**Country Home Destroyed By Fire**

too. The property lines of the house were destroyed in a fire that started late Wednesday night. Fred A. Cokley carried a policy for $1,000 on the house and contents.

**Winter Frocks**

In addition to being tailored to the smallest lines for the new season, these frocks exhibit excellent choice of materials, and careful workmanship.

A combination of all the most dressy woman wears is organized in the Winter Frocks. Most Coats look stylish and attractive when new, but will this modish appearance endure? Yes, it will, if your coat is tailored as these frocks, from the same high grade materials used in their making.

**A well furnished home is a sign of happiness and hospitality.**

The furniture need not be expensive but should be well designed and finished.

We believe all homes should be attractive and comfortable and specialize in furnishings of this type.

We invite you to come to our new Store and see the many pretty things for your home.

Discipline at Home.

Some parents become agitated with school teachers when disciplinary measures are applied a little too severely. Before accusing the teacher, it might be a good idea to examine their own responsibility in the matter.

When the real trouble at home at school, it is good reason to suspect that the home situation has been lacking at home. It simply results in the home teacher being expected to correct a situation that should be handled at home.

Teachers do not obligate themselves to assume the role of parents when they accept a position in the schools. They are not required to correct the behavior of children, only to adhere to the rules and regulations in force.
