## Miss Edwina Jones Of Kuttawa To Be Married to Texan

Mr. and Mrs. George Edward Jones of Kuttawa recently announced the engagement of their younger daughter, Edwina, to Edward Louis Bordeau, of Beaumont, Texas.

Miss Jones has been Hickman County Home demonstration agent for the past four years. She is a graduate of the University of Mississippi at Oxford and attended Murray State College.

Mr. Bordeau, a graduate of the University of Colorado School of mechanical engineering, is employed in Clinton.

Miss Jones is the sister of Mrs. G. C. McClain of Benton, and has visited here frequently.

## "JOE BEAVER"

By Ed Nefziger

"An overpopulation of deer destroys most of the aspen sprouts—beaver food. The forest is harmed, deer die, sportsmen lose and the beaver starves."

Forest Service, U. S. Department of Agriculture

W. H. Watkins of Route 4 was in town Saturday and renewed his subscription to the Courier.

Monroe Green of Mayfield Route 5 was a visitor in Benton last Saturday.

Mrs. W. B. Kennedy of Calvert City Route 2 was a visitor here last Friday.

Ray Burd and Guy Darnell of Route 1 were in town last Friday.

Mr. and Mrs. Leslie C. Parker of Brinkley, Ark., visited Mr.

and Mrs. J. V. Alford of Rt. 3, last Wednesday.

## Stockholders of Wrench Concern Elect Directors

Stockholders of a new company being formed to start a wrench manufacturing plant held a meeting Tuesday night at the old cigar factory here.

The company plans to lease the cigar factory building and to manufacture a new type of crescent wrench.

The meeting Tuesday night was for the purpose of organizing the new company. The stockholders, by secret ballot, elected three directors. They are Harold Brady of Mayfield, Wayne Story of Calvert City

## Homemakers Of Church Grove Hold All-Day Meeting

The Church Grove Homemakers met Friday, Oct. 24, at the home of Mrs. Luther White for an all day meeting.

Eight members, one new member and three visitors were present.

The morning was spent with the business session, some games and songs.

A pot luck dinner was served at the noon hour.

The afternoon was spent on the major lesson, which is in clothing. The subject of the lesson was "Know yourself and What Line Can do for You".

The lesson was given by Mrs. Artelle Haltom.

The November lesson will be on "Section of Fabrics" at the home of Mrs. Harry Henson.

## PERSONALS

Mrs. J. V. Alford, Route 3, was a visitor in Benton Wednesday.

Lee Coursey of Calvert City Route 2 was in town last week and he was rooting for Stevenson for president.

Mrs. E. A. Poague of Florence, Ala., arrived last Thursday to visit the family of her son, Robert Poague, and especially to see her new grandson.

## Like your travel with a JOYOUS THRILL?

WE HAVE NEWS for a lot of folks who want more fun from driving than they get from their present cars.

There's a trim bundle of eager high-powered energy that's just the ticket for you — a spirited automobile that can give you thrill after joyous thrill, for mile after fleeting mile.

Why not come in and try the Buick we have in mind?

The excitement starts with your first look at it, your first sitting in it, your first fingering of its slender wheel.

But wait till Dynaflo Drive\* begins working its magic—and its constant and complete smoothness fills you with never-ending wonder.

Wait till you feel the bubbling exuberance

of taking your first hill with a high-compression Fireball 8 Engine doing the honors. That's when you get a man-sized sampling of the tremendously able and instantly responsive power you command here.

Wait till you feel the serene satisfaction of skimming over rough roads, cobbles or ridged crossings. That's when you know, better than words can tell, what a million dollars' worth of ride engineering can do in the way of magnificent comfort.

Wait till you jockey into a real tight parking space and note the fun and ease that Power Steering\*\* brings to a once-tough job.

But—why wait?

There's a Buick that can do all this — and more, far more — all ready for you to try it.

And listen: If you can afford a new car, you can afford a Buick.

How about coming in this week for a real sampling of this joyous travel?

Equipment, accessories, trim and models are subject to change without notice. \*Standard on Roadmaster, optional at extra cost on other Series. \*\*Optional at extra cost on Roadmaster and Super only.

## Pvt. Groves Wounded in Eyes as Shell Hit His Tank in Korea

The following story about the wounding of Pvt. Louie Groves, son of Mr. and Mrs. Lex Groves, appeared in the Louisville Courier-Journal of Oct. 26.

Here's the story:  
Groves has a happy-go-lucky disposition. He's the kid in the corner-drugstore crowd that the other youths gravitate to. He still has tiny shell fragments in his eyes that make them weep. But he grins all the time. It's a combination that does things to you.

Groves was working in a Benton gas station when he went into the Army. His father, Lex Groves, works for the TVA in Paducah. After basic training at Fort Knox, Groves went to Korea.

Last August 28, Groves and another soldier were sitting in a tank on top of the rim of a valley called the Punch Bowl. They were firing "Willy Peters," shells loaded with white phosphorus, at the Joe Chinks, 2,500 yards away.

The tank was dug in with only the turret showing, but finally the Reds found it with a shell. No damage was done, but Groves decided to lock the pistol port, a 5-inch-square hole through which empty shells were dumped.

To lock it he had to open it and slam it shut. Just as he opened it, a second shell hit the tank and hundreds of tiny shell fragments and dirt particles tore through the opening, and into Groves' scalp, eyes, and right hand.

"The first thing I did was grab the side of my head and see if it was still there," Groves said, grinning. "The gunner asked if I was hit and I said, 'yes,' and he started screaming over the phone."

"I got out through the escape hatch in the bottom of the tank and the medics were already there. I told them I couldn't see, but I didn't need a stretcher. They said, 'Then let's see how fast you can run,' because the stuff was dropping all around us."

Has To Take Stretcher  
Groves ran about 25 yards, but had to take to the stretcher after all. A litter jeep rolled up and took him to a battalion aid station where he was bandaged. A regular ambulance took him away, with a medic holding his head in a blanket. He thought Groves had a skull fracture.

At a regimental station, a helicopter landed. A chaplain stepped out, spoke to Groves, and then the helicopter lifted Groves away to a portable hospital.

"It was my first helicopter

## First Local man many visitors meet

Visiting motorists often form their first impressions of our town from this man... and because of his desire to be of service, it is usually a good one.

He's done as much to boost his community as almost anyone you can mention. His judgment of and directions to local stores, hotels, and places of interest is constantly sought,

and his recommendations send a stream of customers to local businesses.

At the service of motorists during fair weather or foul, he's the man who changed a word in our vocabulary. A man who by his eagerness to serve, taught the motorists of the South that he operates not a "filling station"—but a Standard Oil service station.

## A Plan For The Future Plan Of The Present

CORNELL has a plan which calls for  
a large living-dining room. This room  
separates the service area of the  
house from the bedroom wing. A third bed-  
room is located on the left of the entrance vestibule  
and can be used as a den, office, workroom or  
storage room, if desired. This room is equipped  
with a closet, and is accessible from  
the front and side entrances.  
The modern kitchen is compactly  
designed. There is ample space for a break-  
fast nook under the high storage cabinets  
of the room. The rear entrance

hall leads to the bedroom, lavatory, kitchen  
and basement. It has a shallow cabinet for  
storage.  
The exterior of The Cornell is finished  
with siding on frame construction. It has  
low roof lines and wide overhanging eaves.  
The garage is optional. The Cornell's plan  
has an area of 1,106 square feet and con-  
tains a volume of 21,235 cubic feet, excluding  
the garage.

NELL, write the Small House Planning Bu-  
reau, St. Cloud, Minn.
