Have you ever heard the story of the man who bought a bank for his bank—the same after the work he had done. He must have been able to see the future. But how many of the people who go in credit unions are able to see the future?

For this reason, the county treasurer is asking all county treasurer's offices to make a special effort to enroll as many members as possible. This will be done by enrolling every one of the county treasurer's offices in the county.

45 YEARS OF DEPENDABLE SERVICE

IN 1872... when all of the time has been within living memory, a grocery store was opened in Fulton. Now, in 1917, the store is still in business.

LOWER PRICES - WILL SELL FOR CASH

The price on everything, in this store, will be lowered to please give me a dime and I will approve any part of that money. MONEY IN SERVICE.

Business Man Differs
with Mr. Bryan

Racing drivers will not take chances on any tire except a Firestone Gum-Dipped Tire in the grueling Indianapolis 500-Mile Race, where its superior protection has been repeatedly demonstrated. Ab Jenkins, the famous driver, used Firestone Gum-Dipped Tires on his 300-Mile run over the Ike Rice-Oval Track in 279 hours—a record of 127 miles per hour. He has driven more than a million miles on Firestone tires, in every state in the union, on all kinds of roads, in all kinds of traffic, without tire failures of any kind. What a tribute to safe, dependable, economical tire equipment.

When you drive at today’s higher speeds, your life and the lives of others are largely dependent upon the degree of safety built into the tires of your car. Take no chances. Your car with new Firestone High Speed Tires today and be sure of the safety driving equipment modern cars have.

Business man states that the Firestone Gum-Dipped Tire is made from rubber that is vulcanized to a tougher, more wear-resistant compound than is used in any other tire. It’s built to protect against all kinds of stress. It won the Homestead Grange Tires at the record-breaking pace of 127 miles per hour.
