President Roosevelt, In Fireside Talk, Tells Nation Of Dangers Here From 5th Column Activity

President Roosevelt, in his fireside talk last evening, expressed his deep concern about the activities of a 5th Column in the United States. He warned that these activities could pose a serious threat to national security.

He cited examples of espionage, sabotage, and subversion that have already occurred in other countries and emphasized the need for increased vigilance and cooperation among law enforcement agencies.

Roosevelt called for a comprehensive approach to combatting these threats, including increased border security, tighter immigration controls, and a renewed focus on domestic intelligence gathering.

He urged Americans to remain united and to continue supporting the war effort, noting that the greatest danger lies not in the external threats, but in the potential for internal discord and division.

State Assessments Are Raised County Taxes—Census Is Studied

The state tax assessment board has raised county taxes as a result of the census. This is the first time in many years that such an increase has been necessary.

The board has noted a significant increase in property values, particularly in urban areas. This has led to a corresponding increase in the tax base, necessitating higher taxes to maintain the same level of services.

The board has also expressed concern about the impact of these increases on the ability of some residents to pay their taxes. They have called for a moratorium on further increases until the economic situation improves.

French Claim That All Nazi Attacks Have Been Hurl

French claim that all Nazi attacks have been hurl. Back—No Change In 48 Hours

The French claim that all Nazi attacks have been hurl, but there has been no change in the 48 hours. This is the first time in months that the French have been able to repel an attack.

The French high command has issued a statement denying the claims made by the Nazis, but there is no confirmation from the German side.

Boulogne Falls Before Thrust Of Armed Nazi Columns After Hard Fight

Boulogne falls before the thrust of armed Nazi columns after a hard fight. The French have been forced to retreat, and the situation is grave.

The German advance has been rapid, and the French have been unable to stem the tide. The city of Boulogne has fallen, and it is feared that the situation in the area may be critical.

Mrs. J. W. Hackett Dies Sunday After Suffering Fall

Mrs. J. W. Hackett, 76, a resident of the city, died on Sunday after suffering a fall. She had been in poor health for some time.

She was born in 1874 and had been a resident of the city for most of her life. She was a member of the First Methodist Church and had been active in community affairs.

Mrs. Hackett is survived by her husband, Mr. J. W. Hackett, and two daughters.

Plans Are Made For Red Cross Drive

Plans are made for a Red Cross drive to be held next week. The drive will be held to raise funds for the relief of those affected by recent disasters.

The Red Cross has been working hard to distribute aid to those in need. They are asking for the support of the community to help them in their efforts.

Junior High Honor Students Are Announced

Honor students of Fulton Junior High School, made public recently, were announced. The names of the students were公布 recently.

The Junior High School has a strong tradition of academic excellence. The names of the students were公布 recently.

Library Drive Held Tomorrow

The drive for library funds will be held tomorrow. The library is in need of additional funds to continue its important work.

The drive will be held from 9 am to 5 pm tomorrow. Contributions will be accepted at the library.

Local Girl Is Initiated Into Cawisa

Miss Martha Smith, a student at the local high school, was initiated into the Cawisa franchise. Miss Smith is a well-known and popular student.

She is a member of the National Honor Society and has been active in various community organizations.

Mrs. Atkins Is Getting Along Nicely

Mrs. Atkins is getting along nicely after her operation. She is recovering slowly but steadily.

The surgery was successful, and the doctors are hopeful for a full recovery. Mrs. Atkins is expected to remain in the hospital for several weeks.
FOOD FOR THOUGHT

Many intelligent people in this nation are carefully examining our national political scene in connection with the impending defense program. It is to be expected that any defense program which may be adopted will make use of the highest intelligence. We have no right to label the people. It is deeply unfortunate and it may be said that the question of a third term for a President should come before the American people at such a critical period in the history of the world.

(This writer, in order to forestall any criticism or any accusation of being prejudiced, will say flatly that he will never vote for any man for a third time for the Presidency. It is something entirely foreign to our belief, and we cannot endorse. That way lies dictatorship.)

Much opinion is now being expressed that the present President should not run again. For any political party the third term idea is impossible. It is true that this comes mostly from the Republican side, but one can find many life long Democrats who have no love for any man. Governor Landon, defeated candidate for the Presidency five years ago, recently called on the President for such a statement—without tangible return. Of course, it is expected that a Democratic President to hold the power of a Republican candidate, but this question will become more acute as the nation's defense, and an open fight over the issue may do the nation untold damage. At this critical hour, when so many people need to be devoted to the problem of national defense, and perhaps even to active help of the faltering Western Democracies, such a question needs to be left to untold consequences. In our world we did not have a third term, and we cannot expect the Councils of the day to act with such a critical time. It is true that we did enter the war shortly after Wisconsin Wilson's death, and for his second term, but none of the dangerous conditions which now confront us were present in 1916.

One can hardly blame Governor Landon for desiring to be present in any sort of coalition arrangements where such coalition seems to mean endorsement of a third term for any President. Many other Republicans will have the same feelings about the matter, and thousands of Democrats will go along with them. That is, of course, a strong time. There are problems which this nation has never encountered before. There are uncertainties which may become facts before electrical energy is held. Perhaps our national leaders are confused over the triple problems of the defense program for the revision election and the third term issue.

But whatever the problem, and no matter how many facts stand out stands out—that is, America must be made safe. America must not be caught in the condition which France and England have encountered. Whatever it takes to avoid that bitter lesson must be done at whatever cost, and if it be necessary, the government must pass any policies that must be done. The world is in 1942 today, and the future may never say. Some close observers tell us that the President could render the greatest patriotic service

Paducah Gets Break To Defeat
Tigers Here Yesterday 7 To 5

The Paducah Indians made two out of three yesterday by running eight and ten times, and each time they were finally on the winning side, and twice a Tiger single would have changed the complexion of the game.

Perhaps the greatest break of the game for the Indians came in the seventh inning. In that frame, with the score knotted at three and a half, a Tiger hit a single and a run, and Beauty got in to lose the frame, to the Indians tie the game back to the seventh. But the Tiger had been held out of the field before he batted, and when he was hit for the second time, he was hit out of the field by a pinch hitter, and Beauty held the bases full of runs and didn't score.

The hitter lifted an easy fly to the fans felt a sense of great relief, and for the Indians came in the infield hit. This Kramer. Paducah first sacker. Kramer was in the Tigers' hair all afternoon, and the other, at night. Tomorrow Hounds come here for a game.

Rounding out the game, both hit safely. Lockman, hitting at two o'clock this afternoon and the other at night. Tomorrow Hounds come here for a game.
