## Little Phoebe

Call the guards, call the police, the FBI, the Army, Navy and Marine Corps. He's lost, he's gone, he may even be hurt.

But little Phoebe just laughed and laughed because she knew that little Sam Trince, that precocious son of Dr. and Mrs. Trince was sitting in the freezing compartment of the refrigerator laughing with Phoebe at all those folks sweating up a storm, too dumb to look in the ice-box where everybody ought to be this hot weather.

### Here For Booster Club Meeting

C. R. Young (left) and R. H. Carter, officials of the Illinois Central Railroad who are in Fulton to be present at the organization of the I.C. Booster Club tonight. Mr. Young is director of personnel for the entire system and Mr. Carter is superintendent of the Mississippi division.

## THINGS TO TALK ABOUT

Coinciding with the first official meeting of the Illinois Central Booster Club, Wayne A. Johnson, President of the Illinois Central Railroad, made the following statement to his vast family of employees.

### Giving More For The Money

In all the welter of advancing prices, one fact stands firm. This is the old assurance—still good—that the man or organization giving the most for the money will outdistance competition and best deserve to succeed. All whims aside, sound value will always be recognized, regardless of the passing monetary figures in which it happens to be clothed. It is always in style, regardless of the dollars-and-cents marks on its apparel.

This we recognize on the railroad by our consistent endeavor to build sound, lasting value and satisfaction into the service we render. We emphasize safety, comfort, speed (within reason), schedules appropriate to our patrons' need, consistently greater freedom from weather interruptions, power that is virtually unailing, equipment tailored to every requirement of travelers or commodities, convenient places of arrival and departure, loading and unloading, financial responsibility for protection from loss or damage while en route, food roadbed, good tracks, good signals, utmost dependability, enduring value built into every phase and fiber of railway transportation.

This is the kind of advancement we railroaders make whenever we have the money to plow back into the business, and as a result we can look our customers, our competitors and our governmental regulators squarely in the eye when the time comes to ask for more money for the service. It is a pleasant feeling to know that sound value is squarely behind the proposal.

And that might be a motto for us all. Despite changing standards of wages and prices, there is always a market for good value. Suppose we concentrate more on what we give for what we get. Then in that case our depleted savings in terms of war bonds, for example, will come back to us ten years after as one-dollar dollars, instead of the 50-cent dollars to which our current inflation has very nearly condemned them.

W. A. JOHNSTON  
President

## FULTON THEATRE TO HAVE 'SNEAK PREVIEW' AUGUST 26; NAME OF MOVIE (?)

If ever, a man was known to keep a secret, with just enough teasing to make you want to tear your hair and hurry the time for its revelation, that's Joe Brown, manager of the local cinema houses.

The secret revolves around a motion picture that will be "sneak previewed" here on Tuesday evening, August 26, at 11 o'clock at the Fulton Theatre.

Conversation with the "beatnik" man you ever saw goes something like this:

Mr. Brown: "Going to have a sneak preview of the finest motion picture ever made."

Reporter: "Really, what's the name of the movie?"

Mr. Brown: "That's why its a sneak preview, can't tell you."

Reporter: You mean you can't have the press know what the name of the picture is. Is it a late movie, is it a reissue, has it played in Memphis?"

Mr. Brown: "Listen, even my staff doesn't know what the picture is going to be. They want to make signs, trailers for the screen and such other things, and I won't tell them what the name of the picture is. Won't anybody know until the picture is flashed on the screen on Tuesday."

Reporter: "Do you mean to tell me that folks will come to the theatre on Tuesday, without even a hint that they will see Mickey Mouse or Henry V."

Mr. Brown: "That's exactly what I mean. But let me add that it is a motion picture that's got something. If the folks who attend the preview like it, we will bring it back for a full run, if not . . . . ."

See what we mean. You'd better be there. If you're like this newshen you'll be there when the movie opens, which we hope will be at nine A. M.

The aims of the Booster Club are:

To meet the needs of business and individuals for adequate and dependable transportation;

To give good service;

To deserve the confidence and good will of our friends and neighbors.

To make our railroad a good place to work;

To secure equality of opportunity to serve and make a fair profit;

To promote the interests of employees and the Illinois Central System.

To night's official organization of the Booster Club is a dream come true for many employees of the company who have worked tirelessly in the interest of such a group.

Principal speaker at the meeting will be B. T. Adams, who will bring a message from Wayne Johnston, president of the Illinois Central.

A door prize of a \$25 war bond will be given and during the evening two \$50 war bonds will be awarded to lucky members and their guests. Refreshments will be served.

A quiz program about railroaders and railroading will be a special feature of the meeting and as prizes twenty silver dollars will be given away.

Important among the Nation's railway centers Fulton is centrally located on the Illinois Central system with trains running in five directions out of the city. It is the icing center for all banana business that is routed through the system. Six streamliners pass through the city, connecting the Great Lakes and the Gulf of Mexico and Chicago and Florida.

During the war there were 65 trains a day passing through the city, irrespective of the dozens of troop trains that passed through daily. At present there are 18 passenger trains and 40 to 45 freight trains that are scheduled through Fulton each day.

The engine house, commonly referred to as the "roundhouse" was built during the years 1918 and 1919 and was overhauled during 1941.

Fulton is next to the largest dining-car commissary on the Illinois Central system; thousands of dollars of supplies are loaded here annually.

Temporary officers of the Booster Club are:

Gene Hoodenpyle, president; H.P. Allen, vice-president; J. A. Bowers, secretary; Bill Getton, treasurer. Mary Alice Clark, is club hostess. Permanent officers will be selected at tonight's meeting.

**What The Other Fellow Sees**

When you think there's nothing for you

In this strange and struggling life;

That you never seem to matter

And there's nothing left but strife,

Just remove this "doubt" within you

To some quiet, shaded brook;  
Let "it" mirror in the water  
Take a long, unbiased look!In a minute you will wonder  
If that vision could be you;  
Why you never looked so down cast  
Nor so full of thunder, too,  
But at last in recognitionYou admit it is your face  
Though you see stamped deep upon it  
Many things you would effect.You just gaze in fascination  
At the real self that is you,  
As it mocks in cynicism  
And repels your good will too.  
But at last your faith's rekindled;  
This old world now seems so good!  
Even song birds sound the sweeter  
As you humbly leave that wood.

## Roundhouse Round-Up

By Alice Clark

Hello, everybody, here we are with the good old Roundhouse Round-up that all railroaders are looking for, did you say it was hot? Well, well it's funny but I will agree with you but mind you just this once. Let me tell you what to do, turn on the fan, draw up that old chair that you enjoy sitting in pick up that favorite paper "The Fulton County News," and turn to the article that they all want to read both young and old "The Roundhouse, Round-up," now start reading.

The safety rule of the week is: Rule 147: "Employees must not sit on footboard or pilot step of standing engine or tender or stirrup of standcar: they must not sit or lie under cars except in the performance of duty."

I hope we are all reading our safety rule books so we will be safety minded at all times, we do not think or realize what it would be like to be blind, footless or armless so let's be careful at all times and when you see someone violating a safety rule let's remind him or her in a nice kind way what they did and how dangerous it is.

Well, I am a little lost this week as I have been on my vacation so in case I leave someone out please don't be mad at me as you should have given me a ring, because lots can happen when a fellow is gone and maybe he will find it out and maybe he won't.

Coal Chute Operator Dick Jones is on his vacation.

Laborer Cornell Cavitt is on his vacation.

Laborer Robert Spivey is visiting in Paducah on his vacation.

H. H. Hamilton Boilermaker Helper on his vacation. Don't know just where Herman is going as he had several passes, one to Cairo, Memphis and one to Chicago so he and his wife intend to sail around while they are vacationing.

Laborer Irvin Ingram has returned from his vacation.

Engine Watchman Steve Haynes has returned from his vacation.

Car Foreman M. E. Daws is on his vacation. Carman Jesse Walker is acting as car foreman until Mr. Daws returns.

Dave Newbern, coach cleaner is visiting in Paducah on his vacation.

Mrs. C. L. Grisson is getting along

nicely in Louisville hospital. She is the wife of car inspector.

Trainmaster E. R. McMahon has returned from his vacation which was spent in Chicago.

J. A. Bowers, storekeeper, M. M. Matlock, general foreman, V. J. Vogel, Jr., roundhouse foreman, T. C. Nelms, traveling engineer, E. R. McMahon, trainmaster, H. A. Rust, train master and M. E. Daws, car foreman attended the farewell party Tuesday night in the Gold Room of the New Southern Hotel at Jackson, Tenn., in honor of Traveling Engineer J. L. Harrington, who is retiring after more than 50 years of faithful service with the Illinois Central. Mr. Harrington's friends in Fulton will hate to see him leave the service but he will always be remembered by the ones who have worked with him and especially by all the firemen and engineers that he taught and believe me that's quite a few. We all hate to see him go, but we all join in and say good luck, Mr. Joe.

Yard Checker L. M. Maxey is spending his vacation at the lake fishing.

Banana Clerk H. S. Newman is spending his vacation with his family in Dyersburg.

Mr. and Mrs. M. T. Callihan have returned from their vacation which was spent on the Pacific Coast and what I can hear was enjoyed from beginning to end.

Well folks, I have selected the following employee as the man of the week, so now here goes. I'm giving you the straight and narrow on what we believe is one of the nicest old fellas on the entire railroad, Charlie Oliver is his name affectionally known as "Baby" among the roundhouse gang. He takes his pension soon and it will certainly be a sad day for your reporter when Mr. Charlie leaves us.

Charles was born December 22, 1880 about five miles from what is now known as Fulton, Ky. Mr. Charlie says it was Fulton then too. He is the son of the late Robert Oliver, farmer and Obion county gentleman.

Young Charlie attended school at the old Brown school, a rural school located between Fulton and Union City. After finishing school at Brown, Mr. Charlie worked for his father around the farm, when he was 24 he married Miss Willy Freeman and that must have been about 19— Oh gosh, where's my slide rule? ah, it was 1914. Mr. and Mrs. Oliver have five children. In the mean time Mr. Charlie moved to Fulton and was hired by the I.C. November 19, 1919, as a laborer. Mr. Charlie has been with us since that date, enriching the friendliness and sincerity of the Illinois Central family. It's sometimes amazing how a man can have a smile for every passer by. Charlie has that ability and after 38 years railroading.

John Mack Travis is visiting his grandmother, Mrs. John Travis, widow of deceased yardmaster.

We are glad to see retired coal chute operator, G. E. Allen out and around after being in Haws Clinic for several weeks.

Laborer and Mrs. P. J. Kocher have had as their guest, Mr. Kocher's father of Detroit, Mich.

We are always glad to see the faces of our retired friends, and we have had two of our boys out to

see us this week. They were Engineer Elmer Woley and Coal Chute Operator G. E. Allen. We want to say we enjoyed your visits and hurry back to see us.

We welcome Charles Bradberry to our Illinois Central family.

Red light is on which means stop, the yellow light is on which means caution, the green light is on which means let's all go Friday night at 7:30 p. m. to the Y.M.B.C. room for a nite of good clean fun which will be enjoyed by both young and old. Come one and come all because this isn't a knock down ball. Yes, there will be refreshments and also cash awards so don't say, I haven't anything to wear, so I won't go, just come right on down in your work clothes, it will be the same as if you were dressed to kill.

Well, so long pals, see you Friday nite at 7:30 p. m.

### Louise Nanny-David Crockett Cook Jr. Pledge Vows In Late Summer Ceremony

A beautiful wedding was solemnized Sunday afternoon at 3 o'clock at the home of Mr. and Mrs. G. L. Nanny, when their daughter, Louise, was married to David Crockett Cook Jr., son of Mr. and Mrs. David Crockett Cook Sr., of Mt. Pleasant.

To form a setting for the ceremony an improvised altar was arranged before bay windows in the living room. Burning white tapers in branched candelabras cast a glow over baskets of white gladiolus and white asters interspersed with greenery, on the altar.

Preceding the ceremony which was performed by the Rev. W. E. Mischke, pastor of the First Methodist church, Miss Nelly Bizzle of Nashville presented a program of pre-nuptial music, which included "Reverie" by Strauss, "Because" by D'Hardelot, "Clair de Lune" by Debussy, and "Leibestraum" which was played during the ceremony.

The bride, given in marriage by her father, was dressed in a street length dress of white crepe, fashioned with a net yoke and sweetheart neckline, long sleeves, and a pleated panel on each side of the skirt. Her half-hat was made of white flowers with a halo of net tied in the back. Her only jewelry was a single strand of pearls, which was given her by her bride-groom. She carried a white prayerbook, topped with a white orchid with satin streamers.

Miss Dorothy Nanny attended her sister as maid-of-honor. She wore a drawn blue silk dress with a draped bodice and skirt, and pink asters in a halo hair arrangement. She carried a loose bouquet of pink asters, tied with pink satin.

Miss Sarah Grisson of Trenton, Tenn., and Miss Dorothy Hall of Dyer, Tenn., lighted the candles. Miss Grisson was dressed in an aqua crepe with yellow chrysanthemums and Miss Hall wore pink print with coral chrysanthemums.

The bride's mother wore black crepe with white gardenias, and

the bridegroom's mother wore black with a corsage of pink delight roses. The ushers were Harry Reams and Fred Jolley.

Webb Askew of Mt. Pleasant served as best man.

Immediately following the ceremony, the bride's parents entertained with a reception.

The serving table was centered with a three-tier wedding cake, flanked by orange blossoms. The table was draped with a lace table cloth, at which Mrs. Woodrow Brown and Mrs. Jonah Bennett served.

The couple left for a lengthy trip to Chicago and Cincinnati following the reception. The bride wore a black silk suit with black accessories and a white orchid.

Mr. and Mrs. Cook will make their home at Mt. Pleasant where Mr. Cook is a junior partner in the Cook Furniture Company.

## Felt Near End of Row Now Praises Retonga

"No One Could Be More Thankful Than I For The Grand Relief Retonga Brought," She States.

"No one can be more thankful than I am for Retonga which brought me grand relief when it seemed I was near the end of my row," happily states Mrs. Annie May Shelly, respected housewife of 1331 West Marietta St., N. W., Atlanta, Ga.

"The distress of acid indigestion took away my appetite until I just forced down a little soft foods but even these caused trouble," continued Mrs. Shelly. "Gas pains in my stomach were so severe that sometimes I felt like I could not

get my breath, I felt high-strung, my muscles ached all over, and I had to keep taking strong laxatives. I sometimes thought I could never enjoy food or rest well again.

"Retonga gave me grand relief after everything else I tried had failed. I eat heartily, sleep soundly, and mornings I feel refreshed and ready for my housework. I have regained ten pounds of needed weight and my muscular aches and pains are relieved along with poor elimination. Retonga is the grandest medicine I know about."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, Vitamin B-1 deficiency and constipation. Accept no substitute. Retonga may be obtained at the City Drug Co., Fulton.

### BASEBALL FORE and AFT

Dear Baseball Fan,

Here's a treat for the Lonely Hearts Club. We've got a really handsome outfielder to report this week. You may have seen him already, but just in case you haven't, here the statistics. His name is Richard L. Guyton. Dick is from Bloomsboro, Md., which is near Hagerstown. He is 21 years old, 6 ft. tall, and weighs 175 lbs. He is also as unattached as the batboy. This is Dick's first year in organized baseball. Heretofore he played at Bridgewater College in Virginia and has played some semi-pro ball. He came to Fulton via Memphis with a "highly recommended" tag on him. Good luck Dick, you have already shown most of the fans that you've got what it takes to make a team player.

Visitors over the week-end were Connie and Joe Buddenberg and son, Joe Jr., of Little Rock, Ark. The Buddenbergs are Mgr. Biggs' in-laws. Joe Sr., tells me that judging from our three games with Owensboro, the Chicks could beat any team in the Southern Association. That's a pretty broad statement, considering our crippled outfield, but it sure sounds good! Thanks Joe.

Owensboro's Frank Boothe has hit eight homers in nine games with Fulton. I wonder if he eats wheaties?

At Union City on Monday night "Alpen Brau" Vaughn, caretaker of the Chicks and the club house, was dressed in a uniform, he's No. 30, which he says just got in from Brooklyn. The boys are kidding him by calling him Jackie Robinson. "Alpen Brau" puts a nickle in each ear during the games for luck. It worked five times in a row and the sixth night he couldn't find any nickles. Next time you're at Fairfield please check up and if he can't find any, please lend him two till the game's over. Goofer dust, nickles... what next?

The number "13" is giving pitcher Whitey Lynch a lot of trouble lately. In Madisonville on Aug. 13 Pitcher King was trying for his 13th victory and Lynch was trying to pass his 13th. His last five tries have been unsuccessful. To make matters worse, 13 is his uniform number.

Hats off to Pitcher Ed Engle who won two games from Owensboro on Sunday afternoon. After going 7 innings against the League Leaders in the first game he relieved in the second game and won that one too. That ain't easy Bub.

George Wessell is Fulton's "boy"

at present. He's the one who relieved Biggs and Musgraves and came out victorious in Saturday night 13 inning game. Owensboro's Casey went the whole route and lost. Manager Biggs deserves a lot of credit for his fine pitching in the first 8 innings of the extra inning contest before giving way for pinch hitter Hal Seawright. Hal came through with a base hit and kept the rally alive for his mates who in the same inning tied the score and then came through with a counter in the 13th to win the game 5-4.

We're back on the Victory Road now. Let's try to stay there. In case we go into the ditch for a game or two don't give up... we'll be in the play-offs yet.

That's all for this week. Keep your eyes crossed so we beat Mayfield and Cario.

Unconcernedly yours,  
George

Miss Noani Williams has returned home after a week's visit with relatives and friends near Union City and Hickman.

Mrs. M. M. Homra and Mrs. Feris Homra of Henryetta, Okla., are the guests of Mrs. K. Homra and family.
