SOUTH INCREASES WAGES

The wage differential between the two sections of our country has been low for some time and this situation continues to persist. The South has always been willing to pay higher wages for certain skilled laborers, particularly in the lumber industry. The newspaper says that the unwillingness to pay higher wages in the North is due to the difference in wages between the two sections.

The Fulton County News reports that for instance, the South has a warmer climate, which reduces fuel costs and eliminates the necessity of the great quantities of heavy equipment that are necessary in the North. This fact, along with the availability of skilled laborers, makes the South a more attractive location for businesses.

The newspaper also notes that the labor force in the South is more willing to work in conditions that are less than ideal, such as humid and hot weather. This willingness to work under less-than-desirable conditions makes the South a more affordable location for businesses.

In conclusion, the newspaper argues that the wage differential between the North and South has now been low for some time and this situation continues to persist. The South has always been willing to pay higher wages for certain skilled laborers, particularly in the lumber industry. The unwillingness to pay higher wages in the North is due to the difference in wages between the two sections.
No Ballyhoo

No, sir! No ballyhoo, no loud talk or exaggerated claims ever put BROWDER’S FLOUR on the market now. It was facts—just facts—that passed from neighbor to neighbor—concerning the SUPERB BAKING quality of our flour.

It is to this, mainly, that we attribute the popularity of these famous brands:

QUEEN’S CHOICE
BROWDER’S SPECIAL FLOUR
SUPERBA or FEERLESS

A Frank Statement  
ABOUT BUILDING MATERIAL COSTS  

MANY PEOPLE ASK US **  
“WHAT ABOUT THE COST OF BUILDING MATERIALS  
We understand the Cost of Building a Home Has Gone Up.  
Are Building Prices Normal?”  

We Say Emphatically!  
NO! Labor costs have gone up, but building material prices  
have not kept up with them. We sincerely believe that those  
who build NOW will save very considerably over building six  
months or a year from today.  

Why Not You?  
Hundreds of families of this community are taking advantage  
of the present building costs. We respectfully suggest that  
you are planning to build or econ-ol—“sometime”!  

Make that “SOMETIME” soon!  
We will be glad to make estimates on your wants, and help you  
with your building plans.

NOTICE!

to the Public

The Franklin Dry Goods Co. Store will remain open for an indefinite time. We have quite a lot of choice merchandise on hand and will continue to operate as usual until all these goods are sold. Many lots of goods are sold here and will be sold at great savings to the purchaser and we cordially invite you to continue to call on us for anything you may need and if we can serve you it will be a pleasure to serve you at a great saving.

Miss Frances Gilbreth will continue to serve her friends and the general public at the same location she has occupied for many years and is receiving new supplies every day. Come to see her at this store for values and efficient service.

Mr. Buford will continue to operate his shoe department at the same old stand in the rear of the store and invite the public to call on him for shoes.

Make your store your meeting place as usual for we expect to be open for business for several weeks.
