### More Fourth St. Improvement

Read & Little to Build Attractive Filling and Service Station

Read & Little, the well known Dodge dealers, have purchased the Johnson property opposite their garage on Fourth street where they will erect an attractive filling and service station. The lot is 50x100 feet, an ideal site and pivotal location where Third intersects Fourth street, one of the prominent thoroughfares of the city.

In viewing the plans, we can visualize one of the most handsome filling and service stations in Western Kentucky, where service reigns supreme.

The building will probably be of steel and concrete, finished in plate glass, and Kellastone, splashed with ornamental pebbles. Massive columns and an attractive electrical sign will add to the artistic effects and architectural beauty. Every modern convenience will be provided, ladies' rest room, office, supply department, four gas pumps, circular drive ways and in fact, everything connected with an up-to-the-minute filling and service station.

The firm of Read & Little enjoy an extensive automobile and tire business, that's why Dodge cars are prominent on the streets of Fulton today. While Ira W. Little, member of the firm, has only been engaged in the auto business in Fulton six or seven years, his

brother, L. H. Read, was the first man to drive a car over our city streets. They maintain a garage second to none in the city and employ skilled mechanics in their repair department. Their latest contemplated improvement is only in keeping with their ideals in serving the public and will be an attractive addition to "Automobile Row."

#### BIG REAL ESTATE DEAL

One of the largest real estate deals recently in this vicinity was closed this week when Read & Little sold their Missouri plantation of 720 acres across the river from Hickman to Paul Choate of Fulton county. In the deal Messrs. Read & Little become the owners of 280 acres, known as the John Jordan farm near Clinton, Ky.

#### LIGHTNING PRANKS

Sunday afternoon during the rain, lightning struck the residence of A. W. McClellan, 504 Eddings street, tearing a hole in the roof the size of a dinner plate and knocking off several strips of side board in the gable end and above the porch. Inmates of the house were slightly stunned but not injured. The damage to the dwelling was only slight.

#### TWO MEN INJURED WHEN TRAIN HITS AUTO SUNDAY

A Ford car occupied by King Henderson, of Fulton, and Tom Henderson, his uncle, of Illinois, was hit by an I. C. train Sunday afternoon at State Line crossing near Browder's Mill. The car was demolished and both men were injured. Those who witnessed the accident and first on the scene thought that Mr. Tom Henderson was killed, but on closer examination, found him alive when he was removed from the wreckage. After first aid treatment, the two men were taken to the home of King Henderson, on McDowell street. Both men may recover from the shock and injuries, but the elder Henderson received a frightful scalp wound with minor injuries.

### City Ordinance

An Ordinance providing for the improvement, construction, and reconstruction of Carr street, including curbing and guttering, in the City of Fulton, Kentucky.

WHEREAS, the Board of Council of the city of Fulton, Kentucky, adopted a resolution at a meeting held on the 7th day of March, 1927, declaring the necessity for and the purpose of said city to cause certain streets and parts of streets therein named, including Carr street, to be improved as specified in said resolution; and

WHEREAS, said resolution was approved by the Mayor of said city and published on the 11th day of March, 1927, in the Fulton Advertiser, a newspaper printed in the City of Fulton, Kentucky, and of general circulation therein; and

WHEREAS, more than thirty days have elapsed since the said publication of said resolution;

NOW, THEREFORE, be it ordained by the Board of Council of the city of Fulton, Kentucky, as follows:

Section 1. That Carr street in the city of Fulton, Kentucky, from the north line of the State Line Road to the south line of Valley Street, shall be improved, constructed, paved, surfaced and resurfaced, and finished by the construction on each side of the roadway of a combined concrete curb and gutter where required. The roadway between the gutter line of said street shall be graded or regraded, paved or repaved, surfaced or resurfaced, constructed or reconstructed with one or more of the following materials: Brick, Warrenite Bitumastic, Willite Sheet Asphalt, Willite Asphaltic Concrete, Sheet Asphalt, Asphaltic Concrete or Rock Asphalt, all on concrete base, or Plain or Reinforced concrete pavement. The details of said improvement with each type is shown by the plans and specifications referred to in Section 2 hereof, and the character and type or types of improvement and construction and the kind of material or materials to be used on the improvement of said street are to be determined by the Board of Council of the City of Fulton, Kentucky.

Section 2. That the construction of said street, and curbs and gutters, shall be in strict accordance with the grades, plans and specifications prepared by Messrs. Black & Veatch, Consulting Engineers of the city of Fulton, Kentucky, or as made or changed and modified by the Board of Council of the city of Fulton, Kentucky, which grades, plans and specifications have been approved and adopted by the Board of Council of the City of Fulton, Kentucky, and are now on file in the office of the Clerk of the Board of Council of said city, and the same are hereby made a part hereof by reference as fully as if copied herein.

Section 3. That the cost and expense of said improvement, construction and reconstruction (except as otherwise provided in this section) including storm sewers and appurtenances shall be borne exclusively by the owners of real estate abutting on said street so improved and according to the number of the front feet of the real estate abutting thereon and in proportion to the whole number of the feet of the block fronting or abutting on said street; the cost of improvement of each separate block on said street so improved shall be taken separately as aforesaid against the real estate abutting thereon. The cost and expense of the improvement, construction and reconstruction of street intersections and street and alley intersections shall be paid one-half by the owners of the real estate abutting on said street so improved and apportioned and assessed equally by the front

foot against the real estate abutting thereon in each block adjacent to the intersections improved; the owners of more than one-half of the number of feet of property upon said street having heretofore filed with the Board of Council of said city of Fulton a petition requesting it to pass an ordinance requiring said improvement to be made at the expense of the owners of property abutting on said street and that one-half of the cost and expense of the improvement of street intersections and street and alley intersections be assessed against the abutting property owners on said street, the remaining one-half of the cost and expense of the improvement of said intersections shall be paid by the city of Fulton, Kentucky. The remaining one-half of the cost and expense of the improvement of said street intersections shall be paid by the city of Fulton, Kentucky, together with the cost of said improvement abutting upon any property owned by a cemetery company, public school district, county, state or United States Government, unless such cemetery company, public school district, county, state or United States Government, shall as provided and authorized by law contribute thereto; and further the said city of Fulton shall pay the cost and expense of said improvement apportioned, against any real estate owned by said city abutting upon said street, and in addition thereto the said city shall pay the cost and expense apportioned, as above provided, against any property owned by a cemetery company, public school district, county, state or United States Government for the improvement of said street intersections and street and alley intersections. The entire cost of the construction of curbing and guttering shall be assessed against the property where such curbing and guttering is made and exclusively against the real estate abutting on said street where such curbing or guttering is made.

Section 4. The construction of said street shall be let in one contract. Said contract shall be let on competitive bidding to the lowest and best bidder after advertisement as herein provided, but the right is hereby expressly reserved to reject any or all bids at the discretion of the Board of Council of said city. The Board of Council of said city after the bids are received and opened and before any contract is awarded for said construction will determine which kind or type of material and surfacing shall be used in the construction or reconstruction of said street. The Mayor of the city of Fulton, Kentucky, is hereby authorized and directed to advertise for bids for the said improvement by the publication in the Fulton Advertiser, a newspaper published in the city of Fulton, Kentucky, and of general circulation therein, for two consecutive weeks, and he will require said bids to be furnished in accordance with the instructions to bidders as outlined and specified by the said Messrs. Black & Veatch, Engineers, and which instructions are attached to and made a part of the plans and specifications herein before referred to. Said bids shall be sealed and endorsed "Street Improvement Bid" and filed with the Clerk of the Board of Council of said city who shall keep them and open them in the presence of the Mayor and Board of Council of said city. Each bid shall be accompanied by a cashier's check on a solvent bank in the sum of \$1,000.00 made payable to the City Treasurer of Fulton, Kentucky; checks of unsuccessful bidders will be returned when the bids are rejected and the check of the successful bidder will be cashed and deposited

### W. M. Hill & Sons Awarded Contract

For Building Fourth Street Bridge. Large Crew at Work Now on Construction. Will be Completed in 30 Days.

#### COUNCIL PROCEEDINGS

The city council met in called session Monday night with Mayor Shankle presiding and the following councilmen present: Phillips, Atkins, Hanne, Bennet and DeMyer.

After the reading and adoption of minutes of previous meeting the ordinance for Carr street improvement was brought up for its second reading and turned over to the city printer for publication in the Advertiser.

R. M. Alford presented a petition signed by the majority of the property owners on Fourth street asking that their street be paved was read by City Clerk Chapman and accepted by the council.

Bids of contractors for building Fourth street bridge were opened and read by the clerk and after some discussion Mayor Shankle requested Engineer Hopkins and the street committee to retire and tabulate the bids. After returning to the Council Chamber further discussion regarding the moving of the old bridge was indulged in and the letting of the contract was deferred until Tuesday night when the council met in adjourned session and awarded the contract of building Fourth street bridge across Harris Fork Creek to W. M. Hill & Sons for the sum of \$7,377.75, they being the lowest and best bidders. Work of construction will begin at once and completed within 30 days.

The following contractors submitted bids: Carey-Reed company, of Lexington, Ky., \$7,490.00; W. M. Hill & Sons, of Fulton, \$7,377.75; Landon Bros. & Euell, of Dyer, Tenn., \$8,921.00.

Before opening bids, Monday night, Ex-Mayor R. H. Wade announced to the council that he would furnish the money to finance the project on a 12 months' note or longer if desired.

At Tuesday night's meeting Councilman Phillips brought up the water question regarding South Fulton and reported what had been done at former

meetings with the South Fulton council. In the absence of Councilman Merrell, chairman of the Water Works Committee, no definite action was taken. After Mr. Phillips' report, the council voted an invitation to the South Fulton council to meet with them at their next regular meeting, when the water question would be discussed and settled to the satisfaction of all concerned.

After thanking Mr. Hartig, sewer contractor, for the splendid services rendered the city during his stay here, the council adjourned.

#### BUSTER KEATON COMING IN "THE GENERAL"

"Frozen-Face" in Civil War Comedy Spectacle to Be Shown at Orpheum, Sept. 26 and 27

Buster Keaton—he of the frozen face—comes to the Orpheum Theatre next Monday in "The General," his great comedy spectacle of the sixties, the comedian's most pretentious effort. "The General" cost \$500,000 to produce and it is Buster's first United Artists picture, placing him in the same category with Mary Pickford, Gloria Swanson, Charlie Chaplin, Douglas Fairbanks, John Barrymore and other dominating film stars who comprise United Artists membership.

"The General" is based on actual historical fact. The Andrews Railroad Raid of 1862 inspired the comedian to make a huge comedy spectacle, with thousands of soldiers and lavishly sets in nature's studio, with three Civil War railroad engines bumping over the ties and jouncing audiences out of their seats with laughter. Marian Mack, a brunette, is the Southern belle for whom the gallant Buster stakes his shirt—the gray flannel one.

Nearly all of the action is hilarious, swift-moving railroad fun, with Buster as the engineer of The General, a historic engine of the sixties which was chased and was chased by another iron horse all over the countryside.

part of the plans and specifications and instructions to bidders as herein before mentioned and approved.

Section 7. The contractor shall execute a further bond in the sum of 25 per cent of the amount of the contract with such surety as shall be approved by the city guaranteeing the pavement as built to comply with the paragraph of the specifications entitled "Guarantees" and guaranteeing the replacement of any and all pavements not meeting the conditions of the guarantee at any time if notified by the city within five years after the date of the acceptance of the work by the city, which bond is to be executed upon the completion of the work and before payment is made therefor.

Section 8. Where any duty is imposed herein or under the law upon the city engineer and power and authority given, Messrs. Black & Veatch, Consulting Engineers of the city of Fulton, Kentucky, are hereby designated as such engineers and representatives of said city in such construction work, and they shall have the power and authority herein imposed, until discharged by said Board of Council, and they

## BOAT EXCURSION

The steamer Island Queen, on which the Fulton Elks lodge B. P. O. E. No. 1142 and Hickman Elks lodge will give a Moonlight Ride and Dance on the evening of Sept. 29, is the world's largest and most beautiful inland water boat, the decks and dance salon of which are enclosed in glass, a feature that is especially appealing on rainy or cool evenings. This palatial oil-burning steamer is on her way to New Orleans, where she will give sight-seeing and dance excursions every afternoon and evening until after the Mardi Gras. The stop here will afford every one an opportunity of seeing this beautiful craft and enjoying an evening ride and dance.

The gorgeously decorated dance salon is surrounded by a balcony on which there are comfortable rocking chairs for those who like to watch the dancers, and on every deck there are clean spacious quarters for sightseers. To see this boat at night, with her more than 4,000 electric lights, is a treat in itself, but to ride on her and to take part in the festivities incidental to a boat ride, is a genuine pleasure.

Music will be provided by a ten piece negro band—an organization that has made a tremendous hit in New Orleans and which has been signed up for the winter season on the Queen. This orchestra is certain to keep the dancers on their toes continually, and as each member is able to double on various instruments the group provides entertainment equal to that of an orchestra two or three times its size.

The Island Queen is unsinkable and is absolutely fireproof. There are more than 30 airtight compartments in her hold, any one of which would prevent the boat from sinking, even if all the others were damaged. The picture reproduced herewith gives some idea of the magnificence and immensity of the craft, which cost more than \$500,000, and has a carrying capacity of more than 5,000 persons.

## TRINITY EPISCOPAL CHURCH

104 Washington St.

Fourteenth Sunday after Trinity.

9:45 a. m. Church School. H. S. Stansbury, Supt.

11:00 a. m. Holy communion and sermon.

7:30 p. m. Evening prayer and address.

Every one cordially invited to attend these services.

**Church News**  
The first evening service of the fall season was held last Sunday night at Trinity, and will be continued throughout the winter.

Dr. Boyd was the guest of Mr. and Mrs. Alex Khourie for supper, Saturday night, and of Mr. R. E. Hubbard, at the Usona, for the night.

Clara Elizabeth Boyd, daughter of Dr. and Mrs. Boyd, was the victim of another accident last Saturday. While swinging in her front yard the rope broke causing her to fall on her neck and shoulders, and while painfully hurt, she was not seriously injured. This small lady had hardly recovered from another fall about two weeks ago, when a tree limb gave way under her weight.

The Woman's Auxiliary met at the Parish House last Monday at 3:30 p. m.

The Y. P. S. S. League met at the Parish House last Monday at 4:30 p. m. Miss Kelenia Cole, President, presided, having returned from a lengthy visit to Chicago, where she attended several interesting meetings of young people.

A class of candidates for confirmation is being formed as Bishop Woodcock is expected to be in Fulton before long. Those who are contemplating being confirmed should sign-

fy their intentions to the rector so he may prepare them for the ceremony. The exact date of the Bishop's visit has not yet been set, but it is hoped that he will be here within a very short while.

On Friday of last week a meeting was held in Louisville of the trustees and others interested in the John N. Norton Infirmary, at which time plans were made for a drive to raise a permanent fund amounting to \$600,000.00 for the purpose of making the institution self-sustaining. Any one desiring further information should inquire of the rector of Trinity or write direct to the Infirmary at Louisville.

## OFF FOR COLLEGE

Now that the vacation period has ended, many Fulton boys and girls are leaving for college and preparatory school. The following are included in the list:

Wade Joyner—University of Missouri, Columbia, Mo.  
James E. Thompson—University of Missouri, Columbia, Mo.

Elizabeth Hall—Union University, Jackson, Tenn.

Fred Hendon—University of Kentucky, Lexington, Ky.

Mary B. Warren—Union University, Jackson, Tenn.

Hendon Wright—Alabama Military Institute, Anniston, Ala.

Chas. B. Bennett—Alabama Military Institute, Anniston, Ala.

Nappy Norman—University of Alabama, Tuscaloosa, Ala.

Glenn Bushart—University of Louisville, Louisville, Ky.

Ward Bushart—University of Louisville, Louisville, Ky.

Jessie Marie Clement—University of Kentucky, Lexington, Ky.

Margaret Allen—University of Kentucky, Lexington, Ky.

Helen Maddox—Western Kentucky State Normal School, Bowling Green, Ky.

Louis Binford—Western Kentucky State Normal School, Bowling Green, Ky.

Coy Putman—University of South, Sewanee, Tenn.

Katherine Reid—Southwestern University, Memphis, Tenn.

Evelyn Ford—University of Kentucky, Lexington, Ky.

Lawson Yates—Vanderbilt University, Nashville, Tenn.

Mildred Huddleston—Manhattan, Kan.

Richard Thomas—University of Kentucky, Lexington, Ky.

Elizabeth Butt—Christian College, Columbia, Mo.

Annie Watt Smith—Murray State Normal School, Murray, Ky.

Robert Duncan—University of Kentucky, Lexington, Ky.

Dora Mai Duncan—University of Kentucky, Lexington, Ky.

Buster Shuck—Shelbyville, High school, Shelbyville, Tenn.

Harry Maddox—Shelbyville High school, Shelbyville, Tenn.

Morris Howell—Colorado Agricultural School, Fort Collins, Colo.

Hardy Roberts—Flying Cadet School, San Antonio, Tex.

N. B. Morris—Vanderbilt University, Nashville, Tenn.

Nell Spradlin—State University, Nashville, Tenn.

Nell Owen—Asbury College, George and Oris Cantrell—Tate School, Shelbyville, Tenn.

Nancy and Grace Cantrell—Milligan College, Tenn.

Florine Cantrell—Kentucky School of Missions, Hartford, Ky.

**WICKLIFFE MAIL CARRIER DROWNS**

2 Young Ladies in Boat With Julian R. Moore Are Rescued

Julian R. Moore, rural mail carrier for Wickliffe, was drowned near that city Monday afternoon at 4:45 o'clock, when a row boat, in which he was fishing near the center of Lake Drarie, was capsized.

Miss Louanna Barkhart and Miss Naura Hawthorne were in the boat with Moore, but both were rescued by Arthur Stewart, who saw the boat overturn and swam out to the rescue.

A search is being made for Moore's body.

Mr. Moore is survived by his parents, Mr. and Mrs. Oscar Moore; two sisters, Mrs. Geo. Williamson, of Barlow, Ky., and Mrs. Will Barbor, of Mari-coba, Calif., and one brother, Nadian Moore, of Lexington.

## MORRIS CHOWNING SAFELY IN FRANCE

A cablegram received from Morris Chowning by his wife Monday stated that he had arrived in France safely. Morris is attending the American Legion Convention in France and his Fulton friends are happy that he was one of the fortunate contestants in the Evening Appeal's contest.

## MISS SARA CATRON SMITH

Miss Smith, daughter of Mr. and Mrs. Herschel T. Smith, of Fulton, returned this week from a three months tour of Europe. She visited England, Scotland, Belgium, Holland, Germany, Switzerland, Italy, France, Austria and Czechoslovakia. On the trip over she sailed from Montreal and on the return voyage embarked at Hamburg, landing in New York on Tuesday. Miss Smith was graduated from Vanderbilt with a B. A. degree in June and is a member of the Kappa Alpha Theta fraternity. She will teach languages in the Fulton High schools.

## Sad News

Mrs. Addie Nolen received a message Tuesday night announcing the death of her sister, Mrs. Fred G. Green, which occurred at 5 o'clock, Tuesday afternoon at her home in Eunice, La. The deceased was the widow of the late Fred Green and well known in this city where she was loved and esteemed by a large circle of admiring friends, who deeply sympathize with the bereaved in the loss of their loved one.

## Music Instructor Employed

The Parent-Teachers Association met Tuesday night with the South Fulton School Board and jointly employed Miss Ivora Cantrell as music instructor in the South Fulton school.

This is quite an important addition to the school work, and most likely there will be a large class in music, and the school is fortunate in securing the service of such a competent instructor.

## Road Work to Begin.

We are told that the contract is to be awarded today for the grade and drain work on the Fulton-Martin highway. Surveyors were looking over the route last Tuesday, and the work is to begin at once after the contract is let.

Ten to one you never saw a pessimist who wasn't troubled with indigestion.

He who says that he never made a mistake in his life is probably mistaken.

A nice gift. Send The Advertiser to a friend one year—only \$1.00.

## FLATS FOR RENT

One Flat—6 rooms, bath, butler's pantry, 4 large closets, sleeping porch, over my store. Shades for front windows, range and linoleum furnished, 2 grates, floor painted, \$300.00 year.

One Flat—3 rooms and bath, 2 closets; over Saunders store, \$15.00 month.

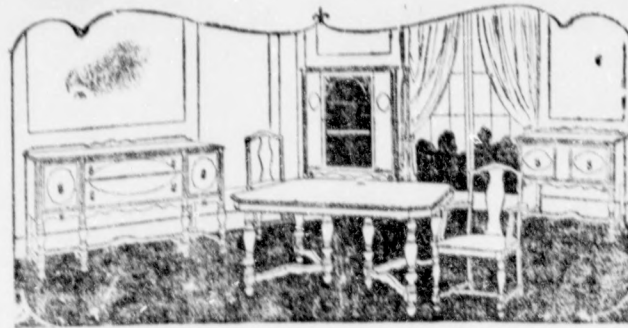

Half of store room on Main street, with DeLaval Cream Separators. Nice place close in for dressmaker, tailor or office, \$15.00 month.

## FARM FOR SALE

Farm—34½ acres, just the right acreage for dairy, fruit, trucking; 5-room frame house, tobacco barn and other out-houses; 41-2 miles S. W. on proposed Fulton to Harris Highway; about 1-2 in cultivation, balance in Lespedeza, dewberries. Good place for man with boys. Good ground, possession January 1, 1928; Price \$1,250.00. Cash for quick sale or will trade.

One House—6 rooms and hall; brick house and a real good house, worth \$4,000.00. Will sell on terms like paying rent. Located on W. State Line, south side. Will trade for farm.

WALTER WILLINGHAM.

A well furnished home is a sign of happiness and hospitality.

The furniture need not be expensive but should be well designed and finished.

We believe all homes should be attractive and comfortable and specialize in furnishings of this type.

We invite you to come to our new Store and see the many pretty things for your home.

Proper remodeling and repairs greatly increase the value of your property. We can furnish you good practical ideas for repairing and modernizing all types of buildings, whether for town or farm.

And we can supply all the materials necessary at prices that will mean big savings.

## PIERCE, CEQUIN & CO. FULTON, KY.

### MAGISTRATES LET \$40,000 CONTRACTS

#### Work on Graveling County Roads to Be Speeded Up

At a call meeting last week the Fiscal Court awarded more than \$40,000 worth of contracts for graveling county roads and also appropriated \$6,000 additional to Magistrates Henry, Fields and Bradshaw, so that work on their roads could continue. The meeting was called especially to let these road contracts and to discuss road problems and progress. It lasted until almost 6 p. m. with a crowd of spectators in attendance all day long.

R. M. Robinson of Cadiz was awarded the contract for graveling 16.5 miles of roads in the eastern end of the county on his low bid of \$32,615. The other bidders were N. E. Stone & Co., of Madisonville, Brady & Brady of Fulton, and M. E. & C. L. Shaw of Hickman. The Robinson bid was \$1,023 less than Brady & Brady, the next low bidder. His contract calls for stripping the gravel at the new pit the county recently bought near Crutchfield, mining the gravel and hauling it to the various roads, the county to do the spreading. Robinson will use trucks and will start work on the pit at once, though his contract does not call for him to start the gravel moving within 30 days.

The roads in this contract are: The road from the State Highway to Crutchfield, on southeast to the Hickman-Fulton state highway at Willingham bridge, 5.6 miles; The middle road to Liberty church, 7 miles; the Metropolis road north out of Fulton toward Enon church, 2.2 miles; the State Line road out of Fulton, 1 mile; the road from the Hickman-Fulton state highway to Ebenezer church, but there is considerable dirt work on this strip that will have to be done by the farmers and this cannot be finished this year. This mile and a half will be gravelled next year.

A formal contract was also let to N. E. Stone & Co., for the four miles of the Dresden road from Hickman to Poplar Grove church at \$2 a ton, which will make this four miles run a little over \$9,000 for hauling the gravel. Then Magistrate Henry has hired teams in the Sylvan Shade vicinity to haul gravel from the Benthall pit off the Troy road for \$2 a yard, to gravel the mile from Poplar Grove to Sylvan Shade. The county pays 50 cents a yard for loading this gravel and spreads it also.—Hickman Courier.

### BEELERTON SCHOOL OFF TO GOOD START

A record breaking crowd of patrons, visitors and school children were at the opening exercises of the Beelerton High School. Beelerton has always been noted for its excellent school spirit, but at this opening, interest soared to its highest. The faculty of B. H. S. for this year is as follows, with comments:

D. D. Crisp, B. S., principal, is a graduate of the Murray State Teachers College. Mr. Crisp, we feel, is going to do great things this year. He was an excellent student in the college from which he graduated, is noted for his "pep," and interest in school work.

Mrs. Kirksey, assistant principal, is starting in her third term with B. H. S., and she has already proven herself an able and efficient teacher. She has taken college work in Murray State Teachers College, and is now nearing the completion of her four years college work in State University.

Noel Kendall is teacher of the 7th and 8th grades. Beelerton school is very proud to have him among its corps of teachers. It is expecting him to put over many things. Especially will he make himself invaluable as an athletic coach if he continues as he has started. Mr. Kendall is a two year graduate of the Murray State Teachers College.

Miss Irene Bockman is with Beelerton school for the third term. She is a two year graduate of Murray State Teachers College. She has endeared herself not only to her room but is loved by the entire student body.

Mrs. Crisp, who has charge

of the primary room, has had special training in primary work at Peabody College, Nashville. She is also a two year graduate of the Murray State Teachers College.

There was an excellent program rendered Monday morning. Several numbers of interest were given by the student body, and Rev. Hicks, Rev. Walker and Mrs. E. J. Bennett of the Beelerton neighborhood made excellent talks, giving advice to the student body. Mrs. E. J. Bennett and Mr. Leonard Duke had charge of the musical program.

Beelerton school has made wonderful progress in the past, but this year it expects to break all former records. It has three things that are necessary for a school—co-operation of the parents, of teachers, of children.

## Fulton, Kentucky Opportunity Offers

**The Manufacturer**  
An abundance of raw material—cheap power and water—exceptional railroad facilities—ample labor—cheap sites—low taxes.

**The Farmer, Truck Gardener and Stock Raiser**  
Extraordinary fertile lands of low prices—a suitable climate—suitable labor.

**The Merchant**  
A large and increasing trade territory—freedom from undue competition.

**The Homeseeker**

## City Ordinance

(Continued from page 1)

shall perform such acts only by and with the consent of the city of Fulton, Kentucky.

Section 9. When such improvement of said street shall have been made and the contract therefor completed, the City Engineer shall make a full and correct estimate of the total cost thereof, showing the total number of fronting or abutting feet of property, the cost per abutting foot, the names of the abutting property owners, the number of abutting feet of property owned by each person and the proportionate part of the cost of the improvement to be assessed against the property owner to be determined as herein before provided, and the part payable by the said city of Fulton, to be ascertained as herein before provided, one copy of this estimate shall be delivered by the City Engineer to the Chairman of the Street Committee of the Board of Council of said city and another copy to the Mayor of said city, which is to be by him transmitted to the said Board of Council. Upon receipt of such copy from the said engineer the Chairman of the Street Committee shall by notice by one insertion in said city namely, the Fulton Advertiser, give at least three days notice of a time and place fixed by it for the inspection and reception of the work, which notice shall state the cost per abutting foot of property as shown by the engineer's estimate. At the time and place fixed in said notice the Street Committee of the Board of Council shall inspect the work and the owners of property liable for the cost of the improvement, the contractor therefor, their agents and representatives, may appear and be heard before said Street Committee as to whether work has been done and the cost thereof estimated in accordance with this ordinance and contract therefor. The said Street Committee may adjourn such hearing and inspection from time to time and of such adjournment all interested parties shall take notice without further publication of notice. Any protest against the acceptance of the improvement or the estimated cost thereof shall be made in writing to the Committee and be transmitted by said Committee to the Council together with a written report of the committee accepting or rejecting the work accordingly as it may be of opinion that the work had or had not been done, and the cost thereof estimated, in accordance with this ordinance and contract therefor. Upon receipt of the Engineer's estimate and the report of the Street Committee as herein before provided the Board of Council shall carefully consider and investigate any protests which may have been filed against the acceptance of the work or the confirmation of the Engineer's estimate of the cost thereof and shall hear any competent and proper evidence which may be offered thereon prior to the acceptance of the work and confirmation of the estimate, and the Board of Council may then accept the work and confirm the Engineer's estimate of the cost thereof, or, if it be of opinion that the work has not been done in accordance with the contract or that the Engineer's estimate of the cost is incorrect, it may require the contractor to perfect or complete the work in accordance with the contract, or it may modify the estimate of the cost of the work to conform to the facts, or both. The determination of the Board of Council shall be conclusive and binding on all parties and shall not be questioned or contested in any court, except on the ground of fraud or collusion on the part of the Council. Upon acceptance of the work and confirmation of the Engineer's estimate of the cost thereof by the Board of Council it shall, by ordinance apportion the cost of the work less any part to be paid by the city, equally among the owners of the abutting property on both sides of the street improved according to the number of fronting or abutting feet owned by them respectively apportioned on the basis of the

block as herein before provided. Provided, however, that the entire cost of curbing and guttering shall be apportioned among the owners of the property abutting on the side street on which such improvement is made, each corner lot having its intersection of curbing and guttering included in its frontage; and shall assess and levy a local tax on the several lots or parcels of abutting property at a rate per abutting foot sufficient to produce the part of the cost of the improvement apportioned to such abutting lots or parcels of property, and there shall be a lien upon such lots or parcels of real estate for the cost of such improvement so assessed. The Board of Council shall apportion to the city such part of the cost as it may be liable for. The lien herein before provided for shall take effect upon the publication of the ordinance making the assessment and levying the tax and shall take precedence over all other liens whether created prior or subsequent to the publication of such ordinance, except state and county taxes, general municipal taxes and prior improvement taxes and the same shall not be defeated or postponed by any private or judicial sale or by any mortgage or by any error or mistake in the description of the property or in the names thereof. Nor shall any error of the proceedings of the Board of Council exempt any property from the lien for, or payment of, such taxes after the work has been done and accepted as herein before provided; but the Board of Council or the courts in which suits are pending shall make all corrections, rules and orders to do justice to all parties concerned, and the city shall in no event be liable for any part of the cost of such improvement except as herein provided. Such liens may be enforced as other liens on real estate by action brought in the name of the city or the contractor entitled thereto, and in any such action an allegation in substance that the improvement had been made and the work accepted pursuant to and by ordinance of the city duly passed in accordance with the law shall be sufficient pleading of the ordinance and proceedings under which the work was done and accepted without setting out the same in full. Any number of lots or parcels of land on which any local tax or installment thereof is in default and the owners thereof may be joined in one proceeding, and the court shall make all proper and necessary orders for the enforcement and collection of the taxes as to the several lots or parcels of land. Where a person is the owner of two or more lots subject to such tax the court may direct that one or more of such lots be sold for the whole tax of such person, allowing such person to designate the lots to be sold first, if he so desires and indicates.

Section 10. That said improvement shall be done upon the ten year payment plan and when same shall have been completed and accepted and the cost thereof apportioned to and a tax therefor levied on the property liable for the payment thereof as herein provided, the City Treasurer shall give notice by one publication in the Fulton Advertiser, a newspaper published in the said city of Fulton, requiring all persons to pay the local taxes levied upon their property within thirty days from the publication of the ordinance accepting the work and assessing the cost thereof. Such local taxes may, at the option of the property owners, be payable in cash, without interest, within thirty days, or in ten annual installments as herein provided. Any property owner who desires to exercise such privilege of payment by installment shall before the expiration of the said thirty days enter into an agreement in writing with the city that in consideration of such privilege he will make no objection to any illegality or irregularity with regard to the taxes against his property, and that he will pay the same in manner herein provided with specified interest. Any property owner entering into such agreement or who exercises the option to pay in installments shall not be permitted to set up

any defense whatever against the payment of such taxes. Such agreement shall be filed in the office of the City Treasurer, who shall file, retain and record the same as a record in his office. In all cases where such agreements have not been filed within the time limit the entire cost shall be payable in cash without interest before the expiration of said thirty days. Any such tax not paid within thirty days shall bear interest at the rate of 6 per cent per annum from the date of the publication of the ordinance assessing and levying the same. If any property subject to such local tax be owned by an infant or person of unsound mind or by a life tenant, the agreement herein provided for may be executed by the statutory guardian of such infant or committee or curator of such insane person with the same effect as if executed by a person free from disability or by the life tenant. In cases where the option to pay in installments is exercised the local tax, with interest at the rate of 6 per cent per annum, shall be payable as follows: One-tenth of the tax, with interest on the entire tax, at the time fixed by law for the payment of general city taxes occurring next after the expiration of the thirty days allowed for payment in cash, and annually thereafter one-tenth of the entire tax, until the whole is paid. At the end of each six months from the time the first installment of tax becomes due, interest shall be due and payable for such six months on all unpaid installments of the tax; provided that any person may, at any interest paying period after the fifth annual installment of his tax becomes due, pay the entire assessment of tax against his property with accrued interest. All installments of such special assessments and interest shall be placed upon the tax duplicate with other taxes of persons liable for such special assessments, and the tax bills for such special assessments may, in addition to the other remedies given under the law, be sold and collection thereof enforced in the manner provided by law for collection of municipal taxes. In default of payment of any installment of tax or interest for one month after the same becomes due a penalty of 10 per cent of the installment in arrears shall be added thereto, which shall constitute a like lien as the tax, and all unpaid installments of the tax shall, at the option of the city or any bondholder whose bonds or interest thereon are in default of payment, forthwith become due and payable. It shall be the duty of the treasurer, upon order of the Board of Council, to properly apply all money paid in on such installments to the payment of bonds and coupons which may be issued as provided in anticipation of the collection of such local taxes. If the fund accumulated from the collection of assessments, interest and penalties for any particular improvement be more than sufficient to pay the principal and interest of the bonds issued in anticipation of such collection, the Board of Council shall make a ratable reduction from the last installment of each person's assessment. Should there be any deficit, the council may provide for payment of same out of the general fund. Failure on the part of the city to collect any such local tax or installment thereof, when due, shall create no liability against such city, but the person entitled to such tax, or the owner of any such bonds, shall have the right to proceed in any court of competent jurisdiction to foreclose the lien for any such unpaid assessments, recovering interest and costs, and may have the proceeds of the property applied in settlement thereof.

Section 11. In order to provide a fund for the immediate payment of the cost of the improvements made on the installment plan as provided in the preceding section the council may issue and sell after reasonable advertisement improvement bonds in anticipation of the collection of such part of the local taxes assessed and levied therefor as may not be paid within thirty days from the time of the assessment, pledging such taxes and the liens on

the property for the payment of the principal and interest of such bonds and apply the proceeds thereof to the payment of the particular improvement or the particular improvement for which the bonds are issued. Such bonds shall bear the date of publication of the assessing ordinance and shall be made payable to bearer. The bonds for said improvement shall be numbered consecutively throughout and shall be divided into ten series as nearly equal as possible, the first series including the lowest numbers and so on. The bonds with interest shall be payable at the City Treasurer's office as follows: The first series of such bonds with accrued interest on all series shall be due and payable one month after the date on which the first installment of the tax becomes due as provided in the previous section, and the remaining series shall be due and payable one each year annually thereafter for nine years. Interest on all unpaid bonds shall be due and payable semi-annually at the end of each six months from the time the first interest becomes due. The bonds shall be of the denomination of \$100.00 or its multiple, provided, however, that any odd amount over \$100.00 or its multiple may be included in the last bond to mature. No bond shall be issued for less than \$100.00 unless the total amount for which bonds are issued for any particular improvement is less than \$1,000.00. All improvement bonds shall have the name of the street, alley or other public way, or part thereof, for the improvement of which they are issued, printed, engraved or written thereon and shall state the character of the improvement and shall bear interest at a rate not exceeding six per cent per annum from the date of the assessment of the tax, and shall have suitable coupons attached thereto evidencing the semi-annual interest. The bonds and coupons shall be signed by the Mayor and countersigned by the treasurer, but the coupons may be signed by lithograph. The clerk shall attest the signature to the bonds under seal of the city. Said bonds need not recite the steps taken in ordering the improvement or in making the assessments but only a general reference to such proceedings and to the statutes under which the same are issued, to-wit, Section 3577, of the Kentucky Statutes. Such bonds shall be negotiable as inland bills of exchange and shall not be sold for less than par and accrued interest; provided, if no offer is made for said bonds equal to par and accrued interest, after reasonable advertisement, the city shall have the right to turn them over to the contractor in full payment of the contract price of the improvement for which they are issued. Any premium realized from the sale of such bonds and any penalties collected on delinquent installments of taxes as provided in the preceding section shall go into the fund for the payment of such bonds and interest thereon. Said bonds and interest thereon shall be payable exclusively out of funds actually paid to and collected by the city on account of the improvement taxes in anticipation of which the bonds are issued, and except as herein provided the city shall in no event be liable on any such bond except to the extent of funds actually paid to it as above set forth. Any and all of such bonds shall be subject to payment and redemption at any interest payment period thereon that does not occur within five years from the date thereof, provided that the City Treasurer shall give the owner of the bond proposed to be redeemed at least twenty days notice by registered letter. The owner of any bond subject to redemption as herein provided shall notify the City Treasurer of his post office address and any changes therein, and the Treasurer shall keep a record of the address opposite the number of the bond on his record. The notice herein provided shall be directed to such address, and if no address be given, the notice shall be directed to such owner at his last known address, and the bond

specified therein shall bear no interest after the date fixed for its redemption, and this provision shall be shown in substance on the bonds. Mailing such registered letter twenty days before the time fixed for such redemption shall be deemed a compliance herewith. After the issue of such bonds no suit shall lie to enjoin or resist the collection of any assessment or tax in anticipation of which the bonds are issued, and the validity of the same shall not be questioned, but all property owners shall be conclusively estopped and precluded from in any manner assailing the effectiveness or validity thereof. Such bonds shall convey and transfer to the owners thereof all lien, right, title and interest in and to the assessments, taxes and liens upon the respective lots and parcels of ground, which liens shall stand as security for such bonds and coupons until they are paid, with full power to enforce the collection thereof, if such bonds or coupons be not paid on presentation to the Treasurer, by foreclosure in any court of competent jurisdiction as hereinbefore provided. If any lots or lands be sold for the payment of any special tax or assessment thereon, or for any general municipal tax, such lots and lands shall not thereby be released from any other special tax or assessment, or installment thereof, existing thereon, unless the same be asserted in the action in which such lots or lands are sold. In any foreclosure suit brought by the city or any bondholder as provided herein, it shall not be necessary to make the other bondholders parties, but the proceeds of the suit shall be paid into the city treasury to be applied to the redemption of matured bonds in the same manner as if the same had been paid without suit.

Section 12. The City Treasurer shall keep in his office in a book to be provided for that purpose a record of all assessments of local taxes, showing the names and portions of streets in which the improvement is made, the character of the improvement and the names of the persons against whose property the assessments are made. Such record shall be subject to inspection by any person desiring to inspect the same and shall be conclusive evidence of notice to all persons of such assessments and the liens created thereby. Upon the payment of any improvement tax to the Treasurer, he will make proper entry thereof in the record book herein provided for, whereupon the lien for such tax will stand released. All local taxes paid to the City Treasurer shall from time to time be paid over to the contractor or other person entitled thereto upon the order of the Board of Council. The Treasurer shall carefully keep a separate account of the fund arising from assessments for each particular improvement and no proceeds arising from assessments shall be diverted to the payment for any other improvement whatever. The proceeds shall in each case constitute a separate special fund for the payment of the contractor for the particular work for which the assessment is made or for the security and payment of the improvement bonds in anticipation of which the same are issued.

Section 13. Any assessment made for the improvement herein provided for which exceeds one-half of the value of the lots or parcels of real estate upon which the assessment is made shall be void as to such excess, but the improvement shall be taken into consideration in fixing the value of such real estate and the Board of Council shall provide for the payment of any such excess out of the general fund.

Section 14. The awarding or letting of said contract and making the assessment and the construction of the improvement aforesaid and issuing said bonds shall be in all particulars as outlined and required in Chapter 113 of the Acts of the General Assembly of Kentucky for 1916, and amendments thereto, and being Sections 3563, 3570, 3571, 3573, 3574, 3575, 3577 and 3578A of the Kentucky Statutes, Carroll's Edition, 1922, as amended at the 1924 session of the General

Assembly of Kentucky, and all the procedures outlined in said sections and all of the same shall be pursued and followed in and are made a part of this ordinance and said Board of Council shall enact and pass any and all other ordinances that may be necessary to carry out the said construction in accordance with the Statutes aforesaid and with reference to the laws of fourth class cities.

Section 15. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 16. This ordinance shall take effect from and after its final passage and publication as required by law.

Approved this 19th day of September, 1927.

W. O. SHANKLE, Mayor.

Thos. H. Chapman,  
Clerk of Board of Council,  
of City of Fulton, Kentucky.

## Notice to Contractors.

[Carr Street Improvement]

Sealed bids will be received by Thomas H. Chapman, clerk of the Board of Council, of Fulton, Kentucky, at his office up to 2 o'clock, p. m., October 10, 1927, for constructing street improvements in accordance with plans, profiles and specifications on file in the office of the City Clerk.

The Council reserves the right to reject any or all bids. Bids shall be sealed and endorsed "Street Improvement Bid."

When bid filed with the Clerk, each bid must be accompanied by a Cashier's check on any solvent bank, in the amount of One Thousand (\$1,000.00) Dollars. The check shall be made payable to the City Treasurer, of Fulton, Kentucky. Checks of unsuccessful bidders will be returned at the time their bids are rejected.

The following is the approximate list of quantities:

4,537 lin. ft. 6" concrete curb and gutter.  
9,841 sq. yds. paving.  
4,800 cu. yds. earth excavation.  
78 cu. yds. Class "A" concrete.  
5 cu. yds. Class "C" concrete.  
1,629 lin. ft. curb and gutter to be removed.  
105 sq. ft. sidewalk to be removed.  
180 lin. ft. 15" V.P. storm sewer.  
2 shallow type manholes.  
8 standard inlets.

Specifications and forms on which all bidders will be required to submit their bids may be obtained from the City Clerk or the Engineers, Black and Veatch, Mutual Building, Kansas City, Missouri, and 811 City National Bank Building, Paducah, Kentucky. Plans may be examined free of charge, either at the office of the City Clerk or the engineers. Complete sets of plans may be obtained from the Engineers by making a deposit of Twenty-five (\$25.00) Dollars. Twenty Dollars of the amount will be refunded to unsuccessful bidders upon return of the plans in good condition within ten days from the day on which bids are received.

City of Fulton, Kentucky.  
By W. O. SHANKLE,  
Mayor.

## SAMS-AUSTIN

Miss Altie Austin, the pretty and accomplished daughter of Mr. and Mrs. B. L. Austin, was happily united in marriage Saturday afternoon, Sept. 17, to Mr. Herman Sams, the son of Mr. and Mrs. G. W. Sams, Esq., S. A. McDade officiating. The newlyweds are well known in this vicinity where they have a large circle of friends who wish them a long and happy life.

They are at home to their friends with the groom's parents east of the city.

## TOM WHITE SUFFERS LOSS OF HAND

Tom White, well known Illinois Central employe, suffered the loss of a hand Sunday night while at work as switch tender. In some manner he caught his hand under the wheels of a car, and the member was so badly crushed that amputation was necessary.

Mr. White was taken to the Illinois Central hospital at Paducah. He is reported getting along as well as could be expected.

## Build Bigger Pigs— with Less Feed

A 100 pound sack of Purina Pig Chow will build as much pork as 250 pounds of midds or shorts—and costs just half as much.

### Pig Chow is Easy to Feed

The directions are simple. Feed a double handful night and morning with any feed you have on the place.

## MARRIAGE OF INTEREST HERE

Fearing-Brown Nuptials Quietly Performed Saturday, September 10th

The marriage of Miss Lucille Carolyn Fearing, youngest daughter of Mr. and Mrs. John H. Fearing, of this city, to Mr. Roy Brasher Brown, son of Mr. and Mrs. Allen E. Brown, of Fulton, Ky., took place on Saturday, the tenth of September. Announcement of their marriage will be of much interest to a wide circle of their friends and relatives throughout Ashland and the surrounding vicinity, as they are both popularly known.

The ceremony was very quietly performed on Saturday at six o'clock in the evening at the home of Rev. Walter H. Stock, pastor of the St. Paul's Evangelical Lutheran Church. They were attended only by Miss Allene Fearing, sister of the bride.

A modish fall costume of satin-back crepe, trimmed with biege georgette, was especially attractive for Miss Fearing's wedding attire. With this, she wore a handsome fall hat of black satin and velvet, and other accessories matched beautifully. She carried roses.

Immediately after the ceremony a wedding dinner was served at the home of the bride's parents and guests in addition to the family included Mr. and Mrs. E. W. Overman, Jr., and Allene Sohmer Overman, Miss Phyllis Jane Kahne, Miss Allene Fearing and the bride and groom, Mr. and Mrs. Roy B. Brown.

The bride is a charming young woman, and has a very sweet and attractive disposition and personality. After completing her high school course at Ashland High, she graduated from the Holy Family Commercial School, and for a few years has held a responsible position with McIntock-Field Co.

Mr. Brown is the son of Mr. and Mrs. Allen E. Brown, of Fulton, Ky., where he spent most of his life and was educated later, graduating from the Bowling Green Business University a Bowling Green, Ky. At present Mr. Brown is connected with the American Rolling Mill Company.

Both Mr. and Mrs. Brown are quite popular and their many friends will find much interest and pleasure in the announcement of their marriage.

This morning they left for a motor trip to Fulton, where they will visit the groom's family, and then go to St. Louis, Mo., where they will visit Mrs. Brown's sister, Mrs. E. W. Bromwich and family. After a honeymoon of two weeks, they expect to return to Ashland and will go to housekeeping in an apartment on East Carter avenue.—Ashland Independent

## FLATS FOR RENT

One Flat—6 rooms, bath, butler's pantry, 4 large closets, sleeping porch, over my store. Shades for front windows, range and linoleum furnished, 2 grates, floor painted. \$300.00 year.

## MAKING BEST USE OF TIME

It is not time—seconds, minutes, hours, even years—but the use that men make of time that makes the difference in men's fortunes.

Nature is absolutely impartial in the distribution of her hours. She gives to no man time that she does not give to another. The same morning gives every man an equal start with his fellow and the same night finds each another day further on the journey or lost by the wayside.

But all the time that nature gives to any man is the present. Man makes his own past and future. Grasp the opportunity of the golden present that the past may not bring regrets, nor the future be without hope.

The great, promising but evanescent NOW must be grasped in its potent whole to procure the future and free the past of regret.

Are six, eight, ten, twelve or eighteen hours a day man's allotted work? Not by all eternity. There are twenty-four hours on the clock and in man's working day. Man's work is twenty-four hours of sleep, recreation, eating and labor. There are no hours in the diurnal circuit for idleness, misguided recreation and intemperance in eating or sleeping. After the day's wage has been earned there is still life's wage, the dues of evolution which must be earned in fruitful reading, healthful thought and deep-dwelling introspection.

Too many work-a-day men and work with the eight hours and wish for less sleep ten hours and crave more, eat to fullness and leave the table unsatisfied, hope in vain for the "luck in leisure," accept no opportunities to improve mind and body and see not that those who are getting ahead in this life are those for whom every "waking hour" is a "working hour."

Working hours are found for the unwise, but the wise find hours in which to work.

## OLD-FASHIONED GIRLS

Probably few people of the present day know that Pompeian flappers used the Roman equivalents for present day cosmetics.

Miss Ortha L. Wilner, University of Chicago co-ed, discovered just what went into the paint and lotions that adorned the B. C. flappers during an examination of old Latin records in preparation for her graduate thesis on the "Painted Ladies of The Roman Empire."

Unguents made from the intestines of crocodiles, lotions consisting of ashes of snails mixed with honey and asses' milk and dough were among the favorite.

Emperor Nero's wife was credited with popularizing the milk and dough combination.

The great Ovid, complained once that the odor from the cosmetics used by the ladies made him sick.

So the young girls who ought to have the flush of youth on their cheeks, but instead, fresco their faces with grease and paint, are in reality old-fashioned. Some one told them that

it was modern and up-to-date to redden their lips so that anyone would know it was not natural, and to highly color their cheek bones.

There is nothing new about the feminine desire for adornment. It is as old as the human race itself. This inherent trait may be found expressing itself differently in different ages, but the tendency to change the color of the face seems perennial.

## 1927 Competitors

"Who are your competitors?" Ask the average business men this question and he would reply by naming over those who are in the same line of business as he is.

But are they? There was a time when business men literally hated each other with all the venom they could muster. There were instances in the old days where competitors came to blows and even committed murder.

That condition has very largely passed. It has been due to many reasons, but the principal one has been the widespread use of the automobile which has made towns, not merchants in the same community competitors.

Nothing could be sillier than for local business men to be enemies, even friendly enemies. In reality they are not competitors, but some other town is. The people who drive to some other town spend their money there. Not the man across the street, but the live town twenty miles away is the thing to combat nowadays.

This is an auto age. People like to ride around. Twenty, thirty, even fifty miles is nothing when a few cents can be saved in making a purchase. People just as soon go one place as another to trade.

Since the automobile has come, no retail merchant can tell where his trade area is. His trade area is as big as he is, as big as his town makes it. Motorists like to go where "there's something doing." The insatiable appetite for amusement governs many buyers today.

They may go a few times for fun, and for business all the time if it is alive, if there is a place to park, if its people are courteous, if there is a good moving picture show, good places to eat, band concerts, community affairs and traffic officers who use their common sense.

The merchants who see the handwriting of the present day and are guided by it will outstrip those of other towns who waste all their energy in bickering among themselves.

## Brieflets

Criticism, like charity should begin at home.

It takes a man with a lot of brains to dispose of a gold brick.

It doesn't take a very bright woman to dazzle some men.

Many a man's financial goose has been cooked in a jack pot.

Every girl should know how to flirt in order to be able to refrain from doing so.

Many a man who is unable to do the things he would be too lazy to do the things he could.

Some men reach the wrong destination by traveling on the right road because they travel in the wrong direction.

Trouble soon pines away and dies if neglected.

Lots of people are poor subjects for a mind reader.

There isn't anything chicken-hearted about the game rooster.

Send the Advertiser to a friend one year—only \$1.00.

Nothing pleases a little man more than an opportunity to crack a big whip.

It takes a woman to make every word tell when it comes to imparting a secret.

It is hard to convince a man that he is the real thing when a bigger man has him down.

It is far easier to teach a parrot to talk than it is to teach the average woman to hold her tongue.

Many a man that can't paddle his own canoe imagines that he is capable of steering the ship of state.

Hope is an excellent thing to have, but it is one of the things a pawnbroker will not advance anything on.

## FULTON POULTRY ASSOCIATION REPORT

The third annual show of the Fulton Poultry Association is now a thing of the past, but a few notes will not be amiss.

By actual count there were 495 birds entered, this is not counting the pigeons that were entered by some of the boys.

There was paid out in premium money \$466.00. Of this amount the Poultry Association paid \$182. This money and other expenses of the Poultry Association was obtained through donations by the merchants of Fulton, Chamber of Commerce and Department of Agriculture, of the state. The merchants responded liberally and only a very few who subscribed to the fund "RENIG-ED" when time for collection came around. There were only a few merchants who would not help us with a donation.

We tried to get 100 members to join and pay a year's dues of \$1.00, but we fell far short of this amount, only 38 joined; of this number 14 were out of town joiners. This shows only 24 persons in Fulton thought enough of our efforts to help us.

The grade of stock was better this year than has ever been exhibited in Fulton, the Judge told the writer, "I came down here with the intention of judging a lot of Country Dung hills, but you fooled me, your stock is away ahead of the average show of towns much larger in population. You had several good classes, barred and white plymouth rocks, buff wyandotte, white leghorns, black minorcas and buff orpingtons, all good stuff."

The show took a lot of work, time and worry on the part of the Superintendent. He tramped many a weary mile in getting up the donations and then going over the same route to collect. But he is perfectly satisfied, for he promised the people he would give them a GOOD show, and he thinks he done so. His motto is "yours for better poultry."

## WOMEN'S RIGHTS

She—Women's rights are growing stronger every day.  
He—Yes, newspaper accounts of huddles being beaten up by their wives are increasing without doubt.

## Too True!

Mary had a little hen  
But she was very queer;  
She laid like fun when eggs were  
cheap.  
But stopped when they were dear.

## Mystery

Mr. Newby—What are these things, dear?  
His Bride—Biscuits, but they don't taste right, somehow. I fried them for a full half hour, too.

## Poor Girl

George—Yes, I think I can make your daughter happy, sir.  
Her Father—Well, you'll have to do different. She weeps and wails over every letter you send her.

## The Feline Breed

Mae—Just think. A strange man tried to kiss me.  
Tess—Hm. He must have been a strange dear.

Making Long Distance Calls is a simple matter.

Long distance telephone service is now used universally because it is easy and convenient to make all classes of calls.

To make a station-to-station call, you merely tell the operator the number of the distant telephone. The charge begins when the called telephone answers.

To make a person-to-person call, you tell the operator the name of the party to whom you wish to talk. The charge begins when communication is established with the person called.

If you do not know exactly how to make a long distance call, let the operator help you. She will cheerfully give you all the necessary information.

When you buy John Deere implements you are sure of prompt repair service throughout their long life

## A FARM WAGON THAT IS GUARANTEED

The amount of satisfactory service that a wagon will give depends entirely upon the material and skill the manufacturer puts into it. We want to show you a wagon that is built of the best materials by men who know how.

### THE JOHN DEERE WAGON The Wagon That Is Guaranteed

A special machine automatically measures the inside of the skin of the John Deere farm wagon and shapes the axle to fit accurately. The skin is set in red lead under high pressure. It has exactly the right pitch, and the axle has the right girth to make the John Deere wagon run lighter than other wagons. With the John Deere sand- and dust-proof skins there is no wearing of bearing surfaces—the oil stays in—the wagon is always smooth-running and light-pulling. Only carefully-selected oak and hickory are used in the

Come in and see this wagon—read the guarantee on the tool box. Let us explain the many fine points embodied in it.

Messrs. R. L. Johnson, of Harvey, Ill., and Alton Jackson of Mayfield, Ky., and Misses Lillian Bard and Laura Mae Pickering motored to Mayfield Saturday.

Hand in a dollar bill and get your name on the Advertiser list as a regular subscriber.

Louisville, Ky., Sept. 22—An

evidence of the esteem in which Louisville business men, irrespective of political affiliation, hold former Gov. J. C. W. Beckham was given a few days ago at a luncheon gathering of the Louisville Underwriters Association at the Kentucky Hotel. The guest of honor was Frederick A. Wallis, New York until recently Commissioner of Immigration and at present Commissioner of the Department of Corrections for Greater New York. In the course of his informal remarks, Commissioner Wallis turned to Joseph Burge, who was seated near him, and said:

"I want to say to you gentlemen that in my friend, Joe Burge, you have wonderful material for a great public servant. He has the ability, the integrity, and great human qualities that fit him admirably for the office of Mayor of Louisville. He would even make a great governor for Kentucky. But Joe must wait. He cannot be Governor this year. Crepps Beckham is going to be the next Governor of Kentucky."

The tribute to the former Governor came spontaneously, and likewise the applause. There was a roar of approval. Some minutes elapsed before Commissioner Wallis could proceed with his speech. Practically every man of the scores present joined in the applause. Mr. Burge, who is vice-president of the Peaslee-Gaulbert Company, is a leading Louisville Republican. The underwriters association, of course, is a non-political organization, and its members are about equally divided in their political affiliations.

### NOTICE

The public is cordially invited to attend an ice cream supper at McFadden School on Saturday night, Sept. 24. Cold drinks, cream and home made cake will be served.

### TRINITY EPISCOPAL CHURCH

104 Washington St.  
Dr. A. C. Boyd, Rector

Sixteenth Sunday after Trinity.

9:45 a. m. Church school. H. S. Stansbury, Supt.

Everyone cordially invited to attend.

### Church News

There will be no morning or evening services next Sunday as Dr. Boyd will hold service at Columbus, this being the fourth Sunday of the month.

Mr. and Mrs. H. M. Khourie and family returned last Friday from an extended vacation spent in Michigan and Indiana. On the return trip they met with an accident that might have proven serious, but fortunately resulted in only minor excess, but the improvement injuries to Mrs. Khourie and the children. A tire blow-out caused the car to over turn.

The gymnasium class of the Y. P. S. S. League resumed activities last Monday afternoon in the Parish House.

Dr. Boyd was the dinner guest of Mr. and Mrs. Geo. Nofel on last Saturday evening.

Treasurer Ed Wade was in disposed on Sunday and was absent from his duties at both morning and evening services.

The Rt. Rev. Chas. E. Woodcock, bishop of Kentucky, arrived in Fulton on Wednesday night and confirmed a small class at Trinity church on Thursday morning at 8:00 o'clock.

A party of young people from Martin attended the evening service at Trinity last Sunday and added their voices to the hymns. They were cordially welcome and it is hoped that they will come often.

At this time it is not possible what Bishop Woodcock intends with reference to the moving of the church at Columbus, but we hope next week to state definitely what will be done. The site has been donated by the Red Cross and all that is necessary is for the Bishop to approve and make arrangements for the transfer of the building.

## Improved Uniform International Sunday School Lesson

(By REV. P. H. FITZWATER, D.D., D.D., Moderator, Bible Institute of Chicago)  
(Copyright, 1927, by Western Newspaper Union)

### Lesson for September 25

#### REVIEW—THE EARLY KINGS OF ISRAEL

DEVOTIONAL READING—Ps. 105: 1-8.

GOLDEN TEXT—The Lord hath prepared His throne in the heavens and His kingdom ruleth over all.

PRIMARY TOPIC—What We May Learn From Samuel, Saul, David and Solomon.

JUNIOR TOPIC—Teachings and Warnings From the Quarter's Lessons.

INTERMEDIATE AND SENIOR TOPIC—Lessons From Samuel, Saul and David.

YOUNG PEOPLE AND ADULT TOPIC—Honoring God in Our Lives and in Our Land.

Though the lesson title for the quarter is "The Early Kings of Israel," the great character Samuel should be included. A good way to conduct the review would be to make a character study of the four outstanding persons of the quarter—Samuel, Saul, David and Solomon. Perhaps the most satisfactory method of review will be the summing up of the leading events and teachings of each lesson. The assignments should be made a week ahead, so that the members of the class may recite without hesitation. The following suggestions are offered:

**Lesson for July 3.**  
Against the protest of Samuel the people demanded a king, in order that they might be like other nations. Saul, of the tribe of Benjamin, was given as best suited to fill the place.

**Lesson for July 10.**  
Because of Samuel's exemplary life as a child, a judge and a ruler, he was able to challenge the people to show wherein he had ever defrauded or oppressed anyone. It is a fine thing when a man in public life can be vindicated against the charge of wrong doing, either in public or in private.

**Lesson for July 17.**  
Saul's failure brought great sorrow of heart to Samuel. The selection of David from Jesse's sons showed that God looks not on the outward appearance, but upon the heart. David's fidelity as a shepherd boy put him in line for promotion.

**Lesson for July 24.**  
Because David was jealous for and trusted in God he was able to overcome Goliath, who had defied the living God.

**Lesson for July 31.**  
The friendship of David and Jonathan has become immortalized in the world's thought. It was an example of true friendship.

It occurred between two men of rival worldly interests. Jonathan, the crown prince, knew that God had chosen David, therefore he waived his natural rights.

**Lesson for August 7.**  
David knew that God had rejected Saul and chosen himself to be king. Though relentlessly pursued by Saul, David spared the king because he was God's anointed.

**Lesson for August 14.**  
When David was made king he desired to bring up the ark, the symbol of God's presence, to the center of the nation's life. Though his desire was worthy, he was not careful to do according to God's way. Doing a right thing in a wrong way is displeasing to God.

**Lesson for August 21.**  
Though God did not permit David to build a house for Him, He did something better; He promised to build for David a house, that is, to establish for him a throne. God does more and better for us than we are able to ask or think.

**Lesson for August 28.**  
Through neglected duty David fell into temptation and grievously sinned. By means of a parable Nathan the prophet convicted him of his sin. Upon confession to God forgiveness was granted.

**Lesson for September 4.**  
Because Solomon chose wisdom in order to intelligently reign over the nation, God abundantly bestowed upon him wisdom and riches. God's blessings exceed our asking.

**Lesson for September 11.**  
Solomon's first task after his coronation was building the temple, a privilege which was denied to David his father. Because of Solomon's obedience God manifested His presence and thus made the temple holy.

**Lesson for September 18.**  
Rehoboam's pride and arrogance led to himself the support of the major portion of the nation.

**We Grow Strong or Weak**  
Great occasions do not make heroes or cowards; they simply unveil them. Silently, day by day, we grow strong or weak and at last some crisis shows what we have become.—Canon Westcott.

**Have Christ in Your Heart**  
If a man have Christ in his heart heaven before his eyes, and only as much of temporal blessing as is just needed to carry him safely through life, then pain and sorrow have little to shoot at.—William Burris.

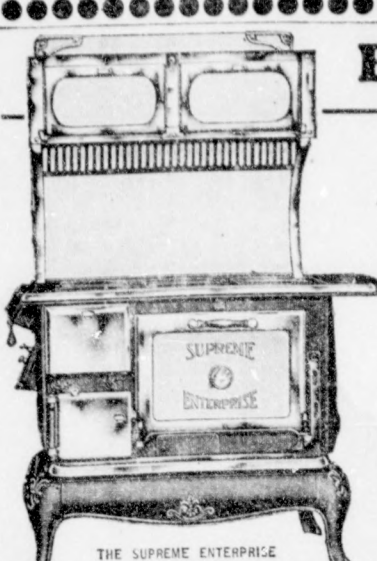

**The Cost and the Gain**  
Christ tells us to count the cost of discipleship, but he never asked us to count the gain. He knew we could not; there is no arithmetic to compute that.—W. L. Watkinson.
