NUMBER FORTY

BROTHER RAT ON RUN AS LOCAL FOLKS GIVE TO FUND FOR ONE-WAY TICKET OUT OF TOWN FOR UNWELCOME GUESTS IN FULTON'S HOMES

Thirty-five dollars added to New's Campaign For Eradication Program

Things are not looking too good for Brother Rat today as contributions to the News' rat eradication campaign took a slight turn for the better with \$35 donated to swell the coffers. Although the total contributions are far short of the nearly \$500 needed to completely bait the city and environs, local citizens are beginning to realize the urgent need for the campaign.

Commendation of the program was received this week from Miss Grace Cavender, county health nurse who offered to do yeoman service among the womenfolk.

A "Pied Piper" who needs no introduction to the city of Fulton, but who epitomizes real community spirit is congenial C. H. McDaniel, proprietor of the City Drug Company who wrote in to the News as follows:

"Dear Folks: Enclosed please find \$5 as my contribution to the rat fund... and just imagine, we don't even have rats in our store."

If Washington's government agencies would take as much interest in the affairs of the Nation as several WAC officers in the Capital have taken in the News' rat campaign, then there would be little complaint of government affairs.

This week two crisp \$1 bills were received from Maj. Jeanne K. Letellier and Maj. Margaret Thornton employees of the Veterans Administration, who served for many months in the Women's Army Corps.

They advise that a "Pied Piper's" club is being formed in the Nation's Capital to "help needy communities with their rat problems and then begin on the human rats who prey on the unsuspecting females of the United States."

Last week Colonel Mary-Agnes Brown mailed in her contribution of \$1.

Yes, just imagine! Lead-off man in the restaurant business to donate to the fund was Hugh Fly, manager of Smith's Cafe who contributed \$5. Mr. Fly said:

"Efforts are made constantly in our firm to eradicate vermin, but unless there is a concerted drive on the part of all citizens, our work is to no avail. I think you folks are doing a good job. I want to see the drive go over the top and hope that all others in the food business will do their share."

At the regular meeting of the Young Business Men's Club \$20 was taken from the treasury to be given to the News funds. Following the chain of "firsts" the club was the first of the civic organizations to contribute as a group.

In addition to making the donation, club members volunteered their services to help canvass the homes for further contributions and to help bait the city, if needed.

Contributions this week follows: Maj. Jeanne Letellier.....\$1.00 Maj. Margaret Thornton.....1.00 C. R. Bennett.....1.00 Mrs. V. L. Freeman.....2.00 YMBC.....20.00 Smith's Cafe.....5.00 City Drug Co.....5.00 Contributions to date.....10.00

Total.....\$45.00

Little Phoebe

"A worm, is a worm, is a worm, is a worm," the late Gertrude Stein would say to local fishermen pursuing their favorite pastime of the rod and reel.

But little Phoebe just laughed and laughed because she wondered why there was so much fuss about the sale of a worm hole when any old darn hole would be a worm hole.

FALLS TEAM WINS IN ROTARY'S QUIZ

Ernest Fall's "Team" defeated Clyde Williams' "team" in a current events quiz at the Rotary club luncheon Tuesday.

The quiz, which consisted of about fifty questions of current interest concerning Fulton, the county, the State and the nation brought down a lot of laughs as contestants racked their heads to remember such things as the date of Casey Jones' death, the names of the feudin' families of Kentucky (Hatfields-McCoys), the current republican nominee for Lieutenant-Governor, the number of freight trains a day through Fulton, and the name of the other Senator from Kentucky besides Barkley.

Visitors included Jim Lewis, of Mayfield, former superintendent of the Fulton city schools, Jim Dickens, of Chicago, who is a member of the nation's number 1 Rotary Club there, E. J. Toddhunter, and Charles Montgomery, James Riley and J. S. Corbitt of Martin.

"Happy" Hogan, president, was in charge of the meeting.

FARMERS PREPARE FOR TWO-DAY MEET AUGUST 27 AND 28

Plans Near Completion For Exhibits and Shows

The most eagerly anticipated event in Fulton County Farming is approaching as committees of the Farm Bureau, Associated Women and Homemakers make plans for the big two-day meeting to be held at the old Fulton Fairgrounds on August 27 and 28. Dairy cattle, beef cattle and premium cattle will be dressed down in championship style to parade before the judges for an opportunity to qualify for one of the ribbons or cash awards.

The ladies and gentlemen of the county all have home designated task to make this year's event one of the largest in the history of the Farm Bureau and 4-H Club work.

Mrs. McLeod, Home Demonstration agent announces that cards will be sent out to women asking that they help in serving the food on the first day.

The workers on the second day will all be homemakers, as the serving for that day will be their responsibility. These names will be announced later.

Mr. McGehee stated that it was customary to change these groups of helpers from year to year so that it will not be a hardship on anyone. It may be possible that some will receive cards who helped last year. In the event that happens, the worker is asked to contact someone else, Mr. McGehee advised.

Revival at Liberty

A revival at the Liberty Baptist church is in progress and will continue thru Wednesday, August 20, it was announced. Services are held each day at 10:15 a. m. and 8:00 p. m.

Rev. J. T. Odle of Gulfport, Miss., is preaching and Rev. H. L. Hardy, Jr., is in charge of song services.

HE'S A GOOD LIL TURTLE, COULD YOU FIND HIM.

Every morning he got out of his little bowl on top of the kitchen table. He would crawl, heavens knows how, down the kitchen legs to the floor. He's just a little turtle and a little shy and would go to the darkest corner for refuge.

It was a ritual, for then he would be missed and the search would begin, and there he was, behind the refrigerator.

But today, he's gone. No little turtle. Every dark corner in the house has been searched and little Bobby Dunn is broken-hearted. He was a homely looking little pet, but loved by the entire household.

So folks, if you see a little turtle in some dark corner of your house, will you call Bobby Dunn. And do be careful for your own children; he's so small a little baby could eat him.

OUT-DOOR ICE CREAM SUPPER PLANNED FOR AUGUST 21 BY ST. EDWARDS CHURCH GROUP

An annual event looked forward to by Fultonians will be held on Thursday, August 21 when the ladies of the St. Edwards Catholic Church Altar Society, hold their out-door ice cream supper. With ice cream and home-made cakes, which promise to please even the most discriminating taste, the affair is planned so that baseball fans may be able to eat their dessert on the grounds of the church before going to the ballgame.

Beginning at 5:30 in the evening, the supper will be served until all the ice cream and cake has been sold. If past affairs are any indication of the time it will take to exhaust the supply, then members of the committee are urging patrons to come early to be sure of getting a serving of the cake, which as a result of the let-up of sugar rationing, promises to be even more palatable than ever before.

With a committee working unceasingly for the comfort of the patrons, Mrs. C. H. McDaniel, president of the society is issuing a cordial invitation to all Fultonians to be guests of the Altar Society on this occasion.

Don't forget the date! Thursday, August 21, beginning at 5:30 p. m.

FULTON CHAMBER OF COMMERCE SPONSORS EVENT AND CONTRIBUTES TO PRIZE MONEY

Plans of the Second Annual Dairy Show to be held in connection with the Farm Bureau picnic on August 27 are nearing completion, as the Future Farmers of America and members of the Four-H club in this area prepare their graded and registered cattle for the eagerly anticipated event. Five hundred dollars in premiums will be awarded to fortunate farmers whose cattle qualify for awards in the various classes. The show will be held at the Fulton Fair Grounds.

Sunday Evening Services Cancelled During August

There will be no evening worship at the Cumberland Presbyterian church during the remaining Sundays of August.

The official board of the church, in a recent meeting, called the minister, Rev. W. R. Reid, to the pastorate of the church for another year.

The building program of the church is getting off to a good start with the membership quite enthusiastic and cooperative in the work as is being planned.

BASEBALL

FORE and AFT

Dear Baseball Fan,

FLASH! Pete Peterson is the proud father of a little 6-pound right fielder, born yesterday at 6 a. m. at the Fulton hospital.

It seems strange to be welcoming new players this late in the season, but there's a reason for it. It's a Minor League regulation that permits a team to carry two extra players the last twenty days of the playing season. This week, we've added Wilson Musgraves to the pitching staff. Musgraves is 23, hails from Cape Girardeau, Mo., and pitched his first game for Fulton against Owensboro, on Monday night. If you recall, he pitched for Owensboro last year, and was considered their best moundman. Wilson is married, and has a three year old son.

LOCAL BOYS TO ATTEND 'BIBLE MEMORY' CAMP

The Cumberland Presbyterian church is sending two young members to Shreveport, La., to attend a "Bible Memory" camp during next week, the church's pastor revealed today.

The young men are Joe Holland, son of Mr. and Mrs. William Holland, of Route 1, Fulton, and Wendell Norman, son of Mrs. Raymond Norman of Fulton. They will leave Fulton Sunday afternoon.

The "Bible Memory" camp receives its name from the fact that its young participants have previously memorized 250 verses of Scripture over a period of 12 weeks and have earned for themselves a week of free camping.

The camp will be attended by some 4000 young people; the camp management will give free entertainment during the week.

The local church will pay transportation costs of the two young men for the round trip.

Mrs. Glenn Bushart has returned from a trip to St. Louis.

A committee composed of B. A. Ross, W. P. Burnette and J. B. Watts, county agent of Fulton County has been working diligently to foster interest in the show and indications are that more than 75 animals will be exhibited.

The show is sponsored by the Fulton Chamber of Commerce, who donated \$200 to the premium fund. The balance of the fund is being subscribed to by local businessmen interested in the development of dairy cattle in this section.

The show is not confined to Fulton county, but to the Fulton trade area, which includes portions of Graves, Weakley, Obion and adjoining counties.

The second annual Dairy Show is a dream come true for W. P. Burnette, owner of the Fulton Pure Milk Company, who has devoted many hours of concentrated effort to promote the development of the dairying industry in this area. Working with the youth of the country many of his proteges have won laurels in the raising of fine cattle.

The show will be divided into two classes, one for the members of the Future Farmers of America and the Four-H club members and the other an open show.

LOUISA'S LETTER

Dear Louisa:

I have a problem. I live in California and my boy friend lives in Texas. He wants me to come out there so we can get married. The reason he doesn't want to come home is because he couldn't get the marriage license as he is not of age and his father would have to serve for it. But my folks don't want me to go, they want him to come here.

I am the only girl in the family and am four years older than the boy. We love each other very much. Do you think I should go to Texas whether my folks like it or not?

J. S.—California

Answer:

As the boy is so young, I think you should wait until he is old enough to get a license and can come to your town and be properly married.

If you really love each other very much, you will be able to wait and be true to each other and if not

then you may be sure that you are not so deeply in love as you think.

LOUISA.

Dear Louisa:

I am a single man, 34 years old in fairly good health and employed. I own a house and lot in town and my mother who is past 65 and getting feeble, due to bad health, has to live with me.

Do you think that it is wise for me to marry and require that a wife live with my mother and me. Due to certain conditions that I can't change, I couldn't or wouldn't marry any girl of my present acquaintance here in this town.

Would you consider it a sensible or wise venture to select or marry some one through a correspondence club?

Thanking you I am,
Doubtful—Tenn.

Answer:

I would hesitate to select a wife through a correspondence agency because there are so many people who use such means to cheat and rob unsuspecting people of their homes and money. And even though you hold on to your property, you may become involved with some person you dislike very much and would have to pay to get rid of.

If you don't care for the girls in your own town why not look around in some of the neighboring towns. Haven't you some friends or relatives in some other place who could introduce you to some nice girls?

Or take a vacation in some place where you will meet some nice women. Personally, I should want to see and know something about the girl I married before letting her know my intentions.

You will have to explain about your mother and let your future wife decide if she is willing to marry you under the circumstances.

Good luck,
LOUISA.

Mrs. Ruby Neisler

We are now sweltering in some of the hottest weather our county has ever seen. Too hot to go anywhere or do anything.

Your correspondent visited "The News" on Monday... I was indeed glad to meet the staff of our wonderful little paper.

A bright spot in our school life this year is the fact that Mr. Bruce Cooper has been appointed to the task of Obion County Attendance Officer. We are sure that Mr. Cooper is the man for the job. Having been associated with him in school and P.T.A. work I know some of his wonderful qualities as a teacher, citizen, and neighbor. I am sure the attendance in the Obion County schools will be greatly increased through his untiring interest and effort. To this position we are indeed glad to welcome him.

We are glad to report Mrs. C.E. Hutcheons, who has been quite ill at her home on Church street for some time, as being very much improved and able to sit up for four or five hours a day now.

We regret to report little Charles Hibbs of Church street is not improved.

Floyd Dedmon of Forest Dale reports his father, Tom Dedmon, who has been ill for more than a year is not improved.

Mrs. J. I. Crockett of Glendale suffered a heart attack last Saturday. We hope for a speedy recovery for her.

Mrs. Maud Williams of Forest Dale attended the funeral of Mrs. Hugh Lernt at Chapel Hill last Friday.

Mr. and Mrs. Harry Schupe of Bates street attended the revival at Harris a number of times last week and were guests in the home of Miss Murene Allen and Brother Lewis on Thursday.

Corp. James N. Davidson of Fort Sells, Okla., is spending a twelve day furlough with his mother, Mrs. John Davidson on Taylor street.

Mrs. John Davidson had as her guests for the week end Mr. and Mrs. James Morris and baby of near Fulton.

There is . . . nothing that keeps the heart young like sympathy, like giving oneself with enthusiasm to some worthy thing or cause.—Anonymous.

" . . . Come to the Aid of the Party "

"It's all over but the shouting," the colored folks in the Delta regions would say about the recent Democratic primary.

We are pleased, indeed, to record among the winners, Fulton's own Paul J. Durbin, whose overwhelming majority in the race for railroad commissioner of the first railroad district, astounded even his most optimistic backers. We were not surprised that he won. We are happier, perhaps, because he won on his merits alone, without the backing of any political organization. Paul Durbin won with a jeep and prayer, and the backing of the most loyal, devoted, and enthusiastic group of home folks a man ever had.

We wish we could add to the list of winners, Harry Lee Waterfield. Harry Lee may have been a little too ambitious in his attempts to help the underdog. While his motives were sincere and genuine, it must be remembered that the general public is not always appreciative of the efforts taken in its behalf. He staked his campaign on helping the folks who really needed it, but noble as that might be, he will find, as we have many times before, that it is not always the winning angle. There are bigger things in store for Harry Lee.

But the issue is that he was defeated by a man, who, while we do not know personally apparently has a good record. He is a Democrat and so are most of us in this section of the State. Let's forget the primary issues here and rally to the cause of a Democratic candidate for governor.

Whatever the grievances that may be prevalent against Earle Clements, they are completely overshadowed by the futility of voting for and electing a Republican governor, whose memory will be mighty short when party issues are concerned.

Western Kentucky tried desperately to elect a man from this section to hold the office of governor. It failed. The next best thing is to elect Earle Clements in November.

We can gain nothing, absolutely nothing, by failing to vote for Clements because Waterfield lost. We can gain party prestige by electing a Democrat, whomever he might be.

The lack of votes in this section will only strengthen the position of a Republican vote in other sections.

Think it over. Forget the petty issues. In the real issue, let us be as one.

BASEBALL

(Continued from page One)

son, named Dennis. (Sorry, girls!) Denny and his mother, Helen, are living at Cape Girardeau, and Mr. Musgraves is currently hunting a room in Fulton. The Leavenworth, Kan., team claimed him previous to his signing a Fulton contract. His record there was 4 wins and 1 loss. Best of luck to another new member of the Chick family.

Pechous and Seawright are back in the line-up. Having had time to recuperate properly from injuries sustained on the field, the boys are back in there once more. The Chicks have had really tough luck, lately. Pitchers and catchers just can't seem to make an outfield. They risked ruining their pitching arms to help us, and we really appreciate it. Whitey Lynch, George Wessell, Jim Hardcastle . . . practically every one of the pitchers has played outfield during the past week. Now that we have two regular outfielders, maybe we'll be able to climb up a little higher on the League Ladder.

About twelve years ago, in the Kiddy League, Vern Stevens, now a Major Leaguer, set a record for hitting in consecutive games. He set the mark at twenty seven. This season, Newt Secrest of Hoptown got at far as twenty six. Jerry Majerick and John Proulx, Union City and Madisonville, respectively, each had twenty four. No one had ever tied or broken the record, until Saturday, when Fulton's second baseman, Dutch Gray, went to bat. He tied it, but was unable to break it in the game against Owensboro, on Sunday. Hats off to Mr. Gray; here's hoping he'll start all over again, and break the record this time. You can do it, Dutch!

At Cordyon, Tenn., on Monday afternoon, the Oilers and the Chicks played in a benefit game to raise funds for a playground for children. Before the big event, a barbecue was served to the players of both teams in the school auditorium. At the field, which was strictly sandlot, the townspeople viewed their first professional baseball game ever played in that city. The high school band played its heart out, entertaining the boys during

batting and infield practice. The "concert" was followed by speeches made by the Mayor of Cordyon, the Judge, Baseball Commissioner A. B. "Happy" Chandler, Happy Hogan and others. K. P. Dalton, Ed Hanneppin and Mgrs. Biggs and Browne were called upon, but didn't make speeches. The announcer said they were bashful, but we knew that they just felt sorry for the spectators sitting in the hot sun. It was strictly a scorcher! They got more applause for just that reason. Commissioner Chandler's speech was very impressive. He thanked the boys for playing, and said that they were doing baseball a favor as well as the people in Cordyon. (Which is, by the way, his birthplace.) Chandler pointed out the fact that it was on similar playgrounds where Major and Minor Leaguers got their starts, and that it kept the children off the streets, away from traffic. A playground is a necessity for every town, in my opinion.

Before the game, Chandler had his picture taken by newsmen, on the Fulton bench, talking to Ed Engle and other players. Bat-bay Richard Crutchfield took enough snapshots to fill ten albums.

The game was won by Owensboro by a score of 5-4, but was a moral victory for the Chicks. In the third inning, Hardcastle hit a triple with two men aboard. The score would have been 6-5 in our favor, except that the umpires, Simon and Guglielmo, said that Jim forgot to touch first base. (He was automatically out, and two runs didn't count.) When Big Jim returned to the bench, he said, "Next time I get a hit, I'm gonna sit down on first base to make sure they see me." That, I would like to see!

Mrs. Fred Biggs and daughter, Mary Beth, spent 6 days in Little Rock, Ark., with Fred's parents, to celebrate Mary Beth's birthday. She was two, on August 13th.

In baseball, especially for pitchers, life is most uncertain. "Here today, gone tomorrow" is always feared. You just never knew when that unconditional release is due. Jack Williams, after being suspended for two days to make way for Musgraves, was handed his U.R. on Tuesday. It will be quite a blow to

the other players, for the Chick family had no idea that it was about to happen, this late in the season. Jack, and his wife, "Mike," left Wednesday evening for his home in Louisville. Now that our team is shaping up again, there will be no one to lead the choir in the Victory song, no one to start that "Williams' Fire" in the bull-pen; no one to "wait for the train to come in," with the Peterson's no one to . . . aw gee, we hate to see them leave! They were always so much fun. Jack is expected to give up the game completely, and we don't like that, either. Once baseball is in a guy's blood, it takes a long time to get enough transfusions to get it back out. We know that they are as unhappy about his release as we are, and the News sincerely wishes them all kinds of success in the future. I'll keep you posted about them. Let's not lose contact just because of an old release. In our hearts, they're still members of the Chick family.

There will be no sermon to our "fair weather fans" in this issue. Instead, let me pat other Fulton fans on the back for realizing that our team has been losing because of our make-shift outfield. I have heard quite a few people give the boys credit for doing as well as they have. It sounds good to hear people admit that we have never given up.

Jack Propst was benched for a few games over the week end due to summer flu. We're happy to see him back in position.

That's all for this issue. The Chicks will battle the Oilers at Fairfield on Sat. night. Be there to help the boys get out of the rut, and back onto the road to victory and the playoffs.

Contagiously yours,
GeorgeRoundhouse
Round-Up
By Alice Clark

Well, guys and gals it's Friday again and time for your gossip hound to make that old familiar noise again. Gang, I hate to bother you but I'm all seriousness. We must read our safety books and at all times remain safety conscious. This week let us consider safety rule number 211.

"The foreman or employe in charge must, and other workmen will, as consistent with their work, be alert and watchful, keeping a lookout for approaching engines or cars and give warning upon the approach of engines or cars in time for all to reach a place of safety."

Now let us take a quick look at what's new with the world.

Mr. Charlie Oliver, the sage of the roundhouse, has returned to the fold after a short sick leave. General car foreman W. E. Daws begins his vacation August 16.

Cecil Maddox, coach cleaner, has returned to work after spending his vacation in Fulton.

We wonder why H. G. Mullins, flagman, isn't getting much sleep these days.

Mr. and Mrs. Jess Fields and grand daughter motored to Mayfield (Sunday).

Wonder who it is over on the repair track that just can't seem to stay away from Reelfoot Lake?

A Barnum and Bailey circus train passed through Fulton the other day and aren't you sorry you missed the elephants?

S. H. Haymes, cinder pit man, has gone to Chicago on his vacation. Earnest Newton, our coal chute operator extraordinary, more or less, is a jack of all trades having many and sundry abilities, other than operating the coal chute. He excels as a air bleeder, groceryman, baseball umpire and we've even heard he could milk a cow. However Earnest has rare ability as

an ice man. We heard he dropped a piece of ice the other day, but you know how rumors are.

If you folks won't complain too loudly we'll write up one of our younger boys this week. We mean Billy Dunning our roundhouse laborer and one of the few veterans in the round house force.

Billy Dunning was born Feb. 13, 1926 in Fulton, Ky. He is the son of Mr. and Mrs. W. H. Dunning, one of our local express clerks. Billy attended the city schools of Fulton, graduating from high school in May 1943. It wasn't long after that he went to work for the Illinois Central as a flagman, and worked in that capacity until November. As you folks will remember there was a war or some such thing about then. This of course attracted Billy and he took a leave of absence from the company and joined the Navy November 20, 1943. He served on landing ship, tanks, landing ship, medium rockets. Billy's service was mostly in the Atlantic Ocean touching such countries as England, France, Scotland, Italy and Africa. He was honorably

discharged from the Navy March 26, 1946.

Billy hired out in the locomotive department May 25, 1947 as a laborer, where he has worked until your inquiring reporter interrupted his labor.

Billy married Elsie Randel Dec. 26, 1946 and they have no children.

Mr. and Mrs. Raymond Gambill and son, Micheal took Sunday dinner with Mr. and Mrs. Joseph Gambill of Fulton, also Mr. and Mrs. John Gambill, Peggy and Edith Mr. and Mrs. O'Neal Jones of Fulton, Mr. and Mrs. Moulton Gambill and children of Union City.

Mr. and Mrs. C. B. Caldwell took Sunday dinner with Mr. and Mrs. Hillman Collier.

David Daniel of Fulton spent Monday and Tuesday with Don and Dickey Collier.

Sharon Watts of Springfield community has returned home after three weeks visit with grand parents, Mr. and Mrs. Robert Watts.

Edna Hicks spent a while Sunday afternoon with Joy Taylor.

Mrs. William Roach and son, Joe Cook and Mr. and Mrs. Ivin Hunt of Paducah were week end guests of Mr. and Mrs. Roy Fields and Mrs. J. O. Anderson.

The regulations which forbid the sale of alcoholic beverages to minors are important.

Kentucky's Alcoholic Beverage Industry is wholeheartedly in favor of such regulations. Nobody wants a return to the unwholesome conditions of Prohibition days.

During Prohibition nobody asked:
"How old are you?"

Then, the only question was:
"Do you have enough money?"

We can best protect our young people by preserving our present Legal Control set up. Violations of control regulations should be reported to authorities.

Legal Control is a law-abiding system. Let's keep it that way.

What makes
A SUCCESSFUL TRIP
for you (or your freight)?

Maybe it's prompt arrival at the destination printed on your ticket. Or freedom from weather-worry. Or clean comfort, plenty of elbow room, good food and an opportunity to relax with a book or with fellow-travelers.

Or maybe what's more important to you is the delivery of a new refrigerator, a lawn-mower or a set of dinner dishes.

For whatever makes your trip a success you can thank an item on the Illinois Central's account books—an item that last year added up to 36 million dollars—the amount spent to keep this railroad's locomotives and cars in dependable, smooth-running order.

That's a lot of money. But not too much for a railroad pledged to earn your friendship and patronage by the quality and progressive spirit of its service.

ROUTE THREE

Mr. J. C. Foster

We have been sleeping on a cot, out under the stars these hot unbearable nights. There we have the advantage over our city friends and it is wonderful after a long hot day of cooking and canning. As we gaze upward, we see and realize more fully the great handiwork of God, sometimes we wonder, if our boys in the fox holes or perhaps on rare occasions out under the stars, didn't feel that All Seeing Eye watching over them. They paid the price of our freedom and we slept on soft downy beds, and grumbled if we were denied one luxury. I'm degressing, so will get on with the news.

Mrs. Dean Williams and baby are home from the Jones Clinic. Both are doing fine.

Mrs. Belle McClure spent the past week with Miss Mollie Friendsley and attended Bethlehem revival at Pilot Oak. Several additions, Bro. McMinn held the meeting.

Robert Harp, wife and son returned home after a few days spent very pleasantly with T. W. and Mrs. Weems. They live near Lexington. Their farm joins that of "Happy" Chandler.

Mr. and Mrs. Birch Moon and Mrs. E. G. Lowry spent Wednesday afternoon with Mrs. G. W. Brann and Aunt Mollie.

Jimmie Clement and P. J. Brann went to Latham on business Thursday.

KENTUCKY FARMERS FILE FOR 1947 ACP; SIGN-UP CONTINUED

Pasture Development Extended to Aug. 31

A total of 178,172 Kentucky farmers have filed farm conservation plans for participation in the 1947 Agricultural Conservation Program. M. D. Royse, State Director of the Production and Marketing Administration, announced today as operations under the program were resumed.

The farm conservation sign-up will be continued, Royse said, until every farmer has been informed of the assistance offered under the program.

The State PMA Director pointed out that the time for approval of the pasture development practice under the program has been extended from June 1 to August 31, 1947. The extension was granted, he said, because of the temporary suspension of program operations in May. Pasture development, it was explained, included both new seedings and improvement of established pastures.

No prior approval is required on many of the soil-saving practices under the 1947 ACP, Royse said. These practices include spreading ground limestone on farmland, applying phosphate to eligible legumes and grasses, applying potash to legumes and grasses, seeding winter cover crops, turning under green manure crops, planting forest trees, and harvesting needed legume seeds. Though no closing date is established for approval of stock-water development practices, planting row crops on the contour, terracing land to reduce erosion and land drainage practices, it is required that they be carried out under qualified supervision and approved before payment is made.

At the time of the suspension of ACP operations, Kentucky farmers had ordered more than 193,000 tons of lime and thousands of tons of phosphate through the program, Royse said. These orders are now being cleared to contractors as materials become available, and additional orders are being received at county ACP offices.
