# THE MURRAY LEDGER.

VOL. 30, NO. 27

MURRAY, KENTUCKY, THURSDAY, SEPTEMBER 30, 1909.

THREE CENTS PER YEAR.

## STONE ELECTED.

President and Felix G. Ewing Is Again Made General Manager of Association.

The stockholders of the Planters' Protective Association met in Guthrie, Ky., on Sept. 22nd and were in session three days for the purpose of electing officers for the ensuing year and transacting other important business connected with the affairs of the association.

This was the first meeting since the election of committee-men in the various counties from the district.

There were ten new committeemen and as there were no representatives from the counties of Hopkins, Caldwell, Lyon, Livingston and Crittenden and also because these counties had not given any pledges for the 1909 crop and did not elect a chairman for this year, it was decided to drop them from membership in the association, but they were given a chance to come back when they concluded that it was best for them to pledge more or less of their tobacco to the association.

After dropping these counties from the list, there were left about 22 counties that are now in good standing in the association. The stock that was held by the old committeemen was transferred to their successors.

The next thing in order was the fixing of salaries for the next year, after which the election of officers was held. The first thing was to reduce the salary of the President from \$300 to \$200 and W. J. Stone, of Lyon county, was elected to this position.

The salary of Vice-President was reduced from \$600 to \$500 and J. W. Usher, of Graves county, was re-elected to that position.

The salary of General Manager was again fixed at \$3,000 and F. G. Ewing was re-elected to that position. The salary of Treasurer was fixed at \$1,200 and John D. Scales was elected.

The salary of secretary was fixed at \$1,200 and Mrs. N. E. Greene was re-elected to that position. The salary of Auditor was fixed at \$1,800 and G. B. Bingham was elected to that position. The salary for Division Managers was fixed at \$5,000 and James Couts, of Springfield, Tenn., was elected and Wiley Blakemore, of Martin, Tenn., was elected to fill these positions.

W. W. Radford was elected General Inspector. It will be observed that a gradual reduction is taking place in the expenses of the association. Every day the association is getting in better condition and will eventually be popular again to the tobacco growers of the "Dark South."

made in the operations of the finance committee, and instead of electing three for the entire year, the power was given to Mr. Ewing to appoint two for one meeting and then two others, for the next meeting and so on until probably all of the committeemen will have served.

This is for the purpose of giving committeemen in the various counties a knowledge of the business of the association.

Notwithstanding the per cent. of tobacco pledged may be small for the 1909 crop than for the last two crops, yet it is expected that the real value of the association will grow in favor with the rank and file of the tobacco raisers of the district.

### Warning

Do not be persuaded into taking anything but Foley's Honey and Tar for chronic coughs, bronchitis, hay fever, asthma, and lung trouble, as it stops the cough and heals the lungs. Sold by all druggists.

### Martins Chapel.

The farmers are done cutting tobacco and almost done making molasses.

Mrs. J. F. Richardson spent a few days with her sister, Mrs. Eula Niece, of Puryear, the past week. On Saturday night while they were at church her sisters house caught fire and before the alarm could be given everything was consumed by the flames in which Mrs. Richardson lost several nice dresses.

John Ellis and wife visited C. H. Luter Monday.

C. H. Luter and family, accompanied by Herbert Perry and wife, left Tuesday morning to visit their daughter, Mrs. Edna Berry, of Oakton, Ky.

F. M. Luter is building a house for Curd Cannon.

One of J. W. Lassiter's twin babies died about two weeks ago and the other one died last Wednesday.

### THE ROAD TO SUCCESS.

has many obstructions, but none as desperate as poor health. Success today demands health, but Electric Bitters is the greatest health builder the world has ever known. It cures perfect action of stomach, liver, kidneys, bowels, purifies and enriches the blood, and tones and invigorates the whole system. Vigorous body and keen train flow their use. You can't afford to slight Electric Bitters if weak, run-down or sickly. Only the quantity by Dale & Stubblefield.

Association speaking by John Keys, county chairman, at McClellan School House Thursday night Oct. 7. Russell Chapel Friday night Oct. 8. Every body invited to attend.

## CANDIDATES FOR COUNTY OFFICES COULDN'T AGREE.

The democrats and republicans who are candidates for sheriff, judge, attorney and jailer met here last Monday night for the purpose of arranging a list of appointments for public speaking, but after considerable controversy failed to agree and as a result each set of candidates made a list.

It appears that the democrats wanted the republicans to allow a division of time with all the nominees of the primary to which the republicans objected. The democrats then agreed that if the republicans would consent to all the nominees being invited to the speaking and do "legging" with the crowd that they would then agree that only democrats who had opposition would speak.

The republicans thought this was unfair and after further squabbling adjourned without reaching an agreement. Both sets of candidates later met and arranged the following lists:

### REPUBLICAN DATES.

New Concord, Monday Oct. 18 1 p. m.

### DR. J. G. HART

Death of Splendid Citizen and Well Known Physician Causes General Sorrow.

The death of Dr. J. G. Hart last Thursday afternoon at his home in this city of heart trouble has caused much sorrow throughout the county.

While in feeble health the past several months his sudden death came as a severe shock to the community. Shortly before his death he was at his old home place, adjoining his residence, and returned to his room. His daughter, Mrs. Stanfield, of Mayfield, arrived on the 3:30 o'clock train and after greeting her and eating some fruit retired to his bed where death resulted almost instantaneously.

Dr. Hart was in his 41st year. He was born in Henry county, Tenn., and moved to Calloway in infancy. He had been a practicing physician 37 years. Educated at Eastman College, Poughkeepsie, N. Y., and Electric Medical Institute, Cincinnati, Ohio. Later he took a number of post graduate courses at the leading institutions of the country.

He had been honored with the presidency of the Calloway Medical Association and in 1905 was elected president of the Western Kentucky Medical Association. In every capacity he displayed a splendid talent and was readily recognized as a man and physician of superior ability.

In 1873 he was married to Miss Sarah Thompson, of this county, who with five children survive him.

Dr. Hart was instrumental in the organization of the Calloway County Telephone Co., the first institution of its kind every in the county, and always took an active and leading interest in the schools and churches of the community. He was a devout member of the Christian church and his council will be missed in the administration of affairs of this organization.

His death, not wholly unexpected, was a great loss to the community. Everyone who knew Dr. Hart intimately learned to love him and admire him for his sterling worth and exceptional ability.

Funeral services were conducted

ed last Friday afternoon at the Christian church by Rev. Mathews, of the Christian church and Rev. H. B. Taylor, of the Baptist Church, after which the funeral took place in the city cemetery.

The greatest tribute we can pay is the belief that "there was, there is, no manlier man than this."

### Returned Home.

The only defect that kept William McPherson, of Murray, from joining the ranks of Uncle Sam's army was his own reluctance. McPherson was enlisted at Murray Monday by Sergeant Joseph Kresky, of Paducah, and brought here yesterday afternoon. Upon arriving at the local recruiting station he was examined and passed all physical requirements, but this morning he returned home. McPherson wanted to enlist at Murray, but thoughts of home would obtrude and when he reached Paducah he concluded he might better break his engagement with Uncle Sam at Paducah than go to Jefferson Barracks, where there was no excuse to give up.

Sergeant Blake yesterday afternoon enlisted Thomas F. Peables, of Hazel, Ky., who was accepted by Capt. G. W. Kirkpatrick and sent to Jefferson Barracks, St. Louis, this morning. News Democrat.

### A Hurry up Call.

Quick! Mr. Druggist—Quick!—A box of Bucklen's Arnica Salve—Here's a quarter—For the love of Moses, hurry! Early turned himself, terribly Johnnie cut his foot with the axe—Mamie's scalded—Billie has a corn from piles—Billie has a corn from piles—She got it and soon cured all the family. Its the greatest healer on earth. Sold by Dale & Stubblefield.

Capt. J. N. Polen, of Pocahontas, Ark., is dead at the age of 71 years. Capt. Polen was for years a citizen of Murray, and founded the Murray Gazette, the first local paper ever published in Calloway county. He left here in about 1881 and went to Pocahontas, Ark., where he published the Randolph Herald for many years. He was a capable man and is well remembered by many of our citizens.

### Murray R. F. D. No. 1.

After a down-pour of a most deluging rain I shall send a few items to your worthy paper. No marriages or deaths to report, but some sickness at present.

Bradley Gibbs is at his father's quite ill of typhoid fever.

A good many are cutting tobacco; the worms are worse than they have been for several seasons.

Everett Bogard has been right sick with the fever, but is better at this writing.

Miss Ellen Paschal is still improving at this writing.

A. B. C.

### Date Changed.

The date for Teachers Association to be held at Kirksey is changed from 1st Saturday in October to 4th Saturday in October on account of many teachers wanting to attend the Soldiers Re-union at Hazel next Saturday.—L. A. L. LANGSTON, Co. Supt.

### Advertised Letters.

After one week the following mail will be sent to the Dead Letter Office:

Miss Pearl Cain, Will Greenfield Mrs. N. L. Gadberry, I. J. Grogan, Lubie Johnson, Dallas Pen-dergrass, Martha Penn, Elvie Suiter, Mrs. Tempa J. Wells, Miss Sirdiera Wiley, Mrs. Orme Young.

In calling for advertised matter, please mention that it is advertised.

Miss Pollie Graves was thrown from a buggy Tuesday morning about 11:30 o'clock and sustained a fractured shoulder and was painfully bruised about the head and face. Mrs. Everats Irvan and Miss Lois Irvan were in the buggy with Miss Graves and in turning a corner at J. P. McElrath's residence Miss Graves was thrown out of the vehicle.

Hon. W. L. Krone, of Lyon county, is here in the interest of his candidacy for commonwealths attorney.

## A STRAIGHT FROM THE SHOULDER FALL 1909 PROPOSITION

Dry Goods, Shoes, Clothing, Etc.

WE don't claim to have the largest stock in town, but we do claim that the concern that gives you more goods for your money than we has got to get up and hustle. COME AND SEE US.

J. E. OWEN.

## COMMUNICATED.

In last week's issue of the Calloway Times it was stated that I dirty slanderer that you are, and when you get through with this place.

And I understand that in this case if you don't say you in connection it is also being circulated. I thought I'd better pick up the fact that should I be elected I would resign and make the fight for the postoffice. It seems to me that I was in Murray that it is impossible for this place to be in a false light before the people of this county. I am not an applicant for this appointment, and would not have it if offered to me on a silver platter. I am before the people of this county asking at their hands the office of County Judge, and if elected will serve the allotted time, should a kind providence permit.

It would seem to an unprejudiced outsider that your humbly servant was a dangerous factor in this race, for not an issue of this paper but some misleading statement is made about me. And the people of this county need not be astonished at anything it may say in the future, for it will stop at nothing to defeat me.

Just a word to "Uncle Ace." It seems that this mysterious writer has "hiked" to the woods, but he paused long enough to inquire where your humble servant was when Walter Krone was nominated. Uncle Ace seems to know, and I beg of him to tell the people of this bailiwick where, oh where, was the "Judge" when this "function" was "pulled off." I know what your "dirty insinuation" meant, but I want to place you on record.

Entertained. On Monday evening August 24, from 8 to 11 o'clock, Mr. Joe Meador entertained a large number of his friends. The rooms were artistically decorated with pot plants and evergreens. Mr. Coleman and wife, Mr. Stubblefield and Mr. Meador furnished the guests with some excellent instrumental music. After which they were invited into the elegant dining room, where delicious refreshments were served by Mrs. Meador in her usual characteristic manner. Then, to the delight of every one present as they were again invited into the parlor. Miss Meador slowly sang "Love Me and the World Is Mine." As her rich voice floated through rooms bearing those sentimental words, every one seemed to forget time was passing.

## HENRY COUNTY FAIR, Paris, Tennessee. October 6, 7, 8 and 9

An excellent place for recreation and amusement. Everybody goes. No dust, rain or shine. A fair of high order and merit. Excellent Races. Interesting and meritorious exhibits.

### Friday will be Calloway County Day.

All school children from Calloway county free on this day. Excursions on all railroads. Trains run right to the grounds. Come and meet your friends.

For Premium List call or write

H. E. TYSON, Secretary.

## Commissioner's Notice.

William Ballance, Clerk of the Court, by virtue of a judgment and order of sale of the Calloway Circuit Court rendered at the August term 1931 in the above cause for the purpose of division, I shall proceed to offer for sale at the court house door in Murray, Calloway county, Ky., between the hours of 1 o'clock and 1 o'clock p. m. Monday, October 5, 1931, on a credit of twelve months the following described property in Calloway county, Ky., to-wit:

The south half of the southeast quarter of Section 31, Township 2, Range 3 East, containing 80 acres, more or less, except about 2 acres heretofore conveyed to Charles Weather, and except about 1/2 acre conveyed to Salmon Bassett, and being the same tract as was sold to John Ballance by John W. Harris and wife, by deed dated June 10, 1928, and recorded in deed book 11, page 90, and containing about 80 acres more or less.

Also a tract of land in the southeast quarter of Section 31, Township 2, Range 3 East, and in the southwest corner of the north half of said quarter, beginning at the south-west corner of a 1/2 acre tract, deeded to Rebecca Pool, thence south 83 degrees west 90 poles to a stake, thence south 1/2 degrees east 1/2 poles to the corner of said quarter, thence north 83 degrees west 102 poles to a stake, thence north 83 degrees east to a stake, thence south 1/2 degrees east 1/2 poles to the corner of said quarter, containing in all in the two tracts in the above described about 160 acres, more or less.

For the purchase price, purchaser with approved surety, securities must execute bond, bearing date and having the force and effect of a judgment, to be filed with the clerk of the court, and to be promptly paid to the clerk of the court.

This is to give notice to all persons that the above described property is for sale at the court house door in Murray, Calloway county, Ky., on Monday, October 5, 1931, at 1 o'clock p. m.

W. B. Ballance, Clerk of the Court.

Many people are suffering from rheumatism, backache, neuralgia, kidney and bladder trouble, and making every trace of pain, weakness and urinary trouble disappear. Sold by all druggists.

Murray, R. F. D. No. 7.

We will give a few items to the Ledger readers. Cab Hart and family visited relatives at Murray Saturday and Sunday.

Mrs. Joe Weatherspoon spent a week in Hickman county visiting relatives.

Bros. Henry and Houston are holding an interesting meeting at Pleasant Valley.

Kelley, son of Allen Faris is improving rapidly.

Hurchel Starks has been quite sick but is up at this time.

Tom Hayden has sold his farm to Wes Drinkard of the New Providence section, also Allen Faris has sold to Fayette Evans.

Anyone wanting molasses would do well to see John Smith and Emmett Michaux.

Charley Smith and family visited uncle Joe Michaux and family one day.

Obe Cole spent Sunday in the Smith's Grove neighborhood.

Otis Henry makes regular trips down east.

Health and Beauty Aid

Cosmetics and lotions will not clear your complexion of pimples and blotches like Foley's Urinary Laxative, for indigestion, stomach and liver trouble and habitual constipation. Cleanses the system and is pleasant to take. Sold by all druggists.

FOR SALE. 40 acre farm 1/2 mile northwest of Lynn Grove. 20 acres in cultivation, good barn, houses and outbuildings. Convenient to school and churches. Apply to T. R. JENNINGS.

For a Sprained Ankle.

A sprained ankle may be cured about one-third the time usually required, by applying Chamberlain's Liniment freely. Keeping it on the injured part. For sale by Dale & Stubblefield.

LEADER \$1.00 PER YEAR.

## \$375 Mother's Oats Fireless Cooker and a complete assortment of MOTHER'S CEREALS - all for \$284

The Mother's Oats Fireless Cooker actually cooks without fuel. It solves the servant problem, the fuel problem and the delayed dinner problem. It saves 80% of your present coal or gas bill, and 90% of your present kitchen worries. When you own a Mother's Oats Fireless Cooker, you simply place your oatmeal (or anything else that you want to prepare) on the stove, bring it to a boiling point, remove, place in Mother's Cooker, put the pad in position, tug the drawstring, and go to bed. While you're sleeping, the food will keep cooking itself. Nothing can burn, scorch or burn or spoil. During the day you can start soup or joints or vegetables, place them in the Cooker, visit your neighbor, go to the movies, or shop, without any thought of a hot, stuffy kitchen range. Now, there is only one way that you can get a Mother's Oats Fireless Cooker, unless you want to go to a store and pay \$4.75 for it, and that is by being a user of Mother's Cereals. The best cereals, prepared in the largest mills and sold everywhere by the best dealers in every town. In every package we place a coupon, and when you have 125 coupons, we'll send you the \$3.75 Fireless Cooker for nothing. If you want a Fireless Cooker or a money, you can either buy one package of Mother's Oats, or other Mother's Cereals, and get the Cooker immediately by paying \$1.15 in cash or upon the following basis:

25 coupons and 75 cash	50 coupons and 25 cash
75 coupons and 1.00 cash	100 coupons and 1.10 cash
125 coupons and 1.10 cash	

THE GREAT WESTERN CEREAL COMPANY

TO THE FARMERS OF West Kentucky.

I am making a special effort to get farms and am advertising in Kentucky, Indiana, Illinois and Ohio, and will have outstanding here to buy land. I want your farm on my list. If you want to trade for city property I can suit you. Write me description of your property. Prices, terms, etc., and I can find purchasers. My terms are 5 per cent of sale price. If you want to buy a farm call or write me.

S. T. RANDLE  
110 Broadway, - Paducah, Ky.

Real Estate, Loans And Insurance.

Farms a Specialty—List Your Farms With Me.

## More Daylight

It Affects Every Person in United States

By THURDEY BAYLE BOUCE

MY TRAVELS I have read with great interest the many articles appearing in the different newspapers and other publications on the use of more daylight, and have been pleased to see that the press is not only liberal in the space devoted to this subject but that the vast majority of the publications are favorable. However, quite a few fall into the common error of thinking that the same thing could be accomplished without complications by changing the hour of work and that the advocates of securing more daylight by changing the clocks during the summer time fool themselves.

They overlook the fact that suburban trains are run to-day in accordance with the present schedule of hours in the commercial world. Mail trains are regulated to a large extent along the same lines and the office force as a rule time their arrival with the first mail. Therefore if the hours of beginning the day's work were advanced an hour everything would be out of line. If it became an established custom to advance the hands of the clock May 1 one hour, allowing them to remain until October 1, when they would be changed back to the present standard of time, it would not be necessary for the railroad to change their time tables and all schedules would be kept by the clock, the same as today, and the change could be forgotten almost immediately. In the summer at least these sections of the country that were robbed of a good portion of an hour by the establishing of standard time would have this time restored and every one given an additional hour during the summer time to devote to rest or recreation, as they may elect.

It must not be overlooked that as this proposed reform contains no politics or religion and is not of profit it is everybody's business and therefore nobody's business. Yet it is unique, inasmuch as it injures no one and does not call for the expenditure of Uncle Sam's money. So every one should do what he can to aid it. It affects every man, woman and child in the United States and it is a subject worthy of strenuous activity on the part of politicians, the press and all who act for the good of humanity.

More-daylight associations should be formed in every section of the country, as it is only concerted action that changes which are not of profit can be brought about.

## Modern Public Desires Popular Melodies

By EDWIN L. ARKINS

A writer speaks of the low nature of many vocal solos rendered during hands-on-the-keyboard and asks if we lack composers of more inspiring songs.

It is not so much the lack of composers as it is of the people who appreciate higher class songs. The modern public desires melodies of this nature; in fact, the majority would not understand any other. If the songs that were popular two years or more years ago were polished today, they would, no doubt, be rejected and ridiculed. Surely the admirers of most of the modern songs could not comprehend the beauty and uplifting character of such as "Drink to Me Only with Thine Eyes," "Silver Threads Among the Gold" and "Mary of Argyle."

In order to cater to the degraded tastes of the majority of the people of today the modern songs are composed.

Nevertheless, those who have charge of these concerts should give to the public a series of numbers that have nothing of the degrading character in them, but which will have an elevating influence on the minds of those who appreciate them, regardless of the likes and dislikes of the rabble.

## What Is Use of Getting Married

By SIDNEY BELL

What is the use of getting married? asks a correspondent. I'll tell you. It is to have a happy, comfortable home. That statement looks simple, doesn't it? But look farther. To have that kind of a home there must be love, and that takes unselfish regard for each other. To make a home comfortable it must be comfortable for your husband or wife. That takes more unselfishness on your part. And then are the greatest blessings that can come into a home. They take still more unselfishness. You must care for them, love them, watch over them, seek to make them happy, and teach them to love the home. They won't love home unless home is made attractive for them. Neither husband nor wife alone can make home happy and comfortable.

If you will try to make your home as happy and comfortable for the other inmates of it you will do a great deal toward making it happy and comfortable for yourself. Then if the others will do the same—and you must get them to—you will no longer ask "What is the use of getting married?"

## Theory That Pain Is Essential

By AGNES CLARKE

Prof. Foster's theory that pain is essential and necessary for the higher development of the human being is not new.

There are isolated cases where great works have been accomplished by persons who were suffering mentally and physically, but the best work of the world has been done in the main by persons who were physically and mentally healthy and happy. It is not likely that troubles such as the work of Washington or Lincoln were effected, and few of our greatest achievements have been the result of the physical condition which enabled him to produce what he sought to produce, rather than for the drawing of the sword.

A child who knows a great deal of grief or pain is about the happiest and best product of the planet, and the idea that such a life must be "lived in the world" to attain the highest pleasure is a great nonsense.

## GOSPEL OF THE POOR MAN

Make Haste To Sing and Laugh and Continue to Delude Yourself

There is a lonely life, you know, and often I am forced to lead my song, "The Jolly Life I Lead," for fear I should hear the undercurrent of misgiving and listen for nothing else. So, like Figaro, I make haste to laugh, and thus continue to delude myself, until by and by the mood passes and I can look up at the stars or the open sky and know that I am in tune with them. That's a great business of ours, I assure you, to make a harmony, listen to the music of the spheres and screw up to the pitch they keep. There's our art for the conversion of the world, for we all aim at that no less—and I am with the rest. You know my gospel and won't take it amiss for being somewhat musty. Poverty, poverty, poverty! That's the cry if you would be rich, O son of man. But now, when I crave the treasure of your golden heart, my saint, and such sometimes that I may have to go without it, ain't I the very inconsistent poor devil I complain of my next-door neighbor for being? Of course, I am. Yet oh, for the deep draught of your eyes I lately had! Oh, to read the great trust in your long gaze! Oh, for the assurance of your thrilled voice, and oh, for the touch of your hand! I'm a rascal, I see. Farewell, Sancho. Maurice Hewlett in Putnam's.

## WON'T BUY CHINESE PORK

The complete failure to sell in London a shipment of frozen pork from China has called forth many explanations from correspondents of the English newspapers. Says one of them in the London Express: "I have seen the conditions under which pigs are bred in China. They are in a semi-wild state, and with the exception of the few that are kept in the roadside and seashore. They live on the rotten seaweed and on the dead bodies of animals and human beings which are frequently to be seen floating down the rivers. I have never heard of a European in China eating pork and I know for a fact that the men of the Chinese fleet would as soon eat the flesh of the chow-dogs as that of the pigs."

## THE POLITICAL MILLENNIUM

Two Kansas farmers, one of them a Republican and the other a Democrat, were quarreling over their political beliefs. The more they argued the farther apart they drifted. Finally they called in a neighbor to settle the dispute.

This neighbor was a man who seldom said anything, who went about his business, was a good citizen and substantial in every way.

"Well," he replied, after both had stated themselves, "my son and I have been hauling wheat nearly 10 years now. There are two roads leading to the mill. One is the easy, level road and the other leads over the hill. But never yet has the miller asked me which road we came. He always asks: 'Is the wheat good?'"

## SAYS WOMEN ARE IMITATORS

Dean Briggs of Harvard college and Radcliffe reminds college girls that they are expected to give not merely the unobtainable but the refined and charming and deplorable fact that they so often try to imitate the men in their dramatic productions. He does not approve of the musical comedy for the college and stage.

## HAD ITS COMPENSATIONS

"I am afraid,娘亲," said a gentleman who was looking for apartments, "that the home or two near the station is pleasant."

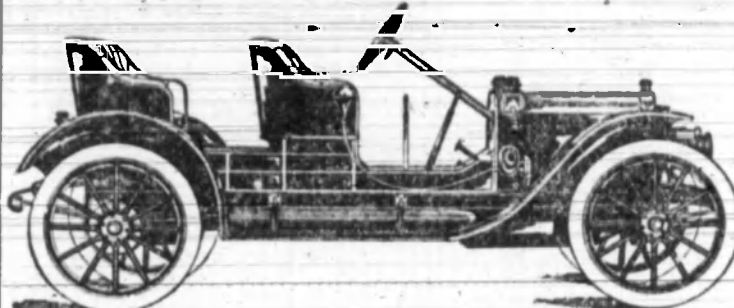

## A JOINT DEAL

"My dear," "What is it, my dear?" "I wish you would drop around at the market to-day and inspect a stock that I hold an option on. Then, if you like it, call at my office and we'll sign the transfer papers."

## LUCKY MAMMA DIDN'T HEAR

"Papa, what is a married lady?" "A married lady is a lady who is a lady of a lady's house."

"Divide with the buyer the saving we effect by our superior methods of manufacturing and distributing."—Studebaker Policy 55 years old.

## Studebaker-Flanders "20"—\$750

### The Greatest Automobile Value the World Has Ever Seen

HERE'S THE ANNOUNCEMENT for which the world of Automobiles has been waiting so anxiously—hoping or dreading according as the individual was a buyer or seller of motor cars.

WE HAD INTENDED KEEPING SILENT about this car for a few weeks yet—until other makers had had their say—until they had all sprung their "announcements."

BUT THE MAGNITUDE OF OUR PREPARATIONS—the purchase of several factories by Studebaker, the reorganization of the E.M.F. Company of Detroit, the trade longures and warring information as to the car that was to be produced in such a tremendous scale—began to leak out.

DEALERS, ANXIOUS TO GET THE WINNING LINE, began to inquire as to the Studebaker plans for next year. They were impatient, for, very naturally, they did not want to tie up with any other concern if Studebakers were to have the great line that had been reported. No man likes to be on the losing side. All like to march with the Victorians.

CUSTOMERS EVERYWHERE WROTE in this vein. "If Studebakers are going to build a runabout I don't want to buy until I have seen it." Thousands of these writers have dealt with this old house for years—some of them never bought a vehicle anywhere else. To them the Studebaker name justly adds to the lasting value of any car.

IN VIEW OF THIS ANXIETY on the part of our friends we decided it would be unjust to dealers and prospective buyers to longer withhold information as to this car, which will be the first of a new line of Studebaker-Flanders "20's" and Studebaker E.M.F. "20's."

SO THE CAT IS OUT. Read the specifications briefly given below. Consider the source of this car's origin. Then compare it with other "20's" recently announced—and see if you don't think they were false alarms.

STUDEBAKER-FLANDERS "20" is the new car of the new car, and the title was selected because it was believed that that alone would be the strongest guarantee of its quality to any one at all familiar with the history and the benevolence of the automobile industry.

STUDEBAKERS STAND SPONSOR for the product—the entire output will be marketed through this organization. That is your guarantee that the car will be of sterling quality throughout—Studebakers could not afford to lend their name and a reputation based on 55 years of upright dealing to any but an honest product.

FLANDERS WILL MANUFACTURE this product. What could we say here that would add to his fame as a manufacturer? His has been the most wonderful record in this wonderful business. It has been a record of triumph—a record that has led to the production of cars in production that had hitherto been considered impossible—that other makers now "sell" marvelously. E.M.F. "20's," which attained such an instantaneous success and now stands the most popular car on the market, was sufficient to establish Flanders for all time.

JAMES HEASLETT DESIGNED the car. He is an engineer who up to the time he undertook this commission had never set his hand nor his talent to the designing of any but high priced cars. Several of the best known manufacturers of cars in the world have since then followed his lead. He designed the original Studebaker chassis—the one from which have evolved all later models. He doesn't know how to do cheap work.

It is the sense that this car is generally used, it simplifies and he knows how to design parts to manufacture to the best advantage—there he is unsurpassed by any.

2500 E.M.F. "20's" WILL BE BUILT IN 1916. We realize that these figures will be almost incredible to persons unfamiliar with the resources of Studebakers and the ability of Flanders. It is a simple statement of fact. That the "20's" are conservative of Studebakers and not some young and inexperienced concern stands back of the statement ought to give it a par value. We know it is.

THIS QUANTITY WAS NECESSARY. It would be impossible to produce a car of this size and quality at the price if made in smaller quantities. The tremendous "overhead" expense of equipment and distribution would, if added onto a lesser number of cars, make it necessary to add 25 to 50 per cent to the price. We can not build a much better car than others do for the money in lots of 2500 to 5000. But by distributing the overhead over 25,000 cars we have been able to set the price at \$750.

COMPARE THIS CAR WITH OTHERS. These are not as equipped—we believe no automobile is complete without a first class magneto—and you will find that, aside from the difference in price, there is no comparison in value. We didn't intend there should be.

THIS IS A FULL GROWN, MAN'S SIZE magneto equipped, four cylinder car, not a four cylinder toy or a five long brake car.

WE HAVE HAD IT IN MIND SEVERAL YEARS under very severe conditions—simply waited until plans could be matured for its proper manufacturing and distribution. No concern would dare attempt a task so large as this until proper machinery not only for making but for marketing the product had been perfected and installed. That time has arrived.

THE DEMAND IS ALREADY THERE. This we know. It only remained to perfect an organization to properly take care of it and to extend to buyers that uniform courtesy and prompt attention that have made Studebakers famous and prosperous. Did you ever notice that a Studebaker representative, wherever you find him, breathes the spirit of the whole organization—is a sort of beacon of safety in all

Studebaker patrons? Well, it's a fact. It's the way we stand back of them—treat them as we want their customers treated. They soon get the spirit.

THE BEST BRAINS IN THE INDUSTRY are placed in the production of the Studebaker-Flanders "20's." Plants best suited to its manufacture have been purchased—for if we would avoid all chances of delays and disappointments to buyers we must depend on no outside concern to furnish the smallest part. Every part must be made in our own factories and under the watchful eye of Flanders.

TO MAKE THE LOW PRICE POSSIBLE. It was necessary also that there be no intermediate parts profit. No concern making an assembled car can hope to compete with this car in quality at the price. It was the purchase of several plants, among them the splendidly equipped De Lue factory at Detroit, a forging plant, a body making plant, and others—that started the rumors and made it necessary to announce our plans a few weeks earlier than intended. It puts us all right—but—

OUT OF CONSIDERATION FOR COMPETITORS. We intended to keep silent just a while. Dealers will not begin until January. Besides, we realized that the announcement of such a car at such a price, and by Studebakers, is likely to have the effect of an explosive bomb on the market at this time. We had no desire to precipitate anything, but our hand was forced.

"THIS CAR WILL BE THE SCRAM OF 1916." said the first dealer who was let into the secret, and if dealers can't pick winners who can?

IT WILL BE A REPETITION OF E.M.F. "20" HISTORY. The greatest success from every standpoint ever sprung in this industry up to date.

OF COURSE IT WILL BE DAMNED. No car by Flanders. But damming doesn't hurt. No car was damaged as was the E.M.F. "20," nor known as Studebaker E.M.F. "20." They said we would never be able to make them at the price we did. Then they said they would be delayed—shipping 45 a day—over 4500 in hands of owners. Damning doesn't hurt, for they never damn dead ones.

STUDEBAKERS ARE THE WORLD'S LARGEST makers of motor cars—many times over. Yet we cannot hope to "purge" the whole demand. And as cars sold under the Studebaker name are always first choice, persons who are unable to get them and must buy some other are naturally disappointed—and often sore.

THERE IS CERTAIN TO BE A SHORTAGE of every Studebaker model in 1916. We know that now, but are powerless to avert it. Under the Studebaker name 11,000 cars, gasoline quality, will be made in 1916. That sounds big, but this is a big country and the name stands high over every mile of it.

ONLY 1,000 STUDEBAKER-CARFORDS. America's standard high priced car—have been planned for. Of the best model, not yet publicly announced, nearly 200 are already under order. For several weeks we have been aware that there will be a big shortage of this model, but it is too late to change plans now. The only thing for you, if you want a car of that type—seven passenger, \$4,000, with standard body—is to get your order in now—have a definite delivery date set.

"DIVIDE WITH THE BUYER" the saving we effect by our superior method of manufacturing and selling. That is the keynote to all Studebaker operations—the explanation of our policy of small profits per unit on quantities of cars. No other manufacturer is satisfied with so small a margin. Most of them do not know, within several dollars, what it costs to make an automobile—and they get a wide margin to cover.

YOU HAVE BEEN PAYING FOR WASTEFUL METHODS. Ever since the beginning of this young industry, we have corrected that. This is an industry now—not a game.

STUDEBAKERS, WITH ALL THEIR RESOURCES financial and otherwise, would have hesitated to launch a project as big as Studebaker-Flanders "20's" under the conditions which until within a few months have prevailed in the automobile industry—er, rather, flame. The basis on which the business has been conducted was foolish, flimsy and false. It was fair neither to maker nor buyer—most unfair to the dealer. He was always chasing rainbows. Tying up with one wildcat concern after another, he never handled the same line two years in succession—never knew where a year afterward, to find any one to stand back of the so-called "guarantee" he had given with the car.

LOW DIFFERENT NOW. When you can buy any type of car you need, dictate or your purse can afford and have behind it the warranty and the name of a concern like Studebakers, Studebaker-Flanders, this latest creation—Studebaker-Flanders "20's"—completes the line. Here are best specifications. Read them carefully; then if you desire further information about this or any other Studebaker model write your nearest branch. Whatever you do, get your order in—or don't waste your money, because you can't get a car for next spring's use, when you will want it badly.

STUDEBAKER-FLANDERS "20's" are built in two body styles—two door and four door. Both are built on a new chassis, and both have a new body style.

## Must Settle.

Persons in debt to me by note or account are notified that they are due for service of horses are notified affected, life is in danger. For to come forward at once and settle. Accounts will be placed healthy kidneys, corrects urinary with an attorney for collection through articles, and tones up the unless this is done at once.—C. W. BRADLEY.

# Low Fares

On the 1st and 3rd Tuesdays of each month, very low fare round trip tickets will be sold via the Cotton Belt Route to points in Arkansas, Louisiana, Texas and Oklahoma. Take advantage of these low fares and investigate the wonderful opportunities now open in the Southwest. The 28 day return limit gives you ample time and you can stop over both going and returning.

## The Direct Line to Texas

The Cotton Belt is the direct line from Memphis to the South and through Arkansas. It operates two daily trains, carrying through sleepers, chair cars and parlor cars. Trains from all points make direct connection at Memphis with Cotton Belt trains for the Southwest.

Do not delay your trip to the Southwest until the big opportunities are gone—come today where you want to go and I will show you how cheap you can make the trip and give you complete information. I will also show you the new four color Texas map.

## A Traveling Man Received the Thanks of Every Passenger in the Car.

"I must tell you of my experience on an East-bound train from Pendleton to La Grande, Ore., writes Sam A. Garber, a well known traveling man. 'I was in the smoking department with some other traveling men when one of them went out into the coach and came back and said, 'There is a sick woman unto death in the car. I got up and went out, found her very ill with cramp colic, so ill, in fact, that I was almost afraid to take the risk; her hands and arms were drawn up so you could not straighten them, and with a deathlike look on her face. Two or three ladies were working with her and giving her whiskey. I went to my suit case and got my bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy (I never travel without it), ran to the water tank, put a double dose of the medicine in the glass, poured some water into it and stirred it with a pencil; then I had a time trying to get the ladies to let me give it to her, but I succeeded. I could at once see the effect and I worked with her, rubbing her limbs, and in twenty minutes I gave her another dose. By this time we were almost in La Grande, where I was to leave the train. I gave the bottle to the husband to be used in case another dose should be needed, but by the time the train ran in to La Grande she was all right, and I received the thanks of every passenger in the car.' For sale by Dale & Stubblefield.

Murray R. F. D. No. 4.

Health is reasonably good in these parts. The recent cool spell has rushed the remainder of the tobacco in the barn.

Jessie Paschals baby is still improving.

Lee Paschal has bought a part of the Emmet Swan farm.

Noah Paschal has been sowing wheat on his farm the past week.

Several through this section attended the fair at Mayfield last week and report a good time.

A series of meetings commenced at Oak Grove church last week with good crowd present.

The unveiling of Charley Taylors monument last Sunday evening at Lassiter's grave yard was attended by 1500 or 2000 people.

Mrs. Mat Paschal was quite sick last Sunday.

Will Miller, of Paducah, was visiting Tom Miller, of Cross and Sunday and Monday.

Rip Fuller and wife have about recovered from cases of typhoid fever.

Some three or four weddings the past week and Sunday and more are expected soon.—E. KNOWN.

## Night On Bald Mountain.

On a lonely night Alex Benton of Fort Edward, N. Y., climbed Bald Mountain to the home of a neighbor, tortured by asthma, bent on eating him with Dr. King's New Discovery, that had cured him of asthma. This wonderful medicine soon relieved and quickly cured his neighbor. Later it cured his son's wife of a severe lung trouble. Millions believe it's the greatest Throat and Lung cure on earth. Coughs, colds, croup, bronchitis, and sore lungs are surely cured by it. Best for hay fever, grip and whooping cough. 50c and \$1.00. Trial bottle free. Guaranteed by Dale & Stubblefield.

# Electric Bitters

Succeed when everything else fails. In nervous prostration and equal weakness they are the supreme remedy, no thousands have testified. FOR KIDNEY, LIVER AND STOMACH TROUBLE. It is the best medicine ever sold over a druggist's counter.

## REAPING

Benefit From the Experience of Murray People.

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Murray residents on the following subject will interest and benefit thousands of our readers. Read this statement. 'Tis emphatic and convincing. No better proof can be had.

Mrs. H. B. Miller, Murray, Ky., says: 'I had such severe pains in my back that I could not stoop and whenever I lifted, sharp twinges would dart through my loins. My back ached at night and in the morning when I arose, I was very lame. During the day I became tired easily and occasionally I suffered from nervous spells, headaches and attacks of dizziness. There was a sediment in the kidney secretions and the passages were so frequent as to greatly annoy me. Learning of Doan's Kidney Pills, I procured a box at Dale & Stubblefield's drug store and they gave me relief in a short time. I continued using them and was cured. I am glad to say the cure has been permanent. I think very highly of Doan's Kidney Pills.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## Testifies After Four Years.

Carlisle Center, N. Y., G. B. Burhans, writes: 'About four years ago I wrote you that I had been entirely cured of kidney trouble by taking two bottles of Foley's Kidney Remedy, and after four years I am again pleased to state that I have never had any return of these symptoms, and I am evidently cured to stay cured.' Foley's Kidney Remedy will do the same for you. Sold by all druggists.

## Obituary.

Sister Jane Prier Rowlett, was born Friday January 19 1831, professed faith in Christ in early life and was united with Blood River church and later moved her membership to New Mt. Carmel church where she lived a devoted christian life until death; departed this life March 14, 1907 aged 73 years, 2 months. She left children to mourn the loss of a kind and affectionate mother who taught them the way to God.

Mourn not dear children she is not dead but sleepeth and will rise on the resurrection morning she will only rejoice to meet your dear faces at the Pearly Gates.

From this dear life mother parted never more on earth to roam but let us prepare to meet dear mother in that eternal home. One less on earth one more in Heaven our loss is her eternal gain.

Written by her grandson, ELMER ROWLETT.

## A Narrow Escape.

Edgar N. Baylies, a merchant of Robinsonville, Del., wrote: 'About two years ago I was thin and sick, and coughed all the time and if I did at have consumption it was near to it. I commenced using Foley's Honey and Tar, and I am now entirely well, and have gained twenty-eight pounds, all due to the good results from taking Foley's Honey and Tar.' Sold by all druggists.

## Well Named.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is well named. For pains in the stomach, cramp colic and diarrhoea it has no equal. For sale by Dale & Stubblefield.

Get the news—Get the Ledger.

## PE-RU-NA USED FOR KIDNEY CATARRH.

Gen. A. F. Hawley, of Washington, D. C., writes: 'I have used Pe-ru-na and find it very beneficial for kidney trouble, and especially good for coughs, colds and catarrhal troubles.'

Gen. A. F. Hawley.

## Kidney Trouble for Nearly Thirty Years.

William Bailey, Post-Off. Emp. No. 61, Union Veteran Legion, and prominent identified with many of the great labor protective associations in Chicago and New York, and secretary of one of the largest associations in the former city, had for nearly thirty years been afflicted with kidney troubles.

Within a short period he has been persuaded to use Pe-ru-na, and his present healthy condition is attributed to his judicious use of that great remedy. Washington climate is notoriously bad for kidney and liver troubles, yet by a judicious use of the remedy he is now quite cured and in excellent physical condition.

This brief statement of facts, without exaggeration or hyperbole, appears to tell the whole story, which the Pe-ru-na Company is authorized to use, if it so chooses, believing, as it does, that by so doing it will be for the general good.

William Bailey, 58 1/2 St., N. E., Washington, D. C.

**Kidneys affected—Back Weak.** Mr. M. H. Boderick, Secretary and Treasurer Local Union No. 606, International Brotherhood of Teamsters, writes from 414 E. 54th St., Chicago, Ill., as follows:

'I have been suffering from a weak back and kidney trouble for some time, and have been able to find relief only through the use of Pe-ru-na.

'During the winter season I usually keep a bottle of your medicine in the house, and by taking a dose at night I am feeling fine the next morning.

'Some of my friends assure me that Pe-ru-na is equally as good for their various ailments as it is for my complaint; but I do know that for kidney trouble and suffering from a weak back it has no equal.'

**Cold Settled in Kidneys.** Mr. Joseph Klein, 22 East 4th St., Topeka, Kas., writes:

'My wife took Pe-ru-na for liver trouble and a run-down condition incident to

the same. A few bottles built up her health abnormally.

'I took Pe-ru-na for a cold which settled in my kidneys, giving me much pain. In two weeks I was much better, and in a few months I was well.'

**For Liver and Kidneys.** Mr. W. H. Armistead, Cumberland, C. H., Va., writes:

'Your Pe-ru-na has cured me of chronic catarrh of long standing. I think you as much for your advice. I thank you a great medicine. It will do all that you recommend it to do. Besides, I can recommend it to cure all liver and kidney troubles.'

**Chronic Kidney Trouble.** Judge C. J. Park, R. F. D. 1, Rockhead, Ga., writes:

'For a long time I was troubled with catarrh of the kidneys, and after taking Pe-ru-na I feel like a new man. I think it the greatest catarrh medicine of the age, and believe it will cure any case of catarrh on record.'

## Notice.

To the citizens of Calloway county:

I think it best to get my wife out on the farm for her health therefore I would ask all who are indebted to me or my son to please call and settle with us on or before the first of December 1909. If not settled by then you will have to settle with some other man. You can probably settle with us better than some one else. We have been kind to you and waited on you a long time. Remember you owe this to us, not to any Company. There will be a man to take my place. I will make one more trip to see you all. Yours truly, B. F. JOHNSON, Murray, Ky.

Real news, read the Ledger.

## Money Saved is Money Made.

Make your clubs and get the "Boar Head" brand fertilizer. It has stood the test, it won't gum your drill. It's good for your land; the basis of this fertilizer is bone. Call on or phone to the farmers who served you in the past and they will give you the price and plan of handling it for wheat. See cars sold the past season. W. M. WEST.

## Veterinary Surgeon.

Dr. John J. Gough, of Benton, Ky., will be at my office on the 4th Mondays in each month while I am at college. Will say that he is worthy of his profession and will give you good work. Yours truly, C. N. TYLER, V. S. 35-12.

LEDGER \$1 PER YEAR.

# REGAL SHOES

are the most stylish, comfortable and serviceable ready-to-wear shoes made—and every man in town can prove this by coming to us and selecting a pair from the new Fall styles we have just received.

## A Smart Regal Style For Dressy Men

Every one of these Regal styles is built exactly after a high-priced New York custom model. Exact fit is assured you by Regal quarter-size—just double the usual number of shoe-fittings. Do not put off paying us a visit—drop in to-day.
