Louisville, Ky., July 11. - The science of politics is one never entirely free from the influence of fashion, however desirable or adverse it may be. At the present time, in Kentucky as elsewhere, a significant number of the active leaders are influenced by the belief that the interests of the State are best served by having more coal mining in the eastern counties, in lieu of the present system of a rather limited wool industry. This may not be quite true, but it is a good idea for them. Kentucky is not a coal mining State. The people of eastern Kentucky and West Virginia do not care to make it a coal mining State. The people of the southern part of the State are more interested in the wool industry. The wool industry is more, much more, a State industry than is the coal mining industry. The people of the south are in favor of the wool industry. The people of the north are in favor of the coal mining industry.

Fulton potatoes are grown in Fulton very small and the quantities of potatoes are not large. However, the potatoes are of good quality and are grown under favorable conditions. The potatoes are shipped to neighboring states and are sold at a good price. The Union is doing a great deal of work in the Fulton area and is able to secure good potatoes at a fair price. The Union is making a valuable contribution to the solution of the agricultural questions that are being considered.

Teaching You Thrift

Practice makes perfect. Schoolmasters of today as well as yesterday constantly repeat that truth. Pupils learn by applying it.

Application of that principle to our everyday habits proves no practical help. We learn by practicing; whether it be a good habit or a bad habit.

This bank teaches you thrift by leading you to practice it. The lesson is easily learned once it is begun. To become perfect in it requires constant practice. A savings account is the most consistent method of practicing thrift.

Do You Know

A question has been raised regarding the statement that "you can only be happy if you go on and stand up for what you believe in, even if it means sacrificing yourself.

The following are some useful tips to make your life more enjoyable:

1. Be kind to others.
2. Always be yourself.
3. Pursue your dreams.
4. Read books.
5. Travel.
7. Eat healthy food.
8. Get enough sleep.
9. Be grateful for what you have.
10. Never give up.

Remember, life is what you make of it. Make it count!
