More Paved Streets for Fulton

Since the property owners on Care street petitioned the city council to allow them to open up a street to facilitate access to their homes, the city has been working on this project. At their recent meeting, plans were presented for several new streets that are scheduled for paving. The city council has approved the use of a new asphalt mixture that is expected to last longer than the previous mix. The paving will start next week, weather permitting, and is expected to be completed within a month.

High School Notes

The Fulton High School's annual play is set to take place next week. The play is a modern tragic comedy written by a local playwright. The school has invested a lot of time and resources into this production, and the students are excited to see the fruits of their labor. The play will be performed twice over the weekend, and tickets are available at the school office.

South Fulton Council Meeting

Another matter of interest to the council is the proposal to add a new fire hydrant to the street. The city engineer has recommended this due to the increase in population and the need for additional water supply. The council will discuss this proposal at their next meeting.

More Paved Streets for Fulton

The council has decided to pave more streets in the city. This project is expected to improve the quality of life for residents and attract more businesses to the area. The city engineer has recommended the use of a new type of asphalt that is expected to last longer and be more cost-effective. The city council will approve this project at their next meeting.

Additional Street Paving

The city council has approved additional street paving projects in the city. This will improve the safety and ease of travel for residents. The city engineer has estimated that the project will cost $50,000 and will be completed within the next two months.

MRS. T. B. DOAD ACCOMPLISH AFTER FEW WEEKS

The family of Mrs. T. B. Doad moved into their new home last week. The house is located on the city's newest street, and the family is very pleased with the location and amenities. The family has been working hard to make the house their own, and they are looking forward to many happy years together.

MAYOR SHANKLE RECVRING FLYING FROM ILLNESS

Mr. Shankle, the mayor of Fulton, has been recovering from a severe illness. He was taken to the hospital last week due to a severe infection. The doctors have advised him to rest for a few weeks before resuming his duties.

SODALITY NOTES

The Sodality of the Catholic Church has been active in the city. They have been working to improve the community and are planning several events for the upcoming year. The Sodality has been working closely with the city council to ensure that their events are beneficial to the community.

The Sodality is planning a fundraiser for a new school building, and they are seeking donations from the community. The fundraiser will be held next month and will include a dance and a silent auction.

More Streets Paved

The city council has approved plans for more street paving projects in the city. This will improve the safety and ease of travel for residents. The city engineer has estimated that the project will cost $50,000 and will be completed within the next two months.

A VISITING ENGINEER

A visiting engineer has been inspecting the city's water system. He has been evaluating the system's capacity and recommending improvements to ensure a steady water supply for the residents. The city council will consider his recommendations at their next meeting.

Dear Sir:

I am writing to express my appreciation for the recent improvements made to the city's water system. The system is now much more reliable, and I am confident that it will continue to serve the residents for many years to come.

Sincerely,

FOOD LIKE YOU GET AT HOME
This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat. Years of catering to the appetites of particular people make it possible for us to serve appetizing meals. The next time you want to eat away from home, bring your family here.

In Case of Emergency

When you want a thing in a hurry you rush to a local store and get it. But do you realize that the existence of our stores depends upon continued business.

If every person in this community were to use the stores only for emergencies there would soon be no more places to satisfy those urgent needs.

You should do your part towards keeping local business alive and in a constant state of business by doing all your trading at home. It will be profitable to you as well as to the entire community.

Patronize the advertisers in this paper. They are your friends and will give you the best values and service.
Teaching You Thrift

Practice makes perfect. Schoolmasters of today as well as yesterday constantly repeat that truth. Pupils learn by applying it.

Application of that principle to our everyday habits proves its practical help. We learn by practicing, whether it be a good habit or a bad habit.

This bank teaches you thrift by leading you to practice it. The lesson is easily learned once it is begun. To become perfect in it requires constant practice. A savings account is the most consistent method of practicing thrift.

The Farmers Bank

The One Occasion where one must be absolutely sure is when a funeral director is called. One cannot afford to take a chance on inferior service at such a time.

It is mainly to teach folks where to get the kind of service they wish that these talks are appearing in this paper.
