured more cases of consumption than all the other remedies put together.
