Here is a Call to All Fulton Citizens to Help Make Fulton the Tops as a Thriving Business Community...

Money Spent in Home Town Stores and Shops Stays to Be Spent Another Day... So, Let's All Trade at Home.

Every Dollar

Spent away from home in other trading centers for home needs, for apparel, for food, for automobiles and upkeep, for amusement, etc., decreases by just that amount, the opportunities of Fulton stores and shops to grow and be able to better serve with larger stocks and wider selections...

... Dollars spent in Fulton stores and shops stay here to help develop home town stores, pay new salaries, increase local revenue, and create business volume upon which communities thrive—Even the smallest Fulton property owner undermines his own investment here when he takes his dollars away from home on shopping tours...

... If Citizens want Fulton to thrive then we should all trade at home and help make our town the TOPS.

The QUEEN MARY...greatest ship in the world...gives her 3,200 passengers and crew ELECTRIC COOKERY

I have a wonderful new job...the very biggest of its kind...I am the chef for the Queen Mary, the world's largest, fastest and most luxurious ocean liner. I have made my mark on the seas. I am the chef who makes voyage on the seas of fame. The Queen Mary's delicious cuisine feeds for the work solely on coal...because I am never satisfied with anything less than the best. I am one of the most recipe-challenged heads of my profession. My job on the Queen Mary is equal to the work I do in a society hotel kitchen. I have a never-failing supply of taste, style, efficiency and innovation in my kitchen. Who don't remember the local meanders immediately to his or her own cook? Well, you're wrong in a big way.

WASHINGTON DAILY
National Topics Interpreted by William Brockett
Washington—A week ago or so it was
said the Senate had been asked to
consider a resolution calling for a
vote on the amendment to the
Constitution dealing with national
security, and that such a vote would
relate to the issue of the Senate's
plan for a national security
commission. This news, however,
was not accurately reported. The
Senate did vote on a resolution
calling for a vote on the
amendment, but it did not relate to
the issue of a national security
commission. The Senate also voted
on a resolution calling for a vote on
the amendment to the Constitution
dealing with national security, but
it did not relate to the issue of a
national security commission.

The news has called attention to
the issue of the Senate's plan for a
national security commission. The
Senate has been asked to consider
the issue of the Senate's plan for a
national security commission, and
that such a vote would relate to the
issue of the Senate's plan for a
national security commission. It is
possible that the Senate will make a
decision on the issue of the Senate's
plan for a national security
commission, but it is not
impossible that the Senate will
make a decision on the issue of the
Senate's plan for a national
security commission.
