Beckham Will Speak In Fulton on July 27th

The Honorable J. E. R. Shelton, who died in 1913, was the son of J. E. R. Shelton, a resident of Fulton. Shelton was a native of Kentucky and later moved to Fulton, where he became a prominent citizen. He was a member of the Mississippi Valley League, and his death was a great loss to the community.

GOOD ROADS, FULTON COUNTY

To date, Fulton County has spent approximately $200,000 on road work, and the State Highway Department has recently taken over the State Highway from the city of Fulton. In July, construction on the State Highway began near the city of Fulton, extending to and connecting with the Elkhorn City Highway beyond the overbridge bridge, which is a much-needed connection.

Fulton County has had a record of fine work done by the Highway Department, and it is expected that the road will be completed by the end of the year. The work is being done by the city of Fulton, and it is hoped that it will be completed by the end of the year.

To the Fulton Advertiser:--

At every turn, there in Beckham and Perry Bailey, one is being waryed in this campaign with the field. Discussion it was when I was able to give you the facts as to how the matter stands for the Democratic nomination. I am now of course, in the same position as a good many other people, and they have been trying to get the Democratic nomination, so that the problem is how the matter stands for the Democratic nomination, so that it cannot be said that I am in the running for the Democratic nomination. I can say that I am in the running for the Democratic nomination, and that all things considered, I believe that he will not be able to secure any person at any price to him. The matter of one or two hundred votes is not going to be made up of any rotten thoughts or ad

I do not think that there is any foundation whatever for the statements made by the people who have been against me, that Governor Beckham has been under the influence of Percy Italy. I think that it is a matter of fact that Governor Beckham has been under the influence of Percy Italy since first I heard of him. I think that Governor Beckham has been under the influence of Percy Italy since first I heard of him. I think that Governor Beckham has been under the influence of Percy Italy since first I heard of him. Figures obtained from the motor vehicle department and advertising states show that a license on a Ford car costs:
- In Kentucky, $13.57.
- In Indiana, $8.
- In Illinois, $5.

A Ford car license costs:
- In Kentucky, $1.27.
- In Indiana, $1.27.

Kentucky automobile license fees are higher than those of any adjoining state, and the use of gasoline will mean still higher fees for the state treasury. Special taxes can be kept.

The gasoline tax pays more than those of adjoining states. In Ohio, it is $1.31. In Kentucky, $2.21. In Indiana, $1.00. The burden justly on all the people who use the roads. Less for Collection of Taxes. More for the Roads. Complete Road Program.

Practice makes perfect. Schoolmasters of today as well as yesterday constantly repeat that truth. Pupils learn by applying it. Application of that principle to our everyday habits proves its practical help. We learn by practicing, whether it be a good habit or a bad habit. This bank teaches you thrift by leading you to practice it. The lesson is easily learned once it is begun. To become perfect in it requires constant practice. A savings account is the most consistent method of practicing thrift.

Hot Weather Don'ts

People have been "preached to" about the evils of hot weather all through the year. Nothing takes the place of thorough knowledge, but reminders may not be amiss. Familiarity with hot month. The price movement this weather "don'ts" of former year is more comparable to 1925 than 1926! and in 1925 it is well nigh impossible.

Hope of saving someone from years does not lessen the importance of saving some money when the gain amounted to 7%.

Know that overindulgence in iced temperature anti humidity is responsible. The decrease of 1.4, 91, 15 bushels 1927 over 1926 and a 1-year average of 1925-27, 1924; resulting in 1976! and 1924; resulting in 1982.

Community Pride

A great American once said: "July 1. This month's estimate of July 1, 1926, and a 1-year average is an estimate of 1982.
