FOOD LIKE YOU GET AT HOME.
This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently.

Years of catering to the appetites of particular people make it possible for us to serve appetizing meals.

The next time you want to eat away from home, bring your family here.

Efficient and Economical Home Heating

The Enterprise Automatic circulating warm air heater will heat the entire home with a constant circulation of clean, warm air, leaving all comfortable warmth in every room.

Finished in dark grained Mahogany finish, it is in harmony with the other furnishings of the most refined taste. The fan, damper, and all mechanical parts are concealed when the cabinet is closed.

The powerful heating unit makes it most economical in fuel consumption. The wide deep air ways from top to bottom of the cabinet permit fine years of air, which is quickly heated in passing over the heating unit, and sent to the top to circulate through the entire house.

Let Us Show You This Heater Today.

In Case of Emergency

When you want a thing in a hurry you rush to a local store and get it. But do you realize that the existence of our stores depends upon continued business.

If every person in this community were to use the stores only for emergencies there would soon be no more places to satisfy those urgent needs.

You should always patronize local businesses and buy in a constant state of readiness to buy in an emergency.

Fulton is not the only town suffering from the dust evil. How is it the Paducah News-Democrat says to the rest of the condition in Paducah?

Paducah is coming to the end of another dust season, which has been an opulent opportunity to observe the progressive prosperity stemming from the absence of the dust nuisance. Its streets during the season of previous years have not been neglected. They are certain to find no obstacle to its prosperity.

The dairy products produced are of comparable cost. Nothing of comparable cost could do more than the dairy products of Paducah. The public served by the dairy products of Paducah is greater than that of any other dairy district.
