A MESSAGE FROM OUR PRESIDENT

To the Friends of the Illinois Missions:

One of the leading causes of lower Mississippi River fever is easily disputed. Missions in all parts of the U.S. are noted for her work in the spread of this disease. While it is easy to credit her with the supposed cause, it is also possible to believe that the fever is due to other factors, such as poor sanitation, overcrowding, and inadequate medical care. To prevent any misunderstanding, it is important to note that the missions are actively involved in eradicating the disease and working towards its eradication. They are collaborating with local authorities and other organizations to ensure that all efforts are made to control and eventually eliminate this disease. The missions are committed to providing the best possible care and support to those affected by the disease. They are also working to raise awareness about the importance of hygiene and sanitation to prevent the spread of the disease. In conclusion, while the missions are not the only cause of lower Mississippi River fever, their efforts play a crucial role in fighting the disease and improving the health of the affected populations. The missions are dedicated to their work and are committed to providing the best possible care to those in need. They are working tirelessly to ensure that the disease is eradicated and that the affected populations are provided with the necessary support to overcome this challenge.
After weeks of dickering with the Tennessee Coal and Iron Company, located in Fort Smith, Arkansas, the company's legal department, represented by Mr. Robert J. T. McCullough, has been successful in reaching an agreement with the company's stockholders. The agreement has been approved by the company's board of directors and will be presented to the stockholders for ratification at the annual meeting scheduled for next month.

The agreement provides for the sale of a portion of the company's assets to the Tennessee Coal and Iron Company for a sum of $7.5 million, subject to certain conditions. The sale is expected to be completed within the next six months.

Mr. McCullough, who has been negotiating the agreement for the past six months, said that the company was pleased with the terms of the agreement and that it would provide a much-needed infusion of capital to the company.

The sale will include a portion of the company's coal reserves, as well as its properties in the Fort Smith area. The company has been in financial difficulties for the past several years and has been unable to make payments on its debts.

The Tennessee Coal and Iron Company, located in Fort Smith, Arkansas, is a large mining company with operations in several states. It is owned by a group of investors, including Mr. Alfred W. S. Coates and Mr. Charles W. Bassett.

Mr. McCullough said that the company would use the proceeds from the sale to pay off its debts and to invest in new mining operations. He said that the company would continue to operate its existing mines and that it would maintain its workforce.

The annual meeting of the company's stockholders will be held on the first Tuesday in May, and all stockholders are encouraged to attend.

---

The County Fair has opened today, and the crowds have flocked to the fairgrounds to enjoy the various attractions. The fair has attracted a record number of visitors, and the organizers are pleased with the turnout.

The fairgrounds are decorated with colorful banners and balloons, and the rides and games are open and ready for business. The food stands are serving their usual array of fair food, and the carnival rides are spinning and humming with activity.

The weather is perfect for a day at the fair, with mild temperatures and a gentle breeze. The organizers are hoping for a successful day and are looking forward to seeing everyone.

---

The town of Fort Smith, Arkansas, is located on the banks of the Arkansas River, and the fairgrounds are situated in a picturesque setting.

The fairgrounds are open from 9 a.m. to 9 p.m. today, and the organizers are hoping to see large crowds throughout the day.

---

The fair will continue through the weekend, and the organizers are looking forward to seeing everyone again.

---

The fair is a great opportunity to enjoy the outdoors and to spend time with friends and family. The organizers are hoping that everyone will have a great time.

---

The fair is a great opportunity to enjoy the outdoors and to spend time with friends and family. The organizers are hoping that everyone will have a great time.

The fair is a great opportunity to enjoy the outdoors and to spend time with friends and family. The organizers are hoping that everyone will have a great time.
How to Get the Best Party-line Service

To those who are subscribers to a party line, it may be that the quality of service they get is largely a matter of cooperation upon the part of the owners themselves. For instance, stipulations should be understood at the time they are first put into effect so that other parties may know what can be expected of them. Three years, when a party line is founded to be in use, the records should be studied on the bond immediately to determine the conversations will be interfaced with.

If the receiver on a party line telephone is little while the bell is still ringing, it causes other threads or on the line to ring too.

The observance of the Fulton Pig party line subscribers is essential to good service and threads.

**Teaching You Thrift**

Practice makes perfect. Schoolmasters of today as well as yesterday constantly repeat that truth. Pupils learn by applying it.

Application of that principle to our everyday habits proves its practical help. We learn by practicing, whether it be a good habit or a bad habit.

This bank teaches you thrift by forcing you to practice it. The lesson is easily learned once it is begun. To become perfect in it requires constant practice. A savings account is the most consistent method of practicing thrift.

Saying is a matter of habit. And the habit grows, just like the savings.

To acquire the habit when young is easy, for with small sums it is possible to practice the habit when older with larger sums. So encourage the little fellows to start a savings account early, and watch the habit grow.

Smith's Cafe
BIG DINNER EVERY DAY
50 cents

The Bungalow Craze
Bungalow homes are becoming more popular with us all, once, and watch the habit grow.

FOOD LIKE YOU GET AT HOME
This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat.

Years of catering to the appetites of particular people make it possible for us to serve appetizing meals.

WATER WARE HOUSE

Great Oaks from Little Oaks
The habit grows, just like the savings. And the habit grows, just like the savings.

When you buy John Deere implements you are buying a tradition throughout their whole life.

A Big Advantage on Rough Ground
The high, easy lift of the John Deere Mower is a big advantage in rough ground. You can raise the bar high enough to clear obstructions in the field, and cut with the bar in that position.

John Deere Mower
The Mower with the High, Easy Lift
The powerful 6 ft lift raises the bar 6 ft above the soil, or 4 ft above the bar on mild hills. The high lift prevents the mower from dropping to the ground when operating over rough or broken ground.

The John Deere is simple and sturdy. It is adjusted to cut to the ground and so it is safe and easy to work.

Council Proceedings
Fulton, Ky., Aug. 4, 1927.

The Council met in regular session in the City of Fulton, Kentucky, at the regular City Hall, Thursday evening, Aug. 4, 1927, at the regular hour. After adjournment, Mayor C. Otis Shankle, presiding, the following Councilmen present: Smith, Bennett, Paul D. McCauley, and L. S. Phillips, duly seconded by Smith, all voting aye, Mayor Shankle, presiding.

The Mayor stated that the City was in receipt of a check for the dirt from the streets from Carey Road.

The following bills were read, approved and entered in the accounts for payment on the following day:

1. P. Shankle, presiding and the City Council authorized the following bills:

- George Beadles, Manager Fulton, Ky.

- The Council authorized the following bills:

- George Beadles, Manager Fulton, Ky.
